MEMORANDUM

TO: The Honorable Chester J. Culver, Governor

The Honorable Patty Judge, Lt. Governor

Mark Brandsgard, Chief Clerk of the House

Michael Marshall, Secretary of Senate

FR: Raymond E. Walton, Director

RE: FY2010 Diversity and Affirmative Action Report

In accordance with chapter 19B.5 of the *Code of Iowa*, I am pleased to submit the fiscal year 2010 *Diversity and Affirmative Action in Iowa* report. In this report, we measure changes to overall diversity and progress we have made to balance our workforce in FY2010, and provide updates on our diversity-related plans, initiatives, and program changes for FY2011.

In FY2010, the employment level of the executive branch was significantly reduced by the voluntary State Employee Retirement Incentive Program (SERIP). This report reflects the impact of SERIP on the executive branch workforce composition. DAS did not request complete workforce planning documentation this year, requesting instead Affirmative Action and Diversity reporting only. However, departments were prompted to provide any additional information deemed relevant to diversity in their responses.

The Department of Administrative Services (DAS) continues to work with the Diversity Council, created under Executive Order Four in October of 2007, to strengthen our programs. This report presents an update of the activities and progress of the Diversity Council and DAS, along with FY2010 numerical changes to the executive branch workforce.

DAS will continue to monitor workforce composition trends in state government and collaborate with the Diversity Council and the departments to find improved methods to recruit and retain a diverse workforce to serve the citizens of Iowa.

Thank you for your attention to this report and your support of our diversity programs.

SECTION 1:

FY2010 NUMERIC MEASURES (QUANTITATIVE ANALYSIS)

Overview

The executive branch of the State of Iowa has had an affirmative action program since 1986. The program was initiated voluntarily with the goal of balancing the executive branch workforce for protected classes with the available labor force in Iowa. The protected classes include females, minorities, and persons with disabilities.

The affirmative action program consists of two main parts. First are the numerical measurements and calculations necessary to measure the diversity of the workforce to identify imbalances. The numerical part of the program is referred to as the quantitative analysis.

The second part of affirmative action is the methods and actions used to remedy underutilization, such as recruitment, hiring practices, and training. This is referred to as qualitative analysis and methods.

In the past, the Annual Review of Affirmative Action in the Executive Branch of State Government report has included underutilization summaries. This report, however, does not contain such summaries as the methodologies currently used for identifying and reporting underutilization are being re-evaluated in response to Executive Order Four (EO4), the Diversity Council recommendations, and the Governor's October 2009 letter adopting those recommendations. DAS will publish underutilization summaries once it has completed the process of reviewing, evaluating, and making necessary changes to the current Affirmative Action Program. Once the evaluation process is complete, these underutilization summaries will continue to be included in future reports.

As for workforce composition, overall in FY2010, the executive branch has shown a slight decrease in the percentage of females in the workforce, an increase in the percentage of minorities in the workforce, and a decrease in the percentage of persons with disabilities in the workforce:

FY2010 Executive Branch Protected-Class Workforce Composition Change

Protected Class	% end of FY2009	% end of FY2010	% Net Change
Female	51.48%	50.78%	-0.70%
Minority	5.82%	6.14%	+0.32%
PWD	5.26%	4.42%	-0.84%

From February 13 to the end of FY2010, the executive branch lost 2,067 employees due to the State Employee Retirement Incentive Program (SERIP), and 1,985 of those

Section 1

lost were from central payroll, the subject of this report, and the remainder from Community Based Corrections.

Executive Order Four (EO4), issued by Governor Chester J. Culver in October of 2007, remained an important driving force for diversity-related issues in FY2010. In particular, EO4 requires departments to implement hiring practices to reflect the merit principles of Iowa Code sections 8A.411-.412 and enhance diversity under Iowa Code chapter 19B.

It is important to understand the differing roles between the Department of Administrative Services (DAS) and the hiring agencies. While DAS has the authority to establish administrative rules governing recruitment, selection, and hiring, the agencies are responsible for screening, interviewing, and making hiring decisions.

In particular, EO4 requires departments to implement hiring practices to reflect the merit principles of Iowa Code sections 8A.411-.412 and enhance diversity under Iowa Code chapter 19B.

Under EO4, the departments are required to:

- Apply uniform hiring practices.
- Develop and implement a recruitment and retention plan.
- Work with Iowa Vocational Rehabilitation Services to increase employment of persons with disabilities.
- Submit a diversity plan to the Diversity Council to be used by DAS in development of the annual affirmative action plan. The plans shall:
 - Provide information on the agency's hiring and promotion practices, outlining any changes to those practices during the reporting period.
 - Outline the steps taken by the agency to increase diversity by recruiting and retaining a diverse workforce.
 - Outline the steps taken by the agency to train employees on diversity-related issues.
 - Outline the steps taken by the agency to increase diversity among staff in the next year, based on the anticipated number of hiring opportunities and the composition of the current workforce.
 - Describe any other efforts taken by the agency during the reporting period to encourage workplace diversity and celebrate diversity.

Under EO4, DAS is required to:

- Provide or approve diversity training on an annual basis for all state employees making hiring and promotion decisions.

Section 1

- In consultation with the Iowa Civil Rights Commission and the Department of Human Rights, annually monitor the application of the screening methods used by state agencies.
- Assess the impact of screening methods on employee groups in the selection process.
- Counsel departments with regard to selection processes that pose barriers to any applicant group.
- Where systems and methods to gather such data are inadequate, efforts to improve them shall be made.

This report documents both the numerical progress and the methodologies and plans of both DAS and the agencies of the executive branch in the areas of diversity and affirmative action in employment.

Statewide Workforce Composition

Affirmative Action is a system of measurement (workforce composition) and action (methods and activities designed to balance the workforce composition with the available labor force). For the State of Iowa as an employer, this is measured in three identified protected-class categories:

- Females
- Minorities
- Persons with Disabilities

There are other protected classes under the law, such as age and sexual orientation, but the State's affirmative action program was designed to specifically address underutilization of females, minorities, and persons with disabilities.

The State's affirmative action program was designed to eliminate imbalances, or underutilization, in the specific occupational areas and departments where the imbalance reaches a significant statistical threshold. However, this year's report will focus only on the overall diversity of the executive branch workforce as a measure of progress.

FY2010 concluded with an overall reduction in the executive branch central payroll workforce of 2,039 compared to the end of FY2009. This reduction is mostly due to SERIP, which included 1,985 executive branch central payroll retirements. An additional 82 SERIP retirements were incurred by Community Based Corrections, which is not a subject of this report.

The following chart illustrates the impact on diversity of the voluntary SERIP retirement program of the executive branch during FY2010.

TOTALS	18,336	20,375	-2,039			

The percentage of females in the workforce decreased by 0.70 percentage points to 50.78%, but they remain above the Iowa labor force of 47.4%. The percentage of minorities in the workforce increased by 0.32 percentage points to 6.14% and passed the Iowa labor force of 6.03% in FY2010. Among specific minority groups, all groups increased their relative representation in the executive branch except Native Americans. Note that for minorities, their representation in the executive branch increased even though their numbers decreased, because non-minorities retired under SERIP in proportionately greater numbers. From the perspective of this data, the executive branch overall exceeds the Iowa labor force for females and minorities, except for Latinos.

Persons with disabilities decreased by 0.84 percentage points to 4.42%, and they continue to lag the Iowa labor force of 11.8%. It is difficult to set goals in this area because for persons with disabilities, available labor force census data is not available for each Equal Employment Opportunity (EEO) category. A survey of the executive branch workforce has not yet been completed to determine if the number of persons with disabilities is higher due to possible reluctance of self-reporting, or because disabilities in the workforce are only reported upon employment.

EEO Categories and Executive Branch Workforce Composition of Protected Classes

The basis of affirmative action is remediation of imbalances between the composition of the executive branch workforce and the available labor force in specific job categories.

Section 1

To gain a better understanding of executive branch workforce composition it is useful to look at the distribution of employees into job categories representing different kinds of work. All job classes in the executive branch are assigned to specific Occupational Category Codes (OC Codes) that describe specific occupations. These in turn are assigned to one of seven EEO categories:

- 1 - Official/Administrator
- 2 - Professional
- 3 - Technician
- 4 - Protective Services –sworn
- 5 - Protective Services – non-sworn*
- 6 - Administrative Support
- 7 - Skilled Craft
- 8 - Service/Maintenance

* Note: category 5 is obsolete and no longer used.

The following charts summarize the total executive branch distribution of all employees in each EEO category, and then a breakdown by each protected class group for each EEO category, and the net changes from the end of FY2009 to the end of FY2010. Note that while the executive branch affirmative action program does not break down minorities into sub-groups, the breakdown is presented in these charts to provide as much detail about each group as possible.

Workforce Composition Summary

The overall executive branch workforce decreased from June 2009 to June 2010 by 2,039, largely due to the number of employees who participated in the State Employee Retirement Incentive Program (SERIP). While this reduced the number of persons in all categories, the proportionate representation of females, minorities, and persons with disabilities varied. Females lost representation in the workforce by 0.70 percentage points, persons with disabilities by 0.84 percentage points, but minorities gained by 0.32 percentage points in relation to the overall workforce.

Among specific minority groups, all groups increased their relative representation in the executive branch, except Native Americans. However, all groups – except Asian/Pacific

Section 1

Islanders – experienced a net loss in employment numbers in the executive branch, but the relative proportion of minorities other than Native Americans gained because non-minorities retired under SERIP in proportionately greater numbers.

The State continues to make numerical gains of protected-class members in employment.

A breakdown of workforce composition of females and minorities by department in the executive branch can be found in Appendix A.

SECTION 2:

DEPARTMENT OF ADMINISTRATIVE SERVICES FY2010 DIVERSITY/AFFIRMATIVE ACTION PROGRAM RESULTS AND FY2011 PLANS

The Department of Administrative Services (DAS) has a role in diversity and affirmative action as part of its responsibilities under the Iowa Code and Executive Order Four (EO4). This section details the DAS FY2010 plan and progress, and plans for FY2011.

The executive branch was impacted by adverse budgets in FY2010. These impacts included furloughs, approximately 100 layoffs, and the State Employee Retirement Incentive Program (SERIP) that resulted in 2,067 retirements, 1,985 from central payroll. While DAS diverted resources to managing the impact of these workforce changes, DAS continued to maintain a recruitment presence.

1. DAS RESPONSIBILITY: Job Vacancy Posting, Application Intake and Evaluation, and Referral of Eligible Candidates to the Departments.

Specifically, DAS's responsibilities are to:

- Administer the technical application of the BrassRing applicant tracking system.
- Post each department's vacancies to the DAS website for on-line recruitment.
- Evaluate applications to determine if the candidate meets the minimum qualifications of the job class.
- Provide lists of eligible candidates to the hiring departments.

FY2010 Plan

DAS will continue to integrate the use of data into our systems, so that departments will have useful information with which to make decisions.

FY2010 Progress

- *BrassRing System Coding* - Merit covered job vacancy applications and associated data are maintained in the BrassRing applicant tracking system. In the hiring departments, the system is used to track hiring progress by using a series of codes to identify the status of each candidate. Once the hiring process is complete, each candidate is to be assigned a final code. This data must be accurate to effectively evaluate the hiring process. DAS reviewed BrassRing final HR Status codes and

Section 2

disposition form (hiring form) codes for FY2009 vacancies to evaluate data consistency. The agencies were provided reports to identify inconsistencies between final candidate HR Status coding and final hire disposition coding.

This project was interrupted due to staff departure, but will be completed in the second quarter of FY2011.

- *Recall/Outplacement Program Revision* - The Recall/Outplacement program was revised to streamline the eligibility process and tracking mechanism, using the applicant tracking system (BrassRing). This resulted in electronic communication with impacted employees, the departments, and daily status reports for DAS staff. This also enabled DAS staff to generate recall and outplacement eligibility lists through an electronic search, which improved accuracy and timeliness.

FY2011 Plan

- *BrassRing System Coding* - BrassRing HR Status coding review will be completed and additional guidance will be provided to the departments on HR Status coding. DAS will bolster its HR Status coding and hiring disposition form review step within its payroll pre-audit function.
- *Applicant Flow Data* - DAS will finalize reports to the departments that track the progress of protected-class applicants in the hiring process to enable the departments to evaluate their screening and selection methods.

2. **DAS RESPONSIBILITY: Hiring Practices Reviews** – In accordance with EO4, the DAS Employment Services Bureau and Program Delivery Services Bureau are charged with reviewing and reporting on each department's hiring practices.

FY2010 Plan

The hiring practices reviews will be ongoing.

FY2010 Progress

Four additional hiring reviews were initiated in FY2010:

- Department of Education
- Division of Vocational Rehabilitation Services (Education)
- Iowa Public Television
- Iowa Communications Network

Section 2

FY2011 Plan

DAS will complete all pending reviews and issue action items, and will resume the review process in the second quarter of FY2011.

- 3. DAS RESPONSIBILITY: Diversity** – Promote greater awareness of diversity in the executive branch of state government.

FY2010 Plan

- Participate in cultural and diversity-related educational events and encourage participation among the various departments in state government.
- DAS will continue to provide Workforce Composition reports and summaries to maintain diversity awareness of the departments.

FY2010 Progress

- In FY2010, DAS attended and encouraged department participation in the following diversity events:

Events	Date
Greater Des Moines Partnership Multicultural Receptions	Quarterly
Iowa Civil Rights Commission State Fair Booth	August 15, 2009
African American Historical Museum Women's Leadership Conference	September 18, 2009

Section 2

FY2011 Plan

DAS will:

- Participate in cultural and diversity-related educational events and encourage participation among the various departments in state government.
- DAS will continue to provide Workforce Composition reports and summaries to maintain diversity awareness of the departments.

4. **DAS RESPONSIBILITY: Affirmative Action Program** – Provide administration and oversight.

FY2010 Plan

- Monitor each department's workforce composition.
- Collect Diversity/Affirmative Action Plans and Reports from each department.
- Publish an annual summary of plans and progress of the departments.
- Provide ad hoc reports to departments upon request.

FY2010 Progress

- Workforce composition reporting was maintained for each department.
- Currently reviewing and evaluating the Affirmative Action Plan.
- Diversity/Affirmative Plans for each department are currently being collected. They are slightly delayed this year due to staffing issues in many departments.
- Ad hoc reports were requested and provided to several departments.

FY2011 Plan

DAS will continue to review and evaluate the Affirmative Action Plan in FY2011.

5. **DAS RESPONSIBILITY: Recruitment** – Provide leadership, technical assistance and special programs to the departments to encourage commitment and action on recruitment.

FY2010 Plan

- DAS will take a leadership role with department recruitment contacts to coordinate statewide efforts and encourage participation in events identified or sponsored by DAS.

Section 2

- Promote statewide branding through materials and communications.
- Maintain a visible presence for the State at recruitment events and encourage other departments to participate.
- The DAS Recruitment Coordinator will consult with departments on recruitment and retention issues.
- Implement a statewide referral program.

FY2010 Progress

- The statewide recruitment committee continued to meet on a quarterly basis to exchange information and ideas. The DAS Recruitment and Retention Coordinator provided sourcing assistance to agencies on a case by case basis, which included assistance with writing ads, writing vacancy announcements, and consulting on individual recruitment plans.
- Recruitment efforts within the State of Iowa took a more collaborative approach under tighter budget constraints through partnerships with Iowa Workforce Development, Iowa Department of Economic Development, Central Iowa Society of Human Resource Management, the Greater Des Moines Partnership, and various employment and/or community-focused networks. Emphasis was to make the public aware of state job vacancies and educate them on the State’s hiring system, and to brand the State of Iowa as an employer of choice. DAS utilized direct emailing to community organizations, the Department of Human Rights, and the Iowa Civil Rights Commission for distribution of vacancy announcements. DAS also made greater use of social networking job boards, professional association membership list serves, and licensure databases for direct mailings.
- DAS registered on behalf of the State for the following recruitment events in FY2010, and encouraged department participation in these events. DAS also attended eleven career-related recruitment fairs, and eleven networking events targeting potential talent for state jobs.

- The Recruitment and Retention Coordinator promoted and consulted with agency staff on creative and cost-effective recruitment.

Section 2

- The statewide referral program was implemented as part of EO4. Efforts will continue in determining means for measuring overall success of the program.

FY2011 Plan

In FY2011, DAS will continue with the following:

- DAS will take a leadership role with department recruitment contacts to coordinate statewide efforts and encourage participation in events identified or sponsored by DAS.
- Promote statewide branding through materials and communications.
- Maintain a visible presence for the State at recruitment events and encourage other departments to participate.
- The DAS Recruitment Coordinator will consult with executive branch departments on recruitment and retention issues.
- Refine the statewide referral program.

6. DAS RESPONSIBILITY: Persons with Disabilities

FY2010 Plan

DAS will provide leadership, technical assistance, and special programs to the departments to encourage commitment and action on the hiring and retention of persons with disabilities (PWD).

FY2010 Progress

DAS participated in the following committees in FY2010:

- ***Olmstead Consumer Task Force***

This task force functions within the Department of Human Services, Mental Health and Disability Services Division. It exists because of the 1999 Olmstead Supreme Court Decision that mandates the reduction in the levels of institutional care; supports people's return to their homes and communities; eliminates disparities in employment opportunities and pay; improves care delivery; and promotes research. The Director of DAS appointed a DAS employee from the Employment Services Bureau to this task force.

During FY2010, appointed representatives of state departments were expected, at the request of this Task Force, to take on a greater role by serving on subcommittees, assisting with and participating in sponsored events, and providing feedback on legislative initiatives.

Section 2

- ***Americans with Disabilities Act (ADA) Advisory Committee***

The ongoing ADA Advisory Committee functions within DAS. The focus of DAS's involvement is accessibility and parking accommodations for both the public and state workers with disabilities.

- ***Commission of Persons with Disabilities***

The Commission of Persons with Disabilities operates within the Department of Human Rights, Division of Persons with Disabilities. The Commission meets on a quarterly basis and is attended by a representative of DAS as an ex-officio member. The DAS representative participated in the development of the Commission's Strategic Workforce Plan.

- ***Governor's Task Force on Dependent Adults with Mental Retardation***

Governor Culver issued Executive Order Eleven on February 17, 2009, creating a Task Force to examine and to report on the issues related to dependent adults with mental retardation as an effective method to better understand the magnitude of current practices and to effectuate cooperative solutions to the enforcement of applicable laws. The Task Force was required to submit a final report outlining its activities and recommendations for corrective action to the Governor's Office no later than April 1, 2009. Included in the final report was the creation of a new Task Force to further investigate issues, if needed, and to implement recommendations of the original Task Force.

A DAS representative will attend Task Force meetings to discuss the ongoing implementation of changes in Iowa laws, regulations, policies, and procedures related to the care and employment of dependent adults with mental retardation.

- ***Employer's Disability Resource Network (EDRN)***

EDRN is a collaborative group of state, federal and private partners working together to identify, develop, and mobilize resources and services that add value to Iowa businesses hiring persons with disabilities. Their services are free and their mission is to provide businesses and industries throughout Iowa with top-level support, information, and resources through their web portal. A DAS representative participated in the development of their website.

Section 2

FY2011 Plan

DAS will evaluate its participation in the various disability-related committees and focus on those most related to increasing persons with disabilities in executive branch employment. The Governor signed legislation effective July 1, 2010, providing for the development of programs to attract qualified disabled veterans for job opportunities in state government (House File 2454). This bill provides for:

- Development of programs to inform military personnel of job opportunities in state government.
- Development of programs to inform disabled veterans about federally-funded job training opportunities in state government.
- Development of a noncompetitive hiring program for disabled veterans who complete federally-funded job training programs.

DAS will implement this program in FY2011.

7. **DAS RESPONSIBILITY: Diversity Council** – Work with the Diversity Council to implement Executive Order Four (EO4).

FY2010 Plan

DAS will work with the Diversity Council to carry out the provisions of EO4.

FY2010 Progress

Over the course of the fiscal year, DAS engaged in these activities:

- Requested Diversity Plans and information from the departments and completed the *FY2009 Diversity and Affirmative Action Plan and Report*.
- Provided information and support to the council and its subcommittees.
- Coordinated scheduling of council meetings and activities.
- Continued hiring practices reviews of the departments.
- Provided statewide diversity training.

FY2011 Plan

DAS will continue to work with the Diversity Council in FY2011.

Section 2

- 8. DAS RESPONSIBILITY: Diversity Training** – Develop and deliver statewide diversity training.

FY2010 Plan

DAS will deliver its half-day workshop, *Unleashing the Power of Diversity*, to more than 20,000 state employees by December 31, 2009, as required by EO4.

FY2010 Progress

This training was completed. To accomplish this, temporary trainers were added to staff, trained, and sent across the state to deliver over 750 sessions. A spirit of appreciation and valuing a diverse workforce was at the core of the curriculum.

The chart at the end of this section shows the attendance for each diversity-related course offered by DAS in FY2010.

FY2011 Plan

DAS will complete development and begin delivery on a new diversity course for managers and supervisors. Development is currently under way.

DAS will continue to maintain diversity-related course offerings for new employees and other interested parties on an ongoing basis.

As directed in Executive Order Number Four, the Diversity Council has completed its *Report to the Governor*, which we respectfully submit to you and the Lieutenant Governor. We have outlined the Council's work in FY 2010. Please find in the appendix: FY 2009 recommendations progress report.

On behalf of the Council, we appreciate your support of our efforts this past year.

The Diversity Council's Annual Report to the Governor: 2010

Introduction

Executive Order Four affirms the Culver/Judge Administration's commitment to diversity by establishing a Diversity Council, made up of individuals with expertise in diversity. One of the Council's charges is to submit a written report, outlining its activities and progress, to the Governor's Office no later than June 30 of each year. This report will outline the activities of the Council from July 1, 2009, to the present.

Meeting Dates and Subcommittees

In August 2009, the Diversity Council held a strategic planning session to determine its future direction. It was decided that the Council would meet in session every other month in order to allow members time to work in subcommittees.

The Council has met on the following dates in FY 2010:

- 08-26-09 – Strategic Planning Session/Retreat
- 10-08-09 – Regular Meeting
- 11-12-09 – Regular Meeting
- 01-14-10 – Regular Meeting
- 03-11-10 – Regular Meeting
- 04-07-10 – Special Meeting to discuss role of the Diversity Council
- 05-13-10 – Regular Meeting

The Diversity Council created new subcommittees to match its strategic goals for FY 2010.

The Council developed a statement of purpose, which guides the subcommittees.

 - b. Robin Jenkins
 - c. Alba Perez

- 3) Diversity Plans Strategy – Work with departments to increase the quality of their annual Diversity Plans and encourage directors to be accountable for diversity progress in their departments.
 - a. Robin Jenkins
 - b. Alba Perez
 - c. Ralph Rosenberg
 - d. Dinh VanLo
 - e. Ray Walton

- 4) Communications Strategy – Educate the public on the mission, role, and activities of the Council.
 - a. Reggie Jackson
 - b. Ralph Rosenberg
 - c. Miriam Tyson
 - d. Stephen Wooderson

- 5) Organizational Strategy – Review Council membership; establish lines of communication between the Council and the State with regard to recommendations; and create a mission statement on diversity for all of state government.
 - a. Preston Daniels
 - b. Reggie Jackson

In the fall of 2009, the Governor accepted the Diversity's Council's recommendations. Please see the appendix at the end of this report for the progress made on the recommendations to date.

Training Subcommittee

We are pleased to report that at the end of calendar year 2009, DAS-HRE Performance & Development Solutions conducted its 789th session of diversity training. More than 21,000

employees attended across the state. Further, the sessions are offered on a continual basis on the regular training calendar. The Iowa Department of Transportation has included the half-day session in its orientation week for all new employees.

The subcommittee worked with DAS to recommend a new, state-specific course, covering hiring practices and best practices for managers and supervisors. The course will be delivered in FY11 via webinar, and offered multiple times throughout the year. In addition, the course can be delivered as a special session, allowing for customization per agency.

The subcommittee recommended to the Council that it enlist support from the Governor requiring agencies to develop mandatory training plans for each manager and supervisor. The Council accepted the recommendation.

Accountability Subcommittee

To achieve improvement or transformational change, it is important to consistently weave diversity into the everyday operations of every department. The subcommittee has identified five ways to include diversity in the decision-making process in state government:

- Performance reviews need to include meaningful and specific accountability statements to address diversity issues.
- The Diversity Progress Report should become part of the performance review for agency directors and elected officials.
- The State should develop a “trends report” based on the Diversity Progress Report, and provide it to the Council on a quarterly or bi-annually basis.
- “Best Practices Award” should be created for state government.
- Agency directors should be required to attend at least one Diversity Council meeting per year.

Diversity Plans Subcommittee

The subcommittee has a draft of the Diversity Plan format for departmental reporting.

Communications Subcommittee

In October 2009, the Diversity Council in conjunction with Iowa Vocational Rehabilitation Services (IVRS) developed a campaign to serve as the Governor's initiative of identifying the State of Iowa as a disability-friendly workplace. Prior to the end of the 2009 calendar year, IVRS and the Department of Human Rights (DHR), as a part of a national effort, signed on to the Proclamation Recommitment to full implementation of the American Disabilities Act (ADA).

In early 2010, IVRS led a work group consisting of other state departments to deliver an awareness initiative – marketing the current success stories about employees with disabilities in State government. In addition, DAS-HRE has supported efforts to promote, recruit, and retain persons with disabilities.

In late winter and spring of 2010, a consortium of state agencies signed on to a national media campaign, "*Think Beyond the Label*," to dispel the myths surrounding employees with disabilities and encourage employers to see past their biases.

In a previous (FY09) diversity report to the Governor, the Council indicated its plans for a public forum to inform the general public and state employees about Executive Order Four and the Council's goals, accomplishments, and current projects. After revisiting our strategic goals, the Council decided that it would be preferable to distribute a survey to all state government employees to solicit input regarding diversity issues and to determine the level of interest regarding the forum for employees and the greater community. Upon receipt of the survey results, the plan for public forums will be solidified.

Organizational Subcommittee

Acting upon a request by the Organizational Subcommittee, the Diversity Council held a special meeting on April 7 to discuss the Council's role moving forward. It was unanimously agreed upon that the Council remains in current status with the following proposal:

- 1) The Council is in need of a new chair to be appointed by the Governor.
- 2) Expand the role, structure, terms, and membership of the Council.
 - a. Role: Promote, explore, examine, and recommend directions and solutions.
 - b. Structure: Standing Council.

- c. Three-year staggered terms.
 - d. Add to membership roster:
 - A director from a medium and large agency (2)
 - Regents Institution (1)
 - Judicial (1)
 - Legislature (4)
- 3) Create the position of Inclusion or Diversity Officer, who would work in the Governor's Office and report directly to the Governor, Lt. Governor, or the Chief of Staff.
- 4) Encourage directors to attend the Diversity Council's meetings upon invitation from the Council to share department's diversity efforts.

Internal Resourcing

DAS hiring managers and supervisors are encouraged to utilize the DAS Statewide Recruitment Coordinator to assist them with recruitment.

The DAS Statewide Recruitment Coordinator has also introduced a courtesy service of contacting supervisors who have current vacancies that fall into the categories of low levels of diversity in the candidate pool and/or hard to fill job titles. The supervisor is sent an e-mail offering assistance with recruitment. Services offered include the development of advertising announcements, distribution of vacancy announcements to inclusive advertising sources and contacts, and assisting with screening tools and interview teams. This is provided at no cost to the hiring manager.

Employee Recognition

DAS believes that diversity and employee morale are closely related because the retention of a diverse workforce depends on a culture of recognition and celebration of accomplishment. DAS took the following steps in FY2010 to recognize its employees:

Wall of Fame

This program allows DAS employees to recognize one another publicly to show their appreciation for each other's accomplishments or outstanding customer service. Thirteen DAS employees were recognized in FY2010. A brief summary of recognition is placed on a certificate and posted on the bulletin board in the

FY 2010-11 Diversity Progress Plan and Report

main hallway leading to the break area. This program is open to any and all DAS employees.

Over the Top Awards

DAS celebrated and recognized DAS employees who had been nominated for their willingness to go above and beyond the call of duty. A formal ceremony was held on August 23, 2010. Director Walton presided and personally thanked each DAS employee who was recognized, and all DAS employees for their contributions. Pictures from this event can be viewed on the DAS intranet site.

Intranet "Lists"

DAS communicates a number of internal personnel related matters in this section of the intranet site by providing employees access to lists of employees who qualify for catastrophic leave benefits, general announcements, event notices, contact numbers, to help employees improve their use of grammar and punctuation, and guide to internal DAS job opportunities.

FY 2011 Plan

DAS will continue to utilize the above methods and steps in FY 2011. DAS will review its intranet and internet web sites and seek to improve communications and access to diversity related information.

FY 2010-11 Diversity Progress Plan and Report**Section 4****Diversity Related Training**

Outline the steps taken by the agency to train employees on diversity-related issues.

FY 2010 Progress

All DAS employees attended diversity training in FY2009 as required by Executive Order Four through the Performance Development Solutions section of DAS. Additional and follow-up training in diversity related courses in FY2010 included Americans with Disabilities Act, Diversity for Employees, Family and Medical Leave, and Human Relations Skills.

FY 2011 Plan

DAS hiring managers and supervisors will be required to attend the upcoming training for managers and supervisors who have responsibilities for hiring.

All new DAS employees will be required to attend general diversity training.

All new DAS managers and supervisors will be required to attend the manager's version of diversity training.

FY 2010-11 Diversity Progress Plan and Report

Section 5

Hiring Opportunities

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements, and current workforce composition.

FY 2010 Progress

Forty-five DAS employees retired under the State Employee Retirement Incentive Program (SERIP). It is projected that approximately 25 of these positions will be refilled.

FY 2011 Plan

DAS will monitor the composition of the workforce and applicant pool for all DAS vacancies. Each hiring manager or supervisor will review their vacancy with their Enterprise COO to discuss whether the vacancy will be posted internal for promotional hiring, or posted to all applicants. The vacancies created by SERIP suggest that while information technology and human resources are impacted the most, all of the EEO job categories will present hiring opportunities in FY2011.

The DAS recruitment coordinator will follow up with hiring managers and supervisors on an as needed basis.

FY 2010-11 Diversity Progress Plan and Report**Section 6****Other Efforts to Increase Diversity**

Describe any other efforts undertaken by the agency during the reporting period to encourage workplace diversity. If you would like to provide any additional information as an attachment, please identify the topic of the document and a brief summary in Section 7.

FY 2010 Progress

Each year, DAS hosts an all-employee breakfast at the maintenance facility of the capitol complex. DAS believes that bringing employees together on an annual basis will promote more interaction and "put a face" on the diversity of DAS. A special ceremony is held to recognize years of service and employees can participate in bingo if they choose.

FY 2011 Plan

These events are well attended and DAS will host another in FY2011.

HIRING PROCESS

Memo from Bureau Chief/Supervisor to Division Director requesting permission to fill vacancy. Attach current PDQ to memo.

Division Director approves request and routes to Karey Claghorn for final approval.

After approval request is routed to Personnel for processing.

The position is posted internally for 5-day contract transfer. (Non-contract positions are not posted internally.)

If a contract transfer request is not received the information is entered into the Brass Ring (Dept of Administrative Services web based hiring process.) This normally takes 1 – 2 days to process before posting appears.

Vacancy is posted to the DAS and IDALS website. Can be posted for 1) Agriculture Employees Only, 2) State Employees Only, or 3) All Applicants. Agriculture Employees Only would be posted for 5 days. State Employees Only and All Applicants are posted for a minimum of 10 days but can be posted longer if supervisor requests.

After posting expires it usually takes 2 – 3 days to receive the list of qualified applicants. Supervisor will receive the list and any cover letters/resumes received. Supervisor will also receive an email with links to the Brass Ring applicant information.

When reviewing the list received the Supervisor should make special note of whether there are any underutilized columns i.e. a Gender column means the list is underutilized for females. If the hiring list is underutilized the supervisor should address why an underutilized candidate was not hired in the Comment Section of the Hiring Decision Justification.

Supervisor scores/screens applicants. Then adds Vet points if applicable.

Interview top candidates using the same scoring criteria for each applicant.

Fill out Hiring Decision Justification (found on the Intranet) and attach coded vacancy list. The justification is routed through Division Director and then to Karey Claghorn for approval. Only AFTER the justification is approved by Karey may the position be offered to the applicant. However, if you have

requested that the applicant start at anything but the minimum for the position then approval from the DAS/HRE personnel officer must be received before the position can be offered to the applicant. The applicant must accept the position by the list expiration date but the start date can be later to give the applicant time for notice to current employer.

All interviewing information including notes must be kept for 3 years from the end of the state fiscal year at the Bureau level.

HIRING INFORMATION IS SUBJECT TO AUDIT AT ANY TIME.

5. To enforce this policy and the resulting program.

This policy is an integral part of every aspect of personnel policy, procedure and practice including recruitment, selection, placement, salary, classification, advancement, training and other treatment of employees and applicants for employment. It is disseminated and discussed internally and externally and is posted in conspicuous places in the agency (departmental and staff bulletin boards, for example). The Iowa Department for the Blind is an equal employment opportunity and affirmative action employer. The coordinator of program planning and evaluation in the Department's Des Moines central office is the agency official responsible for equal employment and affirmative action compliance.

This Equal Employment Opportunity/Affirmative Action Policy of the Iowa Department for the Blind shall be posted in conspicuous places within each division, distributed to all department employees, chairpersons of this department's advisory and policy-making groups and recruiting sources.

FY 2010-11 Diversity Progress Plan and Report

IOWA DEPARTMENT FOR THE BLIND EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION PROGRAM

JANUARY 1, 1991

SECTION II. PROGRAM

It is the policy of the Iowa Department for the Blind to provide equal opportunity to all employees, applicants and program beneficiaries; to provide equal opportunity for advancement of employees; to provide program and employment facilities which are accessible to individuals with handicaps; and to administer its programs in a manner which does not discriminate against any person because of race, creed, color, religion, sex, national origin, handicap or age.

The coordinator of program planning and evaluation with the Iowa Department for the Blind has ultimate responsibility for the overall administration of the Equal Employment Opportunity/Affirmative Action Program. This includes responsibility for integrating equal opportunity into all parts of personnel and program management; reviewing all policies and procedures as they affect equal opportunity and affirmative action; ensuring compliance with relevant federal and state statutes; and designing and implementing an internal system for auditing and reporting the program's effectiveness to the director of the Department of Personnel.

The director, senior program administrator, program administrators and other supervisory personnel within the Department for the Blind shall have the responsibility for implementing this policy and the Affirmative Action Program within their areas of authority. This includes establishing corrective measures designed to remedy identified disparities in their work force, monitoring the progress made, and reporting the level of accomplishment to the director. All individuals whose duties relate to personnel administration shall be provided training in the performance of those duties.

This Department prohibits discrimination in its employment and services and, as a result, assures that any person who feels that he/she has been denied employment opportunities or benefits because of race, creed, color, religion, sex, national origin, handicap, or age has the right to pursue internal grievance procedures and/or to file a complaint with the Department of Civil Rights. This Department further assures that any person who feels that he/she has been denied participation, representation, or services

FY 2010-11 Diversity Progress Plan and Report

in any program administered by this Department because of race, creed, color, religion, sex, national origin, age or handicap has the right to file a complaint with the Department of Civil Rights or the appropriate federal granting agency.

The Department maintains an internal system for continuous auditing and reporting on its affirmative action program. A complete breakdown of staff by EEO-4 category and protected class is maintained by the coordinator.

Administrative Plan

1. This plan will be implemented by presenting it to the Commission for the Blind at its next regularly scheduled meeting on September 14, 2010 and by releasing it to all Department employees.
2. The responsible EEO AA official for this plan is Bruce K. Snethen, deputy director, Bruce.Snethen@blind.state.ia.us, 515-281-1293.
3. The Department will audit and report diversity issues to the director of the Department for the Blind and, as circumstances may require, reports to the Commission for the Blind at the commission's regularly scheduled meetings.
4. This diversity plan and related communication materials will be distributed to employees and the public at the Department's web site at idbonline.org.

FY 2010-11 Diversity Progress Plan and Report

Section 2	Hiring and Promotion
------------------	-----------------------------

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 progress:

The hiring process usually begins with an internal posting on the bulletin board in the Department, including a Braille version, and a concurrent electronic mail message to all employees regarding the opening. Depending on the results of this announcement and other steps (e.g., requirements of the collective bargaining agreement), the position may be further advertised for non-promotional candidates on the DAS-HRE web site. This announcement is also circulated to organized groups of blind consumers.

When positions are initially advertised the announcement makes clear it is an internal posting. If it becomes necessary to expand recruitment efforts further the announcement will so indicate. The amount of interest expressed by internal candidates is often an important consideration in determining whether to open the announcement to the general public, as is the possibility of transfers occurring pursuant to the collective bargaining agreement. Limited turnover, relative pay scales, and a resulting scarcity of internal candidates often result in opening a vacancy to the general public. In any case, we almost never use a selective certification requirement.

Questionnaires are sometimes used if the volume of applicants is large to obtain more job specific information on candidates' skills than may be evident from the resumes. We use this tool at times to assist in determining which candidates will be interviewed, but it is frequently not necessary.

Most often, two or three people interview candidates simultaneously so that we get multiple perspectives on each candidate. Following a determination by this group as to which candidate is best suited for the job, a second interview with the director (and possibly others) follows. A job offer typically results from the second interview. Unsuccessful candidates are notified in writing and we document the notification. Usually this occurs after a selection has been made and successful candidate has accepted the position in writing.

The screening and selection processes described earlier apply to the department in general. We have not undertaken focused steps pertaining to particular classifications.

FY 2010-11 Diversity Progress Plan and Report

A promotion that occurs as a result of filling a vacant position is subject to the same process we follow when advertising any vacancy.

No significant changes to the above processes occurred during fiscal year 2010.

FY 2011 plans:

Job vacancy announcements will be subject to wider dissemination, including listserv avenues for blind persons, the statewide independent living council, the Department of Human Rights, the Veterans Administration, the rehabilitation counseling programs at Drake University and the University of Iowa, Iowa Vocational Rehabilitation Services, the Iowa Client Assistance Program, the Iowa Civil Rights Commission, and organized blind consumer groups.

The Department currently shows underutilization only in regards to minorities in its work force and only among the rehabilitation consultant classification and in some of the services specialist classifications.

FY 2010-11 Diversity Progress Plan and Report**Section 3****Actions Taken to Increase Diversity**

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 progress:

Messages about the Latino and Asian heritage festivals have been circulated to employees. The Department has also sponsored interested employees' attendance at the Iowa Mosaic conference in Ames. A wellness committee was also begun in 2010, thanks to the initiative of employees at the Department. All recent new hires who have not attended other Department-sponsored diversity training have been scheduled to attend PDS course GI-450 "Unleashing the Power of Diversity." The Department's responsible EEO/AA official asks others involved in hiring decisions about the presence of minority candidates in job interview pools. Some regression in ethnic diversity occurred in 2010, due to several retirements that also cost the Department valuable expertise.

FY 2011 plans:

The Department will continue recent actions described above. Several hiring decisions are anticipated in 2011. The Department will continue to enroll new hires in diversity training as course schedules permit.

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 progress: The Department reviewed employee training records related to diversity and, as described previously, arranged for those hired since the last general diversity training effort to attend the referenced PDS course. The Department also used training funds to register employees expressing an interest in other diversity related training to attend.

FY 2011 plans: The efforts described for 2010 will continue. New supervisory personnel will also be scheduled to attend training appropriate to their job duties.

FY 2010-11 Diversity Progress Plan and Report**Section 5****Hiring Opportunities**

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 progress: As described in section three, several retirements during a time of relatively limited hiring resulted in the loss of some ethnic diversity among employee ranks in 2010.

FY 2011 plan: As referenced near the end of section two above, expanded efforts to circulate job vacancy announcements will be for the purpose of attracting a more diverse population of candidates. More hiring is definitely expected in 2011 than was possible in 2010.

Agencies must provide an update of their annual diversity plan and submit to DAS and the Diversity Council by **July 31st**. Plans shall be written and contain goals and time specifications related to personnel administration.

Affirmative Action Statement signed by the appointing authority

The State prohibits discrimination in its employment policies and practices on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability, and is an equal employment opportunity and affirmative action employer.

Administration

1. Statement declaring how your policy will be implemented: **ICRC, as a small agency, is able to implement all policies with direct, face to face direction and electronic reminders. Since ICRC has not been under utilized for many years and since ICRC has not been able to hire FT staff for a number of years, the policy is to maintain diversity, while seeking ways to increase training and management options for a more diverse workforce.**
2. Name, job title, and work location of the responsible EEO AA official: **Ralph Rosenberg, Executive Director. ICRC has only one location, at the Grimes Building.**
3. Describe your internal system for auditing and reporting diversity issues:
 - a. **Monthly review by director of DAS reports with informal management team. With no FTE hires since 2008, the diversity 'recruitment' has been focused on expanded training of current staff and recruitment of volunteers and interns, as well as providing opportunities for management style training and advancement(conferences, back-up federal agency contacts, etc.).**
 - b. **With the small size of the agency, diversity issues are brought to the attention of the Executive Director.**
4. Indicate how your diversity plan and related communication materials are distributed to your employees and the public and provide any links to your web site or attach a copy of supporting documentation: **ICRC does advertize in the Bystander and El Comunicado and has done so for a number of years. ICRC also has purchased ads in Spanish speaking small town papers. ICRC has worked to create PSA's, most recently focusing on disability. The nature of our work dictates that "all we talk about" is diversity.**

Agency Diversity Plan for FY 2011 and Progress from FY 2011

Provide a brief summary for each item, indicating your progress in FY 2010, and your plans for FY 2011.

1. Provide information on the agency's hiring and promotion practices, outlining any changes to those practices during the reporting period. **With no full time hires since 2008, the policy has not changed. With one anticipated hire in the fall of 2010, the policy was reviewed. ICRC will continue with a racially diverse interviewing panel, as implemented prior to 2008 hires.**
 - a. **ICRC also recruits racial and cultural minorities at the law schools, especially Drake.**
 - b. **Through the VISTA program, ICRC is able to also reach racial and cultural minorities.**

FY 2010 Progress—**No change. No hires since 2008.**

FY 2011 Plans—**We anticipate one FTE hire. We have reviewed and placed the listing on Brass Ring. We will continue aggressive, widespread public distribution of the job vacancy. We carefully reviewed the job description and hiring process.**

2. Outline steps taken by the agency to increase diversity in the department by recruiting and retaining a diverse workforce;

FY 2010 Progress—**With no ability to hire FTEs since 2008, progress was made in different ways. Constant attention was made to recruitment of racial and cultural minorities and PWDS through volunteers, interns, and VISTAs. We constantly approached staff, who are racial or culturally minorities, to assume greater informal management involvement, as a way to train for potential advancement.**

FY 2011 Plan—**Continued attention. We anticipate one FTE hire. We have reviewed and placed the listing on Brass Ring. We will continue aggressive, widespread public distribution of the job vacancy. We carefully reviewed the job description and hiring process.**

3. Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress –**Daily through our work. During the last year, we had training by Russ Lovell, Ako Abdul Samad (on cultural competency and race), and the Great Plains ADA staff. Staff have also attended HUD, EEOC, and RECCR trainings, including out of state training paid for by federal dollars. Additional effort has been**

exerted to insure that this training was made available and used by a diverse representation of ICRC staff.

FY 2011 Plan We will continue with staff attendance. Most recently 3 staff were funded with federal dollars to attend HUD training.

4. Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities and current workforce composition;

FY 2010 Progress—continued aggressive recruitment. (only one hire expected, tho)

FY 2011 Plan—Again, ICRC only has one hire for this FY. Aggressive recruitment and continuous review of job description and essential job function will help insure no disparate impact.

5. Describe any other efforts undertaken by the agency during the reporting period to encourage workplace diversity and celebrate diversity.

FY 2010 Progress – By nature of the training conducted by ICRC (ICRC’s trainer conducted 130 workshops before 2700 people) , thousands of lowans are encouraged to expand opportunities for a diverse workforce.

The Director’s membership on the Diversity Council and on several of its sub-committees on agency plans and communications helps insure other state agencies will similarly support diversity efforts.

FY 2011 Plan—ICRC coordinated statewide ADA celebrations, which including free training for employers on recruitment and working with people with disabilities. ICRC created a website with information on what cities can do. ICRC participates in outreach events at the State Fair, and individual groups’ annual events, like Juneteenth day, Mosaic and others. It is estimated the ICRC reaches over 20,000 lowans annually.

Preference will be given to minority applicants when all other qualifications are equal.

A copy of the Commission's Hiring Policy is attached beginning on page 11.

The Policy has been modified to include notification of job postings to the Iowa Department of the Blind, the Division of Vocational Rehabilitation Services of the Department of Education, and the State Recruiting Coordinator.

FY 2010 Progress

Hiring Supervisors have been updated on the need to follow the Hiring Policy and are more informed about the need to maintain hiring records.

FY 2011 Plans

Hiring Supervisors will be required to support the management liaison in all efforts related to recruiting.

FY 2010-11 Diversity Progress Plan and Report

Section 3	Actions Taken to Increase Diversity
------------------	--

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

The Commission hired only two individuals during FY 2010. In both cases, additional points were given to applicants with disabilities or who were veterans. Ethnicity is not taken into consideration in the initial review, as it is difficult, if not impossible, to identify ethnic diversity through the review of paper applications.

FY 2011 Plan

During FY 2011, the Commission will provide copies of all job postings to the Iowa Department of the Blind and the Division of Vocational Rehabilitation Services of the Department of Education. In addition, the Commission will seek assistance from the State Recruiting Coordinator at DAS to ensure that a diverse group of applicants is encouraged to apply.

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

The Commission's Employment Practices and Hiring Policy has been provided to all employees.

The Commission has published Office Work Rules which deal with professionalism, positive attitude, respect, stewardship, communication, integrity, personal and professional growth, and safe environment. All employees are required to uphold these "shared expectations".

FY 2011 Plan

Diversity training topics will be included in quarterly staff meetings.

The Executive Director and Management Liaison will discuss diversity issues with all supervisors prior to approving any new hire.

All employees will continue to be expected to abide by the agency's published Office Work Rules.

FY 2010-11 Diversity Progress Plan and Report

Section 5	Hiring Opportunities
------------------	-----------------------------

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress

Because of the minimum number of hires during FY 2010, little progress was made to further diversify staff.

FY 2011 Plan

The Commission does not plan to replace the four employees who retired under SERIP. However, approximately 5 new employees will be required under federal grants expected to be awarded to the Commission during FY 2011. As already indicated, the Commission will provide copies of all job postings to the Iowa Department of the Blind and the Division of Vocational Rehabilitation Services of the Department of Education. In addition, the Commission will seek assistance from the State Recruiting Coordinator at DAS to ensure that a diverse group of applicants is encouraged to apply.

1. How your policy will be implemented:

Our current recruiting efforts will be continued including visits to major college campuses in the state, and advertisements both on-line and in a newspaper of general circulation within the state. We encourage applications from all interested parties on an on-going basis via our website and those applications are retained for 12 months to be included in a review of candidates should an opening occur.

Our Professional Licensing Bureau uses the Brass Ring system.

FY 2010-11 Diversity Progress Plan and Report

3. Describe your agency's system for auditing and reporting diversity issues:

Management endeavors to set a tone wherein employees feel free to communicate any questions or concerns regarding diversity issues. At IDOB, our most evident kind of diversity is the widening age gap and thankfully, everyone is respectful of everyone else. We attribute this, in part, to the teamwork and travel which are part of the life of an examiner. We are lucky enough to have an average tenure of 17+ years in the Banking Division and people really get along quite well.

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

Monthly web based training began in September, 2009. In June, 2010 a statewide event was held with all employees in attendance. The diversity portion of our agenda included a brief video, a small group exercise and a large group discussion afterwards. People participated openly and have said they learned a lot from the exercises.

Here is a snapshot of our Share Point Training Website where we post Diversity exercises:

FY 2010 Progress

Applicants for the Banking/Regulated Loan Division are pre-screened using the documents submitted with regard to GPA (if applicable); previous work experience; and overall professionalism presented with the application and/or cover letter. All applications and resume's are read through and screened using the same criteria regardless of ethnic origin; gender; age or disabilities. The Professional Licensing Bureau has always utilized the Brass Ring system.

FY 2011 Plans

Our current recruitment efforts ensure all persons who are interested in applying for an open position may do so and we will continue with that process.

The Professional Licensing Bureau uses the Brass Ring system and will continue to do so as well.

Section 3

Actions Taken to Increase Diversity

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

Minority candidates historically have been reluctant to accept employment opportunities based in rural communities, instead they were interested only in the metropolitan area of Des Moines, where very little turnover is experienced.

FY 2011 Plan

The Banking Division overall encourages applications from all areas of the population we serve. We will continue to recruit actively at all college campuses and utilize the Brass Ring system for the Professional Licensing Bureau.

FY 2010-11 Diversity Progress Plan and Report

Section 4

Diversity Related Training

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

Monthly training was done individually with completed worksheets submitted to the diversity coordinator. One face-to-face session was held with all employees in attendance. That session included a video presentation, lecture, small group discussion and a large group discussion with all staff participating.

FY 2011 Plan

We plan to continue with on-going exercises assigned and completed with at least one face-to-face session again next year. If the travel budget allows, there may be some regional face-to-face sessions done at locations around the state.

Section 5

Hiring Opportunities

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress

The Banking Division had only one person who took advantage of the SERIP program. This person retired from the Professional Licensing Bureau and will not be replaced at this time.

FY 2011 Plan

The Banking Division overall encourages applications from all areas of the population we serve. We will continue to recruit at college campuses and utilize the Brass Ring system for the Professional Licensing Bureau.

We anticipate at least one retirement during FY 2011 and will promote from within for this Regional Manager position.

------------------	--

Describe any other efforts undertaken by the agency during the reporting period to encourage workplace diversity. If you would like to provide any additional information as an attachment, please identify the topic of the document and a brief summary in Section 7.

FY 2010 Progress

People have been encouraged to participate in the on-line courses and again encouraged to share their thoughts and views openly within those exercises. A few have voiced concerns of the fear of “big brother” judging them based on answers submitted. We have given assurances that these efforts are to raise awareness and intended to be non-threatening. For the most part, however, people have been willing to participate.

FY 2011 Plan

We plan to continue with the current structure, and possibly add more face-to-face training in the current fiscal year.

Section 1	Policy Statement and Administrative Plan
------------------	---

Policy Statement

The State prohibits discrimination on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability in its employment policies and practices and is an equal employment opportunity and affirmative action employer.

Please insert any additional statements of policy or commitment to achieving and maintaining a diverse workforce in your agency: The Dept of Corrections has a policy specifically addressing Affirmative Action that is distributed statewide to all DOC staff at the prisons and central office.

Administrative Plan

1. How your policy will be implemented: By statewide distribution of DOC policy to all prisons and central office, which specifically addresses affirmative action and equal opportunities for all.

2. Name, job title, and contact information for the responsible EEO AA official:
Michael Savala, General Counsel, (515) 725-5715.

3. Describe your agency's system for auditing and reporting diversity issues:
Every hire within the DOC is reviewed and approved by the DOC HR Director and the DOC AA Officer to ensure fair and equitable hiring practices. Institutions must fill out two forms that are sent to Central Office for review and approval by the Director of Human Resources and the EEO/AA Officer. The first form requires that each applicant be listed, gender, minority, disabled, state experience, private-sector experience and their total score along with a written justification for the top candidate being offered employment. The second form requires the institutions to list how many applicants of a protected class were on the certification list from the Department of Administrative Services, how many were contacted for an interview, how many responded with an interest in

FY 2010-11 Diversity Progress Plan and Report

interviewing, and how many actually showed up to interview. The Form also requires a listing of the EEO job category to compare with the list promulgated by the Department of Administrative Services to determine what underutilization exists within each specific job classification.

Prisons report job class hires and separations each month to track trends in underutilized employees.

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation: The DOC has enhanced its website within the past year to include more information on hiring opportunities and open job classes. For example, each prison lists job openings on the DOC website: www.doc.state.ia.us, in addition to posting with Dept of Administrative Services. The DOC has a specific operational policy addressing Affirmative Action – see attached DOC policy AD-PR-32.

The DOC also developed a recruitment brochure – see attached brochure, which is used for recruiting a diverse employee-base. Each prison has an Affirmative Action committee which meets to discuss diversity efforts at each prison. In addition, a member of each prison's Affirmative Action Committee attends recruiting venues to attract a diverse employee base where our DOC recruitment brochure is handed out. The recruitment brochure directs all applicants to the revised DOC webpage for more information about a career with the Iowa Department of Corrections.

Each new DOC employee receives diversity training. All current DOC employees receive a mandatory 2 hours of annual diversity-related training.

FY 2010-11 Diversity Progress Plan and Report**Section 2****Hiring and Promotion**

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress

Employee hiring is in accordance with Iowa Department of Corrections Policy and Procedure AD-PR-05 – Employee Selection, which is updated annually.

All vacancies DOC are open to all applicants; none are limited to current DOC employees and/or current state employees.

Each institution independently posts specific vacancies for Correctional Officer positions on the DAS-HRE web based applicant system, BrassRing. This facilitates real time applications at a particular correctional facility with vacant positions to fill. Previously, the Correctional Officer class was continually open for application which meant applicants were applying for positions that 'could' be available at one of nine correctional facilities at 'some time' in the future.

FY 2011 Plans

Review and if necessary, revise Iowa Department of Corrections Policy and Procedure AD-PR-05 – Employee Selection, according to the response and needs of the institutions.

Continue open vacancies to all applicants.

Section 3

Actions Taken to Increase Diversity

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

- DOC needs to undertake recruiting. We can no longer expect for job candidates to seek us out. The job market has become very competitive and we need to market the DOC as a great place to work and to have as a career.
- DOC needed to develop, and has developed, a consistent recruitment brochure. Each of the nine prisons around Iowa was sporadically attending job fairs with no consistent theme or brochure.
- DOC needed to, and has developed, a job applicant contact card for use at job fairs. We needed to realize the DOC might not have a job opening when attending a job fair. A contact card was developed, so that we could enter potential job candidate information into a statewide database that all prisons could utilize when a job vacancy occurs. The contact card is voluntary for job applicants to complete.
- The statewide database was developed by DOC IT staff. Whenever our staff attend a job fair, they are responsible for coming back and entering the contact card information into the database. The database has searchable fields. For example, if we have an opening for a nurse, the database can be searched for only those candidates with an interest in the medical field.
- DOC needed to, and developed, a recruitment video which provides an overview of all nine prisons and various staff performing their jobs. We wanted to dispel the myth that we only employ correctional officers – we also employ accountants, doctors, electricians, food service, psychologists, etc... The video will be shown at job fairs and speaking engagements.
- The DOC recruitment video will also be shown on the DOC Webpage, so that members of the public who are interested in a career with us can get an overview of who we are and the type of work we do.
- The DOC has all job vacancies posted on our Website in addition to the jobs being listed on the DAS website.
- The DOC purchased recruitment display material for use at job fairs for a consistent presentation by all institutions. The backdrop is picture of current DOC staff – see attached photo.
- Selling points such as loan forgiveness on Perkins Loans for Correctional Officers, loan forgiveness for Nurses in Iowa and federal loan forgiveness for working at a public agency are being included in our recruitment brochure and the DOC Webpage.
- We have compiled listings of all job fairs/college visits with a high proportion of minority enrollment to further impact targeted recruiting. This list will be shared with the Director, Executive Staff and Wardens, so the DOC has a consistent recruiting plan and everyone knows where we will be attending and which staff will be in attendance. Prior to this, there was no centralized coordination of where institutions were going to recruit.

FY 2010-11 Diversity Progress Plan and Report

- Institutional EEO/AA committee members will be attending job fairs/college visits to show that we employ persons of color and to give prospective job applicants an opportunity to personally visit with an employee of color.
- DOC policy has been amended to require that institutional EEO/AA committees be comprised of all job classes. Prior to this, we had a shortage of some job classes and this impacted our ability to send them to specialized job fairs such as medical career job fairs.
- Statewide DOC EEO/AA committee members have met with the following constituencies in order to collaborate and expand our recruitment outreach:
 1. Jill Avery Futano, Administrator for the Division of Person with Disabilities. Maintains an Iowa Disability Listserv to assist with getting word out statewide on job openings in DOC.

Preston Daniels, Director of the Department of Human Rights, Abraham Funchess, Administrator for the Division on the status of African-Americans, Kathryn Buamann-Reese, Administrator for the Division of Deaf Services, Cyndi Chen, Administrator for the Division of Asian & Pacific Islanders, Charlotte Nelson, Administrator for the Division on the Status of Women, and the Administrator for the Division of Latino Affairs. This meeting focused type of services they can offer, contacts and free training that is available. **Action Plan:** The Dept of Human Rights has placed our DOC web link on their internet homepage directing job seekers to DOC job openings:

<http://www.humanrights.iowa.gov/>

2. The DOC recently met with the Iowa Dept. of Human Rights to advise of the Correctional Officer positions and sent a job flyer – see attachment, which has been sent out electronically by all of the umbrella organizations within the Dept of Human Rights to their list serves.
3. Steve Wooderson and Barb McClanahan from the Department of Vocational Rehabilitation Services. **Action Plan:** All DOC job openings are sent to Barb McClanahan, who then disseminates statewide in addition to sending along to the Department of Blind and the Veterans Administration. Communication plan between Barb McClanahan and Michael Savala from the DOC on each potential disabled job candidate that is referred to the DOC and how they scored in the interview process. This process helps to notify DOC of disabled job candidates and allows Voc Rehab to notify their clients of how they did in the interview process. The Iowa Department of Vocational Rehabilitation Services also sent the correctional officer job flyer out electronically to the following:
 - a) Department for the Blind
 - b) Veterans Administration
 - c) Iowa Workforce Development
 - d) Small Business Administration
 - e) Social Security Administration

FY 2010-11 Diversity Progress Plan and Report

- f) Goodwill Industries
 - g) Great Plains ADA Center
 - h) 14 area offices of Iowa Vocational Rehabilitation
4. DOC has met with Joe Ellis, from the Department of Administrative Services. Mr. Ellis reviewed the history of Affirmative Action and how the subject matter has evolved through the courts to today's law and executive orders. Mr. Ellis also explained how AA goals are established and the impact the goals are intended to having on DOC hiring.
 5. The DOC has met with staff from U.S. Senator Tom Harkin's Office to fully understand the federal law related to student loan forgiveness programs for employment as a correctional officer and/or public sector jobs. This information will be utilized at job fairs and general recruitment.
 6. The DOC had a presentation by the Iowa College Student Aid Commission to fully understand the *Registered Nurse and Nurse Educator Loan Forgiveness Program*. This information will be utilized at job fairs and general recruitment.
 7. The DOC is a member of the Statewide Strategic Recruitment group organized and led by Ms. Robin Jenkins, Statewide Recruitment Coordinator with DAS. Members also include DPS, DHS, DOT, and DNR.

About The Department

The Department of Corrections is a public safety agency within the executive branch of state government charged with the supervision, custody, and correctional programming of convicted adult offenders who are sentenced by the state courts for a period of incarceration in state prisons.

Iowa's adult correctional system carries out its charge of protecting the public through a continuum of evidence-based services and interventions. This continuum of offender services is designed with recognition of the ultimate release of most offenders. The effective and efficient management of offenders in accordance with their risk and criminogenic need (those needs that contribute to criminality) is accomplished through targeted programming, release preparation, and transition services back into the community.

The Department operates 9 Prisons, 10 Prison Farms, and 23 Community-Based Correctional Facilities. We employ 3,000 staff at the prisons, which are responsible for the supervision, custody and treatment of approximately 8,500 offenders.

DEFERRED COMPENSATION

Deferred compensation is a long-term savings program emphasizing preparation for financial security during retirement years. You may elect to defer a portion of your income each month into a variety of savings programs. This money is not subject to state or federal taxes until withdrawn.

AUTOMATIC DIRECT DEPOSIT OF PAYROLL CHECKS

The State offers automatic direct deposit of your payroll check into an account at the financial institution of your choice.

CREDIT UNION

You are eligible to become a member of Community Choice Credit Union and may elect to join through payroll deduction. Applications for low-interest loans may be made to the Credit Union if you have been a state employee for at least six months.

EDUCATION AND TRAINING PROGRAMS

The Department provides a five-week training program for all new employees who work with offenders. In-service training is provided to all employees and there are opportunities to take advantage of training programs away from your institution.

MEALS

Institution employees are provided a free mid-shift meal at each institution.

UNIFORMS

Uniforms are provided for those employees required to wear them. Uniforms include appropriate outdoor wear when required to perform your duties.

SAFETY EQUIPMENT

Safety equipment appropriate to your job duties will be issued where required.

PERSONAL PROPERTY LOSS REIMBURSEMENT

If your personal property is damaged in the performance of your duties, you may be reimbursed for that loss up to a set amount.

EMPLOYEE LIABILITY PROTECTION

You have liability protection while performing your duties unless you are purposefully negligent or intentionally act in a wrongful manner. This protection includes legal representation and payment of any financial damages that may be awarded.

EMPLOYEE ASSISTANCE PROGRAM

A counseling/evaluation program is available for any employee or family member with problems that may be interfering with successful job performance. Initial assessments are available at no cost and ongoing services are available at sliding scale fees.

IOWA PRISON INDUSTRIES

State employees may purchase the following products and services through Iowa Prison Industries at a moderate cost: soap products, printed products, metal signs, furniture, clothing, custom woodshop products, and upholstery services.

IOWA DEPARTMENT OF CORRECTIONS EMPLOYEE FRINGE BENEFITS

VACATION

Length of employment with the State determines the amount of vacation leave earned, as follows:

0-4 years = 10 days per year	20-24 years = 22 days per year
5-11 years = 15 days per year	25+ years = 25 days per year
12-19 years = 20 days per year	

Some contract-covered employees earn vacation in a somewhat different manner.

SICK LEAVE

Paid sick leave is accumulated based on the sick leave balance and bargaining status. No maximum. Employees may exchange unused sick leave hours at the hourly rate up to a maximum of \$2,000 and for payment of health insurance premiums upon retirement. Permanent employees who have earned 240 hours of sick leave may elect to exchange a specific amount of sick leave for 4 hours of vacation each month in which they do not use any sick leave. This allows an employee to earn an additional 6 days vacation per year. Sick leave may also be used to care for family members who are ill or injured, to attend funerals of family members, and to serve as a pallbearer.

HOLIDAYS

Currently there are nine paid state holidays each year. Due to staffing needs, many employees are required to work on holidays but will receive holiday pay or time off for working a holiday.

INSURANCES

Health insurance is available to each full time employee. Coverage for family members is partially paid by the employee. Various plans and premiums are available. Married couples both employed by the State of Iowa are eligible for reduced premium rates on family coverage.

Single and family dental coverage is available. The State pays the cost of a single plan, but you may purchase family coverage.

The State of Iowa provides \$20,000 free life insurance for each employee. You have the option to purchase additional term life insurance.

The State provides disability insurance at no cost to the employee after one month of employment with benefits based on disability and length of service.

You may choose to pay your portion of health, dental, and life insurance premiums or the care expenses for a dependent child or adult with salary dollars that are not subject to federal or state income taxes or social security taxes.

IOWA PUBLIC EMPLOYEE'S RETIREMENT SYSTEM

Starting with your first paycheck, it is mandatory that a percentage of your gross pay be deducted from each check. The State also contributes a percentage for your retirement program. If you leave state employment, the portion that has been withheld from your paycheck plus any accumulated interest is refundable to you. The money may be left in IPERS if you leave employment before the age of 55 after four years of service or retire at age 65 with less than 5 years of service. Upon retirement, you are eligible to receive a monthly benefit based on the accumulated contributions paid by you and your employer or take a lump sum payment. Employees in protected occupation job classes may retire with full benefits at age 55 if they have 22 years of service.

WORKER'S COMPENSATION

Medical and hospital expenses are paid for injuries or illnesses incurred while on duty.

Affirmative Action – Preferential Underutilization – Persons with Disabilities

Key Points -

Measures	FY2010 Data*	FY 2011 Goal**
48. Workforce Aggregate	6	If DOM and budget allows hiring, will make every attempt to consider candidates in underutilized class areas if able to fill positions.

* Use *Number Remaining Towards Goal* data from end of third quarter FY 2010 Quarterly Tracking Report. Note that persons with disabilities are either underutilized for your agency or they are not. There is no breakdown by EEO-4 category or job classes within the EEO-4 categories. Total underutilization for persons with disabilities will be found on the Total line of the report.

** A numerical goal for persons with disabilities should be based on any hiring opportunities anticipated for FY 2011.

Phase 2.c – Assess Gaps and Devise Strategies

Identify and prioritize gaps (imbalances or differences) from the trends that impact your workforce in the following four core areas. Which gap(s) causes the greatest concern to your agency's mission objectives? For Affirmative Action Issues, strategies should be specific to eliminating underutilization as reported in Phase 2.b. *Gaps – imbalances or differences that impact your workforce.*

Key Points -

Workforce Stability Issues	Workforce Stability Strategies
Issue 1: expected high level of retirements in the next 3-5 years: concern about uninterrupted levels of service, continuity of programs, and transfer of knowledge in general	DCA has structures in place to be able to respond with a high level of expertise and continuity of service to cultural, historic, and arts needs in Iowa even as workforce changes occur by June 30, 2011.
Issue 2: lack of flexibility in state regs & policies related to time recording, employee evaluation, etc, that makes state out of sync with needs of a multi-generational workforce	
Diversity Issues (General Culture)*	Diversity Strategies
Issue 1: very little ethnic & cultural diversity in DCA workforce	DCA implements hiring and recruiting processes that will result in a workforce that represents and effectively delivers services to a multi-ethnic, multi-abled Iowa population
Issue 2: little perceived diversity in the professional fields from which several positions will need to be hired.	
Issue 3: enormously difficult to formally address gaps in ethnic/cultural OR disability diversity workforce status, because this information is a) illegal to ask from applicants; and b) optional for applicants or employees to report.	

Affirmative Action Issues* (Underutilization)	Affirmative Action Strategies and Goals
See Diversity Issues above.	
Recruiting and Hiring Issues	Recruiting and Hiring Strategies
Issue 1: lack of promotional capability within most classifications. Historical Program Specialist has only one level but many selective certifications	Professional job classifications in the historical division are structured to reflect specific needs and allow for promotional capability, by June 30, 2011.
Issue 2: use of statewide recruitment system is generally not helpful for DCA positions because of the specialized requirements generally needed for the positions in this department. (arts division positions are not part of merit system and do not need to be hired through HRE)	
Development Issues	Development Strategies
Issue 1: lack of funding for professional development that addresses needs of workers in highly specialized fields	Supervisors in each area work with staff to determine professional development needs and identify appropriate resources to address them.
Issue 2: lack of coordinated expectations for professional development	

*Workforce diversity encompasses broad concepts such as cultural competency, inclusiveness, and organizational awareness, while affirmative action targets specific areas where remedial actions are necessary within specific areas of the workforce.

Notes:

Phase 3 – Develop and Implement Action Plan

What are the five to nine primary action steps to implement your strategy? Identify key action steps or activities, timeline, persons responsible for action and resources needed. Expand as necessary.

Workforce Stability

Strategy: DCA has structures in place to be able to respond with a high level of expertise and continuity of service to cultural, historic, and arts needs in Iowa even as workforce changes occur by June 30, 2010.

Measure: Level of service delivery is maintained, as shown by attendance/visitation numbers, people served by workshops and other technical assistance, additional measures as identified on annual performance plan.

Action Step or Activity	Target Completion Date	Person(s) Responsible	Required Resources	Status/Progress Update
1. Document position responsibilities in PDQ format for positions potentially being vacated in 3-5 yrs or less	June 30, 2011	Management Team	Staff time	
2. Use library cataloging as the tool for describing archival, special collections & museum collections—for at least 10 collections—so that we are not relying on individual memories.	June 30, 2011	Jerome Thompson	Staff time	
3. Document 3-4 key work processes/ develop procedures manuals or checklists so that institutional knowledge does not leave with retiring employees. Examples: -Facilities: list of tasks & primary contacts -Art in State Bldgs -Section 106 process -National Register process -CLG grants	June 30, 2011	Management Team	Staff time	

-Accounting procedures -HR/Personnel procedures -Deirdre: board mtgs -Historic tax credits				
---	--	--	--	--

Diversity (General Culture)

Strategy: DCA implements hiring and recruiting processes that will result in a workforce that represents and effectively delivers services to a multi-ethnic, multi-abled Iowa population.

Measure: Percentage of applicants and staff that are minority or disabled, number of multi-lingual workers using those skills in their positions, number & kinds of programs that target specific populations

Action Step or Activity	Target Completion Date	Person(s) Responsible	Required Resources	Status/Progress Update
1. Gather lists of targeted groups for recruitment in history, arts, & cultural fields	January 1, 2011	Mary Sundet Jones	Staff time	
2. When positions are open, ensure that DAS has information about them when they recruit at job fairs.	Ongoing	Management Team	Staff time	
3. Discuss w/DAS-HRE the possibility of publishing job announcements in multiple languages	June 30, 2011	Management Team	Staff time	

Workforce diversity encompasses broad concepts such as cultural competency, inclusiveness, and organizational awareness, while affirmative action targets specific areas where remedial actions are necessary within specific areas of the workforce.

Hiring and Retention

Strategy: Professional job classifications in the historical division are structured to reflect specific needs and allow for promotional capability, by June 30, 2011.

Measure: Existence of appropriate classifications

1.	Divide Historic Program Specialist classification into 3 classes: meet w/Personnel officer to strategize.	June 30, 2011	Management Team	Staff time; budget flexibility as needed	

Development

Strategy: DCA has articulated a tiered plan for professional development for staff at all levels by the end of FY10.

Measure: Tiered plan exists; level of participation in appropriate professional development activities; level of resources allocated to fund development activities

Action Step or Activity	Target Completion Date	Person(s) Responsible	Required Resources	Status/Progress Update
1. List ongoing professional conferences & identify staff most likely to attend & benefit from them.	June 30, 2011	Management team	Staff time	
2. Include resources in FY11 budget for at least 25% of staff identified in #1 to attend at least 1 professional conference.	July 1, 2011	Management team	Appropriation increases w/more than one comma	
3. Identify professional literature/periodicals of greatest benefit to staff in each division; determine how these are accessed by those staff members.	June 30, 2011	Management team	Staff time

Section 1	Policy Statement and Administrative Plan
------------------	---

Policy Statement

The State prohibits discrimination on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability in its employment policies and practices and is an equal employment opportunity and affirmative action employer.

Please insert any additional statements of policy or commitment to achieving and maintaining a diverse workforce in your agency:

Administrative Plan

1. How your policy will be implemented:

- The Department includes the EEO statement on all publications and official communications.
- New staff members are provided mentoring. This is an area of coverage for that training.
- State Board priorities are driven by data that includes the performance of affected subgroups. One priority statewide is reducing the academic achievement gap for minority students, which translates into programming to provide specific support for these students' needs.
- Staff retention and recruitment policies, to the degree that candidates are identifiable, promote an emphasis on diverse and underserved populations.

2. Name, job title, and contact information for the responsible EEO AA official:

- Carol Greta, Attorney – for legal and personnel issues
- Jeff Berger, CFO – for personnel issues
- Karen Chapman, Human Resources – for personnel issues

3. Describe your agency's system for auditing and reporting diversity issues:

FY 2010-11 Diversity Progress Plan and Report

We are unclear what the question is asking. Any personnel concerns in this area are covered by the usual procedures for voicing concerns.

The Department of Education's EEO statement is:

It is the policy of the Iowa Department of Education not to discriminate on the basis of race, creed, color, sexual orientation, gender identity, national origin, gender, disability, religion, age, political party affiliation, or actual or potential parental, family or marital status in its programs, activities, or employment practices as required by the Iowa Code sections 216.9 and 256.10(2), Titles VI and VII of the Civil Rights Act of 1964 (42 U.S.C. § 2000d and 2000e), the Equal Pay Act of 1973 (29 U.S.C. § 206, *et seq.*), Title IX (Educational Amendments, 20 U.S.C. §§ 1681 – 1688), Section 504 (Rehabilitation Act of 1973, 29 U.S.C. § 794), and the Americans with Disabilities Act (42 U.S.C. § 12101, *et seq.*).

If you have questions or grievances related to compliance with this policy by the Iowa Department of Education, please contact the legal counsel for the Iowa Department of Education, Grimes State Office Building, Des Moines, IA 50319-0146, telephone number 515/281-5295, or the Director of the Office for Civil Rights, U.S. Department of Education, 111 N. Canal Street, Suite 1053, Chicago, IL 60606-7204.

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

The employee handbook and our new communications manual are available on the agency's intranet to all employees. Every employee is made aware of the handbook and signs a form indicating they understand they are obligated to know and follow the procedures in that handbook. The employee handbook includes items related to diversity and equity.

With student programming and the resulting monitoring and accountability we need to do, equity and diversity issues are always at the forefront. We ensure compliance with state and federal law. This cuts across everything we do. Examples of efforts made:

- As designated Lead Agency of federal IDEA-Part C, the Department has worked in conjunction with the Iowa Council of Early ACCESS to seek diverse representation among members for insight of how to support diverse population and infants, toddlers and families at-risk or of special needs.
- The Iowa Council of Early ACCESS has selected diversity as a priority area of focus.
- Early Childhood Iowa has a component group that focuses on Diversity. Staff are members of this group and participate in the annual planning and attend the conference. Staff will be attending the Diversity Conference August 21, 2010.

FY 2010-11 Diversity Progress Plan and Report

FY 2010 Progress

FY 10 hiring freeze was in place, after 11/09 only one PT position was filled. Our Education Program Consultant (at will) class is our largest number of positions at the DE. When we fill a vacancy it is open to all applicants.

Merit vacancies may be open to all applicants or as promotional opportunities. It is dependent on what position we are filling and what type of knowledge and experience is required for the specific position.

FY 2011 Plans

No changes anticipated.

FY 2010-11 Diversity Progress Plan and Report

Section 3	Actions Taken to Increase Diversity
------------------	--

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress –

All of our employees were required to attend the Diversity training and all newly hired employees will be or have attended the training. Managers attended training specific to managers.

Staff retention and recruitment policies, to the degree that candidates are identifiable, promote an emphasis on diverse and underserved populations.

Department did attend diversity events such as the Asian Festival, Latino Festival but at the time of these festivals we did not have opening notices to share with the public.

FY 2011 Plan -

Send out request for employees to self identify for disabilities.

Continue talking about diversity as part of the division meetings. Continue attending diversity events. We continue to have people support diversity events, for example, we had 3 staff members help with the DAS both at the Latino Festival in September.

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

All of our programming has some requirement to tend to equity and diversity issues. So as a natural part of ongoing training in the programs they serve, this issue is included.

We are requiring all new staff to access diversity courses once hired.

Consultants go to annual training provided by the United States Department of Education's Office for Civil Rights and to the Midwest Equity Center's annual training in Kansas City, MO. Additional meetings attended at the Chicago Office for Civil Rights.

FY 2011 Plan

We will continue as we have done.

FY 2010-11 Diversity Progress Plan and Report**Section 5****Hiring Opportunities**

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress

We are underutilized as a department for persons with disabilities. We did hire 4 people who self reported disabilities. We did lose a number of people who were that category with the SERIP retirement. To the degree possible, we recruit underserved populations.

FY 2011 Plan

Other than persons with disabilities, our current underutilization is for females in the following categories, IT Specialist 4 and 5, Librarian 2 and Library Consultant. Openings for IT Specialist are very few. The State Library does have one Library Consultant vacancy from SERIP for which they have hired a female.

FY 2010 Progress – We implemented an improved hiring process plan in 2008. This was written in conjunction with the input of several on a committee devised of supervisors and managers in our agency. This is a work in progress and improvements have been made as we follow the guidelines of this plan. Due to the hiring freeze in 2010, there were very few positions that were posted.

FY 2011 Plans – IVRS is always exploring new options in improving our hiring practices. We will continue to follow the plan and revise it as new and innovative ideas are put forth. We work closely with the DAS Recruitment Coordinator on changes and improvements to our hiring practices plan.

The DHS expands the agency non-discrimination policy to provision of services, and each of the agency's program applications for services includes the DHS non-discrimination policy statement with instructions for filing a complaint or concern. DHS contracts include a non-discrimination clause, which states:

2.13.4 Compliance with the Law. The Contractor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations, and orders when providing Deliverables pursuant to this Contract, including without limitation, all laws that pertain to the prevention of discrimination in employment and in the provision of services. FY 2010-11 Diversity Progress Plan and Report

DHS has incorporated non-discrimination into our policies, practices and procedures.

The DHS is an equal opportunity employer. Hiring practices and policy are designed and executed to hire persons and promote employees based on their knowledge, skills and abilities for current positions and their potential for future growth with the agency or within the State of Iowa. The DHS is obligated to ensure that good faith efforts are taken and that we provide equal opportunity for all in recruitment, hiring, training, promotion, transfer, compensation, and all other terms and conditions of employment without regard to protected category status.

1. Name, job title, and contact information for the responsible EEO AA official:

Jan Clausen, Deputy Director of Administration, 515.281.4987 or
jclause@dhs.state.ia.us

2. Describe your agency's system for auditing and reporting diversity issues: The DHS has developed an internal complaint procedure for employees. Discrimination complaints are received within the DHS Office of Human Resources, who assists the respective business entity with the investigation and with formulating the response, as well as tracking and monitoring complaints in order to address areas of concern. Identified issues will be brought to the Deputy Director of Administration who will review and determine the appropriate course of action. Complaints may be received in written format, by telephone, or through an email address noted in the introductory section of the DHS Employee Handbook:

A-2 Code of Conduct

Employees are expected to conduct themselves in a manner that creates and maintains respect for the DHS, their co-workers and the individuals served. Employees are expected to maintain high standards of behavior in both their personal and official activities. The Department prohibits any unethical or illegal conduct by an employee on or off duty that affects or has the potential to affect the Department. Employees have a duty to report unethical or illegal activity, relating to state employment, to their Supervisor, Appointing Authority or Department Director. Reports may also be e-mailed to: stopit@dhs.state.ia.us.

The DHS adheres to the state of Iowa's Equal Employment Opportunity and Affirmative Action Anti-Discrimination policy. The complaint procedure is outlined in Chapter 2 of the Department of Administrative Services Manager and Supervisors Manual, and reads as follows:

FY 2010-11 Diversity Progress Plan and Report

A copy of any complaint received, and its resolution shall be forwarded to the Chief Operating Officer of the Department of Administrative Services – Human Resources Enterprise within ten working days after receipt of the complaint. Interim reports will be provided to the Chief Operating Officer of the Iowa Department of Administrative Services – Human Resources Enterprise, as requested.

3. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

DHS employees receive a copy of or are given a link to the DHS Employee Handbook upon hire and are to review on an annual basis. Specific relevant passages are as follows:

Part A. General Information

Introduction

No single set of rules and procedures can fully cover all the possible circumstances that may arise in the course of employment relationships. Whatever the circumstances, our expectation is that everyone should apply the Handbook in accordance with the following principles:

I. The DHS is an equal opportunity employer. It is the responsibility of managers and colleagues to ensure that no member of the DHS staff receives less favorable treatment than any other, or is subjected to abuse, harassment, embarrassment or discomfort, on the grounds of race, color, ethnic or national origins, sex, religion, age or disability or political opinions or affiliations. In all cases it is essential to apply provisions of the Handbook in accordance with this commitment to fair treatment and equality of opportunity for staff.

FY 2010-11 Diversity Progress Plan and Report**Section 2****Hiring and Promotion**

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress: The DHS hiring and promotional practices adhere to the contractual obligations outlined in both the AFSCME and IUP collective bargaining agreements. DHS vacancies are posted through the State of Iowa website. In addition to the state website posting, the agency conducts targeted national recruitment campaigns directed at medical professionals, for example, or at-will positions. These recruitment campaigns may include posting position vacancy notices with professional associations or organization websites, as well as reaching out to local or regional minority networks to promote awareness of DHS employment opportunities. Regardless of the marketing vehicle, DHS hiring notices reaffirm the agencies commitment to EEO/AA.

During fiscal year 2010, DHS reorganized the agency in order to meet mandated budgetary constraints and legislatively enacted staffing ratios. The result of this reorganization is a new field and central office structure. The DHS Human Resources Bureau, previously housed within the Division of Results Based Accountability, which was disbanded during the reorganization, and the DHS HR Staff were assigned to the Deputy Director of Administration. This new reporting structure allows the organization to refocus the HR efforts and design a value-added Human Resources function that supports the agency mission.

The reorganization of FY 2010 required that DHS layoff select field positions. During this same time period, the State began to offer the State Employee Retirement Incentive Program (SERIP). The combination of these two events limited DHS hiring activity. The hiring that was accomplished was done within the current hiring and promotional practices.

The current practice for DHS vacancies is to post positions on the state of Iowa website after contractual transfer requirements have been exhausted, if applicable. DAS-HRE provides the hiring authority with a list of qualified candidates, which are scored by the respective hiring team based on predetermined criteria assessing knowledge, skills and abilities. The DHS hiring team selects candidates determined by the K/S/A scoring criteria and begins the interview process. Applicants with veteran status or disability status are given appropriate consideration.

FY 2010-11 Diversity Progress Plan and Report

The environment of 2010 was not conducive to diversity progress. The Department of Management instituted a statewide "soft hiring freeze" during FY 2010 through the expansion of agency hiring justification requirements with additional rules limiting the filling of vacated SERIP positions plus imposed salary restrictions. The result was very limited hiring activity. Add to this series of events, the layoff and restructuring of the agency that was occurring simultaneously, and DHS employees had limited options for career advancement. Likewise, few positions were posted for external applicants due to recall or other reduction in force contractual entitlements. The DHS continues to adhere to the DOM/DAS hiring justification process.

DHS continues as the leading State agency for female employment with a 73% rate of females. 64% of the DHS female population is in management roles. DHS meets or exceeds state rates for female employment except in the trade's category. Efforts to increase this category are limited by the lack of a female labor pool within the fields of electrician, plumber, or HVAC. The agency's commitment to diversity is reflected in our numbers: DHS is at a 5.56% rate of minority employment which has continually increased over the last two years. 2% of the agency's minority population is in the EEO category 1 (Official/Administrator) and 6% is in EEO category 2 (Professional) which indicates that minorities are frequently poised for promotional development.

FY 2011 Plans: The DHS reorganization has allowed the agency to re-think how we have been conducting business and how we need to conduct business in the future in order to meet the needs of the populations we serve within the budgetary limitations. The reorganization focused agency attention to the importance and benefits of a highly skilled employee population who will be challenged with increased demand for services and reduced staff. The agency is refocusing efforts to develop a meaningful workforce plan which will analyze current hiring and promotional processes, employee performance and development, knowledge transfer processes, succession planning, and other programs to ensure that the agency's workforce meets current demands while positioning for the future.

The Department of Management's "soft hiring freeze" has not been lifted and will continue to present a challenge to further diversity. With limited approval of vacancies, the agency will be challenged to achieve increases in minority or PWD numerical goals.

Program development resulting from the Workforce Plan may further enhance the agency's continued progress to increase the minority employee population and the number of persons with disabilities within the agency.

DHS remains committed and will continually strive to employ a dynamic and diverse workforce.

FY 2010-11 Diversity Progress Plan and Report**Section 3****Actions Taken to Increase Diversity**

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress: The DHS continues to support the Governor's commitment to achieve and maintain a diverse workforce in state government detailed in Executive Order 4. The agency strives to hire the best and to develop a dynamic workforce that is representative of the population we serve. During fiscal year 2010, the department extended an invitation to the Iowa Vocational Rehabilitation Services (IVRS) agency to meet and explore options designed to increase employment opportunities to people with disabilities (PWD). Beginning with the SERIP vacancies, DHS networked with IVRS to identify and encourage PWD candidates to apply for DHS positions.

FY 2011 Plan: The agency will continue to partner with IVRS and agencies both locally and on a national level to increase PWD diversity within the department.

Further plans to increase diversity may be formulated through the Workforce Planning that is scheduled to occur FY2011.

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress: In compliance with Executive Order 4, DHS management attended the mandated diversity training conducted by the Department of Administrative Services, which reinforced diversity awareness.

FY 2011 Plan: DHS will research diversity training options for the employee population and incorporate diversity training into the On-Boarding process which is currently in development.

FY 2010-11 Diversity Progress Plan and Report**Section 5****Hiring Opportunities**

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress During the initial stages of the SERIP process, DHS met with Iowa Vocational Rehabilitation and the Commission of the Blind to discuss options designed to increase the presence of Persons with Disabilities. As a result, DHS partners with IVRS to ensure that PWD applicants are aware of and encouraged to apply for DHS vacancies. DHS vacancies are posted within the state of Iowa's website and through the Brass Ring application; hiring authorities are provided a list of qualified applicants noting those applicants self reporting a disability or veteran status.

FY 2011 Plan: The DHS will continue to utilize the state of Iowa website to provide notice to prospective applicants of employment opportunities with the agency, as well as local or national associations and organizations to increase and promote careers with DHS.

Further plans to increase diversity may be formulated through the Workforce Planning that is scheduled to occur FY2011.

Describe any other efforts undertaken by the agency during the reporting period to encourage workplace diversity. If you would like to provide any additional information as an attachment, please identify the topic of the document and a brief summary in Section 7.

FY 2010 Progress: During fiscal year 2010, DHS volunteered the time and efforts of Susan Hase, Office of Human Resources Executive Officer 2, to assume the role of Co-Chair for the Iowa Mosaic Diversity Conference. This conference continues to be the premier event within the state to celebrate and share the successes of Iowa's diversity efforts.

FY 2011 Plan: Further plans to increase diversity may be formulated through the Workforce Planning that is scheduled to occur FY2011.

Administrative Plan**1. How your policy will be implemented:**

The policy will be reinforced with Managers and Supervisors when hired and reinforced at periodic management meetings. All employees receive a copy of the employee handbook which includes the Equal Opportunity, Affirmative Action, and Anti-Discrimination Policy. Any issues that arise will be addressed by appropriate management staff.

Each hiring supervisor has been made aware of the Department's commitment to a welcoming environment for all employees. Hiring supervisors share information on all well qualified applicants that were not hired, but may be available for future openings. The Department Director approves each hire after reviewing qualifications of the top candidates.

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

The plan will be distributed annually via email to each employee.

FY 2010-11 Diversity Progress Plan and Report**Section 2****Hiring and Promotion**

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

All merit covered vacancies are listed on the DAS/HRE website for application as well as posted on the DIA website. Positions are distributed to a list of contacts from Department of Human Rights, Vocational Rehabilitation Division of the Department of Education, and Department for the Blind.

While the Department is committed to internal promotions when warranted, outside recruitment is used for many positions to increase the opportunity for additional candidates to apply and be considered.

FY 2010 Progress

FY2010 progress was limited due to holding positions open to assist with budgetary issues and due to a large amount of retirements. Some positions will not be refilled and the majority of those that are being refilled will be refilled in FY2011.

FY 2011 Plans

Continue the same recruitment process and continue to make hiring supervisors aware of the benefits of a diverse workforce and welcoming environment for all employees. Additional employment advertising in targeted media may be used for difficult to recruit positions.

FY 2010-11 Diversity Progress Plan and Report

Section 3	Actions Taken to Increase Diversity
------------------	--

Outline all steps taken by the agency to increase diversity in the department;

Email communication on openings to Department of Human Rights, Vocational Rehabilitation Division of the Department of Education, and Department for the Blind.

Use of selective certification, when warranted

FY 2010 Progress

FY2010 progress was limited due to holding positions open to assist with budgetary issues and due to a large amount of retirements. Some positions will not be refilled and the majority of those that are being refilled will be refilled in FY2011.

FY 2011 Plan

Consider converting some full time openings to two half time openings or decreasing the work week to fewer hours to increase the applicants by considering those that do not want to work full time.

Continue to use exit interviews and personal meetings between employees and supervisors/management to provide additional ways to be more welcoming to all applicants/current employees.

FY 2010-11 Diversity Progress Plan and Report**Section 4****Diversity Related Training**

Outline the steps taken by the agency to train employees on diversity-related issues;

All employees and managers attended Diversity Training provided by the Department of Administrative Services.

FY 2010 Progress

All employees hired before January 1, 2010 attended diversity training. Many employees reported positive interactions from the training and felt the information provided would benefit them in their current position.

FY 2011 Plan

No additional diversity training has been identified at this point due to budget. The cost of the training, the cost of the travel to the training, and time away from work is prohibitive.

Leadership will continue to emphasize the need for diversity in hiring during periodic management meetings and when individual positions become vacant and are approved for hiring.

FY 2010-11 Diversity Progress Plan and Report**Section 5****Hiring Opportunities**

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

The Department is pleased to report that email distribution of vacancy announcements has increased the names on the certification lists. Because the Department is not underutilized for minorities and females, those applicants are not identified as such on the certification lists so it is unknown whether the additional applicants meet those criteria.

FY 2010 Progress

FY2010 progress was limited due to holding positions open to assist with budgetary issues and due to a large amount of retirements. Some positions will not be refilled and the majority of those that are being refilled will be refilled in FY2011.

The Department utilized the ISU employment portal for one vacancy and advertised on Craigs List for another. The ISU employment portal appeared to result in more recent graduates applying for the position. Craigs List did not appear to add applicants.

FY 2011 Plan

Email distribution has recently been updated to include representatives of Vocational Rehabilitation and Department of the Blind in an effort to recruit persons with disabilities. The Department will look for additional opportunities to use complimentary or low-cost websites for vacancy announcements.

ICN consistently advertises with the Iowa Bystander (African-American weekly publication) and El Comunicador (Hispanic – publication in Spanish) for vacancies open to all applicants, as well as with the Des Moines Register and JobDig.

FY 2010-11 Diversity Progress Plan and Report**Section 2****Hiring and Promotion**

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress

The Executive Director gives directive to Division Administrator when to fill a vacancy. The hiring manager writes a justification for hiring to place on file. If the duties of the vacancy have changed, the Division Administrator updates the Position Description Questionnaire and/or requests the position be reclassified. Once the appropriate classification and PDQ have been established, the Hiring Steps in compliance with the AFSCME Collective Bargaining Agreement are followed for contract covered and non-contract covered positions.

http://das.hre.iowa.gov/documents/MS_manual/552-0492_steps_in_hiring_process.pdf

After posting contract covered vacancy notice in accordance with AFSCME guidelines, if no bid is received within 5 working days within the employing unit, and there are no transfer requests on file from other Executive Branch agencies, the position is posted on the Department of Administrative Services – Human Resources Enterprise website for at least 21 days (11 days beyond the DAS 10 day requirement) to allow sufficient time for response from special targeted organizations/populations.

Advertisements are routinely placed in the Des Moines Sunday Register, the Iowa Bystander (African-American publication), and the El Comunicador (Hispanic publication in Spanish). Additional advertising is done through Juice (DM Register), Job Dig, Radio Spots (Job Dig), and occasionally other newspapers as deemed necessary to recruit the qualified candidates needed for the position.

FY 2010-11 Diversity Progress Plan and Report

The Personnel Assistant mails the Vacancy Announcement and details for how to apply to a distribution list of multi-cultural organizations, including women's organizations and gay/lesbian organizations, as well as to the Iowa Dept of Vocational Rehabilitation and the Dept for the Blind.

To help screen for the interviewing process it is a common practice for some of the hiring managers to send a set of questions to all of the qualified candidates, however this is not done 100% of the time. The questions are the same for each candidate. The manager creates a scoring matrix and scores the resumes/applications and all returned questionnaires (when applicable), giving extra points for veterans points. Sometimes an additional employee is designated to assist with scoring the resumes.

Interviews are scheduled with candidates based on the highest scores. There are usually 2-3 interviewers involved in the hiring process. Each interviewer on the team receives a binder containing resumes/cover letters/applications once the interviews have been scheduled.

Candidates are all asked the same questions. Again, the manager uses a scoring matrix for the interview questions & all interviewers' scores are averaged to obtain scores for each candidate interviewed. References are contacted by the hiring manager.

The Division Administrator discusses his/her decision with the Executive Director and with approval from the Executive Director, the position is offered to the most qualified candidate based on the highest score and results, taking references into consideration.

The Personnel Assistant keeps an on-going record of the steps taken by each manager during the hiring process, and the Executive Director and Management Liaison for Personnel receives weekly updates from the PA throughout the entire hiring process.

FY 2010-11 Diversity Progress Plan and Report

A criminal background check is conducted on all employees at the time they are hired.

All documentation of applications, resumes, letters, interview questions, notes made by interviewers, score sheets and any other information gathered in the interview process are maintained in a locked file for three years.

Over the past year, the Personnel Assistant has included more information in the application files, to include advertisements, a copy of the Brass Ring vacancy posting, offer letters, Personnel Description Questionnaire, Classification Guidelines, in addition to the resumes, applications, scoring sheets, and supporting documentation throughout the screening and interviewing process.

FY 2011 Plans

Update/expand contacts for multi-cultural distribution list for the purpose of recruitment of underutilized populations.

Within the next fiscal year, Personnel Assistant will attend at least 2 diversity related functions to network and to heighten awareness of additional organizations for recruitment purposes.

FY 2010-11 Diversity Progress Plan and Report

Section 3	Actions Taken to Increase Diversity
------------------	--

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

Personnel Assistant notifies Voc Rehab and Dept for the Blind whenever ICN is filling vacancies and acts as liaison between the counselor and the hiring manager to facilitate opportunity to hire persons with disabilities. We did not meet our goal this year. One of the referrals from Voc Rehab who ICN was interested in considering for an interview accepted a position with another state agency before we could offer her an interview.

Oct 28, 2009 – Personnel Assistant attended Vocational Rehabilitation Recognition Award for the Year, at which Preston Daniels gave a moving presentation on Diversity.

November 5, 2009 – Personnel Assistant participated in a Webinar Presentation: Veteran Recruitment Through the Veteran Career Network.

Routinely distributed vacancy announcements to multi-cultural and diverse organizations with instructions on how to apply.

Note: Budget constraints have impacted the decrease in the number of job fairs hosted/attended this fiscal year. There has been less need to advertise as we limit the number of vacancies filled as much as possible.

FY 2011 Plan

To engage employees in projects, meetings, and event planning to insure groups are diversified.

To partner with Vocational Rehabilitation and the Department for the Blind to recruit/hire an employee to fill at least one vacancy within the next year.

FY 2010-11 Diversity Progress Plan and Report

To continue expanding recruitment contacts to include more organizations/institutions in order to reach targeted populations that are underutilized.

To continue to utilize DAS-HRE's recruitment and retention specialist to place/retain underutilized populations in our workforce.

FY 2010-11 Diversity Progress Plan and Report**Section 4****Diversity Related Training**

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress – no additional training has been administered on diversity-related issues since all ICN employees participated in the mandated 2009 Diversity Training.

All new employees have been required to attend the Diversity Training for Employees provided by DAS – Human Resources Enterprise.

FY 2011 Plan – Hiring Managers/Supervisors will attend the Diversity Training for Managers provided by the DAS – Human Resources Enterprise prior to the end of FY 2011.

Continue to require new employees to attend the Diversity Training for Employees within a few months of their hire date.

Utilize at least one of the four employee enrichment events to engage employees in multi-cultural awareness activities/schedule presentation from an organization on cultural issues (these internal events are conducted quarterly)

FY 2010 Progress

We use monthly lunch and learns to spread greater understanding of our programs and details of all staffs responsibilities. This gives employees a chance to meet other employees that they don't normally work with. This helps to create an understanding of what other employees do and a sense of what it might be like to walk in their shoes.

We have quarterly meetings/potlucks to inform employees of the latest IFA news. This helps employee's feel welcomed and gives them time to share about themselves and learn more about the people that they work with. Food and time is shared which helps employees connect with each other and to value their diversity. This is also a time that we celebrate weddings, births and other important events in employee's lives.

FY 2011 Plan

We plan on continuing the quarterly meetings/potlucks and lunch/learns. For FY 2011 however we would like some of the lunch and learns to be more geared toward diversity topics by having outside speakers present or to watch DVDs on relevant diversity topics.

Employment Practices and Hiring Policy

Employment Practices and Hiring Policy

The Iowa Finance Authority's (IFA) mission is to finance, administer, advance and preserve affordable housing and to promote community and economic development for Iowans. Our staff is a committed group of individuals who are dedicated to this mission and who are passionate about our work to make Iowa a better place.

Our workforce must possess and demonstrate the necessary expertise to deliver that service. The recruitment and selection of talented and motivated employees is a primary factor in making that happen. We fully support the Equal Employment Opportunity and Affirmative Action Policy (EEO/AA) of the State of Iowa. The purpose of this document is to establish a department-wide policy that addresses how we will implement our commitment to EEO/AA and Executive Order Four to hire a diverse and competent workforce to serve the people of Iowa.

Employment Practices and Hiring Policy Statement

It is the policy of the Iowa Finance Authority to promote and ensure equal employment opportunity for all persons regardless of race, color, gender, national origin, religion, age, disability, or sexual orientation.

Equal employment opportunity principles will govern all aspects of the Iowa Finance Authority's personnel policies, program practices, and operations. All phases of employment, including recruitment, hiring, evaluation, promotion, transfer; assignment, training, benefits, and separation shall be conducted in compliance with equal employment opportunity laws, regulations, and in the spirit of creating a welcoming and diverse workplace.

Action Steps in the Hiring Process

1. **Position Establishment** – If a position needs to be refilled due to a resignation the hr manager, department director and the executive director determine if it is necessary to fill the position. If a new position is to be created due to the addition of a new program or duty the same 3 person just mentioned meet and discuss the necessity. If a new position is to be created it must be included in the budget and strategic plan.
2. **Contract Transfers and Recall** – Our HR Manager ensures that we following the steps in the hiring process for AFSCME whenever we fill a position that is covered by AFSCME. These steps are outlined on CFN 552-0492 R07/03.
3. **Development of Screening Plans, Devices, and Interview Methods** – We use a traditional interview method where every person interviewed is asked the same questions. Each hiring supervisor is responsible to scores all the resumes and interviews based on an unbiased rating system. The HR Manger does go through all the resumes and gives the hiring supervisor the applicants that meet the minimum qualifications.
4. **Testing** – We do not currently use any tests in our hiring process.
5. **Veteran's Preference** – Veteran's preference points are applied in the hiring process for during the resume scoring process We follow the section 4.35 of the Managers and Supervisors Manual and the IAC, Chapter 11-54.
6. **Vacancy Announcements and Advertising** – When it is decided to fill a position we post in house by using a formal job notice document that is put on our bulletin board in our lunch room and on our intra agency website for five days. Once we have gone through all the steps in the hiring processes if the position is covered by AFSCME then we decide to advertise if these processes don't give us the person we are looking for. We most often advertise on our website and on career builders website.
7. **Interviews** – Each hiring supervisor puts together their own questions for the interview process. They ask the same questions of each person and keeps notes on the answers. Usually the hiring supervisor handles the interviewing alone depending on the position. The executive director has the final say on who is hired. Sometimes the HR Manager and other managers are also involved in the process. Each interviewee is scored on how they answered the questions and their qualifications based on the job duties.
8. **Reference and Background Checks** – We do not do background checks. The HR Manger or hiring supervisor does the reference checks but only on the persons who they want to hire not on all resumes received.
9. **Applicant Notification** – The HR Mangers usually sends e-mail or letters to everyone who sends in a resume for a vacancy.
10. **Pre-Job Offer Decision Review** – The HR Manager, Executive Director and hiring manager all come to a final agreement on who to hire.

11. **Job Offers** – Job offers are usually made by the hiring supervise over the phone then followed up by a letter that has to be signed and returned.
12. **New Hires** –In the first 2 weeks of employment all new employees usually receive a job description and performance plan. They also receive a benefit orientation.
13. **Probationary Period** – Probationary employees are monitored closely in all aspects of their job to ensure performance is on track. Communication is handled timely so if there is a problem they may have time to adjust their behavior.

A. Promotional Guidelines

The Iowa Finance Authority is committed to having a diverse, qualified workforce that has the necessary competencies to perform the job. The following factors will be considered for potential promotional internal posting:

1. The hiring authority will determine where the requisite competencies and skill sets can be acquired within the Department, within state government, or externally. This will result in a strategy for hiring internally, within state government, or external to state government. Known, potential candidates, skill sets, persons holding related job titles, and similar factors will be considered in this assessment.
2. Whenever possible, the Department balances external hires with internal hires so that the workforce is comprised of a mix of new and experienced employees, and who represent a diverse blend of work experience and backgrounds.
3. When vacancies occur in underutilized job classes, before the posting is limited to internal candidates only, strong consideration must be given to whether there is an adequate potential internal candidate pool. Otherwise, external candidates will not only be considered but encouraged to apply through robust recruitment efforts.

B. Background and Reference Checks

Background checks will be conducted according to the IAC Chapter 11-54.

At least two checks of professional references are conducted on all external final candidates. When possible, these are candidates' current and previous employers within the past five years. Reference checks from current and prior supervisors will also be conducted on internal candidates who do not currently work for the hiring authority. Reference checks are considered a selection device, because they provide information leading to a potential employment decision; therefore, they must be job-related and involve critical competencies.

Since the State is considered one employer, when contacted by other state hiring authorities, department hiring authorities will provide timely, accurate, and comprehensive information about employees they have supervised or currently supervise.

C. Complaint Handling

The Department's policy concerning handling inquiries or complaints about the hiring process will follow Section E of the State of Iowa Equal Opportunity, Affirmative Action, and Anti-Discrimination policy. The internal process is as follows:

1. All complaints from applicants for specific job openings will be forwarded to the hiring authority for response and then to the Executive Director, HR Manager and the Department's Personnel Officer for review if necessary.
2. All complaints from applicants for specific job openings will be answered within two working days of receipt. Where additional time may be necessary to adequately investigate the charges, the complainant will be notified within two days of receipt of the initial complaint that additional time to respond is necessary and will be provided an approximate response date.
3. All copies of complaints and subsequent responses will be filed and retained by the Department.
4. On an annual basis, the Community Development Director will review the file and report any trends or necessary follow-up to the Executive Director.
5. All complaints about the hiring process that do not concern specific job openings will be referred to previously identified management staff and the Department's Personnel Officer for review. The same time provisions outlined in #2 above prevail. Such complaints and the subsequent responses will be retained in a separate file from those concerning specific job openings but will also be reviewed annually per #4 above.
6. The Department will fully cooperate with the Department of Administrative Services – Human Resources Enterprise (DAS-HRE) staff in investigating and resolving complaints concerning the Department's hiring process received by DAS-HRE.

D. Records Retention and Confidentiality

All records relating to the hiring process will be maintained for three years in a secure location. (See Chapter 21 of the State of Iowa Applicant Screening Manual.)

It is expected that each person who is involved with the Department's hiring process respects the privacy of each applicant for each posted vacancy. This includes, but is not limited to, the following:

1. Do not divulge the names or other personal information about the applicants on the hire list to anyone not directly associated with the hiring process.

By diversifying our workforce and broadening the dissemination of job postings to a larger section of the population, we hope to attract qualified, talented individuals with unique ideas that can assist us in responding to the changing needs of our retailers, players, and other stakeholders.

With a substantial loss of our workforce due to the State's early retirement plan, we are able to hire new employees. We are limited by DAS in the pre-screening of candidates, which reduces our ability to meet diversity and affirmative action goals. The hiring for most positions is a blind hiring. In hiring our three latest key employees, we have hired women, which has helped to diversify our management staff.

Policy Statement and Administrative Plan

Policy Statement

The State prohibits discrimination on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability in its employment policies and practices and is an equal employment opportunity and affirmative action employer.

Diversity in our workforce has always been a strength of IPERS and we must continue to proactively manage it to ensure continued diversity.

IPERS has a long-term strategic objective to match people, skills, and positions with changing priorities and needs. Diversity will be a key component in meeting this objective as we continue to see the aging of the baby boomer generation and a more diverse labor force.

Administrative Plan

1. How your policy will be implemented:

IPERS management strives to create an intentional organizational culture that positively reflects the above policy. This is accomplished through communication sharing at the management, supervisory, and staff levels. Also, IPERS has committed to ensure that all current and any newly hired staff are trained and sensitized concerning diversity. IPERS is careful to accurately reflect the range of diversity of our membership when designing communication materials.

FY 2010 Progress

Supervisors were expected to monitor activities to ensure compliance with the diversity policy and there were no negative incidents reported. Member and employer communication materials that needed to be revised in FY10 were examined to ensure they reflected diversity.

FY 2011 Plan

IPERS, along with all other state agencies, is underutilized in our work force for persons with disabilities. Better data collection and information management should create a clearer picture of the issue. We look forward to DAS performing another survey of staff to identify current employees who may classify themselves as persons with a disability.

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

The vast majority of employees attended diversity training in FY09.

FY 2011 Plan

IPERS will ensure that new employees who have not recently attended diversity training receive training.

FY 2010-11 Diversity Progress Plan and Report**Section 5****Hiring Opportunities**

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress

During FY 10 IPERS filled four positions (three new hires and one internal promotion). We were not underutilized in FY10. Also during FY 10, IPERS had a high employee retention rate and only lost two employees due to retirement.

FY 2011 Plan

IPERS has been holding several positions vacant for quite some time as we implement a new benefits administration system. The underlying business processes have been examined and new technology is being implemented. Both of these factors will lead to changes in how work is performed at IPERS. The new benefits administration system will be implemented during FY11 and it will become clear what type of staff need to be hired to perform the work and support IPERS. Current plans are to fill approximately ten positions in FY11. IPERS will utilize DAS recruitment to increase the diversity of the pool of applicants.

Describe any other efforts undertaken by the agency during the reporting period to encourage workplace diversity. If you would like to provide any additional information as an attachment, please identify the topic of the document and a brief summary in Section 7.

FY 2010 Progress

IPERS is not underutilized in any category other than persons with a disability. IPERS must proactively manage the work force to ensure such levels are maintained. IPERS must ensure that the internal labor force represents the diversity of the overall IPERS' membership.

FY 2011 Plan

IPERS will continue to monitor diversity levels using the reports provided by DAS. We also encourage DAS to perform another staff survey to collect better and more current data on staff that may classify themselves as persons with a disability. We will also encourage diversity through proactively managing the organizational culture, encouraging communication and supporting activities that result in positive staff interactions.

It is the intent of the DNR to hire persons and promote employees based on their qualifications for the position, and potential for further growth within the agency and the State. The DNR also encourages and targets the employment and promotion of persons in Protected Classes; i.e., female, minority and persons with disabilities, where the job class is underutilized, as determined by the Iowa Department of Administrative Services – Human Resources Enterprise (HRE).

In this policy, the complaint procedure is outlined as follows: Any person who feels that he or she has been denied an employment opportunity because of race, creed, color, religion, sex, national origin, age, or physical or mental disability has the right and is encouraged, to file a complaint with the person's department, pursuant to the department's grievance procedure. A person may also file a complaint with the Iowa Civil Rights Commission or the appropriate federal enforcement agency. There shall be no discrimination or retaliation against an individual who files a complaint alleging discriminatory harassment, or who aids another individual in filing a complaint alleging discriminatory harassment. An employee who has reason to believe that he or she has been retaliated against because of participation in an investigation of discriminatory harassment may also file a charge with the DAS-HRE, the Iowa Civil Rights Commission, or the U.S. Equal Employment Opportunity Commission, whichever is appropriate. Any person who believes that she or he has been the victim of discrimination under this section,

FY 2010-11 Diversity Progress Plan and Report

or who has a concern about potential violations of this section, is directed to bring the matter to the attention of his or her immediate supervisor, appointing authority, or their designees, in accordance with the department's established grievance procedure. If the concern or complaint involves the employee's immediate supervisor, the employee is encouraged to file the concern or complaint with the next highest supervisor, or, in the alternative, to the Chief Operating Officer of DAS-HRE. Department directors and agency heads are responsible for the enforcement of this section. The Chief Operating Officer for the DAS - HRE shall assist departments and agencies with this responsibility. When applicable, state officials and employees shall cooperate fully with all appropriate individuals in the investigation of violations of this policy in order to create and maintain a workplace free from discrimination or discriminatory harassment. The appointing authority shall promptly investigate all complaints. Each agency shall take final agency action in response to a complaint. The DAS-HRE shall have the authority to conduct an investigation of practices prohibited under this policy when the Chief Operating Officer has determined that the investigation is necessary and consistent with the intent of this policy. If the complaint involves allegations of systematic discrimination, the DAS-HRE may investigate the complaint, or supervise the investigation conducted by the agency implicated. Corrective action shall be taken immediately to remedy violations of this policy, whenever warranted, up to and including the discharge of parties whose conduct violates this policy. A manager or supervisor who fails to properly act upon complaints or who has personal knowledge of a violation of this policy and fails to take appropriate action, shall be subject to disciplinary action up to and including discharge. A copy of any complaint received, and its resolution shall be forwarded to the Chief Operating Officer of DAS-HRE within ten working days after receipt of the complaint. Interim reports will be provided to the Chief Operating Officer of the DAS-HRE, as requested. A person, other than a state employee, who is the victim of discrimination prohibited under this policy, shall report the incident immediately to the department director of the agency affected, or the Chief Operating Officer of the DAS-HRE.

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

Diversity information is distributed through several facets. In an effort to celebrate the DNR's diversity and learn more about different ethnicities and traditions of staff, the Diversity Action Team has developed a display (on the second floor of the Wallace Building) for each month of the year.

The DNR website, www.iowadnr.com, contains information regarding vacancies, employment opportunities, testimonials of current employees. On the bottom of each page, the saying "Share our similarities, celebrate our differences" is a hyperlink that brings individuals directly to the employment page:
<http://www.iowadnr.gov/employment/index.html>

FY 2010-11 Diversity Progress Plan and Report

The DNR also provides diversity information and resources to its employees through the DNR Intranet. Policies and guidelines are provided in the DNR Employee Handbook and Underutilization information is made available on the DNR Intranet home page under hot topics. Furthermore, the Intranet has information regarding the Diversity Action Team. <https://intranet.iowadnr.gov/>

E-mail is also utilized to spread the message regarding diversity, including a yearly e-mail from the Director to DNR Everyone.

Subject: Embracing Diversity

DNR continues to be a leader in Diversity achievements within state government. While we have long been recognized for having a well-educated, passionate staff dedicated to sustaining and improving Iowa's natural resources, we are now being further recognized for our leadership in diversity efforts as the recipient of the 2009 Iowa Vocational Rehabilitation Services (Voc Rehab) Employer of the Year for Polk County! We work on a daily basis to enhance our environment, understanding that diversity in our surroundings is a sign of strength and sustainability. The same can be said for the need to ensure diversity within DNR's workforce. A wide variety of experiences, education and backgrounds ensures that our Department will continue to be an effective and efficient organization that is able to serve customers well and meet the challenges ahead.

When people talk about diversity, they are typically referring to gender or ethnicity. Less frequently are persons with disabilities considered. Toward that end, the DNR began building a partnership with Voc Rehab this past year. This collaboration with another government agency is a first for Voc Rehab, and is unique nationwide. The program, called customized training, provides people the opportunity to learn new skills while helping the Department with some short-term, temporary assistance. Typically the placements last between three and six months. During this time the program participants may receive a stipend, paid for by Voc Rehab.

Within the first six months of the program 9 of 11 candidates interviewed were placed. The training opportunities were varied, including accounting, IT, records management and administrative support. Throughout the process Voc Rehab provided support to staff members and worked to ensure the success of each client; and when there have been difficulties, the counselors have been there to manage the situation.

In April, regional Voc Rehab staff were given information about this program and DNR's need for help in state parks, resulting in a very successful placement at Lake Manawa. Additionally, Voc Rehab contacted the DNR with a client that had a desire and the education to work in a technical position. This client is now doing customized training in ESD Field Office 5. To date, that placement has also been very successful.

The DNR would like to continue expanding this program, both geographically and programmatically. Voc Rehab has the ability to support this program statewide. I'd like to invite those of you who haven't been involved with this program to consider participating. If your section or bureau has a need that might be met by this program, talk with your supervisor and encourage him or her to contact Jane Mild. She can help determine if this program would be a good match for your needs.

The work that DNR has done to date has positive outcomes for all involved. Voc Rehab has learned a number of things about their clients that the counselors would not have known without a placement in DNR. The clients have gained valuable work experience and job skills; of those original nine

FY 2010-11 Diversity Progress Plan and Report

people, two are now working fulltime as VISTA members and 2 have been hired as temporary employees. DNR has received assistance that has allowed us to complete projects and create efficiencies that would not have been achieved without the additional assistance.

I continue to be proud of the work this agency has done to reach out to females, minorities and persons with disabilities, but there is more to do. Many of you are engaged in community outreach activities, recruiting and youth education activities. All of these things will help the DNR become a stronger, more diverse organization. Thank you for your commitment to the Department and to Iowa's natural resources.

Section 2

Hiring and Promotion

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress

Detailed information regarding the agency's hiring practices can be found in attachment A. The Department has a documented, consistent process for recruiting, screening, interviewing and hiring. It is the policy of the DNR to provide equal treatment in employment and provision of services to applicants, employees and customers without regard to race, color, national origin, sex, sexual orientation, gender identity, religion, age, disability or veteran status.

The DNR is an equal opportunity, affirmative action employer. It is the intent of the DNR to hire persons and promote employees based on their qualifications for the position, and potential for further growth within the agency and the State. The DNR also encourages and targets the employment and promotion of persons in Protected Classes; i.e., female, minority and persons with disabilities, where the job class is underutilized, as determined by the Iowa Department of Administrative Services – Human Resources Enterprise (HRE).

The hiring process has been modified with the recent changes addressed by the Department of Management (DOM) and the Governor's Office. Supervisors must now complete a Hiring Justification Form for DOM. This form is required on all positions that are funded with any portion of the general fund. This includes full time, part time, and temporary staff. The completed form will be sent it to DAS for approval. Once DAS has approved the vacancy, it will be sent to DOM for final approval. DOM will review requests for exceptions once a week.

In addition to the DOM approval form, Director Leopold has requested that all supervisors use the Hiring Team to assist with any future hires within the Department. This includes all pay grades. The DNR Hiring Justification Form is still required as well as a current, signed PDQ.

FY 2011 Plans

The DNR will continue follow the implemented hiring process and strive to improve the consistency of hires throughout the Department.

FY 2010-11 Diversity Progress Plan and Report

Section 3

Actions Taken to Increase Diversity

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

The DNR has enjoyed a stable and dependable workforce for the last 20 years; however, with the recent increase in retirements, this is changing. An increased demand for high-quality candidates, competition from other natural resources agencies, and a limited supply of potential recruits calls for the agency to go above and beyond the basic, traditional recruiting channels that have historically used (i.e. BrassRing and sporadic targeted outreach) in order to ensure workforce stability.

To hire the best and the brightest, DNR has to do a better job letting prospective recruits know that the Department is interested in them. DNR's goal is to become an Employer of Choice for college graduates and job seekers in science and engineering fields. Work toward achieving this goal must occur even before potential candidates start a job search and efforts must be made to continue to improve visibility even as they are searching. As such, DNR is pro-active in its recruiting activities and has both long-term and short-term initiatives.

On October 26, 2007, Governor Culver and Lt. Governor Judge declared their commitment to achieve and maintain a diverse workforce in state government through the issuance of Executive Order 4. Department leadership has stated its unwavering support and leadership to further develop a dynamic and diverse workforce and have made their commitment clear by encouraging staff to participate in a variety of recruiting activities on state-wide basis. In recent years, a survey designed to measure staff participation in a variety of recruiting activities indicated that more than 14 percent of DNR staff participated in at least one recruiting activity. Of those responding, 19 percent participated in a recruiting or job fair; 37 percent made a presentation to a class (any level) on careers in natural resources, and 40 percent hosted an intern, provided job shadowing or mentored a high school or college student. In addition, more than 81 percent indicated they had recruited someone they knew for an open position within the Department.

No specific budget is provided or identified for recruiting activities or programs. A number of funding sources are used to implement staff training and retention programs. Many of the activities are done at little or no cost, other than travel and staff time. Cost related to paid advertisements is covered by the specific job unit in which the vacancy occurs. Since FY06, the DNR has specifically dedicated a portion of a position to support recruitment and outreach to encourage more diversity among job applicants. This commitment of resources has lead to building exciting new partnerships across Iowa that help spread the word that the DNR is a welcoming and supportive place to work. Since that time numerous recruiting activities have been initiated including:

- Recruited to a national audience by posting to CareerBuilder.com;

FY 2010-11 Diversity Progress Plan and Report

- Used unique recruiting tools like Craigslist, LinkedIn, MySpace and FaceBook to reach potential employees;
- Created the "Hire and Train" program to provide skill development opportunities for new hires within the Wildlife Bureau;
- Updated DNR's employment website;
- With the assistance an intern from Central College, worked with DOT and DHS to create a concept for a new website targeted to recruit 15-30 year olds to public-sector employment.
- Participated in numerous recruiting fairs throughout Iowa and surrounding states;
 - Iowa State – Agriculture Career Fair, both spring and fall
 - University of Iowa – Health, Science and Engineering Career Fair
 - University of Northern Iowa – fall and spring Career Fairs
 - Northwest Missouri State University – fall and spring Career Fairs
 - Kirkwood Community College
 - Dordt College
 - Coe College
 - Hawkeye Tech Community College
- Developed a division-wide diversity and recruiting plan for Conservation and Recreation;
- Attended multiple Greater Des Moines Partnership Multicultural Receptions;
- Participation in the state-wide Strategic Recruiting team;
- Survey staff to gather information about the variety of DNR resources spent on recruiting;
- Purchased a weekly advertisement in the Bystander directing people to the agency website;
- Posting job vacancy notices in trade journals or association newsletters;
- Partnered with marketing students from Central College to improve recruiting efforts for the DNR AmeriCorps program;
- Participated in a variety of community events, including I'll Make Me A World, Juneteenth, and the Asian Heritage Festival;
- Increased the use of DAS BrassRing for temporary, seasonal and AmeriCorps positions;
- Development and use of "Guidelines for Conducting Interviews" to ensure agency-wide consistency during interviews.

Nurturing new natural resource professionals has been a Department strategic initiative for a number of years. The DNR recognizes that many of the challenges faced by the Department in trying to achieve a diverse workforce begins with a lack of females, minorities and persons with disabilities choosing careers in natural resources. Over the last four years staff, on all levels, has worked to develop relationships with students, from elementary to college. A number of tools have been employed to engage students. As noted in the recruiting survey, 46 percent of staff engaged in recruiting activities participated in some class activity or discussion about careers in natural resources. Grants have been received to assist in creating more opportunities for students in Protected Classes and urban areas to experience and learn about natural resources and stewardship. Further, the DNR is active in providing job shadowing,

FY 2010-11 Diversity Progress Plan and Report

mentoring and service learning activities and events for all grade levels. As students enter college and are interested in internships or summer jobs, the DNR has created a number of opportunities. The Department has the largest number of seasonal and temporary workers in the executive branch. Many of these positions are held by students or recent graduates. This experience gives them hands-on skill building, and a wide variety of learning experiences, ultimately making them better candidates for vacant positions.

The DNR also uses both formal and informal internships. The Pollution Prevention (P²) program is a nationally recognized, awarding winning program that matches upper level engineering students with Iowa industries to reduce pollution and energy usage, and achieve other environmentally beneficial outcomes. The Engineering Bureau also has a formal program for engineering students that requires a six-month commitment with an additional three month option. Many informal internships are also supported within the agency. The DNR is an active participant in the University of Iowa's Des Moines Program. Interns are also regularly placed from Central College, Simpson College, Drake University, Iowa State University and Dordt College.

Another program the DNR uses to move students from the classroom to full-time positions is AmeriCorps. The DNR has the largest program in the state with 275 full and part time members. The AmeriCorps experience allows members to learn skills, increase knowledge and demonstrate behaviors that are necessary to be the successful job applicant. Multiple DNR AmeriCorps members have been successful in finding full-time employment with the DNR.

The Department of Natural Resources was awarded the 2009 "Employer of the Year" for Polk County for its work in providing customized training and employment opportunities to people with disabilities through a partnership with Iowa Vocational Rehabilitation Services (IVRS).

IVRS and DNR have partnered to explore customized training for individuals who had the potential to become skilled candidates for state employment. As part of the program IVRS provided DNR hiring managers with pre-screened referrals and also acted as a consultant in the development of a training plan. The goal of the training was threefold: to teach the trainee specific skills of a job that would help them obtain employment; to help DNR develop a potential pool of qualified candidates; and to help IVRS rehabilitation counselors assess the trainee's ability to perform certain work. Since 2008, more than 30 clients have worked in various areas of the DNR, including Accounting, Law Enforcement, IT, Records and Parks, Wildlife Communications, Field Services, and Wastewater. Many of these clients have gone on to paid temporary positions or AmeriCorps terms after completing their training.

This partnership has helped the DNR develop a qualified and diverse pool of future applications. Trainees receive valuable work experience and/or references that will become a part of their resume and add value to the DNR workforce while learning new

FY 2010-11 Diversity Progress Plan and Report

skills to add to their portfolio. This is another stellar example of how the DNR continues to proactively address diversity.

Other state agencies continue to view the DNR as a leader in diversity efforts. The DNR has been called on by the Department of Transportation, the Office of Energy Independence and the Department of Human Services to assist in the implementation a similar program in each respective agency

In addition to those above, other activities have been implemented to help the DNR nurture new natural resource professions. These include:

- Increased internship and job shadowing opportunities available to high school and college aged students;
- Participated in numerous mock interviews, leadership trainings and discussions about natural resource careers at state colleges and universities;
- Developed a network of minority contacts at state universities;
- Received a grant to target minority groups for our Outdoor Journey camp for 12-15 year old girls;
- Encouraged and provided support for service learning projects for students of all ages;
- Worked with Des Moines schools to provide leadership and stewardship training;
- Participation in "Taking the Road Less Traveled - A Career Conference for Girls" conferences sponsored by Iowa State University's Program for Women in Science and Engineering;
- Developed a program and ongoing partnership with the Central Iowa Boys and Girls Club to expose participants to natural resources and stewardship concepts and education;
- Developed partnerships with other state agencies to ensure greater outreach to potential employees;
- Created a newsletter targeted to middle school students.

As demonstrated above, the DNR has taken a proactive approach to recruiting and outreach.

FY 2011 Plan

As an agency, the DNR recognizes the benefits of a more diverse workforce. In fact, the 2010 DNR Strategic Plan has a strategy related to diversity and hiring (see Appendix B). Specifically the strategy includes:

- Reconvene the diversity focus groups and compare results with previous outcomes.
- Continue the relationship with Voc Rehab by expanding the areas that use customized training.
- Lead DNR employees in outreach efforts.

FY 2010-11 Diversity Progress Plan and Report

In FY10, the DNR's workforce was 30 percent female and 5 percent minority. The Department has struggled with increasing diversity because many of the positions are in traditionally male-dominated fields. To help combat this, the DNR has implemented long-term initiatives targeting middle and high school students.

The Diversity Action Team (DAT) has been asked to take an active role in leading recruiting efforts. This group has been tasked with leading the Front Line Recruiting efforts for the DNR. Management has made the commitment that for each DAT member who recruits a Protected Class candidate, and who is the successful candidate, will be recognized.

The DNR uses more than 90 different job classifications for its 896 full-time permanent employees. Of those, supervisors consistently report that the Environmental Engineer classification is hard to fill. This position is not underutilized for minorities, but is for women and persons with disabilities (PWD). Survey data from the recent Workforce Planning survey (sent as part of the DAS/DOM workforce planning initiative) indicates supervisors believe that salary, limited recruiting efforts and geographic location are the biggest barriers to hiring qualified staff.

RECRUITING

DNR recruiting efforts have become more visible and are carried out with the help of many (at all levels) in the agency. Respondents to the recent recruiting survey indicated that 14 percent of DNR employees have been engaged in at least one recruiting activity in the last two fiscal years. Of those who have been active, 45 percentage report they will continue to be engaged in recruiting activities. New recruiting activities that are currently being planned include:

- Create an "Indication of Interest" card to be used at recruiting events, enabling the DNR to track and retain information about people interested in working for the Department;
- Determine where additional bi-lingual employees would be beneficial;
- Improve the coordination of Department recruiting resources;
- Conduct statewide recruiting and inclusion events in cooperation with Department of Transportation and Department of Human Services;
- Include DAT in recruiting efforts;
- Place regular advertisements in African American and Latino newspapers;
- Implement recruiting efforts at the Iowa State Fair;
- Update the standardized group of websites, targeting Protected Classes, to post vacancy announcements;
- Develop a relationship with other programs for persons with disabilities looking to improve job skills.

A survey has been developed as a way to engage supervisors in recruiting and reaching out to underutilized candidates, specifically in professional organizations pertaining to the position. Supervisors now have the opportunity to e-mail Jennifer StJohn directly with any contacts they may have at an association or professional group

FY 2010-11 Diversity Progress Plan and Report

that could be utilized for the advertising of vacancies. With this survey, supervisors learn about underutilization and are encouraged to look at new ways to recruit. Please see Attachment C.

New activities that will be implemented to help the DNR nurture new natural resource professions include:

- Develop a new series of outreach efforts and opportunities to provide Department contact with and opportunities for students from middle school through college;
- Create and implement an annual DNR AmeriCorps recruiting program for high school students;
- Participate in the development of a state-wide internship program (an outcome of the recent recruiting Kaizen);
- Increase service learning activities for middle school, high school and college students;
- Provide job shadowing/service learning opportunities;
- Create of a process to manage job shadowing.

These long and short term activities, which are currently being employed, are planned to continue:

- Participate in university leadership programs;
- Participate in mock interviews at state colleges and universities;
- Participate in a variety of career and job fairs;
- Use unique recruiting tools like Craigslist, LinkedIn, MySpace and FaceBook to reach potential employees;
- Update DNR's employment website;
- Continue partnership with DOT and DHS to host a new website targeted to recruit 15-30 year olds to public-sector employment;
- Implement the division-wide diversity and recruiting plan for Conservation and Recreation;
- Attend a variety of community events;
- Participate in the state-wide Strategic Recruiting team;
- Gather information about the variety of DNR resources spent on recruiting;
- Post job vacancy notices in trade journals or association newsletters;
- Increase the use of DAS BrassRing for temporary, seasonal and AmeriCorps positions;

DNR leadership continues to support and monitor recruiting and outreach activities. Recruiting a diverse workforce is a high-profile effort within the DNR.

Diversity Related Training

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

In 2007, Governor Culver issued Executive Order 4, which created a state Diversity Council to review policies, procedures, and practices related to diversity in state government and develop recommendations for improvements. One of the outcomes of the Diversity Council was a training initiative for all state employees called "Unleashing the Power of Diversity." Every DNR employee has attended this training available through DAS-HRE Performance and Development Solutions. Along with "Unleashing the Power of Diversity" the DNR requires that every new employee take a diversity class titled "Valuing Diversity" within 60 days of their hire. This class is offered via classroom or web applications.

All Managers and Supervisors are also required to attend "Diversity Training for Managers and Supervisors." An activities guide for the State of Iowa workplace titled "Making a Difference With Diversity" was made available through this training and is available on the DNR Intranet at:

<http://learnatpds.iowa.gov/images/pds/pdf/Making%20a%20Difference%20Guide.pdf>

FY 2011 Plan

The DNR will continue to focus its attention on ensuring that new employees, managers, supervisors and hiring personnel adhere to the education guidelines of Executive Order 4 and those implemented by the Department of Natural Resources. As more educational opportunities are made available through DAS, the DNR will take an active role in participating.

Iowa Department of Natural Resources 2010-11 Strategic Plan

Preface

The Iowa Department of Natural Resources (DNR) is the state agency charged with conserving and enhancing Iowa's natural resources. The Department is within the executive branch of Iowa State Government. The general direction of DNR operations is set forth in the Code of Iowa 455A.2: "A department of natural resources is created, which has the primary responsibility for state parks and forests, protecting the environment, and managing energy, fish, wildlife, and land and water resources in this state." Governing policies and administrative rules are set by the DNR's governor-appointed director and two governor-appointed citizen commissions, the seven-member Natural Resource Commission that oversees fish, wildlife, parks and forestry issues and the nine-member Environmental Protection Commission that oversees environmental issues. Each commission meets monthly.

The Department has a wide range of functional responsibilities. To meet them, the DNR core functions include:
Natural Resources

Protection and management of:

- Fish and wildlife populations and their habitats on public and private lands.
- Forest resources on public and private lands.
- Air, groundwater, surface water, land and geologic resources.

Recreation

- Provide healthful, outdoor recreational opportunities for hunters, anglers, boaters, wildlife enthusiasts and park visitors.
- Develop and manage public lands and facilities including state parks and forests, wildlife areas and lakes.

Regulation and Enforcement

- License, permit and regulate hunters, anglers, and boaters, confined animal waste facilities, underground storage tanks, leaking underground tanks, public water supplies, solid waste facilities, and contaminated sites.
- Certification of drinking water operators, waste water treatment operators, animal waste applicators, and well drillers.
- Compliance inspections at various regulated facilities.

Since 2003, the Iowa Department of Natural Resources has been a leader in state government in adopting and utilizing the principles of Lean and continuous improvement. The efficient use of resources continues to be even more important in state government, and the DNR continues to work with our stakeholders and across bureaus and divisions to deliver services and opportunities in the most efficient and effective manner possible.

While measures are presented for each strategy in the following strategic plan, the Department also makes available an Environmental Report Card annually on Earth Day that includes measures on Iowans Outdoors, Land Protection, Deer, Game Birds, Non-game birds, Clean Air, Clean Lakes, and Water Quality.

RE: Public Employment Relations Board Diversity/Affirmative Action Plan and Report –
FY 2010-11

Dear Mr. West:

At this time, PERB has a total of seven employees; two board members appointed by the governor for four year terms, three administrative law judges, and two clerical staff. Our agency employs three males and four females and all are caucasian. Because of PERB's size, we will not be submitting a specific plan and report. However, PERB is committed to equal employment opportunity, creating a welcoming work environment for its employees regardless of race, ethnicity, or disability and seeks opportunities for increasing the diversity of its workforce. When positions are available we will seek to hire the most qualified applicant regardless of age, sex, religion, ethnic background or race.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Policy Statement

The State prohibits discrimination on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability in its employment policies and practices and is an equal employment opportunity and affirmative action employer.

The Department of Public Defense is committed to affording a discrimination-free environment for all employees and applicants for employment. We share in the right to receive fair consideration, access and opportunity and an avenue of redress in the event of discrimination. Additionally, we share the responsibility to conduct ourselves in a manner which precludes discrimination ensuring a more inclusive workplace and contributes to a culture of equity. It is the Departments belief that a Diversity plan by itself will never be successful. Rather an organization must have a solid Equal Opportunity Culture and a Human Relations Climate which will allow Diversity to become successful.

FY 2010-11 Diversity Progress Plan and Report

We provide information through email to all supervisors and post relevant documents in all work areas for employees to read at their leisure.

FY 2010-11 Diversity Progress Plan and Report

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

The Department of Public Defense practices a variety of human resource acquisition methods. We have two divisions in the department. The Military Division is primarily funded through the Department of Defense allocations and selections are based on positions authorized by military funding. The second division is the Homeland Security and Emergency Management Division. These positions are funded primarily through grants by the Federal Emergency Management Agency and the Federal Department of Homeland Security. While the department understands the prescribed hiring practices of the state we utilize these in conjunction with the diversity planning and goals based upon the strategies of the military services. The training in Diversity for the "State Employees" is augmented through the Federal programs already in existence.

FY 2010 Progress: While the Department understands the prescribed hiring practices of the State the Department will select the best candidate for vacant positions. Every effort will be made so that all hire boards will have board members who represent the diversity of employees making application. The Adjutant General, a State Employee delegates responsibility of Appointing Authority to the Human Resource Officer, a Federal Employee of the Iowa National Guard who has final approval authority for State positions. The HRO office facilitates the identification of positions, prepares the vacancy announcement, executes the hiring process, and provides follow up once a selection is made to ensure compliance with EEO/AA goals. The Hiring manager/supervisor is responsible for the adherence to prescribed hiring processes.

Promotional opportunities have been accomplished in a variety of ways. One method utilized in both divisions is a reclassification of a position. Often, position reviews identify tasks of greater complexity and more responsibility warranting reclassification and a promotion. Additionally the promotional Intra-Agency method outlined in the CBA and the DAS rules has been utilized.

FY 2011 Plans: Continue building the success achieved in 2010

FY 2010-11 Diversity Progress Plan and Report

Outline all steps taken by the agency to increase diversity in the department;

As mentioned before it is our belief and our intent to create a culture of equal opportunity which we believe will lead to a diverse work force.

FY 2010 Progress: The hiring authority determines whether the requisite competencies and skill sets can be acquired within our current Department employees, within State government, or externally. Known, potential candidates, skill sets, persons holding related job titles, and similar factors are all considered in this assessment. Whenever possible, the Department will balance external hires with internal hires so that the workforce is comprised of a mix of new and experienced employees, who will represent a diverse blend of work experience and backgrounds. When vacancies occur in underutilized job classes, before posting is limited to internal candidates only, strong consideration must be given to whether there is an adequate potential internal candidate pool. Otherwise, external candidates will not only be considered but encouraged to apply through recruitment efforts.

FY 2011 Plan: Continuation of what has been started in 2010

FY 2010-11 Diversity Progress Plan and Report

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress: In addition to the training provided by the State of Iowa. The Department of Public Defense continues to use Federal Resources, specifically the State Equal Employment Manager and the Diversity Coordinator for the National Guard. These individuals provide training to the different agencies within the Department. Examples of this training are Generational Diversity, Consideration of Others, and Human Relations Culture. This training is conducted throughout the year and is repeated as necessary and as time allows.

FY 2011 Plan: Intent is to continue with the same training. All training has received favorable feedback and the intent is to provide this for additional employees.

FY 2010-11 Diversity Progress Plan and Report

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress: Traditionally the Department of Public Defense has focused their recruit pool to that as one of retired military. Over the past year we have changed this focus towards one of encouraging others to make application for positions within the Department. We will continue to address numerical underutilization through normal quantitative affirmative action processes as we have done in the past.

FY 2011 Plan: Continue with processes that were used in 2010

FY 2010-11 Diversity Progress Plan and Report

Describe any other efforts undertaken by the agency during the reporting period to encourage workplace diversity. If you would like to provide any additional information as an attachment, please identify the topic of the document and a brief summary in Section 7.

FY 2010 Progress: The Department of Public Defense is committed to the Readiness of the Iowa National Guard and to its mission accomplishment. Reflecting the community we serve will help us attain this benchmark. Our goal is to create that environment of equal opportunity and culture throughout our workforce. Our supervisors are committed to and accountable for creating and maintaining an environment that fosters this type of opportunity. The next step is for these supervisors to provide mentoring and career guidance to the individuals they supervise.

FY 2011 Plan: Continue developments from 2010. In addition we will continue to pursue opportunities to work with various minority leaders in coordination with the National Guard Equal Opportunity and Diversity Team.

FY 2010 Progress:

Division Administrators have reviewed the Applicant Screening Manual and Manager's and Supervisor's manual as job opportunities have arisen. During FY 2010, the number of non sworn job vacancies filled dropped significantly due to budget concerns. As these vacancies occurred, Division Administrators reviewed the proposals to fill positions with the Director of Administrative Services. This was especially true in FY 2010 due to the Department of Management approval process for open vacancies to be filled. Every opening was scrutinized by the Division Administrator and the Director of Administrative Services to make sure the position was essential to the operation of our department and to make sure the funding was available and sustainable.

Division Administrators also identified lower level management to develop, modify and approve PDQ's as openings or reclassification requests happened, to develop and approve screening and selection devices, to develop questions for interviews, to utilize appropriate screening devices and to participate in the interview process.

FY 2011 Plan

For Sworn: The base recruiting strategy remains with innovative programs implemented for FY 2011. A broader approach to networking throughout the state will be accomplished with a speaker's program to target professional, civic, military and other organizations. The FY 2011 recruiting strategy includes penetrating the high school and middle school market for recruiting and informational purposes. The addition of "Women in Policing" testimonials on the web site will assist in penetrating the female market. Recruitment will gradually focus more in Internet social sites such as MySpace, Facebook, LinkedIn, etc. A pre-application orientation briefing program has been initiated to reduce no-shows and enhance applicant performance in all phases of testing. The briefings will be scheduled for key locations in the state with the most diverse markets.

FY 2010-11 Diversity Progress Plan and Report

For Non-Sworn: When the lack of qualified applicants is detrimental to the hiring process, departmental personnel will work with the DAS-HRE recruiter and other resources as appropriate in order to fill these positions.

APPROVED BY:  Steve E. Bogle, Executive Officer to the Commissioner	DATE: October 6, 2009	

I. Purpose

The purpose of this policy is to establish guidelines for the selection and placement of non-sworn personnel in the Department.

II. Policy

It is the policy of this Department to select and place qualified applicants in vacant non-sworn positions in the Department in accordance with applicable federal and state law, administrative law, collective bargaining agreements, and recognized employment standards.

III. General

- A. The Human Resources Enterprise of the Iowa Department of Administrative Services (DAS-HRE) is authorized to administer the affirmative action and equal employment opportunity (AA/EEO) programs for the Executive Branch of Iowa state government, including the Iowa Department of Public Safety for non-sworn positions. It is the policy of this state to provide equal opportunity in state employment to all persons. An individual shall not be denied equal access to state employment opportunities because of race, creed, color, religion, national origin, sex, age, or physical or mental disability.
- B. All applicants for vacant positions in the Department shall be considered in a fair and consistent manner in accordance with established policy. An applicant shall not be disqualified from a hiring process during initial screening unless it is established and documented that the applicant does not meet the minimum employment criteria for the Department or the particular position.
- C. The selection process for filling vacancies for non-sworn personnel in this Department is based on the listing of eligible candidates, known as the Requisition. This is generated by DAS-HRE.
 1. The Requisition contains a listing of candidates who have been certified as qualifying and eligible for the vacancy to be filled. An applicant for an open position must appear on the Requisition before he/she can be considered for employment.
 2. The Requisition may contain applicants who are current permanent non-sworn Department employees (aka intra-agency promotional applicant eligible list), current permanent state

employees (aka interagency promotional applicant eligible list), not currently employed in a non-sworn position in state government (aka external or all applicant eligible list), and combinations thereof.

3. If it has been determined that the position to be filled is underutilized for certain protected job classes (race, sex or disability), then applicants who meet the criteria for an underutilized class will be identified on the Requisition.
 4. Race, sex, or disability is to be included as one factor to be considered in the hiring process where the Department is underutilized and has applicable affirmative action hiring goals.
- D. All vacant positions that are to be filled shall be posted for application for specified time periods. The posting shall include any special requirements, known as selectives, and shall contain a notice indicating that a final offer of employment will not be made until an applicant has successfully undergone a background investigation appropriate for that position. Selectives must be pre-approved by DAS HRE before their use in a job posting as they become part of the initial screening tool used by DAS HRE to determine initial eligibility.
- E. Candidates must meet the *Minimum Employment Qualifications For Non-Sworn Positions* as published in DPS Form 84.
- F. A conditional offer of employment is required of applicants who are not already employed by the Department. The condition to be satisfied is the successful completion of a background investigation at the level designated in the background investigation policy.
- G. All application materials containing individually identifiable personal information shall be stored in a secure area when not being used.

The physician will determine if the applicant is physically able to perform the duties of a law enforcement officer as described in the peace officer job descriptions and minimum qualifications. Applicants meeting the minimum qualifications of the psychological and medical examinations advance in the selection process.

- I. **Divisional Review/Background Investigation:** Once an applicant has completed all test/evaluation requirements described previously in this directive, the applicant's entire application packet is delivered to the Division Director/designee of the applicant's choice for review and background investigation. The Division Director/designee is responsible for the review of all interested applicants and the subsequent background investigation. When a Division Director/designee eliminates an applicant from consideration, a written justification is provided to the Peace Officer Applicant Coordinator. The written justification remains with the Applicant's employment materials. In the event Applicants are interested in more than one Division within the Department, they are routed to additional Division Directors/designees until the Applicant's preferences are satisfied. All sworn officers of the Department use a standardized background investigation form to ensure a complete and uniform investigation. All sworn officers in the department receive standardized basic training in the completion of background investigations.
- J. **Final Offer of Employment:** An offer of employment as a peace officer candidate is made at the direction of the Commissioner of the Department of Public Safety. The selection process is completed for all applicants prior to the selection of peace officer candidates. Selected applicants are notified in writing of their selection as a peace officer candidate.

Additionally, after each pre-employment test phase, those applicants failing to meet the required standard are notified in writing. Please insert any additional statements of policy or commitment to achieving and maintaining a diverse workforce in your agency:

The Department is committed to fostering a welcoming, safe environment inclusive in its understanding and integration across multiple dimensions of diversity to allow employees to maximize their potential, productivity and job satisfaction. This includes but is not limited to: providing Diversity training to employees and supervisors; continuing to ensure ADA accommodations and interpretation services are provided to our applicants, employees and customers when requested; continuing to have hiring supervisors work with Internal Services to expand affirmative recruiting strategies depending on the nature, level and location of the vacancy and reviewing selection decisions prior to hiring offers; continuing use of an annual employee satisfaction survey and addressing problem areas identified; continuing use of a workforce planning survey allowing employees to voluntarily identify projected retirement dates; revising the exit interview forms to identify if any employees are leaving due to perceived insensitivity to diversity issues and continuing involvement with the State Strategic Recruitment Committee.

Administrative Plan

1. How your policy will be implemented:

Revenue managers and supervisors are responsible for ensuring their personnel practices and workplace are harassment and discrimination free. The Employee Resource team advises and assists the managers and supervisors. The Internal Service's Division Administrator is accountable to the Director for the overall development and implementation of the diversity program.

All Revenue work locations contain the "Equal Employment Opportunity is THE LAW" and the "Federal Equal Employment Opportunity Law" posters.

FY 2010-11 Diversity Progress Plan and Report**Section 2****Hiring and Promotion**

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

The hiring and promotional practices of the Department of Revenue follow the guidelines outlined in the DAS "Applicant Screening Manual."

FY 2010 Progress

The Department developed and received approval for a SERIP Vacancy plan to be implemented in FY11.

The Department worked with our DAS-HRE personnel officer to develop resume screening criteria for two Info Tech Support Worker 1 vacancies filled this year.

A new sample hiring offer/acceptance form was developed for department use. A new "Checklist for Hiring File Content" was developed to ensure proper documentation is available in the files for all department hires.

FY 2011 Plans

The Department plans to continue seeking guidance from our personnel officer on development of resume screening criteria when filling positions.

As noted in Section 5, the Department plans to resume some recruitment activities particularly if the job class is underutilized to increase the opportunities for a diverse workplace.

FY 2010-11 Diversity Progress Plan and Report

Section 3

Actions Taken to Increase Diversity

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

Due to budgetary issues, mandatory unpaid days off, no hiring, and no temporary staff, most employees were temporarily assigned to process income tax returns, so the diversity program was primarily limited to providing the DAS-HRE diversity class to the remaining 75 employees who had not attended class the prior fiscal year and a few other items outlined in other sections of this report.

Primarily due to the early retirement program, 81 employees left the Department in FY 10. Only 3 new hires and 1 promotion occurred in FY10. Of the 3 new hires, one minority employee was hired into a job class underutilized for minorities and 1 person with a disability was hired.

FY 2011 Plan

The Department plans to resume some recruitment activities to ensure that a diverse candidate pool is available. The Internal Services Administrator will discuss each position with the hiring supervisor to talk about diversity, underutilization, and to review screening criteria and interview questions for applicability to the job class.

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

77 employees who had not taken the class in FY2009 attended the “Unleashing the Power of Diversity” class. Two of the three new hires attended the class, while the most recent new hire in June (2010) is enrolled in an upcoming session. Diversity issues were discussed with all managers and supervisors at their semi-annual meeting in November 2009. This was a follow-up to monthly meetings on a variety of topics that were held in the previous year.

FY 2011 Plan

New employees will continue to be enrolled in the “Unleashing the Power of Diversity” class.

If additional diversity training is offered by DAS for supervisors and managers, all will be enrolled.

FY 2010-11 Diversity Progress Plan and Report

Section 5

Hiring Opportunities

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress

Due primarily to the early retirement programs, eighty-one employees left the Department this fiscal year. Budgetary constraints reduced the number of new hires to three and one employee was promoted. Of the three new hires, one minority employee was hired into an underutilized job class and one person with a disability was hired. We also contacted Vocational Rehabilitation when we were searching for temporary employees to the tax season and had them refer potential temporary workers.

FY 2011 Plan

The Department plans to resume recruitment efforts that were suspended in FY10 due to no hiring opportunities.

While the Department has no preferential underutilization for females or minorities, the Department is underutilized for persons with disabilities. The Department will notify additional organizations serving clients with disabilities of hiring opportunities with Revenue as specific positions are open for application.

Policy Statement and Administrative Plan

Policy Statement

The State prohibits discrimination on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability in its employment policies and practices and is an equal employment opportunity and affirmative action employer.

Please insert any additional statements of policy or commitment to achieving and maintaining a diverse workforce in your agency:

- The DOT developed and adopted the following diversity statement, which is posted on its website.

The Iowa DOT is committed to building and maintaining a diverse workforce where everyone, regardless of disability, race, gender, sexual orientation, sexual preference, age, religious affiliation or nationality can

- feel valued as individuals.
- work together in an environment where they are treated with dignity and respect.
- have the opportunity to contribute and exchange ideas.
- be a part of building a cohesive, enjoyable and successful transportation agency

Our mission is to advocate and deliver transportation services that support the economic, environmental and social vitality of Iowa. Our vision is to make a difference in the lives of Iowans through stewardship, service and innovation. A diverse workforce enhances our ability to deliver on both our mission and vision.

- The following is one of the guiding principles included in the DOT's strategic plan:

Quality Work Culture – Our employees are safe, respected and treated equitably; diversity is promoted to enrich and strengthen the workforce; and employees are given opportunities for personal and professional growth.

- The DOT will continue to follow its equal employment opportunity policy which is based on the principle that equality and human dignity are the right of every individual.

Equal employment opportunity will be provided to all employees and applicants in accordance with Federal and state laws, which prohibit employment and/or public accommodation discrimination on the basis of age, color, creed, disability, gender identity, national origin, pregnancy, race, religion, sex, sexual orientation or veteran's status.

- Managers and supervisors will assume responsibility for reviewing, revising and recommending changes in the employment qualifications, standards, policies and procedures to ensure compliance with the laws listed below. Violations of the employment policies and procedures of the Iowa DOT will be investigated in accordance with:

FY 2010-11 Diversity Progress Plan and Report

- DOT Policy 230.09 Investigations;
 - Americans with Disabilities Act of 1990 and ADA Amendments Act of 2008;
 - U.S. Civil Rights Act of 1964 - Title VII;
 - Iowa Civil Rights Act of 1964 (as amended);
 - State of Iowa Executive Orders (4, 15, 18, 34, and 44);
 - Equal Pay Act of 1963;
 - Age Discrimination in Employment Act of 1967;
 - Federal Aid Highway Act of 1968;
 - Vietnam Era Veterans Readjustment Assistance Act of 1974.
- By Executive Order 4, the DOT establishes the goal to be inclusive of employees with differences in age, race, creed, color, sex, sexual orientation, gender identity, national origin, religion and disability.
 - The Department will continue its standard of providing an inclusive, harassment free environment for all of its employees, employment candidates, and public customers.
 - DOT Policy 210.02 requires all recruitment, selection and hiring processes to conform with all applicable federal and state laws, administrative rules and provisions of the collective bargaining agreements; and enhance the opportunities to create and sustain a diverse work force.

Refer to Attachments A.1 - DOT Policy 230.03 on Equal Employment Opportunity/Affirmative Action (EEO/AA) and A.2 - DOT Policy 210.02 on Recruitment/Selection/Hiring Process.

Administrative Plan

1. How your policy will be implemented:

- The DOT's hiring policy and practices are addressed in DOT Policy 230.03 on Equal Employment Opportunity/Affirmative Action (EEO/AA). The key roles and responsibilities are identified in DOT Policy 210.02 on Recruitment/Selection/Hiring Process.
- The diversity commitment of the DOT has been initially implemented through its strategic plan. As a part of that plan guiding principles of quality work culture in which diversity is promoted to enrich and strengthen the workforce including a diversity statement contained on DOT's website, and mandatory diversity training of all employees, supervisors and managers were developed.
- In accordance with DOT Policy 210.02, "All applicant lists" are used when filling vacant positions.
- Annual diversity training is conducted for all supervisors to include information on recruiting for increased diversity.

FY 2010-11 Diversity Progress Plan and Report

- Increase overall diversity awareness by all DOT employees by encouraging representation at diversity events to promote inclusion for all citizens in utilizing the DOT.
- The DOT created and filled a new Civil Rights Coordinator position.

2. Name, job title, and contact information for the responsible EEO/AA official:

Elvie Laudencia, DOT AA/EEO Officer - Office of Employee Services, 515- 239-1693.

3. Describe your agency's system for auditing and reporting diversity issues:

When a selection is made, a hiring supervisor or selecting authority must submit a Hiring Decision Justification (HDJ) for all proposed hires to the Affirmative Action Officer for review and approval prior to offering. An HDJ is a written narrative of the selection decision process summarizing the recruitment process and selection process utilized in accordance with applicable Policies & Procedures, Iowa DAS Administrative Rules and the Applicant Screening Manual. The written narrative addresses the essential functions of the position and screening criteria used. It also includes a comparison of applicants to the essential functions and screening criteria as described by the interview content. The HDJ is a more structured method of documenting all judgments/evaluations/observations about applicants based on the interview. The HDJ is a best hiring practice for the purpose of documenting and dealing with diversity issues.

A hiring supervisor or selecting authority is required under DOT PPM 230.03 and PPM 210.02 to submit an HDJ for all proposed hires prior to extending a job offer. Additionally, all information regarding the recruitment, selection, and hiring shall be entered into the DOT's on-line P5/HDJ, *Hiring Authority and Hiring Decision Justification System*. The on-line system facilitates the entry and approval of P-5s, the associated HDJs, and also serves as a storage point for relevant documentation.

In addition, the DOT's HRIS is a significant resource for data collection regarding the DOT's workforce composition. Applicant flow data is a significant resource for identifying diversity issues.

DOT's Policy 230.03, Equal Employment Opportunity and Affirmative Action, provides employees with a process by which they can file complaints regarding employment or affirmative action. Those complaints are investigated by our affirmative action and employee relations officers.

FY 2010-11 Diversity Progress Plan and Report

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

- The DOT distributes its diversity plan and related materials to its employees on DOT's intranet, DOTNET. The DOT's diversity statement and related communication materials can be accessed by the public on the DOT's website at <http://www.iowadot.gov/jobs/diversity.html>.
- Supervisor's Toolbox – The DOT continues to provide information/resources to its managers and supervisors through its DOTNET site to assist them with the hiring process. Managers and supervisors were provided training on using DOT's resources such as the Supervisor's Toolbox during the Spring 2010 Supervisor Roundtables. The Supervisor's Toolbox is an online resource, which is intended to provide managers and supervisors with information on a variety of topics including employment and diversity.
- Information is communicated to all managers and supervisors as a part of the DOT's annual Managers and Supervisors Conference, which has a focus on diversity issues.
- Each spring and fall the department conducts Supervisor Roundtables in Ames and each of the districts. These roundtables are training sessions designed to provide managers and supervisors with information on human resources issues, including hiring, affirmative action, and diversity.

FY 2010-11 Diversity Progress Plan and Report

Section 2

Hiring and Promotion

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress

The DOT submitted a baseline of its current hiring and promotional practices to DAS in February 2008. The Department's hiring policy and practices are addressed in DOT Policy 230.03 Equal Employment Opportunity and Affirmative Action. The key roles and responsibilities are identified in DOT Policy 210.02 Recruitment/Selection/Hiring Process.

The two major changes that occurred during FY 2010 were the implementation of the P5/HDJ on-line system to assist supervisors/managers in the overall process of filling a vacancy up through the completion of a hiring decision justification and the revised DOT Policy 210.02 on Recruitment/Selection/Hiring Process.

The Iowa DOT completed work during FY 2010 on the following items.

- The DOT reviewed and revised Policy 210.02 Recruitment/Selection/Hiring Process.

The revised policy includes changes to steps in the following processes:

- I. Preparing to fill a vacancy, such as the:
 - Review of position description questionnaire (PDQ);
 - Completion of P-5's and HDJ's now accomplished through the same online system; and
 - Positions underutilized in more than one category now require enhanced recruitment.

- II. Screening and Interviewing Applicants, including
 - Affirmative Action Officer's approval of pre-interview screening criteria, applicant scores, and proposed list of interview questions prior to interviewing is now required when underutilization exists in more than one category;
 - Consideration of internal candidates;
 - Prohibition of nepotism expanded to include all supervisors and lead workers in the chain-of-command;

- III. Hiring Decision Justification and Reference Checks are required.
 - The policy more clearly defines what is required to be submitted for approval prior to an offer being made. The selecting authority shall submit,
 - a written narrative addressing
 - essential functions of the position,
 - screening criteria utilized,
 - a comparison of applicants interviewed to the essential functions,
 - screening criteria based on the answers provided during the interview,

FY 2010-11 Diversity Progress Plan and Report

- justification for the recommended hire to the Affirmative Action Officer in the Office of Employee Services,
- a copy of the following documents shall also be submitted:
 - (1) BrassRing certificate list,
 - (2) pre-interview screening criteria and scores, if applicable,
 - (3) interview questions,
 - (4) interview scores/matrix,
 - (5) PDQ/essential functions,
 - (6) reference check(s), and
 - (7) E-mail approval for the hire from the appropriate authority in the division (e.g., district engineer, division director).

FY 2011 Plans

- The DOT is in the process of reviewing and revising Policy 230.03 Equal Employment Opportunity/Affirmative Action and incorporating changes in hiring practices.

FY 2010 Progress

Job Postings and Advertisement/Promotion

Proactive Minority Community Involvement

Collaborative Efforts with other State agencies and entities

Appointment of formal work teams

Formal Policy Review/Revision

Job Postings and Advertisement/Promotion:

- The Department continued to utilize All-Applicant lists posted through the State of Iowa's employment website (DAS – Brass Ring) from which most if not all positions are additionally posted at Iowa Workforce Development and Smartcareermove.com. At the discretion of the hiring manager, vacancies may be advertised using paid postings. These postings have been placed at Careerbuilder.com, Monster.com, and Dice.com.
- Positions were routinely sent to the American Association of State Highway and Transportation Officials website, craigslist.com, and the Iowa Geographic Information Council.
- Additionally, positions were routinely sent via email to others, i.e. Iowa Department of Civil Rights and city Civil Rights coordinators, with distribution networks within minority communities in Iowa, and to the Iowa private college network.

Proactive Minority Community Involvement:

- The Department also continued to develop and maintain a community presence by participation in minority community events. Examples of events with emphasis on diversity outreach that the DOT participated in during FY2010 are:
 - 2009 Iowa Latino Conference and 2010 Latino Conference Planning Committee
 - Greater Des Moines Partnership's Quarterly Multicultural Receptions
 - Iowa Juneteenth celebration festival in Des Moines
 - Iowa State University's Diversity Engineering Fair
 - CelebrAsian 2010
 - Iowa Mosaic Diversity Conference
 - Kirkwood Community College Diversity Summit
 - Latinos Unidos Job Resource Fair
 - Latino Heritage Festival

FY 2010-11 Diversity Progress Plan and Report

- Additionally, the DOT participated in the following outreach events (not all inclusive):
 - Iowa State University Fall 2009 Engineering Fair
 - University of Iowa Fall 2009 Engineering Fair
 - Iowa State University Spring 2010 Engineering Fair
 - University of Iowa Spring 2010 Engineering Fair
 - Iowa State University's Engineering Scholar's Day (high school Seniors)
 - Local IWD Lunch and Learn
 - Boone High School Career Fair

Collaborative Efforts with other State agencies and entities:

- The DOT continued to participate in the quarterly Statewide Strategic Recruitment Team meetings coordinated by DAS-HRE.
- The DOT partnered with the Iowa Vocational Rehabilitation Services (IVRS) through a Customized Training pilot. The DOT intends to pursue similar partnership opportunities in FY 2011 with other groups.

Appointment of formal work teams:

- The DOT put a team together with representation from each division to complete a formal workforce plan. The plan was presented to the DOT Management Team for approval, and then it was submitted to DAS-HRE.
- The DOT approved a Recruitment and Retention Plan in 2008. This plan was also put together by a team made up of representatives from each division. The first priority of the plan is to increase exposure to currently qualified potential applicants. The DOT has enhanced its utilization of web technology to promote employment opportunities with the DOT through an employment page on the DOT website. The employment page includes links to our current job postings (through DAS). Visitors interested in employment opportunities with the DOT are able to sign up to receive updates through RSS (Really Simple Syndication) feeds and/or through Twitter. A very brief welcome video based on the DOT Vision Statement and workforce guiding principles is showcased on the Jobs homepage. The video displays and emphasizes the diversity that exists within the DOT both in careers and people. During the last 7 months of FY 2009, the site logged 35,410 absolute unique visitors and 64,287 visits to the site. The Job alerts had over 775 email subscriptions at the end of FY 2010. Due to a statewide DOT employment marketing campaign, the website has increased to over 40,000 unique visitors and surpassed the 1000 email subscriptions mark during the first month of FY 2011.
- The DOT completed the establishment of a new Civil Rights Coordinator position to manage the DOT's overall Civil Rights Program, as well as the development of a community outreach program to improve access to the DOT. The new coordinator was hired in April of 2010.

FY 2010-11 Diversity Progress Plan and Report

Formal Policy Review/Revision:

- The DOT revised Policy 210.02 Recruitment/Selection/Hiring Process. The revised policy requires enhanced recruitment effort for vacancies that occur within classifications that are identified by the Affirmative Action report as being underutilized in more than one category.

FY 2011 Plan

During FY 2011, in addition to continuing the strategies and activities of FY 2010, the DOT intends to increase public awareness of its employment opportunities. With the implementation of SERIP, the DOT experienced 355 retirements. Because one half of the SERIP vacancies can be refilled, it represents a great opportunity to potentially increase workforce diversity.

The DOT has taken the increased number of variances due to SERIP as an opportunity to improve diversity of our employment. As a result, the department has launched a significant recruitment effort in the African American and Latino communities.

During FY10 the DOT ran a continuous employment ad in Iowa's oldest African American print publication, the Iowa Bystander, and also placed advertisements in the following Latino print publications: El Communicator, Hola America, El Heraldito Hispano, El Viento del Tropico, and El Latino. An employment flyer was mailed to 88 African American congregations/ministries statewide. Also, radio spots were purchased on KJMC (Des Moines) and KBBG (Waterloo) which are both FM radio stations that cater to the African American community.

In July of 2010, the DOT's new Civil Rights Coordinator and the Recruitment Officer attended the National Association for the Advancement of Colored People (NAACP) National Convention Job Fair in Kansas City. In September 2010, the Civil Rights Coordinator attended the National Civil Rights Training Symposium in Virginia.

The manager or supervisor must contact the Affirmative Action Officer if a reasonable accommodation under Policy No. 230.10 is requested or is being made.
6. Take steps to prevent unlawful discrimination, discriminatory harassment and sexual harassment by making a reasonable effort to:
 - Be aware of and sensitive to all employees' behavior.

- B. **Filing complaints with external compliance agencies.** Nothing in this or any other DOT policy is intended to restrict the rights of an employee to pursue any other remedies that may be authorized by law. The Iowa Civil Rights Commission and the U.S. Equal Employment Opportunity Commission are two agencies that may be consulted for further advice and procedures, including applicable time limits.
- C. **Grievance.** Do not use the grievance policy in lieu of this policy for filing or resolving a complaint alleging discrimination, unlawful discrimination or sexual harassment.

Either federal or state law prohibits employment and/or public accommodation discrimination on the basis of age, color, creed, disability, gender identity, national origin, pregnancy, race, religion, sex, sexual orientation or veteran's status. If an employee believes he or she has been discriminated against, the employee should contact the DOT's Affirmative Action Officer at 515-239-1693. The employee may also contact the Iowa Civil Rights Commission at 800-457-4416. If the employee needs accommodation due to a disability, the employee should contact the DOT's Affirmative Action Officer.

In addition, the DOT is committed to the following policies:

- Coordination of recruitment for underutilized and hard-to-fill classifications.
- Prohibition of nepotism.
- Consideration of internal applicants for promotion, demotion and pay grade transfers to fill vacancies in permanent positions.
- Competition for temporary appointments when appropriate.

I. Preparing to Fill a Vacancy

A. Review of Position Description Questionnaire (PDQ)

1. All positions must have a current PDQ in the PDQ system (located in the Operations and Finance Applications Menu) prior to posting the vacancy.
2. When a vacancy occurs, the selecting authority should review the job duties of the position to ensure the duties meet the current needs of the DOT.
3. If the PDQ is accurate, the selecting authority shall proceed and complete the P-5. If the PDQ is inaccurate, the selecting authority shall submit an updated PDQ and/or request reclassification (see Policy No. 210.06, *Classification*).
4. If the selecting authority determines that, based on the duties of the position, a selective certification is needed, the selecting authority should contact the Office of Employee Services' classification team.
5. Use of a selective certification on a job posting must appear on the class specifications for the position. A selective certification must have a nexus to the job as demonstrated by the PDQ. A request for a new selective certification must be sent to the Office of Employee Services' classification team.

B. Completion of P-5, Hiring Authority

1. The selecting authority or designee shall enter the P-5 into the P-5/HDJ system. (Instructions are in the Supervisor's Toolbox on DOTNET and in the help menu of the application.) The language used in the P-5 should reflect the posting language the selecting authority wishes to have placed on the Department of Administrative Services' Web site. (The DOT's Recruitment Officer is available to assist selecting authorities in constructing this language.)
2. For contract-covered positions, the P-5 must be submitted to the personnel assistant in the Office of Employee Services no later than noon on Thursday for the vacancy to be posted the next week.
3. Once the P-5 has been approved at the personnel assistant level, if the position is contract covered, the vacancy will be posted for contract transfer in accordance with the applicable collective bargaining agreement prior to posting to the Department of Administrative Services' Web site and the DOT's Web site. If the position is a noncontract-covered position, it will be posted directly to the Department of Administrative Services' Web site and the DOT's Web site. The Office of Employee Services shall also publish an internal weekly posting containing a list of the contract transfer postings and a list of current available vacancies that have been posted on the Department of Administrative Services' Web site.
4. An all-applicant list shall be specified on the P-5. Division directors may, with written justification, request approval from the Office of Employee Services to waive the use of an all-applicant list.

C. Coordination of Recruitment

1. When filling a position within a job classification that has been designated as underutilized for either minority or female on the P-5, the selecting authority shall

consult with the Recruitment Officer and establish an enhanced recruitment action plan. Any additional recruitment effort will be determined by the Recruitment Officer and the selecting authority. All efforts and resources expended shall be documented by the selecting authority and placed as an attachment in the P-5/HDJ system.

2. The Office of Employee Services shall notify the Iowa Vocational Rehabilitation Services and the Department of the Blind of positions designated as underutilized for disability. The Office of Employee Services will add additional agencies and Web sites as opportunity provides.
3. For all other positions, the Recruitment Officer is available for consultation at the discretion of the selecting authority.
4. Recruitment services offered include, but are not limited to:
 - a. Researching specialized, technical, and diversity-related associations or Web sites for potential advertising opportunities.
 - b. Coordinating and/or placing ads or postings. All costs will be paid by the selecting authority's cost center or as determined by the DOT's Management Team.
 - c. Assisting with the development of text for vacancy announcements.
5. All recruitment materials shall state that the DOT is an equal opportunity employer and encourage women, minorities and persons with disabilities to apply.
6. Offices receiving requests for DOT participation in a recruitment event such as a job fair shall provide notice of the event to the Recruitment Officer. This will allow the Recruitment Officer to track outreach efforts, provide recommendations on other resources and possibly participate in the effort if need be.

D. Receipt of List of Eligible Applicants

Upon completion of the posting period and after the Department of Administrative Services – Human Resources Enterprise has determined the applicants meet the minimum requirements, a list of eligible applicants will be issued and sent to the assigned personnel assistant. The personnel assistant shall in turn place the list in the P-5/HDJ system, create the hiring decision justification in the P-5/HDJ system and send the selecting authority the E-link to the applicants that have been placed on the list.

II. Screening and Interviewing Applicants

 - b. A copy of the class specification.
 - c. The salary range for the position being filled.
3. Establish pre-interview screening criteria, as needed, to determine which applicants will be considered further. All screening criteria shall be job related, consistently applied and veteran's preference points taken into consideration. Depending on the number of applicants, multiple screening steps may be used.
 4. When a vacant position is underutilized in more than one category, submit the pre-interview screening criteria, applicant scores, and the proposed list of interview questions to the Affirmative Action Officer for approval, prior to interviewing.
 5. Use a selection team in the hiring process. The selecting authority should participate as a member of the selection team and must participate in the final selection of the candidate. At least one of the team members must have attended the Department of Administrative Services' PDS course, From Interview to Hire.
 6. Ask the following questions of each applicant as part of the interview process:
 - a. "Are you legally able to accept permanent employment in the United States?"

Note: If the applicant responds **yes** to this question, and the applicant cannot accept permanent employment based on his/her I-9 status, the applicant cannot be hired.
 - b. "Can you perform the essential functions of the position with or without reasonable accommodation?"

Note: If the applicant responds **yes** to this question, but states that he or she needs a reasonable accommodation, the selecting authority should provide the applicant with a copy of Form 131042. The selecting authority shall not make further inquiry into the applicant's disability. This form should be sent by the applicant directly to the DOT's Affirmative Action Officer. If this applicant is selected, the selecting authority should contact the Affirmative Action Officer. The Affirmative Action Officer shall then review the request for reasonable accommodation, if one has been submitted.
 - c. "How specifically did you become aware of this opportunity?"
 7. Notify applicants of the state's nonsmoking laws.

B. Consideration of Internal Applicants

1. Qualified permanent and temporary DOT employees, who apply for vacancies in permanent positions and meet screening criteria, shall be interviewed for promotion, demotion or pay grade transfers.
2. Qualified DOT employees, both permanent and temporary, who apply, shall not be screened out solely on the basis of current work location, home location or salary.

Policy No. 210.02

3. If a selecting authority becomes aware that an applicant is an employee within his or her immediate supervision or area of responsibility, the selecting authority shall use a team that includes the selecting authority or his/her designee and at least one current employee who is outside the section/unit, office, division or area of responsibility.

C. Prohibiting Nepotism

1. A member of the immediate family of any current employee shall not be given preferential treatment in hiring for any position. The selecting authority shall determine if an applicant is a member of the immediate family of a current employee during the screening process.
2. If a selecting authority becomes aware that an applicant is an immediate family member of anyone in the chain of command above or below the position, that selecting authority shall immediately notify the selecting authority's next higher level supervisor/manager and the Office of Employee Services. The selecting authority shall ensure that the applicant is disqualified from further consideration for employment for this position under this policy.
3. No employee shall serve on the selection team when an applicant is a member of his/her immediate family.
4. An employee in a supervisory position shall not directly supervise a member of his/her immediate family.
5. Employees assigned as lead workers, while not supervisors, shall not serve as a leadworker for an immediate family member.

D. Time Off for Job Interviews

1. DOT employees shall be granted a reasonable amount of time, up to a maximum of 4 hours in pay status, during regularly scheduled work hours, including travel time, to interview for a vacant position within the DOT.

2. For job interviews outside the DOT, employees shall use accrued vacation, compensatory time or leave without pay.
3. Employees shall not use a state vehicle or receive mileage, meal or lodging expenses reimbursement for attending interviews.

E. Temporary/Seasonal Appointments

2. Persons placed in noncontract temporary appointments shall not be allowed to work more than a total of 780 hours in a fiscal year.

3. Persons placed in contract-covered temporary appointments shall not be allowed to work more than a total of 700 hours in a fiscal year.

III. Hiring Decision Justification

- A. A hiring decision justification (HDJ) must be submitted for all proposed hires with the exception of positions filled by contract transfers or temporary positions.
- B. The selecting authority shall enter all information into the P-5/HDJ system for review by the Affirmative Action Officer. If the HDJ is approved by the Affirmative Action Officer, an event notice will be sent to the selecting authority.
- C. When a selection decision is made, the selecting authority shall submit Form 140009, *Hiring Decision Justification/Applicant Interview Report*, and a written narrative addressing the essential functions of the position, screening criteria utilized, a comparison of applicants interviewed to the essential functions, screening criteria based on the answers provided during the interview, and justification for the recommended hire to the Affirmative Action Officer in the Office of Employee Services, for approval as required under Policy No. 230.03, *Equal Employment Opportunity and Affirmative Action*. In addition, a copy of the following documents shall also be submitted: (1) BrassRing certificate list, (2) pre-interview screening criteria and scores, if applicable, (3) interview questions, (4) interview scores/matrix, (5) PDQ/essential functions, (6) reference check(s), and (7) E-mail approval for the hire from the appropriate authority in the division (e.g., district engineer, division director).

 1. Document all interview questions and answer criteria consistently to each applicant.
 2. Include two completed reference checks. When possible, submit two supervisory references. If the applicant is self-employed, submit two business references. For internal applicants, one supervisory reference check is sufficient. If any of the final applicants are current state employees, the selecting authority shall contact the current state agency to request review of the applicant's personnel file. Reference checks must be completed for every hire, except contract transfers.
 3. Verify and document possession of all required licenses and/or certifications, including dates of expiration, of the final applicants for the vacant position that is being filled. See Policy No. 210.05, *Loss of License or Certificate*.
 4. Maintain the following documentation for a period of 3 years: all cover letters, resumes, applications, applicant lists, reference checks, selection criteria, scoring matrix, interview questions, interview notes, correspondence with applicants, and HDJ materials.

1. The criminal history records check is a name-based and fingerprint-based criminal history records check using the FBI's National Crime Information Center (NCIC) and the Integrated Automated Fingerprint Identification (IAFIS) database and state repository records on each applicant for a covered position to determine if the applicant has been convicted of any of the following disqualifying crimes:
 - a. Permanent disqualifying criminal offenses. An applicant has a permanent disqualifying offense if convicted, or found not guilty by reason of insanity, in a civilian or military jurisdiction, of any of the felonies set forth in 49 CFR 1572.103(a). These felonies are:
 - (1) Espionage or conspiracy to commit espionage.
 - (2) Sedition or conspiracy to commit sedition.
 - (3) Treason or conspiracy to commit treason.
 - (4) A federal crime of terrorism as defined in 18 U.S.C. 2332b(g), or comparable state law, or conspiracy to commit such crime.
 - (5) A crime involving a transportation security incident. A transportation security incident is a security incident resulting in a significant loss of life, environmental damage, transportation system disruption, or economic disruption in a particular area, as defined in 46 U.S.C. 70101. The term "economic disruption" does not include a work stoppage or other employee-related action not related to terrorism and resulting from an employer-employee dispute.

- (6) Improper transportation of a hazardous material under 49 U.S.C. 5124 or a state law that is comparable.
 - (7) Unlawful possession, use, sale, distribution, manufacture, purchase, receipt, transfer, shipping, transporting, import, export, storage of, or dealing in an explosive or explosive device. An explosive or explosive device includes, but is not limited to, an explosive or explosive material as defined in 18 U.S.C. 232(5), 841(c) through 841(f), and 844(j); and a destructive device, as defined in 18 U.S.C. 921(a)(4) and 26 U.S.C. 5845(f).
 - (8) Murder.
 - (9) Making any threat, or maliciously conveying false information knowing the same to be false, concerning the deliverance, placement, or detonation of an explosive or other lethal device in or against a place of public use, a state or government facility, a public transportation system, or an infrastructure facility.
 - (10) Violations of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. 1961, et seq., or a comparable state law, where one of the predicate acts found by a jury or admitted by the defendant, consists of one of the crimes listed in Section IV.C.1.a of this policy.
 - (11) Attempt to commit the crimes in Sections IV.C.1.a.1 to IV.C.1.a.4 of this policy.
 - (12) Conspiracy or attempt to commit the crimes in Sections IV.c.1.a.5 to IV.C.1.a.10 of this policy.
- b. Interim disqualifying criminal offenses. The felonies listed in 49 CFR 1572.103(b) are disqualifying if the applicant was either convicted of those offenses in a civilian or military jurisdiction, or admits having committed acts which constitute the essential elements of any of those criminal offenses within the 7 years preceding the expected date of employment in the covered position; or the applicant was released from incarceration for the crime within the 5 years preceding the expected date of employment in the covered position. The interim disqualifying offenses are:
- (1) Unlawful possession, use, sale, manufacture, purchase, distribution, receipt, transfer, shipping, transporting, delivery, import, export of, or dealing in a firearm or other weapon. A firearm or other weapon includes, but is not limited to, firearms as defined in 18 U.S.C. 921(a)(3) or 26 U.S.C. 5845(a), or items contained on the U.S. Munitions Import List at 27 CFR 447.21.
 - (2) Extortion.
 - (3) Dishonesty, fraud, or misrepresentation, including identity fraud and money laundering where the money laundering is related to a crime described in Sections IV.C.1.a. or IV.C.1.b of this policy.  - (11) Assault with intent to kill.
 - (12) Robbery.
 - (13) Fraudulent entry into a seaport as described in 18 U.S.C. 1036 or a comparable state law.
 - (14) Violations of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. 1961, et seq., or a comparable state law, other than the violations listed in Section IV.C.1.a.10 of this policy.
 - (15) Conspiracy or attempt to commit the crimes described in paragraphs "1" to "14" immediately above.
- c. Under want, warrant, or indictment. An applicant who is wanted or under indictment in any civilian or military jurisdiction for a disqualifying crime is disqualified until the want or warrant is released or the indictment is dismissed.
 - d. Determination of arrest status. When a fingerprint-based check discloses an arrest for a disqualifying crime without indicating a disposition, the disposition of the arrest must be determined. If, despite reasonable and diligent efforts, the disposition cannot be determined and the offense is a permanent disqualifying offense, the applicant may not be employed in a covered position. If, despite reasonable and diligent efforts, the disposition cannot be determined and the offense is an interim disqualifying offense, the applicant may not be employed in a covered position unless the applicant provides a certified statement from an appropriate custodian of records in the judicial branch of the jurisdiction of arrest that no record of conviction for the offense exists.

If a check discloses an applicant has been arrested for a disqualifying crime for which prosecution is pending, the applicant is disqualified until a final disposition has been reached. If final disposition is a conviction for a disqualifying crime referenced in this section, the applicant shall be disqualified as required in this section.

2. Notice

Every applicant for a covered position must be given notice that he or she must undergo a background check and the contents of the check before beginning employment in a covered position. The selecting authority must ensure that this notice is included in any posting or paid advertisement for a covered position, by

including the following in the P-5 for the covered position.

NOTICE: This position is a covered position under the REAL ID Act of 2005, 49 U.S.C. § 30301 note, as further defined in 6 CFR Part 37. Any applicant selected for employment in this position must submit to and pass a background check of the form and content required by 6 CFR 37.45.

During preparation of the P-5, the selecting authority should review the PDQ for the covered position to assure that successful completion of the background check is listed as an essential function of the position, and, if it is not, the selecting authority shall submit an updated PDQ to the Office of Employee Services for approval and the updated PDQ shall include successful completion of the background check as an essential function.

3. Process

- a. Once an applicant has been selected for employment in a covered position, the selecting authority shall obtain from the Office of Motor Vehicle Enforcement a fingerprint packet, and submit that packet to the selected applicant. The packet must include a consent and disclosure form, a fingerprint instruction sheet, a fingerprint card, and an Office of Motor Vehicle Enforcement self-addressed envelope. The instructions shall direct the selected applicant to complete the consent form and to present the fingerprint card for completion by a certified technician at the local law enforcement agency of the selected applicant's choice, and to request the local law enforcement agency return the completed consent form and fingerprint card to the Office of Motor Vehicle Enforcement, by regular U.S. mail using the self-addressed envelope provided.
- b. Upon receipt of a properly completed consent form and fingerprint card, the Office of Motor Vehicle Enforcement shall forward the selected applicant's fingerprint card and accompanying documents to the Iowa Division of Criminal Investigations for completion of the criminal history records check.
- c. The Office of Motor Vehicle Enforcement shall arrange for personal pick-up of the results of the criminal background check by Office of Motor Vehicle Enforcement staff and shall forward those results to the selecting authority by sealed, confidential envelope.
- d. The selecting authority shall review the results of the criminal history records check. If the results show a criminal history, the selecting authority shall consult with the Director of the Office of Employee Services and the Director of the Office of Driver Services to determine if any offense identified in the results is a permanent disqualifying criminal offense or an interim disqualifying criminal offense.
- e. The Department shall be responsible for the charge assessed by the local law enforcement agency for completion of the fingerprint card, and for the cost of the criminal history records check. If the local law enforcement agency will not bill the Department for completion of the fingerprint card, and requires the applicant to advance pay that cost, the Department will reimburse the selected applicant upon submission of a valid invoice or receipt showing advance payment of that cost.

Policy No. 210.02

D. Employment Eligibility Verification

An applicant's employment eligibility must be verified as required by Section 274A of the Immigration and Nationality Act (8 U.S.C. 1324a) and its implementing regulations (8 CFR Part 274A).

E. Disqualification

1. If results of the criminal history records check reveal a permanent disqualifying criminal offense or an interim disqualifying criminal offense, the applicant may not be employed in a covered position. An applicant whose employment eligibility has not been verified as required by Section 274A of the Immigration and Nationality Act (8 U.S.C. 1324a) and its implementing regulations (8 CFR Part 274A) may not be employed in any position.
2. If a selected applicant is disqualified from employment in a covered position or from employment in any position, the selecting authority shall notify the selected applicant in writing of the disqualification, the scope and extent of the disqualification, and the reason for the disqualification. If the disqualification is based on the results of a criminal records history check, the selecting authority shall provide a copy of the results to the selected applicant. The written notice to the selected applicant shall state that the selected applicant has 7 days in which to contest the disqualification by providing information sufficient to show that the reason for disqualification is inaccurate.

V. Post-Offer Process

- A. A new hire who is not currently employed by the State of Iowa may be offered a salary above the minimum of the pay grade if prior approval has been granted. (See Policy No. 210.07, *Pay, Pay Increases and Special Assignments*, for information on advanced appointment rates.)
- B. If the new hire is a current employee of the State of Iowa, a pay increase is limited to 5 percent above his or her current salary or to the minimum of the new pay grade, whichever is greater.

- E. The supervisor is responsible for ensuring that a new hire P-1 is created to place the employee on the payroll. The new hire P-1 and all supporting documentation must be received by the personnel assistant in the Office of Employee Services by the beginning of the pay period in which the hire takes effect. Section 2	Hiring and Promotion
------------------	-----------------------------

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress: During this fiscal year all hiring supervisors were aware if underutilization existed with their vacancy. All hiring supervisors have reviewed the DAS Hiring and Selection Manual to ensure understanding of the hiring process. A checklist was created for hiring supervisors with the steps to follow in the hiring process.

FY 2011 Plans: Will continue to evaluate need for additional/refresher training on diversity and hiring practices.

FY 2010-11 Diversity Progress Plan and Report**Section 3****Actions Taken to Increase Diversity**

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress: Our focus continues to be on the health care professions and the Resident Treatment Workers. We have made presentations at the local high school to encourage youth to consider health care jobs. Because Marshalltown has a significant Hispanic population these presentations have included a significant number of minority students. There are a dozen IVH Nurse Supervisors mentoring high school students who will be the first in their family to go to college. The majority of these students are minorities.

FY 2011 Plan: We will continue to make the high school presentations and participate in the mentoring program. During this year the IVH will be a training facility for the certified nurse aide program which will get future Resident Treatment Workers in the facility to aid recruitment. We are already a training site for the LPN and RN program. Because all of the positions within the nursing department must be licensed or certified most of our efforts are to recruit as a training site for the Community College and will continue to build our relationship with the Community College.

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress: During this fiscal year all employees and supervisors received the diversity training provided by the state. Additionally 82 staff attended an in-service on Transgender issues; 2 hiring supervisors attended the Iowa Mosaic Diversity Conference; and four hiring supervisors received training on the ADA. All employees during their annual in-service BLITZ receive training on resident rights that includes a discussion on recognizing differences.

FY 2011 Plan: Will continue to evaluate the need for appropriate training within budgetary restraints.

FY 2010-11 Diversity Progress Plan and Report**Section 5****Hiring Opportunities**

Outline how the agency intends to increase diversity among its staff in the next year, based upon the number of anticipated hiring opportunities, SERIP replacements and current workforce composition;

FY 2010 Progress: We have previously discussed steps we have taken to increase diversity however, because of the licensing and certification requirements for the majority of our positions we have focused on long term results by educating students on the advantages of a career in health care.

FY 2011 Plan: We will not be filling any SERIP positions this fiscal year and will only be filling replacement positions as they occur primarily within the direct care positions. We will continue to make presentations at local high schools and attend career fairs at the surrounding schools of nursing but the primary emphasis will be in the Marshalltown area because of the significant minority population.

Section 1	Policy Statement and Administrative Plan
------------------	---

Policy Statement

The State prohibits discrimination on the basis of race, creed, color, religion, national origin, sex and sexual orientation, age, or mental and physical disability in its employment policies and practices and is an equal employment opportunity and affirmative action employer.

Please insert any additional statements of policy or commitment to achieving and maintaining a diverse workforce in your agency:

Please see "Civil Rights Orientation Training a Self-Study Guide, Iowa Workforce Development Revised March 2009.

Administrative Plan

1. How your policy will be implemented:

Iowa Workforce Development uses its "Iowa Workforce Development Hiring Process Action Steps effective May 1, 2008" and the Civil Rights Orientation Training Guide to disseminate its plan steps related to selection and hiring. This is made available to all personnel participating in the selection and hiring process. These procedures are required to be accomplished in our recruitment, selection and hiring processes. Additionally, all IWD employees are provided with the "Civil Rights Orientation Training a Self-Study Guide" at the time of their employment. IWD reinforces and assures through education and training provided to these employees in our new employee orientation training. These policies and practices are reinforced through consultation with hiring participants, in management meetings and with individual as it becomes necessary. The orientation guide includes IWD's and the states' policies addressing discriminatory harassment, equal employment opportunity, sexual harassment and affirmative action policies.

Name, job title, and contact information for the responsible EEO AA official:

Harvey Andrews, State WIA EO Officer, IWD, 1000 E. Grand Ave., Des Moines, IA 50319. (515) 281-8149. (Fax) 515-281-7596, harvey.andrews@iwd.iowa.gov.

2. Describe your agency's system for auditing and reporting diversity issues:

At each step of the "IWD Hiring Process Action Steps" the hiring team participants roles are defined in the 30 steps provided. This enables each and every participant in the hiring process to understand the requirements necessary for participation and their individual and collective responsibilities. Persons responsible for assuring that the various steps take place are clearly identified and this procedure requires the agency Director's, HR manager's and the EO Officer's review and approval (through the letter of justification request process) before any hiring is finalized or approved. Additionally before any hire is approved the division administrator must assure that a "justification letter" request for hiring is submitted to the Employee Service Manager and EO Officer for approval. It is a responsibility of the employee services manager and EO Officer to monitor the hiring process assuring compliance. Interview questions and score sheets are reviewed for applicability to the

FY 2010-11 Diversity Progress Plan and Report

job functions and require approval by the ES Manager and the EO Officer prior to being used in the selection /hiring process.

Concerns and questions relative to the selection hiring process are required to be directed to the ES Manager and the EO Officer. When jobs are posted or initiated the ES Manager and EO Officer are consulted for addressing underutilization needs as are applicable before progressing.

4. Indicate how your diversity plan and related communication materials are distributed to your employees and/or the public. Please provide any relevant links to your web site or attach a copy of supporting documentation:

Annually and as identified the EO Officer and Employee Services Manager meet with IWD's division administrators and management to address IWD Diversity Plan. On a routine/daily basis IWD's division administrators, managers, supervisors (and all hiring team participants) have an open line to consult with the Employee Services Manager, Equal Opportunity Officer and the Human Resource Assistants as they address IWDs procedures.

Hiring and Promotion

List your agency's hiring and promotion practices, outlining any changes to those practices during the reporting period;

FY 2010 Progress

See "Iowa Workforce Development's Hiring Process Action Steps" highlighted in red. The 2010 plan was adjusted in steps number (5), five, 10 (ten), 12 (twelve), and 25 (twenty-five). Most significant of these changes is number 12 (twelve) which requires that all internal applicants applying for a position be interviewed before a decision is made to seek applicants from external sources.

FY 2010-11 Diversity Progress Plan and Report

Section 3	Actions Taken to Increase Diversity
------------------	--

Outline all steps taken by the agency to increase diversity in the department;

FY 2010 Progress

- A. Making promotional and transfer opportunities more transparent through encouragement of management's involvement in outreach internally and externally. Being proactive in anticipation of future job opportunities and communicating such.

Progress in this area was affected by the SERIP (unanticipated increase in vacancies) and the need to increase personnel to meet the demand of heavy Unemployment Insurance activity resultant from the condition of the states' economy. The resulting vacancies enable and has created an opportunity for IWD to increase the diversity in our workplace in hiring of women, minorities and PWD. Special efforts were made to extend recruitment to the farthest out reaches to achieve a more diverse applicant pool to select from to meet our hiring needs.

All levels of management/employee receive training in diversity and an effort continues to assure an awareness of diversity within our work place; all participants involved in the hiring process have received Diversity training (state of Iowa) or its equivalent through various other resources (IWD has partnership arrangements with other entities serving in common physical locations that participate in our interview process). This requires an on-going process as we hire persons into the managerial and supervisory ranks and this will be addressed. Currently no one participates on any hiring team unless there is evidence of their having received diversity training.

- B. Establish an open, appreciative, rewarding of achievements, proactive approach towards employee concerns.

Every opportunity that presents itself is used as a teachable time to instill trust and enable management to recognize the value in this approach. This is an ongoing effort in IWD.

- C. Involve management and employees in recruitment and some of the selection processes.

This has been accomplished and is continuing. Employees/management is aware of vacancies through posting on the internal computer network.

- D. Establish a continuum for training new supervisory and employees for IWD's hiring teams.

Training has been established for new supervisory employees through new employee orientation and networking with our Division Administrators and Bureau chiefs and our providing consultative involvement through the Employee Services Manager and the EO Officer. The IWD Hiring Process Actions Step is also instrumental in assisting in these efforts.

- E. Establish a process that assures SMEs meet the same requirements as identified for hiring teams participants

FY 2010-11 Diversity Progress Plan and Report

Currently SMEs can participate in the hiring process as technical advisors providing information as requested to hiring team participants. This limitation is due to our having yet to establish training criteria for this group providing them the same training received by the hiring team participants. IWD has been inundated with replacing exiting staff and this has changed our priority towards addressing this.

Utilizing resources of DAS (DAS's recruiter) to assist in the recruiting process; this is being accomplished in an ongoing manner and works well. There are some technicalities that if addressed could enhance IWD's ability to address its diversity needs. These have been discussed with DAS' Recruiter.

F. Continue to identify hard to fill positions placing special emphasis in recruitment and building a base of resources and networking and contact.

This has been ongoing and we have been able to identify applicants with the participation of management in the recruitment process.

G. Anticipate IWD vacancies enabling us to do sufficient recruitment to assure an applicant pool that is diverse.

At the start of the year we were able to project our vacancies. Due the change in the economy and SERIP IWD has had to move forward with our hiring needs with some minimal amount of foreknowledge. With this our diversity needs remained a primary focus during the recruitment, selection and hiring processes. Every effort is made to advertise our vacancies through a state wide network targeting colleges, churches, community groups and advocates for persons with disabilities, those ages 40 and over, women and minorities. Our network and that of DAS' recruiter has enabled us to be successful in our networking efforts.

FY 2011 Plan

A. Continue accomplishing items A through G as listed in the FY 2010 Plan and the following:

B. Continue to review the employee evaluation process and develop concrete methods to improve employee engagement, including individual development plans (IDP) through accomplishing training needs assessment.

C. Provide management with AA/ Diversity statistics for their awareness of status and progress.

D. Train management team (by division) regarding training needs/assessments and new staff development processes.

E. Based on item 3 above identify necessary technologies to accomplish.

F. Meet with management to explain and encourage them to get involved in outreach internally and externally for the anticipated vacancies when they occur.

FY 2010-11 Diversity Progress Plan and Report

- G. Continue to meet with management to explain and encourage the value of creating an environment that utilizes and values its diversity.
- H. Continue to provide management and employees relevant updates concerning diversity achievements and progress in IWD and other companies and organizations.
- I. Subject matter experts selected to participate in the hiring process will all be trained in AA and Diversity.
- J. Continue to tutor increase communication to all employees regarding IWD's Hiring opportunities.
- K. Keep all management abreast of progress towards affirmative action/diversity goals.
- L. Continue to schedule all new managers for affirmative action/diversity training
- M. Continue to review the exit interview process and make recommendations to ensure that the Director and appropriate managers are aware of the feedback
- N. Provide progress reports by divisions showing jobs vacated and why.
- O. Continue to critique the current hiring process for IWD to ensure its effectiveness.
- P. Monitor the probationary period of employees hired to measure progress and success in our selection process.
- Q. Continue to review quality of interview questions being used in the hiring process to monitor their effectiveness. (Meet with managers of hiring teams to discuss)

FY 2010-11 Diversity Progress Plan and Report

Section 4	Diversity Related Training
------------------	-----------------------------------

Outline the steps taken by the agency to train employees on diversity-related issues;

FY 2010 Progress

All managerial, supervisory, Division Administrators and Bureau Chiefs and staff employees received or will be scheduled to receive diversity training.

FY 2011 Plan

1. We will pursue providing in house diversity training as a continuum assuring all employees are trained in diversity.
2. Management will have access to consultation and tutelage regarding diversity topics within IWD through the EO Officer and the Employee Services Manager.
3. Opportunities that occur externally for Diversity training will be reviewed for quality to recommend continuous awareness training to our staff as is feasible.

Section 1

**The United States
Civil Rights Act**

And

**The Iowa
Civil Rights Act**

In this section of your training unit, we will discuss parts of the U.S. Civil Rights Act and the Iowa Civil Rights Act. We will cover only those areas most likely to affect you as an employee of Iowa Workforce Development.

The U.S. Civil Rights Act of 1964 (as amended)

The 1964 Civil Rights Act, as amended in 1972, prohibits all forms of discrimination on the basis of race, color, gender, religion or national origin.

Title VI and Title VII of this act have the most impact on this agency and its employees.

Title VI

This portion of the Civil Rights Act deals with nondiscrimination in federally assisted programs. Section 601 states: "No person in the United States shall on the grounds of race, color, or national origin be excluded from participation in, or denied benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance."

Because the funds that operate Iowa Workforce Development are primarily provided by the federal government, employees of the agency are protected against discrimination by this portion of the Civil Rights Act. Also, this means that as employees of the agency, we cannot discriminate in any of our services, to program and activities to the public.

QUESTION 1

Why is the Iowa Workforce Development included under Title VI of the Civil Rights Act of 1964?

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 1

The Iowa Workforce Development is included under Title VI because it is financially assisted by the federal government.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Title VII

This portion of the Civil Rights Act deals with equal employment opportunity.

Section 703 of Title VII states: "It shall be an unlawful practice for an employment agency to fail or refuse to refer for employment or otherwise to discriminate against any individual because of his race, color, religion, gender, or national origin, or to classify or refer for employment any individual on the basis of his race, color, religion, gender, or national origin."

In 1972, Congress passed the Equal Employment Opportunity Act, which amended Title VII. Title VII as amended applies to both private and public employment agencies as well as all state and local governments. Title VII, therefore, applies to Iowa Workforce Development both as an employer and as an employment agency.

The Civil Rights Act of 1991 further amended Section 703 of Title VII by stating that: "It shall be an unlawful employment practice for a respondent, in connection with the selection or referral of applicants or candidates for employment or promotion, to adjust the scores of, use different cutoff scores for, or otherwise alter the results of employment related tests on the basis of race, color, religion, gender, or national origin." It also stated that: "Except when otherwise provided, an unlawful employment practice is established whenever the complaining party demonstrates that race, color, religion, gender, or national origin was a motivating factor for any employment practice, even though other factors also motivated the practice."

QUESTION 2

Title VII of the U.S. Civil Rights Act of 1964 (as amended) prohibits discrimination based on: (Circle the appropriate answer(s).)

<i>age</i>	<i>religion</i>	<i>race</i>
<i>gender</i>	<i>marital status</i>	<i>national origin</i>
<i>color</i>	<i>political affiliation</i>	<i>disability</i>

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWERS.)

ANSWER QUESTION 2

Title VII prohibits discrimination based on race, color, religion, gender, or national origin.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

The Iowa Civil Rights Act of 1965

The Iowa Civil Rights Act of 1965 prohibits discrimination in "employment on the basis of age, race, gender, creed, national origin, religion, and disability." The term "employer" in the act includes the state, or any political board, commission, department, institution, or school district, and "every other person employing employees within the state." It does not apply to an employer who regularly employs less than four individuals. Family members are not counted as employees.

The Iowa Civil Rights Act's more inclusive than the U.S. Civil Rights Act. The Iowa Civil Rights Act prohibits discrimination based on age. *It sets a lower limit of 18 years.* The "Federal Age Discrimination in Employment Act"(ADEA) applies only to individuals "who are at least forty years of age." Neither act specifies any upper age limits.

Secondly, the Iowa Civil Rights Act prohibits discrimination against the disabled (persons with disabilities).

Thirdly, effective 07/01/07 Iowa law protects against discrimination on the basis of sexual orientation and gender identity in employment, public accommodations, credit, housing and education.

QUESTION 3

The Iowa Civil Rights Act provides broader protection than the federal law to which two groups?

(CHECK YOUR ANSWER ON THE NEXT PAGE.)

ANSWER QUESTION 3

The Iowa Civil Rights Act prohibits discrimination for those 18 years and older. It also prohibits discrimination based upon disability and protects against discrimination on the basis of sexual orientation and gender identity.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT SECTION. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Section 2

AFFIRMATIVE ACTION

In this section of your training unit, we will discuss affirmative action. Affirmative action is a term we often hear but may not be sure of its meaning. We will give you a brief historical overview of affirmative action and look at what it is and what it is not.

History

The term affirmative action was probably used as a legal requirement as early as 1961. However, neither the Iowa Civil Rights Act of 1965 nor Title VII of the U.S. Civil Rights Act of 1964 (as amended) made use of the term. The concept was inferred with the requirement to establish various commissions to take action to prevent discrimination.

Affirmative action had its roots in the failure of attempts made by the government at all levels to adequately establish equal employment opportunities. During the early period of implementation it was found that:

- (1) discrimination was more deeply embedded in the social fabric than had first been thought;
- (2) discriminatory hiring practices were often the result of unconscious actions by some hiring authorities based on unexamined assumptions about what job could be effectively held by various groups;
- (3) selection and hiring procedures were oriented to white male Protestants; and
- (4) there were suitably qualified minority group and female applicants for many jobs. As a result a number of executive orders and laws were enacted.

QUESTION 4

Discrimination in hiring is solely a conscious overt action against certain individuals or groups. TRUE or FALSE

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 4

FALSE: While this was the belief at one time, it was found that hiring practices were often the result of unconscious discriminatory practices.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

What is Affirmative Action?

Affirmative action is a process which consists of specific, result-oriented procedures designed to effect change. It represents "sound administrative practices." The focus, however, is upon classes of people who have required special legislation to ensure an equal opportunity to compete in the labor market. That is, certain racial-ethnic minority groups, women, members of certain age groups, and the physically or mentally handicapped. These groups are referred to as "protected classes." In Iowa, these and other groups are protected by special legislation set forth in the Iowa Civil Rights Act of 1965 (as amended).

It has been found that the consequences of past discrimination are perpetuated in present employment systems. Affirmative action is remedial since it requires specific action to (1) correct staffing patterns which show unusually low levels of hiring and promotion of the protected groups, and (2) prevent future employment discrimination which would tend to prolong these discriminatory patterns.

Title 2 of the U.S. Civil Rights Act of 1991 called attention to the "continued underrepresentation of women and minorities" in business and to the existence of glass ceilings, or "artificial barriers to the advancement of women and minorities to management and decision-making positions." In an effort to "eliminate the artificial barriers and to increase opportunities and developmental experience of women and minorities, in order to foster their advancement into management and decision-making positions," the U.S. Civil Rights Act of 1991 established a commission to examine current policies and procedures, and identify those that are successful.

QUESTION 5

Who are the members of the "protected classes"? and what is the focus of Affirmative Action?

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 5

Protected classes are certain racial-ethnic groups, women, and members of certain age groups, and the physically or mentally handicapped. Affirmative Action focus is to ensure equal opportunity to achieve & balanced workforce.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Misconceptions About Affirmative Action

Affirmative action does not imply:

1. Preferential Treatment—Since this concept endorses a principle of employing certain classes of people at the expense of another class, preferential treatment defeats the purpose of affirmative action. For example, if a hiring authority systematically hired minorities whether qualified or not, this would result in preferential treatment of minorities.
2. Reverse Discrimination—If there has been discrimination against certain classes of people which has resulted in their exclusion from employment opportunities, the procedure should not be reversed and the same discriminatory practices used to hire other classes of people who were previously discriminated against.
3. Quotas—If a quota system required hiring authorities to hire a “fixed” number of employees from a given class, then, once that number is obtained, they may feel that there are no further requirements. This concept is benevolent rather than remedial.

Affirmative action does not endorse any of these concepts. However, the belief that they are requisites of an affirmative action program is widespread.

QUESTION 6

An affirmative action plan is established to offer preferential treatment to protected classes and assure that each employer has a specific number of the members of a protected class. TRUE or FALSE

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 6

False: Affirmative action is meant to assure that all members of the protected classes have an equal opportunity to compete in the labor market. It is not meant to fill a quota.

Within Iowa Code section 19B.12, "sexual harassment means persistent, repetitive, or highly egregious conduct directed at a specific individual or group of individuals that a reasonable person would interpret as intentional harassment of a sexual nature, taking into consideration the full context in which the conduct occurs, which conduct threatens to impair the ability of a person to perform the duties of employment, or otherwise function normally within an institution responsible for the person's care, rehabilitation, education, or training."

Examples of sexual harassment include, but are not limited to:

4. Actions that are sexual in nature such as cornering, patting, pinching, touching or brushing against another person's body.

C. DISCRIMINATORY HARASSMENT IN VIOLATION OF IOWA CODE CHAPTER 216 AND FEDERAL STATUTES

Harassment of employees based upon their race, creed, color, religion, sex, national origin, age, or physical or mental disability is a violation of the Iowa Civil Rights Act (Iowa Code chapter 216, as amended); Title VII of the Civil Rights Act of 1964, as amended; the Age Discrimination in Employment Act of 1978, as amended; and the Americans with Disabilities Act of 1990.

3. Subjecting an employee to demeaning or degrading activities in order to gain co-worker acceptance, e.g., hazing.
4. Disciplining or terminating an employee because of work incompatibility that is caused by prohibited discrimination, harassment, or biased behavior.

D. DISCRIMINATORY PRACTICES IN VIOLATION OF EXECUTIVE ORDER NUMBER EIGHTEEN

Discriminatory practices within the executive branch of state government for the State of Iowa shall constitute a violation of Executive Order Number Eighteen. It shall be a discriminatory practice to refuse to hire, accept, register, classify, refer for employment, or to discharge or otherwise discriminate against any applicant or employee because of the race, creed, color, religion, gender, national origin, age, or physical or mental disability of such applicant or employee, unless based upon the nature of the occupation.

If a person with a disability is qualified to perform a particular occupation, by reason of training or experience, the nature of that occupation shall not constitute the basis for an exception to the unfair or discriminatory practices prohibited by this policy and state law.

Examples of discriminatory practices under this section include, but are not limited to:

1. Refusing to employ, disciplining, or terminating an individual for discriminatory reasons, or
2. Limiting, segregating, or classifying an employee in any way that would unjustly deprive, tend to deprive that person of employment opportunities, or otherwise affect the employment status of an employee for any reason that violates this section.

E. GRIEVANCE PROCEDURE

Any person who feels that he or she has been denied an employment opportunity because of race, creed, color, religion, sex, national origin, age, or physical or mental disability has the right and is encouraged, to file a complaint with the person's department, pursuant to the department's grievance procedure. A person may also file a complaint with the Iowa Civil Rights Commission or the appropriate federal enforcement agency.

There shall be no discrimination or retaliation against an individual who files a complaint alleging discriminatory harassment, or who aids another individual in filing a complaint alleging discriminatory harassment. An employee who has reason to believe that he or she has been retaliated against because of participation in an investigation of discriminatory harassment may also file a charge with the Iowa Department of Administrative Services, the Iowa Civil Rights Commission, or the U.S. Equal Employment Opportunity Commission, whichever is appropriate.

Any person who believes that she or he has been the victim of discrimination under this section, or who has a concern about potential violations of this section, is directed to bring the matter to the attention of his or her immediate supervisor, appointing authority, or their designees, in accordance with the department's established grievance procedure. If the concern or complaint involves the employee's immediate supervisor, the employee is encouraged to file the concern or complaint with the next highest supervisor, or, in the alternative, to the Director of the Iowa Department of Administrative Services.

Department directors and agency heads are responsible for the enforcement of this section. The Director for the Iowa Department of Administrative Services shall assist departments and agencies with this responsibility. When applicable, state officials and employees shall cooperate fully with all appropriate individuals in the investigation of violations of this policy in order to create and maintain a workplace free from discrimination or discriminatory harassment.

The appointing authority shall promptly investigate all complaints. Each agency shall take final agency action in response to a complaint. The Iowa Department of Administrative Services shall have the authority to conduct an investigation of practices prohibited under this policy when the Director has determined that the investigation is necessary and consistent with the intent of this policy. If the complaint involves allegations of systematic discrimination, the Iowa Department of Administrative Services may investigate the complaint, or supervise the investigation conducted by the agency implicated.

Corrective action shall be taken immediately to remedy violations of this policy, whenever warranted, up to and including the discharge of parties whose conduct violates this policy. A manager or supervisor who fails to properly act upon complaints or who has personal knowledge of a violation of

this policy and fails to take appropriate action, shall be subject to disciplinary action up to and including discharge.

A copy of any complaint received, and its resolution shall be forwarded to the Director of the Department of Personnel within ten working days after receipt of the complaint. Interim reports will be provided to the Director of the Iowa Department of Administrative Services, as requested.

A person, other than a state employee, who is the victim of discrimination prohibited under this policy shall report the incident immediately to the department director of the agency affected, or the Director of the Iowa Department of Administrative Services.

F. ASSIGNMENT OF RESPONSIBILITIES

Also, any administrator or supervisor who fails to act upon complaints of or on personal knowledge of workplace discrimination or harassment will be subject to disciplinary action up to and including discharge.

G. TRAINING

As a preventative measure, department directors and their employees shall attend training offered through the Iowa Department of Administrative Services intended to sensitize and inform them concerning the elimination of discrimination and harassment in the workplace. This training shall include, but is not limited to, equal opportunity, affirmative action, diversity, and prevention of discrimination/harassment.

Section 4

SPECIAL INTEREST

SECTION

Special Situations

As an employee who works with applicants and employer orders, you will need some additional information about Civil Rights Laws and agency policy.

Title VII, Civil Rights Act of 1964 (as amended)

There are a number of sections in Title VII that will be discussed because of their importance to our agency.

Section 1604 of Title VII provides guidelines on discrimination because of gender. In this section the reference to "employer" or "employers" states that the principles apply not only to employers but also labor organizations and to employment insofar as their action or inaction may adversely affect employment opportunities.

Sex Discrimination, Title VII, Section 1604

Labels like "men's jobs" and "women's jobs" tend to deny employment opportunities unnecessarily to one gender or the other. Therefore, gender as a bona fide occupational qualification should be interpreted narrowly. Section 1604 states that bona fide qualifications do not include such assumptions as the turnover rate among women is higher than men, or women are less capable of aggressive salesmanship. Also, the preference of co-workers and/or customers should not constitute a bona fide qualification for most jobs.

Answer both of the following questions before checking your answers:

QUESTION 8

What are the groups included in the reference "employers?"

QUESTION 9

In your past experiences you have probably heard some assumptions or stereotypes based on gender in relation to employment. What gender stereotypes can you recall hearing regarding employment?

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 8

Employers, labor organizations and employment agencies are included in the reference to "employers."

ANSWER QUESTION 9

Any stereotyping or assumption you can recall is correct, such as women are better typists than men, women cannot lift as much as men, women are better at detailed work, my customers prefer dealing with a man, etc.

(HOW DID YOU DO? IF YOUR ANSWERS WERE CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Now we would like you to apply Section 1604 of Title VII to a work situation.

QUESTION 10

Situation: You have been with the agency several years. A new co-worker is at the desk next to yours. You notice that while the co-worker is interviewing female applicants/claimants the individual always asks the applicant/claimant her marital status.

- a. *Could this question be regarded as discriminatory?*
- b. *If yes, why?*
- c. *Also, if yes, which of the following actions would you take?*
 - 1. *Ignore the situation*
 - 2. *Contact the Civil Rights Commission*
 - 3. *Tell your supervisor*
 - 4. *Inform the co-worker that there is a possibility the question could be considered discriminatory*

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 10

The answer is YES.

- a. *The question could be considered discriminatory.*
- b. *The reason is that it appears to be only asked of female applicants/claimants.*
- c. *Our choice would be 4. There is a possibility that your co-worker is unaware of the mistake being made. You should not ignore the situation. Your concern might be appreciated by your co-worker.*

Sex Discrimination, Title VII

Section 1604 of Title VII, U.S. Civil Rights Act of 1964 (as amended) also states that it is unlawful to maintain separate seniority lists by gender for either promotion or layoff. The use of a seniority system or of a line of progression which distinguishes between "light" and "heavy" jobs is unlawful if it operates as a disguised form of classification by gender.

It has been determined that an employer's rule which forbids or restricts the employment of married women and which is not applicable to married men is a discrimination based on gender and is prohibited by Title VII of the Civil Rights Act.

QUESTION 11

Situation: You have just taken an employer job order for a sales representative. The employer said that women with young children should not be referred because the job requires occasional overnight travel.

Would this be a bona fide qualification?

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 11

This would not be a bona fide occupational qualification since the restriction does not represent a skill, knowledge or ability necessary to perform the job.

It would also be considered discriminatory based on gender since men with young children are not treated the same way.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Agency Responsibility

Section 1604 states that: "An employment agency that receives a job order containing an unlawful gender specification will share responsibility with the employer in placing the job order if the agency fills the order knowing that the gender specification is not based upon a bona fide occupational qualification. The agency will not be held responsible if the employer's claim of bona fide occupational qualification is accepted by the employment agency and a written record is maintained and such claim is not a true bona fide qualification."

QUESTION 12

Situation: You work in a Workforce Development office taking calls from employers for workers. The employer calls you and requests a male construction worker. The employer gives you several reasons why only male workers are acceptable. One reason was that the job would be remodeling the men's locker and shower room and the room would be used during the remodeling. You write the order recording bona fide occupational qualification and only male applicants are to apply.

You learn that a woman applied for the job and was not hired. The woman filed a discrimination suit against the employer because the locker room was closed during the remodeling. The Civil Rights Commission comes to your office to look at the job order you wrote for the employer. You are concerned that you will be sued also and go to see your manager.

Based on what you have read, what will your manager tell you?

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 12

Your manager should tell you not to worry because the employer gave you a bona fide qualification which you recorded on the job order. You are not responsible for the employer's failure to give you accurate data. The key here is that you recorded the occupational qualification on the job order.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Preemployment Inquiry and Medical Examinations

Section 1604 also states: "A preemployment inquiry may ask "male or female," or "Mr., Mrs. or Miss" provided that the inquiry is made in good faith for a nondiscriminatory purpose. Any preemployment inquiry in connection with prospective employment which expresses directly or indirectly any limitation, specification or discrimination as to gender shall be unlawful unless based upon a bona fide occupational qualification."

Preemployment medical exams and inquiries are prohibited by the Americans with Disabilities Act of 1990, although employers are allowed to ask the applicant's ability to perform job-related tasks. Medical examinations and inquiries are permitted after a job offer has been made as long as all results are confidential and the exams and inquiries are job-related and consistent with business necessity.

QUESTION 13

Situation: You are a job placement interviewer and are interviewing a female for an assembly job. You are satisfied with the applicant's qualifications and call the employer who requested that we find some assemblers. The employer also seems satisfied with the qualifications, but asks, "Is this a man or a woman?" You should: (select the best response)

- a. Tell the employer you are not allowed to give that information and ask when you should send the applicant over.*
- b. Tell the employer it is a female applicant and wait for the employer's response.*
- c. Ask what difference it makes and why the employer needs to know.*

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 13

The answer is C. As long as the question was in good faith for nondiscriminatory purposes it was legal.

(HOW DID YOU DO? IF YOUR ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Americans with Disabilities Act of 1990

The Americans with Disabilities Act of 1990 provides protection against discrimination towards individuals with disabilities in regards to employment, public services, public transportation, public accommodations, services operated by private entities and telecommunications.

Employers are required to make reasonable accommodations for individuals with known disabilities so that these individuals are able to perform the essential functions provide the definition of essential functions of the position unless such accommodation can be shown to cause undue hardship on the covered entity.

A disability is defined by the Americans with Disabilities Act of 1990 as "A physical or mental impairment that substantially limits one or more of the major life activities of an individual, a record of having such impairment or being regarded as having such impairment."

Section 104 of the Americans with Disabilities Act of 1990 states that "employees or applicants currently engaging in the illegal use of drugs and alcohol" are not protected. It does offer protection for individuals who have "completed a rehabilitation program and are no longer using the illegal substances, are participating in a supervised rehabilitation program and are not currently illegally using a drug or are wrongly thought to be engaging in the illegal use of drugs."

Iowa Civil Rights Act, Age and Disabilities Provisions

Previous information indicated that it is illegal to discriminate based upon age. However, there are laws that require an employee to be a certain age to work in certain occupations. These age requirements are found in state and federal child labor laws and in regulations dealing with interstate commerce. Child labor laws generally prohibit employment of children and young people in hazardous occupations.

The Iowa Civil Rights Act prohibits discrimination based on disability. This is intended to help the person with a disability that is occupationally qualified. It is not intended to put disabled people in jobs that are likely to aggravate their disability or jeopardize their health.

QUESTION 14

The following situations may or may not be considered discriminatory. Based on what you have read, circle the letter of the statements, which may be considered discriminatory.

- a. *A person utilized to a wheelchair is denied a job as a typist. The person passed the required typing test.*
- b. *A person who just completed a community college course in machine shop is refused a job because this person does not have use of one hand.*
- c. *An employer calls and requests applicants for a clerical job be over 21.*
- d. *An employer refuses to hire a 13-year-old as an arc welder. (Arc welding is considered a hazardous occupation.)*
- e. *An advertising agency wants a teenager to model for a local clothing store's teen department newspaper ad.*

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 14

- a. *Discrimination—The qualified individual is protected from discrimination on the basis of disability by both the Iowa Civil Rights Act and the American with Disabilities Act of 1990.*
- b. *Discrimination—It is discriminatory not to hire an individual who is capable of performing essential job functions on the basis of a disability.*
- c. *Discrimination—Clerical work is not classified as a hazardous job. Individuals are protected from age discrimination by the Iowa Civil Rights Act.*
- d. *Nondiscriminatory—Child labor laws prohibit employment of children and young people in hazardous occupations.*
- e. *Nondiscriminatory—It is a bona fide occupational qualification to hire a teenager to model for a teenage clothing department.*

EMPLOYEE COMPLAINTS

State of Iowa

**EQUAL OPPORTUNITY, AFFIRMATIVE ACTION,
AND ANTI-DISCRIMINATION POLICY**

For

Executive Branch Employees

NOTIFICATION AND EFFECTIVE DATE

All executive branch employees (herein "employees") will be required to read this Equal Opportunity, Affirmative Action and Anti-Discrimination Policy, and will be expected to sign an Acknowledgment indicating that the Policy was read and fully understood by the employee. This revised Policy shall become effective November 1, 2001.

The intent of this policy is to ensure that employment opportunities, within the executive branch of state government in the State of Iowa, are accessible to all persons, and that executive branch agencies do not discriminate against any person because of race, creed, color, religion, sex, national origin, age, or physical or mental disability and sexual orientation or gender identity.

It is also the policy of the executive branch of state government in the State of Iowa to apply affirmative action measures to correct deficiencies in the state employment system whenever remedial measures are appropriate. This policy shall be construed broadly to effectuate its purpose. However, the remedies employed are only appropriate when consistent with state and federal statutes.

B. SEXUAL HARASSMENT

Sexual harassment is a violation of both federal and state statute. Harassment on the basis of sex is a violation of Section 703 Title VII of the Civil Rights Act of 1964 (42 U.S.C. Sec. 2000e et seq.) as amended. "Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment."

Within Iowa Code section 19B.12, "sexual harassment means persistent, repetitive, or highly egregious conduct directed at a specific individual or group of individuals that a reasonable person would interpret as intentional harassment of a sexual nature, taking into consideration the full context in which the conduct occurs, which conduct threatens to impair the ability of a person to perform the duties of employment, or otherwise function normally within an institution responsible for the person's care, rehabilitation, education, or training."

Examples of sexual harassment include, but are not limited to:

1. Unwelcome sexual advances.
2. Gender-based animosity (hostile conduct based on the victim's gender).
3. Requesting or offering sexual favors in return for job benefits.
4. Actions that are sexual in nature such as cornering, patting, pinching, touching or brushing against another person's body.
5. Open speculation or inquiries about another person's sex life.
6. Jokes, remarks, or innuendo that are sexual in nature about another person, or about men or women in general.
7. Displaying sexually explicit material in the work place.
8. Conditioning work benefits on submission to sexual advances, tolerance of a sexually hostile work environment, or giving preferential treatment because of another person's submission to sexual advances, or tolerance of a sexually hostile work environment.

Sexual harassment can take place between any two (2) or more state employees, regardless of gender or non-employees, with respect to sexual harassment of state employees in the workplace.

C. DISCRIMINATORY HARASSMENT IN VIOLATION OF IOWA CODE CHAPTER 216 AND FEDERAL STATUTES

Harassment of employees based upon their race, creed, color, religion, sex, national origin, age, or physical or mental disability and sexual orientation or gender identity, is a violation of the Iowa Civil Rights Act (Iowa Code chapter 216, as amended); Title VII of the Civil Rights Act of 1964, as amended; the Age Discrimination in Employment Act of 1978, as amended; and the Americans with Disabilities Act of 1990.

Examples of discriminatory harassment include, but are not limited to:

1. Abusing the dignity of an employee through insulting or degrading remarks or conduct.
2. Threats, demands, or suggestions that an employee's work status is contingent upon.
3. Subjecting an employee to demeaning or degrading activities in order to gain co-worker acceptance, e.g., hazing.
4. Disciplining or terminating an employee because of work incompatibility that is caused by prohibited discrimination, harassment, or biased behavior.

D. DISCRIMINATORY PRACTICES IN VIOLATION OF EXECUTIVE ORDER NUMBER EIGHTEEN

Discriminatory practices within the executive branch of state government for the State of Iowa shall constitute a violation of Executive Order Number Eighteen. It shall be a discriminatory practice to refuse to hire, accept, register, classify, refer for employment, or to discharge or otherwise discriminate against any applicant or employee because of the race, creed, color, religion, gender, national origin, age, or physical or mental disability and sexual orientation or gender identity of such applicant or employee, unless based upon the nature of the occupation.

If a person with a disability is qualified to perform a particular occupation, by reason of training or experience, the nature of that occupation shall not constitute the basis for an exception to the unfair or discriminatory practices prohibited by this policy and state law.

Examples of discriminatory practices under this section include, but are not limited to:

1. Refusing to employ, disciplining, or terminating an individual for discriminatory reasons, or
2. Limiting, segregating, or classifying an employee in any way that would unjustly deprive, tend to deprive that person of employment opportunities, or otherwise affect the employment status of an employee for any reason that violates this section.

E. GRIEVANCE PROCEDURE

A person may also file a complaint with the Iowa Civil Rights Commission or the appropriate federal enforcement agency.

There shall be no discrimination or retaliation against an individual who files a complaint alleging discriminatory harassment, or who aids another individual in filing a complaint alleging discriminatory harassment. An employee who has reason to believe that he or she has been retaliated against because of participation in an investigation of discriminatory harassment may also file a charge with the Iowa Department of Administrative Services, the Iowa Civil Rights Commission, or the U.S. Equal Employment Opportunity Commission, whichever is appropriate.

If the concern or complaint involves the employee's immediate supervisor, the employee is encouraged to file the concern or complaint with the next highest supervisor, or, in the alternative, to the Director of the Iowa Department of Administrative Services.

Department directors and agency heads are responsible for the enforcement of this section. The Director for the Iowa Department of Administrative Services shall assist departments and agencies with this responsibility. When applicable, state officials and employees shall cooperate fully with all appropriate individuals in the investigation of violations of this policy in order to create and maintain a workplace free from discrimination or discriminatory harassment.

The appointing authority shall promptly investigate all complaints. Each agency shall take final agency action in response to a complaint. The Iowa Department of Administrative Services shall have the authority to conduct an investigation of practices prohibited under this policy when the Director has determined that the investigation is necessary and consistent with the intent of this policy. If the complaint involves allegations of systematic discrimination, the Iowa Department of Administrative Services may investigate the complaint, or supervise the investigation conducted by the agency implicated.

Corrective action shall be taken immediately to remedy violations of this policy, whenever warranted, up to and including the discharge of parties whose conduct violates this policy. A manager or supervisor who fails to properly act upon complaints or who has personal knowledge of a violation of this policy and fails to take appropriate action shall be subject to disciplinary action up to and including discharge.

A copy of any complaint received, and its resolution shall be forwarded to the Department of Administrative Services within ten working days after receipt of the complaint. Interim reports will be provided to the Director of the Iowa Department of Administrative Services, as requested.

A person, other than a state employee, who is the victim of discrimination prohibited under this policy, shall report the incident immediately to the department director of the agency affected, or the Director of the Iowa Department of Administrative Services.

F. ASSIGNMENT OF RESPONSIBILITIES

Department directors have the responsibility for the overall administration of this policy. This includes the responsibility for the following:

Equal Opportunity: Integrating equal opportunity into all parts of human resource and program management, reviewing all policies and procedures as they affect equal opportunity and ensuring compliance with relevant statutes.

Affirmative Action: Implementing an internal system for auditing and remedying disparities and underutilization in the workforce, and annually reporting the effectiveness of affirmative action efforts to the Director of the Iowa Department of Administrative Services.

Prevention of Harassment: Making every reasonable effort to prevent all forms of harassment from occurring and taking immediate and appropriate corrective action when harassment is brought to their attention, either directly or indirectly.

Any administrator, supervisor, or employee who engages in any form of discrimination or harassment prohibited by this policy or who retaliates against an individual who has complained of discrimination or harassment will be subject to disciplinary action up to and including discharge. Also, any administrator or supervisor who fails to act upon complaints of or on personal knowledge of workplace discrimination or harassment will be subject to disciplinary action up to and including discharge.

G. TRAINING

As a preventative measure, department directors and their employees shall attend training offered through the Iowa Department of Administrative Services intended to sensitize and inform them concerning the elimination of discrimination and harassment in the workplace. This training shall include, but is not limited to, equal opportunity, affirmative action, diversity, and prevention of discrimination/harassment.

H. POSTING

This policy shall be posted in conspicuous places throughout each of the executive branch agencies of Iowa State government, included in employee handbooks, distributed to all agency employees, chairpersons of department advisory and policy-making groups, and agency-specific recruiting sources, vendors, and contractors.

The Department affirms the right, in accordance with this policy, to discipline any administrator, supervisor or employee who engages in harassment, up to and including discharge, the nature of which will depend upon the severity of the offense. The Department will also discipline any administrator or supervisor who fails to act on employee complaints or on personal observations of harassment.

An employee who believes that he or she has been subject to discrimination should report the conduct to their immediate supervisor who must immediately notify Employee Services who will investigate, and in the event the immediate supervisor is the aggrieved party, to the next higher responsible party who must do the same or the staff of Employee Services. If necessary, the employee should file a written complaint in accordance with Department procedure. An employee may also file a complaint with the Iowa Civil Rights Commission. The Department assures all employees that no individual filing a complaint will be retaliated against as a result of their complaint.

Iowa Workforce Development affirms its intention to inform its employees of their rights protected under law. As a preventive measure, the Department encourages all employees to attend training that will sensitize and inform them concerning the elimination of discriminatory harassment in the work place.

This commitment will be called to the attention of all employees and will be delivered to each staff member with the requisite that they understand and support it. The policy will be rigidly adhered to in the agency and posted on all bulletin boards.

Allegations of Discrimination

As an employee of Iowa Workforce Development there is a possibility that you could be cited in an allegation of discrimination. Section B.01, page 2 of 4, part II of the Employee Services Operational Manual states:

In view of the fact that allegations of discrimination against any of our agency staff in the performance of Iowa Workforce Development duties necessarily also involves the agency, it is requested that any employees named in a discrimination charge relating to their official duties promptly provide a copy of the charges through appropriate channels to the Iowa Workforce Development affirmative action officer.

QUESTION 16

Situation: You have been notified that a charge of discrimination has been filed against you. The charges allege that you committed a discriminatory act in connection with your work.

What should you do to inform the agency of the alleged charge?

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 16

According to Section B.01, page 2, part II of the Employee Services Operational Manual; you should provide a copy of the charges to your supervisor for the routing through channels to the affirmative action officer.

(HOW DID YOU DO? IF YOU'RE ANSWER WAS CORRECT, GO ON TO THE NEXT PART OF THIS UNIT. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

Employee EEO Affirmative Action Complaints

The procedure an employee may follow if he or she has a complaint is also found in Section B.01 of the Employee Services Operational Manual. Part III of that section states:

An employee of the Iowa Workforce Development may file a complaint against the agency directly with the affirmative action officer, provided the complaint is based on violations of Iowa Workforce Development's equal opportunity and nondiscriminatory policy.

Federal and State Fair Employment Practice laws vary in terms of time limits to file EEO complaints. Employees filing an EEO-based complaint should file within 10 to 180 days from the date the complainant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the complaint. Under no circumstances shall an EEO complaint be considered timely after six months from the date of the occurrence, unless for specific reason the State or Federal regulatory agency elects to waive this requirement.

The employee shall present a written statement of the complaint, which shall include the following:

Date, name, social security number, department or field office, job classification, and the statement of the complaint should include sufficient information in order that an intelligent decision can be rendered following an investigation. As a guide, the statement of complaint should include the particulars of the complaint such as who, what, why, where and when the alleged violation(s) occurred.

Questions regarding procedure for filing an EEO-based complaint may be directed to Harvey Andrews, Affirmative Action Compliance Officer, and Administrative Office (515) 281-8149.

(Please answer both questions before checking your answers.)

QUESTION 17

Situation: About a year ago you applied for a promotion and did not get the job. You thought you were turned down based on your race. It has been bothering you for a long time and now you have decided to contact the affirmative action compliance officer.

Will your case be considered?

QUESTION 18

List the information that should be included in any written EEO complaint.

(GO TO THE NEXT PAGE AND CHECK YOUR ANSWER.)

ANSWER QUESTION 17

No. Since you have been aware of the complaint for more than six months, your complaint would not be considered timely. It is important to file a complaint as soon as possible after you are aware of a cause for complaint. This is important because you may also want to file a complaint with an EEO agency and each has time limits for filing complaints.

ANSWER QUESTION 18

A written complaint should contain the following information:

<i>Date</i>	<i>Name</i>
<i>Social Security Number</i>	<i>Department or Field Office</i>
<i>Job Classification</i>	<i>Statement of the Complaint</i>
<i>You're Signature</i>	

(HOW DID YOU DO? IF YOU'RE ANSWER WAS CORRECT, GO ON TO THE NEXT SECTION. IF INCORRECT, GO BACK AND REREAD THE MATERIAL.)

EQUAL OPPORTUNITY IS THE LAW

IOWA WORKFORCE DEVELOPMENT

Smart. Results.

It is against the law for this recipient of Federal financial assistance to discriminate on the following basis:

Against any individual in the United States, on the basis of race, color, religion, sex, national origin, age, disability, political affiliation or belief; and

Against any beneficiary of programs financially assisted under Title I of the Workforce Investment Act of 1998 (WIA), on the basis of the beneficiary's citizenship/status as a lawfully admitted immigrant authorized to work in the United States, or his or her participation in any WIA Title I-financially assisted program or activity.

The recipient must not discriminate in any of the following areas:

Deciding who will be admitted, or have access, to any WIA Title I-financially assisted program activity;

Providing opportunities in, or treating any person with regard to, such a program or activity; or

Making employment decisions in the administration of, or in connection with, such a program or activity.

WHAT TO DO IF YOU BELIEVE YOU HAVE EXPERIENCED DISCRIMINATION

If you think you have been subjected to discrimination under a WIA Title I-financially assisted program or activity, you may file a complaint within 180 days of the alleged violation with either:

The recipient's Equal Opportunity Officer for the person whom the recipient has designated for this purpose; or

The Director, Civil Rights Center (CRC), U.S. Department of Labor, 200 Constitution Avenue NW, Room N-4123, Washington, DC 20210.

If you file your complaint with the recipient, you must wait either until the recipient issues a written Notice of Final Action, or until 90 days have passed (whichever is sooner), before filing with the Civil Rights Center (see address above).

If the recipient does not give you a written Notice of Final Action within 90 days of the day on which you filed your complaint, you do not have to wait for the recipient to issue that Notice before filing a complaint with the CRC. However, you must file your CRC complaint within 30 days of the 90-day deadline (in other words, within 120 days after the day on which you filed your complaint with the recipient).

If the recipient does give you a written Notice of Final Action on your complaint, but you are dissatisfied with the decision or resolution, you may file a complaint with the CRC. You must file your CRC complaint within 30 days of the date on which you received the Notice of Final Action.

State of Iowa

**ASSURANCE OF COMPLIANCE WITH TITLE VI
OF THE CIVIL RIGHTS ACT OF 1964 AND
THE REGULATIONS OF
THE DEPARTMENT OF LABOR
UNDER THAT ACT**

The Iowa Workforce Development (hereinafter called the State Agency) hereby ASSURES that in its administration of the continuing public employment service and unemployment compensation programs, in its provisions of services in programs receiving Federal financial assistance and in its administration of any other program or activity for which it receives financial assistance from or through the Department of Labor it will comply with Title VI of the Civil Rights Act of 1964 (78 Stat. 241, hereinafter called the Act) and the Regulations of the Department of Labor issued pursuant to the Act (29 Code of Federal Regulations, Part 37, hereinafter called the Regulation).

To this end, the State Agency specifically AGREES:

That the State Agency will not select or refer any individual for employment or training on the basis of any job order or request containing discriminatory specifications with regard to race, color, religion, sex, national origin, age or disability notwithstanding traditional hiring practices on the basis of race, color, religion, sex, national origin, age or disability which may be prevalent in a given community.

That where a job specification, such as length of experience, union membership or other requirement, has the necessary effect under the circumstances, of discriminating on the basis of race, color, religion, sex, national origin, age or disability, the State Agency will not select or refer an individual for employment or training on the basis of a job order containing such a specification. That in referring the applicant to an employer the State Agency will not identify the race, color, religion, sex, national origin, age or disability of the applicant.

That in the dissemination of information about employment or training opportunities, the State Agency will use such methods as are designed to reach all persons, regardless of race, color, religion, sex, national origin, age or disability, likely to benefit from such opportunities.

That minority group applicants will be counseled according to their aptitude, experience, and interests rather than traditional occupational patterns for minority group persons in the community.

That employment service aptitude and proficiency tests will be administered without regard to the race, color, or national origin of the applicants, and that test results will be interpreted and used in conformance with instructions and guidelines issued by the Employment and Training Administration.

That in the taking of applications for jobs, local office functions will be performed according to the same standards for all applicants without regard to race, color, or national origin. To this end, the State Agency agrees, when interviewing a member of a minority group, (a) to conduct the interview in a manner which accords with the established policy and standard set forth in the Department of Administrative Services Administrative Rules; (b) to obtain all information required for job placement and to record such information accurately; (c) to refrain from receiving any identification, by code or otherwise, of the race, color, or national origin of the applicant except as may be required by the Secretary of Labor and; (d) to provide applicants with all information pertinent to their registration for work.

That assignment of an occupational classification on the basis of such non-job performance factors as race, color, or national origin violates Title VI of the Act and this assurance, and that the State Agency, accordingly, will not employ any criteria or utilize any methods of administration which have the effect of assigning any applicant for any occupational classification on the basis of race, color, or national origin. The State Agency agrees to inform the applicant of the occupational title and code finally selected after discussion with the job applicant.

That in the operation of a "casual labor" office, the State Agency will disseminate information to uses of said office about permanent job openings and training opportunities for permanent work and will counsel applicants with the view of placing them in permanent openings or training opportunities wherever appropriate.

That the dissemination of information about, and the registration, testing and selection of persons for, apprentice able trades will be conducted by the State Agency in such a manner as to insure that all qualified persons are selected and referred to openings without regard to race, color, or national origin.

That the State Agency will select trainees in accordance with the policies of the Employment and Training Administration that pertain to selection for employment, and will utilize no criteria or methods of administration which result in or have the effect of discouraging persons on account of their race, color, or national origin from participating in any training program under the workforce investment Act (WIA) or other public or privately sponsored training to which the State Agency is authorized to make referrals. The State Agency will make no distinction on the ground of race, color, or national origin, disability in its referral of persons to types of training and in its placement of persons after training.

That in the administration of the State and Federal unemployment insurance programs and in the payment of all allowances, filing for and adjudication and payment of benefits, and other application of the laws shall be without regard to race, color, or national origin or disability.

That the State Agency will eliminate any currently segregated office facilities and operate such facilities without distinction based on race, color, or national origin.

That the State Agency will inform and instruct the staff of all its offices concerning their obligations under Title VI of the Civil Rights Act of 1964 and will furnish a copy of this Assurance to all such staff.

That the State Agency will inform the general public of the fact the services and other benefits under all programs are provided on a non-discriminatory basis, as required by Title VI of the Civil Rights Act, and of the right of any person to file a complaint with the Secretary of Labor if it is believed that discrimination on the grounds of race, color, or national origin is being practiced.

That the State Agency, upon receipt of a written or oral complaint from any source, will notify immediately the Affirmative Action Officer of Iowa Workforce Development and promptly mail to the official so notified a copy of any written complaint. The State Agency will cooperate with Employment and Training Administration by undertaking such actions as may be requested.

That the State Agency will review the practices within all of its local offices to assure that these practices are in conformity with the Regulation and this Assurance and will do so not less frequently than every calendar quarter.

That the State Agency will describe in a Compliance Report the methods of administration, staffing arrangements, assignment of responsibility and procedures, including where appropriate copies of materials which the State Agency is establishing and will follow in carrying the activities it administers in accordance with the Act and Regulation.

For the same purpose, all facilities of the State Agency and all records, books, accounts, and other sources of information pertinent to the ascertainment of the State Agency's compliance with the Regulations will be available for inspection at any time during normal business hours by a Department of Labor representative authorized to make such inspections.

The State Agency recognizes and agrees that the Federal Financial Assistance referred to herein and extended after the date hereof to the State Agency including installment payments after such date on account of arrangement for Federal Financial Assistance which were approved before such date will be extended in reliance on the representations contained in this Assurance.

That State Agency recognizes and agrees that such Federal Financial Assistance will be extended in reliance on the representations and agreements made in this Assurance, and that the United States shall have the right to seek judicial enforcement of this Assurance.
