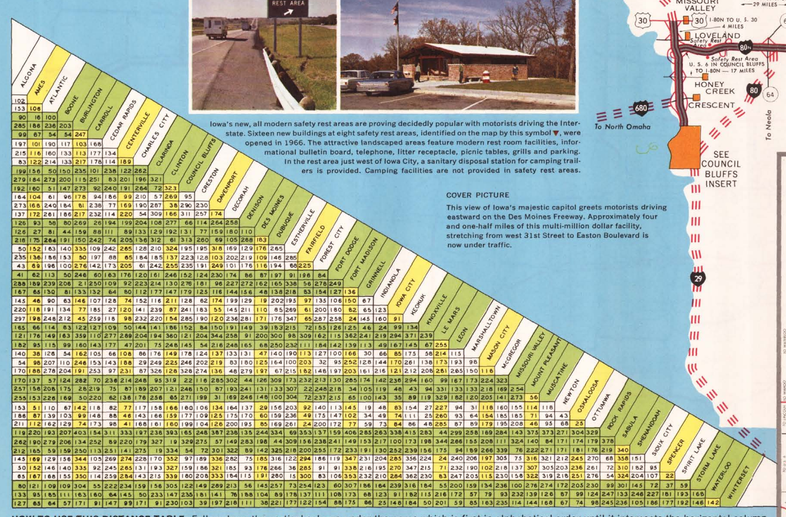
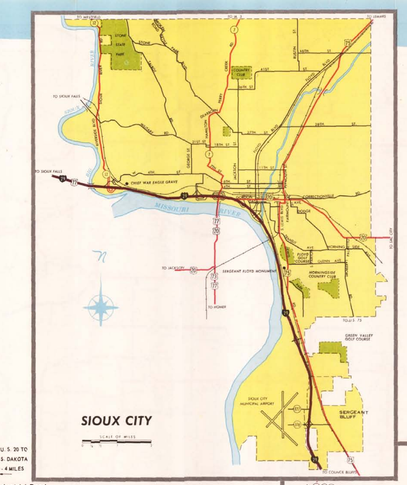
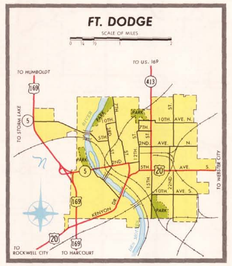
Iowa's new, all modern safety rest areas are proving decidedly popular with motorists driving the Interstate. Sixteen new buildings at eight safety rest areas, identified on the map by this symbol ▼, were opened in 1966. The attractive landscaped areas feature modern rest room facilities, informational bulletin board, telephone, litter receptacle, picnic tables, grills and parking. In the rest area just west of Iowa City, a sanitary disposal station for camping trailers is provided. Camping facilities are not provided in safety rest areas.

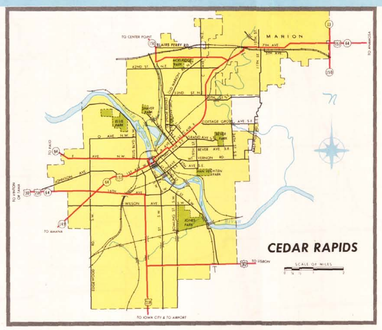
COVER PICTURE

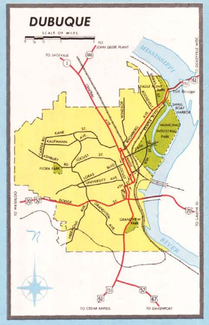
This view of Iowa's majestic capitol greets motorists driving eastward on the Des Moines Freeway. Approximately four and one-half miles of this multi-million dollar facility, stretching from west 31st Street to Easton Boulevard is now under traffic.

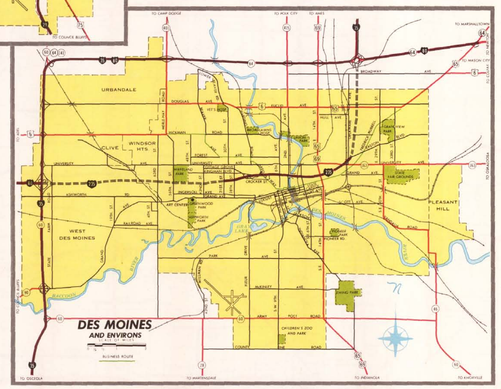


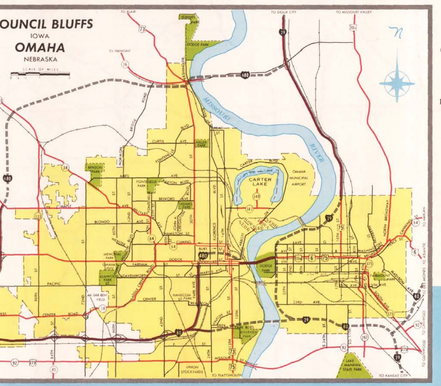


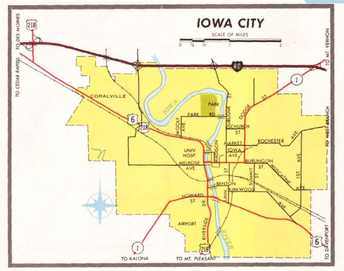


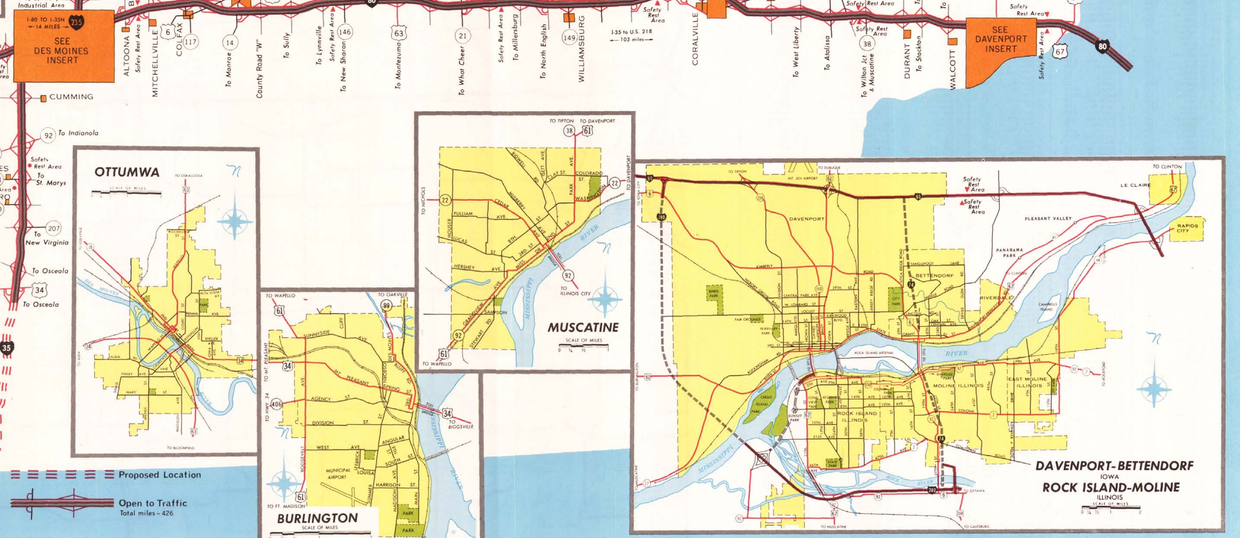












HOW TO USE THIS DISTANCE TABLE: Follow down the vertical column under the name which is first in alphabetical order until it intersects the horizontal column opposite the second name. This figure is the distance in miles between the two cities. For example, the distance between Ames and Davenport is 168 miles.
