**NEWS RELEASE**

FOR RELEASE

March 17, 2011

Contact: Andy Nielsen  
515/281-5834

Auditor of State David A. Vaudt today released an audit report on Poweshiek County, Iowa.

The County had local tax revenue of \$28,519,160 for the year ended June 30, 2010, which included \$867,298 in tax credits from the state. The County forwarded \$22,039,683 of the local tax revenue to the townships, school districts, cities and other taxing bodies in the County.

The County retained \$6,479,477 of the local tax revenue to finance County operations, a 7.9% increase over the prior year. Other revenues included charges for service of \$925,835, operating grants, contributions and restricted interest of \$4,810,554, capital grants, contributions and restricted interest of \$4,932,432, local option sales tax of \$755,322, unrestricted investment earnings of \$29,194 and other general revenues of \$124,285.

Expenses for County operations totaled \$12,473,654, a 2.0% increase over the prior year. Expenses included \$4,615,011 for roads and transportation, \$2,434,189 for public safety and legal services and \$1,530,899 for mental health.

A copy of the audit report is available for review in the County Auditor's office, in the Office of Auditor of State and on the Auditor of State's web site at <http://auditor.iowa.gov/reports/1010-0079-B00F.pdf>.

## Independent Auditor's Report

To the Officials of Poweshiek County:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Poweshiek County, Iowa, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements listed in the table of contents. These financial statements are the responsibility of Poweshiek County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Poweshiek County at June 30, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated February 23, 2011 on our consideration of Poweshiek County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, Budgetary Comparison Information and Schedule of Funding Progress for the Retiree Health Plan on pages 7 through 13 and 45 through 48 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Poweshiek County's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the six years ended June 30, 2009 (which are not presented herein) and expressed unqualified opinions on those financial statements. We also previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2003 (which are not presented herein) and expressed qualified opinions on those financial statements due to the omission of general fixed assets or capital assets and supplies inventory for the Secondary Roads Fund. Other supplementary information included in Schedules 1 through 5 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Poweshiek County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2010. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

### 2010 FINANCIAL HIGHLIGHTS

- Revenues of the County's governmental activities increased 27.9%, or approximately \$3,954,000, from fiscal year 2009 to fiscal year 2010. Property tax increased approximately \$288,000, operating grants, contributions and restricted interest decreased approximately \$42,000 and capital grants, contributions and restricted interest increased approximately \$3,680,000.
- Program expenses of the County's governmental activities increased 2%, or approximately \$219,000, from fiscal year 2009 to fiscal year 2010. Roads and transportation expenses decreased approximately \$125,000, administration expenses increased approximately \$145,000, interest on long-term debt increased approximately \$102,000 and non-program expenses increased approximately \$94,000.
- The County's net assets increased 30.4%, or approximately \$5,662,000, from June 30, 2009 to June 30, 2010.

### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Poweshiek County as a whole and present an overall view of the County's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Poweshiek County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Poweshiek County acts solely as an agent or custodian for the benefit of those outside of County government (Agency Funds).

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year, as well as presenting the Schedule of Funding Progress for the Retiree Health Plan.

Other Supplementary Information provides detailed information about the nonmajor governmental funds and the individual Agency Funds.

## **REPORTING THE COUNTY'S FINANCIAL ACTIVITIES**

### *Government-wide Financial Statements*

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all of the County's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are presented in the Statement of Net Assets and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long-term debt and non-program activities. Property tax and state and federal grants finance most of these activities.

### *Fund Financial Statements*

The County has three kinds of funds:

1) Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads, 3) the Debt Service Fund and 4) the Capital Projects Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2) Proprietary funds account for the County's Internal Service, Employee Group Health Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

3) Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support the County's own programs. The fiduciary funds include Agency Funds that account for drainage districts, emergency management services and the County Assessor, to name a few.

The required financial statement for fiduciary funds is a statement of fiduciary assets and liabilities.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. Poweshiek County's combined net assets at the end of fiscal year 2010 totaled approximately \$24.3 million, compared to approximately \$18.6 million at the end of fiscal year 2009. The analysis that follows focuses on the changes in the net assets of governmental activities.

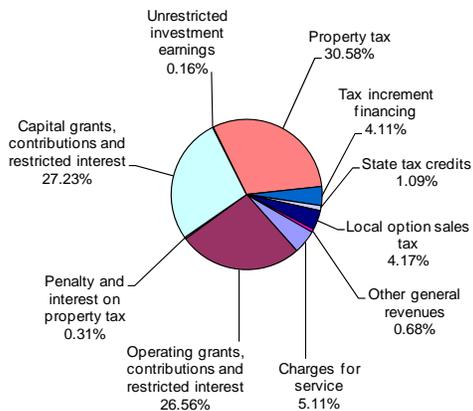

Net Assets of Governmental Activities (Expressed in Thousands)		
	June 30,	
	2010	2009
Current and other assets	\$ 15,201	19,041
Capital assets	24,286	15,584
Total assets	<u>39,487</u>	<u>34,625</u>
Long-term liabilities	8,268	8,379
Other liabilities	6,951	7,640
Total liabilities	<u>15,219</u>	<u>16,019</u>
Net assets:		
Invested in capital assets, net of related debt	17,020	12,199
Restricted	3,762	3,493
Unrestricted	3,486	2,914
Total net assets	<u>\$ 24,268</u>	<u>18,606</u>

Net assets of Poweshiek County's governmental activities increased 30.4% (approximately \$24.27 million compared to approximately \$18.60 million). The largest portion of the County's net assets is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets. Restricted net assets represent resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net assets—the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements—increased from approximately \$2,914,000 at June 30, 2009 to approximately \$3,486,000 at the end of this year, an increase of 19.6%.

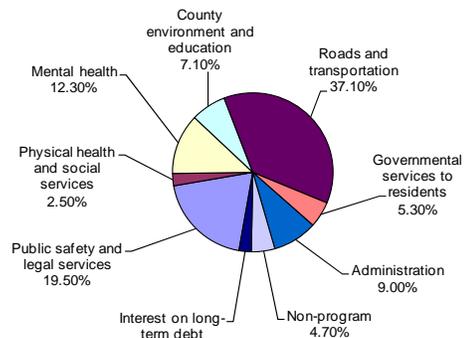

**Changes in Net Assets of Governmental Activities**  
(Expressed in Thousands)

<b>Net assets end of year</b>	<b>\$ 24,268</b>	<b>18,606</b>

**Revenues by Source**

**Expenses by Program**

The County increased property tax rates for fiscal year 2010 an average of 3.6%. County wide taxable valuations in Poweshiek County have increased as follows: from \$765,110,773 in fiscal year 2008, to \$832,353,360 in fiscal year 2009 and \$854,681,972 in fiscal year 2010. Based on increases in the total assessed valuation and an increase in fiscal year 2011 property tax rates, property tax revenue is budgeted to increase an additional \$162,600 next year.

The cost of all governmental activities was approximately \$12.5 million compared to approximately \$12.2 million last year. However, as shown in the Statement of Activities on page 17, the amount taxpayers ultimately financed for these activities was approximately \$1.8 million because some of the cost was paid by those directly benefited from the programs (\$926,000) or by other governments and organizations which subsidized certain programs with grants and contributions (\$9,742,000). Overall, the County's governmental program revenues, including intergovernmental aid and fees for services, increased in fiscal year 2010 from approximately \$7,191,000 to approximately \$10,668,000, principally due to receiving additional funding for roads and transportation. The County paid for the remaining "public benefit" portion of governmental activities with approximately \$7,445,000 in property tax (some of which could only be used for certain programs) and with other revenues, such as interest and general entitlements.

## **INDIVIDUAL MAJOR FUND ANALYSIS**

As Poweshiek County completed the year, its governmental funds reported a combined fund balance of approximately \$7.5 million, a decrease of approximately \$3,200,000 from last year's total of approximately \$10.7 million. The decrease is primarily attributable to a \$7,950,000 general obligation local option sales tax bond issue in fiscal year 2009. The following are the major reasons for the changes in fund balances of the major funds from the prior year:

- General Fund revenues increased approximately \$271,000 compared to the prior year, mostly due to an approximately \$313,000 increase in property and other county tax revenues. Expenditures increased approximately \$455,000. The ending fund balance decreased approximately \$124,000 from the prior year to approximately \$2,305,000.
- The County has continued to look for ways to effectively manage the cost of mental health services. Mental Health Fund revenues totaled approximately \$1,770,000, a decrease of 13.9% from the prior year. The County was eligible for additional funding from the State during fiscal year 2009 due to the County's fund balance to expenditures ratio. Expenditures decreased approximately \$155,000 compared to the prior year. The Mental Health Fund balance at year end increased approximately \$260,000 over the prior year to approximately \$805,000.
- Rural Services Fund revenues increased approximately \$90,000 compared to the prior year. Expenditures decreased approximately \$128,000, a 12.2% decrease from the prior year, caused primarily by decreased costs of uniform patrol services. The Rural Services Fund ending fund balance decreased approximately \$101,000 from the prior year to approximately \$158,000.
- Secondary Roads Fund revenues remained consistent when compared to the prior year. Expenditures decreased approximately \$830,000, a 16.7% decrease from the prior year, due to two large projects being completed during fiscal year 2009. The Secondary Roads Fund ending fund balance increased approximately \$279,000 from the prior year to approximately \$1,672,000.
- Urban Renewal Fund revenues totaled approximately \$747,000, an increase of 74.0% over the prior year. Expenditures totaled approximately \$431,000, an increase of 5.5% from the prior year. The Urban Renewal Fund ending fund balance increased approximately \$316,000 from the prior year to approximately \$349,000 due to an increase of approximately \$315,000 in property tax collections

- Capital Projects Fund expenses increased approximately \$908,000 due to an increase in construction costs for the Public Safety building. Approximately \$18,000 remained in the Capital Projects fund at the end of the year.

## BUDGETARY HIGHLIGHTS

Over the course of the year, Poweshiek County amended its budget four times. The first amendment was made in November 2009 and resulted in an increase in budgeted disbursements related to capital projects for the Public Safety building. The second amendment was made in January 2010. This amendment was made to provide for disbursements related to new vests for public safety because no initial budget was set up for this purpose. The third amendment was made in April 2010 and resulted in an increase in budgeted disbursements for administration. The fourth amendment was made in May 2010 and resulted in an increase in budgeted non-program current disbursements due to an increase in the Iowa Healthy Initiatives grant, which allowed for an increase in spending.

The County's receipts were \$820,059 less than budgeted, a variance of 6%. The most significant variances resulted due to loss of State funding for the Central Point of Coordination, the Conservation bike trail not completed, loss of road use tax dollars and overestimating Sheriff's miscellaneous receipts.

Total disbursements were \$3,272,507 less than the amended budget. Actual disbursements for the capital projects, roads and transportation and public safety and legal services functions were \$1,821,554, \$682,516 and \$164,939, respectively, less than budgeted. This was primarily due to the County not completing projects at Diamond Lake Park and fewer projects in the Secondary Roads department than anticipated. The remaining variance was due to various departments which cut back disbursements at the request of the Board of Supervisors due to economic factors.

Even with the budget amendments, the County exceeded the budgeted amount in the non-program function for the year ended June 30, 2010.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At June 30, 2010, Poweshiek County had approximately \$24.3 million invested in a broad range of capital assets, including public safety equipment, buildings, park facilities, roads and bridges.

Capital Assets of Governmental Activities at Year End		
(Expressed in Thousands)		
	June 30,	
	2010	2009
Land	\$ 1,527	1,527
Construction in progress	6,369	5,073
Buildings and improvements	8,530	835
Equipment and vehicles	1,553	1,782
Infrastructure	6,307	6,367
Total	\$ 24,286	15,584

The County had depreciation expense of \$584,220 in fiscal year 2010 and total accumulated depreciation of \$6,347,807 at June 30, 2010. Capital assets, net of accumulated depreciation, increased approximately \$8,702,000 during the year. More detailed information about the County's capital assets is presented in Note 4 to the financial statements.

## **Long-Term Debt**

At June 30, 2010, Poweshiek County had \$7,265,000 in long-term debt outstanding, compared to \$7,560,000 at June 30, 2009.

Debt decreased as a result of making payments on the general obligation local option sales tax bonds for the Public Safety building.

The County carries a general obligation bond rating of A2 assigned by national rating agencies. The Constitution of the State of Iowa limits the amount of general obligation debt counties can issue to 5 percent of the assessed value of all taxable property within the County's corporate limits. The County's outstanding general obligation debt of \$7,265,000 is significantly below its constitutional debt limit of approximately \$72 million. Additional information about the County's long-term debt is presented in Note 6 to the financial statements.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

Poweshiek County's elected and appointed officials considered many factors when setting the fiscal year 2011 budget, tax rates and fees charged for various county activities. The Poweshiek County Board of Supervisors is committed to limiting disbursement increases and reducing funding to non-mandated programs to provide services for the citizens of Poweshiek County. The fiscal year 2011 county wide property tax rate is \$7.96884 per \$1,000 of taxable valuation, a decrease of \$.15143 from fiscal year 2010. Poweshiek County will fund capital projects for road improvements, a new bike trail, on-going work at the campground at Diamond Lake Park and joint dispatch. These factors, along with increased wage adjustments for union and pay-plan employees, represent the largest portion of the increased expenditures. The fiscal year 2011 ending fund balance will be approximately \$1,387,000 in the General Fund.

## **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of Poweshiek County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Poweshiek County Auditor's Office, 302 East Main Street, Montezuma, Iowa 50171-0314.

Poweshiek County

Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances -  
Governmental Funds to the Statement  
of Activities

Year ended June 30, 2010

**Net change in fund balances - Total governmental funds (page 23)** \$ (3,177,752)

***Amounts reported for governmental activities in the Statement of  
Activities are different because:***

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation expense in the current year, as follows:

Expenditures for capital assets	\$ 4,363,283	
Capital assets contributed by the Iowa Department of Transportation	4,932,432	
Depreciation expense	<u>(584,220)</u>	8,711,495

In the Statement of Activities, the loss on the disposition of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources. (10,142)

Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds, as follows:

Property tax	(1,563)	
Other	<u>(63,448)</u>	(65,011)

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. 295,000

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

Compensated absences	(14,118)	
Other postemployment benefits	<u>(169,844)</u>	(183,962)

The Internal Service Fund is used by management to charge the costs of partial self funding of the County's health insurance benefit plan to individual funds. The change in net assets of the Internal Service Fund is reported with governmental activities. 92,684

**Change in net assets of governmental activities (page 17)** \$ 5,662,312

Poweshiek County

Notes to Financial Statements

June 30, 2010

**(1) Summary of Significant Accounting Policies**

Poweshiek County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Poweshiek County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County. The County has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Poweshiek County Assessor's Conference Board, Poweshiek County Emergency Management Services Commission and Poweshiek County Joint E911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

The County also participates in the following jointly governed organizations established pursuant to Chapter 28E of the Code of Iowa: Drug Task Force Agreement, South Central Iowa Solid Waste Agency and Poweshiek Area Development Corporation.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Assets presents the County's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

*Invested in capital assets, net of related debt* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

*Restricted net assets* result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net assets* consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for secondary road construction and maintenance.

The Urban Renewal Fund is used to account for tax increment financing revenue and the repayment of tax increment financing indebtedness.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

Additionally, the County reports the following funds:

Proprietary Fund - An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

Fiduciary Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the

County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

The proprietary fund of the County applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund is charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2008 assessed property

valuations; is for the tax accrual period July 1, 2009 through June 30, 2010 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2009.

Interest and Penalty on Property Tax Receivable – Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets – Capital assets, which include property, equipment and vehicles, intangibles and infrastructure assets acquired after July 1, 2003 (e.g., roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the County), are reported in the governmental activities column in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Capital assets of the County are depreciated/amortized using the straight line method over the following estimated useful lives:

Asset Class	Amount
Intangibles	\$ 100,000
Infrastructure	50,000
Land and buildings	35,000
Land improvements	25,000
Equipment and vehicles	10,000

Asset Class	Estimated Useful lives (In Years)
Buildings	25 - 50
Land improvements	10 - 50
Infrastructure	30 - 50
Intangibles	5 - 20
Equipment	3 - 20
Vehicles	5 - 15

Due to Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation and compensatory hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2010. The compensated absences liability attributable to the governmental activities will be paid primarily by the General, Mental Health, Secondary Roads and Rural Services Funds.

Long-Term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, reservations of fund balance are reported for amounts not available for appropriation or legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net Assets – The net assets of the Internal Service Fund are designated for anticipated future catastrophic losses of the County.

#### E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2010, disbursements exceeded the amount budgeted in the non-program function and disbursements exceeded the amount appropriated in one department.

### **(2) Cash and Pooled Investments**

The County's deposits in banks at June 30, 2010 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The County had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$6,341,442 pursuant to Rule 2a-7 under the Investment Company Act of 1940. The investment in the Iowa Public Agency Investment Trust is unrated for credit risk purposes.

**(3) Interfund Transfers**

The detail of interfund transfers for the year ended June 30, 2010 is as follows:

Transfer to	Transfer from	Amount
Special Revenue:		
Secondary Roads	General	\$ 130,884
	Special Revenue:	
	Rural Services	1,434,024
		<u>1,564,908</u>
Sanitary Disposal	Special Revenue:	
	Rural Services	28,500
Debt Service	Special Revenue:	
	Local Option Sales Tax	455,621
Total		<u>\$ 2,049,029</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

**(4) Capital Assets**

Capital assets activity for the year ended June 30, 2010 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
<b>Governmental activities:</b>				
Capital assets not being depreciated:				
Land	\$ 1,527,307	-	-	1,527,307
Construction in progress	5,072,557	9,026,259	7,729,735	6,369,081
Total capital assets not being depreciated	<u>6,599,864</u>	<u>9,026,259</u>	<u>7,729,735</u>	<u>7,896,388</u>
Capital assets being depreciated:				
Buildings	1,720,533	7,729,735	-	9,450,268
Equipment and vehicles	5,868,906	102,290	90,645	5,880,551
Infrastructure	7,230,492	175,666	-	7,406,158
Total capital assets being depreciated	<u>14,819,931</u>	<u>8,007,691</u>	<u>90,645</u>	<u>22,736,977</u>
Less accumulated depreciation for:				
Buildings	885,216	35,171	-	920,387
Equipment and vehicles	4,087,261	312,970	72,003	4,328,228
Infrastructure	863,113	236,079	-	1,099,192
Total accumulated depreciation	<u>5,835,590</u>	<u>584,220</u>	<u>72,003</u>	<u>6,347,807</u>
Total capital assets being depreciated, net	<u>8,984,341</u>	<u>(306,264)</u>	<u>18,642</u>	<u>16,389,170</u>
Governmental activities capital assets, net	<u>\$ 15,584,205</u>	<u>8,719,995</u>	<u>7,748,377</u>	<u>24,285,558</u>

Depreciation expense was charged to the following functions:

Governmental activities:	
Public safety and legal services	\$ 66,392
Physical health and social services	1,971
Mental health	16,882
County environment and education	26,034
Roads and transportation	454,963
Administration	<u>17,978</u>
Total depreciation expense - governmental activities	<u><u>\$ 584,220</u></u>

**(5) Due to Other Governments**

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. Tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments is as follows:

Fund	Description	Amount
General	Services	\$ 4,484
Special Revenue:		
Mental Health	Services	66,056
Rural Services	Services	50
Secondary Roads	Services	<u>107</u>
Total for governmental funds		<u><u>\$ 70,697</u></u>
Agency:		
County Assessor	Collections	\$ 677,045
Schools		12,931,554
Community Colleges		1,707,853
Corporations		6,972,300
Auto License and Use Tax		394,001
All other		<u>675,973</u>
Total for agency funds		<u><u>\$ 23,358,726</u></u>

**(6) Long-Term Liabilities**

A summary of changes in long-term liabilities for the year ended June 30, 2010 is as follows:

	General Obligation Local Option Sales Tax Bonds	Compensated Absences	Estimated Liability for Landfill Postclosure Care	Net OPEB Liability	Total
Balance beginning of year	7,560,000	227,311	375,000	216,846	8,379,157
Increases	-	462,878	-	169,844	632,722
Decreases	<u>295,000</u>	<u>448,760</u>	<u>-</u>	<u>-</u>	<u>743,760</u>
Balance end of year	<u>7,265,000</u>	<u>241,429</u>	<u>375,000</u>	<u>386,690</u>	<u>8,268,119</u>
Due within one year	<u><u>310,000</u></u>	<u><u>187,444</u></u>	<u><u>-</u></u>	<u><u>-</u></u>	<u><u>497,444</u></u>

General Obligation Local Option Sales Tax Bonds

During the year ended June 30, 2009, the County issued \$7,950,000 of general obligation local option sales tax bonds for the purpose of constructing, furnishing and equipping a Public Safety building. A summary of the bonded indebtedness is as follows:

Year ending June 30,	Series 2008			
	Issued Oct 15, 2008			
	Interest Rates	Principal	Interest	Total
2011	3.85%	\$ 310,000	297,563	607,563
2012	3.85	320,000	285,628	605,628
2013	3.85	330,000	273,308	603,308
2014	3.85	345,000	260,603	605,603
2015	3.90	360,000	247,320	607,320
2016-2020	3.90-4.10	2,010,000	1,014,626	3,024,626
2021-2025	4.125-4.30	2,455,000	569,351	3,024,351
2026-2027	4.35-4.40	1,135,000	75,183	1,210,183
Total		\$ 7,265,000	3,023,582	10,288,582

During the year ended June 30, 2010, the County retired \$295,000 of bonds.

The County has pledged future local option sales tax receipts to repay \$7,950,000 of general obligation local option sales tax bonds issued in October 2008. Proceeds from the bonds provided financing for the construction of the Public Safety building. The bonds are payable from local option sales tax receipts and, if receipts are insufficient, an annual supplemental property tax levy and are payable through 2027. If the annual local option sales tax receipts are insufficient at March 15 for payment of principal and interest on the bonds, a property tax will be levied for the next fiscal year. Annual principal and interest payments on the bonds required 80% of net receipts. The total principal and interest remaining to be paid on the bonds is \$10,288,582. For the current year, principal and interest paid and total local option sales tax were \$603,920 and \$755,322, respectively.

The resolution providing for the issuance of the bonds includes the following provisions:

- (a) The bonds will be redeemed from the future collections of local option sales tax receipts and, as needed in order to supplement the local option sales tax receipts, an annual property tax levy.
- (b) The local option sales tax receipts shall be deposited in a Local Option Sales Tax Revenue Fund (Revenue Fund), which shall be used and disbursed to pay the principal and interest on the bonds.
- (c) Sufficient transfers shall be made from the Revenue Fund to a separate bond sinking account within the Debt Service Fund for the purpose of making the bond principal and interest payments when due. No later than March 15 of each year, the Revenue Fund shall set aside sufficient revenues to pay the principal and interest coming due in the next succeeding fiscal year. If the revenues are insufficient to pay the principal and interest coming due in the next succeeding fiscal year, a property tax will be levied for the next fiscal year.

**(7) Pension and Retirement Benefits**

The County contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 4.30% of their annual covered salary and the County is required to contribute 6.65% of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2010, 2009 and 2008 were \$261,537, \$236,763 and \$213,513, respectively, equal to the required contributions for each year.

**(8) Other Postemployment Benefits (OPEB)**

Plan Description. The County operates a single-employer retiree benefit plan which provides medical, dental and vision benefits for retirees and their spouses. There are 91 active and 5 retired members in the plan. Retired participants must be age 55 or older at retirement, with the exception of special service participants who must be age 51 with 22 years of service or elected officials who must be age 57 with 8 years of service.

The health coverage, which is a self-funded health plan, is administered by Auxiant. Retirees under age 65 pay the same premium for the medical, dental and vision benefits as active employees, which results in an implicit rate subsidy and an OPEB liability. The County also offers an early retirement program which results in an explicit subsidy and an OPEB liability.

Funding Policy. The contribution requirements of plan members are established and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation. The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2010, the amount actually contributed to the plan and changes in the County's net OPEB obligation:

Annual required contribution	\$ 305,679
Interest on net OPEB obligation	8,674
Adjustment to annual required contribution	<u>(8,286)</u>
Annual OPEB cost	306,067
Contributions made	<u>(136,223)</u>
Increase in net OPEB obligation	169,844
Net OPEB obligation beginning of year	<u>216,846</u>
Net OPEB obligation end of year	<u>\$ 386,690</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2010.

For the year ended June 30, 2010, the County contributed \$136,223 to the health plan.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2010 are summarized as follows:

Year Ended June 30,	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2010	\$ 306,067	44.5%	386,690

Funded Status and Funding Progress. As of July 1, 2008, the most recent actuarial valuation date for the period July 1, 2008 through June 30, 2010, the actuarial accrued liability was \$2,994,564 with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,994,564. The covered payroll (annual payroll of active employees covered by the plan) was \$3,600,033 and the ratio of the UAAL to covered payroll was 83.2%. As of June 30, 2010, there were no trust fund assets.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as Required Supplementary Information in the section following the Notes to Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2008 actuarial valuation date, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 4% discount rate based on the County's funding policy. The projected annual health trend rate is 10%. The ultimate health trend rate is 4.5%. The health trend rate is reduced 0.5% each year until reaching the 4.5% ultimate trend rate.

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial Report as of June 30, 2007 and applying the termination factors used in the IPERS Actuarial Report as of June 30, 2007.

The salary increase rate was assumed to be 3% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

**(9) Risk Management**

The County is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 634 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 200 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's contributions to the Pool for the year ended June 30, 2010 were \$193,884.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim and \$10,000,000 in aggregate per year. For members requiring specific coverage from \$3,000,000 to \$10,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$150,000 each occurrence, each location, with excess coverage reinsured on an individual-member basis.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2010, no liability has been recorded in the County's financial statements. As of June 30, 2010, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members

withdrawing within the first six years of membership may receive a partial refund of their casualty capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its casualty capital contributions. However, the refund is reduced by an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation, boiler and machinery and employee blanket bond in the amount of \$1,000,000, \$1,000,000 and \$80,000, respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**(10) Employee Health Insurance Plan**

The Internal Service, Employee Group Health Fund was established to account for the partial self funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Auxiant (formerly Employee Group Services, LTD.). The agreement was effective July 1, 1991 and is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$30,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

Monthly payments of service fees and plan contributions to the Employee Group Health Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Auxiant from the Employee Group Health Fund. The County's contribution for the year ended June 30, 2010 was \$1,065,179.

Amounts payable from the Employee Group Health Fund at June 30, 2010 total \$40,784, which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior year and current year claims and to establish a reserve for catastrophic losses. That reserve was \$722,353 at June 30, 2010 and is reported as a designation of the Internal Service, Employee Group Health Fund net assets. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liability for claims for the current year is as follows:

Unpaid claims beginning of year	\$ 140,514
Incurred claims (including claims incurred but not reported at June 30, 2010)	(1,080,602)
Payment on claims during the fiscal year	<u>980,872</u>
Unpaid claims end of year	<u><u>\$ 40,784</u></u>

**(11) Postclosure Care**

To comply with federal and state regulations, the County is required to complete a monitoring system plan and a closure/postclosure care plan and to provide funding necessary to effect closure and postclosure care, including the proper monitoring and care of the landfill after closure. Environmental Protection Agency (EPA) requirements have established closure and thirty-year postclosure care requirements for all

municipal solid waste landfills that receive waste after October 9, 1993. State governments are primarily responsible for implementation and enforcement of those requirements and have been given flexibility to tailor requirements to accommodate local conditions that exist. The effect of the EPA requirement is to commit landfill owners to perform certain closing functions and postclosure monitoring functions as a condition for the right to operate the landfill in the current period. The EPA requirements provide that when a landfill stops accepting waste, it must be covered with a minimum of twenty-four inches of earth to keep liquid away from the buried waste. Once the landfill is closed, the owner is responsible for maintaining the final cover, monitoring ground water and methane gas, and collecting and treating leachate (the liquid that drains out of waste) for thirty years.

Governmental Accounting Standards Board Statement No. 18 requires landfill owners to estimate total landfill closure and postclosure care costs and recognize a portion of these costs each year based on the percentage of estimated total landfill capacity used that period. Estimated total costs consist of four components: (1) the cost of equipment and facilities used in postclosure monitoring and care, (2) the cost of final cover (material and labor), (3) the cost of monitoring the landfill during the postclosure period and (4) the cost of any environmental cleanup required after closure. Estimated total cost is based on the cost to purchase those services and equipment currently and is required to be updated annually. These costs for the Poweshiek County Sanitary Landfill have been estimated at \$375,000 as of June 30, 2010 and a liability of that amount has been recognized.

Chapter 111 of the Iowa Administrative Code has been promulgated to implement financial assurance rules. Since the Poweshiek County Sanitary Landfill stopped waste disposal prior to the Chapter 111 effective date of August 24, 1994, financial assurance is not required for the Landfill. However, the County has accumulated resources to fund postclosure care and, at June 30, 2010, deposits of \$1,280,078 designated for these purposes are reported in the Special Revenue, Sanitary Disposal Fund.

## **(12) Development Agreement**

The County entered into a development agreement to assist in an urban renewal project. The County agreed to rebate 100% of the incremental property tax paid by the developer in exchange for the construction of a corn processing facility. The incremental property tax to be received by the County under Chapter 403.19 of the Code of Iowa from the developer will be rebated in twenty semi-annual payments beginning on December 1, 2003. The total to be paid by the County under this agreement is not to exceed \$2,509,260. During the year ended June 30, 2010, \$430,904 was rebated to the developer, bringing the cumulative total to \$1,933,763.

On October 15, 2009, a public hearing was held to amend the development agreement. The amendment accommodated a new urban renewal project and extended the agreement until December 31, 2015. All other provisions of the agreement remain unchanged.

Poweshiek County

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2010

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except Internal Service and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, four budget amendments increased budgeted disbursements by \$1,042,135. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2010, disbursements exceeded the amount budgeted in the non-program function and disbursements exceeded the amount appropriated in one department.

Independent Auditor's Report on Internal Control  
over Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in Accordance with  
Government Auditing Standards

To the Officials of Poweshiek County:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Poweshiek County, Iowa, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements listed in the table of contents, and have issued our report thereon dated February 23, 2011. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Poweshiek County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Poweshiek County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Poweshiek County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control over financial reporting we consider to be material weaknesses and other deficiencies we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies in internal control described in the accompanying Schedule of Findings as items (A), (B) and (C) to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings as items (D) through (G) to be significant deficiencies.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Poweshiek County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2010 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Poweshiek County's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the County's responses, we did not audit Poweshiek County's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Poweshiek County and other parties to whom Poweshiek County may report and is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Poweshiek County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

DAVID A. VAUDT, CPA

February 23, 2011

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

**Findings Related to the Financial Statements:**

**INTERNAL CONTROL DEFICIENCIES:**

- (A) Segregation of Duties – During our review of internal control, the existing activities are evaluated in order to determine incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and, therefore, maximizes the accuracy of the County's financial statements.

Generally, one individual in the Sheriff's Office, the Recorder's Office, the Engineer's Office, the Central Point Coordinator's Office, the Conservation Office and the Sanitarian's Office may have control over opening and listing mail receipts, collecting, depositing, posting and daily reconciling of receipts for which no compensating controls exist. In the Recorder's Office, the mail opener does not prepare a listing of mail receipts. In the Central Point Coordinator's Office, checks written from the payee accounts are prepared, approved, signed and mailed by the same person. In addition, bank reconciliations are not reviewed by an independent person with no responsibility for receipts and disbursements in the Sheriff's Office.

Recommendation – We realize segregation of duties is difficult with a limited number of office employees. However, each County official should review the operating procedures of their office to obtain the maximum internal control possible under the circumstances. The County official should utilize current personnel to provide additional control through review of financial transactions, reconciliations and reports.

An employee who is not authorized to make entries to the accounting records should open all incoming mail. This employee should prepare a listing of cash and checks received. The mail could then be forwarded to the accounting personnel for processing. Later, the same listing should be compared to the cash receipt records.

Bank accounts should be reconciled promptly at the end of each month by an individual who does not sign checks, handle or record cash. The bank reconciliations should then be reviewed by an independent person with no responsibility for receipts and disbursements, with the review documented by the initials or signature of the reviewer and the date of the review.

Responses –

Sheriff's Office – Since FYE June 30, 2010 the Sheriff's office has hired a part-time receptionist who assists Dawn in the civil office. This person will assist in the segregation of duties as recommended. Bank reconciliations are being initialized and dated.

Recorder's Office – Recommendation accepted.

Engineer's Office – The audit of the Engineer's Office identifies concerns about segregation of duties each year. The reason is that it is an inherent concern with small offices. We have established a standard operating

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

procedure that all revenues are collected by the Office Manager. She issues a receipt for each collection and produces a monthly report that is reviewed by the Assistant to the County Engineer. Although the office manager is currently quartered in the Auditor's Office, their workstations are typically close enough to allow for oversight.

Central Point Coordinator's (CPC) Office – The administrative assistant opens all mail and logs in receipts, then the CPC administrator reviews and approves all receipts. In the CPC administrator's absence, a case manager is asked to verify receipts of monies that come in. All payee accounts have been discontinued as of July 1, 2010.

Conservation Office – Although the Conservation department has a very small staff consisting of three full time employees, our department will try to utilize the current personnel to provide additional control of funds received by our office. The Conservation Board has received, and will likely continue to receive, some funds through electronic deposits which go directly to the Treasurer's Office and never go through the Conservation Board's office.

Sanitarian's Office – Only checks are received at my office, no cash. Few checks are received and are deposited with the County every one to two weeks.

Conclusions –

Sheriff's Office – Response accepted.

Recorder's Office – Response accepted.

Engineer's Office – Response accepted.

Central Point Coordinator's (CPC) Office – Response accepted.

Conservation Office – Response acknowledged. For offices with limited staff, other County personnel could be used to provide additional control through review of financial transactions.

Sanitarian's Office – Response acknowledged. Other County personnel or officials could be utilized to strengthen controls.

- (B) Protective Payee Operations – The County has been designated “protective payee” by the Social Security Administration, the Iowa Department of Human Services and/or the courts for 39 clients who need assistance in managing their day to day finances. Numerous checks written from the client accounts were not always supported by appropriate documentation. Outstanding checks at June 30, 2010 could not be accounted for.

Beginning July 1, 2010, the County is no longer the protective payee for these accounts. Any remaining balance in a client's account should be remitted to the Social Security Administration. For several accounts, the amount remitted was incorrect, resulting in small, immaterial account balances or negative account balances.

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

Recommendation – Supporting documentation should be required and maintained for all checks written from the client accounts. Remaining balances for client accounts should be reconciled and resolved with the Social Security Administration.

Response – As of July 1, 2010, all payee accounts have been closed and this service is no longer being provided. There is a balance of \$173 in this account and I will be discussing with Social Security Administration how this account will be zeroed out.

Conclusion – Response accepted.

- (C) Financial Reporting – During the audit, we identified material amounts of receipts and disbursements related to a Poweshiek County Board of Health grant and Secondary Roads not recorded in the County's financial statements. Adjustments were subsequently made by the County to properly include these amounts in the financial statements.

Recommendation – The County should implement procedures to ensure all grant receipts and disbursements are identified and coded properly in the County's financial statements.

Responses -

County – The County will implement procedures regarding grant receipts and disbursements so they are identified and are coded properly.

Engineer's Office – This item stems from Road Use Tax money distributed to the counties by the State. This money is distributed on a monthly basis. However, the check is sent to the counties in the month following their collection. This means money collected in April is actually distributed in May. One of these checks was sent to Poweshiek County in July of 2010, which is the first month of fiscal year 2011. However, the check should have been considered a receipt for the month of June, meaning it should have been credited in fiscal year 2010. This particular instance has been corrected. In visiting with staff it was determined they knew proper procedure but deposited the money incorrectly. It is my belief the problem is remedied. If further instances occur we will be forced to develop a more aggressive procedure to prevent future occurrences.

Conclusions – Responses accepted.

- (D) Information Systems – The County does not have a written disaster recovery plan.

Recommendation – A written disaster recovery plan should be developed.

Response – Poweshiek County will add information systems to our recovery plan.

Conclusion – Response accepted.

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

(E) Capital Assets – A physical observation of capital assets was not performed during the year ended June 30, 2010 in accordance with the County’s policy.

Recommendation – Capital assets should be tested periodically by an employee having no responsibility for assets.

Response – Capital assets will be tested.

Conclusion – Response accepted.

(F) Timesheet Approval – Timesheets are not approved by a supervisor for office staff of the Secondary Roads department.

Recommendation – The timesheets should be signed by the employee and should be reviewed and signed by the employee's immediate supervisor or the engineer. The timesheets should support all hours worked and all hours taken as vacation, sick leave, compensatory time, holiday hours and personal days.

Response – The Assistant Engineer will review and approve the office staff timesheets.

Conclusion – Response accepted.

(G) Credit Cards – The County has credit cards for use by various employees while on County business. The County has not adopted a policy to regulate the use of the credit cards.

Recommendation – The County should adopt a written policy regulating the use of County credit cards. The policy, at a minimum, should address who controls credit cards, who is authorized to use credit cards and for what purpose, as well as the types of supporting documentation required to substantiate charges.

Response – A credit card policy was adopted August 2, 2010.

Conclusion – Response accepted.

**INSTANCES OF NON-COMPLIANCE:**

No matters were noted.

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

**Other Findings Related to Required Statutory Reporting:**

- (1) Certified Budget – Disbursements during the year ended June 30, 2010 exceeded the amount budgeted in the non-program function. Disbursements exceeded the amount appropriated in one department.

Recommendation – The budget should have been amended in accordance with Chapter 331.435 of the Code of Iowa before disbursements were allowed to exceed the budget.

Chapter 331.434(6) of the Code of Iowa authorizes the Board of Supervisors, by resolution, to increase or decrease the appropriation of one office or department by increasing or decreasing the appropriation of another office or department as long as the function budget is not increased. Such increases or decreases should be made before disbursements are allowed to exceed the appropriation.

Response – The budget will be amended in accordance with Chapter 331.435 of the Code of Iowa to prevent disbursements from exceeding the budget.

Conclusion – Response accepted.

- (2) Questionable Expenditures – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

- (3) Travel Expense – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

- (4) Business Transactions – Business transactions between the County and County officials or employees are detailed as follows:

<u>Name, Title, and Business Connection</u>	<u>Transaction Description</u>	<u>Amount</u>
Jeff Morrison, Deputy Sheriff, Father is owner of Morrison Enterprise, Inc.	Car repair and maintenance	\$4,586

In accordance with Chapter 331.342 of the Code of Iowa, these transactions may represent a conflict of interest since the total amount exceeded \$1,500 during the fiscal year.

Recommendation – The County should consult legal counsel to determine the disposition of this matter.

Response – We will consult legal counsel.

Conclusion – Response accepted.

- (5) Bond Coverage – Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

- (6) Board Minutes – Except for certain interfund transfers which were not approved in the minutes by Board resolution as required by Chapter 331.432 of the Code of Iowa, no transactions were found which we believe should have been approved in the Board minutes but were not.

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

Recommendation - All interfund transfers should be approved by the Board of Supervisors by resolution in accordance with Chapter 331.432 of the Code of Iowa.

Response - Interfund transfers will be approved by the County Board of Supervisors.

Conclusion - Response accepted.

- (7) Deposits and Investments - No instances of non-compliance with the deposit and investments provisions of Chapters 12B and 12C of the Code of Iowa and the County's investment policy were noted.
- (8) Resource Enhancement and Protection Certification - The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).
- (9) County Extension Office - The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an Extension Council separate and distinct from County operations and, consequently, is not included in Exhibits A or B.

Disbursements during the year ended June 30, 2010 for the County Extension Office did not exceed the amount budgeted.

- (10) E-911 Claims - Chapter 34A.7(4) of the Code of Iowa states, in part, "Moneys in an E911 service fund may only be used for nonrecurring and recurring costs of the E911 service plan as approved by the program manager." Further, Chapter 34A.2(7)(e)(2) of the Code of Iowa states, in part, "Costs do not include expenditures for any other purpose, and specifically exclude costs attributable to other emergency services or expenditures for buildings or personnel, except for the costs of personnel for database management and personnel directly associated with addressing."

The E-911 coordinator submitted a monthly claim for \$2,156 to the Board of Supervisors. However, the claims did not include any supporting documentation, such as hours worked or specific services provided. The signed letter of understanding between the Coordinator and the E-911 Board does not include expectations for the number of hours to be worked or any documentation of the work to be done to permit the E-911 Board to manage the arrangement. Accordingly, it can not be determined whether the services provided are allowable under the statutory language cited above.

Recommendation - Chapter 331.504(8) of the Code of Iowa requires claims, before being audited or paid, to be itemized to clearly show the basis of the claim and whether the claim was for property sold, for services rendered or for another purpose. The County received legal advice dated July 20, 2004 on this issue. The claims should have proper supporting documentation, including documentation of the work performed to allow the E-911 Board and the County Board of Supervisors to determine whether the disbursement meets the statutory criteria necessary for allowing payment from the E-911 Services Fund.

In addition, any future agreements should have established benchmarks or hours to be worked and documentation of the services to be provided.

Poweshiek County

Schedule of Findings

Year ended June 30, 2010

Response – The County Board of Supervisors will consult legal counsel.

Conclusion – Response accepted.

- (11) Electronic Check Retention – Chapter 554D.114 of the Code of Iowa allows the County to retain cancelled checks in an electronic format and requires retention in this manner to include an image of both the front and back of each cancelled check. The image of the back of each cancelled check was not obtained by the County Sheriff.

Recommendation – The County Sheriff should obtain and retain an image of both the front and back of each cancelled check as required.

Response – Current bank statements include images of both the front and back of each cancelled check.

Conclusion – Response accepted.
