Online Ordering is Coming Soon!

The Division is in the process of implementing ROBOCOM, a new warehouse management system, which will give customers the opportunity to use a web-based store to place orders! ROBOCOM is expected to roll out this spring. During the testing period, the new and old order entry processes will be running parallel in order to ensure a smooth conversion to the new system. Therefore, customers are encouraged to get orders in earlier to ensure completion in a timely manner. Check this newsletter and IowaABD.com in the coming months for more exciting news about the ROBOCOM roll out. As always, please feel free to call or email the Division's order entry staff with any questions or concerns.
