NEWS RELEASE

FOR RELEASE December 11, 2003 Contact: Andy Nielsen 515/281-5515

Auditor of State David A. Vaudt today released an audit report on the City of Jesup,

The City's receipts totaled \$2,237,206 for the year ended June 30, 2003, a 12 percent increase from 2002. The receipts included \$460,782 in property tax, \$315,334 in tax increment financing collections, \$158,029 in local option sales tax, \$211,955 from the state, \$33,543 from the federal government and \$48,145 in interest on investments. The significant increase in receipts is due to the receipt of a rural initiative grant and an increase in tax increment financing collections.

Disbursements for the year totaled \$2,507,369, a 36 percent increase from the prior year, and included \$684,153 for capital projects, \$370,853 for public safety, and \$323,969 for community and economic development. The significant increase in expenditures is due primarily to street paving, water and sewer projects.

A copy of the audit report is available for review in the Office of Auditor of State and the City Clerk's office.

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council:

We have audited the accompanying financial statements, listed as exhibits in the table of contents of this report, of the City of Jesup, Iowa, as of and for the year ended June 30, 2003. These financial statements are the responsibility of the City of Jesup's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

As discussed in Note 14, the City of Jesup intends to implement Governmental Accounting Standards Board Statement No. 34, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments</u>; Statement No. 37, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus</u>; and Statement No. 38, <u>Certain Financial Statement Note Disclosures</u>, for the fiscal year ending June 30, 2004. The effects of these statements are expected to significantly impact the presentation of the City's financial statements and related notes in the year of implementation. The revised requirements include an analytical overview of the City's financial activities in the Management's Discussion and Analysis introduction to the financial statements.

In our opinion, the aforementioned financial statements present fairly, in all material respects, the results of the cash transactions of the funds of the City of Jesup as of and for the year ended June 30, 2003, and its indebtedness at June 30, 2003, on the basis of accounting described in Note 1.

In accordance with <u>Government Auditing Standards</u>, we have also issued our reports dated September 4, 2003 on our consideration of the City of Jesup's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. Those reports are an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the aforementioned financial statements taken as a whole. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2002 (none of which are presented herein) and expressed unqualified opinions on those financial statements. The supplemental information included in Schedules 1 through 8 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in our audit of the aforementioned financial statements and, in our opinion, is fairly stated in all material respects in relation to the aforementioned financial statements taken as a whole.

WARREN G. JENKINS, CPA Chief Deputy Auditor of State

(1) Summary of Significant Accounting Policies

The City of Jesup is a political subdivision of the State of Iowa located in Buchanan County and Black Hawk County. It was first incorporated in 1876 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens including public safety, public works, culture and recreation, community and economic development, general government and business type activities.

A. Reporting Entity

For financial reporting purposes, City of Jesup has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present the City of Jesup (the primary government), the Jesup Fire Department (component unit), and the Jesup Ambulance Crew Association (component unit). These component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

Blended Component Units

The Jesup Fire Department is legally separate from the City but is so intertwined with the City that it is, in substance, the same as the City. It is reported as part of the City and blended into the Special Revenue Funds. The Jesup Fire Department has been established pursuant to local ordinance to prevent and extinguish fires and to protect lives and property against fires, to promote fire prevention and fire safety, and to answer all emergency calls for which there is no other established agency. Although the Jesup Fire Department is legally separate from the City, its purpose is to benefit the City of Jesup (the primary government) by providing the above services and by soliciting contributions and managing those funds.

The Jesup Ambulance Crew Association is legally separate from the City but is so intertwined with the City that it is, in substance, the same as the City. It is reported as part of the City and blended into the Special Revenue Funds. Although the Jesup Ambulance Crew Association is legally separate from the City, its purpose is to benefit the City of Jesup (the primary government) by soliciting contributions and managing those funds.

Jointly Governed Organizations

The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: County Assessor's Conference Board and E911 Joint Service Board. The City also participates in the Buchanan County Solid Waste Commission, a jointly governed organization established pursuant to Chapter 28E of the Code of Iowa.

B. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its receipts, disbursements and balances. The various funds and their designated purposes are as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the City. All general tax receipts and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid through other funds.

<u>Special Revenue Funds</u> – The Special Revenue Funds are utilized to account for receipts derived from specific sources which are usually required by law or regulation to be accounted for in separate funds.

<u>Debt Service Fund</u> – The Debt Service Fund is utilized to account for the payment of interest and principal on the City's general obligation, special assessment and tax increment financing long-term debt.

<u>Capital Projects Funds</u> – The Capital Projects Funds are utilized to account for all resources used in the acquisition and construction of capital facilities, with the exception of those that are financed through Enterprise Funds.

Proprietary Funds

<u>Enterprise Funds</u> – The Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services that are supported by user charges.

Fiduciary Funds

<u>Trust Funds</u> – The Trust Funds are used to account for monies and properties received and held by the City in a trustee capacity. These include Expendable Trust Funds.

C. Basis of Accounting

The City of Jesup maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

D. Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds, except blended component units. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements, known as functions, not by fund. These functions are public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities.

E. Total (Memorandum Only)

The total column on the combined statement of cash transactions is captioned "Memorandum Only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position or results of operations in conformity with U.S. generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

(2) Cash and Pooled Investments

The City's deposits in banks at June 30, 2003 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3.

(4) Pension and Retirement Benefits

The City contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the City is required to contribute 5.75% of annual covered payroll except for police employees, in which case the percentages are 6.20% and 9.29%, respectively. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2003, 2002, and 2001 were \$26,991, \$23,887, and \$21,725, respectively, equal to the required contributions for each year.

(5) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement or death. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate liability for earned vacation termination payments payable to employees at June 30, 2003, primarily relating to the General Fund, was \$20,000. This liability has been computed based on rates of pay in effect at June 30, 2003.

<u>Independent Auditor's Report on Compliance</u> and on Internal Control over Financial Reporting

To the Honorable Mayor and Members of the City Council:

We have audited the financial statements of the City of Jesup, Iowa, as of and for the year ended June 30, 2003, and have issued our report thereon dated September 4, 2003. Our report expressed an unqualified opinion on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of Jesup's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance that are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2003 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. Prior year statutory comments have been resolved except for item (10).

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Jesup's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Jesup and other parties to whom the City of Jesup may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Jesup during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

WARREN G. JENKINS, CPA Chief Deputy Auditor of State

Schedule of Findings

Year ended June 30, 2003

Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

No material weaknesses in internal control over financial reporting were identified.

Other Findings Related to Statutory Reporting:

- (1) Official Depositories A resolution naming official depositories has been approved by the City. The maximum deposit amounts stated in the resolution were not exceeded during the year ended June 30, 2003.
- (2) <u>Certified Budget</u> Disbursements during the year ended June 30, 2003 exceeded the amount budgeted in the general government function prior to budget amendment. In addition, disbursements exceeded the amended budget in the debt service and capital projects functions. Chapter 384.20 of the Code of Iowa states in part that public monies may not be expended or encumbered except under an annual or continuing appropriation.

<u>Recommendation</u> – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

 $\underline{\text{Response}}$ – It is the City's policy to follow Chapter 384.18 of the Code of Iowa and will ensure compliance in the future.

Conclusion - Response accepted.

- (3) <u>Questionable Disbursements</u> No disbursements that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- (4) <u>Travel Expense</u> No disbursements of City money for travel expenses of spouses of City officials or employees were noted.
- (5) <u>Business Transactions</u> Business transactions between the City and City officials or employees are detailed as follows:

Name, Title, and	Transaction	
Business Connection	Description	Amount
Shane Clark, Volunteer Fireman, owner of Ward Service Center, Inc. & Clark General Store	Auto parts	\$ 1,416
Randy McGill, Council Member, employed at Hawkeye Tile	Materials	51
Roger Williams, Council Member, owner of Williams Electrical Service	Electrical services and parts	436

Schedule of Findings

Year ended June 30, 2003

- In accordance with Chapter 362.5(11) of the Code of Iowa, the transactions with the Council Members and Volunteer Fireman do not appear to represent conflicts of interest since total transactions with each individual were less than \$2,500 during the fiscal year.
- (6) <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- (7) <u>Council Minutes</u> No transactions were found that we believe should have been approved in the Council minutes but were not.
- (8) <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy were noted.
- (9) <u>Revenue Bonds/Notes</u> No instances of non-compliance with the provisions of the revenue bonds/notes indentures were noted.
- (10) <u>Employee Benefits</u> The City appears to have used proceeds of the Special Revenue Fund, Employee Benefits Account property tax levy for the Enterprise Fund, Water Utility and Sewer Utility Accounts, which is contrary to rules adopted by the City Finance Committee.
 - <u>Recommendation</u> The City should review this matter and take appropriate corrective action. Also, the City should ensure that property tax is levied and expended for employee benefits only for employees paid from the General Fund and the Special Revenue Fund, Road Use Tax Account.
 - Response The City will review this matter to ensure compliance.
 - Conclusion Response accepted.
- (11) <u>Contract Change Orders</u> The City has entered into various construction contracts. The City Council did not approve change orders for items that caused costs to exceed the contract amount.
 - <u>Recommendation</u> The City should review and approve change orders for items that will cause costs to exceed the contract amount.
 - <u>Response</u> In the future, the City will review and approve change orders for items that will cause costs to exceed the contract amount.
 - Conclusion Response accepted.
