Policy

From the WIC Services Policy and Procedure Manual — 340.10 Introduction to Equipment and Supplies

Equipment is defined as any item with a cost or value of \$5,000 or more, and with an anticipated life of over one year. Computer software is excluded from this definition.

The type and quantity of equipment purchased by the agency must be submitted in writing for approval prior to purchase. The agency budget is responsible for all equipment purchases. This includes replacing equipment lost or damaged due to neglect, mistreatment, theft, natural disaster, and malfunction under normal operating conditions.

HELPDESK Updates
