Make the following changes to the plan for project FM-C097(96)--55-97:

SHEET B2:

Add the following note to the reference note 10., 11., 12., 13., 14.:

The steel channels for upgrading the rail on three bridges within the corridor of this overlay project are to be galvanized steel. The channels shall be galvanized, not black, to avoid maintaining paint on them in the future. The channels are also to be field welded to the posts and the welds are to be field painted with a zinc rich paint.
