Iowa Department of Transportation  
Office of Contracts

Date of Letting: April 16, 2013  
Date of Addendum: March 27, 2013

| <b>B.O.</b> | <b>Proposal ID</b> | <b>Proposal Work Type</b> | <b>County</b> | <b>Project Number</b>  | <b>Addendum</b> |
|-------------|--------------------|---------------------------|---------------|------------------------|-----------------|
| 103         | 23-1040-605        | PCC SIDEWAIL/TRAIL        | CLINTON       | STP-E-1040(605)--8V-23 | 16APR103.A01    |

---

Notice: Only the bid proposal holders receive this addendum and responsibility for notifying any potential subcontractors or suppliers remains with the proposal holder.

---

Make the following change to the PROPOSAL SCHEDULE OF PRICES:

Change Proposal Line No. 0010 2101-0850002 CLEARING AND GRUBBING:  
From: 30.000 UNIT  
To: 160.000 UNIT

If the above change is not made, it will be made as shown here.

Make the following change to plan sheet C.01:

Replace plan sheet C.01 with attached plan sheet C.01.  
The Item No. 1 unit and quantity has changed and the reference note for Item No. 1 has changed.

Make the following change in the borders for all sheets except A.01:

Replace Scott County with Clinton County

| PROJECT DESCRIPTION   |  |  |  |
|---|--|--|--|
| This data entry sheet fills Tab 100-10 effective 10-18-05   |  |  |  |
| This project consists of all necessary grading, paving, and utility adjustments to construct a recreational trail along 9th Street from a point just east of 19th Avenue (on the east) to a point near Highway 67 (on the west). It will be a 8 foot wide concrete trail that is about 2,459 feet or 0.46 miles long. |  |  |  |

| INDEX OF TABULATIONS |   |            |  |

| ESTIMATE REFERENCE INFORMATION |              |  |
|--------------------------------|--------------|--|
| Item No.                       | Item Code    | Description  |
| 1                              | 2101-0850002 | CLEARING AND GRUBBING - Pull and remove all shrubs, stumps, including roots to a depth of at least 12 inches. Contractor is responsible for the disposal of all debris. This item will be measured on a per unit basis and shall be paid on a per unit basis.  |
| 2                              | 2105-8425005 | TORSION FURNISH AND SPREAD - Contractor will be responsible for the stripping of topsoil and preparation of sod. Haul, deposit, and spread topsoil in a uniform 12 inch layer. This item will be measured on a per cubic yard basis and will be paid for on a per cubic yard basis.  |
| 3                              | 2213-6745000 | REMOVAL OF CURB - Remove, integral curb by methods which will not damage the concrete that is to remain. Follow Section 2213.03 for removal guidance. The method of measurement shall be on a per station basis rounded to the nearest foot. Payment will be the contract unit price per station. Payment is full compensation for furnishing all equipment, labor, removal, and hauling of debris.  |
| 4                              | 2213-7100400 | RELOCATION OF MAILBOXES - Remove and relocate existing mailbox assembly to desired position by home owner and with Engineer approval. Remove post and concrete footing a minimum of two feet below grade. Install post and mailbox vertically plumb in place. Dump backfill material consisting of a well graded crushed stone meeting requirements of Section 2213.03. Backfill and compact to meet requirements of Section 2213.03. This voids around driveway posts and thoroughly compact backfill material by tamping. This item will be measured on a per each basis and shall be paid on a per each basis.            |
| 5                              | 2435-0251218 | INTAKE, 5W-512, 18 IN. - Construct storm sewer intakes for collection of surface water and conveyance to the storm sewer. Excavate according to Section 2532. Follow all parts of section 2435 for construction applications accordingly. The method of measurement shall be on a per station basis rounded to the nearest foot. Payment for each type and size of intake. Payment is full compensation for excavation, placing bedding and backfill material, compaction, base, structural concrete, reinforcing steel, precast units, castings, adjustment rings, and all appurtenances necessary for proper installation. |
| 6                              | 2435-0600010 | MANHOLE ADJUSTMENT, MINOR - Modify existing manholes as necessitated by other improvements adjacent to the manholes of intakes. Follow section 2435.01D for construction guidance. The method of measurement shall be on a per each basis. Payment will be at the contract unit price for each. Payment is full compensation for removal of existing casting and existing adjustment rings, furnishing and installing new adjustment rings, and furnishing and installing new casting.   |
| 7                              | 2435-0600020 | MANHOLE ADJUSTMENT, MAJOR - Modify existing manholes as necessitated by other improvements adjacent to the manholes of intakes. Follow section 2435.01D for construction guidance. The method of measurement shall be on a per each basis. Payment will be at the contract unit price for each. Payment is full compensation for removal of existing manhole structure, existing adjustment rings, concrete and reinforcing steel, and reinforcing steel or rebar sections, furnishing and installing new casting, placing backfill material, and compaction.  |
| 8                              | 2435-0600110 | INTAKE ADJUSTMENT, MINOR - Modify existing intakes as necessitated by other improvements adjacent to the manholes of intakes. Follow section 2435.03D for construction guidance. The method of measurement shall be on a per each basis. Payment will be at the contract unit price for each. Payment is full compensation for removal of existing casting and existing adjustment rings, furnishing and installing new adjustment rings, and furnishing and installing new casting.   |
| 9                              | 2435-0600120 | INTAKE ADJUSTMENT, MAJOR - Modify existing intakes as necessitated by other improvements adjacent to the manholes of intakes. Follow section 2435.03D for construction guidance. The method of measurement shall be on a per each basis. Payment will be at the contract unit price for each. Payment is full compensation for removal of existing casting, existing adjustment rings, top sections and risers, excavation, concrete and reinforcing steel, and reinforcing steel, furnishing and installing new casting, placing backfill material, and compaction.   |
