INTRODUCTION

The Iowa Department of Management (DOM) is pleased to present our Performance Report for fiscal year 2006 (July 1, 2005 - June 30, 2006). This report contains information about the services DOM provided over the past fiscal year. This document is provided pursuant to Iowa Code section 8E.210, which requires agencies to report on performance. The report includes an agency overview, templates providing details about key results areas and a spreadsheet that provides all of our FY 2006 performance plan measures and results by core function and service, product or activity (SPA).

In addition to this report, we would like to call attention to the Accountable Government Act (AGA) Implementation and Evaluation Report released earlier this year. The multi-year report contains information about the work undertaken, and results achieved, by DOM in leading implementation of the AGA from enacting legislation in 2001 through the first half of FY 2006. Key findings and recommendations are also included. If you have not already read the report, please do, and learn more about our many AGA related accomplishments.

AGENCY OVERVIEW

Vision: DOM's vision is to become the strategic planning, finance and accountability center of excellence in state government.

Mission: The mission of the DOM is to lead enterprise planning and coordinate enterprise governance systems so Iowans receive the highest return on their public investment.

Guiding Principles

- Collaborative Leadership
- Long Range Thinking
- Customer Focus
- Data-Based Decisions
- Employee Participation
- Continuous Improvement
- Results Orientation

Core Functions

- Enterprise Resource Management
- Local Government Assistance
- Adjudication

Key Services, Products and Activities

DOM's key services, products and activities include:

- State budget development and oversight
- Governance system development and oversight – Accountable Government Act (AGA) including strategic and performance planning and performance auditing
- Policy development and analysis
- Revenue estimating and economic forecasting
- Community empowerment coordination
- Reinvention and other continuous improvement initiatives
- Enterprise project management
- State Appeal Board administration
- Local government budget support
- Utility tax replacement administration
- Collective bargaining support

Customers

DOM's services and products are delivered to diverse customer groups. Some customers are internal to state government and some are external. Internal customers include all state agencies, the Office of the Governor, the legislature and staff, other elected officials and the judicial branch. External customers include Iowa residents and

taxpayers, local governments, local community empowerment groups, the state empowerment board, state appeal board claimants, media and state employee labor organizations.

Organizational Structure

To deliver its services and products, DOM employed 28 staff in FY 2006 structured into three teams- Leadership, State and Local Budget, and Accountability for Results (ART). DOM also coordinates networks of staff from other executive branch departments.

Budget

DOM received General Fund appropriations totaling \$2,799,841 in FY 2006. In addition \$56,000 was appropriated to DOM from the Road Use Tax Fund (RUTF).

KEY RESULT TEMPLATE

CORE FUNCTION

Name: Enterprise Resource Management

Description: Provides all vital infrastructure needs necessary to administer and support agency operations. Key activities include financial and personnel services such as payroll, accounting and budget; purchasing of goods and services; media management; information technology enhancement, management and support; staff development; leadership; planning; policy development; maintenance of physical infrastructure and governance system development to achieve results for Iowans.

Why we are doing this: Chapter 8 of the Code of Iowa designates the Iowa Department of Management with responsibility for preparation and execution of the state budget. In addition, under Chapter 8E of the Code the Department of Management is responsible for administering the Accountable Government Act, which includes responsibility for:

- Allocating human and material resources available to state government to maximize measurable results for Iowans.
- Improving decision making at all levels of state government
- Enhancing state government's relationship with citizens and taxpayers by providing for the greatest possible accountability of the government to the public.

What we're doing to achieve results: DOM works with state agencies to develop and manage their budgets to achieve the highest possible return on investment for Iowans. The Department provides agencies with tools and technical assistance for planning and budgeting.

Measures/Results

Performance Measures:

- | | |
|--|---|
| A. Percent of time State of Iowa maintains an AA+ credit rating for FY 05. | Iowa maintained its AA+ rating in FY 06 |
| B. Percent of Iowa Results website measures trending in desired direction | The targeted result was exceeded by 7% |

Performance Targets:

- | | |
|---------|------|
| A. 100% | 100% |
| B. 75% | 82% |

Data Sources:

- A. Standard and Poor's
- B. DOM

Data Reliability:

- A. Standard and Poor's is an independent credit rating agency
- B. Agencies report Results Iowa measures which are posted on Results Iowa Website

Why we are using this measure:

- A. The Standard and Poor's credit rating provides an independent measure of the state's fiscal integrity.
- B. The Accountable Government Act aligned and connected many components of Iowa's existing governance system and brought the legislative and executive branches together around a common focus on results. The tracking the achievement of results is intended to help demonstrate the effectiveness of legislation intended to focus government on results.

What was achieved:

- A. Iowa maintained its AA+ rating given by the nation's premier credit rating agency.
- B. Improved focus on important results leading to improved quality, customer service and service delivery

Analysis of results:

- A. In reaffirming Iowa's AA+ credit rating, Standard and Poor's noted the state's "stable and diversifying economy; conservative fiscal management with a demonstrated willingness to restrain spending to maintain fiscal integrity; good finances, buoyed by statutory reserves; and very low debt burden.
- B. The Results Iowa website and measures provide Iowans with a look at the progress state government is making in achieving key goals

Factors affecting results: None

Resources used: 26 DOM staff funded through the General Fund and RUTF.

KEY RESULT TEMPLATE

SERVICES/PRODUCTS/ACTIVITIES

Name: Planning and Accountability

Description: This SPA addresses many areas of the Accountable Government Act including coordination of enterprise and agency strategic planning, performance planning, performance measurement and performance auditing. This SPA also includes technical assistance in the area of government reinvention.

Why we are doing this: To provide accountability and results and enable state government to achieve the most value for lowans, with limited resources.

What we're doing to achieve results: The Department updated guidebooks for strategic planning, performance planning and measurement and agencies were provided training and technical assistance in developing their plans and measures.

Measures/Results

Performance Measure:

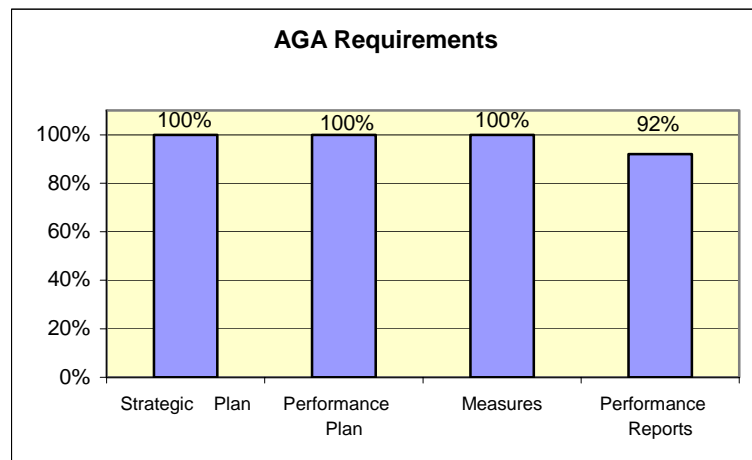

Percent of agencies that meet established AGA requirements

Performance Target:

100%

Data Sources DOM

Staff

Data Reliability: Copies of agency strategic and performance plans are available on the DOM and the "Results Iowa" websites.

Why we are using this measure: To document whether agencies are meeting the requirements of the AGA.

What was achieved: Agency strategic and performance plans are used to provide a framework for guiding agency action and include measures to help determine success.

Analysis of results: Desired results were achieved

Factors affecting results: None

Resources used: 5 General Funded DOM staff

KEY RESULT TEMPLATE

SERVICES/ PRODUCTS/ ACTIVITIES

Name: Planning & Accountability

Description: Improvement Projects

Why we are doing this: Iowans expect that state government will provide them with the best possible services at the lowest price. Improvement projects increase value for Iowans and help change the culture of state government to one that increasingly focuses on results, not rules, improves those results, and squeezes the most out of every dollar.

What we're doing to achieve results:

To help the state change the way it does business, DOM issued an RFP in 2002 for a "Reinvention Partner." This partner would engage with agencies and DOM to create major reinvention projects and drive culture change. Due to lack of sufficient funding, the RFP required bidders to propose ways to make the contract self-funding. Public Strategies Group (PSG) of St. Paul, Minnesota did so and won the right to become Iowa's partner.

As the partnership began, the Department of Management, Office of the Governor, legislative leaders, and PSG entered into a dialogue about major opportunities to transform Iowa government to improve results and better focus resources. These discussions led to the three largest projects: Child Welfare Redesign, Local Government, and Charter Agencies.

Many other projects were created under "Reinvention Services," the broad culture-change effort led by PSG and DOM and funded through over \$1 million in additional PSG resources and provided at no additional cost to the State.

Results

Performance Measure:

Number of new and ongoing Improvement Projects successfully achieving targeted results:

Performance Target

36 projects have been successfully launched and are achieving targeted results:

1. DAS "Journey to Excellence"
2. DOC Transformation
3. Purchasing Results budgeting process used to prepare the Governor's FY07 budget recommendations

Data Source:

DOM

4. "Reference Point" Savings project with the Department of Corrections
 5. State Appeal Board Streamlining and Risk Management
 6. Child Welfare Redesign
 7. Charter Agencies (in 2005 won an Innovations in American Governments award)
 8. Results Iowa Website, including a major updating and upgrading
 9. Quarterly Results Meetings
 10. Flexible Performance Agreements and alignment of FPAs, agency performance plans, and Results Iowa
 11. Entrepreneurial Management (to improve internal services and control costs)
 12. \$20 million in savings/revenues to help balance the FY06 budget
 13. Front-Line Process Redesign Team: State Appeal Board General Claims Process
 14. Front-Line Process Redesign Team: State Accounting Enterprise Daily Claims Process
 15. Front-Line Process Redesign Team: Human Resources Enterprise P1 Payroll Process
 16. Front-Line Process Redesign Team: Governor's Office Firearms & Pardons Application Process
 17. Front-Line Process Redesign Team: Insurance Division Rates & Forms Process
 18. Front-Line Process Redesign Team: Insurance Funeral Home Annual Reporting Process
 19. Front-Line Process Redesign Team: DAS RFP and Contracting Process
- Promoted and Increased Momentum of Kaizen Projects, including:
20. ABD Order Entry Kaizen
 21. DAS Vehicle Fleet Specifications Kaizen
 22. DCA Historical Resource Development Programs Grants Kaizen
 23. DCA State Historical Museum Kaizen

24. DHS Interstate Compact for the Placement of Children Kaizen
25. DIA Health Facilities Complaint Intake Kaizen
26. DOC Offender Re-Entry Kaizen
27. DOC Procurement, Inventory, Management & Distribution Kaizen
28. DPH BME Peer Review Kaizen
29. DPS Peace Officer Applications Kaizen
30. DPS Above Ground Storage Tanks Kaizen
31. IVH Medical Appointments Kaizen
32. IVH Maintenance Work Orders Kaizen
33. IWD OSHA Pre-Inspection Kaizen
34. Iowa Butterfly Awards
35. Reinvention E-newsletter
36. Department Head Coaching

Data reliability:

This list of projects reflects what has been done, but does not tell the whole story. There are also huge differences in the size, scope, and accomplishments of the projects listed here. See also, the entry immediately below.

Why we are using this measure:

A better measure would be an aggregation of the customer benefit from the Reinvention projects. As that kind of measure is currently beyond our resources, and would be difficult to interpret, a simple count serves to focus our efforts and provide a framework for discussing the projects' results.

What was achieved:

Highlights follow:

Charter Agency Results

(focusing on but not limited to Charter Agency Agreement commitments)

DHS

- As a result of Child Welfare Redesign, stays in shelter care have been reduced by 20% or 10 days. This means that children are moving more quickly to the most appropriate level of care or are able to return home. Either way, kids are better off, and we have more money to serve others.
- Even after several years of impressive gains, we again increased the number of children with health coverage, by another 12% in FY05.
- The first quarter DHS implemented their Preferred Drug List for Medicaid prescription drugs Iowa saved \$1.7 million. (January-March, 2005)
- Increased the number of eligible Iowans receiving food and nutrition benefits by more than 11% in FY05.
- Increased Title IV-E eligibility (for child welfare services) from 28% in June, 2003 to 45% in March, 2005. This increase means we are able to help more kids and families who need help.

DNR

- Reduced turnaround time for air quality construction permits from 62 to 6 days and eliminated a backlog of 600 in six months
- Reduced turnaround time for wastewater construction permits from 28 months to 4.5 months.
- Reduced the turnaround time for landfill permits from 187 to 30 days.
- Reduced the time for corrective action decisions on leaking underground storage tanks from 1,124 days to 90 days.

All the above reductions were accomplished without sacrificing environmental standards or quality.

- In 2004, Pollution Prevention Interns helped Iowa companies save more than \$2.2 million through the adoption of environmental efficiencies.

Veterans Home

- Reduced by half the number of residents who have moderate to severe pain. Nine percent now experience this pain, compared to 18.5% in FY03.
- The Veterans Home compares itself to other long-term care facilities in Iowa using 32 Quality Indicators. The Veterans Home started FY04 with 50% of those measures exceeding the performance of other facilities. The most recent performance (FY05, second quarter) shows the Veterans Home exceeding others in 72% of those measures.
- The Iowa Veterans Home has improved their admissions process. In FY04, 69% of admissions were completed within 30 days. That rate has now increased to 90%.

Corrections

- More probationers are successfully completing their probation periods; we reduced the failure rate by 17%.
- Effective services to inmates provided by Corrections have resulted in an increase in recommendations for release to the Parole Board by 5% over the comparable period a year ago.

- Overall inmate labor experience (in hours) on community service projects is up 7% through the first three quarters of FY05. The increase for women inmates during this time period was 24%.
- Provided good work experiences for 50% more women inmates than before Charter Agencies, while reducing operating costs by \$700,000 per year. Women inmate work experiences are also increasing because Corrections and Administrative Services are partnering in printing, meaning that new printing work will be done at Mitchellville. This development also shows synergy between Charter Agencies and Entrepreneurial Management at DAS.

Revenue

- Improved the rate of income tax returns filed electronically from 55% to 63%.
- Improved the rate of individual income tax refunds issued within 45 days from 75% to 94%.

Alcoholic Beverages Division

- Increased alcoholic beverages-related General Fund revenue by more than \$9 million in FY04 through variable wholesale pricing, increasing investment in supplier-discounted products, and decreasing operating expenses. They achieved over \$11 million in revenue to the General Fund in FY05.

Lottery (received their own, separate Charter Agency deal at the same time)

- Increased Iowa Lottery revenue to the General Fund by \$3 million in FY05, over the FY03 baseline.

Total Savings/Revenues

Charter Agency budget savings/entrepreneurial revenue contributions for FY04 totaled more than \$22 million, exceeding their \$15 million target by close to 50%. Their savings/entrepreneurial revenue contributions for FY05 were about \$20 million, exceeding the \$15 million target.

Reinvention Services Highlights: FY05

- Everyone can access detailed information about the performance of every agency in state government via the “Results Iowa” website, at www.resultsiowa.org. The site was launched in December 2003 and is updated quarterly. DOM continues to work to align and improve the quality of the measures, data, and supporting information on the site. The Governor and Lt. Governor hold quarterly “Results Review” meetings with each Enterprise Management Team of Agency Directors, where they discuss current results and how to improve them.
- Reinvention, in the form of Charter Agency savings/revenues, accounted for \$20 million needed to balance Iowa’s FY05 budget.
- All Iowa State department directors have improved Flexible Performance

Agreements with the Governor. These agreements are updated annually, focus on outcomes and accountability for results, and are the principal document for a Director's performance review.

- Seven teams from Iowa state government participated in a three-part program to dramatically improve results through work process redesign. Teams took part in an intensive process to reduce backlog, turn-around time, errors and job set-up time. The goal of these teams is to produce better results for customers. Highlights from these teams' results:

General Services Contract Renewals

- Old Process: 23 days
- New Process: 1.1 days
That's an estimated/projected savings of 17,600 work days, allowing state workers to provide goods and services faster!

Paternity Affidavit

- Old Process: 12.3 days
- New Process: 5 days
Saving 7 working days for the over 7,000 affidavits processed/year!

Public Health Emergency Services Contract Administration

- Old Process: 142 days
- New Process: 66 days
That's a savings of 76 working days per contract, a 53% reduction!

Workforce Center Customer Registration Process

- Old Process: 15 minutes
- New Process: 6.5 minutes
The 8.5 minutes/registration saved by this team on the 224,000 registration/year frees- up approximately 4,000 days of advisor time across the state to spend with people looking for jobs.

General Services Design and Construction Contract Administration

- Old Process: 70 days per contract
- New Process: 22 days
That's a savings of 48 workdays per contract! They expect more time-savings after implementing the new online application.

Revenue's Inheritance Tax Process

- Old Process: 48 days
- New Process: 36 days

The automated clearances have been implemented and are expected to reduce the time of returns even further. The team is now looking for time savings in the examination process, the biggest delay in the current process.

- Two thousand state and local leaders receive a monthly Reinvention E-Newsletter Update. Reinvention Update content and archives are available online at <http://iowa.regov.org>
- Iowa's online peer-to-peer recognition program has collected success stories, also called "butterfly stories," for over 200 public employees. Each public employee recognized online receives an "Iowa Butterfly Award" to honor exceptional performance. To view a list of award winners, read butterfly stories, or to nominate an award winner, visit www.iowabutterfly.org.
- Department heads received coaching on a confidential basis to assist with strategic planning and intradepartmental transformation activities.

Analysis of results:

We are pleased with these results but always see opportunities for improvement. Very substantial results have been accomplished and continue to be achieved as many of these projects mature. Most importantly, these projects are creating a dynamic of improvement that continues to inspire further efforts.

Because much of this work is still relatively new to all concerned, we continue to learn at each step, applying that learning to current and future projects.

Factors affecting results:

Strengths:

- Solid champions in Governor Tom Vilsack, Lt. Governor Sally Pederson, Chief-of-Staff Cynthia Eisenhauer, DOM Director Mike Tramontina, and our Reinvention Partner, Babak Armajani of PSG.
- Dedicated and innovative state employees who seized the opportunity to reinvent their corners of state government.
- Pressure for change created by fiscal realities and public sentiment about government.
- PSG talent, expertise, and commitment.

Challenges:

- Inertia: the weight and resilience of the bureaucratic paradigm.
- Resistance to innovation from some stakeholders and some in the public.

- Limited resources available to support change because of fiscal realities.

Resources used:

Reinvention activities are carried out with resources from DOM, PSG, and participating agencies. Several DOM staff members dedicate a portion of their time to conducting and coordinating reinvention activities. PSG commits substantial personnel resources to Reinvention activities.

KEY RESULT TEMPLATE

Core Function

Name: Adjudication (State Appeal Board)

Description: DOM coordinates and processes the State Appeal Board claims to make sure they are filed properly within the limits and guidelines established by Iowa Law under Chapters 25 and 669. DOM notifies the claimants of the Board's decisions and then the amount of the award is disbursed if entitled.

Why we are doing this: To meet statutory requirements and serves as the central point of contact to provide oversight and statewide consistency.

What we're doing to achieve results: DOM is improving performance by streamlining processes and applying technology as appropriate.

Results

Performance Measure

% of cases resolved within 6 months of filing

Performance Target:

80%

Data Sources:

DOM Staff

Achieved 80%

Data reliability: An independent audit by KPMG is conducted each fiscal year.

Why we are using this measure: Agencies, individuals, legislators, and the general public rely on the timely and accurate work that DOM performs with regard to the State Appeal Board.

What was achieved: The appeal board claims were processed timely and within the guidelines established by Iowa law.

Analysis of results: Policies and practices are achieving desired results.

Factors affecting results: Lawsuits filed in relation to tort claims prevent resolution of all cases within six months of filing

Resources used: The General Fund provides resources for 1 DOM staff.

KEY RESULT TEMPLATE

SERVICES/PRODUCTS/ACTIVITIES

Name: State Appeal Board

Description: DOM coordinates and processes the State Appeal Board claims to make sure they are filed properly within the limits and guidelines established by Iowa Law under Chapters 25 and 669. DOM notifies the claimants of the Board's decisions and then the amount of the award is disbursed if entitled.

Why we are doing this: To meet statutory requirements and to serve as the central point of contact when submitting claims against the State of Iowa.

What we're doing to achieve results: DOM has hired a consultant to do an analysis to help in improving performance by streamlining processes and applying technology as appropriate.

Results

Performance Measure

- A. % of requests for SAB information delivered within 7 days
- B. % of requests for SAB information delivered accurately
- C. % of SAB claims processed within 3 weeks
- D. % of SAB claims processed accurately
- E. % of SAB budget appeal hearings held by April 30

Performance Target:

100%

Data Sources:

DOM Staff

100% target met on every measure

Data reliability: An independent audit conducted by KPMG during each fiscal year

Why we are using this measure: Agencies, individuals, legislators, general public rely on the timely and accurate work that DOM performs with regard to the State Appeal Board

What was achieved: The appeal board claims were filed timely and within the guidelines established by Iowa law.

Analysis of results: A new database system is under consideration. Application of the new database may lead to improved efficiencies.

Factors affecting results: Achieving 100% is noteworthy in light of the increasing complexities and additional workload placed on staff because of the number of claims and the I3 Financial System.

Resources used: The General Fund provides resources for 1 DOM staff.

KEY RESULT TEMPLATE

CORE FUNCTION

Name: Local Government Assistance

Description: DOM certifies local government property tax levies. DOM assists local governments in meeting statutory requirements related to budgets, valuations, annual reporting, Tax Increment Financing (TIF) reporting, and utility replacement taxes.

Why we are doing this: To meet statutory requirements and to provide a central point of contact providing oversight and statewide consistency.

What we're doing to achieve results: DOM is improving performance by streamlining processes and applying technology as appropriate.

Results

Performance Measure:

% of tax levies certified by June 15.

Performance Target:

100%

Data Sources:

DOM staff

Achieved 100%.

Data reliability: Independent audit by State Auditor's Office.

Why we are using this measure: Taxpayers, county auditors, legislators, local governments, and the business community rely on the timely and accurate work that DOM performs with regard to property tax certifications, local budgets, school aid, annual reports, property valuations, and utility replacement taxes.

What was achieved: Over the last several years DOM has consistently met the June 15 statutory certification deadline.

Analysis of results: Policies and practices are achieving desired results.

Factors affecting results: Achieving 100% is noteworthy in light of the increasing complexities and additional workload placed on staff.

Resources used: The General Fund provides resources for 4 DOM staff dedicated to this SPA.

KEY RESULT TEMPLATE

SERVICE/ PRODUCT/ ACTIVITY

Name: Local Government Budgets

Description: DOM certifies local government property tax levies, processes local government budgets, collects and aggregates statewide property valuations, computes and distributes utility replacement tax billing data, processes annual county reports, processes TIF reports, and determines the amount and distribution of school foundation aid. This includes preparing forms, preparing state and local government software, preparing instructions, and providing extensive local government training and assistance geared to help in the understanding of the processes and reporting requirements.

Why we are doing this: To meet statutory requirements, to provide oversight and statewide consistency in these complex functions, and to serve as an independent central repository for budget and valuation information.

What we're doing to achieve results: DOM is improving performance by streamlining processes and applying technology as appropriate.

Results

Performance Measure:

- A. % of city requests for budget materials that are timely
- B. % of city requests for budget materials that are accurate
- C. % of city government rates certified by June 15
- D. % of accurate property valuations on file
- E. % of utility tax replacement tax data delivered to the counties accurately
- F. % of utility tax replacement tax data delivered to the counties timely
- G. % of county budget annual report materials delivered timely
- H. % of county budget annual report materials delivered accurately
- I. % of county government rates certified by June 15
- J. % of school aid payments that are accurate
- K. % of school aid payments that are timely
- L. % of school district rates certified by June 15

Performance Target:

100% is the target for all 13 measures

Data Sources:

DOM staff

100% target met on every measure.

Data reliability: Independent audit by State Auditor's Office.

Why we are using this measure: Local government customers rely on the timely and accurate work that DOM performs with regard to local budgets, property tax rates, school aid, annual reports, property valuations, and utility replacement taxes.

What was achieved: Because DOM has consistently the 100% target, those relying on our products/services/activities are better able to meet their responsibilities.

Analysis of results: Policies and practices are achieving desired results.

Factors affecting results: Achieving 100% is noteworthy in light of the increasing complexities and additional workload placed on staff.

Resources used: The General Fund provides resources for 4 DOM staff.

RESOURCE REALLOCATIONS

DOM continued to seek to be innovative, identify efficiencies and maximize fiscal resources in FY 2006 while also maintaining the service levels customers expect.

DOM received approximately \$64,000 in FY 2006 from the Ash Institute at the JFK School of Government at Harvard University. These funds were awarded as a result of our successful application for the 2005 Innovations in American Government Award for Iowa's Charter Agencies initiative. The funds are required to be used to promote Charter Agencies across the country. To date, the funds have mainly been used to fund booklets, a website, DVDs, and travel associated with presentations to government and other audiences around the country. \$21,945 was spent in FY 2006.

In the absence of funding for a full-time position to coordinate deployment of the LEAN process improvement methodology, DOM contracted with DNR to provide staff support for LEAN in FY 2006.

DOM staff expanded from 27 to 28 positions with new funding appropriated for the addition of a Fiscal and Policy Analyst to conduct performance audits.

AGENCY PERFORMANCE PLAN RESULTS FY 2006

Name of Agency: DEPARTMENT OF MANAGEMENT			
Agency Mission: Lead enterprise planning and coordinate enterprise systems so lowans receive the highest possible return on public investment.			
Core Function: Enterprise Resource Management			
Performance Measure	Performance Target	Performance Actual	Performance Comments & Analysis
% of time the State of Iowa maintains the AA+ credit rating for FY05	100%	100%	See Key Results Template
% of Iowa Results website measures that show improvement	75%	82%	See Key Results Template
Service, Product or Activity: Planning & Accountability			
Performance Measure	Performance Target	Performance Actual	Performance Comments & Analysis
% of agencies that meet established AGA requirements (Strategic plans, Performance Plans, Link to Enterprise Plan and Performance Measures, Performance Reports).	100%	92%	See Key Results Template
Number of new and ongoing Improvement Projects successfully achieving targeted results:	30	36	See Key Results Template
# Number of agencies scheduled to complete the Iowa Excellence process that completed the process and developed an improvement plan	6	4	What Occurred: Commerce –Alcoholic Beverage Division, Cultural Affairs, DHS and DNR completed the process, while College Aid and IFA did not. Data Source: DOM
Number of Performance Audits Completed	4	0	What Occurred: Because of delays in establishing and classifying a position through the state’s personnel system, the Performance Auditor position was not filled until March of 2006. The first audit began late in fiscal year 2006 but was not completed prior to the end of the fiscal year
Service, Product or Activity: Budget & Finance			

Performance Measure	Performance Target	Performance Actual	Performance Comments & Analysis
% of time budget system operational and accessible to departments for budget submission	100%	100%	What Occurred: Budget system was accessible for 100% of time during budget submission timeframe June 1-October 1. Data Source: DOM
% of agencies that submit budget on time (Oct. 1)	100%	100%	What Occurred: All agencies submitted budgets by the statutory deadline. Data Source: DOM
% Governor's recommendations delivered to the legislature on time (Feb 1)	100%	100%	What Occurred: Governor's recommendations were delivered during the final week of January. Data Source: DOM
% of bill summaries/legislative action completed by IGOV deadline	100%	100%	What Occurred: All bill summaries/legislative action requests from IGOV were completed timely by DOM Data Source: DOM
Number of people trained in Grants Enterprise Management	300	457	What Occurred: 257 were trained in 6 grantsmanship training sessions and 200 participated in the August 2005 Iowa Grants Symposium Data Source: DOM
% growth in dollar value of grant applications	5%	4.7%	What Occurred: The 4.7% increase is reflective of increased grant dollars that were reported in the tracking database. Due to database limitations, the true percentage increase is likely higher. Database improvements will be implemented in FY 2007. Data Source: DOM
