On behalf of the board and staff members of the Iowa Department of Cultural Affairs, I am pleased to present the agency performance report for Fiscal Year 2007.

In Fiscal Year 2007, constituents experienced outcomes as a result of our programs and grants that added to their quality of life. The Iowa Great Places initiative enabled Iowans to express their dreams and vision for their communities. This statewide program requests that state agencies partner with Iowans to identify strategies to make their neighborhoods, districts, cities or communities great places to live, work and raise a family.

The Iowa Arts Council provides support for individual artists, arts organizations, public art, Iowa’s ethnic roots and the traditions that contribute to the diversity of Iowa. By providing grants and technical assistance, we are enriching the quality of life for many Iowans for generations to come.

The State Historical Society of Iowa (SHSI) serves constituents through the State Historical Museum; Library and Special Collections; State Archives and Records Program; State Historic Preservation Office; Iowa Preservation Center; a publications program; a grants program; and eight historic sites. SHSI offers programs, services and collections that connect generations – past, present and future.

Internet users can find useful information at www.culturalaffairs.org, and from there link to the State Historical Society of Iowa, the Iowa Arts Council and the Great Places program.

Grant information, upcoming events and other department information are also available on these sites.

Sincerely,

Cyndi Pederson, Director
AGENCY OVERVIEW

Vision: The vision of the Department of Cultural Affairs is that in 2010, Iowa will be distinguished as a national leader in culture with support for an environment that allows the arts and history to thrive.

Mission: The Iowa Department of Cultural Affairs provides leadership and direction to the Iowa Arts Council, the State Historical Society of Iowa and their constituents. The Department encourages collaborative partnerships between cultural organizations for the benefit of all Iowans.

The State Historical Society of Iowa has a dual mission of preservation and education. As a trustee of Iowa's historical legacy, the Historical Society identifies, records, collects, preserves, manages and provides access to Iowa's historical resources. As an advocate for understanding Iowa's past, the Historical Society educates Iowans of all ages, conducts and stimulates research, disseminates information and encourages and supports historical preservation and education efforts of others throughout the state.

The Iowa Arts Council enriches the quality of life and learning in Iowa communities by encouraging excellence in the arts through leadership, grants and technical assistance.

Guiding Principles: Iowa is a place where cultural diversity is recognized, understood and appreciated. The Department's initiatives will be managed according to the principles of accountability which include data-based decisions, results orientation, continuous improvement, constituent participation, customer focus, long-range thinking and collaborative leadership.

Major Services and Products: The DCA Performance Plan for FY07 details DCA services in four core areas:

Community Coordination and Development: DCA strives to enhance the ability of Iowa's communities, cultural workers and cultural organizations to produce sustainable development and enrichment opportunities.

Conservation, Preservation and Stewardship: DCA acquires, maintains, preserves and protects valuable historic resources throughout the state. The Iowa Arts Council's folk and traditional arts programming documents, preserves, and promotes the traditional cultures of all our state's residents.

Education: DCA provides educational opportunities in numerous ways. The Historical Society strives to interpret its collections for the benefit of Iowans by publishing historical journals; providing on-line access to collections and information about collections; creating museum exhibitions and providing educational programs for Iowans of all ages. The Iowa Arts Council provides grants to support enhanced arts learning in schools and in community programs statewide.

Resource Management: Through administrative support to the State Records Commission, the Department develops and promulgates state government information policies, standards and guidelines for state...
agencies to use in managing government records regardless of media; appraises records and develops records series retention and disposition schedules for all state government records and provides training and technical assistance.

**Organizational Structure:** DCA is a department within the Executive Branch of Iowa State Government. It was established in 1986 by Iowa Code Chapter 303. DCA includes the State Historical Society of Iowa, the Iowa Arts Council and an administrative division. DCA works closely with a nonprofit organization, the Iowa Historical Foundation. IHF’s mission is to raise funds to support the work of the State Historical Society.

DCA has three advisory boards: The State Historical Society Board of Trustees, the Iowa Arts Council Board, and the Great Places Citizen Advisory Board; one policy board: the Iowa Cultural Trust Board; and one Commission: the State Records Commission. **Performance Comments & Analysis**

**What Occurred:**

During the FY 2007, the State Historic Preservation Office staff prepared 2,727 individual Section 106 consultation letters with federal agencies regarding projects in Iowa. Federal law requires a maximum turn-around of 30 days. By working efficiently and utilizing improved technology, these staff members have been able to achieve remarkable improvements in Section 106 reviews and consultations.

**Performance Comments & Analysis**

**What Occurred:** The expanded museum theater program has increased the types of unique educational opportunities we provide to children. To make the museum appealing and interesting to children we are constantly assessing new ways we can build workshops, training and other experiences around exhibits to bring them to life for children. An improved system is now in place for tracking attendance at the State Historical Building.

As a result of an active and expanding museum exhibition program and through enhanced public relations and promotion activities, the citizens of Iowa have visited the State Museum and students participate in educational offerings at an increased rate.

In addition to visitors attracted directly by the museum’s exhibits, an increasing number of constituents are attracted to the museum, but not counted by voluntary registration, by public use of classrooms, gift shop and café in the State Historical Building.
An additional 56,800 visitors participated in activities and events at the eight historic sites administered by the State Historical Society of Iowa.

**Data Source:** Visitors to the State Museum register on a voluntary basis and the statistics are maintained by the State Museum staff. Door counters have also been installed at each Museum entrance.

<td>3,000 students</td>
<td>3,500 students and 200 teachers participated in National History Day in Iowa.</td>
<td>What Occurred: In fiscal year 2007 National History Day in Iowa staff members have supported Iowa’s students and teachers with the following opportunities: 1) extensive summer teacher training; 2) fifteen workshops in Iowa’s research institutions to provide assistance to History Day students; 3) provided personalized school visits to assist teachers and students; 4) developed and presented curriculum materials based on national standards; 5) with the assistance of federal funding, have administered a mini-grant program to support teacher training, research field trips, technology upgrades, classroom supplies, and much more of direct assistance to the History day program in individual classrooms; 6) provided teachers scholarships to National History Day’s national events; and 7) conducted community showcase events to recognize National History student participants. As a result of these activities, National History Day in Iowa has a presence in all eleven of Iowa’s Area Education Agencies. Nearly 200 teachers use the program as an innovative teaching tool in their classrooms affecting 3,500 students in grades 4 through 12 annually. In FY 2007, the National History Day in Iowa served students in approximately 160 schools in Iowa with over 140 schools registering students in local or regional National History Day competition events. The Iowa Department of Education reports 627 middle schools and high schools in the state. <strong>Data Source:</strong> The program coordinator for National History Day in Iowa maintains records of student participation. The Iowa Department of Education maintains records of the number of high schools and middle schools in the state.</td>
