NEWS RELEASE

		Contact: Andy Nielsen
FOR RELEASE	December 26, 2013	515/281-5834

Auditor of State Mary Mosiman today released an audit report on the City of Council Bluffs, Iowa.

The City's revenues totaled \$103,852,368 for the year ended June 30, 2013, a 13.6% decrease from the prior year. Revenues included \$42,261,807 in property and other city tax, \$5,251,542 from tax increment financing, \$23,460,609 from charges for service, \$10,902,095 from operating grants, contributions and restricted interest, \$6,073,965 from capital grants, contributions and restricted interest, \$7,911,136 from local option sales tax, \$2,539,232 from hotel/motel tax, \$3,539,033 from gaming wager tax, \$238,082 from unrestricted investment earnings and \$1,674,867 from other general revenues.

Expenses for City operations totaled \$102,917,441 for the year ended June 30, 2013, a 3.3% increase over the prior year, and included \$30,176,722 for public safety, \$21,785,632 for general government and \$13,994,363 for public works. Expenses for business type activities totaled \$13,464,298.

A copy of the audit report is available for review in the City Finance Director's office, in the Office of Auditor of State and on the Auditor of State's web site at http://auditor.iowa.gov/reports/1320-0732-B00F.pdf.

City of Council Bluffs, Iowa

Comprehensive Annual Financial Report

For the Fiscal Year Ended June 30, 2013

Prepared by:

City of Council Bluffs Finance Department

Tom Hanafan River's Edge Park was dedicated in May 2013. The park is situated on the Missouri River, features a natural entertainment setting, stunning views of the urban landscape, public art, and pedestrian and bicycle trails with accessing the bi-state metropolitan area.

The General Dodge House preserves historical elements of Council Bluffs. Dodge met with Abraham Lincoln to discuss the prospects of what would become the transcontinental railroad in Council Bluffs.

OFFICE OF FINANCE DEPARTMENT BUDGET AND ACCOUNTING DIVISION (712) 328-4605

December 4, 2013

To the Residents of the City of Council Bluffs, Iowa, Mayor Thomas Hanafan, Mayor Elect Matthew Walsh and Members of the City Council:

Presented herein is the Comprehensive Annual Report (CAFR) for the City of Council Bluffs, Iowa (the City) for the fiscal year ended June 30, 2013. This report is intended to not only satisfy the requirements for an annual financial report and audit, but also to provide the citizens and other interested parties with financial and statistical information needed to better know the activities of the City of Council Bluffs. This report was prepared in conformance with U.S. generally accepted accounting principles (GAAP) and was audited in accordance with U.S. generally accepted auditing standards by the Office of Auditor of State of the State of Iowa.

This report was prepared by members of the management of the City and constitutes their representation concerning the financial condition and financial activities of the City. As such, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a system of internal control procedures designed to protect the City's assets from loss, theft or misuse and to compile sufficient reliable information from which the City's annual financial statements are prepared in conformity with U.S. generally accepted accounting principles. This internal control framework is designed to provide reasonable, but not absolute, assurance these objectives are met. Reasonable assurance considers the cost of an internal control should not exceed the intended benefits and the valuation of costs and benefits associated with internal controls require estimates and judgments by management. As members of management, we assert, to the best of our knowledge and belief, the financial report is complete and reliable in all material respects.

The City's financial statements have been audited by the Office of Auditor of State of the State of Iowa. The objective of an independent audit is to provide reasonable assurance the basic financial statements of the City for the year ended June 30, 2013 are free of material misstatement. The independent audit involved examining evidence supporting the amounts and disclosures in the basic financial statements on a test basis. Additionally, the audit assessed the City's accounting principles, significant estimates made by management and evaluated the overall presentation of the basic financial statements.

Based on their audit, the independent auditors concluded there was a reasonable basis to give an unmodified opinion the City's financial statements for the year ended June 30, 2013 which are fairly presented in conformity with U. S. generally accepted accounting principles. Their opinion is the first item of the Financial Section of this report.

The City is required to undergo an annual single audit in conformity with the provisions of the U.S. Office of Management and Budget (OMB) Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, <u>and Nonprofit Organizations</u>. The results of that audit are reported in the Financial Assistance Section of this report.

U.S. generally accepted accounting principles require City management provide a narrative introduction, overview and analysis of the basic financial statements in the form of "Management's Discussion and Analysis" (MD&A). This transmittal letter is designed to complement Management's Discussion and Analysis and should be read in conjunction with it. The MD&A is located immediately after the Independent Auditor's Report in the Financial Section.

Members of the Finance Department of the City of Council Bluffs prepared this report and are responsible for both the accuracy of the data presented and for the completeness and fairness of the presentation, including all disclosures. We believe the information presented is accurate in all material respects and it is presented in a way to fairly show the financial condition and the results of operations. A key objective of this financial report is to disclose information needed for readers to gain the greatest understanding of the City's financial activity.

Profile of the City

The City is situated on the Missouri River in Western Iowa adjacent to Omaha, Nebraska and 125 miles west of the State Capital, Des Moines, Iowa. The City encompasses 40.97 square miles and serves a population of 62,230 (2010 United States Census). The 2010 population of the Omaha MSA stood at 865,350. The diverse business community includes gaming, transportation, food processing and production, hospitality and health care.

The City is governed by a "strong-mayor" and a five member City Council. Except for special circumstances caused by mid-term vacancies, all are elected to four year terms. The Mayor presides at all meetings of the City Council, is responsible for the administration of the City and appoints all but two department heads. The City Council appoints the City Attorney and the City Clerk. Both the Mayor and the City Council members are elected on a nonpartisan basis. Most of the City comprises one State Senate district, while the remaining portion of the City is in a district that includes Pottawattamie and three other counties. The City has two districts in the Iowa House of Representatives.

In November 2013, the City elected its first new Mayor since adopting the "strong-mayor" form of government. Matthew Walsh will succeed Thomas Hanafan in January 2014 and Al Ringgenberg will join the City Council to replace Mayor-elect Walsh.

The City provides a variety of governmental services, including police and fire protection, departments of public health and building inspections, culture and recreational programs, including a public library, two swimming pools, eighteen hole and nine hole golf courses, and numerous City parks and landmarks, and a public works department responsible for street maintenance and repair, levee maintenance and City vehicle and equipment maintenance. The City operates a sanitary sewer utility and a sanitation removal and recycling operation as proprietary activities. The City owns and leases two commercial buildings – the Bass Pro Shop and the restaurant facility in the Dodge Park Golf Clubhouse. Council Bluffs also owns the Mid America Center, providing a full service convention center and a 7,000 plus seat arena facility. In addition, the City reports the Council Bluffs Airport Authority and the Council Bluffs Library Foundation as component units.

The annual budget serves as the comprehensive financial plan for each fiscal year. The budget is developed by the department heads as coordinated by the Finance Director under the direction of the Mayor. Department heads, the Mayor and the Finance Director identify key services the City intends to provide in the upcoming fiscal year. That group also defines the levels of service to be provided and quantifies the cost of providing services at established levels. At the same time, the Community and Economic Development Director coordinates an ongoing five year capital improvement plan with department heads. Finally, department heads and the Finance Director project revenue based on taxing information, volumes and amounts of fees for services and other revenue.

Using these three key sources of information and incorporating existing fund balance information, the Finance Director prepares a proposed budget in both the format required by the Iowa Department of Management and the format familiar to City Council members and constituents. The Mayor presents the proposed operating budget to the City Council for approval. Approved budgets must be adopted and forwarded to the Iowa Department of Management prior to March 15 – in advance of the fiscal year which begins July 1.

In the event City administration finds it necessary to deviate from the approved budget, the Finance Director identifies the causes of the deviation, prepares a budget amendment and presents the amendment to the City Council for approval.

Factors Impacting Local Financial Conditions

Greater understanding of the information in the financial statements may be gained when considered in the broader perspective of the environment in which the City operates.

<u>Local Economy</u> - While the City is part of the greater Omaha SMA, it also serves as the key regional City for Southwest Iowa and is the seat of Pottawattamie County. Major technology expansion projects are serving to fuel the local economy. These private investments, coupled with the recent completion of a water distribution facility and major expansion of Interstate Highways 80 and 29, have resulted in low to moderate unemployment rates, stable and slightly rising sales and use tax, higher permit fees and ongoing economic growth.

<u>Statewide Legislation</u> – Significant legislation in the session ended in the spring of 2013 will impact property tax collections in future years. The legislation will reduce taxable values of commercial and industrial property. Because the City is currently at the maximum General Fund levy rate allowed by Iowa statute, property tax collections will decrease. A combination of alternative revenue and cost reduction will be needed to lessen the impact of this legislation until the commercial development intended to spring from this legislation is felt. Efforts in the Legislature to eliminate the use of automated traffic enforcement (ATE) equipment failed in 2013, so state leaders behind that effort took the fight to the administrative level. In the fall of 2013, the Iowa Department of Transportation proposed rules that would eliminate ATE equipment. If implemented, a handful of programs adding to the public safety and quality of life would either be eliminated or would need to find alternative funding sources.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) again awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Council Bluffs, Iowa for its Comprehensive Annual Financial Report for the year ended June 30, 2012. This was the second consecutive year the City has achieved this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

Preparation of this report would not be possible without the contributions of many persons committed to providing our residents with quality financial information. This includes all department heads, City Council members and the Mayor who support and encourage the commitment to internal controls, cooperation among departments and a complete flow of financial information to the public. In addition, the professionals who make up the staff of the entire finance department performed the duties remarkably in the past year and are fully committed to enhancing the relationship with our constituents.

Preparing the Comprehensive Annual Financial Report for the fiscal year ended June 30, 2013 took on special, significant meaning that speaks to "generations" and calls for unique, personal acknowledgement of two persons who made immense contributions to the report. Interestingly enough, these persons are neighbors. Mayor Thomas Hanafan is leaving office at the end of 2013 after a quarter century as Mayor. The legacy of his leadership is felt throughout the community and with the opening of Tom Hanafan River's Edge Park, residents and visitors to Council Bluffs will enjoy a result of his administration for decades to come. We always hear the tone of an organization starts at the top. Tom was the right guy to set the tone.

Council Bluffs resident Michael McGuire had not yet been born when Tom Hanafan became Mayor. He is a student at Notre Dame University and joined us as a summer intern with a mission to have us view our operation from a young person's perspective. Michael brought innovation, strong analytical skills, superior use of technology and determination to do the job well. He significantly improved the

way we produce our monthly internal reporting package, compiled CAFR statistics, and selected images to complement the report. His legacy won't be known for years, but will no doubt be significant in his field of endeavor.

The City continues to have a strong professional relationship with its independent auditor, the Office of Auditor of State of the State of Iowa. That agency continues to identify and hire well educated young accountants whose professional audit work compels those of us on the finance staff to always be on the top of our game too.

Sincerely yours,

Arthur W. Hill, CPA, CIA

OFFICE OF AUDITOR OF STATE

STATE OF IOWA

Mary Mosiman, CPA Auditor of State

State Capitol Building
Des Moines, Iowa 50319-0004

Telephone (515) 281-5834 Facsimile (515) 242-6134

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Council Bluffs, Iowa, as of and for the year ended June 30, 2013, and the related Notes to Financial Statements, which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Council Bluffs as of June 30, 2013, and the respective changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedules of Funding Progress for the Retiree Health and the Supplemental Pension Plans and the Schedules of Employer Contributions for the Retiree Health and the Supplemental Pension Plans on pages 12 through 21 and 76 through 82 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Council Bluffs' basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2012 (which are not presented herein) and expressed unqualified opinions on those financial statements. The supplementary information included on pages 84 through 93 and 139 through 141, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Introductory and Statistical sections on pages 2 through 8 and 96 through 137 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

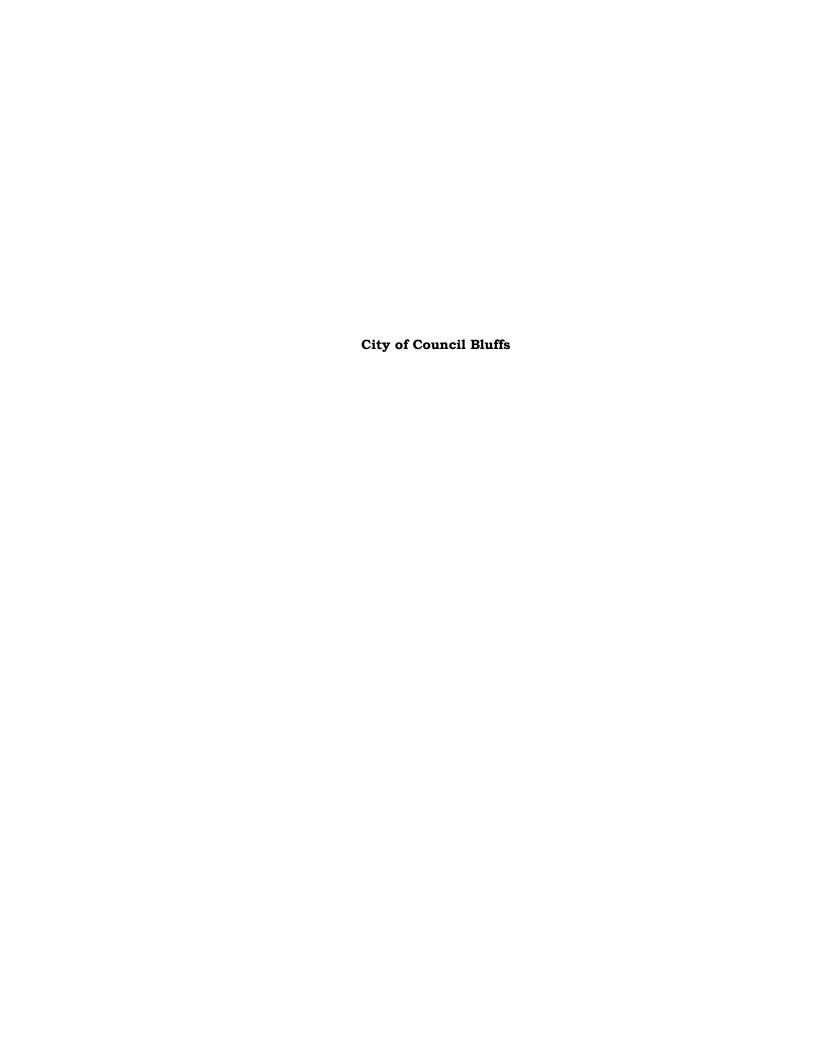

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated December 4, 2013 on our consideration of the City of Council Bluffs' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City of Council Bluffs' internal control over financial reporting and compliance.

MARY MOSIMAN, CPA Auditor of State

WARREN G. ENKINS, CPA Chief Deputy Auditor of State

December 4, 2013

City of Council Bluffs, Iowa MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2013

This portion of the Comprehensive Annual Financial Report (CAFR) of the City of Council Bluffs, Iowa (the City) provides administration's narrative overview and analysis of the City's financial activities based on currently known facts, decisions and conditions related to the fiscal year that ended June 30, 2013. We encourage readers to consider information in this section along with information we presented in the letter of transmittal found on pages 2 through 5.

FINANCIAL HIGHLIGHTS

- The assets of the City of Council Bluffs exceeded liabilities at June 30, 2013 by \$402,803,432.
- The City's net position increased \$934,927 during the year. The net position associated with governmental activities decreased \$2,855,157 and the net position associated with business type activities increased \$3,790,084.
- The City's overall long-term liabilities decreased to \$53,623,351, a decrease of \$2,558,904 during the year. The general obligation bond/note portion of indebtedness increased \$5,635,000.

OVERVIEW OF THE FINANCIAL STATEMENTS

Our discussion and analysis is intended to introduce and then lead into the City's basic financial statements – of which there are three components. They are: (1) government-wide financial statements, (2) the fund financial statements and (3) notes to financial statements. Additionally, this report presents required supplementary information and supplementary information. An explanation of each is provided below.

REPORTING THE CITY AS A WHOLE

The Statement of Net Position and the Statement of Activities

<u>Government-wide financial statements</u> are intended to provide readers of the financial statements with a broad picture of the City and present a longer-term view of the City's finances. These statements are similar to those used by private sector companies.

<u>The Statement of Net Position</u> is similar to a balance sheet in the sense it presents information regarding all the City's assets and liabilities that can be used to evaluate the financial condition of the City. Unlike private-sector balance sheets, a Statement of Net Position presents the difference between total assets and total liabilities as net position. Over time, changes in net position may be an indication of whether the City's financial condition is improving or worsening.

<u>The Statement of Activities</u> presents information regarding the revenues and expenses of the City for the current fiscal year on the accrual basis of accounting. This basis records revenue at the time it is earned rather than when it is received. Expenses are recorded at the time goods or services are received rather than at the time payment is made. Reporting activity in this way means many transactions will be recorded before the actual cash flow from those transactions. The Statement of Activities distinguishes governmental activities from business type activities. Governmental activities are those that will be carried out using tax revenue, funds from other governments or user fees.

Examples of governmental activities include public safety, public works, health and social services, culture and recreation, community and economic development and general government. Business type activities are those intended to be financed primarily by charges for goods and services and without material support from taxes. Council Bluffs' business type activities for the fiscal year were (1) the operation of a sanitary sewer utility and (2) refuse removal and recycling operations.

In both the Statement of Net Position and the Statement of Activities, the City reports the financial information of two discretely presented component units – the Council Bluffs Airport Authority

and the Council Bluffs Library Foundation. Component units are separate legal entities apart from the City of Council Bluffs for which the City has a degree of financial accountability.

One of the most important questions asked about the City's finances is, "Is the City of Council Bluffs in a better financial position at the end of this fiscal year compared to last year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As stated earlier, net position may serve over time as a useful indicator of a government's financial position. The largest part of the City's net position reflects its investment in capital assets (land, street and sewer networks, buildings, improvements and equipment), less any related debt used to acquire those assets which is still outstanding. The City uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The analysis that follows shows the City's total net position at June 30, 2013 and 2012.

	Business						
	Govern	mental	Type				
	Activ	ities	Activ	Activities		Total	
	2013	2012	2013	2012	2013	2012	
Current and other assets	\$ 111,966,323	99,122,583	7,278,090	7,972,894	119,244,413	107,095,477	
Capital assets	281,176,313	280,753,705	136,094,021	131,857,836	417,270,334	412,611,541	
Total assets	393,142,636	379,876,288	143,372,111	139,830,730	536,514,747	519,707,018	
Long-term liabilities	48,429,006	50,607,241	5,194,345	5,575,014	53,623,351	56,182,255	
Other liabilities	79,166,622	60,866,882	921,342	789,376	80,087,964	61,656,258	
Total liabilities	127,595,628	111,474,123	6,115,687	6,364,390	133,711,315	117,838,513	
Net position:							
Invested in capital assets,							
net of related debt	242,739,159	239,751,252	131,121,021	131,806,236	373,860,180	371,557,488	
Restricted	30,005,228	35,772,486	-	-	30,005,228	35,772,486	
Unrestricted	(7,197,379)	(7,121,573)	6,135,403	1,660,104	(1,061,976)	(5,461,469)	
Total net position	\$ 265,547,008	\$ 268,402,165	137,256,424	133,466,340	402,803,432	401,868,505	

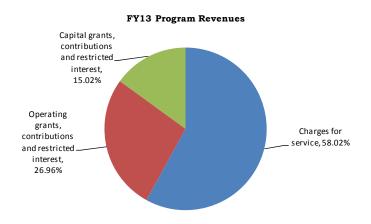

Net position of governmental activities decreased approximately \$2.9 million, or 1.1%, from fiscal year 2012. Net position of business type activities increased approximately \$3.8 million, or 2.8%, over fiscal year 2012. Capital assets of governmental activities increased \$422,608, or 0.2%, over fiscal year 2012, primarily due to the purchase of equipment and vehicles for the public safety function. Capital assets of business type activities increased approximately \$4.2 million, or 3.2%, over fiscal year 2012, primarily due to ongoing improvements to the sanitary sewer and storm sewer infrastructure as well as improvements to the sewer treatment plant. Long-term liabilities of governmental activities decreased \$2,178,235, or 4.3%, from fiscal year 2012, primarily due to a more aggressive principal payment schedule for the urban renewal term loan note and refinancing of general obligation bonds.

The largest portion of the City's net position is invested in capital assets (e.g. land, infrastructure, buildings and equipment), less the related debt. Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Restricted net position decreased approximately \$5.8 million, or 16.1%, from fiscal year 2012. This decrease is primarily due to fewer funds held at June 30 restricted for insurance and debt service.

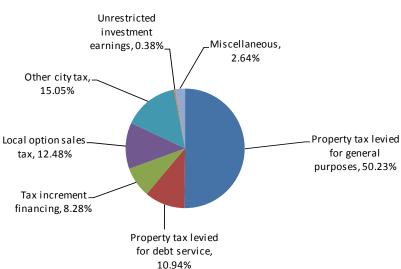

Total unrestricted net position, the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, legislation or other legal requirements, is at a deficit of approximately \$1.1 million. This is an increase of approximately \$4.4 million over the prior year unrestricted net position, which was at a deficit of approximately \$5.5 million. This improvement is primarily attributable to capital contributions received from governmental activities and developers in the business type activities.

Total revenues reported for the primary government for the year ended June 30, 2013 were \$103,852,368. Program revenues totaled \$40,436,669 for the year ended June 30, 2013. Governmental activities provided \$28,033,875 and business type activities provided \$12,402,794 of program revenues. Revenue from charges for service during fiscal year 2013 was \$23,460,609, accounting for 58.0% of total program revenues. The following charts break down program revenues by source:

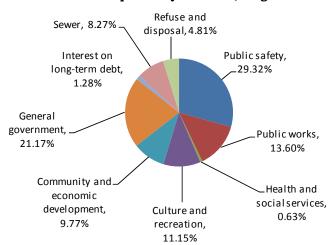

General revenues for the year ended June 30, 2013 totaled \$63,415,699. Governmental activities provided \$63,413,344 and business type activities provided \$2,355 of general revenues. Property tax revenue for fiscal year 2013 totaled \$38,788,693, accounting for 61.2% of general revenues. The following chart illustrates general revenues by source:

FY13 General Revenues

Overall revenues decreased approximately \$16.4 million, or 13.6%, from fiscal year 2012. The change is primarily the result of an \$11 million, or 50.5%, decrease in operating grants, contributions and restricted interest which resulted from one-time reimbursements for costs incurred during the Missouri River flood in the summer of 2011. Tax increment financing revenue rose approximately \$0.5 million, or 9.9%, while local option sales tax revenue decreased approximately \$0.5 million, or 5.9%. Property tax revenue was nearly unchanged, declining \$54,367.

Expenses for the primary government for the year ended June 30, 2013 totaled \$102,917,441. This is a 3.3% increase over the prior year total of \$99,598,253. Expenses for governmental activities totaled \$89,453,143, accounting for 86.9% of total expenses. Business type activities expenses totaled \$13,464,298, or 13.1% of the total. The following chart breaks down expenses by function/program:

FY12 Expenses by Function/Program

The following table shows the activities included within each function/program:

<u>Function/Program</u>	<u>Activity</u>
Public safety	Individual and community protection, physical health
Public works	Public service, utilities and transportation
Health and social services	Health regulation and inspection
Culture and recreation	Education and recreation
Community and economic development	Environmental preservation, housing and community development
General government	Policy and administration, including in-house services provided to City departments
	NOTE: In fiscal years 2012 and 2013, flood
	costs are classified as general government costs.

The City budgets and records expenditures based on cost centers and groups costs in functional areas. The \$3.3 million increase in total expenses was due to increased expenses for the Mid-America Center as well as public works (infrastructure improvements) and community development (property buyouts and housing programs), offset by general government (reduction in flood fighting costs). All other functional areas either grew modestly or declined from fiscal year 2012.

Governmental Activities

To aid in understanding the Statement of Activities, some additional explanation is given. Of particular interest is the format which is significantly different than a typical Statement of Revenues, Expenses and Changes in Fund Balances. Please note the expenses are listed in the first column with revenues from that particular program reported to the right. The result is a net (expense) revenue calculation. This format highlights the respective financial burden each of the functions place on the taxpayers. For example, for health and social services, the City spent \$649,660 and received \$277,048 in revenue, leaving a cost to taxpayers of \$372,612, an increase of 13.9% over fiscal year 2012, to be funded by various methods. This format identifies how much each function draws from general revenues or is self-sustaining through fees or grants.

Some of the individual line item revenues reported for each function are:

<u>Function/Program</u>	<u>Revenues</u>
Public safety	Fines, COPS grants and block grants
Community and economic development General government	HUD grants, building permits and licenses Internal charges for service
General government	internal charges for service

The total cost of governmental activities this year was \$89,453,143. Of these costs, \$13,240,498 was paid by those who directly benefited from the programs. Costs paid by other governments and organizations which subsidized certain programs with operating and capital grants and contributions were \$14,793,377, leaving a net expense of \$61,419,268 for governmental activities. These expenses were financed by tax revenue, interest and other general revenues. The Statement of Activities provides further detail. The net (expense) revenue for governmental activities is as follows:

	Net (Expense) Revenue and Changes in Net Position		
Governmental activities	2013	2012	
Function/Program:			
Public safety	\$ (25,432,134)	(23,374,701)	
Public works	(7,644,121)	2,530,285	
Health and social services	(372,612)	(327,271)	
Culture and recreation	(5,780,064)	(3,428,302)	
Community and economic development	(5,850,536)	(3,743,879)	
General government	(15,027,037)	(11,971,019)	
Interest on long-term debt	(1,312,764)	(2,056,456)	
Net (expense) revenue of governmental activities	(61,419,268)	(42,371,343)	
General revenues and transfers	58,564,111	60,402,987	
Change in net position	\$ (2,855,157)	18,031,644	

Resources available during the year to finance governmental activities totaled \$355,000,151, consisting of net position at July 1, 2012 of \$268,402,165, program revenues of \$28,033,875 and general revenues and transfers of \$58,564,111. During the year, governmental activities expenses totaled \$89,453,143. Governmental activities net position decreased \$2,855,157 to \$265,547,008.

Business Type Activities

The cost of all business type activities for the year was \$13,464,298 as shown in the Statement of Activities. The amount charged to users of the systems was \$10,220,111 and \$2,182,683 was funded from grants and contributions. Net expense for business type activities was \$1,061,504. The net (expense) revenue by business type activity for the years ended June 30, 2013 and 2012 is as follows:

	Net (Expense) Revenue and			
		Changes in Net Position		
Business Type Activities		2013	2012	
Sewer	\$	(1,108,863)	\$ (2,684,910)	
Refuse and disposal		47,359	563,625	
Total net (expense) revenue		(1,061,504)	(2,121,285)	
General revenues and transfers		4,851,588	4,703,192	
Change in net position	\$	3,790,084	2,581,907	

Resources available during the year to finance business type activities totaled \$150,720,722, consisting of net position at July 1, 2012 of \$133,466,340, program revenues of \$12,402,794 and general revenues and transfers of \$4,851,588. During the year, business type activities expenses totaled \$13,464,298 and business type activities net position increased \$3,790,084 to \$137,256,424.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

GOVERNMENTAL FUND HIGHLIGHTS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing financing requirements. Unassigned fund balances may serve as a useful measure of net resources available for spending at the end of a fiscal year. The City's governmental funds reported combined ending fund balances of \$55,305,648. The combined governmental fund balances increased \$10,070,350 over the prior year.

The following are the major reasons for the changes in fund balances of the major funds from the prior year:

• The General Fund balance decreased \$1,656,253, or 6.9%, from the prior year. Revenues decreased \$7,357,272, or 11.1%. Expenditures decreased \$4,955,239, or 8.0%, from the prior year.

The fund balance decrease is primarily due to a \$1.3 million transfer from the General Fund to the Capital Projects Fund for equipment and capital improvements carried out with revenue generated by gaming and hotel taxes. Revenues and expenditures both declined from fiscal year 2012 levels. This is because expenditures in the prior year included costs associated with flood fighting activity. Revenues in the prior year included amounts from FEMA reimbursements and non-governmental grants for park construction which were one time transactions and not repeated to the same levels in 2013.

• The Special Revenue, Bass Pro Shop Fund balance declined to \$261,539, an 11.9% decrease from the prior year. Revenues decreased \$255,410, or 13.8%, and expenditures decreased \$225,160, or 8.5%. The decrease in revenues resulted from requesting \$250,000 less support from the Iowa West Foundation for fiscal year 2013.

Property tax expense fell due to lower assessed value, causing a reduction in total expenditures.

- The Special Revenue, Tax Increment Financing Fund balance increased \$334,463 to a fund balance of \$360,118. Tax increment financing revenues climbed \$471,579, or 9.9%, due to projects completing and valuations in TIF districts growing. Expenditures for this fund increased 65.5%, or \$1,436,528, due to an increase in economic development grants resulting from increased valuations.
- The Special Revenue, City Local Option Sales Tax Fund balance increased \$824,833, or 16.2%, over the prior year. The increase is due in part to increased sales tax revenue and a reduction in the amount of capital project costs incurred in fiscal year 2013.
- The Debt Service Fund balance decreased \$2,273,943 from the prior year, as planned. The decrease is primarily due to advance refunding transactions completed during the year.
- The Capital Projects Fund balance increased \$11,978,424 over the prior year. The City issued \$14.9 million of general obligation bonds during fiscal year 2013 for various improvement projects, public works equipment and public safety equipment.

PROPRIETARY FUND HIGHLIGHTS

- The Enterprise, Sewer Fund, which accounts for the operation and maintenance of the City's wastewater treatment and sanitary sewer system, ended fiscal year 2013 with a \$131,330,174 net position compared to the prior year ending net position of \$127,587,449, an increase of \$3,742,725, or 2.9%. The increase is primarily due to the investment in infrastructure undertaken in fiscal year 2013.
- The Enterprise, Refuse and Disposal Fund ended fiscal year 2013 with a \$5,926,250 net position compared to the prior year ending net position of \$5,878,891, an increase of \$47,359, or 0.8%. The slight increase in net position occurred as operations continued to produce revenues in excess of operating costs despite softness in prices for recyclable material during the year.

BUDGETARY HIGHLIGHTS

The City adopted one budget amendment in the fiscal year ended June 30, 2013. In May 2013, City officials reviewed year to date operations, projected activity to the end of the year and determined adjustments to the budget were needed based on three items. They are: (1) revenues and costs due to an advance refunding capital transaction, (2) inclusion of depreciation expense for proprietary funds and (3) ongoing costs to acquire property impacted by the 2011 flood.

In the fiscal year ended June 30, 2013, actual revenues of \$104,494,622 fell below the revised budget revenue of \$107,140,015 by \$2,645,393. Nearly all of this variance arose from the delay in receiving intergovernmental revenue as anticipated. The funds will be received, but were not available prior to June 30, 2013, as anticipated, when preparing the revised budget.

Overall, total expenditures/expenses were \$10,554,469 less than budgeted amounts. Expenditures/expenses during the year ended June 30, 2013 totaled \$115,918,520. The revised expenditure/expense budget was \$126,472,989. At the conclusion of the fiscal year ended June 30, 2013, capital projects expenditures were \$11,537,500 under budget and comprised 109% of the budget variance. Operating costs at the Mid America Center were another factor for the variance between actual and budgeted costs.

The City is currently in the process of developing an operating budget for the fiscal year ending June 30, 2014, which will plan to have revenues exceed expenditures for all funds, including the General Fund.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets, including land, buildings and improvements, equipment, streets, sewer systems, lighting systems, traffic signals and other infrastructure, represents the value of the resources utilized to provide services to our citizens. Capital assets at June 30, 2013 were \$417,270,334 (net of accumulated depreciation). See Note 3 to the financial statements for more information about the City's capital assets.

The City has completed initial phases of a new park on the East bank of the Missouri River. The park includes a natural amphitheater-like green space via skyline views of Omaha, Nebraska. The park is adjacent to the Bob Kerry pedestrian and bicycle bridge on the north and adjacent to a City owned 18 hole golf course and major entertainment venues on the south. The facility will become a major asset enhancing the community's quality, expanding its cultural and recreational offerings and serving as a catalyst for economic growth and tourism activities. The majority of the equipment acquired pertained to vehicles and equipment for the public safety function, which includes the Police and Fire Departments.

For business type activities, projects completed include sewer treatment plan improvements, including a new pump station, and heavy duty equipment placed in service at the recycling center.

Long-term Debt

At June 30, 2013, the City had approximately \$50.0 million of general obligation bonds and notes outstanding versus approximately \$44.4 million last year. The increase resulted from an issuance of general obligation bonds totaling approximately \$14.9 million during the fiscal year. Proceeds of the bond offering are being used for infrastructure improvements, construction of an urban riverfront park on the banks of the Missouri River and public safety equipment. The issuance was approximately double prior issuances because the City had not issued general obligation bonds in the prior fiscal year. The City's general obligation bonds carry an AA2 rating assigned by Moody's Investor Services. Assignment of this rating reflects the City's continued moderate tax base growth, sound financial operations and rapid debt retirement. The City continues to operate well under the State debt capacity limitation. The State limits the amount of general obligation debt outstanding to 5% of the assessed value of all taxable property in the City.

On April 12, 2013, the City issued \$2,535,000 of general obligation refunding capital loan notes to do a crossover advance refunding of the remaining portion of its series 2006A bonds.

More detailed information on debt administration is provided in Note 4 to the financial statements.

ECONOMIC FACTORS

The City's operating plan for fiscal year 2014 calls for revenue and other financing activity of \$105,650,107 and expenditures of \$105,568,387. Currently, City operations are meeting budgeted expectations. A large expansion project by a major international technology company leads ongoing private capital investment, while a major expansion of Interstate Highways 30 and 29 not only serve to generate a great deal of construction activity, but also will provide the transportation network needed for ongoing commercial growth in the metropolitan area.

Changes to the State of Iowa's commercial property tax valuation formulas were enacted in 2013 by the Iowa Legislature with the objective of creating new commercial development throughout the state. The legislation protects cities from loss of property tax revenue in fiscal years 2015 and 2016. Beyond that, some uncertainty exists and future planning will need to include serious analysis when projecting future financial activity.

The Iowa agricultural sector continues to perform well as 2013 produced a record corn harvest. Because of the City's proximity to the agricultural community and a biofuel production facility, the local economy benefitted.

The City continues to monitor activity in this area as well as the actions of the Federal Reserve Board when considering capital projects funded by issuance of general obligation bonds.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Arthur W. Hill, CPA, City Finance Director at 712-328-4685.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Major Funds

General Fund – This is the City's operating fund. It accounts for the financial resources and transactions not accounted for in other funds.

Special Revenue, Bass Pro Shop Fund – The Special Revenue, Bass Pro Shop Fund receives money from rent, City and County contributions and contributions from the Iowa West Foundation to pay for operating expenditures and repayment of debt.

Special Revenue, Tax Increment Financing Fund – The Special Revenue, Tax Increment Financing Fund receives revenues from a tax authorized by ordinance in the urban renewal districts for repayment of debt.

Special Revenue, City Local Option Sales Tax Fund – The Special Revenue, City Local Option Sales Tax Fund receives revenues from a tax authorized by referendum to cover the costs of maintenance and improvements to the City's sewer and street systems.

Debt Service Fund – The Debt Service Fund receives revenues from property tax and other sources for repayment of general obligation debt.

Capital Projects Fund – The Capital Projects Fund accounts for resources used in the acquisition and construction of capital facilities and other capital assets.

Reconciliation of the Balance Sheet -Governmental Funds to the Statement of Net Position

June 30, 2013

Total governmental fund balances (page 33)

\$ 55,305,648

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds. The cost of capital assets is \$402,100,206 and the accumulated depreciation is \$120,923,893.

281,176,313

Other long-term assets are not available to pay current year expenditures and, therefore, are deferred in the governmental funds.

3,374,773

Long-term liabilities, including bonds and notes payable, capital lease purchase agreements payable, loan payable, net OPEB liability, net pension liability, accrued interest payable and compensated absences payable, are not due and payable in the current year and, therefore, are not reported as liabilities in the governmental funds.

General obligation bonds/notes	\$ (50,020,000)	
Urban renewal term loan note	(12,325,000)	
Settlement agreement	(6,000,000)	
HUD loan	(675,000)	
Compensated absences	(3,169,689)	
Net OPEB liability	(1,480,282)	
Net pension liability	(511,815)	
Accrued interest payable	(127,940)	(74,309,726)

Net position of governmental activities (page 26)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds to the Statement of Activities

Year ended June 30, 2013

Net change in fund balances - total governmental funds (page 37)				
Amounts reported for governmental activities in the Statement of Activities are different because:				
Governmental funds report capital outlays as expenditures while governmental activities report depreciation/amortization expense to allocate those expenditures over the life of the assets. Capital outlays exceeded depreciation/amortization expense in the current year, as follows:				
Expenditures for capital assets Depreciation/amortization expense	\$ 10,526,826 (10,104,218)	422,608		
Because some revenues will not be collected for several months after the City's year end, they are not considered available revenues and are deferred in the governmental funds, as follows:				
Property tax	101,945			
Other	(2,549,942)	(2,447,997)		
Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year issuances exceeded repayments, as follows:				
Issued	(23,415,000)			
Repaid	12,761,667	(10,653,333)		
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:				
Compensated absences	(89,581)			
Net OPEB expense	(144,420)			
Net pension expense	(7,830)			
Interest on long-term debt	(4,954)	(246,785)		
Change in net position of governmental activities (page 29)		\$(2,855,157)		

PROPRIETARY FUND FINANCIAL STATEMENTS

Major Funds

Enterprise, Sewer Fund – The Enterprise, Sewer Fund accounts for the operation and maintenance of the City's wastewater treatment and sanitary sewer system.

Enterprise, Refuse and Disposal Fund – The Enterprise, Refuse and Disposal Fund accounts for the operation and maintenance of the City's solid waste collection and recycling systems.

Notes to Financial Statements

June 30, 2013

(1) Summary of Significant Accounting Policies

The City of Council Bluffs is a political subdivision of the State of Iowa located in Pottawattamie County. It was first incorporated in 1853 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens, including public safety, public works, health and social services, culture and recreation, community and economic development and general government services. The City also operates an airport and provides sewer and sanitation utilities for its citizens.

The financial statements of the City of Council Bluffs have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the City of Council Bluffs has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present the City of Council Bluffs (the primary government) and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

Discretely Presented Component Units

The Council Bluffs Airport Authority (Authority) was established pursuant to Chapter 330A of the Code of Iowa to operate the City's airport facility. The Authority is governed by a seven member board appointed by the Mayor, with concurrence of a majority of the City Council. The board members serve at the pleasure of the City. The City annually provides significant operating subsidies to the Authority and collects and remits the tax levied by the Authority. In accordance with criteria set by the Governmental Accounting Standards Board, the Authority meets the definition of a component unit which should be discretely presented. Complete financial statements of the Council Bluffs Airport Authority can be obtained from its office at 101 McCandless Lane, Council Bluffs. Iowa 51503.

The Council Bluffs Public Library Foundation (Foundation) has been incorporated under the provisions of the Iowa Nonprofit Corporation Act to operate exclusively for charitable, educational and literary purposes for the enhancement and improvement of the Council Bluffs Public Library. In accordance with criteria set by the Governmental Accounting Standards Board, the Foundation meets the definition of a component unit which should be discretely presented. Based on these criteria, the economic resources received or held by the Foundation are substantially for the direct benefit of the City of Council Bluffs Library.

Jointly Governed Organization

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Pottawattamie County Assessor's Conference Board, Metropolitan Area Planning Agency, Pottawattamie County Emergency Management Commission and Pottawattamie County E911 Service Board.

Related Organizations and Organizations with Joint Venture Characteristics

The City participates in several related organizations or related organizations with joint venture characteristics for which the City is not financially accountable even though the City appoints a voting majority of the organization's governing board or the organization's financial activity is reported in the City's financial statements and in another participating government's financial statements. City officials are members of or appoint representatives to the following organizations: Municipal Housing Agency, Convention and Visitors Bureau, the Pottawattamie County Communications Center Commission, the Southwest Iowa Solid Waste Management Association and the Council Bluffs Municipal Waterworks.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are supported by property tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the City's nonfiduciary assets and liabilities, with the difference reported as net position. Net position is reported in the following categories/components:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Nonexpendable restricted net position is subject to externally imposed stipulations which require them to be maintained permanently by the City, including the City's Permanent Fund.

Expendable restricted net position result when constraints placed on net asset use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax revenues from general and emergency levies and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs not paid from other funds.

The Special Revenue, Bass Pro Shop Fund is used to account for revenues from rent and City, County and Iowa West Foundation contributions and used for the payment of interest and principal on the City's urban renewal term loan note debt and maintenance of the Bass Pro Shop.

The Special Revenue, Tax Increment Financing Fund is used to account for revenues from the tax authorized by ordinance in the urban renewal district and used to pay indebtedness incurred for urban renewal projects.

The Special Revenue, City Local Option Sales Tax Fund is used to account for revenues from the tax authorized by referendum and used for maintenance and improvements to the City's sewer and street systems.

The Debt Service Fund is used to account for property tax and other revenues to be used for the payment of interest and principal on the City's general long-term debt.

The Capital Projects Fund is used to account for resources used in the acquisition and construction of capital facilities and other capital assets.

The City reports the following major proprietary funds:

The Enterprise, Sewer Fund is used to account for the operation and maintenance of the City's wastewater treatment and sanitary sewer system.

The Enterprise, Refuse and Disposal Fund is used to account for the operation and maintenance of the City's solid waste collection and recycling system.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the expenditure toward restricted fund balance and then to less-restrictive classifications – committed, assigned and then unassigned fund balances.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the programs. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Enterprise Funds is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

<u>Cash, Cash Equivalents and Pooled Investments</u> – The cash balances of most City funds are pooled and invested in interest-bearing cash accounts or certificates of deposit. Interest on the pooled cash investments is recognized as revenue when earned and allocated to the funds on a systematic basis, or as provided by law. Investments are stated at fair value except for the investments in the Iowa Public Agency Investment Trust which are valued at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid (including restricted assets) are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

<u>Property Tax Receivable, Including Tax Increment Financing</u> – Property tax, including tax increment financing, in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the City to the County Board of Supervisors. Current year property tax receivable represent taxes collected by the County but not remitted to the City at June 30, 2013 and unpaid taxes. The succeeding year property tax receivable represents taxes certified by the City to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenues recognized in these funds become due and collectible in September and March of the current fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2011 assessed property valuations; is for the tax accrual period July 1, 2012 through June 30, 2013 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in March 2012.

<u>Customer Accounts and Unbilled Usage</u> – Accounts receivable are recorded in the Enterprise Funds at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

Special and Drainage Assessments Receivable – Special and drainage assessments receivable represents the amounts assessed to individuals for work done which benefits their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other tax. Assessments receivable represent assessments which are due and payable but have not been collected.

<u>Due From Other Governments</u> – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

<u>Inventories</u> – Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories are recorded as expenditures when consumed rather than when purchased.

<u>Prepaid Items</u> – Payments made to vendors for services that will benefit periods beyond June 30 are recorded as prepaid items in both government-wide and fund financial statements. In governmental funds, prepaid items are accounted for using the consumption method and a portion of fund balance equal to the prepaid items has been reported as nonspendable to indicate that it is not available for appropriation.

Capital Assets – Capital assets, which include property, equipment and vehicles, intangibles and infrastructure assets acquired after July 1, 1980 (e.g. roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the City) are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position and in the Proprietary Funds Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair not adding to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the City as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land, buildings and improvements	\$ 25,000
Machinery, equipment and vehicles	5,000
Infrastructure	50,000
Intangibles	50,000

Capital assets of the City are depreciated/amortized using the straight line method over the following estimated useful lives:

	Estimated
	Useful Lives
Asset Class	(In Years)
Buildings and improvements	40-50 years
Land improvements	10-20 years
Machinery and equipment	5-30 years
Vehicles	5-10 years
Infrastructure	20-65 years
Intangibles	7-15 years

<u>Deferred and Unearned Revenue</u> – Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred and unearned revenue consists of delinquent property tax receivable and other receivables not collected within sixty days after year end and unearned revenue.

Deferred and unearned revenue in the Statement of Net Position consists of succeeding year property tax and tax increment financing receivable that will not be recognized as revenue until the year for which they are levied and unearned revenue.

Compensated Absences – City employees accumulate a limited amount of earned but unused vacation and sick leave benefits and compensatory time for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2013. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

<u>Long-Term Liabilities</u> – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental or business type activities column in the Statement of Net Position and the proprietary fund Statement of Net Position.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

<u>Fund Equity</u> – In the governmental fund financial statements, fund balances are classified as follows:

<u>Nonspendable</u> – Amounts which cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

<u>Unassigned</u> – All amounts not included in the preceding classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. Expenditures during the year ended June 30, 2013 exceeded the amounts budgeted in the culture and recreation, general government and debt service functions.

(2) Cash, Cash Equivalents and Pooled Investments

Primary Government

The City's deposits in banks at June 30, 2013 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2013 the City had the following investments:

Туре	Fair Value	Maturity
U.S. Treasury Securities U.S. Treasury Securities	\$ 25,879 2,608,785	December 2013 June 2014
Total	\$2,634,664	

The above U.S. Treasury Securities are held in escrow to be used for refunding the general obligation bonds issued May 1, 2006.

In addition, the City had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$200,105, which approximates fair value, pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk – As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits the investment of operating funds (funds reasonably expected to be expended during the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days. However, all investments of the City shall have maturities consistent with the needs and uses of the City.

Credit risk – The City's investments in the Iowa Public Agency Investment Trust are unrated.

Concentration of credit risk – The City's investment policy has the following limitations: no more than 10% of the investment portfolio may be invested in prime banker's acceptances, commercial paper or other short-term corporate debt, no more than 5% of the investment portfolio may be invested in the securities of a single issuer and no more than 5% of all amounts invested in commercial paper or other short-term corporate debt shall be invested in paper and debt rated in the second highest classification. When possible, it is the City's policy to diversify its investment portfolio to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, specific issuer or a specific class of securities.

<u>Discretely Presented Component Unit – Library Foundation</u>

The Council Bluffs Public Library Foundation's investments at June 30, 2013 consist of mutual funds with a fair value of \$5,662,671.

(3) Capital Assets

Capital assets activity for the year ended June 30, 2013 was as follows:

General Obligation Bonds/Notes Payable

General obligation bonds/notes have been issued for governmental activities. The portion of unmatured general obligation bonds/notes accounted for in governmental activities and serviced by the Debt Service Fund totaled \$50,020,000 at June 30, 2013. General obligation bonds/notes bear interest at rates ranging from .50% to 5.6% per annum and mature in varying annual amounts ranging from \$50,000 to \$2,950,000, with final maturities due in the year ending June 30, 2027.

On November 28, 2012, the City issued \$14,880,000 of general obligation bonds with interest at rates ranging from 2.00% to 3.00% per annum to provide funds to pay the costs of street improvements, repairs to traffic control devices; sidewalk and pedestrian underpass and overpass improvements; extensions and improvements to facilities used for the collection, treatment and disposal of sewage and industrial waste; acquisition and construction of facilities useful for the control and elimination of sources of air, water and noise pollution; acquisition, construction and improvements to waterways and real and personal property damaged by floods or high waters; equipping public safety and public works departments, including ambulances, ambulance equipment and a geographic computer data base system suitable for automated mapping and facilities management; acquisition and improvement to cemetery facilities; rehabilitation and improvement of parks; acquisition and demolition of dilapidated or dangerous buildings and structures; and remediation, restoration, repair and replacement of property, buildings, equipment and public facilities damaged by disaster as defined in Chapter 29C.2 of the Code of Iowa.

On May 15, 2013, the City issued \$2,535,000 of general obligation refunding capital loan notes with an interest rate of 2.00% per annum for a crossover refunding of the general obligation bonds issued April 10, 2006. The City entered into an escrow agreement whereby the proceeds from the general obligation refunding capital loan notes were

converted to U.S. Treasury Securities. These securities were placed in an escrow account for the express purpose of paying the \$2,585,000 of principal on the refunded general obligation bonds when they become callable on June 1, 2014 and the interest falling due on the bonds on or before June 1, 2014. After the principal and interest on all of the outstanding bonds have been paid, any remaining funds in the escrow account, together with any interest thereon, shall be returned to the City. The transactions, balances and liabilities of the escrow account are recorded by the City since the refunded debt is not considered extinguished.

The City refunded the bonds to reduce its total debt service payments by approximately \$252,000 and to obtain an economic gain (difference between the present value of debt service payments on the old and new debt) of approximately \$245,000.

During the year ended June 30, 2013, principal payments of \$11,780,000 and interest payments of \$1,688,039 were made by the City on general obligation bonds/notes.

Urban Renewal Term Loan Note

On February 18, 2011, the City issued a \$14,500,000 urban renewal term loan note through U.S. Bank National Association, the proceeds of which were used to retire the outstanding urban renewal capital loan note. The term loan note bears interest at a variable rate, adjusted monthly. Principal and interest payments are amortized over fifteen years and are due in monthly installments of \$80,556 beginning on April 30, 2011, with a final balloon payment due on March 31, 2014.

Principal and interest on this note are secured as follows:

- (1) Bass Pro Shop lease rental payments,
- (2) Mortgage and Security Agreement, in favor of the holder of the note, granting a first lien on the project improvements and land,
- (3) County annual appropriation economic development grant,
- (4) Iowa West Foundation, Inc. guaranty and
- (5) Certain annual appropriations totaling \$10,243,220 to be made by the City.

During the year ended June 30, 2013, principal payments of \$966,667 and interest payments of \$301,615 were made by the City.

The City has pledged future Bass Pro Shop lease rental income and contributions from the City, County and Iowa West Foundation, net of specified operating expenditures, to repay the urban renewal term loan note issued in February 2011. Annual principal and interest payments on the note are expected to require more than 100% of net revenues. The total principal and interest remaining to be paid on the note is \$12,499,413. For the current year, principal and interest paid and total net revenues (operating revenues plus transfers in from the City, less operating expenditures) were \$1,268,282 and \$1,233,071, respectively.

Settlement Agreement

On October 17, 2013, a stipulation of dismissal with prejudice was brought before the United States District Court for the Southern District of Iowa, Central Division, which dismissed a suit against the City of Council Bluffs and others. The dismissal with prejudice resulted in a settlement agreement making the City liable for \$6,000,000, plus interest at 1.377% per annum. The settlement will be paid from the General Fund.

Details of the settlement agreement payable at June 30, 2013 are as follows:

Year Ending June 30	Principal	Interest	Total
2014	\$ 2,300,000	-	2,300,000
2015	491,722	36,849	528,571

2019-2021	 1,734,991	50,725	1,785,716
Total	\$ 6,000,000	200,000	6,200,000

Sewer Revenue Capital Loan Notes

On May 2, 2012, the City entered into an agreement with the Iowa Finance Authority (IFA) for the issuance of up to \$5,160,000 of sewer revenue capital loan notes with interest at 3.0% per annum. The agreement also requires the City to annually pay a .25% servicing fee on the outstanding principal balance. The notes were issued pursuant to the provisions of Chapters 384.24A and 384.83 of the Code of Iowa to pay the cost of constructing improvements and extensions to the sewer utility system. The City drew down funds from the IFA upon request to reimburse the City for costs as they were incurred. At June 30, 2013, the City had drawn down the entire authorized amount. An initiation fee of 1% of the authorized borrowing for the sewer revenue capital loan notes was charged by the Iowa Finance Authority and was withheld from the first proceeds of the sewer revenue capital loan notes drawn by the City.

The City has pledged future sewer customer revenue, net of specified operating expenses, to repay the sewer revenue capital loan notes. The notes are payable solely from sewer customer net revenues. Annual principal and interest payments on the notes are expected to require more than 100% of net revenues. The total principal and interest remaining to be paid on the notes at June 30, 2013 is \$6,607,170. For the current year, interest paid and total net loss, (operating revenues less operating expenses plus depreciation expense), were \$31,018 and \$(154,120), respectively.

The resolution providing for the issuance of the sewer revenue capital loan notes issued under the loan agreement between the City, the Iowa Finance Authority and the Iowa Department of Natural Resources includes the following provisions:

- (1) The notes will only be redeemed from the future earnings of the enterprise activity and the note holder holds a lien on the future earnings of the funds.
- (2) User rates shall be established at a level which produces and maintains net revenues at a level not less than 110% of the amount of principal and interest on the notes falling due in the same year.

The City's net revenues for the year ended June 30, 2013 were less than the required 110% of note principal and interest falling due during the year.

Governmental activities:

(5) U.S. Department of Housing and Urban Development (HUD) Loan

HUD Loan to City

On August 20, 2007, the City entered into an agreement with the U.S. Department of Housing and Urban Development (HUD) to borrow \$750,000 under the provisions of the HUD Section 108 Loan Guarantee Program. The loan, for the purpose discussed below, is evidenced by a promissory note with a variable interest rate equal to 20 basis points (0.2%) above the applicable London Interbank Offered Rates (LIBOR), adjusted monthly. Interest is payable quarterly on the loan and principal is due annually for twenty years, beginning August 1, 2008 and ending August 1, 2027. During the year ended June 30, 2013, the City paid \$15,000 of principal and \$3,240 of interest on the loan. Below is a summary of the annual principal and interest payments to maturity.

Year Ending			
June 30,	Principal	Interest *	Total
2014	\$ 15,000	3,137	18,137
2015	15,000	3,065	18,065
2016	20,000	2,970	22,970
2017	25,000	2,852	27,852
2018	30,000	2,709	32,709
2019-2023	220,000	10,598	230,598
2024-2028	350,000	3,564	353,564
Total	\$ 675,000	28,895	703,895

^{*} Annual interest payments are estimated since the interest rate on this loan varies (the interest rate at June 30, 2013 is approximately .48% per annum).

Note Receivable to City

On September 7, 2007, the City entered into a \$750,000 leverage loan agreement with TC-Council Bluffs QEI, LLC, a Delaware limited liability company (obligor) for investment through NDC New Markets Investments XXVIII, L.P. for 117 Pearl Street, LLC, qualifying as a QALICB under section 45D of the Internal Revenue Code. The purpose of the agreement was to loan the HUD loan proceeds to assist with the redevelopment of the former NonPareil building in conjunction with the Pottawattamie County Development Corporation and J Development. The Section 108 funds were loaned through NDC New Markets Investments XXVIII, L.P. to accommodate the infusion of new market tax credits. The loan to the obligor is evidenced by a promissory note to the City with a variable interest rate equal to 20 basis points (0.2%) above the applicable London Interbank Offered Rates (LIBOR), adjusted monthly. The note is secured by an assignment and pledge for security purposes of the partnership interests of all the obligor's interest in NDC New Markets Investments XXVIII, L.P.

Principal on this note receivable is fully due and payable to the City no later than June 1, 2015. Prior to that date, the obligor shall make quarterly payments of accrued interest only, commencing on September 1, 2007 and continuing until June 1, 2015. During the year ended June 30, 2013, \$4,432 of interest was paid to the City on the note.

(6) Restricted Fund Balances

The detail of fund balances restricted for specific purposes at June 30, 2013 is as follows:

		Revenue		
	_			
Purpose	General	Shop	Nonmajor	Total
Insurance	\$ 1,111,952	-	-	1,111,952
Employee benefits	4,522,850	-	-	4,522,850
Home program	-	-	246,048	246,048
Drainage	-	-	616,982	616,982
Library	-	-	250,799	250,799
Other	47,021	261,539	113,951	422,511
	\$ 5,681,823	261,539	1,227,780	7,171,142

(7) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2013 is as follows:

Transfer to	Transfer from	Amount
Special Revenue:		
Nonmajor (Road Use Tax Fund)	General	\$ 1,022,912
Bass Pro Shop	Special Revenue:	
	Tax Increment Financing	787,458
Local Option Sales Tax	General	67,130
Debt Service	Special Revenue:	
	Tax Increment Financing	417,042
	City Local Option Sales Tax	612,000
		1,029,042
Capital Projects	General	2,593,803
	Special Revenue:	
	City Local Option Sales Tax	3,528,000
		6,121,803
Enterprise:	Special Revenue:	
Sewer	Tax Increment Financing	111,641
Total		\$ 9,139,986

Transfers are used to 1) move revenues from the fund with collection authorization to the Debt Service Fund as debt service principal and interest payments become due, 2) move tax increment financing revenues from the Special Revenue, Tax Increment Financing Fund to the Special Revenue, Bass Pro Shop Fund to fulfill the City's obligation under an economic development agreement with Bass Pro Outdoor World, L.L.C., 3) transfer funds between the Special Revenue, City Local Option Sales Tax Fund and the Capital Projects Fund and 4) move revenues from the General Fund with collection authorization to the Special Revenue, Nonmajor – Road Use Tax Fund for the cost of authorized employee benefits incurred.

During the year ended June 30, 2013, the City made a one-time transfer from the General Fund to the Capital Projects Fund to provide partial funding for various projects.

(8) Pension and Retirement Benefits

Iowa Public Employees Retirement System

The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 5.78% of their annual covered salary and the City is required to contribute 8.67% of covered salary. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2013, 2012 and 2011 were \$1,276,096, \$1,165,078 and \$986,219, respectively, equal to the required contributions for each year.

Municipal Fire and Police Retirement System of Iowa

The City contributes to the Municipal Fire and Police Retirement System of Iowa (the Plan), which is a cost-sharing multiple-employer defined benefit retirement system administered by a Board of Trustees. The Plan provides retirement, disability and death benefits which are established by state statute to plan members and beneficiaries. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to MFPRSI, 2836 104th Street, Des Moines, Iowa 50322.

Plan members are required to contribute 9.40% of earnable compensation and the City's contribution rate may not be less than 26.12% of earnable compensation. Contribution requirements are established by state statute. The City's contributions to the Plan for the years ended June 30, 2013, 2012 and 2011 were \$3,769,244, \$3,453,811 and \$2,722,105, respectively, which met the required minimum contributions for each year.

(9) Other Postemployment Benefits (OPEB)

<u>Plan Description</u> - The City operates a single-employer health benefit plan which provides medical/prescription drug benefits for employees, retirees and their spouses. There are 443 active and 37 retired members in the plan. Retired participants must be age 55 or older at retirement.

The medical/prescription drug benefits are provided through a partially self-funded fully-insured plan with Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

<u>Funding Policy</u> - The contribution requirements of plan members are established and may be amended by the City. The City currently finances the retiree benefit plan on a pay-as-you-go basis. The General, Special Revenue, Road Use Tax and Enterprise, Sewer and Refuse and Disposal Funds primarily fund OPEB costs.

<u>Annual OPEB Cost and Net OPEB Obligation</u> - The City's annual OPEB cost is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding which, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the City's annual OPEB cost for the year ended June 30, 2013, the amount actually contributed to the plan and changes in the City's net OPEB obligation:

Annual required contribution	\$	367,000
Interest on net OPEB obligation		76,000
Adjustment to annual required contribution		(99,000)
Annual OPEB cost		344,000
Contributions made	_	(178,000)
Increase in net OPEB obligation		166,000
Net OPEB obligation beginning of year	1	1,528,000
Net OPEB obligation end of year	\$ 1	1,694,000

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2013.

For the year ended June 30, 2013, the City contributed \$178,000 to the medical plan. Plan members eligible for benefits contributed \$432,000, or 70.8% of the premium costs.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation are summarized as follows:

Year		Percentage of		Net
Ended	Annual	Annual OPEB		OPEB
June 30,	OPEB Cost	Cost Contributed	C	Obligation
2011	\$ 458,000	8.9%	\$	1,340,000
2012	407,000	53.8		1,528,000
2013	344,000	51.7		1,694,000

<u>Funded Status and Funding Progress</u> - As of July 1, 2012, the most recent actuarial valuation date for the period July 1, 2012 through June 30, 2013, the actuarial accrued liability was \$3,472,000, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,472,000. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$25,955,000 and the ratio of the UAAL to covered payroll was 13.4%. As of June 30, 2013, there were no trust fund assets.

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress for the Retiree Health Plan, presented as Required Supplementary Information in the section following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2012 actuarial valuation date, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 5% discount rate based on the City's funding policy. The projected annual medical trend rate is 9%. The ultimate medical trend rate is 5%. The medical trend rate is reduced by 1% each year until reaching the 5% ultimate trend rate. An inflation rate of 3% is assumed for purpose of this computation.

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Annual termination probabilities were based on Scale T-3 of the Actuary's Pension Handbook and annual retirement probabilities were based on the MFPRSI and IPERS Actuarial valuation reports.

Projected claim costs of the medical plan are \$598 per month for retirees less than age 65. The salary increase rate was assumed to be 3% per year. The UAAL is being amortized as a level dollar amount on an open basis over 30 years.

(10) Supplemental Pension Plan

<u>Plan Description</u> - The City provides a single-employer defined benefit supplemental pension (severance pay) benefit to eligible employees. Currently, all union employees who have completed five years of continuous service with the City and non-union employees who have completed one year of continuous service with the City and who do not voluntarily resign and are not discharged for cause are eligible for this benefit.

There are 433 active members in the plan as of June 30, 2013. The pension benefit is defined in terms of hourly rates of pay by employee, payable in one lump sum upon retirement or termination. The benefit (severance pay) is paid based on the following continuous service requirements:

Years	Amount o	Amount of Severance			
of	40 Hour	56 Hour			
Service	Schedule	Schedule			
More than 1, but less than 5	40 hours pay	56 hours pay			
More than 5, but less than 10	80 hours pay	112 hours pay			
More than 10, but less than 15	120 hours pay	168 hours pay			
More than 15	160 hours pay	224 hours pay			

<u>Funding Policy</u> – Contribution requirements for the plan are established and may be amended by the City. Payments under the plan are made on a pay-as-you go basis. There are no invested plan assets accumulated for payment of future benefits. The General, Special Revenue, Road Use Tax and Enterprise, Sewer and Refuse and Disposal Funds are used for funding all the pension benefits. The City makes all the contributions.

Annual Pension Cost and Net Pension Obligation - The City's annual pension cost is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with GASB Statement No. 27, as amended by GASB Statement No. 50. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the City's annual pension cost for the year ended June 30, 2013, the amount actually contributed to the plan and changes in the City's net pension obligation:

Annual required contribution	\$ 97,000
Interest on net pension obligation	29,000
Adjustment to annual required contribution	(36,000)
Annual pension cost (expense)	90,000
Pension payments made	(81,000)
Increase in net pension obligation	9,000
Net pension obligation beginning of year	577,000
Net pension obligation end of year	\$586,000

For calculation of the net pension obligation, the actuary has set the transition day as July 1, 2008. The end of year net pension obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2013.

For the year ended June 30, 2013, the City contributed \$81,000 to the pension plan. The City's annual pension cost, the percentage of annual pension cost contributed to the plan and the net pension obligation are summarized as follows:

Year		Percentage of	Net	
Ended	Annual	Annual OPEB		
June 30,	OPEB Cost	Cost Contributed	Obligation	
2011	\$ 88,000	75.6%	\$ 588,000	
2012	88,000	112.5%	577,000	
2013	90,000	90.0%	586,000	

<u>Funded Status and Funding Progress</u> - As of July 1, 2012, the most recent actuarial valuation date for the period July 1, 2012 through June 30, 2013, the actuarial accrued liability was \$763,000, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$763,000. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$25,955,000 and the ratio of the UAAL to covered payroll was 2.9%. As of June 30, 2013, there were no trust fund assets.

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and employee retirement age. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress for the Supplemental Pension Plan, presented as Required Supplementary Information in the section following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term

volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2012 actuarial valuation date, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 5% discount rate based on the City's funding policy. An inflation rate of 3% and rate of interest return of 5% are assumed for purposes of this computation.

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Annual termination probabilities were based on Scale T-3 of the Actuary's Pension Handbook and annual retirement probabilities were based on the MFPRSI and IPERS Actuarial valuation reports.

The projected salary increase rate, which includes a 3% inflation factor, was assumed to be 3% per year. The UAAL is being amortized as a level dollar amount on an open basis over 30 years.

(11) Transit Authority Agreement

The City has contracted for transit service on a regular, scheduled basis over certain routes within the City. The contract provides the City shall pay the net operating cost of service over these routes within the City. During the year ended June 30, 2013, the City paid \$411,889 under this contract.

(12) Industrial Development Revenue Bonds

The City has issued a total of \$47,780,000 of industrial development revenue bonds under the provisions of Chapter 419 of the Code of Iowa. The bonds and related interest are payable solely from the rents payable by tenants of the properties constructed and the bond principal and interest do not constitute liabilities of the City.

(13) Employee Health Insurance Plan

The Iowa Governmental Health Care Plan was established to account for the partial self funding of the City's health insurance benefit plan. The plan is funded by both employee and City contributions and is administered through a service agreement with Iowa Governmental Health Care Plan. The agreement is subject to automatic renewal provisions. The City assumes liability for claims up to the deductible of \$2,500/\$5,000 per single/family plan with a maximum out of pocket expense of \$5,000/\$10,000 per single/family plan. The deductible and maximum out of pocket expense for the City is reduced by the deductible amount paid by the employee of \$100/\$300 per single/family plan and employee maximum out of pocket expense of \$1,000/\$2,000 per single/family plan. Claims in excess of deductibles are covered by Iowa Governmental Health Care Plan.

Monthly payments of service fees and plan contributions to the Iowa Governmental Health Care Plan Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Liberty Bank, Council Bluffs, Iowa and Iowa Governmental Health Care Plan administers the plan funds. The City records the plan assets and related liabilities of the health plan in the General Fund. The City's contribution to the plan for the year ended June 30, 2013 was \$6,687,157.

Amounts payable from the Iowa Governmental Health Care Plan at June 30, 2013 total \$158,000, which is for incurred but not reported (IBNR) and reported but not paid claims, which is included in accounts payable in these financial statements. The amounts are based on actuarial estimates of the amounts necessary to pay prior year

and current year claims and to establish a reserve for catastrophic losses. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liabilities for claims for the years ended June 30, 2013 and June 30, 2012 is as follows:

Unpaid claims as of beginning of year
Incurred claims (including claims incurred
but not reported as of June 30)
Payments on claims
Unpaid claims as of year end

2013	2012
\$ 150,000	150,000
7,628,435	7,283,924
(7,620,435)	(7,283,924)
\$ 158,000	150,000

(14) Construction Commitments

Construction commitments at June 30, 2013 totaled \$14,868,683 which will be paid as work on the projects progresses. These projects will be funded through general obligation notes, grants and local funds on hand.

(15) Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance and \$500,000 self-insured retention on liability and auto coverage only and \$500,000 on worker's compensation. The City assumes liability for any deductibles and claims in excess of coverage limitations. During the year ended June 30, 2013, the City became liable under a settlement agreement for \$6,000,000 plus interest, an amount exceeding coverage limitations. Settled claims from these risks did not exceed commercial insurance coverage during fiscal years 2012 or 2011.

(16) CDBG Installment Loan Escrow Fund

During the year ended June 30, 1977, the City received funding for an individual housing rehabilitation loan program from the U.S. Department of Housing and Urban Development. These funds were subsequently loaned to individuals in the City. The loans receivable and loan payments received from the individuals are accounted for in the Special Revenue, CDBG Grant Fund. The Special Revenue, CDBG Installment Loan Escrow Fund receives a portion of loan payments for payment of property tax and insurance. Active loans during the year ended June 30, 2013 carry an interest rate of 3% per annum and have terms ranging from 10 to 20 years. At June 30, 2013, there were 71 active loans with a total outstanding principal balance of \$659,083, which is included in loans receivable in these financial statements.

(17) Urban Renewal Development Agreements

The City has entered into various development agreements for urban renewal projects. The agreements require the City to rebate portions of the incremental property tax paid by the developer in exchange for infrastructure improvements, rehabilitation and development of commercial projects by the developer. The total to be paid by the City under the agreements is not to exceed \$29,527,006. Certain of the agreements include provisions for payment of interest.

During the year ended June 30, 2013, the City rebated \$3,550,179 of incremental property tax to developers, which included \$3,545,744 for principal and \$4,435 for interest. The total cumulative principal amount rebated on the agreements is \$9,294,163. The outstanding balance on the agreements at June 30, 2013 was \$19,932,843.

The agreements are not general obligations of the City and, due to their nature, are not recorded as a liability in the City's financial statements. However, the agreements are subject to the constitutional debt limitation of the City.

Certain agreements include an annual appropriation clause and, accordingly, only the amount payable in the succeeding year on the agreements is subject to the constitutional debt limitation. The entire outstanding principal balance of agreements not including an annual appropriation clause is subject to the constitutional debt limitation.

(18) Economic Development Agreements

Mid-American Recreation & Convention Complex

On July 24, 2001, the City entered into an agreement with the Council Bluffs Community Betterment Foundation, the Iowa West Foundation (IWF), the Southwest Iowa Foundation and Harvey's Casino Resorts to develop a project known as the Mid-American Recreation & Convention Complex. As part of this agreement, the City has agreed to dedicate certain excess hotel/motel tax receipts, up to a maximum of \$5,000,000, to reimburse the IWF for some of the project costs. Excess hotel/motel tax collections are those remaining after the City has satisfied certain other commitments of these funds. The City's obligation under this agreement will expire at the earliest of December 31, 2015 or when the IWF has been fully reimbursed. During the year ended June 30, 2013, the City paid \$567,016 to the IWF pursuant to this agreement.

Bass Pro Outdoor World, L.L.C.

On October 22, 2004, the City entered into an agreement with Pottawattamie County, the Iowa West Foundation, the Southwest Iowa Foundation and the Council Bluffs Community Betterment Foundation (CBF) to develop an outdoor world retail facility. The project was financed and constructed by the CBF for use and occupancy by Bass Pro Outdoor World, L.L.C., lessee (Bass Lease). As part of this agreement, the City will own and maintain the facility and issued a \$17,000,000 urban renewal revenue capital loan note to reimburse CBF for some of the project costs. As discussed in Note 4, in February 2011, the City issued a \$14,500,000 urban renewal term loan note to retire the \$17,000,000 urban renewal capital loan note. The term loan note is secured in various forms by the development agreement participants. Pursuant to the agreement, the City established a Trust Account through First National Bank of Omaha as trustee. Deposits into this account include all sources of funding securing the note and all lease payments required under the Bass Lease. Funds in the trust account are to be used to pay real estate tax on the property, retire the urban renewal term loan note and pay operating and maintenance expenses related to the facility. This trust account is reported by the City in the Special Revenue, Bass Pro Fund.

During the year ended June 30, 2013, the City transferred \$787,458 into this fund from the Special Revenue, Tax Increment Financing Fund to fulfill part of its obligation under the agreement.

City of Council Bluffs Area Chamber of Commerce

On March 26, 2008, the City entered into an agreement with the City of Council Bluffs Area Chamber of Commerce (Chamber of Commerce). As part of the agreement, the City has agreed to dedicate certain excess hotel/motel tax receipts to the Chamber of Commerce for the purpose of promoting the City as both a convention site and a visitor attraction. The City's obligation under this agreement commenced on July 1, 2008 and terminated on June 30, 2013. Pursuant to the agreement, the City is to pay \$400,000 in the first year of the agreement, with a 7.5% increase in funding in each of the following four years.

During the year ended June 30, 2013, the City paid \$534,000 to the Chamber of Commerce as part of its obligation under the agreement.

(19) Mid-America Recreation & Convention Complex

The Mid-America Recreation & Convention Complex (the Complex) provides space for conventions, concerts, sporting events, meetings and other performances. The Complex was built with funding from the Southwest Iowa Foundation and, upon completion, ownership of the Complex was transferred to the City. The City has entered into a management agreement with Harrah's Iowa Arena Management, LLC (Harrahs) to manage the operations of the Complex. The City is contractually obligated to fund all liabilities and expenses of the Complex and periodically provides funding to Harrahs to pay obligations when due. During the year ended June 30, 2013, the City paid \$1,245,000 to Harrahs as part of its obligation under the agreement. Following is a condensed operating statement for activities managed by Harrahs for the year ended June 30, 2013.

Operating revenues:	
Event revenue	\$ 460,045
Retail revenue	1,892,335
Total revenue	2,352,380
Operating expenses:	
Event expenses:	
Cost of sales - events	41,521
Cost of sales - other retail	939,095
Security	31,498
Total event operating expenses	1,012,114
Property expenses:	
Administrative and general	507,365
Facility operations	995,530
Marketing and promotions	387,691
Miscellaneous	178,782
Total property expenses	2,069,368
Total operating expenses	3,081,482
Operating income (loss)	(729,102)
Non-operating expenses:	
Capital outlay	(228,155)
Net income (loss)	\$ (957,257)

The management agreement between the City and Harrahs provides for Harrahs to earn a management fee equal to 50% of the amount by which the net operating income (loss) for such fiscal year exceeds the net operating loss threshold of \$700,000.

Management Fee Calculation:

Net operating loss	\$ ((729,102)
Net operating loss threshold	((700,000)
Net operating loss less than net		
operating loss threshold	\$	(29,102)
50% of the amount the net operating income/loss		
exceeds the net operating loss threshold	\$	-

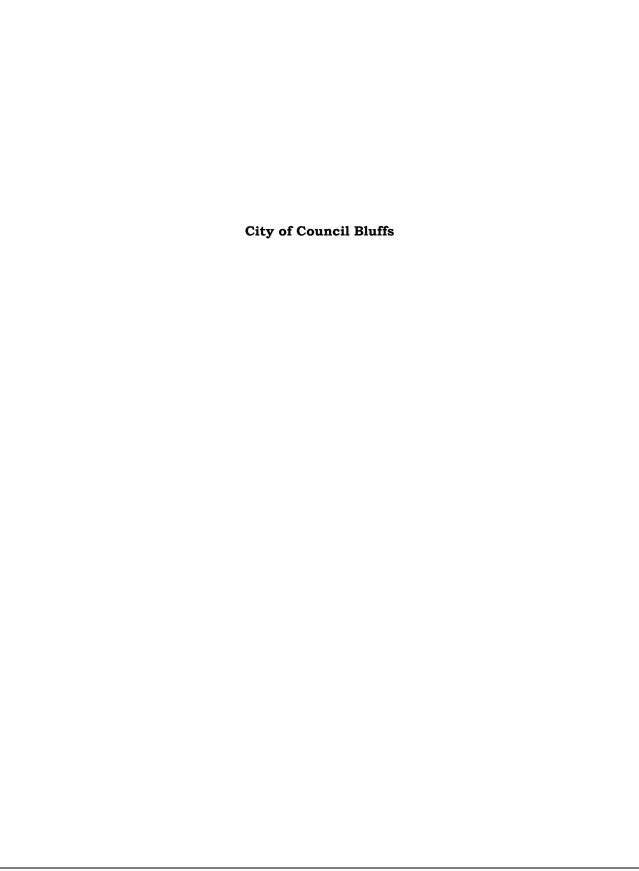

(20) Pending Litigation

The City is a defendant in two lawsuits for which the probability and amount of loss, if any, is undeterminable.

(21) Subsequent Event

On October 17, 2013, a stipulation of dismissal with prejudice was brought before the United States District Court for the Southern District of Iowa, Central Division that dismissed a suit against the City and others. The dismissal with prejudice resulted in a settlement agreement making the City liable for \$6,000,000, plus interest at 1.377% per annum. Per the terms of the agreement, the City must make payments totaling \$2,300,000 in October 2013 and annual payments of \$528,571 on July 1 from 2014 to 2019. A final payment of \$728,574 is to be made on July 1, 2020

Notes to Required Supplementary Information - Budgetary Reporting

Year ended June 30, 2013

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget following required public notice and hearing for all funds except Agency Funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. The City's budget is prepared on a GAAP basis.

Formal and legal budgetary control is based upon nine major classes of expenditures/expenses known as functions, not by fund. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function expenditures/expenses required to be budgeted include expenditures/expenses for the General Fund, the Special Revenue Funds, the Debt Service Fund, the Capital Projects Fund, the Permanent Fund and the Enterprise Funds. Although the budget document presents function expenditures/expenses by fund, the legal level of control is at the aggregated functions level, not by fund. During the year, one budget amendment increased budgeted expenditures by \$7,440,000. This budget amendment is reflected in the final budget amounts.

During the year ended June 30, 2013, expenditures in the culture and recreation, general government and debt service functions exceeded the amounts budgeted.

SUPPLEMENTARY INFORMATION

COMBINING FINANCIAL STATEMENTS

Nonmajor Special Revenue Funds

Special Revenue Funds are used to account for specific revenues legally restricted to expenditure for particular purposes.

The Road Use Tax Fund accounts for the operation of street maintenance. Financing is provided by the City's share of state gasoline taxes received on a per capita basis.

The CDBG Grant Fund accounts for community development grant and other resources to provide resources to community based organizations for program and administrative costs. Funding is provided by federal community development block grants and a portion of the recurring monthly payments from property owners in the program.

The HOME Program Fund accounts for loans made to participants in the community home loan program. Ongoing funding for this program is provided by recurring monthly payments of principal and interest from property owners in the program.

The CDBG Installment Loan Escrow Fund accounts for costs of property insurance and property taxes on residential properties financed by the community home loan program. Funding for these expenses is provided by a portion of the recurring monthly payments from property owners in the program.

The Mosquito Creek #22 Fund accounts for costs of maintenance and operations in the Mosquito Creek drainage district. Funding is provided from assessments to the property owners in the district.

The Sieck #32 Fund accounts for costs of maintenance and operations in the Sieck drainage district. Funding is provided from assessments to the property owners in the district.

The West Lewis #35 Fund accounts for costs of maintenance and operations in the West Lewis drainage district. Funding is provided from assessments to the property owners in the district.

The Lake Manawha SSMID Fund accounts for the maintenance and repair operations of the Lake Manawa special improvement district, a retail and commercial area. Funding is provided by assessments to property owners within the district.

The Library Memorial and Gifts Fund accounts for supplemental costs of operations and acquisitions of materials for the Council Bluffs Public Library. Financing for the fund is provided by gifts and memorials from private citizens and organizations.

Nonmajor Permanent Fund

Permanent Funds are used to report resources legally restricted to the extent only earnings, and not principal, may be used for purposes to support the City's programs.

The Fairview Cemetery Perpetual Care Fund accounts for funds received and held for improvements to the Fairview Cemetery.

COMBINING FINANCIAL STATEMENTS

Agency Funds

Agency Funds account for the receipt and disbursement of various resources collected by the City, acting in the capacity of an agent, for distribution to other governmental units or organizations.

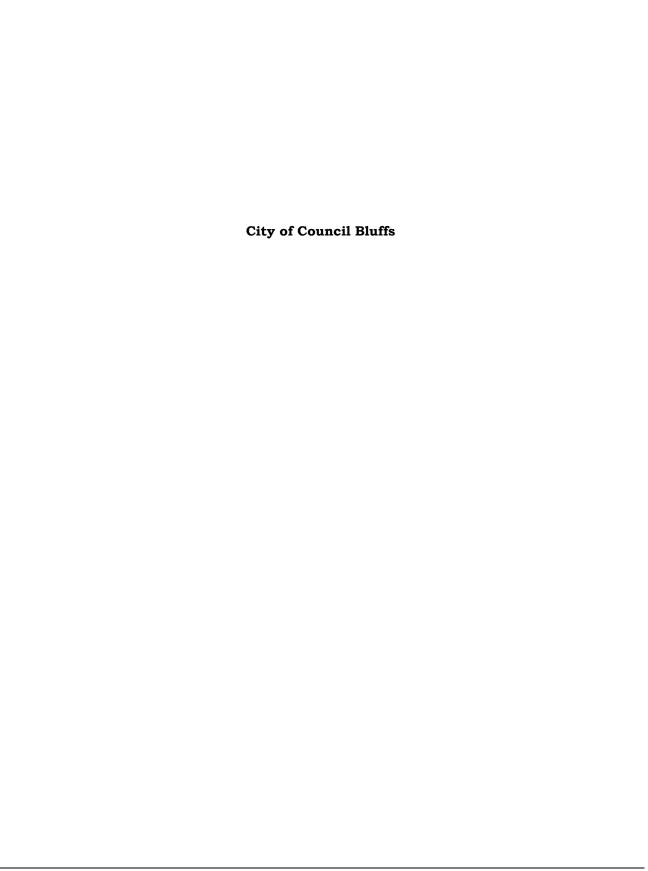

Funds previously accounted for as agency funds were eliminated as of July 1, 2012 and the related activity for these funds is now accounted for in the General Fund.

STATISTICAL SECTION

Served by abundant utility capacity, Council Bluffs attracts major investment by technology companies within its city limits and the greater community.

Statistical Section

Table of Contents

This part of the City of Council Bluffs' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Schedule</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	1-4
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	5-9
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	10-14
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	15-16
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	17-19

Sources: Unless otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year.

Direct and Overlapping Governmental Activities Debt As of June 30, 2013 (Expressed in Millions)

Governmental Unit	Debt nental Unit Outstanding		Estimated Percentage Applicable	Estimated Share of Overlapping Debt	
City of Council Bluffs direct debt		69.03	100.00%	\$	69.03
Overlapping:					
Pottawattamie County		18.99	57.0%		10.82
Council Bluffs Community Schools		76.56	92.8%		71.05
Lewis Central Community Schools		12.06	68.3%		8.24
Iowa Western Community College		79.33	30.5%		24.20
Subtotal, overlapping debt		186.94			114.31
Total direct and overlapping debt	\$	255.97		\$	183.34

Source: Pottawattamie County Auditor

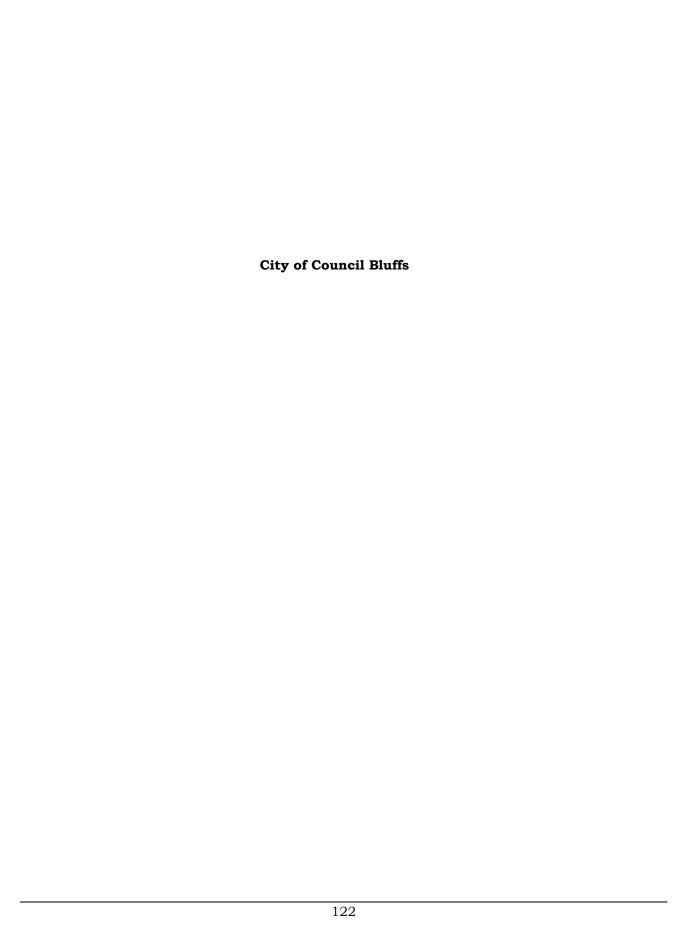

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Council Bluffs. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and business should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Although there were no current year program expenditures, there is a \$675,000 loan balance in the Community Development Block Grant/Section 108 Loan Guarantee Program, CFDA Number 14.248, from previous years for which the federal government has imposed continuing requirements.

Basis of Presentation – The Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Council Bluffs and is presented on the accrual or modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, <u>and Non-Profit Organizations</u>. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

See accompanying independent auditor's report.

OFFICE OF AUDITOR OF STATE

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Honorable Mayor and Members of the City Council:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Governmental Auditing Standards</u>, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Council Bluffs, Iowa, as of and for the year ended June 30, 2013, and the related Notes to Financial Statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 4, 2013. The financial statements of the Council Bluffs Airport Authority are included in these financial statements as a discretely presented component unit. This report does not include the results of testing of internal control over financial reporting or compliance and other matters reported on in the financial statements of the Council Bluffs Airport Authority.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Council Bluffs' internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Council Bluffs' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Council Bluffs' internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified a deficiency in internal control we consider to be a material weakness and other deficiencies we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the City of Council Bluffs' financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item II-A-13 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in Part II of the accompanying Schedule of Findings and Questioned Costs as items II-B-13 through II-E-13 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Council Bluffs' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2013 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The City of Council Bluffs' Responses to the Findings

The City of Council Bluffs' responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The City of Council Bluffs' responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Council Bluffs during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Telephone (515) 281-5834 Facsimile (515) 242-6134

Independent Auditor's Report on Compliance
with Requirements That Could Have a Direct and Material Effect on
Each Major Program and on Internal Control over Compliance in Accordance with
OMB Circular A-133

To the Honorable Mayor and Members of the City Council:

Report on Compliance for Each Major Federal Program

We have audited the City of Council Bluffs, Iowa's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 <u>Compliance Supplement</u> that could have a direct and material effect on the City of Council Bluffs' major federal programs for the year ended June 30, 2013. The City of Council Bluffs' major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City of Council Bluffs' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Council Bluffs' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal programs. However, our audit does not provide a legal determination on the City of Council Bluffs' compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Council Bluffs complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

The management of the City of Council Bluffs is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Council Bluffs' internal control over compliance with the types of requirements that could have a direct and material effect on the major federal programs to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal programs and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Council Bluffs' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

MARY MOSIMAN, CPA

Aud**to**r of State

December 4, 2013

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements.
- (b) A material weakness and significant deficiencies in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) No material weaknesses in internal control over the major programs were noted.
- (e) An unmodified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) Major programs were as follows:
 - CFDA Number 14.228 Community Development Block Grants/State's Program and Non-Entitlement Grants in Hawaii
 - CFDA Number 14.239 Home Investment Partnerships Program
 - CFDA Number 20.205 Highway Planning and Construction
 - CFDA Number 97.039 Hazard Mitigation Grant Program (HMGP)
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) The City of Council Bluffs did not qualify as a low-risk auditee.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

- II-A-13 <u>Financial Reporting</u> During the audit, we identified a material amount of bond/note proceeds understated in the City's financial statements. Adjustments were subsequently made by the City to properly reflect the proceeds in the financial statements.
 - <u>Recommendation</u> The City should implement procedures to ensure all bond/note proceeds are properly accounted for in the City's financial statements.
 - <u>Response</u> We erroneously reported the net amount of proceeds from the general obligation bond/note issuances consistent with past cash basis accounting procedures. We are fully aware that the proper accounting treatment is to report debt issuance costs and premium separate from the bond/note proceeds and will do so correctly on future transactions.
 - <u>Conclusion</u> Response accepted.
- II-B-13 Receipts Although an initial listing of cash and checks received in the mail is prepared by someone independent of recording receipts, there is no evidence the listing is later compared to the receipts record by an independent person.
 - <u>Recommendation</u> Procedures should be established to ensure the initial receipts listing is compared to recorded receipts by someone independent of recording receipts.
 - <u>Response</u> We will review the operations related to our cash receipts function and where appropriate will adopt procedures that provide for greater separation of duties and assign more tasks on a rotating basis to enhance internal controls. This review will be completed by January 31, 2014.
 - <u>Conclusion</u> Response accepted.
- II-C-13 Purchasing Policy for Services The City has a purchasing policy covering printing, supplies, equipment and materials. The policy includes procedures for advertising for bids, accepting/rejecting bids, obtaining deposits on bids, purchases less than \$25,000, purchase of specific makes/brands, emergency/negotiated purchases and surplus property. However, the City does not have a policy covering the purchase of services.
 - <u>Recommendation</u> The City should establish a policy covering the purchase of services to ensure the City receives the best quality and price for purchased services.
 - <u>Response</u> Using state administrative procedures as a guideline, we will prepare a purchasing policy draft that addresses both goods and services for the City of Council Bluffs. A draft of the procedure will be prepared and presented for

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Mayoral approval by February 28, 2014 and will be presented to the City Council for adoption in March 2014.

Conclusion - Response accepted.

II-D-13 <u>Journal Entries and Transfers</u> - There was no documentation journal entries were reviewed and approved by an independent person.

<u>Recommendation</u> – To strengthen controls, journal entries should be reviewed and approved by an independent person.

<u>Response</u> – Our general ledger software has a workflow feature that requires, and then documents general journal entry approval. We installed this feature in October 2013 and all general journal entries now have electronic documentation of approval.

<u>Conclusion</u> – Response accepted.

II-E-13 Mid America Center – The Mid America Center has established a "cash short/over" account used when an incorrect amount is collected from a customer or guest. The account is used for balancing revenues. During the year ended June 30, 2013, five departments had cash short amounts as follows: entertainment \$2,814, box office \$1,070, property general \$2,078, banquet food \$138 and concessions \$4,665, for a total of \$10,765.

<u>Recommendation</u> – The Mid America Center should establish procedures to ensure correct amounts are collected and recorded. Variances should be resolved timely.

<u>Response</u> – A procedure is in place to record cash variances by individual team member. This policy was put into effect April 2013. During the change in management and operational procedures, variances between recorded revenue and funds received did occur. Steps to more effectively record revenue were subsequently established and now provide a greater level of internal control.

Conclusion - Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part III: Findings and Questioned Costs For Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

No material weaknesses in internal control over the major programs were noted.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-13 <u>Certified Budget</u> Expenditures during the year ended June 30, 2013 exceeded the amounts budgeted in the culture and recreation, general government and debt service functions. Chapter 384.20 of the Code of Iowa states, in part, "Public monies may not be expended or encumbered except under an annual or continuing appropriation."
 - <u>Recommendation</u> The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.
 - Response In each instance, specific transactions gave rise to the variances to budget and in each case, the transaction had prior City Council authorization. General government costs exceeded budget due to property acquisitions in the area impacted by the 2011 flood. These purchases closed late in the fiscal year and had not been anticipated when preparing the budget amendment. In the debt service function, underwriting costs had been netted against the bond premium and not included among debt service costs when preparing the budget amendment. In future bond offerings, we will record gross proceeds and costs. The culture and recreation function included activity related to the Mid America Center, previously recorded in the general government function. The adoption of this accounting treatment arose after the budget amendment had been prepared. In addition, the City incurred costs for the dedication of Tom Hanafan Rivers Edge Park. Because much of these costs were reimbursed, the budget was not amended for these costs. The City will amend the budget in the future prior to expenditures exceeding the budget.

Conclusion - Response accepted.

- IV-B-13 <u>Questionable Expenditures</u> No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-13 <u>Travel Expense</u> No expenditures of City money for travel expenses of spouses of City officials or employees were noted.
- IV-D-13 <u>Business Transactions</u> No business transactions between the City and City officials or employees for the year ended June 30, 2013 were noted.
- IV-E-13 <u>Bond Coverage</u> Surety bond overage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.
- IV-F-13 <u>City Council Minutes</u> No transactions were found which we believe should have been approved in the City Council minutes but were not.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

- IV-G-13 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.
- IV-H-13 Revenue Notes The City's sewer revenue capital loan note resolution, Section 19, requires the City impose rates for all services rendered by the system that produce net revenues equal to at least 110% of the principal and interest requirements of the next succeeding fiscal year. The City's fiscal 2013 net sewer operating loss (excluding depreciation) of \$154,120 is less than 110% of the \$342,120 of sewer revenue note principal and interest due during fiscal year 2014.
 - <u>Recommendation</u> The City should consult bond counsel to determine the disposition of this matter.
 - <u>Response</u> The City is considering options regarding sources of funding principal and interest payments in the future. Options may include a transfer from sales tax revenue or rate increases for sanitary sewer services. We will consult with our bond counsel for advice on disposition of this matter in the near future.

Conclusion - Response accepted.

Council Bluffs seeks to enhance the quality of life for its residents through recreational facilities and cultural events. The Omaha Symphony performs as part of the dedication weekend of Loessfest Festival in spring 2013.
