NEWS RELEASE

		Contact: Andy Nielsen
FOR RELEASE	June 19, 2014	515/281-5834

Auditor of State Mary Mosiman today released an examination report on the Villisca Municipal Power Plant in Villisca, Iowa for the period January 1, 2013 through December 31, 2013. The examination was performed pursuant to Chapter 11.6 of the Code of Iowa.

Mosiman recommended the Municipal Power Plant review its control procedures to obtain the maximum internal control possible. The Municipal Power Plant should also adopt a written investment policy and a depository resolution as required by Chapters 12B.10B and 12C.2 of the Code of Iowa.

A copy of the examination report is available for review in the Power Plant Superintendent's Office, in the Office of Auditor of State and on the Auditor of State's web site at http://auditor.iowa.gov/reports/1323-0649-BL0F.pdf.

Independent Accountant's Examination Report

To the Board Members of the Villisca Municipal Power Plant Board:

We have performed an examination of the Villisca Municipal Power Plant (Power Plant) pursuant to Chapter 11.6 of the Code of Iowa. Accordingly, we have applied certain tests and procedures to selected accounting records and related information of the Power Plant for the period January 1, 2013 through December 31, 2013. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants.

The procedures we performed are summarized as follows:

- 1. We reviewed selected Power Plant Board meeting minutes for compliance with Chapters 21 and 388.4(4) of the Code of Iowa.
- 2. We reviewed the Power Plant's internal controls to determine if proper control procedures are in place and incompatible duties, from a control standpoint, are not performed by the same employee.
- 3. We reviewed surety bond coverage for compliance with Chapter 64 of the Code of Iowa.
- 4. We obtained and reviewed the Administrative Assistant's financial reports and selected bank reconciliations to determine whether the bank balances properly reconciled to the general ledger account balances and monthly financial reports provided to the Power Plant Board.
- 5. We reviewed Power Plant funds for consistency with the City Finance Committee's recommended Uniform Chart of Accounts (COA) and to determine required funds and fund balances are properly maintained and accurately accounted for.
- 6. We reviewed investments to determine compliance with Chapter 12B of the Code of Iowa.
- 7. We reviewed compliance with Chapters 12C.2, 12B.10B and 556.1(12) of the Code of Iowa pertaining to required depository resolutions, investment policy and reporting of unclaimed property to the State of Iowa.
- 8. We reviewed debt, including general obligation and revenue bonds/notes, and related transactions for proper authorization and compliance with Chapters 75, 384 and 403.9 of the Code of Iowa and to determine whether the debt and related proceeds and repayments were properly accounted for.
- 9. We reviewed and tested selected receipts for accurate accounting and consistency with the recommended COA.

- 10. We reviewed and tested selected disbursements for proper approval, adequate supporting documentation, accurate accounting and consistency with the recommended COA and compliance with the public purpose criteria established by Article III, Section 31 of the Constitution of the State of Iowa.
- 11. We reviewed transfers between funds for propriety, proper authorization and accurate accounting.
- 12. We reviewed and tested selected payroll and related transactions for propriety, proper authorization and accurate accounting.
- 13. We reviewed the annual certified budget for proper authorization, certification and timely amendment.

Based on the performance of the procedures described above, we identified various recommendations for the Power Plant. Our recommendations are described in the Detailed Recommendations section of this report. Unless reported in the Detailed Recommendations, items of non-compliance were not noted during the performance of the specific procedures listed above.

We were not engaged to and did not conduct an audit of the Villisca Municipal Power Plant, the objective of which is the expression of opinions on the Power Plant's financial statements. Accordingly, we do not express opinions on the Power Plant's financial statements. Had we performed additional procedures, or had we performed an audit of the Villisca Municipal Power Plant, additional matters might have come to our attention that would have been reported to you.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Villisca Municipal Power Plant and other parties to whom the Villisca Municipal Power Plant may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Villisca Municipal Power Plant during the course of our examination. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

WARREN GOENKINS, CPA Chief Deputer Auditor of State

RY MOSIMAN, CPA

Auditor of State

February 11, 2014

Detailed Recommendations

For the period January 1, 2013 through December 31, 2013

- (A) <u>Segregation of Duties</u> One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. Generally, one individual has control over each of the following areas for the Power Plant:
 - (1) Cash handling, reconciling and recording.
 - (2) Receipts opening mail, collecting, depositing, journalizing, reconciling and posting.
 - <u>Recommendation</u> We realize segregation of duties is difficult with a limited number of employees. However, the Power Plant should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials. Independent reviews of reconciliations should be documented by the signature or initials of the reviewer and the date of the review.
- (B) <u>Deposits and Investments</u> The Power Plant has not adopted a written investment policy as required by Chapter 12B.10B of the Code of Iowa. In addition, a resolution naming official depositories has not been adopted by the Power Plant Board as required by Chapter 12C.2 of the Code of Iowa.
 - <u>Recommendation</u> The Power Plant should adopt a written investment policy which complies with the provisions of Chapter 12B.10B of the Code of Iowa. The Power Plant Board, by resolution, should approve amounts sufficient to cover anticipated balances at all approved depositories as required by Chapter 12C.2 of the Code of Iowa.
- (C) <u>Business Transactions</u> Business transactions between the Power Plant and Power Plant officials or employees are detailed as follows:

Name, Title and	Transaction			
Business Connection	Description	An	Amount	
Kyle Yates, Superintendent, father-in-law is owner of Kendrick & Heard Plumbing-Heating	Repair and supplies	\$	335	
Jarred Brown, Lineman, father owns Brown's Sales and Service	Supplies		120	
Gene Munstermann, Board Member, owns Villisca Foods	Supplies		173	

In accordance with Chapter 362.5(k) of the Code of Iowa, the above transactions do not appear to represent a conflict of interest since total transactions with each individual were less than \$2,500 during the fiscal year.

Detailed Recommendations

For the period January 1, 2013 through December 31, 2013

- (D) <u>Questionable Disbursement</u> The Power Plant paid \$125 to the Southwest Valley Athletic Boosters for a Beta sponsorship level. This disbursement may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented.
 - Article III, Section 31 of the Constitution of the State of Iowa states, "No public money or property shall be appropriated for local, or private purposes, unless such appropriation, compensation, or claim, be allowed by two thirds of the members elected to each branch of the General Assembly."
 - <u>Recommendation</u> The Power Plant Board should consult legal counsel to determine the proper disposition of this matter. The Power Plant Board should also ensure all future disbursements meet the requirements of public purpose.
