Policy

From the WIC Services Policy and Procedure Manual – 340.40 Outreach

Outreach activities are intended to help ensure that those individuals at greatest risk are aware of WIC services. Coordination of efforts with MH, CH, FP, Public Health Nursing, and EPSDT through county-level agreements to exchange referrals is required.

To encourage pregnant women and mothers with newborns to participate in WIC, local WIC agencies that operate within or in coordination with a hospital must provide written information about the WIC Program to potential WIC participants who receive inpatient or outpatient services (OB, postpartum, well-child, etc.) at the hospital.

WIC agencies are expected to collaborate with Maternal Health, Child Health, Family Planning, and I-Smile providers if another agency in their community provides those services.

WIC agencies are required to coordinate services through county-level agreements with the Department of Human Services, which administers Food Assistance, FIP, EPSDT, and Medicaid.

The following materials are available from the state WIC office:

- Tear-off flyers with information on WIC, the state toll-free number and the income guidelines, in both English and Spanish, in pads of 25 with cardboard backing;
- Posters available in English with a slot to insert the pads of tear-off flyers; and
- Two types of brochures:
 - For potential participants, in both English and Spanish, and
 - For other professionals, to explain WIC and encourage referrals

Available materials are stored at the Iowa Substance Abuse Information Center (ISAIC) and must be ordered using the Clearinghouse Online Ordering System. Go to <http://www.idph.state.ia.us/wic/agencies.asp> for more information about ordering outreach materials.

To ensure that members of minority groups are informed of program benefits, WIC agencies must make annual contacts with minorities or other groups serving minorities in their service area.

CEU Opportunity

The Nutrition Services Branch of North Carolina in collaboration with the University of North Carolina – Chapel Hill is pleased to announce that Module 2: Basic Nutrition, of the Pediatric Nutrition Course (PNC) series, will be offered in 2015. This is an online, faculty guided, self-paced module of about 35 hours to be completed between March 30, 2015 and June 12, 2015. This course has been approved for 20 CPEUS – Level 1 from the Commission on Dietetic Registration – Academy of Nutrition and Dietetics for Registered Dietitian Nutritionists (RDNs), Registered Dietitians (RDs), and Dietetic Technicians, Registered (DTRs). For all others, 3.0 Continuing Education Units (CEUs) will also be awarded. The course fee for those residing outside of North Carolina is \$100. Please see the Training tab of the web portal under Webinars/CEUs for more information. The deadline for the online registration is March 2, 2015.

Thank you of the Week

“When our third child was born, he measured completely average in every way. However, he struggled to maintain his weight, and failed to gain over the following weeks. I was so frightened, worried, and confused! The ladies at the WIC office...became my supporting angels. They had me coming in regularly for frequent weight checks and counseling. The director even called me at home to check on him! ...Now, our little boy is almost 5 and will be graduating from the WIC program soon. I will miss celebrating his growth mile stones with our team of ‘WIC Angels’.” – WIC Participant

**We would love to hear from you! If you have a comment or story about how WIC has made a difference for you and your family we'd love to hear it! (We won't use your name!) Please send it to us in a pm and you could be featured in our next “Thank you of the Week” post!*
