Independent Auditor's Report

To the Members of the Black Hawk County Criminal Justice Information System:

Report on the Financial Statement

We have audited the accompanying financial statement of the Black Hawk County Criminal Justice Information System as of and for the year ended June 30, 2016, and the related Notes to Financial Statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the cash basis of accounting described in Note 1. This includes determining the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the System's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash basis financial position of the Black Hawk County Criminal Justice Information System as of June 30, 2016, and the changes in its cash basis financial position for the year then ended in accordance with the basis of accounting described in Note 1.

### Basis of Accounting

As described in Note 1, the financial statement was prepared on the basis of cash receipts and disbursements, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinion is not modified with respect to this matter.

### Other Matters

#### *Other Information*

The other information, Management's Discussion and Analysis on pages 7 through 9 has not been subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 21, 2016 on our consideration of the Black Hawk County Criminal Justice Information System's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Black Hawk County Criminal Justice Information System's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

The Black Hawk County Criminal Justice Information System (System) provides this Management's Discussion and Analysis of its financial statement. This narrative overview and analysis of the financial activities of the System is for the year ended June 30, 2016. We encourage readers to consider this information in conjunction with the System's financial statement, which follows.

### **2016 FINANCIAL HIGHLIGHTS**

- Operating receipts increased 3.6%, or \$7,330, from fiscal year 2015 to fiscal year 2016.
- Operating disbursements increased 1.2%, or \$1,859, from fiscal year 2015 to fiscal year 2016.
- The System's cash balance increased 12.2%, or \$13,991, from June 30, 2015 to June 30, 2016.

### **USING THIS ANNUAL REPORT**

The System has elected to present its financial statement on the cash basis of accounting. The cash basis of accounting is a basis of accounting other than U.S. generally accepted accounting principles. Basis of accounting refers to when financial events are recorded, such as the timing for recognizing revenues, expenses and the related assets and liabilities. Under the System's cash basis of accounting, revenues and expenses and the related assets and liabilities are recorded when they result from cash transactions.

As a result of the use of the cash basis of accounting, certain assets and their related revenues and liabilities and their related expenses are not recorded in this financial statement. Therefore, when reviewing the financial information and discussion within this annual report, readers should keep in mind the limitations resulting from the use of the cash basis of accounting.

The annual report is presented in a format consistent with the presentation of Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the System's cash basis of accounting.

This discussion and analysis is intended to serve as an introduction to the financial statement. The annual report consists of the financial statement and other information, as follows:

- Management's Discussion and Analysis introduces the financial statement and provides an analytical overview of the System's financial activities.
- The Statement of Cash Receipts, Disbursements and Changes in Cash Balance presents information on the System's operating receipts and disbursements, non-operating receipts and disbursements and whether the System's cash balance improved or deteriorated as a result of the year's activities.
- Notes to Financial Statement provide additional information essential to a full understanding of the data provided in the financial statement.

## FINANCIAL ANALYSIS OF THE SYSTEM

### *Statement of Cash Receipts, Disbursements and Changes in Cash Balance*

The purpose of the statement is to present the receipts received by the System and the disbursements paid by the System, both operating and non-operating. The statement also presents a fiscal snapshot of the System's cash balance at year end. Over time, readers of the financial statement are able to determine the System's cash basis financial position by analyzing the increase or decrease in the System's cash balance.

Operating receipts are received for services provided to the member agencies for their computer information networks. The System helps provide and maintain effective and efficient data processing operations to meet the operational and management information needs of the criminal justice agencies. Operating disbursements are disbursements paid to operate the information system. Non-operating receipts and disbursements are for interest on investments and equipment purchases. A summary of cash receipts, disbursements and changes in cash balance for the years ended June 30, 2016 and June 30, 2015 is as follows:

Cash balance end of year	\$ 128,228	114,237

In fiscal year 2016, operating receipts increased 3.6%, or \$7,330, over fiscal year 2015. In fiscal year 2016, operating disbursements increased 1.2%, or \$1,859, from fiscal year 2015. The increase in receipts was primarily due to an increase in county assessments for increased use of the system.

### **LONG-TERM DEBT**

At June 30, 2016, the System had no long term debt outstanding.

### **ECONOMIC FACTORS**

The current condition of the economy in the state continues to be a concern for System officials. Some of the realities which may potentially become challenges for the System to meet are:

- Computer equipment and software require constant maintenance and updating.
- Technology continues to expand and current technology becomes outdated, presenting an ongoing challenge to maintain up to date technology at a reasonable cost.

The System anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the System's ability to react to unknown issues.

### **CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, customers and creditors with a general overview of the System's finances and to show its accountability for the money it receives. Black Hawk County Criminal Justice Information System

Notes to Financial Statement

June 30, 2016

**(1) Summary of Significant Accounting Policies**

The Black Hawk County Criminal Justice Information System is a multi-agency computer information network established and maintained through a 28E Agreement entered into by the participating criminal justice agencies and their respective units of local government. The Board of Directors has been established to provide and maintain effective and efficient data processing operations to meet the operational and management information needs of the criminal justice agencies. The participating criminal justice agencies are:

Black Hawk County Sheriff's Office  
Cedar Falls Police Department  
Evansdale Police Department  
La Porte City Police Department  
Waterloo Police Department

A. Reporting Entity

For financial reporting purposes, the Black Hawk County Criminal Justice Information System has included all funds, organizations, agencies, boards, commissions and authorities. The System has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the System are such that exclusion would cause the System's financial statement to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the System to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the System. The System has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

The accounts of the System are organized as an Enterprise Fund. Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services supported by user charges.

Enterprise Funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with an Enterprise Fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

C. Basis of Accounting

The System maintains its financial records on the basis of cash receipts and disbursements and the financial statement of the System is prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statement does not present the financial position and results of operations of the System in accordance with U.S. generally accepted accounting principles.

D. Cash Basis Fund Balance

Funds retained for System purposes are classified as restricted.

**(2) Cash and Investments**

The System's deposits in credit unions at June 30, 2016 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The System is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the System

The System had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

**(3) Services Agreement**

In October 2006, the System entered into an agreement with the Black Hawk County Consolidated Public Safety Communications Center (Center) to purchase the services of the Center's Administrative Aide to perform all recordkeeping and other administrative duties for the System. Pursuant to the agreement, the Center will direct the Administrative Aide to work an average of five hours per week on behalf of the System. The System will reimburse the Center quarterly for the cost of the Administrative Aide's hourly wage and related payroll costs. During the year ended June 30, 2016, the System paid \$3,406 to the Center under this agreement.

**(4) Risk Management**

The System is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 670.7 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 746 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual property operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The System's property and casualty contributions to the Pool are recorded as disbursements from its operating funds at the time of payment to the Pool. The System's contributions to the Pool for the year ended June 30, 2016 were \$2,376.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the System's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location. Property risks exceeding \$250,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the System's risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the System's risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

Independent Auditor's Report on Internal Control  
over Financial Reporting and on Compliance and Other Matters  
Based on an Audit of a Financial Statement Performed in Accordance with  
Government Auditing Standards

To the Officials of the Black Hawk County Criminal Justice Information System:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statement of the Black Hawk County Criminal Justice Information System as of and for the year ended June 30, 2016, and the related Notes to Financial Statement, and have issued our report thereon dated November 21, 2016. Our report expressed an unmodified opinion on the financial statement which was prepared on the basis of cash receipts and disbursements, a basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Black Hawk County Criminal Justice Information System's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Black Hawk County Criminal Justice Information System's internal control. Accordingly, we do not express an opinion on the effectiveness of Black Hawk County Criminal Justice Information System's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Black Hawk County Criminal Justice Information System's financial statement will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Black Hawk County Criminal Justice Information System's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the System's operations for the year ended June 30, 2016 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statement of the System. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the System's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the System's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Black Hawk County Criminal Justice Information System during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.
