## A BIBLIOGRAPHY OF READING LISTS FOR RETARDED READERS

(Revised)

Compiled by

MARY JO ZION

Reading Clinic

State University of Iowa

STATE UNIVERSITY OF IOWA

IOWA CITY, IOWA

Bulletin No. 766

BRUCE E. MAHAN, Ph.D., Editor

May 1, 1960

Issued monthly throughout the year. Entered at the post office at Iowa City, Iowa, as second-class matter under the Act of October 3, 1917.

## Foreword

In 1949 *A Bibliography of Reading Lists for Retarded Readers* was compiled by Dr. Margaret Keyser, Doris Sindt, and Conrad Wortz, members of the staff of the Reading Clinic, State University of Iowa. Because of sustained demand for the bulletin, Dr. Keyser (now Dr. Margaret K. Hill) revised it in 1953. This 1960 revision by Mary Jo Zion brings the bulletin up-to-date once again.

All teachers of retarded readers are in constant need of printed materials which feature an interest level several grades higher than the level of reading difficulty. This bibliography is a collection of lists of books which meet the high-interest, low-vocabulary criterion. Some of the book lists included in this bulletin were compiled for particular age, grade, or interest levels of pupils. However, there has been no effort by Miss Zion to classify or identify the lists by levels, nor has there been an attempt to evaluate the usefulness of the books and series listed.

In recent years many publishers have responded to the need for high-interest, low-vocabulary books to such an extent that there are now a number of whole series of books suited to the sub-standard reader. The last section of this bulletin is devoted to an itemization of these series of books, arranged according to publisher.

The bibliography is divided into sections according to sources of available lists. There is some repetition because the same list may be available from more than a single source. Undoubtedly there are some lists of easy-but-interesting reading materials which are not included because the compiler was unaware of their existence, or because inquiries concerning their availability were not answered.

William Eller  
Director, Reading Laboratory  
State University of Iowa
