### **NEW: Early Childhood Iowa Releases Spanish Edition of the Iowa Early Learning Standards**

Through a contract from the Early Childhood Iowa Office, Iowa AEYC worked with language specialists to translate the Iowa Early Learning Standards (IELS) into Spanish. There are no plans to print the standards at this time, but feel free to print all or parts of the standards as you like. The Spanish IELS are available on the ECI webpage at: [IELS Spanish Edition](#)

### **Let's Move! Child Care Celebrates 4th Anniversary—Complete an Action Plan Today!**

The Packard Foundation is partnering with Let's Move! Child Care (LMCC) to award toolkits to support early care and education (ECE) providers in meeting LMCC's goals. These toolkits include supplies and materials to directly support an ECE center's or a home's Let's Move! Child Care Action Plan. The toolkits, provided by Kaplan, are valued at more than \$100 per kit and will be a great help in achieving steps on the winning ECE providers' Action Plans.

#### **Eligibility**

Centers and homes that [develop an LMCC Action Plan](#) on line *between August 17 and September 18* will be entered into a drawing for a chance to win the toolkits. Ten programs will be randomly selected as winners. (*Note: There can only be one winner chosen per center or home, so program directors, staff members, and leaders should complete their Action Plan together as a team.*) The winners will receive toolkits (appropriate for the number of children they serve) with resources based on the top priority goal area from their Action Plan and will be contacted in the future to see how the materials have helped make positive changes in their center or home.

*Note:* ECE providers who developed an Action Plan on the LMCC Web site prior to August 17, 2015, will need to reenter the action plan information on the LMCC Web site between August 17 and September 18 to be entered into the drawing.

*Develop an Action Plan by September 18 for a chance to win!*

## Welcome to Office of Head Start Health Talks

Health Talk is a pre-recorded video or podcast that allows health managers to explore deeper into specific health topics.

The Health Talks include two series:

- **Health Chats:** Listen, as new tools and strategies are discussed to improve health outcomes for children.
- **Ask the Experts:** Get answers to frequently asked questions from pediatricians, dentists, psychologists, and other health professionals.

Health Talks offer an easy way to learn more about some of the health issues that concern the early childhood community. Health professionals, technical assistance providers, and other early childhood health and safety staff share information on a variety of topics. The topics are chosen based on questions and suggestions submitted from the field.

Go here for access: [Health Chat](#)

Send your suggestions for the next Ask the Expert or Health Chat presentations to [nchinfo@aap.org](mailto:nchinfo@aap.org).

## Other Information:

### The Committee for Economic Development Releases a Child Care Economic Study

The Committee for Economic Development has released a child care economic study entitled, *Child Care in State Economies*, which focuses on the use of paid child care and related economic impact within communities (e.g., labor force participation, spillover impact from local purchases of goods and services, and jobs generated, etc.). One of our goals is to have the report findings contribute to the national and state dialogue about the need for high quality child care.

Forbes ran a story about the study which you can view at <http://www.forbes.com/sites/annabahney/2015/08/18/this-is-why-you-should-care-about-child-care-even-if-you-dont-have-kids/>, and CED has developed a new web page at <https://www.ced.org/childcareimpact> which is now live to house the full report, executive summary, state fact sheets and talking points, social media posts, and more.
