SYBAC Students Meet with State Lawmakers

High school students from across Iowa met with elected officials at the State Capitol to discuss the importance of strong reliable broadband in their daily lives. The 15 Statewide Youth Broadband Advisory Council (SYBAC) members provided the ICN and elected leaders insight into the use of technology by today's youth and how the increased use of technology in schools affects their education.

What Makes up the Internet and How to Stay Cyber Safe

We have compiled a list of 8 cyber security best practices that all organizations should consider placing into practice. search engines.
