HAPPINESS IS

Happiness is having watched hundreds and hundreds of very *eager* and *excited* photographers as they dropped off their photographs in June for the 74th Annual Iowa State Fair Photography Salon. Being able to see the *joy* and *excitement* on your faces has made all the hard work over the last year *well* worth the time and effort. You are all an *amazing* group of photographers!

IowaStateFair

NOTHING
COMPARES

Each year, I challenge photographers to focus on the *art* of photography by creating *photographs* NOT *snapshots*. The true *art* of photography is to, "Show us the world as we have never seen it before!" A *photograph* is so much *harder* to create than a snapshot. It takes time, thought, creativity, and planning to create. A *photograph* is actually created in the *mind* of the photographer *well* before the shutter is ever released. This book is *only* possible because of their creativity and vision of the world. Thank You!

We had 1,157 photographers enter the competition this year. Of the 1,157 photographers who entered, 554 (48%) will have *at least* one photograph on display. Of the 989 *adults* who entered, 456 (46%) will have *at least* one photograph on display. Of the 168 *youth* who entered, 98 (58%) will have *at least* one photograph on display. For photographers to have even *one* photograph on display this year is a *huge* accomplishment. Congratulations!

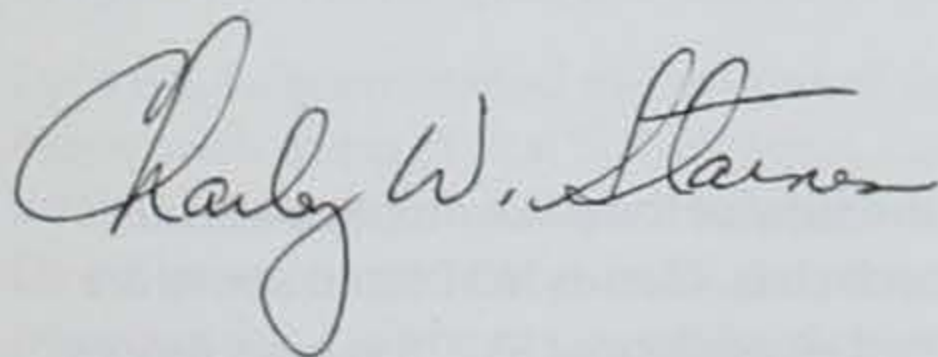

These very *talented* and *creative* photographers submitted a total of 3,678 photographs. Of the 3,678 photographs entered, 862 (23%) were selected for display. Of the 3,230 photographs submitted by *adults*, 729 (23%) were selected for display. Of the 448 photographs submitted by *youth*, 133 (30%) were selected for display. Only *four* photographers, three adults and one youth, will have *all four* photographs on display this year.

I cannot begin to *thank* our Judges enough for *their* time and effort. We ended up doing 13 rounds of judging this year. The judges looked at *every* photo that was entered *at least* three different times. They also looked at *every* photo that made it 'in the show' *at least* twice for a possible award. Their *thoughtful* consideration of *every* photo that was entered has resulted in a *fantastic* display.

Nothing Compares to my dedicated staff and a host of volunteers. It would be *impossible* to do this each year *without* their help. I would also like to thank the Iowa State Fair Entry Department and the summer interns who *process* the entry forms for *every* competitive event at the fair. They processed *more than* 16,500 entry forms and *almost* 60,000 entries this year. One person who will be *greatly* missed but *never* forgotten is Art Berven. He was a *kind* and *gentle* soul that touched us all.

I would like to *personally* thank our *sponsors* and *advertisers* for their contributions. Many of our awards simply would *not* be possible *without* our sponsors. This book would also *not* be possible *without* the support of our advertisers. The staff at University Photo deserves *special* recognition for *donating* their time to scan and edit *each* of the *award winning* photos in this book.

Happiness is also seeing the 181 incredible *award winning* photos inside this year's book. Enjoy!

HOLLY MCQUEEN

Holly McQueen has been a staff photographer for *The Des Moines Register* since 2002. McQueen received her Bachelor of Science degree in Journalism, with an emphasis in Photojournalism, in 1993 from the University of Kansas. While in college, she had internships at *The Kansas City Star*, Lafayette Indiana's *Journal & Courier*, and *The Lakeland Times* in Minocqua, Wisconsin. Holly began her career in 1994 as a Photojournalist for the *Press & Sun Bulletin* in Binghamton, New York. In 1997 she went to work for the *Rockford Register Star* in Rockford, Illinois.

McQueen's passion for photography started when she took a summer photography class in northern Wisconsin and experienced the magic of developing her own photos in the darkroom. Some of Holly's favorite things to photograph are what she finds traveling the back roads and small towns of Iowa. McQueen's work at *The Des Moines Register* now focuses primarily on local feature photography. Her early career centered on breaking news, sports, and general assignments. Holly's photographs have won her awards from the National Press Photographers Association, The Iowa Associated Press, and the Associated Press Media Editors Association. McQueen's work can be seen in *The Des Moines Register* and online at www.DesMoinesRegister.com.

MARK PETERSON

Mark Peterson is a professional photographer from Ames, Iowa. Peterson received his Bachelor of Arts degree in 1987 from Simpson College and a Master of Business Administration in 1988 from the University of Iowa. Mark's photographs have appeared in books, magazines, national advertising campaigns, corporate annual reports, and non-profit annual reports. Recent clients include Better Homes and Gardens Special Interest Media, Anheuser-Busch, and the Farm Journal Foundation.

Peterson's passion for photography began at the age of six when his grandmother gave him his first Kodak Brownie Twin 20 camera. Mark's fine art photographs have been exhibited in solo and group exhibitions in art galleries and public spaces throughout the Midwest. Many of his photographs appear in private and corporate art collections in the United States and Europe. Peterson has been an art exhibit juror for the Iowa Arts Council, the Octagon Center for the Arts, Iowa State University, and others. Mark also enjoys teaching photography through his Peterson Photo Workshops. Peterson's work can be seen at www.mpetersonphoto.com.

DAVID ZUCK

David Zuck is a visual arts instructor at Ankeny High School in Ankeny, Iowa. Zuck received his Bachelor of Arts degree in 1990 from the College of Design at Iowa State University and a Master of Arts degree in 1994 from Drake University. At Ankeny High School, David teaches courses in graphic design, visual design, digital photography, traditional photography (film & darkroom), and ceramics. Before coming to Ankeny High School, Zuck also taught at Valley High School in West Des Moines, Iowa. Over the last 15 years, David has gained a variety of knowledge and insights from colleagues and students alike.

Zuck has fully embraced the advent of digital cameras and editing images in the digital darkroom. Along with using digital SLR cameras, David has also become a self proclaimed Photoshop junkie. While embracing digital photography, he also maintains his passion for film based pinhole cameras. David loves to create and build simple pinhole cameras from a variety of found objects that include popcorn tins, paint cans, cardboard forms, and wooden boxes. Some of Zuck's favorite subjects to photograph are architecture, machinery, and nostalgic rural imagery.

Licensed architects afford peace of mind

Our nation's buildings provide us with shelter, provide stable and even dynamic environments, and house our worlds.

So when it comes to designing the buildings we live and work in, health and safety is so important. That's why there's no substitute for hiring a trained professional. Because of our rigorous training and expertise, Architects are uniquely qualified to be the guardians of the public's health, safety and welfare in the built environment — and it's a responsibility we take very seriously.

Architects build safe buildings and communities. Good design does make a difference.

SUPERINTENDENT'S COMMENTS

To be successful you must take the *time* and *effort* to shoot for the Iowa State Fair Photography Salon. Do NOT pull photos *off the computer* at the very *last* minute. Spend a day, week, or month *shooting* for just one class. Also, keep in mind that the Iowa State Fair Photography Salon is about the *art* of Photography NOT Photoshop. Your *goal* is to, "Show us the *world* as we have *never* seen it before!" How you accomplish *this* is the *art* of photography.

COMMON MISTAKES

1. Do NOT *copy* or *duplicate* photos in the Salon Book and *ideas* of other photographers or previous award winners. Photographers *must* use their *own* ideas and concepts *when* creating *their* photos.
2. Do NOT *keep* taking photos of the *same* old landmarks. For example: The *judges* have *seen* photos of every *bridge* across the interstate, the Des Moines River, the High Trestle Trail, and Gray's Lake.
3. The *color* of the *mat* on your photo *should* NOT *compete* with your photo. The *judges* CANNOT *see* your *photo* for all the hot pinks, reds, oranges, yellows, purple, and velvet mats. Keep it simple!
4. It is NOT the *judges'* responsibility to pick out *your* best baby, dog, cat, bird, frog, preying mantis, locust, jellyfish, butterfly, flower, people, building, or landscape photo. Submit four *unique* subjects!

TIPS FOR ENTERING

- Composition! Composition! Composition!
- The *judges* are looking for *photographs* NOT *snapshots*!
- The *judges* do NOT like to see *photographs* that are too *staged* or *set up*.
- Change *your* angle of view. See the *world* from a *different* viewpoint. Get off *your* feet!
- Change *your* lens. See the *world* from a *different* perspective. Take off *your* favorite lens!
- Get closer. Crop tighter. Crop with *your* lens! Image *quality* is *lost* if you *always* crop in Photoshop.
- Learn the *Rule of Thirds*. Do NOT put your *subject* in the center!
- Is your *main* subject *in focus*? If it is *out of focus*, it is *out of the show*.
- What is your *main* subject? If the *judges* CANNOT tell, it is *out of the show*.
- Watch for *background* distractions. Look carefully *around* your *main* subject *before* taking your photo.
- Do NOT *always* have your *main* subject (people, dogs, cats, etc.) *stare* directly into the camera.
- Do NOT *copy* or *duplicate* the *ideas* of other photographers or previous winners.
- Do NOT submit *photos* that are *similar* in nature. Enter *photos* with *different* subject matters.
- Do NOT keep entering the *same* classes *every* year. Challenge yourself!
- Give *yourself* assignments. Spend a day, a week, or a month *shooting* for just one class.
- If your *horizon* is NOT *level*, it is NOT in the show. Buy a *grid screen* or use the *feature* on your camera.
- Buy a *vertical grip* or *rotate* your camera to *fit* your subject. Do NOT *suffer* from *horizontal's disease*!
- Do NOT *over-sharpen* your images!
- Do NOT *over-saturate* your images!
- Color *calibrate* your *monitor* at least *once* a month.
- Black & White photos *should* be Black & White NOT Black & Blue!
- Use a good *photo lab* or make sure you have a *high quality* home printer. Print *quality* is *everything*!
- Using the *smallest* JPG setting *means* you will get *more* photos on your card and *less* photos in the fair.
- Judges *cannot* judge what they *cannot* see. I recommend that *photos* be at least 8" x 10" or larger.
- Learn how to see light. Photography is *all* about the *light*!
- Learn about *film speeds*, *shutter speeds*, and *apertures*.
- Learn how to *control* your *depth of field* by *changing* your aperture.
- Learn how to *operate* your camera. *Read* the owner's manual!
- Run *film/pixels* through *your* camera. The *more* you shoot the *better* you will get!
- Take a *class* or join a local *camera club*!

"Twelve significant photographs in any one year is a good crop." – Ansel Adams

Nothing Compares to next year's challenge. For **one year** only and in celebration of the 75th Annual Iowa State Fair Photography Salon, **all** photos that are entered **must** be in **Black & White**. Photographers can also submit **five** photos for **one year** only. Next year's exhibit will not only be a *celebration* of the *history* of photography at the Iowa State Fair, it will also be a *salute* to one of the world's most famous photographers - Ansel Adams.

The 2014 theme class is called *My Ansel Adams* for a reason. Next year's *theme* is about the *Ansel Adams* that lives *inside* you. We want to see what *it* is that *inspires* you about photography. What is *it* that drives you outside an hour *before* sunrise and keeps you outside *until* at least an hour *after* sunset?

Photo courtesy of Rocky Mountain School of Photography

The photo you enter in the theme class *should be* what you consider to be *some of the best work of your life*. It might be a photo you took ten years ago or the one that you have yet to take. The *subject matter* is up to you. Again, we want to see what *inspires* you. Looking for *inspiration* or have never heard of Ansel Adams, I *highly* recommend watching the PBS video that documents his life.

NOTE: Do NOT in *anyway* try to *copy, duplicate, or replicate* the work of Ansel Adams.

Next year's divisions are: *Adult Division: Black & White (Digital)*, *Adult Division: Black & White (Film)*, *Youth Division: Black & White (Digital or Film)*, and *Special Division: Black & White (Digital or Film)*. Black & White *film* is alive and well so *dust off* the old *film* camera and *clean up* the old darkroom.

Never taken Black & White photos before, there are *tons* of resources on the internet. My advice is to *change* the settings *inside* your camera to *Monochrome* so that you can start to see in Black & White. Spend a day, a week, a month, or the entire year shooting in *just* Black & White. By doing so, you will begin to *focus* more on *composition, lighting, textures, and the tonal range* of the scene. Learn about the *Zone System* that *Ansel Adams and Fred Archer* developed. Also, try changing the *contrast and sharpness* settings *inside* your camera. *Experiment* with the *red, yellow, orange, and green filters* built *into* your camera. You do NOT have to be a *Photoshop or software* expert to get some really *great* Black & White photos coming *directly* out of your camera.

Our challenge, *including me*, over the next year is to become *better* photographers and *even better* story tellers. It's about remembering the *joy, passion, excitement, and inspiration* behind our very first photographs. What is *it* about photography that still *excites and inspires* you to this very day?

Also remember to focus on the *art* of photography by creating *photographs NOT snapshots*. A *photograph* is so much *harder* to *create* than a *snapshot*. It takes time, thought, creativity, and planning to create. A *photograph* is actually created in the *mind* of the photographer *well* before the shutter is ever released. The true *art* of photography is to, "*Show us the world as we have never seen it before!*"

ADULT EXHIBITORS

The number in **parentheses** indicates the number of **photos** that each Adult Exhibitor has on display. The number of **asterisks** indicates the number of **awards** they received. Names that are **bolded** received the **Superintendent's Merit Award for Photographic Excellence** for having **all four** of their photos accepted for display. Of the 1,157 photographers who entered, only 4 (.3%) photographers (three adults and one youth) received this award.
