On behalf of the Iowa Alcoholic Beverages Division, it is my pleasure to present the inaugural issue of the Iowa Liquor Quarterly. Complete with drink recipes, product information and server tips, the ILQ will feature a complete list of products available through the state's distribution system and our Class E Licensee partners.

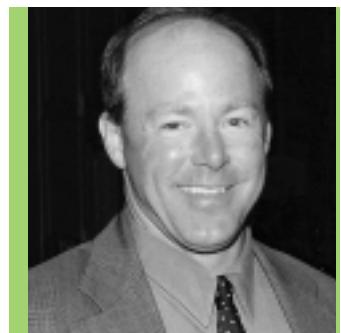

In an effort to enhance communication between the Iowa ABD and the retail community, the Division has adopted the ILQ to serve as an outreach to bars, restaurants and Class Es, keeping licensees informed of Division programs and responsible retailing practices. In addition, licensees may sign-up for the Iowa ABD E-News, an electronic newsletter highlighting developments in the distilled spirits industry, online at [IowaABD.com](http://IowaABD.com).

Responsible retailing is vital to the health and well-being of all Iowans. The adoption of such practices rests upon the foundation of a successful partnership forged between government and the retail community. The Iowa ABD is committed to creating an environment where the highest standards for Iowans are upheld while, at the same time, assuring a fair environment to promote economic development within the beverage alcohol industry.

As always, customer service remains a top priority of the Iowa ABD and we hope you find the new product book useful. Please do not hesitate to contact us with questions or comments toll-free at 866.IowaABD (866.469.2223).

# Jazz it up!

Serve really cool drinks.

**Improvise. Let your creativity flow. Jazz up** your next party by using glassware that adds to the pleasure of being with friends.

*Lay down the basic theme* by using really cool glasses that look upbeat, groovy, hip, soulful, playful, sleek, classy, elegant, whimsical, dramatic, sizzling, or sensual—whatever suits your mood or fancy! Glasses come in an endless variety of shapes and sizes in everything from the usual barware to jelly glasses. You can find wine and cocktail glasses with long stems, twisted stems, even zigzag and wiggly stems. Make your guests laugh by serving drinks in roly-poly glasses—the “bump” on the bottom lets them roll in circles without tipping. Or add a touch of elegance by serving champagne in a bouquet of tulip-shaped, long-stemmed flutes resting in a graceful, curvy “vase.”

*Enhance the underlying mood* with colorful overtones. Although crystal-clear glasses are always appealing, colored glassware really catches the eye. You will find glasses in every shade of the rainbow—from deep purple to hot red, lime green, and soothing amber. Some are all one color, while others start dark at the bottom and fan upward to a lighter shade at the top. Other glasses have distinct layers, bold bands, or whimsical spots of color.

*Heighten your drinking pleasure* even more by adding textures and images that appeal to a variety of senses. Consider using hand-cut, pressed, or etched glasses or ones with pewter stems or decorative, raised metallic borders. Add visual appeal with glasses painted with designs—spirals and other geometric patterns, caricatures, flowers, animals, holiday decorations, just about anything you can imagine. You can find glasses with “raindrops,” “confetti,” and even playing cards sealed inside double walls. Don’t stop with the glassware though—add even more textures and images with decorative coasters, unique swizzle sticks, fanciful straws, and jeweled picks.

*Get in the swing of things* by visiting the glassware/barware sections of your local stores, looking in catalogs, and/or shopping online to find some jazzy items guaranteed to make your next party a one-of-a-kind hit. Here are some handy Web sites to get you started.

## TIPS FOR MIXING AND SERVING DRINKS

**Use only fresh ingredients**, including flavorless small-cube cocktail (“party”) ice. If you make ice at home, rinse the cubes under cold water to minimize unwanted “freezer” flavors.

Serve drinks in **spotlessly clean** glassware.

**Chill glasses** by placing them in the refrigerator for at least one hour. Before you start mixing the drink, fill the chilled glass with ice water. When you are ready to serve the drink, dump out the ice water.

**Frost glasses** by dipping them in water and placing them in the freezer for 30 minutes.

**Garnish your drinks** with fresh fruit.

*Lemon, lime, and orange slices*—Cut a slice from each end thick enough to expose the pulp inside the fruit. Then cut the fruit in half lengthwise, cut each half crosswise into  $\frac{1}{4}$ -inch-wide slices, and make a slit in the center of each slice up to but not through the peel. Just before serving, slip the slice over the rim of the glass.

*Lemon, lime, and orange twists*—Cut a slice from each end thick enough to expose the pulp inside the fruit. Then slice once through the peel from the top to the bottom of the fruit and use a spoon to gently separate the whole peel from the pulp (use the pulp to make fresh juice). Cut the peel lengthwise into  $\frac{1}{4}$ -inch-wide strips. Just before serving, twist the strip over the drink to release flavorful fruit oils; then rub the colored side of the twist along the rim of the glass and drop the twist into the drink.

*Lemon and lime wedges*—Cut the knobby ends off the fruit and then cut it in half either horizontally or vertically. Cut each half into four wedges.

# The Art of Mixing the Perfect Martini

*When it comes to martinis, **perfect** is in the taste of the drinker. So mixing the **perfect martini** is simple—just find out your guest's personal preferences!*

*Before you start mixing, ask if he or she prefers it wet (**sweet**), **dry**, or **very dry**; **stirred** or **shaken**; **straight up** or **on the rocks**; **olive** (with or without **pimento**) or **onion**. Then use one of the basic martini recipes on page 8 and adjust the ingredients and mixing method to suit your guest's taste.*

Please remember when drinking alcoholic beverages to drink responsibly and encourage friends to drink responsibly. If you see a friend who is drinking too much, start a conversation with him or her to slow down consumption. Also suggest a nonalcoholic drink or one with less alcohol and designate a driver.

## BASIC MARTINIS

### Traditional Straight-Up Martini

Serve in a chilled cocktail glass.

*1½ ounces chilled gin*

*Generous dash dry vermouth*

*Generous dash sweet vermouth*

*Olive or cocktail onion*

Fill a mixing glass or shaker half full with clean ice; pour in the gin and add dashes of dry and sweet vermouth (vary the amount of vermouth depending on whether your guest prefers a dry or wet/sweet martini). Stir or shake gently to mix and immediately strain into a chilled cocktail glass; add an olive or onion on a pick.

### Traditional Straight-Up Dry Martini

Serve in a chilled cocktail glass.

*2 ounces chilled gin*

*½ ounce dry vermouth*

*Olive or cocktail onion*

Fill a mixing glass or shaker half full with clean ice; pour in the gin and vermouth. Stir or shake gently to mix and immediately strain into a chilled cocktail glass; add an olive or onion on a pick.

### Traditional Straight-Up Very Dry Martini

Serve in a chilled cocktail glass.

*2-2½ ounces chilled gin*

*Dash dry vermouth*

*Olive or cocktail onion*

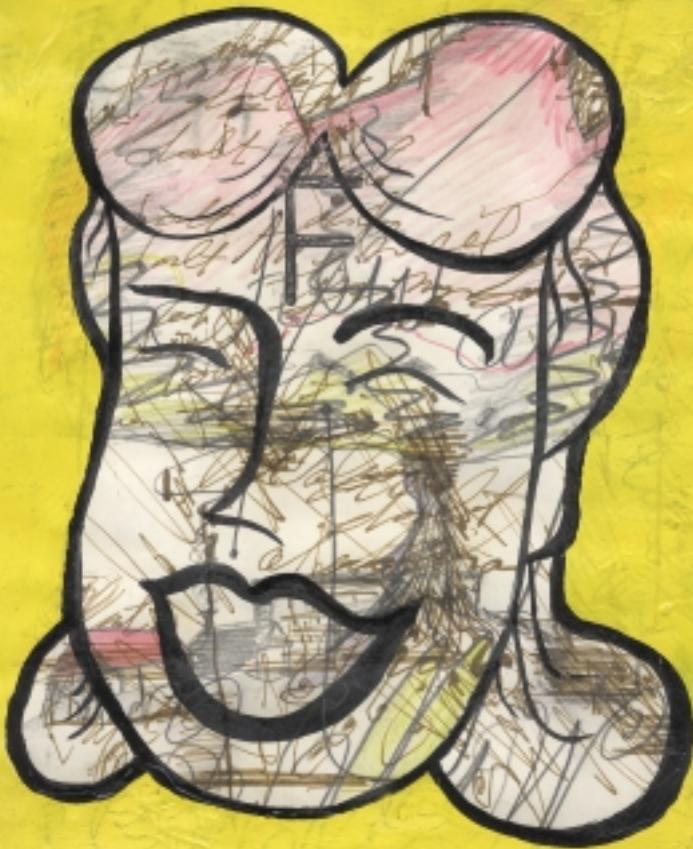

Fill a mixing glass or shaker half full with clean ice; pour in the gin and add a dash of vermouth. Stir or shake gently and immediately strain into a chilled cocktail glass; add an olive or onion on a pick.

## BASIC TIPS

No matter what your guests' taste preferences are, always use:

- **clean, fresh ice.** Buy small-cube cocktail ("party") ice if you can—it is usually flavorless. If you make ice at home, rinse the cubes under cold water to minimize unwanted "freezer" flavors.
- **good-quality gin and vermouth.**
- **chilled gin.** Store gin in the refrigerator.
- **sparkling-clean, chilled barware and glassware.** Check for water spots. If the mixing glass, shaker, or serving glass has not been used for a week or more, wash and thoroughly rinse it to remove any musty or lingering detergent taste. Place the mixing glass, shaker, and cocktail glass in the refrigerator for at least one hour to thoroughly chill them.
- **fresh, rinsed olives and onions.** Use only fresh olives and cocktail onions, rinse them under water, and blot them with a paper towel to prevent any pickling residue from spoiling the look and taste of the martini.

# The Appeal of Scotch

BLENDING TRADITION WITH NEW PRODUCT VARIATIONS, SCOTCH SUPPLIERS TRY TO BRING NEW CONSUMERS TO THE CATEGORY.

*By Howard Riell, a veteran business reporter who is a contributing editor to StateWays*

*Note: The following excerpt is printed with permission from the March/April 2002 issue of StateWays, the Beverage Alcohol Merchandising Magazine for Control States.*

The sound of optimism can be heard clearly amid the clinking of glasses in the Scotch segment as long-standing annual losses appear to be easing, single malts continue to grow (albeit more slowly than before), and Americans return to the kind of mindset the product embodies.

"The Scotch category seems to be leveling out," said Diane Bloom, senior brand manager for all of Schieffelin & Somerset's Johnnie Walker brands. "If you take a look at the volumes for the last couple of years, the decline is not nearly as steep as it has been. It's flattening."

Indeed, sales of Scotch in the control states dipped 1.9 percent in 2001 to more than 1.33 million mixed cases. Continuing the trend of recent years, sales of the 10 leading brands of blended Scotch declined overall by 2.7 percent in the control states to 802,812 mixed cases, with only 1 of the 10 posting positive sales figures. On the other hand, the single malt Scotch segment is increasing in the low single digits in the control states. In 2001 the four top-selling single malt Scotches in the control states all increased sales.

Overall, though, suppliers are looking toward a positive movement from consumers. "There seems to be a return to some of the more traditional values," Schieffelin & Somerset's Bloom suggested. "People want to connect with one another, so traditional brands and values kind of

foster that consumer connection while building relationships. People want to talk more and share information. Scotch in general and Johnnie Walker in particular lend themselves to that because they're so rich in tradition, heritage, and lore."

Among the brands that have bucked the weakness during the past few years is the superpremium Chivas Regal, which recently changed hands and is now being imported and marketed by Pernod Ricard USA. . . . The superpremium, which has been growing sales since 1997, saw a falloff in 2001, some of which can be attributed to a bit of confusion in the marketplace owing to the brand's change in ownership. Chivas saw a decline of 3 percent last year in the control states with sales of more than 66,000 mixed cases. Still, it has maintained its positioning as one of the prestige blended Scotches on the market (along with Johnnie Walker Black, which saw sales rise nationally by 6.1 percent last year), even as the cachet for blends has waned somewhat during the past decade. Single malts, of course, saw significant growth during the 1990s as upscale whisky drinkers became enchanted by the stories behind the many malts brought to the U.S. market. However, what was annual double-digit growth has slowed.

"We are looking at nominal growth for the category, in the 1 to 2 percent range based on all indications," said David Dorsey, vice president, brand general manager for Scotch and Irish whiskeys for Brown-Forman Beverages Worldwide. "Right now, single malt shipments out of Scotland are depressed. If the economy starts to come back and we start getting more business trav-

el, then things will start to crank up again."

"From my viewpoint, it's still an exciting category," insisted Robert Rentsch, U.S. brand manager for Remy Amerique's The Macallan. "Even though the economy has slowed down over the past year, our sales have actually been increasing." The reason? "I have a feeling that people are actually going back to Scotch whisky," Rentsch suggested. "Whereas before it was crazy cocktails and people were drinking Cosmopolitans—obviously that's still the case somewhat—I do think that some of the younger people, younger professionals, especially the males, are beginning to drink Scotch again, and they're drinking the premium single malts."

One would think, he reasons, that with an economic downturn people "might downgrade a little bit, but we've actually seen lots of support with The Macallan, and even quite some support for our older age expressions, as well, including 30-year-old. We sell some whiskies that go up to about \$4,000 a bottle. I think the market for luxury goods in Scotch is not quite as strong as it was before, but it's doing quite well."

#### BLENDING BUSINESS

Still, the bulk of the Scotch business belongs to the major blends that carry the load for the category. Dewar's, from Bacardi USA, the top-selling Scotch in the control states and nationally, sells more than 1.4 million 9-liter cases annually in the United States. Dewar's 12 Year Old, the brand's high-end line extension, has been getting attention and doing well in the marketplace.

Johnnie Walker continues to actively reach out to consumers. . . .

Marketing efforts will focus on introducing young adult consumers—males for the most part—to Johnnie Walker, according to Bloom. But the bulk of that effort will take place on-premise, where younger adult consumers are found in far greater numbers. For off-premise accounts, there will be programs around . . . key holiday periods.

At Pernod Ricard USA, Chris Willis, vice president of marketing for Chivas Regal, explained that "it's a pretty early stage for us yet on the brand. What we're doing right now is evaluating everything that's happened in the past and planning what we're going to be doing for the future." . . . There are, he added, "some very good things happening on the brand. It's been performing well over the last couple of years in terms of the restage of the brand, which Seagram had put into place.

At Skyy Spirits, Cutty Sark was repositioned a few years ago to be "much more mainstream, a little bit more down-market than it used to be," observed Marty Fettig, Cutty Sark brand director.

William Grant & Sons has been successful recently positioning Clan MacGregor as "a very active value-for-money offering," according to James Bruton, marketing manager for Scotch whiskies for William Grant & Sons, which markets Clan MacGregor, The Glenfiddich, and The Balvenie single malts. "We're continuing to grow the brand, which we're very pleased with. We're also pleased with the brand recognition and recall. It is a value-for-money offering, but it's at the premium end of the value-for-money segment." Management continues to tweak the packaging each year as well.

(continued on Page 10)

## THE BENEFITS OF AGE

The top-selling single malt Scotch, both nationally and in the control states, is The Glenlivet, previously from Seagram and now from Pernod Ricard USA. The brand's sales rose 2.4 percent in 2001 in the control states to more than 33,000 mixed cases, about twice as many case sales as the next leading single malt. As with other leading malts, The Glenlivet features a range of product expressions meant to accent the age of the malts in the whiskey as well as the production process used in maturing the whisky. The portfolio includes The Glenlivet 12 Year Old, 18 Year Old, 21 Year Old, Archive, Cellar Collection, French Oak, and Vintage.

Over the last few years, William Grant & Sons has established The Glenfiddich with a 12-year-old age statement. The goal, said Bruton, has been to reestablish authenticity as "the" single malt. "We brought our 15 and 18-year-old age variances," he said. "We're pushing Glenfiddich as a range of products rather than just the standard 12-year-old."

The Balvenie continues to do "extremely well," said Bruton. "We describe it as the quintessential esoteric single malt," with 12 and 21-year-old versions. . . . We have a 15-year-old single barrel, a 10-year-old founder's reserve, a 25-year-old single barrel, a vintage cask 1966, and this year we just brought out as a limited-edition product a 17-year-old Islay cask."

Schieffelin & Somerset is launching a "very" limited edition of the Talisker 25-year-old, according to Adrien Boyer, the company's brand manager for The Classic Malts. Only 250 cases (six bottles per case) are being made

available for the entire United States. The superpremium malt will have a suggested retail price of about \$200 per bottle. "It's the sort of product that Scotch accounts are looking for," Boyer explained. "But we would not want to promote it too heavily because we would not be able to supply the product." The introduction of a 25-year-old Talisker foreshadows the introduction near the end of [2002] of a 35-year-old bottling of Oban.

Brown-Forman's Glenmorangie Single Malt has a spanking new advertising campaign [scheduled] to break in August [2002]. "It's a change for us," said Brown-Forman's Dorsey, noting that the new approach is "going to be going more toward the emotional aspect, the total sensual experience, of single malt rather than just the production process and heritage."

The need for a fresh advertising strategy follows directly in line with changes in Glenmorangie's traditional customer base. As he explained, "We're getting newer, less-educated consumers, meaning less knowledgeable about malts in general. Some have been looking at [single malts] as if they might be a little stuffy." There is, he conceded, an interest among single malt consumers in the production process, "but that's not the motivator to make them buy. The production process is kind of the rational support to make the emotional decision." Brown-Forman also markets single malts Glen Moray and Ardbeg.

Still, the single malt segment is still growing, and "Scotch producers continue to tweak consumer interest with new products and line extensions that have different vintages and aging techniques," observed Joe Chrastina, port-

folio and marketing manager for Advantage Brands for Allied Domecq Spirits & Wine North America, which markets Laphroaig, Glendronach, and Scapa single malts.

[In 2002] Laphroaig [planned to add] Cast Strength and Laphroaig 40 to the repertoire of vintages available in the United States. "Both Scapa and Glendronach will be secondary in focus to Laphroaig," noted Chrastina. "The objective with these two malts is to achieve distribution against the competitive set and at a price advantage." Scapa and Glendronach will be flat, he added, but Laphroaig should be up around 10 percent, which would bring its annual volume to approximately 14,000 cases, he said.

Remy Amerique launched a new advertising campaign for The Macallan [in the fall of 2001], with the slogan "Lead a More Colorful Life." It . . . works around the premise that single malt and Macallan drinkers tend to lead more interesting and colorful lives than the rest of the population. "It also pays homage to the fact that The Macallan is the most colorful Scotch out there," Rentsch said. "Because we only use sherry casks for aging, it actually produces a very dark and natural color to our whisky."

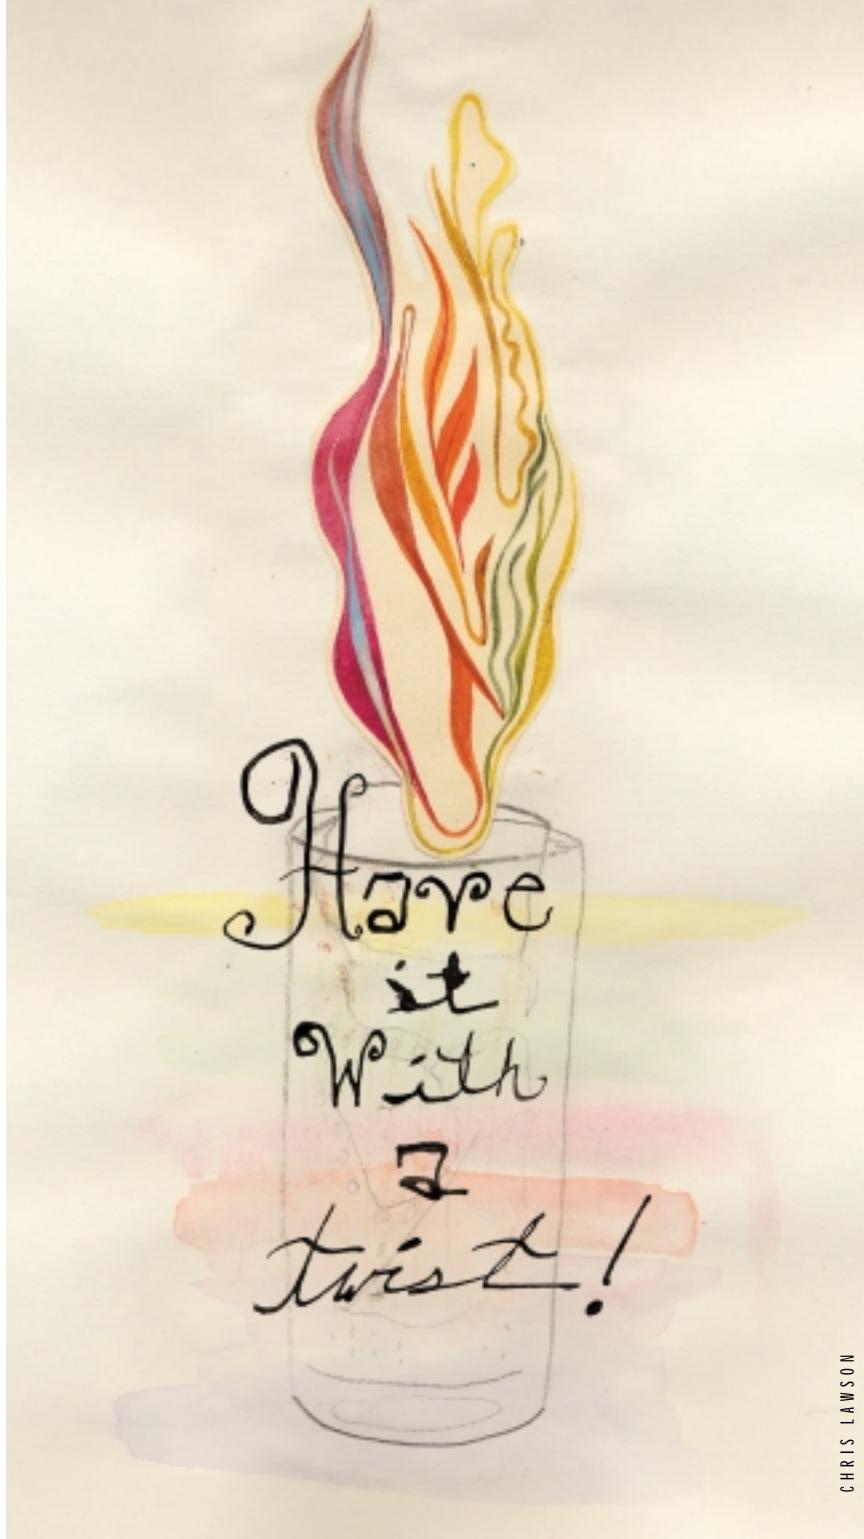

For the spring and summer, the brand [planned to] use a colorful golf umbrella display at retail throughout the United States. "Essentially, it's a case card with a gold umbrella that is black on the outside, so it looks like normal," he explained. "But when you open it up it actually has pictures of the sky and clouds and the words 'The Macallan, lead a more colorful life.' It [was] also available for consumers to purchase.

Remy is also promoting a permanent display rack that will be available in most states. It will hold about two cases' worth of product and incorporates a lock box on the top. "A retailer can actually display the high-end The Macallan and it locks off so there's no fear of theft," said Rentsch. The brand sold just under 10,000 mixed cases in the control states last year, a 7 percent increase.

#### POSITIVE PREDICTIONS

The future for blended and single malt Scotch alike, all agreed, is bright. Schieffelin & Somerset's Bloom declared her optimism about the Scotch business in no uncertain terms. "If you look at the category over the last 20 years, it's been declining very steadily. If you look at the last three years the decline has really started to slow, indicating potentially there could be growth in the category."

Dewar's Dawson said he, too, is optimistic about the kind of year 2002 [would] be for Scotch. "People are getting back into Scotch a little bit, even getting back into blends somewhat. This year was a little rough with the economy and everything that happened in our country, but I'm hoping to see it come back a bit in the next year."

# Enjoy Scotch— Straight Up, On the Rocks, and Mixed

**S**cotch whisky must be distilled in Scotland, but it can be bottled in other countries. While all Scotch whiskies have a distinctive smoky flavor, the basic ingredient (malt or grain) and the particular wood of the barrels or casks used during distillation as well as how long it is aged give each product its unique taste, aroma, color, and other distinguishing characteristics.

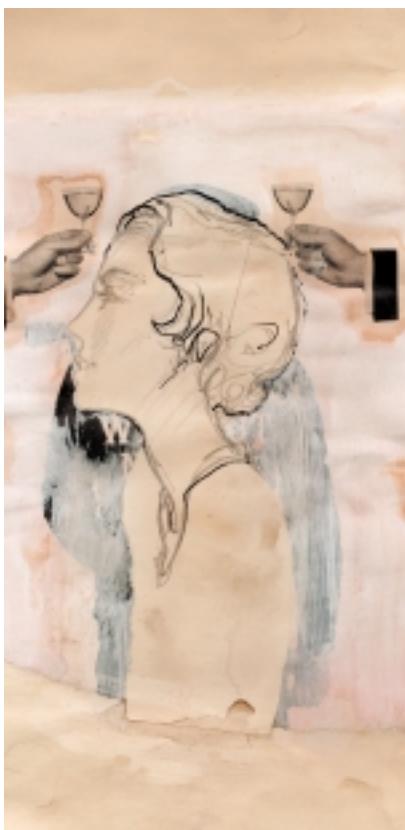

Try Scotch neat—served straight from the bottle with no ice or water, on the rocks—poured over ice, and mixed with either “natural” (Southerners used to call it “branch”; now it’s called “tap”) water or other beverages (see the recipes below). Store bottles of Scotch in a cool, dry place out of direct light. For the best quality, finish an opened bottle within two years.

Sample a variety of single malts as well as blended Scotch whiskies to find out which ones you enjoy most. For more about Scotch, please see “The Appeal of Scotch” on page 10 and visit the Web sites listed in “Scotch at Your Fingertips” on page 11.

## Traditional Scotch and Soda

1½ ounces single malt or blended Scotch  
3 ounces club soda

Fill a rocks (old-fashioned) glass with ice. Pour in the Scotch and then the club soda.

## Traditional Scotch and Water

1½ ounces single malt or blended Scotch  
3 ounces water

Fill a rocks (old-fashioned) glass with ice. Pour in the Scotch and then the water; stir gently to mix.

## Basic Rob Roy

1½-2 ounces Scotch  
Dash sweet vermouth  
Dash dry vermouth  
Maraschino cherry

Fill a chilled cocktail glass half-full with ice; pour the Scotch and vermouth over the ice and stir to mix. Or pour the Scotch and vermouth in a shaker half-filled with ice; shake vigorously and strain into a chilled cocktail glass. Garnish with the cherry.

**Variation:** Add 1-2 ounces Drambuie, a liqueur made from a secret recipe that includes aged highland malt whiskies, heather honey, and special herbs.

## Scotch Sour

1½ ounces Scotch  
½ ounce lemon juice  
1 teaspoon sugar syrup\*  
Slice of orange  
Maraschino cherry

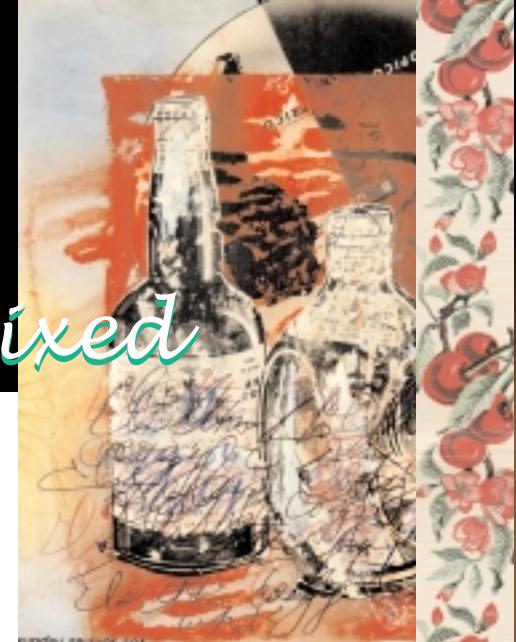

Pour Scotch, lemon juice, and sugar syrup into a shaker half-filled with ice; shake vigorously and strain into a chilled sour glass. Garnish with the slice of orange and cherry.

\* **To make sugar syrup:** Dissolve about 1 cup of sugar in ½ cup water in a saucepan. Bring to a boil over medium-high heat, stirring frequently; reduce heat and simmer for a few minutes, stirring frequently, until the syrup thickens.

## Rusty Nail

1-1½ ounces Scotch  
1-1½ ounces Drambuie

Fill a chilled rocks (old-fashioned) glass half-full with ice. Pour the Scotch and Drambuie over the ice and stir gently.

## Simple (Sugar) Syrup

Many mixed drink recipes call for "simple syrup" (made with sugar and water) because it mixes better than undissolved sugar. As its name implies, it's simple to make. Just pour  $\frac{1}{4}$  cup water into a small saucepan and add  $\frac{1}{2}$  cup sugar; stir to dissolve the sugar. Place the saucepan over low heat and bring the mixture to a low boil, stirring constantly; simmer for about 5 minutes. Remove the pan from the heat, and let the syrup cool before using it.

## B E A R E S P O N S I B L E H O S T

Whenever you serve alcoholic beverages, be aware of the immediate effects of alcohol consumption and play it safe on the number of drinks you offer each person. Use the following chart as a general guideline for the number of drinks per person.

**Body Weight**

100-140 pounds  
160-180 pounds  
200-240 pounds

**Judgment Impaired**

after more than 2 drinks\*  
after more than 3 drinks\*  
after more than 4 drinks\*

**Intoxicated (Blood Alcohol Level of 0.08%)**

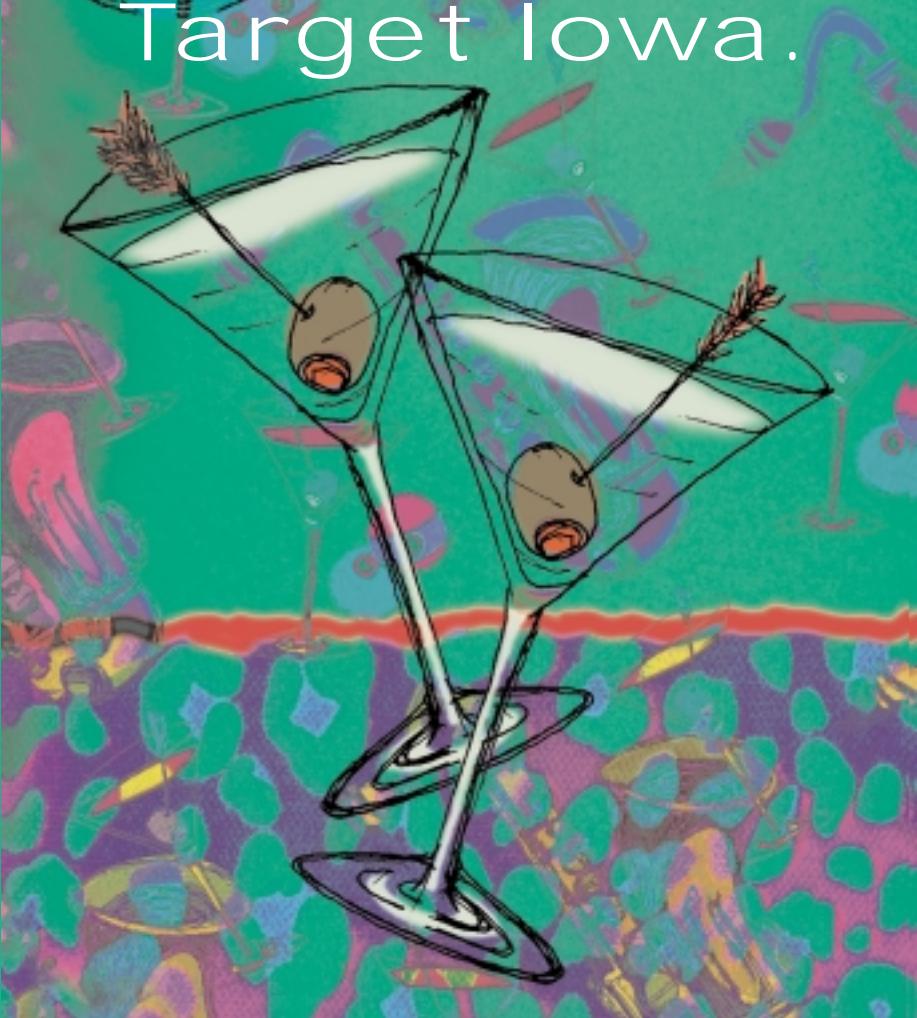

after more than 3 drinks\* in a 2-hour period  
after more than 4 drinks\* in a 2-hour period  
after more than 5 drinks\* in a 2-hour period

\* One drink equals  $\frac{1}{2}$  ounce of 86-proof liquor, 5 ounces of wine, or 12 ounces of beer.

Help your  
guests drink  
responsibly:

- Always offer food with drinks.
- Never "push" a drink on anyone.
- Provide a variety of nonalcoholic beverages so no one feels awkward or left out if they do not have a mixed drink, wine, or beer.
- Avoid serving additional drinks to an intoxicated person.
- Do not let an intoxicated person drive.

# Mardi Gras—

## A Really Jazzy Time

*People around the world really jazz it up for Mardi Gras, the centuries-old celebration before the beginning of Lent in the Christian Church. Mardi Gras, which literally means "fat Tuesday," was originally a feast held on the day before Ash Wednesday. Over the years this "feast before the fast" has grown to include a week or more of festive parades, masked balls, and revelry galore.*

*The all-out public celebrations in New Orleans and Rio de Janeiro draw millions of fun-seekers every year. Check the listing of events for cities in your area for special Mardi Gras activities and/or plan a fun-filled party of your own including masks, beads and other trinkets, and colorful, fanciful glassware. For more about Mardi Gras, including party ideas, recipes, historical trivia, and schedules of parades in Louisiana, log on to [www.lsue.edu/acadgate/mardmain.htm](http://www.lsue.edu/acadgate/mardmain.htm) or search for "Mardi Gras celebrations" on the Internet.*
