Enforcement actions

MEDIA CONTACT: Ed Tormey, DNR, at 515-725-8373 or Ed.Tormey@dnr.iowa.gov.

DES MOINES – DNR staff work with individuals, businesses and communities to help them protect our natural resources by complying with state and federal laws. This approach is very effective. In the few cases where compliance cannot be achieved, the DNR issues enforcement actions. The following list summarizes recent enforcement actions. Find the entire, original orders on DNR's website at www.iowadnr.gov/EnforcementActions

Consent Orders

A consent order is issued as an alternative to issuing an administrative order. A consent order indicates that the DNR has voluntarily entered into a legally enforceable agreement with the other party.

Plymouth County

Fred Zenk. Comply with AFO construction requirements and pay \$4,500 penalty.

Air Quality permits under review

MEDIA CONTACT: Lori Hanson, DNR, at 515-725-9525 or Lori.Hanson@dnr.iowa.gov for Title V permits; or Sarah Piziali, DNR, at 515-725-9549 or Sarah.Piziali@dnr.iowa.gov for construction permits.

DES MOINES – The DNR Air Quality Bureau has the following draft permits up for review. The permits help protect Iowans' health and the air where we live. DNR's permitting staff review the applications to ensure facilities comply with state and federal air quality standards. The public has the right and is encouraged to comment on draft

permits. DNR considers [public comments](#) before finalizing the permits. Submit comments in writing to the assigned permit writer before 4:30 p.m. on the last day of the public comment period.

Title V Operating Permits

Title V Operating permits are reviewed and re-issued every five years. Facilities with a Title V permit have the potential to emit large amounts of air pollutants compared to other facilities. The five-year reviews are a federal requirement and ensure adequate monitoring is included in the permit. The DNR plans to issue Title V Operating Permits for the following facilities. Find permit details at www.iowadnr.gov/titlev-draft.

Hancock County

Stellar Industries, Inc. – Garner Plant is located at 280 W. Third St. in Garner, Iowa 50438.

The application was submitted to operate their existing Truck Bodies and Motor Vehicle Parts & Accessories facility. The public comment period ends Sept. 29.

Black Hawk County

MidAmerican Energy Co. - Waterloo Lundquist Power Station located at 3 Lafayette St., Waterloo. The application was submitted to operate their existing Electric Services facility. The public comment period ends Sept. 29.

Construction Permits

DNR engineers review and issue construction permits to facilities before they build new or modified sources of air pollution. The public may review the following air quality construction permits available online at www.iowadnr.gov/airpermitsearch.

Black Hawk County

University of Northern Iowa - Power Plant – 1901 W. 30th St., Cedar Falls.
Project No. 18-273, Installation of new natural gas burner in Boiler #3. Public comment period ends Oct. 1.
