### **FY 2019 Annual Report Now Available**

The state fiscal year 2019 Annual Report for the Iowa State Revolving Fund (SRF) is now available online at the following link.

[2019 SRF Annual Report](#)

The Iowa SRF has provided almost \$3.6 billion in cumulative assistance as of FY 2019 and it continues to be an effective and cost-efficient mechanism for financing projects to protect water quality and public health.

Iowa's SRF program issues two documents each year for the Clean Water SRF and the Drinking Water SRF. The Intended Use Plans (IUPs) issued at the beginning of the year outline the goals and objectives for each program area. The Annual Report issued at the end of the year shows the results and accomplishments for both the Clean Water and Drinking Water funds, and discuss how well the goals and objectives were met. Detailed information is included in the SRF Annual Report, covering July 1, 2018 through June 30, 2019.
