Title V Facilities' Emissions Reports due March 31, 2020

Facilities subject to Title V of the federal Clean Air Act must submit their emissions inventories for 2019 to the Iowa Department of Natural Resources (DNR) Air Quality Bureau by March 31, 2020.

To increase efficiency of and simplify the emissions reporting requirement, DNR requires that you report the 2019 emissions electronically using the State and Local Emissions Inventory System (SLEIS). The option of reporting emissions in paper forms is no longer available. For assistance regarding Emissions Inventory or Fee Payment (due July 1, 2020), please contact Jeremy Arndt at (515) 725-9511 or Jeremy.Arndt@dnr.iowa.gov. For assistance regarding SLEIS, please contact Nick Page at (515) 725-9544 for Nick.Page@dnr.iowa.gov.

The Annual Compliance Certification and the Semi-Annual Monitoring Report are due March 31, 2020 if your initial Title V permit was issued prior to January 1, 2020. Contact Mark Fields at (515) 725-9526 or Mark.Fields@dnr.iowa.gov if you have questions about these reports.

For additional information please check the informational letter that was sent to Title V facilities [by clicking here](#) or by going to www.iowadnr.gov/AirOperatingPermits and clicking on Title V Forms & Instructions, Emission Inventory, and on the 2019 Title V Emissions Inventory reminder letter at the top of the page.

DNR's Air Quality News listserve is targeted to the regulated public and consultants to deliver timely regulatory news, program updates, and technical guidance to your email. If you have difficulty, please contact DNR's Wendy Walker at 515-725-9570.
