Learn to use EASY Air—an online permitting system

Do you want to learn more about a faster, easier system to apply for air construction and Title V operating permits? DNR's Environmental Application System (EASY Air) is available for you!

Learn how to use EASY Air at a training webinar, April 16 from 1 to 4:30 p.m. Starting with an introduction to the new system, you'll learn how to:

- access and navigate the system
- complete construction permit applications
- complete Title V applications and
- use the public inquiry portal.

There will also be time to answer your questions.

Attend the webinar and get onboard to use EASY Air. Register at <https://attendee.gotowebinar.com/register/3632104025879625229>. After registering, you will receive a confirmation email containing information to join the webinar.

If you cannot participate but are interested in learning more about EASY Air, look for a recorded version of the webinar under the "What Instructions are Available tab" at [eAirServices](#). For your convenience, the webinar is divided into eight sections so you can easily find the specific information you need.

This new electronic system speeds final permit delivery by:

- Reducing data entry
- Increasing data accuracy
- Saving time on application preparation and submittal
- Accepting online payments.

For more information, please visit our [eAirServices](#) webpage.

DNR's Air Quality News listserve is targeted to the regulated public and consultants to deliver timely regulatory news, program updates, and technical guidance to your email. If you have difficulty, please contact DNR's Wendy Walker at 515-725-9570.
