2019 Title V Emissions Fees Due July 1

Facilities subject to Title V of the federal Clean Air Act must submit 2019 emissions fees by July 1, 2020. The Title V air emissions fee for calendar year 2019 is \$70.00 per ton.

Payment Options – New Online Payment Portal Offered

For the first time, starting June 1, facilities will have the convenience of paying Title V emissions fees online. The new payment portal utilizes a secure, payment card industry compliant payment page provided by US Bank's Elavon payment processing division. The fees can be paid by credit card or electronic check. Credit card and bank account information is encrypted and never stored in DNR IT systems. No login is required and no additional paperwork is necessary. More details to come.

Payments may still be mailed along with the signed SLEIS Form 5.0. More information on SLEIS is on the [E-Air Services page](#). The mailing address is:
