

**Contact: Pam Elliott Cain**

**APPROVAL OF 2006-07 TUITION AND FEE RATES**

**Action Requested:**

Consider approving the university-proposed tuition levels and related fees for the 2006-07 academic year.

**Executive Summary:**

At its September 2005 meeting, the Board adopted a new tuition policy for FY 2007 through FY 2009, consistent with its Partnership Plan for Transformation and Excellence. The new policy provides each university president with the flexibility to recommend differential levels of tuition and fees. The benchmark for evaluating university proposals, as established in the policy, is the inflationary percentage range of the projected Higher Education Price Index (HEPI), which is 3.4% to 4.5%.

At its November meeting, the Board considered the tuition and fee proposals for the 2006-07 academic year submitted by each university as summarized below.

General Undergraduate Tuition Increase Proposals				
	Resident		Nonresident	
SUI	\$220	4.5%	\$1,058	6.5%
ISU	\$196	4.0%	\$600	4.0%
UNI	\$196	4.0%	\$500	4.0%

Both the University of Iowa and Iowa State University proposed an additional tuition increment for upper division (juniors and seniors) engineering students of \$500 per student per academic year. These proposals, plus the general increases requested, translate into total tuition increases for resident engineering students at SUI of 14.7% and at ISU of 14.2% (tuition only). For nonresident engineering students, the overall tuition increases are 9.6% at SUI and 7.3% at ISU. The universities plan to use this funding to enhance the quality and breadth of their academic engineering programs by lowering student to faculty ratios, renovating laboratories, updating equipment, and providing more research opportunities for undergraduate students.

General Graduate/Professional Tuition Increase Proposals				
	Resident		Nonresident	
SUI	\$258	4.5%	\$748	4.5%
ISU	\$228	4.0%	\$630	4.0%
UNI	\$228	4.0%	\$542	4.0%

The University of Iowa requested application of the 4.5% increase for all other graduate and professional tuitions, both resident and nonresident, as well as the following:

- Master of Public Health students, both resident and nonresident, additional tuition of \$1,000 per academic year for students enrolling for the first time in Fall 2006.
- Law students, both resident and nonresident, additional tuition of \$500 per academic year.

Iowa State University, for its Veterinary Medicine students, requested a 16% (\$1,912) tuition increase for residents and a 12% (\$3,664) increase for nonresidents.

In accordance with state law and administrative rules, when increasing tuition or mandatory fees, the Board may take action no sooner than 30 days after notification of the proposed increase to presiding officers of each student government organization at each affected institution. Notification was provided to the designated student groups on each campus on October 25, 2005.

Unit Cost of Instruction versus Tuition

Board policy requires that tuition for nonresident undergraduate students should, at a minimum, cover the full cost of their education at each Regent university. The Board has historically utilized university compiled information regarding the cost of instruction per student ("unit cost") to measure compliance.

The unit cost represents general fund supported cost of instruction of a full-time equivalent student at a given level and includes certain assumptions relative to instructional costs at the various student levels (i.e., lower division undergraduates, upper division undergraduates, graduate, and professional). Costs such as building repairs, public service, scholarships and fellowships, auxiliary enterprises, health care units, indirect cost recovery, and capitals are excluded from the unit cost calculations.

The most recent unit cost study, based on FY 2003 expenditures, was presented to the Board in May 2004. The study based on FY 2005 expenditures is expected to be presented to the Board in the spring/summer of 2006. Tuition for nonresident undergraduates exceeds the projected unit costs of instruction at all three universities.

	FY 2006 Undergraduate Tuition Only		Estimated Undergraduate Unit Cost
	Resident	Nonresident	
SUI	\$4,890	\$16,276	\$9,651
ISU	\$4,890	\$14,980	\$9,816
UNI	\$4,890	\$12,502	\$9,827

Projected Tuition Revenue and Set-Aside Increases

For FY 2006, undergraduate tuition makes up approximately 70.2% of total budgeted tuition revenues at SUI; 81.2% at ISU; and 90.6% at UNI. Resident tuition accounts for 50.6% of total tuition revenues at SUI; 49.8% at ISU; and 86.1% at UNI.

The Board's tuition policy mandates that a minimum of 15% of gross tuition proceeds be set-aside for student financial aid, a mix of need-based aid and merit-based aid. This combination of aid is essential for the universities to attract high achieving students as well as provide affordable higher education.

In the November tuition materials, the estimated tuition and set-aside increments were based on fall 2005 enrollments. Because of anticipated changes in enrollments, the combined additional revenues from the proposed undergraduate and graduate/professional tuition rate increases based on anticipated enrollment for fall 2006 are expected to provide additional revenues and set-aside funding for the 2006-07 academic year. The following totals are lower than the amounts presented in November.

	Estimated Incremental Gross Tuition	Incremental Tuition Set-Aside	Estimated Incremental Net Tuition
SUI	\$ 12.5 million	\$ 3.5 million	\$ 9.0 million
ISU	4.5 million	0.7 million	3.8 million
UNI	1.7 million	0.2 million	1.5 million
<b>Totals</b>	<b>\$ 18.7 million</b>	<b>\$ 4.4 million</b>	<b>\$ 14.3 million</b>

The proposed set-aside percentages for student financial aid, based on anticipated gross tuition revenues for FY 2007 are: SUI at 18.3%; ISU at 22.7%; and UNI at 18%. The FY 2006 budgets reflect set-aside percentages of 17.8% at SUI, 22.9% at ISU, and 18.2% at UNI. Each university has exceeded the minimum required 15% for several fiscal years.

Mandatory Fee Increases

Mandatory fees, charged to each student, provide a distinct resource to respond to specific needs of students. Each University proposed increases for most of the various mandatory fees. The majority of the requested increases were within the HEPI range. Fee proposals for the 2006-07 academic year above the identified range (unless due to rounding) are highlighted below:

University of Iowa

- ♦ College of Business computer fee increase proposal of \$37 (8.1%) would provide funding for expanded computer classroom space by offering a mobile laptop cart system. The incremental fee is expected to generate \$50,000.
- ♦ College of Liberal Arts (CLAS) computer fee represents a premium of \$50 on the general computer fee to generate resources to replace aging equipment and provide additional technology support staff. The proposed fee increase for CLAS students is \$60 (27.9%). The incremental fee is expected to generate \$789,000.
- ♦ College of Law computer fee proposal is an increase of \$60 (15.4%) for student-accessible databases and funding for law library computer staff salaries. The incremental fee is expected to generate \$42,200.
- ♦ Career Services fee increase proposal, charged only to undergraduates, would double the current fee from \$6 to \$12. The increased fees would provide \$120,000 to support student tuition assistance, residence assistance, internship stipends, marketing, administrative costs, and faculty supervision.

Iowa State University

- ♦ Computer Sciences computer fee increase proposal of \$54 (15.6%) would provide additional funding for adequate technical support, hardware, or software upgrades, as indicated by a recent accreditation report. The increase would provide an additional \$23,271.
- ♦ Student Services fee increase proposal of \$13 (6.9%) would provide an additional \$637,000 to support the CyRide bus system and recreation services on campus.

University of Northern Iowa

- ♦ Computer fee proposal would increase the fee from \$116 to \$178. However, the University requested a decrease in its computer fee for the 2005-06 academic year (from \$165 to \$116) to stay within the overall Board-mandated range of 4% for tuition and fees; the University anticipated full funding of the state appropriations request in line with the Regent Transformation Plan, which did not materialize. The increase would provide about \$623,000.
- ♦ Building fee increase of \$34 (17.2%) was proposed to provide additional revenue of \$338,610 to meet the bonding requirement for the renovation and expansion of Maucker Union and debt service for the repair of the UNI-Dome roof.

Estimated Cost of Attendance

Iowa Code §262.9(18) requires the Board to publish the estimated total cost of attending the Regent universities, including room and board and other costs, at the same time that it publishes final tuition and mandatory fees.

Based on the preceding tuition proposal and university projected increases for room, board, and other costs, the following table estimates the total cost of attendance for a resident undergraduate student.

Other costs, as quantified for financial aid calculations, include the universities' estimates of student costs for books, supplies, transportation, and personal expenses.

<b>2006-07 Academic Year Resident Undergraduate Estimated Cost of Attendance</b>

**Additional Information:**

**Board Tuition Policy**

The Board approved a new tuition policy at the September 2005 meeting, which includes, in part:

The Board will use, as a benchmark in evaluating university-proposed tuition and fee increases, an inflationary percentage range of the projected HEPI (Higher Education Price Index) as determined by the University of Iowa's Institute for Economic Research, in consultation with economists at Iowa State University and the University of Northern Iowa.

**Higher Education Price Index**

HEPI measures the average relative level in the prices of a fixed market basket of goods and services purchased by colleges and universities through current fund educational and general expenditures excluding expenditures for research. HEPI documents inflation affecting the higher education industry, allowing colleges and universities to specifically determine the increase in funding required each year to maintain real investment.

Since the Board determines tuition increases well in advance of the actual expenditure of funds, the Board has utilized inflation projections. The Institute for Economic Research at the University of Iowa prepares these projections, which include a range for HEPI.

<b>HEPI Projections</b>		
	<u>Range</u>	<u>Median*</u>
FY 2004	3.1 – 3.9%	4.7%
FY 2005	3.5 – 4.4%	3.5%
FY 2006	3.4 – 4.5%	4.0%
FY 2007	3.4 – 4.5%	4.1%
FY 2008	3.5 – 5.1%	4.3%
* FY 2004 and FY 2005 include the original projected range and the actual HEPI rate in the median column.		

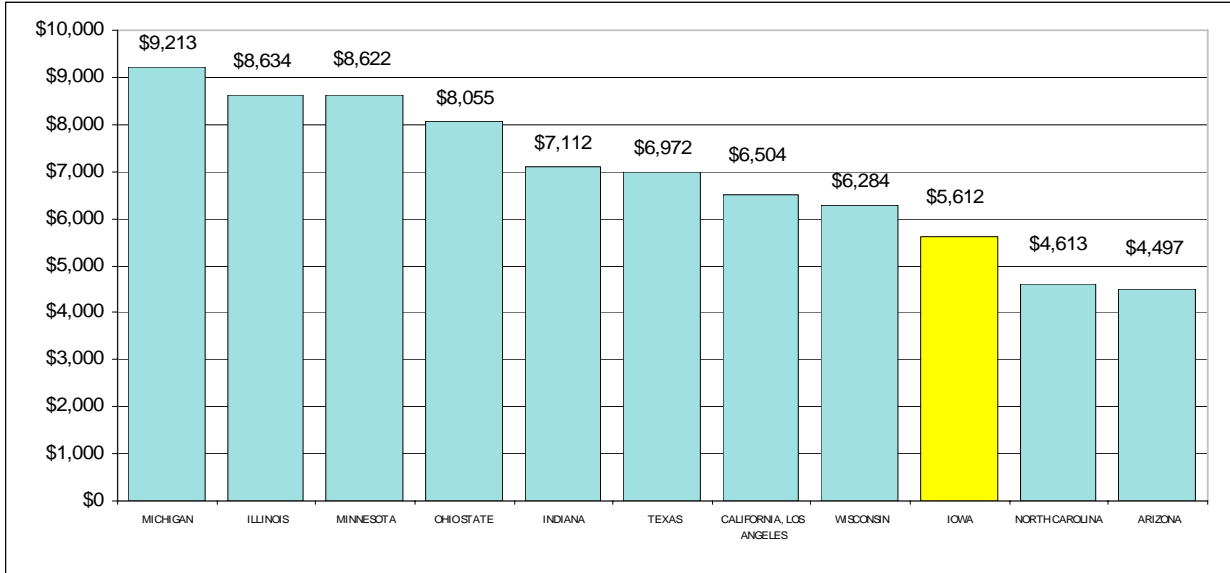

**Peer Groups**

The following table and those on the next two pages represent comparative analyses with the Board-established peer groups; ten other universities are represented in each of the Regent universities peer comparison groups.

<b>Regent Undergraduate Tuition and Fees 2004-05 Academic Year</b>		
	<b>Resident</b>	<b>Nonresident</b>
<b>University of Iowa</b>	<b>\$5,612</b>	<b>\$16,998</b>
SUI Peer Group Average *	7,051	20,237

% of Peer Group Average	81.1%	81.5%
<b>University of Northern Iowa</b>	<b>\$5,602</b>	<b>\$13,214</b>
UNI Peer Group Average *	5,824	14,552
\$ from Peer Group Average	222	1,338
% of Peer Group Average	96.2%	90.8%

\* Averages exclude Regent institutions.

Peer Group Comparisons of 2005-06 Undergraduate Resident Tuition and Fees

Peer Group Comparisons of 2005-06 Undergraduate Nonresident Tuition and Fees

State Comparisons

The table below lists the ten states represented in the Regent universities peer comparison groups, along with other states contiguous to Iowa, and shows:

- Average public university resident undergraduate tuition and fees charged in each state as a percentage of each state's per capita personal income, comparing the relative amount of income paid toward tuition.
- Tuition and fees ranking within the United States, with one being the highest tuition and 50 being the lowest.
- Per Capita Income ranking within the United States with one being the highest per capital income and 50 being the lowest.

	Tuition & Fees as % of Per Capita Income		Tuition & Fees Ranking	Per Capita Income Ranking
	2003-04	2004-05	2004-05	2004-05
<b>IOWA</b>	<b>17.1%</b>	<b>17.4%</b>	<b>24</b>	<b>27</b>
Arizona	13.4%	14.3%	42	38
