New survey

It has been a couple of months since I did the last survey of re-opening plans and I have had a couple of requests to ask what may have changed since early August. The questions are similar to last time, but I've added a couple questions about changes due to an increase in cases in Iowa. The form will be open till next Friday, October 30. If you have a few minutes, please consider filling it out, the more responses, the more helpful the information! [October Survey Link](#)
