NEWS RELEASE

FOR RELEASE

October 28, 2020

Contact: Ernest Ruben 515/281-5834

Auditor of State Rob Sand today released an agreed-upon procedures report on the City of Dike, Iowa for the period July 1, 2018 through June 30, 2019. The agreed-upon procedures engagement was performed pursuant to Chapter 11.6 of the Code of Iowa.

Sand reported eighteen findings related to the receipt and disbursement of taxpayer funds. They are found on pages 7 through 11 of this report. The findings address issues such as a lack of segregation of duties, the lack of bank to book and ambulance billing reconciliation procedures, deficit balances, disbursements exceeding budgeted amounts, the lack of procedures to track local option sales tax disbursements and unspent balances and activity not properly recorded in the City's records.

All of the findings discussed above are repeated from the prior year. The City Council has a fiduciary responsibility to provide oversight of the City's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

A copy of the agreed-upon procedures report is available for review on the Auditor of State's web site at <u>https://auditor.iowa.gov/audit-reports/</u>.

Officials of the City of Dike Dike, Iowa

Dear Honorable Mayor and Members of the City Council:

I am pleased to submit to you the agreed-upon procedures report for the City of Dike, Iowa, for the period July 1, 2018 through June 30, 2019. The agreed-upon procedures engagement was performed pursuant to Chapter 11.6 of the Code of Iowa and in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for attestation engagements contained in <u>Government Auditing Standards</u>.

I appreciate the cooperation and courtesy extended by the officials and employees of the City of Dike throughout the agreed-upon procedures engagement. If I or this office can be of any further assistance, please contact me or my staff at 515-281-5834.

Sincerely,

Rob Sand Auditor of State

Auditor of State's Independent Report on Applying Agreed-Upon Procedures

To the Honorable Mayor and Members of the City Council:

We performed the procedures below, which were established at Iowa Code Chapter 11.6, to provide oversight of Iowa cities. Accordingly, we have applied certain procedures to selected accounting records and related information of the City of Dike for the period July 1, 2018 through June 30, 2019, including procedures related to the City's compliance with certain Code of Iowa requirements identified below. The City of Dike's management, which agreed to the performance of the procedures performed, is responsible for compliance with these requirements and for the City's records.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for attestation engagements contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed are summarized as follows:

- 1. We observed selected City Council meeting minutes for compliance with Chapters 21, 372.13(6) and 380 of the Code of Iowa.
- 2. We obtained an understanding of the City's internal controls to determine if proper control procedures are in place and incompatible duties, from a control standpoint, are not performed by the same employee.
- 3. We observed surety bond coverage for compliance with Chapter 64 of the Code of Iowa.
- 4. We obtained and observed the City Clerk's financial reports and selected bank reconciliations to determine whether the bank balances properly reconciled to the general ledger account balances and monthly financial reports provided to the City Council.
- 5. We scanned City funds for consistency with the City Finance Committee's recommended Uniform Chart of Accounts (COA) and to determine required funds and fund balances are properly maintained and accurately accounted for.
- 6. We observed the City's fiscal year 2019 Annual Financial Report to determine whether it was completed and accurately reflects the City's financial information.
- 7. We scanned investments to determine compliance with Chapter 12B of the Code of Iowa.
- 8. We scanned depository resolutions, the City's investment policy and reporting of unclaimed property to the State of Iowa to determined compliance with Chapters 12C.2, 12B.10B and 556.1(12) of the Code of Iowa.

- 9. We scanned debt, including general obligation and revenue bonds/notes, and related transactions for proper authorization and compliance with Chapters 75, 384 and 403.9 of the Code of Iowa and to determine whether the debt and related proceeds and repayments were properly accounted for.
- 10. We scanned selected tax increment financing (TIF) transactions, including receipts, disbursements and transfers, for compliance and accurate accounting, including compliance with the TIF reporting requirements of Chapter 384.22 of the Code of Iowa.
- 11. We observed the City's TIF debt certification forms filed with the County Auditor, including requests for collection of reduced TIF amounts and to decertify certain TIF obligations, as applicable, for proper support and compliance with Chapter 403.19(6) of the Code of Iowa.
- 12. We traced selected receipts for accurate accounting and consistency with the recommended COA.
- 13. The City had no voter approved levies.
- 14. We traced selected disbursements to proper approval, adequate supporting documentation, accurate accounting and consistency with the recommended COA and compliance with the public purpose criteria established by Article III, Section 31 of the Constitution of the State of Iowa.
- 15. We traced transfers between funds to proper authorization and accurate accounting and determined whether transfers were proper.
- 16. We traced selected payroll and related transactions to proper authorization and accurate accounting and determined whether payroll was proper.
- 17. We observed the annual certified budget for proper authorization, certification and timely amendment.

Based on the performance of the procedures described above, we identified various findings and recommendations for the City. Our findings and recommendations are described in the Detailed Findings and Recommendations section of this report. Unless reported in the Detailed Findings and Recommendations, items of non-compliance were not noted during the performance of the specific procedures listed above.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on specific accounting records and related information of the City, including compliance with specific Code of Iowa requirements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is to report, in accordance with Chapter 11.6 of the Code of Iowa, certain agreed-upon procedures and the resulting findings and recommendations pertaining to selected accounting records and related information of the City, including the City's compliance with certain Code of Iowa requirements. This report is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Dike during the course of our agreed-upon procedures engagement. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Ernest H. Ruben, Jr., CPA Director

September 28, 2020

Detailed Findings and Recommendations

Detailed Findings and Recommendations

For the period July 1, 2018 through June 30, 2019

(A) <u>Fiduciary Oversight</u> – The City Council has a fiduciary responsibility to provide oversight of the City's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity. Many of the findings included in this report indicate the City Council needs to exercise additional fiduciary oversight.

<u>Recommendation</u> – Oversight by the City Council is essential and should be an ongoing effort. In the future, the City Council should provide appropriate oversight, including exercising due care and requiring the review of pertinent information and documentation prior to making decisions affecting the City. Appropriate policies and procedures should be adopted, implemented and monitored to ensure compliance.

- (B) <u>Segregation of Duties</u> Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the City's financial statements. Generally, one individual has control over each of the following areas for the City:
 - (1) Cash handling, reconciling and recording.
 - (2) Receipts opening mail, collecting, depositing, recording and reconciling.
 - (3) Disbursements purchasing, invoice processing, check writing, mailing, reconciling and recording.
 - (4) Payroll recordkeeping, preparing and distributing.
 - (5) Utilities billing, collecting, depositing, posting and maintaining detailed accounts receivable and write-off records.
 - (6) Investments recording and custody of investment documents.
 - (7) Long-term debt recording, reconciling and debt payment processing.

<u>Recommendation</u> – We realize segregation of duties is difficult with a limited number of employees. However, the City should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials. Independent reviews of reconciliations should be documented by the signature or initials of the reviewer and the date of the review.

(C) <u>Bank Reconciliations</u> – The cash and investment balances in the City's general ledger were not reconciled to bank and investment account balances throughout the year. Outstanding check listings were not prepared and checks clearing the bank have not been reconciled in the accounting system. We attempted to reconcile the general ledger with the bank balance at June 30, 2019. At June 30, 2019, the calculated bank balance with estimated outstanding checks is \$2,143,599, the recorded book balance, after adjustment, is \$2,353,234, a variance of \$209,635.

Detailed Findings and Recommendations

For the period July 1, 2018 through June 30, 2019

<u>Recommendation</u> – The City should investigate the variance and correct the city's general ledger to accurately report the City's cash and fund balances.

The City should establish procedures to ensure all bank account and investment balances are reconciled to the general ledger monthly and variances, if any, are reviewed and resolved timely. An independent person should review the reconciliations and bank statements and document the review by signing or initialing and dating the monthly reconciliations and bank statements. In addition, an accurate listing of outstanding checks should be prepared to facilitate month end balancing and receipts and disbursement should be properly recorded.

(D) <u>Financial Reporting</u> – The amounts reported in the City's 2019 Annual Financial Report (AFR) did not agree with the City's general ledger. The total ending balance reported in the AFR was \$1,750,465 which did not agree with the City's recorded book balance before adjustment of \$2,563,468 or the bank balance unadjusted for outstanding checks of \$2,154,104.

In addition, total receipts and disbursements reported in the AFR are understated by \$99,917 and \$9,377, respectively, when compared to the City's records.

<u>Recommendation</u> – The City should implement procedures to ensure amounts reported in the City's AFR are accurate and agree to the City's records.

(E) <u>Monthly City Clerk's Reports</u> – The City Council does not receive a monthly report showing a comparison of actual disbursements to the certified budget by function.

 $\underline{\text{Recommendation}}$ – To provide better control over budgeted disbursements and the opportunity for timely amendment to the certified budget, the monthly financial reports provided to the City Council should include a comparison of actual disbursements to the certified budget by function.

(F) <u>Financial Condition</u> – At June 30, 2019, the City had deficit balances in the following funds:

| Fund | Amount |
|-------------------------------------|--------------|
| General | \$ 39,339 |
| Special Revenue: | |
| Road Use Tax | 224,446 |
| Employee Benefits | 87,443 |
| Capital Projects: | |
| Tax Increment Financing - Fox Ridge | 23,651 |
| 2014 Ambulance | 264,997 |
| Enterprise: | |
| Water | 83,193 |
| Sales Tax | 33,043 |

<u>Recommendation</u> – The City should immediately investigate alternatives to eliminate these deficits to return these funds to a sound financial position.

Detailed Findings and Recommendations

For the period July 1, 2018 through June 30, 2019

(G) Local Option Sales Tax – The City's local option sales tax (LOST) ballot requires LOST receipts to be allocated as follows: 60% for curb, gutter, streets and sidewalks, 20% for community betterment and 20% for property tax relief. The City has not properly tracked the use and unspent balance of LOST receipts to demonstrate compliance with the ballot requirements.

<u>Recommendation</u> – The City should establish procedures to track LOST disbursements and unspent balances to ensure LOST receipts are being used in accordance with the ballot.

(H) <u>Certified Budget</u> – Disbursements during the year ended June 30, 2019 exceeded the amounts budgeted in the capital projects, community and economic development and business-type activities functions. Chapter 384.20 of the Code of Iowa states, in part, "Public monies may not be expended or encumbered except under an annual or continuing appropriation."

<u>Recommendation</u> – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

(I) <u>Credit Cards</u> – The City has bank credit cards and a retail charge card for use by employees while on City business. The City has not adopted a formal policy to regulate the use and control of the City's credit cards and to establish procedures for the proper accounting of credit card purchases.

<u>Recommendation</u> – The City should adopt a formal written policy regulating the use of the City's credit cards. The policy, at a minimum, should address who controls the credit cards, who is authorized to use the credit cards and for what purposes, as well as the types of supporting documentation required to support purchases.

(J) <u>Reconciliation of Ambulance Billings, Collections, Delinquent Accounts and Ambulance Rates</u> – Ambulance billings, collections and delinquent accounts were not reconciled throughout the year and a delinquent account listing was not maintained and reviewed monthly. In addition, ambulance billing rates have not been approved by the City Council.

<u>Recommendation</u> – Procedures should be established to reconcile ambulance billings, collections and delinquent accounts for each billing period. A listing of delinquent accounts should be maintained and reviewed monthly. The City Council or other independent person designated by the City Council should review the reconciliations and monitor delinquent accounts. The review should be documented by the signature or initials of the reviewer and the date of the review. Also, ambulance rates should be approved by the City Council.

(K) <u>Investments</u> – An accounting record/register is not maintained for each investment.

<u>Recommendation</u> – An accounting record/register for each investment which includes the cost, description, date purchased, interest rate, maturity date and identifying number should be maintained.

Detailed Findings and Recommendations

For the period July 1, 2018 through June 30, 2019

(L) <u>Sewer Sinking</u> – The City's 2016 sewer revenue capital loan note resolution requires a sinking account be established and transfers be made into the sinking account from the Enterprise, Sewer Fund in equal monthly installments. Although the City has established a sewer sinking account, no transfers were made to the sewer sinking account during the year.

<u>Recommendation</u> – The City should make the monthly transfers to the sewer sinking account, as required.

(M) <u>Unclaimed Property</u> – Chapter 556.11 of the Code of Iowa requires all cities to report and remit outstanding obligations, including checks, trusts and bonds held for more than two years, to the Office of Treasurer of State annually. The City did not remit all outstanding obligations held for more than two years to the Office of Treasurer of State annually.

<u>Recommendation</u> – Outstanding obligations should be reviewed annually and amounts over two years old should be remitted to the Office of Treasurer of State annually, as required.

(N) <u>Journal Entries</u> – Supporting documentation was not maintained for journal entries. In addition, journal entries are not approved by an independent person.

<u>Recommendation</u> – Supporting documentation should be maintained to substantiate all journal entries. Journal entries should be approved by an independent person and evidence of the approval should be documented.

(O) <u>Change/Petty Cash Fund</u> – The City Hall and City Library each maintain change/petty cash funds for which no authorization could be located. In addition, the City's change/petty cash funds were not included in the City's accounting records and resulting fund balances.

<u>Recommendation</u> – The change/petty cash funds should be formally authorized by the City Council. Chapter 384.20 of the Code of Iowa states, in part, "A city shall keep accounts which show an accurate and detailed statement of all public funds collected, received, or expended for any city purpose." For better accountability, financial and budgetary control, the financial activity and balances of all City funds and accounts, including the change/petty cash funds, should be included in the City's accounting records and resulting fund balances.

(P) <u>Park Shelter and Memorial Building Rental Deposits</u> – Rental deposits for the park shelter and Memorial Building (cash and checks) are not deposited but rather are held by the City until after the rental and are then returned to the customer, if determined appropriate.

<u>Recommendation</u> – Cash and checks received for rental deposits should be deposited into the City's bank account and refunded using a City check after the rental date, if deemed appropriate.

Detailed Findings and Recommendations

For the period July 1, 2018 through June 30, 2019

(Q) <u>Initial Receipts Listing</u> – An initial listing of collections is prepared but does not document whether the payment was made by cash or check and does not include evidence of review by an independent person.

<u>Recommendation</u> – The initial listing of collections should indicate whether the payment was made by cash or check, and the listing should be compared to the bank deposit and to the accounting records by an independent person. Evidence of this review should be documented.

(R) <u>Transfers</u> – Interfund transfers approved by the City Council were not recorded in the general ledger.

 $\underline{\text{Recommendation}}$ – The City should ensure all transfers approved by the City Council are properly recorded in the general ledger as directed by the City Council. Also, the City should review approved transfers in prior fiscal years to ensure they have been recorded in the general ledger.
