SLEIS. It's your smartest choice.

SLEIS makes submitting accurate, complete emissions inventory reports easy. Log on to the user-friendly State & Local Emissions Inventory System to simplify your 2020 report. Why?

- It's fast: Pre-populated with the most recent equipment and emissions data for your facility – reducing your data entry time.
- It's easy: SLEIS has tip tools with field-level help text and required fields are easily identifiable.
- It's efficient: SLEIS offers the option to import emissions data via a spreadsheet template.
- Get started today: SLEIS access request forms are available at <https://programs.iowadnr.gov/sleis>. Or check out one of the online training videos at [eAirServices Online Training](#).
- Note: SLEIS is required for Title V sources and highly recommended for minor sources.
