COMMISSIONERS' REPORT.

IOWA COMMISSIONERS OF PHARMACY, OFFICE OF THE SECRETARY, STATE CAPITOL, DES MOINES, IOWA, December 19, 1889.

To his Excellency, WILLIAM LARRABEE, Governor:

In accordance with the requirements of the law we have the honor to submit herewith the fifth biennial report of the Pharmacy Commission, giving a condensed account of the transactions of the Board since their last report, with a corrected abstract of the State Pharmacy Register to this date.

The Commissioners are gratified to note a great advancement in the science of pharmacy throughout the State, as evidenced by the examinations of applicants for registration, and the conditions of places of business in large and small towns alike.

The people of the State are to be congratulated in that they are so much better protected against unskilled and ignorant persons engaging in the responsible business of dispensing drugs and medicines.

The progress made in pharmacy since the enactment of the pharmacy law in 1880 has been marvelous. Contrast the condition of the pharmacies of to-day with the drug stores of ten years ago, and compare the elegant preparations that, as a rule, are turned out, with the unsightly mixtures of the past. This can but partially demonstrate what the law has done for the people and the pharmacists of the State. This is notably the case in the smaller towns.

Ten years ago, when the law was enacted, the examinations were very much easier than at present; an average of 50 per cent of correct answers given was then required to pass, and yet but about 25 per cent of the candidates received certificates on their first examination, while now the examinations are more difficult, covering a much wider field of practical pharmacy, and the per cent required

to pass, having been gradually raised to 75 per cent, about three-fourths of the applicants now easily reach the required per cent to pass.

Another notable feature is the variety of pharmaceutical apparatus found in most of the pharmacies of to-day, enabling the intelligent pharmacist to manufacture his own preparations in an elegant and reliable form.

The suggestions referred to lead us to expect a greater advance in the future.

The young persons who are now fitting themselves for these responsible duties are to be congratulated in that they have the use of modern apparatus, and can profit by the experience and skill of intelligent and proficient preceptors.

That the success and the advancement of the past ten years are due to the pharmacy law, no intelligent person can for a moment question.

There is, however, another side to the picture that must not be overlooked. If the communications received at this office and the numerous articles in the newspapers, written by druggists throughout the State, are any indication of the dissatisfaction with the present law regulating the sale of intoxicating liquors by druggists, a careful revision of that part of the statutes would seem to be demanded.

We would suggest that our law-makers keep in mind that the pharmacy law is no part of the so-called "pharmacy liquor law." The pharmacy law proper has certainly been a great benefit to the people in the better protection afforded them from incompetent dealers in medicine, and, with few exceptions, has been satisfactory to the druggists of the State, and we feel sure they would not ask for any radical change in that direction.

The issuing of certificates of different grades has not been fully understood by a large number of the druggists. The Commissioners would, therefore, call attention to the kind of certificates issued. First-Class certificates are issued to persons passing a satisfactory examination. Second—Certificates to graduates from an incorporated college or school of pharmacy that requires a practical experience in pharmacy of not less than four years before granting a diploma. Third—Conditional certificates, good for a specified time or for a particular place only. Fourth—Assistant certificates, entitling the holders to sell, compound, and dispense medicines during the temporary absence of the registered proprietor or conductor of the store, but, as the word assistant implies, conferring no authority to conduct a store. It will be seen by the foregoing

that the certificates as described will meet the wants of most druggists. The examination is the same for all candidates; the grade of certificate is determined by the per cent of questions correctly answered.

The Commissioners would respectfully call attention to the pharmacy department of the State University at Iowa City. It has been demonstrated beyond a doubt that the pharmacy department is no experiment, but can be made to be one of the most important departments of the institution. There is no department of the university that more nearly affects the welfare of the people, and which should have the hearty support of the State than this one.

The State should make an appropriation sufficient to put the laboratory in first-class working order.

The Commissioners have long been of the opinion that in connection with the written examination there should also be an actual test of the candidate's knowledge in practical work, such as compounding prescriptions, etc. This, of necessity, would call for a small appropriation to purchase a suitable prescription case to be placed in the Commissioners' rooms at the capitol, with material sufficient for such practical work. A move in this direction would, in a short time, revert to the welfare of the State in the greater protection given her citizens, by enabling the Commissioners to better judge of the candidate's practical competency.

Respectfully submitted,

John H. Pickett,
H. K. Snider,
C. A. Weaver,
Commissioners of Pharmacy.

Every registered pharmacist who desires to continue his profession shall, on or before the 22d day of March of each year, pay to the Commission of Pharmacy the sum of one dollar, for which he shall receive a renewal of his certificate, unless his name has been stricken from the register for violation or law. It shall be the duty of each registered pharmacist, before changing his locality as designated in his certificate of registration, to notify the secretary of the Commission of Pharmacy of his new place of business, and for recording the same and certification thereto the secretary shall be entitled to receive fifty cents for each certificate. It shall be the duty of every registered pharmacist to conspicuously post his certificate of registration in his place of business. Any person continuing in business who shall fail or neglect to procure his annual renewal of registration, or who shall change his place of business without complying with this section, or who shall fail to conspicuously post his certificate of registration in his place of business, shall for each such offense be liable to a fine of ten dollars for each calendar month during which he is so delinquent.

SEC. 5. That the said Commissioners of Pharmacy shall, upon application, and at such time and place and in such manner as they may determine, examine, either by a schedule of questions to be answered and subscribed to under oath, or orally, each and every person who shall desire to conduct the business of selling at retail, compounding or dispensing drugs, medicines or chemicals for medicinal use, or compounding or dispensing physicians' prescriptions as pharmacists, and if a majority of said Commissioners shall be satisfied that said person is competent and fully qualified to conduct said business of compounding or dispensing drugs, medicines or chemicals for medicinal use, or to compound and dispense physicians' prescriptions, they shall enter the name of such person as a registered pharmacist in the book provided for in section 4 of this act; and that all graduates in pharmacy, having a diploma from an incorporated college or school of pharmacy that requires a practical experience in pharmacy of not less than four years before granting a diploma, shall be entitled to have their names registered as pharmacists by said Commissioners of Pharmacy without examination.

On the first day of the term, having ascertsined that the application is properly presented, the court shall proceed to hear the application, unless objection thereto be made, in which case the court shall appoint a day during the term, but not later, when the same shall be heard; and in doing so shall consider the convenience of the court, and the interested parties and their counsel so far as the state of the business and the necessities of the case will permit. If unavoidable causes prevent a hearing during the regular time allotted to the term, the same shall be heard and disposed of in vacation by the judge as soon as practicable thereafter. The county attorney, or other counsel, or any citizen may in person or by counsel appear and resist the application, and whether resisted or objection be made or not the court shall not grant the permit until it shall first be made to appear by competent evidence that the applicant is possessed of the character and qualifications requisite, is worthy of confidence and to receive the trust and will be likely to execute the same with fidelity; and that the statements made in his application and the petition of residents are, all and singular, true, and, considering the population of the locality and the reasonable necessities and convenience of the people such permit is proper. If the application is resisted the court or judge shall hear controversy upon the petitions, remonstrances and objections, and the evidence offered, and grant or refuse such permit, as the public good may require. If there be more than one permit applied for in the same locality, they shall all be heard at the same time, unless for good cause otherwise directed, and the court may grant or refuse any or all the applications as will best subserve the public interest.

Sec. 7. If the application for the permit or renewal thereof is granted it shall not issue until the applicant shall make and subscribe an oath before the clerk, which shall be indorsed upon the bond to the effect and tenor following:

The complainant and accused may be heard in person or by counsel, or both, and submit such proofs as may be offered by the parties; and if it shall appear upon such hearing, that the accused has in any way abused the trust or so conducted the business under the permit as to acquire notoriety and public repute that liquors are sold by the accused or his employes in violation of law, or if it shall appear that any liquor has been sold or dispensed unlawfully, or has been unlawfully obtained at said place from the holder of the permit or any employe assisting therein, or that be has in any proceeding, civil or criminal, since receiving his permit, been adjudged guilty of violating any of the provisions of this act, or the acts for the suppression of intemperance, the court or judge shall, by order, revoke and set aside the permit; the papers and order in such case shall be immediately returned to and filed by the clerk of the court, if heard by the judge, and the order entered of record as if made in court, and if in this or any other proceeding, civil or criminal, it shall be adjudged by the court or judge that any registered pharmacist, proprietor or clerk has been guilty of violating this act or the act for the suppression of intemperance and amendments thereto, by unlawfully manufacturing, selling, giving away or unlawfully keeping with intent to sell intoxicating liquors, such adjudication may, in the discretion of the Commissioners of Pharmacy, work a forfeiture of his certificate of registration, and the Commissioners of Pharmacy shall, upon receipt of a transcript of a judgment or order authenticated by the clerk of the court, showing a second and subsequent violation, cancel his registration. It shall be the duty of the clerk to forward to the Commissioners of Pharmacy such transcripts without charge therefor, as soon as practicable after final judgment or order.

SEC. 9. Registered pharmacists who show themselves to be fit persons and who comply with all the requirements of this act, may be granted permits, and in any township where there is a registered pharmacist conducting a pharmacy and no pharmacist obtains a permit, if found necessary the court may grant a permit to one discreet person in such township not a pharmacist, but having all other qualifications requisite under this act, upon like notice and proceedings as pertain to permitted pharmacists and subject to the same liabilities, duties, obligations and penalties.

SUPREME COURT REPORTS.

IN THE SUPREME COURT-OCTOBER TERM, 1887.

THE STATE OF IOWA +. J. F. CLOUGHLEY, Appellant.

Appeal from Audubon District Court-Hon. H. E. Deemer, Judge.

The defendant was convicted of the crime of nuisance by the verdict of a jury, and the court pronounced sentence, imposing upon him a fine of five hundred dollars.

JNO. M. GRIGGS and THEO. F. MYERS, for Appellant.
A. J. Baker, Attorney-General, for the State.

REED, Judge:

It is charged in the indictment that defendant kept a building and place in which he kept intoxicating liquors with intent to sell the same contrary to law, and in which he sold such liquors contrary to law. The indictment was returned on the 27th day of August, 1886, and it alleged that the offense was committed on the 1st day of that month. The defendant is the proprietor of a drug store. He is also a registered pharmacist. And on the 9th day of June, 1886, the board of supervisors of the county issued to him a permit to buy and sell intoxicating liquors for the actual "necessities of medicine."

First. It is first insisted that the verdict is not supported by the evidence. There was evidence, however, which tended to prove at least one sale of whisky in defendant's drug store before the date of this permit. It is true that the sale was not made by defendant in person, but the jury might well have found that it was made from his stock, and by a clerk in his employ. At that time defendant had no authority to sell liquor for any purpose. The sale was unlawful and the jury might have found from the evidence that it was made by the clerk in the ordinary course of his employment. There was also evidence which tended to prove numerous sales after the permit was granted, some of which the jury might have found was not for "the actual necessities of medicine." It was proven that on one occasion a person applied to defendant to purchase a bottle of beer, and that defendant sold and delivered to him a bottle of liquor which had the appearance of beer. The customer who was examined as a witness in the trial was not able to testify with certainty that the liquor in the bottle was beer. It is insisted that there was not sufficient evidence either as to the kind of liquor sold or that it was intoxicating.

As the defendant, by delivering it to the customer in answer to his request for beer, represented it to be that kind of liquor, the presumption, as against him, is that it was beer, and the statute classes beer as an intoxicating liquor, chapter 8, acts Twentieth General Assembly.

If there are kinds of beer not in fact intoxicating, the burden was on defendant to show that the beer in question was of that kind, if he claimed such to be the fact. It is clear that we ought not to disturb the judgment on this ground.

Second. Defendant offered to prove that he is a practicing physician, and that he was engaged in the general practice of his profession at the time of the transaction in question. His counsel stated when this offer was made, that he would follow it with proof, that he sules in question were made by him in the course of his practice as a physician. But the evidence was excluded. It may be conceded for the purpose of the case, that a physician who, in the course of his practice, should find that his patient required intoxicating liquors, might lawfully dispense such liquors to him. That, however, does not appear to have been the character of the transactions in question. The liquors were dispensed, not upon the judgment of the physician as to the needs of his patients, but upon the demands of the customers. That is, they did not apply to defendant for medical treatment for their diseases, and leave it to him to determine what remedies should be administered, but determined for themselves that whisky or beer was the proper remedy for their maladies, and applied to him to supply it, the transaction on his part was commercial rather than professional.

Third. The district court instructed the jury that on proof of the sale of intoxicating liquor in defendant's place of business the burden would be on him to prove that the sales were lawful. The instruction is right. The sale of intoxicating liquors generally is forbidden by the statute. It permits the sale, however, for special purposes by persons holding permits to sell for these purposes. The privilege of selling for those purposes is in the nature of an exception, prohibition being the rule of the statute. Defendant claims that his sales were within the exception, and the burden is on him to prove that fact. 1 Greenleaf on Evidence, Sec. 29.

Fourth. The court also directed the jury that if it was proven that persons drank intoxicating liquors in defendant's pharmacy, that fact would be presumptive evidence that the liquors so drank had been unlawfully sold or given to the parties by defendant. It is expressly provided by chapter 83, acts of the Twenty-first General Assembly, that the fact of drinking, intoxicating liquor in the place of basiness of registered pharmacists shall be regarded as presumptive evidence of the unlawful sale of the liquors.

We have found no error in the record.

AFFIRMED.

THE STATE OF IOWA V. NORTON.

FILED DECEMBER 14, 1885.

- 1. CRIMINAL DAW: trial: introduction of evidence before reading indictment or opening statement. The failure to read the indictment to the jury and make an opening statement before introducing evidence will not be ground for setting aside the conviction, when the defendant offered no objection to the evidence, and the indictment was read when the objection was raised.
- 2. INTOXICATING LIQUORS: keeping place for sale of. It is no defense, on indictment of a druggist, who was not a registered pharmacist, for keeping liquor for sale unlawfully, that the sales were made by his clerk, who was a registered pharmacist, and for medicinal purposes only.
- 3. fine. A fine of \$250 held not excessive.

Appeal from Hamilton District Court.

The defendant was indicted for keeping, in a certain building, intoxicating liquors, with intent to sell the same in the building in violation of law. There was a verdict of guilty, and judgment was rendered upon the verdict. The defendant appeals.

N. B. Hyatt, attorney for appellant.

A. J. Baker, Attorney-General, attorney for the State,

ADAMS, J .- I. Upon the trial of the case the district attorney, by oversight, omitted to read to the jury the indictment, and omitted to make a statement of the case, but proceeded at once and introduced the evidence in behalf of the State, and rested. The defendant then filed a motion for an order directing his acquittal and discharge, on account of the fact that the indictment had not been read, and no statement of the case had been made, but the court everyled the motion, and allowed the indictment to be read, and offered to allow the defendant to make a statement in respect to his defense, which the defendant declined to make. The defendant insists that the court erred in overruling his motion. But, in our opinion, the defendant's position cannot be sustained. Possibly, if the indictment had not been read at all, no conviction should have been allowed. But it was read, and the only irregularity was in the time in which it was read. That irregularity we think was waived by the defendant by his failure to interpose an objection to the introduction of evidence before it was read.

II. The defendant kept a ding store, and the liquor, alleged to have been kept with an intention to sell the same in violation of law, was kept in the drug store, or in a room connected therewith. The defendant claimed that the liquor was kept for the purposes of medicine, and that whatever had been sold had been sold for such purposes; and while he did not claim to be a registered pharmacist, he offered to show that his prescription clerk was, and that all sales were made by him. But the court, upon objection by the State, excluded the offered evidence that the clerk was a registered pharmacist. In excluding such evidence, the defendant contends that the court erred. It is provided in chapter 75 of the acts of the Eighteenth General Assembly that "it shall be unlawful for any person not a registered pharmacist to conduct any pharmacy or drug store." If the person conducting the drug store in question was the defendant, then he was engaged in an unlawful business, for he was not a registered pharmacist. But he contends that it was his clerk, and not himself, who was conducting the drug store, and that if he had been allowed to show that his clerk was a registered pharmacist, he would have shown that the business of the drug store was lawful. There is no doubt but that a person may lawfully become the proprietor of a stock of drugs without being a registered pharmacist. But being such proprietor is quite different from conducting a drug store. A room or building in which the business of selling drugs is conducted is a drug store, and the conductor of the store, within the meaning of the statute, is, we think, the person who has the ultimate right to control the business in respect to its continuance or discontinuance, the employment of clerks, the fixing of prices, etc. It matters not with what power a mere clerk may be clothed. He cannot be said to be the conductor of the store while his powers are merely derivative. In our opinion the design of the statute was to prohibit persons not registered as pharmacists from engaging in the responsible business of buying and selling drugs as dealers. In our opinion it was not material that the defendant's clerk was a registered pharmacist, so far as the question before us is concerned.

III. The court rendered judgment of a fine of \$250. The defendant insists that the judgment is excessive. But no good reason is shown to us why it should be reduced.

IV. It is said that the verdict is not sustained by the evidence, but we think it is. We see no error. Affirmed.

ANSWERS TO CORRESPONDENTS.

The Commissioners of Pharmacy receive many letters containing questions like the following:

Can any one not a registered pharmacist, by employing one who is, open and lawfully conduct a drug store, himself acting as principal?

Can any one not a registered pharmacist who is the owner and proprietor of a drug store, and is having the business conducted by a registered pharmacist in his employ, acting as principal, continue the business lawfully when his registered clerk is absent?

Can any one not a registered pharmacist employ an active practicing physician who is a registered pharmacist, and lawfully conduct a drug store by hanging the physician's certificate of registration up in the store?

Can a practicing physician who is a registered pharmacist conduct a drug store lawfully, and leave his store in the hands of those who are not registered, while visiting his patients?

Can a registered pharmacist who is conducting a drug store lawfully leave his business in charge of clerks who are not registered?

Upon all these points sections 1 and 2 are plain, and to all we must answer in the negative.

Any one not a registered pharmacist, who procures the services of another who is registered, believing thus the trust imposed by law in the registered pharmacist is also extended to himself, is in error.

The hanging up in a store the certificate of a registered pharmacist affords no legal right to dispense medicines to any one other than the person to whom the certificate was issued.

ANSWERS TO CORRESPONDENTS.

The Commissioners of Pharmacy receive many letters containing questions like the following:

Can any one not a registered pharmacist, by employing one who is, open and lawfully conduct a drug store, himself acting as principal?

Can any one who is not a registered pharmacist, who is owner and proprietor of a drug store, and is having the business conducted by a registered pharmacist in his employ, acting as principal, continue the business lawfully when his registered clerk is absent?

Can any one not a registered pharmacist employ an active practicing physician who is a registered pharmacist, and lawfully conduct a drug store by hanging the physician's certificate of registration up in the store.

Can a practicing physician, who is a registered pharmacist, conduct a drug store lawfully and leave his store in the hands of those who are not registered, while visiting his patients?

Can a registered pharmacist, who is conducting a drug store lawfully, leave his business in charge of clerks who are not registered?

Upon all these points sections 1 and 2 are plain, and to all we must answer in the negative.

Any one not a registered pharmacist, who procures the services of another who is registered, believing thus the trust imposed by law in the registered pharmacist is also extended to himself, is in

The hanging up in a store the certificate of a registered pharmacist affords no legal right to dispense medicines to any one other than the person to whom the certificate was issued.

PHARMACY NOTICES.

No. 3.

As Amended May 10, 1888.

The public demand for beer even for dietetical (culinary) purposes borders so closely upon its use as a beverage that many people do not hesitate to stultify themselves by making application therefor to registered pharmacists under the pretense that it is to be used for the actual necessities of medicine. This has a tendency to lead to a great abuse of the registered pharmacist's privilege to sell intoxicating liquors. We therefore most earnestly recommend that registered pharmacists having permits refrain from selling beer except in cases of extreme necessity.

JOHN H. PICKETT, H. K. SNIDER, C. A. WEAVER,

Commissioners of Pharmacy for the State of Iowa. Adopted May 10, 1888.

No. 4.

As Amended April 26, 1889.

For the purpose of facilitating the enforcement of the pharmacy law, the State has been districted, and the counties assigned to each of the Commissioners as follows:

To Commissioner C. A. Weaver, Des Moines.—The counties of Adair, Audubon, Boone, Buena Vista, Cass, Calhoun, Carroll, Clay, Cherokee, Crawford, Dallas, Dickinson, Emmet, Greene, Guthrie, Harrison, Humboldt, Ida, Kossuth, Lyon, Madison, Marion, Mahaska, Monona, O'Brien, Osceola, Palo Alto, Plymouth, Pocahontas, Pottawattamie, Sac, Sioux, Shelby, Warren, Webster, and Woodbury.

To Commissioner John H. Pickett, Oskaloosa.—The counties of Appanoose, Adams, Clarke, Cedar, Davis, Decatur, Des Moines,

Fremont, Henry, Jefferson, Johnson, Keokuk, Lee, Lucas, Louisa, Mills, Montgomery, Monroe, Muscatine, Page, Poweshiek, Ringgold, Scott, Taylor, Union, Van Buren, Wapello, Washington and Wayne.

To Commissioner H. K. Snider, Grinnell.—The counties of Allamakee, Benton, Black Hawk, Bremer, Buchanan, Butler, Clinton, Chickasaw, Clayton, Cerro Gordo, Delaware, Dubuque, Fayette, Franklin, Floyd, Grundy, Hardin, Hancock, Hamilton, Howard, Iowa, Jackson, Jasper, Jones, Linn, Marshall, Mitchell, Polk, Story, Tama, Winneshiek, Winnebago, Worth and Wright. Adopted April 26, 1889.

No. 5.

As Amended May 10, 1888.

The Commission will take cognizance of and institute legal proceedings in all properly formulated cases, when reliable witnesses are cited or evidence furnished that can be used in the courts. All cases of violations so reported will receive the prompt attention of the Commissioner in charge of the district (as per pharmacy notice No. 4) in which the violation has been committed, either in person or by an attorney.

Adopted May 10, 1888.

No. 6.

Section 15, chapter 71, laws of 1888, authorizes registered pharmacists conducting pharmacies, and not having permits to sell, to purchase and keep intoxicating liquors (excepting malt liquors) for the purpose of compounding medicines, tinctures and extracts, needed in their business (that cannot be used as a beverage). Such pharmacists must, however, keep a record of the kind and quantity purchased and the use to which such liquors were applied, and on or before the 10th day of each calendar month they must make and file with the county auditor a sworn report for the preceding calendar month, giving a correct statement of the kind and quantity on hand, of whom purchased, with the date of purchase, the kind and quantity used and the purposes for which such liquors were used and the amount of each kind on hand at the end of the month.

The same section of the law also empowers and directs the Commissioners of Pharmacy to make further rules and regulations in regard to the purchase and use, and the quantity of intoxicating liquors such pharmacists may keep in stock at any one time, but in respect to making a regulation as to the quantity the different pharmacists shall keep on hand is so manifestly impracticable that they would simply admonish all such pharmacists to keep a correct record of amount and kind on hand and make prompt, full and correct monthly statements as to the uses to which applied.

H. K. Snider,
Commissioners of Pharmacy.

SPECIAL NOTICES.

As amended May 10, 1888.

The Commissioners desire to call the attention of all registered pharmacists to some of the important points of the law:

First—That none but registered pharmacists can conduct a drug store or pharmacy; they must be the Principals and managers of the store in all its management; neither can they allow any one not registered to sell medicines or poisons, or dispense physicians' prescriptions, except under their direct supervision.

(See Supreme Court decision, State v. Norton,) page 22.)

Second—Sales of medicines and poisons can only be made by a proprietor, principal or clerk who is a registered pharmacist, and who is required to keep a record of all poisons sold, included in Schedule A.

Third—The certificates of all registered pharmacists must be conspicuously posted in the place of business or pharmacy which they are conducting, or in which they are employed, with the renewal certificate placed to the lower left hand corner and change of locality certificate (if they have changed their locality) in lower right hand corner of each certificate, to show to the public that their certificates of registration are in full force and effect.

Fourth—Under decision of Supreme Court and amendments to section 4 of the pharmacy law (chapter 75,) all registered pharmacists who were registered without examination (green or red seal seal certificates,) forfeit their registration when they have voluntarily sold, parted with, or severed their connection with the drug business for a period of two years at the place designated in certificate of registration; that is, those who voluntarily sever their connection with the drug business and remain out of business for a period of two years forfeit their registration, and those who have voluntarily sold out their business or remove to another place prior to April 19, 1888, forfeit their registration in two years from the day they sold out or severed their connection with the drug business

1890.]

at the place designated in certificate of registration. All such who wish to re-engage or continue in the practice of pharmacy are required to be registered by examination. Provided, however, that any such Pharmacists who have sold or may sell out their business at the place designated in their certificate of registration and remove to another place in the State, after April 19, 1888, and re-engage in the drug business within a period of two years, from the time they sold out or severed their connection with the drug business, and have paid their annual renewal on or before the 22d day of March of each year, their certificate will remain in force.

Fifth—All registered pharmacists, when they change their locality, are required to notify the Secretary of the Commission, and have their change of locality recorded, otherwise they are liable to a fine for each month's delinquency, and when so delinquent their certificates are not in full force and effect. (See Secretary's Notice, No. 3).

Sixth—A registered pharmacist's certificate is regarded "in full force and effect" when he holds a renewal of his certificate from March 22d to March 22d of the current year, and change of locality certificate if he has changed his location, unless subsequently forfeited or revoked. (See opinion of Attorney-General).

Whereas, Annual renewals are not required or issued for the first part of a year preceding the 22d day of March, the pharmacist's certificate of registration is evidence that it is in full force and effect from the date of its issuance to the following 22d day of March; however, the certified statement up to date of the Secretary of the Commission of Pharmacy, under official seal of said Commission, is regarded the best legal evidence as to whether a person is registered or not.

SECRETARY'S NOTICE.

No. 1. Before correspondents write for opinions they should first study the law, regulations and decisions, as compiled and published by the Board, and then make separate specific statements of facts, and not expect opinions on general statements.

No. 2. N. B. It may not occur to registered pharmacists the amount of time it takes in looking up the records of a registered pharmacist without having the number of his certificate, as well as the difficulty sometimes in identifying his name without his number. It is impossible to keep a correct alphabetical list of names, owing to the constant change, some names retiring and new names being added. When we have the number of a certificate we can turn to the records in a moment on the numerical list.

Having frequently made the request heretofore, we again earnestly request all registered pharmacists when corresponding or desiring any matters of information from this office to give the number of their certificates with their names.

No. 3. As the Secretary is accountable for all fees accruing under the law, according to the records of the office, a record of change of locality cannot be made and certificate issued, unless the fee required by law accompany the application for such change.
