NEWS RELEASE

FOR RELEASE

August 20, 2021

Contact: Marlys Gaston
515/281-5834

Auditor of State Rob Sand today released an audit report on Montgomery County, Iowa.

FINANCIAL HIGHLIGHTS:

The County's revenues totaled \$16,527,421 for the year ended June 30, 2020, a 42.1% increase over the prior year. Expenses for County operations for the year ended June 30, 2020 totaled \$11,165,322, a 2.9% decrease from the prior year. The significant increase in revenues is due primarily to an increase in infrastructure assets contributed by the Iowa Department of Transportation in fiscal year 2020.

AUDIT FINDINGS:

Sand reported five findings related to the receipt and expenditure of taxpayer funds. They are found on pages 72 through 78 of this report. The findings address issues such as lack of segregation of duties, material amounts of accounts receivable, accounts payable and capital asset additions not properly recorded in the County's financial statements and lack of preparation of delinquent property tax reconciliations. Sand provided the County with recommendations to address each of these findings.

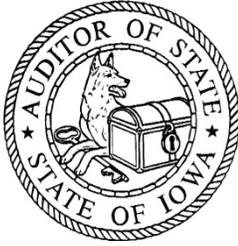

Four of the five findings discussed above are repeated from the prior year. The County Board of Supervisors and other County officials have a fiduciary responsibility to provide oversight of the County's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

A copy of the audit report is available for review on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

Officials of Montgomery County
Montgomery, Iowa

Dear Board Members:

I am pleased to submit to you the financial and compliance audit report for Montgomery County, Iowa, for the year ended June 30, 2020. The audit was performed pursuant to Chapter 11.6 of the Code of Iowa and in accordance with U.S. auditing standards and the standards applicable to financial audits contained in Government Auditing Standards.

I appreciate the cooperation and courtesy extended by the officials and employees of Montgomery County throughout the audit. If I or this office can be of any further assistance, please contact me or my staff at 515-281-5834.

Sincerely,

A handwritten signature in black ink that reads "Rob Sand". The signature is stylized and cursive.

Independent Auditor's Report

To the Officials of Montgomery County:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Montgomery County, Iowa, as of and for the year ended June 30, 2020, and the related Notes to Financial Statements, which collectively comprise the County's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Montgomery County as of June 30, 2020 and the respective changes in its financial position for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the County's Proportionate Share of the Net Pension Liability, the Schedule of County Contributions and the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes on pages 8 through 14 and 48 through 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

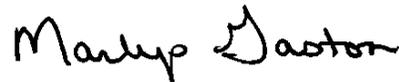

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Montgomery County's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2019 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 5 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 16, 2021 on our consideration of Montgomery County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Montgomery County's internal control over financial reporting and compliance.

Marlys K. Gaston, CPA
Deputy Auditor of State

August 16, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

Montgomery County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2020. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

2020 FINANCIAL HIGHLIGHTS

- Revenues of the County's governmental activities increased 42.0%, or approximately \$4,892,000, from fiscal year 2019 to fiscal year 2020. Property tax increased approximately \$627,000, capital grants, contributions and restricted interest increased approximately \$3,383,000, unrestricted investment earnings increased approximately \$103,000 and operating grants, contributions and restricted interest increased approximately \$495,000.
- Program expenses of the County's governmental activities were 3.0%, or approximately \$340,000, less in fiscal year 2020 than in fiscal year 2019. Roads and transportation expenses decreased approximately \$379,000, while governmental services to residents increased by \$43,000.
- The County's net position increased 18.5%, or approximately \$5,362,000, over the June 30, 2019 balance.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Montgomery County as a whole and present an overall view of the County's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Montgomery County's operations in more detail than the government-wide financial statements by providing information about the most significant funds. The remaining financial statements provide information about activities for which Montgomery County acts solely as an agent or custodian for the benefit of those outside of county government (Agency Funds).

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year, the County's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental and the individual Agency funds.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information which helps answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Position presents financial information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in the County's net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal years.

The County's governmental activities are presented in the Statement of Net Position and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long-term debt and non-program activities. Property tax and state and federal grants finance most of these activities.

Fund Financial Statements

The County has two kinds of funds:

- 1) Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund 2) the Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads 3) the Debt Service Fund and 4) the Capital Projects Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

- 2) Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support the County's own programs. These fiduciary funds include Agency Funds that account for emergency management services and the County Assessor, to name a few.

The required financial statement for fiduciary funds is a Statement of Fiduciary Assets and Liabilities.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of financial position. The analysis that follows focuses on the changes in the net position of governmental activities.

| Net Position of Governmental Activities | | |
|---|-----------|--------|
| (Expressed in Thousands) | | |
| | June 30, | |
| | 2020 | 2019 |
| Current and other assets | \$ 13,309 | 14,969 |
| Capital assets | 38,268 | 32,143 |
| Total assets | 51,577 | 47,111 |
| Deferred outflows of resources | 729 | 894 |
| Long-term liabilities | 10,273 | 11,563 |
| Other liabilities | 555 | 487 |
| Total liabilities | 10,828 | 12,050 |
| Deferred inflows of resources | 7,186 | 7,026 |
| Net position: | | |
| Net investment in capital assets | 30,418 | 26,213 |
| Restricted | 4,223 | 3,242 |
| Unrestricted | (349) | (525) |
| Total net position | \$ 34,291 | 28,929 |

Net position of Montgomery County's governmental activities increased 18.5% (approximately \$34.3 million compared to approximately \$28.9 million).

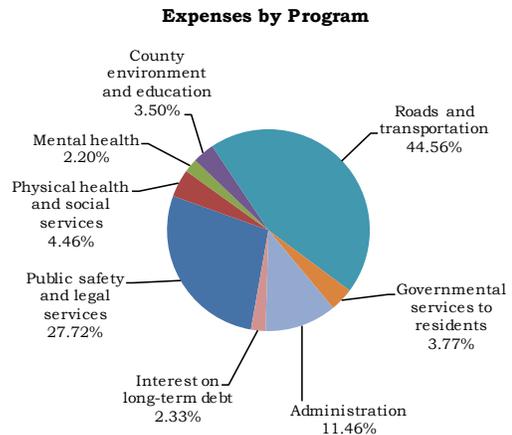

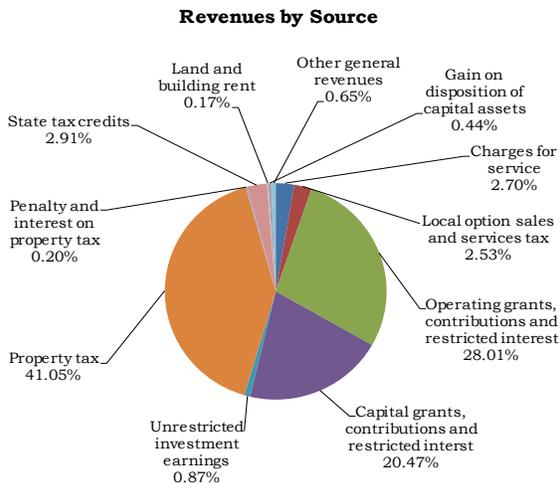

The largest portion of the County's net position is invested in capital assets (e.g., land, infrastructure, intangibles, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets. This net position category increased approximately \$4,205,000, or 16.0%, over the prior year. This increase is primarily due to road infrastructure projects and a communications project upgrade.

Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. This net position category increased approximately \$981,000, or 30.3%, over the prior year. This increase is primarily due to an increase in the amount held in the Special Revenue, Secondary Roads Fund.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - increased from a deficit balance of approximately \$525,000 at June 30, 2019 to a deficit of approximately \$349,000 at the end of this year. This increase is primarily due to an increase in the amount held in the General Fund at year end and a general decrease in expenses, for example administrative costs.

Changes in Net Position of Governmental Activities
(Expressed in Thousands)

| | Year ended June 30, | |
|---|---------------------|---------------|
| | 2020 | 2019 |
| Revenues: | | |
| Program revenues: | | |
| Charges for service | \$ 446 | 382 |
| Operating grants, contributions and restricted interest | 4,630 | 4,135 |
| Capital grants, contributions and restricted interest | 3,383 | - |
| General revenues: | | |
| Property tax | 6,783 | 6,156 |
| Penalty and interest on property tax | 33 | 42 |
| State tax credits | 481 | 466 |
| Local option sales and services tax | 418 | 350 |
| Unrestricted investment earnings | 144 | 41 |
| Land and building rent | 29 | 29 |
| Gain on disposition of capital assets | 72 | 4 |
| Other general revenues | 108 | 31 |
| Total revenues | 16,527 | 11,635 |
| Program expenses: | | |
| Public safety and legal services | 3,095 | 3,035 |
| Physical health and social services | 498 | 510 |
| Mental health | 246 | 215 |
| County environment and education | 391 | 387 |
| Roads and transportation | 4,975 | 5,355 |
| Governmental services to residents | 421 | 378 |
| Administration | 1,279 | 1,344 |
| Interest on long-term debt | 260 | 281 |
| Total expenses | 11,165 | 11,505 |
| Change in net position | 5,362 | 130 |
| Net position beginning of year | 28,929 | 28,799 |
| Net position end of year | \$ 34,291 | 28,929 |

Montgomery County's governmental activities net position increased approximately \$5,362,000 during the year. Revenues for governmental activities increased approximately \$4,892,000 over the prior year, including capital grants, contributions and restricted interest, which increased over the prior year approximately \$3,383,000.

The County increased the property tax rates for fiscal year 2020 an average of 6.4%. This increase raised the County's property tax revenue approximately \$627,000 in fiscal year 2020. Property tax revenue is budgeted to decrease by approximately \$96,000 next year.

The cost of all governmental activities this year was approximately \$11.2 million compared to approximately \$11.5 million last year. Overall, the County's governmental activities revenues increased in fiscal year 2020 from approximately \$11.6 million to approximately \$16.5 million. Capital grants, contributions and restricted interest increased approximately \$3.4 million due to an increase in farm to market road projects contributed by the Iowa Department of Transportation.

INDIVIDUAL MAJOR FUND ANALYSIS

As Montgomery County completed the year, its governmental funds reported a combined fund balance of approximately \$5.8 million, a decrease of approximately \$1.9 million from last year's total of approximately \$7.7 million. The following are the major reasons for the changes in fund balance of the major funds from the prior year:

- The General Fund balance increased approximately \$236,000 during the fiscal year to approximately \$2,771,000. Revenues increased approximately \$359,000, or 8.3%, over the prior year and expenditures decreased approximately \$751,000, or 14.6%. Expenditures were lower during fiscal year 2020 due in part to less expenditures for courthouse repair projects.
- The Special Revenue, Mental Health Fund balance at year end increased approximately \$9,400 over the prior year. For fiscal year 2020, expenditures totaled approximately \$246,000, a 14.5% increase over the prior year. The increase is due to an increase in the amount distributed to the mental health region.
- The Special Revenue, Rural Services Fund ending fund balance decreased approximately \$8,000 from the prior year to approximately \$470,000. Property tax revenue for the Rural Services Fund increased approximately \$278,000 in fiscal year 2020 due to an increase in the rural services supplemental property tax levy. Expenditures increased approximately \$18,000.
- Special Revenue, Secondary Roads Fund revenues increased approximately \$240,000 primarily due to an increase in road and bridge projects for which the County received reimbursements. Expenditures decreased approximately \$296,000 from the prior year, primarily due to a decrease in road and bridge projects paid for by the County and not reimbursed. There was also an increase in transfers to the secondary roads fund of \$70,000. This resulted in an increase in the Secondary Roads ending fund balance of approximately \$737,000.
- Debt Service Fund revenues increased approximately \$159,000 over the prior year. Expenditures increased approximately \$163,000 over the prior year. This is primarily due to an increase in bond payments. The Debt Service Fund ending balance increased by approximately \$10,000.

- The County issued \$5,755,000 of General Obligation Emergency Service Communication Bonds in fiscal year 2018. The proceeds and related premium on bonds issued were deposited in the County's Capital Projects Fund, where the emergency services communication equipment project revenues and expenditures are tracked. Most of these funds were spent in fiscal year 2020, resulting in a decrease in fund balance of approximately \$2,917,000.

BUDGETARY HIGHLIGHTS

Montgomery County amended its budget two times during fiscal year 2020. The first amendment was made in December 2019. This amendment increased budgeted receipts approximately \$1,460,000 and budgeted disbursements approximately \$3,830,000. These changes were made to the budget for the communications upgrade and road and bridge projects. The second budget amendment was made in May 2020, to increase budgeted amounts in the event of increased spending at year end.

The County's receipts were \$297,485 more than budgeted. Total disbursements were \$1,552,768 less than the amended budget. Roads and transportation were \$501,645 less than budgeted due to the timing of bridge and road paving projects and staff turnover. Public safety and legal services function disbursements were \$383,609 less than budgeted due to a decrease in hours worked by the employees of the County Sheriff's office due to COVID-19.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2020, Montgomery County had approximately \$38.3 million invested in a broad range of capital assets, including public safety equipment, buildings, roads and bridges. This is a net increase (including additions and deletions) of approximately \$6,125,000 or 19.1%, over last year.

| Capital Assets of Governmental Activities at Year End (Expressed in Thousands) | | |
|---|-----------|--------|
| | June 30, | |
| | 2020 | 2019 |
| Land | \$ 682 | 682 |
| Intangibles, road network | 213 | 213 |
| Construction in progress | - | 935 |
| Buildings and improvements | 6,715 | 6,922 |
| Equipment and vehicles | 7,787 | 4,983 |
| Intangibles | 44 | 55 |
| Infrastructure | 22,827 | 18,352 |
| Total | \$ 38,268 | 32,142 |
| This year's major additions included: | | |
| Road infrastructure | 4,432 | |
| Communications project upgrade | 2,970 | |
| Radio consoles | 362 | |
| Motorgraders | 567 | |
| Total | \$ 8,331 | |

The County had depreciation expense of \$2,183,936 in fiscal year 2020 and total accumulated depreciation of \$12,419,951 at June 30, 2020. More detailed information about the County's capital assets is presented in Note 4 to the financial statements.

Long-Term Debt

At June 30, 2020, Montgomery County had \$7,935,000 of general obligation bonds outstanding, compared to \$8,933,000 of general obligation bonds outstanding at June 30, 2019.

The Constitution of the State of Iowa limits the amount of general obligation debt counties can issue to 5% of the assessed value of all taxable property within the County's corporate limits. Montgomery County's outstanding general obligation debt is significantly below its constitutional debt limit of approximately \$51.7 million. Additional information about the County's long-term debt is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Montgomery County's elected and appointed officials and citizens considered many factors when setting the fiscal year 2021 budget, tax rates and fees for the various County activities. One of the factors considered was the County's taxable valuations, which increased approximately \$37,105,000, or 1.7%, from the fiscal year 2020 valuations. The County decided to leave the general basic levy at the maximum of \$3.50 per \$1,000 of taxable valuation and the rural services basic levy at the maximum of \$3.95 per \$1,000 of taxable valuation for fiscal year 2021, the same rates levied for fiscal year 2020.

The Montgomery County Board of Supervisors dedicates 80% of the local option sales and services tax received for property tax relief to the Secondary Roads Fund, 10% for public safety, 5% for County Courthouse repairs and 5% for the County Fair. In fiscal year 2020, these amounts were \$330,219, \$44,140, \$22,070 and \$22,070, respectively.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of Montgomery County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Stephanie Burke at the Montgomery County Auditor's Office, by mail at 105 E. Coolbaugh Street, PO Box 469, Red Oak, Iowa 51566, or by telephone at (712) 623-5127.

Montgomery County

Montgomery County
 Reconciliation of the Balance Sheet –
 Governmental Funds to the Statement of Net Position

June 30, 2020

Total governmental fund balances (page 19) \$ 5,827,549

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the funds. The cost of capital assets is \$50,687,549 and the accumulated depreciation is \$12,419,951. 38,267,598

Other long-term assets are not available to pay current year expenditures and, therefore, are recognized as deferred inflows of resources in the governmental funds. 330,770

Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds, as follows:

| | | |
|--------------------------------|------------------|---------|
| Deferred outflows of resources | \$ 728,662 | |
| Deferred inflows of resources | <u>(571,811)</u> | 156,851 |

Long-term liabilities, including bonds payable, compensated absences payable, net pension liability, total OPEB liability and accrued interest payable are not due and payable in the current year and, therefore, are not reported in the governmental funds. (10,291,423)

Net position of governmental activities (page 16) \$ 34,291,345

See notes to financial statements.

| 2,245,371 | 142,032 | 85,678 | 84,479 | 5,827,549 |

Montgomery County

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances –
Governmental Funds to the Statement
of Activities

Year ended June 30, 2020

Change in fund balances - Total governmental funds (page 23) \$ (1,923,373)

**Amounts reported for governmental activities in the Statement of
Activities are different because:**

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures exceeded depreciation expense in the current year, as follows:

| | | |
|---|--------------------|-----------|
| Expenditures for capital assets | \$ 4,853,281 | |
| Capital assets contributed by the Iowa Department of Transportation | 3,383,466 | |
| Depreciation expense | <u>(2,183,936)</u> | 6,052,811 |

In the Statement of Activities, the gain on disposition of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources. 72,114

Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are recognized as deferred inflows of resources in the governmental funds, as follows:

| | | |
|--------------|----------------|---------|
| Property tax | 41,716 | |
| Other | <u>251,939</u> | 293,655 |

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. 998,000

The current year County IPERS contributions are reported as expenditures in the governmental funds but are reported as deferred outflows of resources in the Statement of Net Position. 361,641

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

| | | |
|----------------------------|--------------|------------------|
| Compensated absences | (13,040) | |
| OPEB expense | (3,322) | |
| Pension expense | (478,647) | |
| Interest on long-term debt | <u>2,260</u> | <u>(492,749)</u> |

Change in net position of governmental activities (page 17) **\$ 5,362,099**

See notes to financial statements.

Montgomery County

Notes to Financial Statements

June 30, 2020

(1) Summary of Significant Accounting Policies

Montgomery County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Montgomery County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County.

These financial statements present Montgomery County (the primary government) and its component unit. The component unit discussed below is included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Unit – The following component unit is an entity which is legally separate from the County, but is so intertwined with the County it is, in substance, the same as the County. It is reported as part of the County and blended into the appropriate fund.

The Montgomery County Conservation Foundation was incorporated under Chapter 504A of the Code of Iowa to enhance the delivery of services related to informing and educating the public on natural resources, conservation and recreation. Donations received are to be used to purchase items which are not included in the County's budget. The financial activity of the component unit has been blended as a Special Revenue Fund of the County.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Montgomery County Assessor’s Conference Board, Montgomery County Emergency Management Agency and County Joint 911 Service Board. Financial transactions of these organizations are included in the County’s financial statements only to the extent of the County’s fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

In addition, the County is involved in the following jointly governed organizations: Alcohol and Drug Assistance Agency, Fourth Judicial District, Southwest Iowa Planning Council, Red Oak Industrial Foundation, West Central Development Corporation, Sanitary Landfill, Waubonsie Mental Health Center, Nishna Productions, Golden Hills – Resource Conservation and Development, Southwest Iowa Juvenile Detention Center and Southwest Iowa MHDS. Financial transactions of these organizations are not included in the County’s financial statements.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Position presents the County’s nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, intellectual disabilities and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for the road use tax allocation from the State of Iowa, transfers from the Special Revenue, Rural Services Fund and other revenues to be used for secondary roads construction and maintenance.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the County's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

Additionally, the County reports the following funds:

Fiduciary Funds – Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balance/Net Position

The following accounting policies are followed in preparing the financial statements:

Cash and Pooled Investments – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law. Investments in non-negotiable certificates of deposit are stated at amortized cost.

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1.5% per month penalty for delinquent payments; is based on January 1, 2018 assessed property valuations; is for the tax accrual period July 1, 2019 through June 30, 2020 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2019.

Interest and Penalty on Property Tax Receivable – Penalty and interest on property tax receivable represents the amount of penalty and interest that was due and payable but has not been collected.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets – Capital assets, which include property, furniture and equipment and intangibles acquired after July 1, 2003 are reported in the governmental activities' column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

| Asset Class | Amount |
|----------------------------------|-----------|
| Infrastructure | \$ 50,000 |
| Intangibles | 50,000 |
| Land, buildings and improvements | 25,000 |
| Equipment and vehicles | 5,000 |

Capital assets of the County are depreciated/amortized using the straight line method over the following estimated useful lives:

| Asset Class | Estimated Useful lives (In Years) |
|-----------------------|--------------------------------------|
| Buildings | 40 - 50 |
| Building improvements | 20 - 50 |
| Infrastructure | 30 - 50 |
| Equipment | 2 - 20 |
| Intangibles | 2 - 20 |
| Vehicles | 3 - 10 |

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the County after the measurement date but before the end of the employer’s reporting period.

Due to Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation, sick leave and compensatory time hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2020. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

Long-Term Liabilities – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column of the Statement of Net Position.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees’ Retirement System (IPERS) and additions to/deductions from IPERS’ fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

Total OPEB Liability – For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on the Montgomery County’s actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

Deferred Inflows of Resources – Deferred inflows of resources represents an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivable and other receivables not collected within sixty days after year end and succeeding year property tax receivable that will not be recognized until the year for which it is levied.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized until the year for which it is levied, unrecognized items not yet charged to pension expense and the unamortized portion of the net difference between projected and actual earnings on pension plan assets.

Fund Balance – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisions through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

Unassigned – All amounts not included in the preceding classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2020, disbursements exceeded the amount budgeted in the capital projects function prior to the budget amendment and disbursements in one department exceeded the amount appropriated.

(2) Cash and Pooled Investments

The County’s deposits in banks at June 30, 2020 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The County had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

(3) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2020 is as follows:

| Transfer to | Transfer from | Amount |
|-------------------|------------------|---------------------|
| Special Revenue: | | |
| Flood and Erosion | General | \$ 10,000 |
| Secondary Roads | General | 70,000 |
| | Special Revenue: | |
| | Rural Services | 1,000,000 |
| | | <u>1,070,000</u> |
| Total | | <u>\$ 1,080,000</u> |

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(4) Capital Assets

Capital assets activity for the year ended June 30, 2020 was as follows:

| | Balance Beginning of Year | Increases | Decreases | Balance End of Year |
|---|---------------------------------|-----------|-----------|---------------------------|
| Governmental activities: | | | | |
| Capital assets not being depreciated/amortized: | | | | |
| Land | \$ 681,859 | - | - | 681,859 |
| Intangibles, road network | 212,998 | - | - | 212,998 |
| Construction in progress | 935,497 | - | 935,497 | - |
| Total capital assets not being depreciated/amortized | 1,830,354 | - | 935,497 | 894,857 |
| Capital assets being depreciated/amortized: | | | | |
| Buildings | 6,975,302 | - | - | 6,975,302 |
| Improvements other than buildings | 1,418,063 | - | - | 1,418,063 |
| Equipment and vehicles | 9,287,503 | 4,017,125 | 591,932 | 12,712,696 |
| Intangibles | 87,556 | - | - | 87,556 |
| Infrastructure, road network | 23,231,706 | 5,367,369 | - | 28,599,075 |
| Total capital assets being depreciated/amortized | 41,000,130 | 9,384,494 | 591,932 | 49,792,692 |
| Less accumulated depreciation for: | | | | |
| Buildings | 1,340,720 | 138,563 | - | 1,479,283 |
| Improvements other than buildings | 130,207 | 69,239 | - | 199,446 |
| Equipment and vehicles | 4,304,490 | 1,072,578 | 451,796 | 4,925,272 |
| Intangibles | 32,835 | 10,944 | - | 43,779 |
| Infrastructure, road network | 4,879,559 | 892,612 | - | 5,772,171 |
| Total accumulated depreciation/amortization | 10,687,811 | 2,183,936 | 451,796 | 12,419,951 |
| Total capital assets being depreciated/amortized, net | 30,312,319 | 7,200,558 | 140,136 | 37,372,741 |
| Governmental activities capital assets, net | \$ 32,142,673 | 7,200,558 | 1,075,633 | 38,267,598 |

Depreciation/amortization expense was charged to the following functions:

| | |
|---|---------------------|
| Governmental activities: | |
| Public safety and legal services | \$ 807,419 |
| Physical health and social services | 1,185 |
| County environment and education | 22,511 |
| Roads and transportation | 1,251,633 |
| Administration | 101,188 |
| Total depreciation/amortization expense - governmental activities | <u>\$ 2,183,936</u> |

(5) Due to Other Governments

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. Tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments at June 30, 2020 is as follows:

| Fund | Description | Amount |
|------------------------------|-------------|----------------------|
| General | Services | \$ 3,683 |
| Special Revenue: | | |
| Rural Services | Services | 79 |
| Secondary Roads | Services | 618 |
| Total for governmental funds | | <u>\$ 4,380</u> |
| Agency: | | |
| County Assessor | Collections | \$ 557,907 |
| Schools | | 8,560,745 |
| Community Colleges | | 543,002 |
| Corporations | | 3,827,931 |
| Townships | | 187,393 |
| Auto License and Use Tax | | 427,969 |
| County Hospital | | 1,825,942 |
| All other | | 765,219 |
| Total for agency funds | | <u>\$ 16,696,108</u> |

(6) Changes in Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2020 is as follows:

| | General Obligation Bonds | Compensated Absences | Net Pension Liability | Total OPEB Liability | Total |
|---------------------------|--------------------------------|-------------------------|-----------------------------|----------------------------|-------------------|
| Balance beginning of year | \$ 8,933,000 | 264,679 | 2,277,007 | 88,279 | 11,562,965 |
| Increases | - | 292,257 | - | 9,657 | 301,914 |
| Decreases | 998,000 | 279,217 | 314,514 | - | 1,591,731 |
| Balance end of year | <u>\$ 7,935,000</u> | <u>277,719</u> | <u>1,962,493</u> | <u>97,936</u> | <u>10,273,148</u> |
| Due within one year | \$ 1,020,000 | 192,896 | - | 7,502 | 1,212,896 |

General Obligation Bonds

On March 5, 2015, the County issued \$3,915,000 of general obligation refunding bonds for a crossover advance refunding of \$2,210,000 of the general obligation Law Enforcement Center bonds, Series 2010 and \$2,080,000 of the general obligation Law Enforcement Center bonds, Series 2011. The bonds bear interest at 2.00% to 3.00% per annum and mature June 1, 2029. The crossover refunding dates were June 1, 2017 for the 2015-2018 maturities of the general obligation Law Enforcement Center bonds, Series 2010 and June 1, 2018 for the 2026-2031 maturities of the general obligation Law Enforcement Center bonds, Series 2011. During the year ended June 30, 2020, the County paid principal of \$325,000 and interest of \$82,713 on the bonds.

On May 16, 2017, the County issued \$600,000 of general obligation courthouse improvement bonds, with an interest rate of 1.80% per annum, for the purpose of courthouse improvement projects. During the year ended June 30, 2020, the County paid principal of \$158,000 and interest of \$5,724 on the bonds.

On February 22, 2018, the County issued \$5,755,000 of general obligation emergency services communication bonds, with interest rates ranging from 2.00% to 4.00% per annum, for the purpose of purchasing emergency services communication equipment for the County. During the year ended June 30, 2020, the County paid principal of \$515,000 and interest of \$172,150 on the bonds.

A summary of the County's June 30, 2020 general obligation bonded indebtedness is as follows:

| Year Ending June 30, | General Obligation Refunding Bonds | | | County Courthouse Improvement Bonds | | |
|----------------------------|---------------------------------------|--------------|----------|--|------------|----------|
| | Issued March 5, 2015 | | | Issued May 16, 2017 | | |
| | Interest Rates | Principal | Interest | Interest Rates | Principal | Interest |
| 2021 | 2.00% | \$ 325,000 | 76,213 | 1.80% | \$ 160,000 | 2,880 |
| 2022 | 2.00 | 335,000 | 69,712 | | - | - |
| 2023 | 2.25 | 335,000 | 63,013 | | - | - |
| 2024 | 2.50 | 345,000 | 55,475 | | - | - |
| 2025 | 2.50 | 350,000 | 46,850 | | - | - |
| 2026-2028 | 2.75-3.00 | 1,300,000 | 89,850 | | - | - |
| Total | | \$ 2,990,000 | 401,113 | | \$ 160,000 | 2,880 |

| Year Ending June 30, | General Obligation Emergency Services Communication Bonds | | | Total | | |
|----------------------------|--|--------------|----------|--------------|-----------|-----------|
| | Issued February 22, 2018 | | | Principal | Interest | Total |
| | Interest Rates | Principal | Interest | Principal | Interest | Total |
| 2021 | 4.00% | \$ 535,000 | 151,550 | \$ 1,020,000 | 230,643 | 1,250,643 |
| 2022 | 2.08-3.00 | 555,000 | 130,150 | 890,000 | 199,862 | 1,089,862 |
| 2023 | 3.00 | 570,000 | 115,800 | 905,000 | 178,813 | 1,083,813 |
| 2024 | 3.00 | 590,000 | 98,700 | 935,000 | 154,175 | 1,089,175 |
| 2025 | 3.00 | 605,000 | 81,000 | 955,000 | 127,850 | 1,082,850 |
| 2026-2028 | 3.00-3.75 | 1,930,000 | 131,700 | 3,230,000 | 221,550 | 3,451,550 |
| Total | | \$ 4,785,000 | 708,900 | \$ 7,935,000 | 1,112,893 | 9,047,893 |

(7) County Emergency Management Commission – Construction Note

Montgomery County Emergency Management Agency is operated under the authority of Chapter 29C.9 of the Code of Iowa and serves as an agency of the State of Iowa. This agency is administered by the Montgomery County Emergency Management Commission separate and distinct from County operations and, consequently, is not included in Exhibits A or B.

On September 21, 2017, the Montgomery County Emergency Management Commission authorized a \$525,000 bank loan for 10 years at 3.85% interest to be used for the construction of an office and equipment storage facility. The loan requires monthly payments of \$3,859 through January 2028. During the year ended June 30, 2020, the Emergency Management Commission paid \$57,549 principal and interest. Total outstanding principal on the bank loan at June 30, 2020 was \$461,016. The Emergency Management Commission does not have the same Home Rule powers granted to cities and counties and, consequently, its powers come expressly from Chapter 29C of the Code of Iowa.

Based on a review of Chapter 29C of the Code of Iowa and the Attorney General's letter of advice dated December 11, 2017, the Commission did not have statutory authority to enter into this loan obligation. A finding and recommendation pertaining to this noncompliance was provided in the prior year, including that the Commission should work with members for future borrowing needs.

(8) Pension Plan

Plan Description – IPERS membership is mandatory for employees of the County, except for those covered by another retirement system. Employees of the County are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at PO Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Sheriffs, deputies and protection occupation members may retire at normal retirement age, which is generally age 55. Sheriffs, deputies and protection occupation members may retire any time after reaching age 50 with 22 or more years of covered employment.

The formula used to calculate a sheriff's, deputy's and protection occupation member's monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for more than 22 years of service but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2020, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the County contributed 9.44% of covered payroll, for a total rate of 15.73%. The Sheriff, deputies and the County each contributed 9.51% of covered payroll, for a total rate of 19.02%. Protection occupation members contributed 6.61% of covered payroll and the County contributed 9.91% of covered payroll, for a total rate of 16.52%.

The County's contributions to IPERS for the year ended June 30, 2020 totaled \$361,641.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2020, the County reported a liability of \$1,962,493 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2019, the County's proportion was 0.033891%, which was a decrease of 0.002091% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized pension expense of \$478,647. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|-----------------------------------|----------------------------------|
| Differences between expected and actual experience | \$ 16,154 | 88,982 |
| Changes of assumptions | 313,593 | 79,311 |
| Net difference between projected and actual earnings on IPERS' investments | - | 358,284 |
| Changes in proportion and differences between County contributions and the County's proportionate share of contributions | 30,171 | 42,965 |
| County contributions subsequent to the measurement date | 361,641 | - |
| Total | <u>\$ 721,559</u> | <u>569,542</u> |

\$361,641 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ending June 30, | Amount |
|-------------------------|---------------------|
| 2021 | \$ 36,282 |
| 2022 | (102,115) |
| 2023 | (73,614) |
| 2024 | (62,968) |
| 2025 | (7,209) |
| Total | <u>\$ (209,624)</u> |

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

| | |
|--|---|
| Rate of inflation (effective June 30, 2017) | 2.60% per annum. |
| Rates of salary increase (effective June 30, 2017) | 3.25 to 16.25% average, including inflation. Rates vary by membership group. |
| Long-term investment rate of return (effective June 30, 2017) | 7.00% compounded annually, net of investment expense, including inflation. |
| Wage growth (effective June 30, 2017) | 3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation. |

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2019 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Asset Allocation | Long-Term Expected Real Rate of Return |
|--------------------------|------------------|--|
| Domestic equity | 22.0% | 5.60% |
| International equity | 15.0 | 6.08 |
| Global smart beta equity | 3.0 | 5.82 |
| Core plus fixed income | 27.0 | 1.71 |
| Public credit | 3.5 | 3.32 |
| Public real assets | 7.0 | 2.81 |
| Cash | 1.0 | (0.21) |
| Private equity | 11.0 | 10.13 |
| Private real assets | 7.5 | 4.76 |
| Private credit | 3.0 | 3.01 |
| Total | <u>100.0%</u> | |

Discount Rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the County will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate – The following presents the County's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.00%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

| | 1% Decrease (6.00%) | Discount Rate (7.00%) | 1% Increase (8.00%) |
|---|---------------------------|-----------------------------|---------------------------|
| County's proportionate share of the net pension liability (asset) | \$ 4,330,014 | 1,962,493 | (22,590) |

IPERS Fiduciary Net Position – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to IPERS – All legally required County contributions and legally required employee contributions which had been withheld from employee wages were remitted by the County to IPERS by June 30, 2020.

(9) Other Postemployment Benefits (OPEB)

Plan Description – The County administers a single-employer benefit plan which provides medical, prescription drug and dental benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits – Individuals who are employed by Montgomery County and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical, prescription drug and dental benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2020, the following employees were covered by the benefit terms:

| | |
|--|-----------|
| Inactive employees or beneficiaries currently receiving benefit payments | 1 |
| Active employees | <u>80</u> |
| Total | <u>81</u> |

Total OPEB Liability – The County’s total OPEB liability of \$97,936 was measured as of June 30, 2020 and was determined by an actuarial valuation as of January 1, 2020.

Actuarial Assumptions – The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

| | |
|---|--|
| Rate of inflation (effective June 30, 2020) | 3.00% per annum. |
| Rates of salary increase (effective June 30, 2020) | 2.50% per annum, including inflation. |
| Discount rate (effective June 30, 2020) | 3.50% compounded annually, including inflation. |
| Healthcare cost trend rate (effective June 30, 2020) | 7.00% initial rate decreasing by .5% annually to an ultimate rate of 5.00%. |

Discount Rate – The discount rate used to measure the total OPEB liability was 3.50% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP 2014 annuitant distinct mortality table adjusted to 2006 with MP 2019 generational projection of future mortality improvement. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirroring those used by IPERS.

Changes in the Total OPEB Liability

| | <u>Total OPEB Liability</u> |
|--|---------------------------------|
| Total OPEB liability beginning of year | \$ 88,279 |
| Changes for the year: | |
| Service cost | 6,911 |
| Interest | 3,438 |
| Differences between expected and actual experiences | 3,234 |
| Changes in assumptions | 3,576 |
| Benefit payments | <u>(7,502)</u> |
| Net changes | <u>9,657</u> |
| Total OPEB liability end of year | <u>\$ 97,936</u> |

Changes of assumptions reflect a change in the discount rate from 3.44% in fiscal year 2019 to 3.50% in fiscal year 2020.

Sensitivity of the County's Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.50%) or 1% higher (4.50%) than the current discount rate.

| | 1% Decrease (2.50%) | Discount Rate (3.50%) | 1% Increase (4.50%) |
|----------------------|---------------------------|-----------------------------|---------------------------|
| Total OPEB liability | \$ 104,459 | 97,936 | 91,915 |

Sensitivity of the County's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (6.00%) or 1% higher (8.00%) than the current healthcare cost trend rates.

| | 1% Decrease (6.00%) | Healthcare Cost Trend Rate (7.00%) | 1% Increase (8.00%) |
|----------------------|---------------------------|---|---------------------------|
| Total OPEB liability | \$ 89,374 | 97,936 | 107,983 |

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – For the year ended June 30, 2020, the County recognized OPEB expense of \$3,322. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following resources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|-----------------------------------|----------------------------------|
| Differences between expected and actual experience | \$ 2,904 | (2,269) |
| Changes in assumptions | 4,199 | - |
| Total | \$ 7,103 | (2,269) |

The amount reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

| Year ending June 30, | Amount |
|-------------------------|----------|
| 2021 | \$ 475 |
| 2022 | 475 |
| 2023 | 475 |
| 2024 | 475 |
| 2025 | 475 |
| Thereafter | 2,459 |
| | \$ 4,834 |

(10) Risk Management

The County is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 779 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public official liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member’s annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool’s general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual property operating contributions which are necessary to fund, on a cash basis, the Pool’s general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year’s member contributions.

The County's property and casualty contributions to the Pool are recorded as expenditures from its operating funds at the time of payment to the Pool. The County's contributions to the Pool for the year ended June 30, 2020 were \$96,718.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location. Property risks exceeding \$250,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the County's risk-sharing certificate, or in the event a casualty claims, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred, and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2020, no liability has been recorded in the County's financial statements. As of June 30, 2020, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$1,000,000 and \$100,000, respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(11) Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

Tax Abatements of Other Entities

Property tax revenues of the County were reduced by the following amounts for the year ended June 30, 2020 under agreements entered into by the following entities:

| <u>Entity</u> | <u>Tax Abatement Program</u> | <u>Amount of Tax Abated</u> |
|-----------------|---|-----------------------------|
| City of Red Oak | Urban renewal and economic development projects | \$ 40,661 |

(12) County Financial Information Included in Southwest Iowa MHDS

Southwest Iowa MHDS, a jointly governed organization formed pursuant to the provisions of Chapter 28E of the Code of Iowa which became effective July 28, 2014, includes the following member counties: Cass County, Fremont County, Harrison County, Mills County, Monona County, Montgomery County, Page County, Pottawattamie County and Shelby County. The financial activity of the County's Special Revenue, Mental Health Fund is included in Southwest Iowa MHDS for the year ended June 30, 2020, as follows:

| | | |
|---------------------------------------|--|------------------|
| Revenues: | | |
| Property and other county tax | | \$ 236,363 |
| Intergovernmental revenues: | | |
| State tax credits | | <u>18,797</u> |
| Total revenues | | 255,160 |
| Expenditures: | | |
| General administration: | | |
| Distribution to regional fiscal agent | | <u>245,802</u> |
| Excess of revenues over expenditures | | 9,358 |
| Fund balance beginning of year | | <u>19,136</u> |
| Fund balance end of year | | <u>\$ 28,494</u> |

(13) Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 84, Fiduciary Activities. This statement will be implemented for the fiscal year ending June 30, 2021. The revised requirements of this statement will enhance the consistency and comparability of fiduciary activity reporting by state and local governments by establishing specific criteria for identifying fiduciary activities and clarifying whether and how business-type activities should report their fiduciary activities.

(14) COVID-19

In March 2020, the COVID-19 outbreak was declared a global pandemic. The disruption to businesses across a range of industries in the United States continues to evolve. The full impact to local, regional and national economies, including that of Montgomery County, remains uncertain.

To date, the outbreak has not created a material disruption to the operations of Montgomery County. However, the extent of the financial impact of COVID-19 will depend on future developments, including the spread of the virus, duration and timing of the economic recovery. Due to the uncertainties, management cannot reasonably estimate the potential impact to Montgomery County.

Montgomery County

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2020

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except blended component units and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, two budget amendments increased budgeted disbursements by \$3,911,251. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the 911 System by the Joint 911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2020, disbursements exceeded the amount budgeted in the capital projects function prior to the budget amendment and disbursements in one department exceeded the amount appropriated.

Montgomery County

Notes to Required Supplementary Information – Pension Liability

Year ended June 30, 2020

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Officials of Montgomery County:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Montgomery County, Iowa, as of and for the year ended June 30, 2020, and the related Notes to Financial Statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated August 16, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Montgomery County's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Montgomery County's internal control. Accordingly, we do not express an opinion on the effectiveness of Montgomery County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. However as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings as items (A) through (C) to be material weaknesses.

A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings as items (D) and (E) to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Montgomery County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted an immaterial instance of non-compliance or other matters which is described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2020 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

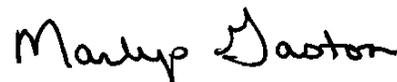

Montgomery County's Responses to the Findings

Montgomery County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. Montgomery County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Montgomery County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Marlys K. Gaston, CPA
Deputy Auditor of State

August 16, 2021

Montgomery County
 Schedule of Findings
 Year ended June 30, 2020

Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

(A) Segregation of Duties

Criteria – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the County’s and the Conservation Foundation’s financial statements.

Condition – Generally, one or two individuals in the offices identified may have control over the following areas for which no compensating controls exist:

| | <u>Applicable Offices</u> |
|--|--|
| (1) Receipts – opening and listing mail receipts, collecting, depositing, posting and daily reconciling. | Treasurer, Recorder, Sheriff and Conservation Foundation |
| (2) Bank reconciliations are not prepared by someone who does not sign checks, handle or record cash. | Sheriff and Conservation Foundation |
| (3) Investments – investing, custody and accounting. | Treasurer |
| (4) Disbursements – check or warrant writing, signing, posting, reconciling and final approval. | Sheriff and Conservation Foundation |

Cause – The County offices noted above, and the Conservation Foundation, have a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

Effect – Inadequate segregation of duties could adversely affect each County office’s and the Conservation Foundation’s ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

Recommendation – Each official and management of the Conservation Foundation should review the control activities of their office to obtain the maximum internal control possible under the circumstances. The official should utilize current personnel, including elected officials, to provide additional control through review of financial transactions, reconciliations and reports. Such reviews should be

Montgomery County

Schedule of Findings

Year ended June 30, 2020

performed by independent persons and the review should be documented by the signature or initials of the reviewer and the date of the review.

Responses –

County Treasurer – We are currently in the process of reorganizing the office to utilize cross-training to segregate duties. We are always looking for better opportunities to improve the process flow for customers and personnel. Once office personnel are cross-trained we would like to be able to split the duties from the beginning of the day and the end of the day balancing into three different employees so as to contain the possibility of errors/dishonesty. The County Treasurer is fairly new and was not the current Treasurer for the time that this audit covered; however, is no stranger to the accountability that needs to be maintained in an office setting. We will continuously work towards quality improvement for all functions of the Treasurer's Office.

County Sheriff – The initial receipt listing is periodically reconciled unannounced to ensure all incoming funds are recorded. Checking account balances are randomly reviewed to ensure all deposits and checks written are validated. We will try to segregate as much as possible.

County Recorder – We segregate duties as much as possible and continually look for ways to improve and monitor this situation but due to the number of employees, options are limited. We continue to utilize a spreadsheet listing money received by mail daily. We also have an employee in a separate office (who does not have access to our cash register or bank account) reconcile, sign and date the bank statement and check register each month.

Conservation Foundation – We will try to segregate duties as much as possible given the size of our office.

Conclusions – Responses acknowledged. County officials and management of the Conservation Foundation should continue to review their operating procedures to obtain the maximum internal control where possible. Controls implemented should be documented by signatures, initials or other support to document segregation of duties within the offices.

(B) Financial Reporting

Criteria – A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Properly designed policies and procedures and implementation of the policies and procedures are an integral part of ensuring the reliability and accuracy of the County's financial statements.

Montgomery County

Schedule of Findings

Year ended June 30, 2020

Condition – Material amounts of payables, receivables and capital asset additions were not properly recorded in the County’s financial statements. Adjustments were subsequently made by the County to properly include these amounts in the financial statements.

Cause – County policies do not require, and procedures have not been established to require independent review of year end cut-off transactions to ensure the County’s financial statements are accurate and reliable.

Effect – Lack of policies and procedures resulted in County employees not detecting the errors in the normal course of performing their assigned functions. As a result, material adjustments to the County’s financial statements were necessary.

Recommendation – The County should establish procedures to ensure all payables, receivables and capital asset additions are identified and are properly recorded in the County’s financial statements.

Response – The Board of Supervisors will follow through with the recommendation by the Auditors. The Secondary Roads Department will ensure that all financial reporting for capital assets and infrastructure is completed timely and accurately to the extent possible. The County Treasurer will ensure every effort is made to provide continuous improvement for the financial reporting process. The County Treasurer’s goal is to establish control features to ensure accuracy and accountability.

Conclusion – Response accepted.

(C) Delinquent Property Tax Reconciliations

Criteria – An effective internal control system provides for internal controls related to reconciling current and delinquent property tax collections to tax billings and amounts becoming or remaining delinquent to ensure the accuracy of current and delinquent property tax collections and receivables.

Condition – Delinquent tax reconciliations were not prepared.

Cause – Policies have not been established and procedures have not been implemented to reconcile delinquent property tax to ensure the accuracy of property tax collections and receivables.

Effect – Since delinquent property tax collections were not reconciled, misstatements of delinquent property tax collections and/or receivables may not have been prevented or detected and corrected on a timely basis in the normal course of operations.

Recommendation – Delinquent property tax reconciliations should be prepared, independently reviewed, and differences investigated and resolved in a timely manner.

Montgomery County

Schedule of Findings

Year ended June 30, 2020

Response – We will work with other County Treasurers and the software supplier to ensure we complete a delinquent property tax reconciliation.

Conclusion – Response accepted.

(D) Conservation Foundation - Bank Reconciliation

Criteria – An effective internal control system provides for internal controls related to ensuring proper accounting for all funds by maintaining appropriate accounting records and reconciling bank and book balances.

Condition – Bank reconciliations were not prepared for the Montgomery County Conservation Foundation.

Cause – Procedures have not been designed and implemented to ensure all accounts are reconciled timely and the amounts recorded in the books and the bank are complete and accurate to ensure proper accounting for all funds.

Effect – A lack of bank to book reconciliations can result in unrecorded transactions, undetected errors and opportunity for misappropriation.

Recommendation – The Montgomery County Conservation Foundation should prepare timely bank reconciliations and have an independent person review the reconciliations for propriety. The reviews should be documented by the signature or initials of the reviewer and the date of the review.

Response – We will begin preparing a bank reconciliation. The controls for the bank reconciliation will be changed to include a meeting of three Board members monthly to check and sign off on the bank reconciliations.

Conclusion – Response accepted.

(E) Void Receipts

Criteria – An effective internal control system provides for internal controls related to ensuring all receipts are properly accounted for, including the propriety of void receipts.

Condition – A report of void receipts is not maintained.

Cause – Policies have not been established and procedures have not been implemented to require preparation of a voided receipt listing for independent review.

Effect – Inadequate void receipt records can result in unrecorded cash receipts, undetected errors and opportunity for misappropriations.

Recommendation – The County should prepare a listing of voided receipts. An independent person should review this listing to ensure voided receipts are appropriate.

Montgomery County

Schedule of Findings

Year ended June 30, 2020

Response – Beginning in fiscal year 2021, voided receipts are monitored during the daily balancing functions of the Treasurer’s Office. Motor vehicle voids are documented and kept with the daily balancing reports. They are archived in our files for future reference. We try to ensure these documents are reviewed and signed off by at least one other employee for accountability.

Conclusion – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Montgomery County

Schedule of Findings

Year ended June 30, 2020

Other Findings Related to Required Statutory Reporting:

- (1) Certified Budget – Disbursements during the year ended June 30, 2020 exceeded the amount budgeted in the capital projects function prior to the budget amendment and disbursements in one department exceeded the amount appropriated at the end of the year.

The notice for one budget amendment hearing was not published not less than ten nor more than twenty days prior to the hearing as required by Chapters 331.434(3) and 331.435 of the Code of Iowa.

Recommendation – The budget should have been amended in accordance with Chapter 331.435 of the Code of Iowa before disbursements were allowed to exceed the budget.

Chapter 331.434(6) of the Code of Iowa authorizes the Board of Supervisors, by resolution, to increase or decrease appropriations of one office or department by increasing or decreasing the appropriation of another office or department as long as the function budget is not increased. Such increases or decreases should be made before disbursements are allowed to exceed the appropriation.

The County should ensure budget amendments are published no less than ten and no more than twenty days prior to the public hearing as required.

Response – The Board of Supervisors will thoroughly review month-end expense reports and do a budget amendment if needed. Also, we will publish the notice for a public hearing in accordance with the Code of Iowa.

Conclusion – Response accepted.

- (2) Questionable Expenditures – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 were noted.
- (3) Travel Expense – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.
- (4) Business Transactions – No business transactions between the County and County officials or employees were noted.
- (5) Restricted Donor Activity – No transactions were noted between the County, County officials or County employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- (6) Bond Coverage – Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of surety bond coverage should be reviewed annually to ensure the coverage is adequate for current operations.
- (7) Board Minutes – No transactions were found that we believe should have been approved in the Board minutes but were not.

Montgomery County

Schedule of Findings

Year ended June 30, 2020

- (8) Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the County's investment policy were noted.
- (9) Resource Enhancement and Protection Certification – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).
