WEX Connect App Helps Drivers Locate Discount Providers and More

Did you know the State of Iowa fleet purchased 2,104,195 gallons of gas last year? What's more, saving just 5 cents per gallon would have created a reduction in fuel expense of \$105,000.75. To help drivers locate the lowest fuel prices and other services, WEX has launched its WEX Connect app. This app is free and allows drivers to:

- Locate providers offering fuel discounts to State of Iowa drivers using WEX fuel cards. Drivers are encouraged to purchase fuel at these vendors whenever possible:
 - QuikTrip (QT): \$.02 off/gallon
 - Kum & Go: \$.035 off/gallon
 - Kwik Trip/Star: \$.05 off/gallon
 - Hy-Vee Gas: \$.03 off/gallon
 - Dyno/Rainbow Oil Distributors: \$.03 off/gallon
- Sort stations with the lowest cost fuel in their area by distance and price
- Find fueling stations with car washes
- Locate the closest service stations

The WEX Connect app is available for Apple and Android devices:

Fun Fact

Compared to many places Iowa's fuel prices are fairly reasonable. Recently the price of gas in Hong Kong was \$8.76 per gallon!
