# Introduction and Summary of FY94 Statistics

## Content and Format

The 1993-94 edition of Iowa Public Library Statistics includes information on income, expenditures, acquisitions, holdings, circulations, personnel, and output measures. Introductory and explanatory material and a county by county study are also included.

The 1993-94 edition presents data in the following formats:

- data from individual libraries;
- state totals and averages, by size; and
- county data for income, holdings, and circulation.

Analysis by Region is not included in this publication.

Library listings are by Size Code, alphabetically by city. Listing by Size Code allows each library to compare itself with other libraries in cities of similar size. Surveys from the 508 libraries which reported their data are included in this publication. A Table of Cities and Size Codes is included to assist users of the publication in locating any given library in the individual library tables.

The county study provides per capita studies of income, holdings and circulation for each county. The county study provides a true per capita because it includes the total population of the county.

The second edition of In Service to Iowa emphasizes turnover rate, percent of the collection added, and percent of the collection withdrawn. These collection development indicators are included in the data for individual libraries. Turnover rate is listed under Circulation; percent withdrawn is listed under Holdings; and percent added is listed under Acquisitions in this edition of the Iowa Public Library Statistics.

## National Data. Iowa Rankings

According to the most recent national data, Iowa ranked as follows in selected categories: (all categories are per capita)

Category	Total Income	Hours Open	Books/Serials	Circulations
Rank	27	2	11	9

Category	ILL/ Borrowed	Library Visits	Reference	
Rank	20	9	32	

## National Data Collection Time Table

The FY94 timetable for the Public Library Statistics program is as follows:

6/1/94	General Information Survey mailed to public libraries
8/31/94	General Information Survey returned to Regional Libraries
8/31/94	General Information Surveys returned to the State Library
11/23/94	Printed tables processed with WordPerfect Informs
12/1/94	Public Library Statistics sent to the printer
12/26/94	Public Library Statistics mailed to libraries
6/1/95	Iowa data sent in electronic format to the Federal State Cooperative System for Public Library Statistics(FSCS).

## Importance and Use of Public Library Statistics

At the local, regional, and state level, public library statistics are used for:

- comparative analysis with other libraries;
- justification of budget requests;
- tracking of inputs and outputs over time;
- as part of planning and role setting; and
- evaluating grant and other programs.

At the national level, the U.S. Congress recognized the need for more and better data to assist in the public debate on Education and the role of the public library nationwide with the passage of Public Law 100-297, the Hawkins-Stafford Elementary and Secondary School Improvement Act. As part of the Act, Congress established FSCS to collect and disseminate national public library data through a cooperative system involving State Libraries, the National Commission on Library and Information Science, and the National Center for Education Statistics.

The FSCS cooperative has collected and published national public library data since 1988. Iowa data is included in an annual publication, Public Libraries in the U.S., which is mailed to every public library. The definitions used in our General Information Survey are based on FSCS definitions. FSCS definitions have been approved by the 51 State Data coordinators after a careful evaluation by the FSCS Steering Committee. New data elements are introduced very carefully, and are evaluated for a three-year period before they are officially adopted.

Iowa received the FSCS Frances Kepple award for library statistics again in FY94.

## Income

Iowa public libraries reported total income of \$56.0 million in FY94, compared with \$54.6 million in FY93, an increase of 2%. Nationally, public library income was \$4.9 billion. The following percentages compare income by various types in Iowa and nationally:

	% Local	% State	% Federal	% Other
National	78.6	12.0	1.0	8.4
Iowa	82.5	2.1	.8	14.5

## Expenditures

Iowa public libraries reported expenditures of \$52.6 million in FY94, as compared with \$54.4 million dollars in FY93, a decrease of 3%. Much of the decrease came as a result of capital outlay, which decreased from \$6.3 million to \$5.1 million.

Nationally, the 9,050 public libraries had total operating expenditures of \$4.5 billion, an increase of \$.4 billion from the previous year. Of the national expenditures, 64.7% was for staff and 15.3% was for collection. In Iowa, 57% of expenditures were for staff and 15% was for collection.

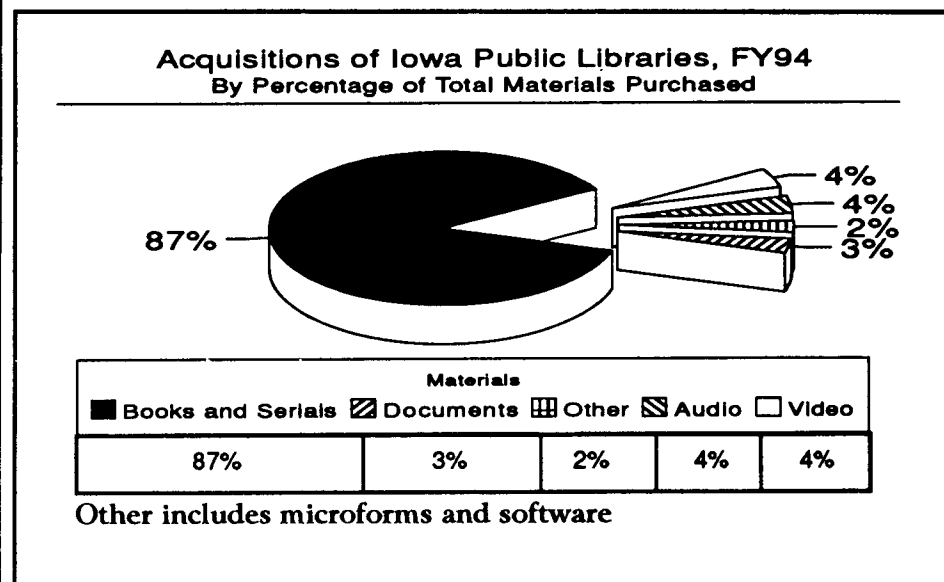

An "average" Iowa public library spent the following in FY94: Salaries/wages, \$49,313; Fringe benefits, \$9,884; Books, \$11,673; Periodicals, \$2,094; Other materials, \$2,068; Plant operation, \$6,469; Equipment, \$2,052; Other expenditures, \$10,081; Capital outlay, \$10,072. The population served by this "average" library was 4,001. For averages by Size Code, see the tables of averages in the Summary section.

## Acquisitions

In FY94, Iowa public libraries purchased 786,099 items, or 6.8% of their existing collections. Acquisitions were as follows:

Print volumes	Gvt. documents	Audio	Video
681,931	23,587	28,711	31,158

The percentages of various categories of items purchased are illustrated in the following graphic:

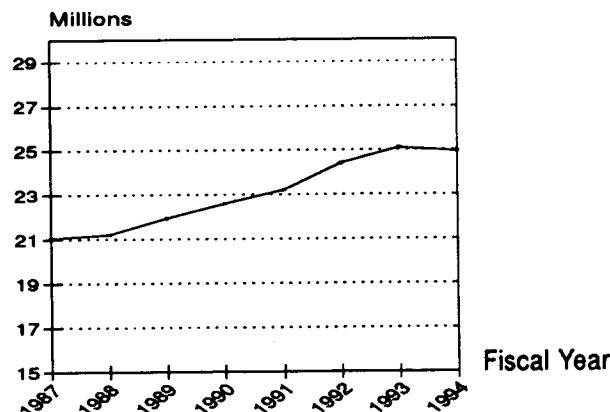

## Holdings

Iowa public libraries had a total of 11.6 million items in FY94, an increase of 1% from FY93. Iowa holdings were 5.7 items per capita. Books comprised 10.6 million volumes, or 91%, of the collections in Iowa public libraries.

## Circulation

Total circulation of all materials from Iowa public libraries was 24.9 million items in FY94, a decrease of 1% from FY93. Book circulation was 78% of total circulation. The decrease follows a pattern of increasing circulation over the past seven years, as illustrated by the following graph:

**Total Circulation of Iowa Public Libraries  
1987-1994**  
Circulation Dropped by 1% after a 19% Increase Over 7 Years

### **Staffing**

Iowa public libraries employed 1,207 librarians (743 FTE) in FY94. Full-time equivalency is determined by dividing the number of hours worked in a typical week by 40. Iowa libraries employed 1,231 other staff (591 FTE) in FY94. There were 238 FTE employees with the Masters in Library Science (MLS) degree in Iowa public libraries. Iowa ranks 28th in the nation in number of MLS staff per capita.

### **Input/Output Measures**

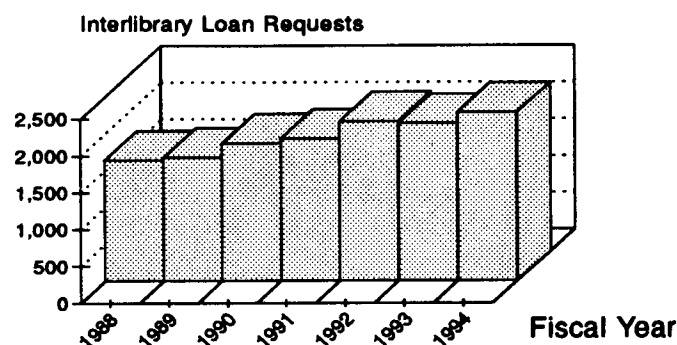

Iowa public libraries provided a very high level of service to patrons in FY94. Eighty percent of the citizens of Iowa were registered borrowers of a local public library. There were 1.7 million registered borrowers in the 507 reporting libraries. The "average" Iowa library was open a total of 1,583 hours per year and had a building 4,620 square feet in size. The "average" library director salary was \$7.81 per hour.

In the "average" Iowa public library (serving an "average" population of 4,001), the following activities occurred during 1992-94: 25,236 items were used in the library; there were 27,633 library visits; 3,058 reference questions were asked; and 195 items were borrowed on interlibrary loan. In the "average" Iowa public library, library users found the title they were looking for 79% of the time (Title Fill Rate), and they found the subject or author they were looking for 83% of the time (Author/Subject Fill Rate).

Library customers found something of interest in the library 90% of the time (Browser Fill Rate). When items were not immediately available, 57% were made available within 7 days, 22% were made available within 14 days, and 11% were available within 30 days. Ten percent of requested materials were not available within 30 days.

Iowa public libraries borrowed 114,116 items (an average of 2,195 per week) for their customers in FY94, a 7% increase over FY93. The pattern of an increasing number of items borrowed per week is illustrated by the following graphic:

in Iowa Public Libraries, 1988-1994**

## Explanatory Notes

### Library Size Codes

Library Size Codes are based on the jurisdiction population of the city, i.e. the population of the city which the library was established to serve. Population figures are taken from the 1990 U.S. Census. County libraries have a separate designation.

Library Size Code	Population	Number of Libraries
A -	libraries serving less than 500 -	142
B -	libraries serving 500 - 999 -	132
C -	libraries serving 1,000 - 2,499 -	138
D -	libraries serving 2,500 - 4,999 -	50
E -	libraries serving 5,000 - 9,999 -	37
F -	libraries serving 10,000 - 24,999 -	13
G -	libraries serving 25,000 - 49,999 -	9
H -	libraries serving 50,000 and over -	8
I -	county libraries -	4
		Total - 533

## STATE LIBRARY OF IOWA

# 1994 PUBLIC LIBRARY GENERAL INFORMATION SURVEY DIRECTIONS

(July 1, 1993 - June 30, 1994)

**PURPOSE OF THE SURVEY.** This survey will provide current information about public service outlets, holdings, staffing, income, expenditures, circulation, services, and hours open of public libraries. Furthermore, it will help provide a total picture of libraries on a state and nation wide basis. This report is authorized by law (Iowa Code 303.2(3)(i)). While you are not required to respond, your cooperation is needed to make the results of this survey comprehensive, accurate, and timely. Thank you for your cooperation in this effort to gather and disseminate current information about Iowa's public libraries.

**NOTE.** Please read directions carefully before completing this form. Each library should include in its report data for all branches and other outlets that it operates, as well as data for the services and materials that it provides to other libraries, institutions, and organizations, and to all areas by contract or formal arrangement.

Please check the contents of the 1994 (July 1, 1993 - June 30, 1994) Survey Packet. It should contain:

- a. 1 copy - 11 page set of directions.
- b. 1 copy - 11 page State Library public library survey form.
- c. 1 State Library mailing label, 1 Regional Library mailing label.
- d. 1 request form for the Electronic Annual Survey software.

Please complete the survey. Make a copy for your records, a copy for the Regional Library, and return the original to the State Library using the enclosed mailing label by August 31, 1994. Mail the Regional Library copy with the enclosed mailing label. The Regional Libraries and the State Library will use the surveys to prepare regional and state-wide statistical and directory publications.

**PLEASE READ THESE DIRECTIONS BEFORE COMPLETING THE SURVEY.** If you have any questions, please call Gerry Rowland at 800-248-4483 or 515-281-7573. For the most part, definitions in these directions were taken from the standards for library statistics approved by the Federal State Cooperative System for public library statistics, the national public library statistics project.

Enter "0" only if the appropriate entry for an item is zero. If an item does not apply to your library or is not available, enter NA. If an exact figure is not available for a particular item, but it is known that the amount is greater than zero, ENTER AN ESTIMATE OF THE AMOUNT. Estimates are important if exact data are not available. Do not write notes or comments on the form sent to the State Library. Attach separate sheets for notes or comments. Do not write out numbers; use digits/figures. For example, use 23 not twenty-three.

Measures and directions which were new as of 7/1/94 are marked with a +. Be sure to read the directions for those measures.

## **PART I - GENERAL INFORMATION**

Be sure to fill in all of lines 1 through 15. This information is used to prepare the Iowa Library Directory.

Line 3 **LOCATION.** Use the two-character abbreviation only. Use the abbreviation for your region. CE=Central, EC=East Central, NC=North Central, NE=Northeast, NW=Northwest; SE=Southeast, SW=Southwest. If you are not sure in which region you are located, please call the State Library (1-800-248-4483) for help.

139 Line 4 **ACTUAL NAME OF LIBRARY.** Put the name of your library (for example: Carnegie-Stout Public Library).

Line 7 **ZIP + FOUR.** Use only your zip code, not the state's. Please include your 9-digit zip code. If you do not know the last four digits, place "9's" after the first five digits. This information is now required by the national statistics project.

Line 7a **+INTERNET ADDRESS.** Electronic mail address on the Internet. The format is "your.email.name"@your.internet.provider."

Line 8 **LIBRARY DIRECTOR/ADMINISTRATOR.** This is the name of the person hired to be responsible for operating the library.

Line 9-15 **LIBRARY HOURS.** For a typical week. A typical week is a week in which the library is open regular hours, containing no holidays. Do **NOT** report summer hours on these lines. Please use the regular form for listing hours. (for example, 4:30 p.m., not 1630)

Line 15a-15b **SUMMER HOURS.** Summer hours are hours of operation during the summer months. The summer schedule may be the same as the winter schedule. If the total hours open per week is the same in the summer as it is in the winter, leave 15a and 15b blank.

## **PART II - LIBRARY STAFF**

**INCLUDE UNFILLED POSITIONS IF A SEARCH IS CURRENTLY UNDERWAY. INCLUDE ALL EMPLOYEES PAID BY THE LIBRARY.**

Lines 16-17 **FULL-TIME EQUIVALENT EMPLOYEES.** To ensure comparable data, 40 hours per week has been set as the measure of full-time employment for this survey. To compute full-time equivalents (FTE) of employees in any category, take the number of hours worked per week by all employees in that category and divide it by 40.

When figuring the Full-Time Equivalents (FTE), carry your figure to two decimal places, but no more than two. Examples: ABC Library has 2 librarians and 1 clerical employee. One librarian works 20 hours per week, the other works 6. Lines 16-17 would look like this:

Line 16 **PAID LIBRARIANS**                      2        00.65  
Staff members are considered librarians if they do professional library work such as administration, reference, cataloging, or selection. The 00.65 was the result of dividing 26 total hours by 40. The clerical employee works 5 hours per week. Line 17 would look like this:

Line 17 **OTHER PAID STAFF**            1        00.13  
The 00.13 was arrived at by dividing 5 hours by 40.

Line 18-20 Use the directions above (16-17) to compute full-time equivalents (FTE) for each level of education. FTE is reported only at the highest level of education completed and not included again for the other levels completed.

Line 21 Report unpaid library workers. Do not include Green Thumb employees or employees paid by another agency.

## **PART III - LIBRARY INCOME**

**REPORT ALL INCOME AS WHOLE DOLLARS ONLY; OMIT CENTS.** +If your library does not have an item in its budget or if the information is not available, enter NA. Include any funds carried over from the previous year. Enter each source of income on only one line, e.g. if fines and/or fees are included in Line 23, enter "0" in Line 31.

- Lines 23-25 **LOCAL GOVERNMENT SOURCES.** All revenue and non-revenue receipts allocated by the city or county of the public library, and available for expenditure by the public library. Do NOT include here the value of any contributed or in-kind services and the value of any gifts and donations, fines or fees. In-kind is the provision of services by another agency in place of some cash support, such as a situation in which the city pays the electricity for the library, but not out of the library budget.
- Line 24 **CAPITAL OUTLAY.** All income from the city budgeted for fixed assets or additions to fixed assets, except for the purchase of library equipment. Include income budgeted for sites, buildings, additions to buildings and furnishings.
- Line 25, 25a **COUNTY APPROPRIATION.** List the county from which you receive the majority of funding on Line 25, with the name of the county and the amount received. List the county from which you receive other funding on Line 25a, with the name of the county and the amount received. If funding is received from more than 2 counties, list additional counties and amounts on a separate attachment.
- Line 26 **FEDERAL ASSISTANCE.** All revenue received from LSCA or other Federal sources.
- Line 27 **STATE OF IOWA REVENUES.** Include any state funds such as funds from regional contracts or interlibrary loan (Access Plus) or Open Access reimbursements.
- Line 28 **OTHER GOVERNMENTAL REVENUES.** All funding, for services rendered, from governmental sources other than those listed in lines 23-27. Include revenue from contracts with other cities and/or counties.
- Line 29 **OTHER GRANTS.** The total revenue from non-governmental grants.
- Line 29a. **OTHER GRANTS.** List each grant received and the amount of the grant.
- Line 30 **ENDOWMENTS AND GIFTS.** Report all gifts and donations of money from all sources, other than grants (Line 29). Include interest on gifts of money. Do NOT include the value of gifts and donations of books or other library materials and equipment.
- Line 31 **FINES AND FEES.** Report all overdue fines, non-resident fees, photocopy fees, equipment rental, etc.
- Line 32 **OTHER INCOME.** Report all income other than that given in Lines 29-31. Do NOT include the value of any contributed service or the value of "in-kind" gifts and donations.
- Line 32a **BALANCE IN SAVINGS OR TRUST ACCOUNTS.** Report the balance held at the end of the year. Include governmental and non-governmental accounts. Interest on these accounts should be included in Line 30.
- Lines 33a-e **OPERATING INCOME.** Operating income is 1993-94 income which was used for operating expenses in 1993-94. Report only income used for operating expenditures. If the library received \$30,000 in income from all sources but only spent \$25,000 for standard operating expenditures, the

operating income would be \$25,000. Include federal, state, or other grants which were used for operating expenditures. Do not include: income for major capital expenditures; contributions to endowments unspent in fiscal year 1994; income passed through to another agency; income such as gift funds or city income placed in a Trust and Agency account; or any funds unspent in the previous fiscal year.

- Line 33a **OPERATING INCOME FROM LOCAL GOVERNMENT.** Report tax and nontax receipts allocated by the community, district, or county of the public library and available for expenditure by the public library. Do not include here the value of any contributed or in-kind services and the value of any gifts and donations, fines, or fees. Calculate operating income as follows:  
 (a1) Calculate the amount of city appropriation (Line 23) which is operating income \_\_\_\_;  
 (a2) Calculate the amount of county appropriation (Line 25, 25a) which is operating income \_\_\_\_;  
 (a3) Calculate the amount of other government revenue (Line 28) which is operating income \_\_\_\_;  
 ●Total a1, a2 and a3 to find the total operating income from local government.
- Line 33b **OPERATING INCOME FROM STATE GOVERNMENT.** Report funds distributed to public libraries by state government for expenditure by the public libraries. This includes funds from such sources as Open Access and Access Plus in FY 1994 and contracts with Regional Libraries. Do not include federal monies distributed by the states. Calculate the amount of income from state government (Line 27) which was used as operating income.
- Line 33c **OPERATING INCOME FROM THE FEDERAL GOVERNMENT.** Report federal government funds distributed to public libraries, including LSCA monies distributed by the states. Calculate the amount of income from the federal government (Line 26) which was used for operating expenses. Do not count funds which were received as income but not completely expended during the fiscal year.
- Line 33d **OPERATING INCOME FROM OTHER INCOME.** Report operating income other than that reported in Lines 33a through 33c. Include, for example, gifts and donations, interest, library fines, and fees for service used for operating expenditures in FY 1994. This amount is the total of income from Line 29 and 29a, (other grants), Line 30, (endowments and gifts), Line 31, (fines and fees), and Line 32, (other income) spent in the current year. Do not include the value of any contributed services or the value of "in-kind" gifts and donations.
- Line 33e **TOTAL OPERATING INCOME.** Sum of Lines 33a through 33d. Total operating income should be in the range of 75-125% of total operating expenditures (Line 48a).

## **PART IV - EXPENDITURES**

To ensure accurate reporting, consult your business officer or city clerk regarding this section. Report only such monies expended during the 1994 fiscal year, regardless of when the monies may have been received from Federal, State, local or other sources. **REPORT ALL EXPENDITURES AS WHOLE DOLLARS ONLY, OMIT CENTS.** +If your library does not have an item in your budget or the information is not available, enter NA.

- Line 34 **SALARIES AND WAGES.** This amount should be the salaries and wages for all library staff for the fiscal year. Include salaries and wages before deductions, but exclude "employee benefits."

- Line 35      **EMPLOYEE BENEFITS.** The benefits outside of salary and wages paid and accruing to employees regardless of whether the benefits or equivalent cash options are available to all employees. Include amounts spent by the reporting unit for direct, paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workmen's compensation, tuition, and housing benefits. Only that part of any employee benefits paid out of the public library budget shall be reported.
- Line 37      **PRINT MATERIALS.** Materials consisting primarily of words and usually produced by making an impression with ink on paper. Included in this category are materials that do not require magnification: books, bound periodicals, paperback books, government documents, braille materials, ephemeral print materials, and the like.
- Line 38      **SERIAL SUBSCRIPTIONS.** Include here the cost of serial subscriptions, which are publications issued in successive parts, usually at regular intervals, and as a rule, intended to be continued indefinitely. Serials include periodicals, magazines, newspapers, annuals (reports, yearbooks, etc.), proceedings, and transactions of societies.
- Line 39      **MICROFORMS.** Include here the expenditures for microforms, which are photographic reproduction of textual, tabular, or graphic materials reduced in size so that it can normally be used only with magnification. The two main types of microforms are microreproductions on transparent material, including roll microfilm, aperture cards, microfiche and ultrafiche, and reproductions on opaque material.
- Line 43      **COMPUTER SOFTWARE.** Enter expenditures for computer software, which includes procedures and associated documentation that instruct the computer to perform certain types of tasks, in contrast to the physical components or devices of a computer (hardware) (for example, WordPerfect, Paradox, Lotus 123, Pagemaker, etc.)
- Line 44      **OTHER MATERIAL.** Include all expenditures for materials not reported on lines 37-43.
- Lines 45-47      **PLANT OPERATION AND MAINTENANCE.** Operation of Plant consists of the housekeeping activities concerned with keeping the physical plant open and ready for use. It includes rent (if applicable) cleaning, disinfecting, heating, lighting, communications, power, moving furniture, handling stores, caring for grounds, and other such housekeeping activities as are repeated somewhat regularly on a daily, weekly, monthly, or seasonal basis. Include minor repairs (e.g. broken windows).
- Line 46      **VALUE OF PLANT OPERATION.** If the library does not pay all of the costs associated with operating and maintaining the library, report the value of the portion paid by the city (e.g. city pays for heat, light) on line 46; if library budget includes money for telephone, rent, cleaning, etc., report on line 45.
- Line 47      **EQUIPMENT.** Include expenditures for all library equipment purchased during the 1994 fiscal year. Includes microform equipment, audiovisual equipment and computer-related equipment.
- Line 48      **ALL OTHER OPERATING EXPENDITURES.** Include all expenditures other than those given in lines 34-47.
- Line 49      **CAPITAL OUTLAY.** Include funds for the acquisition of or additions to fixed assets such as building sites, new buildings and building additions, new equipment (including major computer installations), initial book stock, furnishings for new or expanded buildings, and new vehicles. This

excludes replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation.

## **PART V - LIBRARY COLLECTIONS**

- A**      **NUMBER HELD AT START OF YEAR** - The number of volumes and/or the number of titles owned by the library at the start of the fiscal year (July 1, 1993).
- B**      **NUMBER ADDED DURING FISCAL YEAR** - The number of volumes and/or titles added to the collection during the fiscal year whether through purchase or donation.
- C**      **WITHDRAWN DURING FISCAL YEAR** - The number of volumes and/or titles "weeded" or lost during the fiscal year.
- Line 50      **BOOKS AND SERIALS.** Books are nonperiodical printed publications bound in hard or soft covers, or in loose-leaf format, of at least forty-nine pages, exclusive of the cover pages; or juvenile nonperiodical publications of any length bound in hard or soft covers. Serials are publications issued in successive parts, usually at regular intervals, and as a rule, intended to be continued indefinitely. Serials include periodicals (magazines), newspapers, annuals (reports, yearbooks, etc.) memoirs, proceedings, and transactions of societies. Include books, bound periodicals and newspapers, government documents, and paperbacks. Exclude microforms and pamphlets. Except for the current volume, count unbound serials as volumes when the library has at least half of the issues in a publisher's volume.
- Line 50      **VOLUMES.** For reporting purposes, a volume is a physical unit of any printed, typewritten, handwritten, mimeographed, or processed work, contained in one binding or portfolio, hardbound or paperbound, which has been cataloged, classified, and/or otherwise made ready for use. Include estimate of unprocessed paperbacks here.
- Line 50, 51      **GOVERNMENT DOCUMENT.** Any publication in book, serial, or other form of library material that is published by a government agency, e.g., the publications of federal, state, local, and foreign governments and of intergovernmental organizations to which governments belong and appoint representatives, such as the United Nations, Organization of American States, and the Erie Basic Commission. Do not include pamphlets.
- Line 52      **CURRENT SERIALS/PERIODICAL SUBSCRIPTIONS.** Report subscriptions received both purchased and gift. Do not report number of individual issues. The total number of subscriptions in the library system, including duplicates, should be reported.
- Line 52, 53      **TITLES.** For reporting purposes, a title is a publication which forms a separate bibliographic whole, whether issued in one or several volumes, reels, discs, slides, or parts.
- Line 54      **AUDIO MATERIAL.** A generic term for material on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically or electronically, or both. This includes records, audiocassettes, audiocartridges, audiodiscs, audioreels, talking books, and other sound recordings.
- Line 55      **FILM.** The term film is used interchangeably with "motion picture" which is a length of film, with or without recorded sound, bearing a sequence of images that create the illusion of movement when projected in rapid succession (usually 18 to 24 frames per second). Motion pictures are produced

in a variety of formats (cartridge, cassette, loop, and reel). Motion picture sizes may be 8mm, super 8mm, 16mm, 35mm, 55mm or 70 mm. Count filmstrips under **Other** (Line 58).

- Line 56 **VIDEO MATERIAL.** A generic term for material on which pictures, sound, or both, are recorded. Electronic playback reproduces both pictures and sounds using a television receiver or monitor.
- Line 57 **COMPUTER APPLICATION SOFTWARE.** Includes procedures and associated documentation that instruct the computer to perform certain types of tasks, in contrast to the physical components or devices of a computer (hardware) (for example, WordPerfect, Paradox, Lotus 123, etc.)
- Line 58 **OTHER.** Include all materials not already reported, such as CD-ROM based information products (for example, electronic encyclopedias on CD-ROM), puzzles, art prints, vertical file subject heading (not individual items), filmstrips, etc.

## **PART VI - LIBRARY LOAN TRANSACTIONS**

- Lines 59-65 **CIRCULATION TRANSACTION.** The act of lending an item from the library's collection for use generally (although not always) outside the library. This activity includes charging, either manually or electronically, and also renewals, each of which is reported as a circulation transaction. (+Do not use circulation multipliers. For example, if a film is checked out and shown to 30 people, count 1 circulation, not 30. Do not report "automatic renewals" as circulation.) Report annual totals.
- Line 60 **CIRCULATION OF CHILDREN'S BOOKS.** Children's books are those which are intended for use by persons age 14 and under regardless of the age of the person who checks out the book.
- Line 66 **RECIPROCAL BORROWER.** A nonresident borrower with a valid library card from another library. Include only circulations to Iowa library patrons. Do not include circulations to patrons served by contracts with cities or counties. This is an annual total, but it may be based on a sample period survey. For a 1 week sample, multiply the sample period total by 52. (Reciprocal borrowers are those who would qualify as Open Access participants, even if their library is not an Open Access participant.)
- Line 66a **RURAL CIRCULATION.** This is circulation of all types of materials to persons who are rural residents of your county. Also include those who have a valid card from another city but who actually live in the unincorporated area of the county.
- Line 66b **CITY CIRCULATION.** This is circulation of all types of materials to those who actually live within the city limits of the city your library was established by ordinance to serve. Do not count here circulation to rural residents who have a library card from your city library.
- Line 67-68 **INTERLIBRARY LOAN.** A transaction in which library material, or a copy of the material, is made available by one library to another upon request. It includes both lending and borrowing. The libraries involved in interlibrary loan are not under the same administration. Include items loaned to or borrowed from the State Library or the Regional Library, including A/V. Report annual totals.
- Line 69 **REGISTRATION.** Report the total number of people holding valid library cards as of July 1, 1993. (If your library does not now have an accurate method of counting registration, for purposes of consistency the State Library recommends using a 3 year registration period. Multiply the total number of patrons registered during the last fiscal year (1993-94) by 3 to get your estimated total number of library registrations.)

Lines 70-71 **REGISTERED BORROWERS.** Report the total number of registered borrowers added and withdrawn in FY 1994.

Line 72 **LIBRARY MATERIALS USE.** Report the total number of materials used in the library, but not checked out. This includes reference books, periodicals and all other library materials used within the library. Follow the instructions in the Output Measures manual, but conduct a one week sample. Multiply by 52 to calculate an annual total, which is used by the national statistics project. Annual totals based on a daily count are also acceptable.

Line 73 **TOTAL ANNUAL ATTENDANCE IN LIBRARY.** Report the total number of persons entering the library annually including persons attending activities, meetings, and those persons requiring no staff services. Follow the instructions in the Output Measures manual, but conduct a one week sample. Multiply by 52 to calculate an annual total, which is used by the national statistics project. Annual totals based on a daily count are also acceptable

## **PART VII - OUTPUT MEASURES**

In collecting and reporting output measures, please follow the definitions and instructions provided in the Output Measures for Public Libraries, second edition, except the instructions concerning sample period. Use a one-week sample. Do not report annual figures in this section. If data is collected in two one-week periods, add the totals and divide by 2 to provide a one-week figure.

Line 74 **NUMBER OF REFERENCE TRANSACTIONS.** A reference transaction is an information contact which involves the knowledge, use, recommendations, interpretation, or instruction in the use of one or more information sources by a member of the library staff. It includes information and referral service. Information sources include printed and non-printed materials, machine-readable databases (including computer-assisted instruction), catalogs and other holdings records, and, through communication or referral, other libraries and institutions, and persons both inside and outside the library. When a staff member utilizes information gained from previous use of information sources to answer a question, report as a reference transaction, even if the source is not consulted again during this transaction.

It is essential that libraries do not include directional transactions in the report of reference transactions. A directional transaction is an information contact which facilitates the use of the library in which the contact does not involve the knowledge, use, recommendation, interpretation, or instruction in the use of any information sources other than those which describe that library, such as schedules, floor plans, handbooks, and policy statements. Examples of directional transactions include giving instruction for locating, within the library, staff, library users, or physical features, etc. and giving assistance of a non-bibliographic nature with machines.

Line 75 **NUMBER OF REFERENCE TRANSACTIONS COMPLETED.** Report the number of reference questions completed in the same working day in which they were asked.

Line 82-85 **DOCUMENT DELIVERY.** This is a measure of how rapidly we obtain items which are not immediately available. "Document" in this sense means anything requested by a patron. In the Output Measures manual you will find instructions for how to count the delivery times. Delivery means any method used to fill the request, including interlibrary loan and reserves.

## **PART VIII - FEDERAL STATE COOPERATIVE SYSTEM STATISTICS**

- Line 86      **CONTINUING EDUCATION.** Include all expenditures related to training of library staff or trustees.
- Line 87      **TELECOMMUNICATIONS.** Include separately billed expenditures for all types of telephone service and for such services as electronic mail, teleconferencing, and telefacsimile.
- Line 88      **CONTRACTED COMPUTER SERVICES.** Include any costs related to purchased library services done for your library on computers by a computerized library network, computerized cooperative library organization, or by a commercial organization providing library services.
- Line 89      **ON-LINE DATABASE SEARCH.** A reference transaction in which the source utilized is one or more databases searched on-line by computer.
- Lines 91-94   **NUMBER OF SERVICE OUTLETS.** Use this section to report all service outlets as defined below. Service units that are **NOT OPEN TO THE PUBLIC** are **NOT** to be reported as public service outlets. Service must be provided on a regular basis throughout the year.
- Line 91      **CENTRAL LIBRARY.** Enter the number of Central Libraries. A Central Library is the single unit library or the unit where the principal collections are kept and handled. Also called Main Library. Some county, multicounty and regional library systems may not have a main library. Some systems may have an administrative center which is separate from the principal collections and is not open to the public.
- Line 92      **BRANCHES.** Enter the number of branch libraries. Branch libraries are auxiliary units which have all of the following: (1) separate quarters, (2) a permanent basic collection of books, (3) a permanent staff, and (4) a regular schedule for opening to the public. They are, however, administered from a central unit.
- Line 93      **BOOKMOBILES.** These are trucks or vans specially equipped to carry books and other library materials; they serve as travelling branch libraries. Count the number of vehicles in use rather than the number of stops the vehicle makes.
- Line 94      **OTHER SERVICE OUTLETS.** Enter the number of other service outlets. Examples are outlets in senior citizen centers, day care centers, jails, or other organizations or institutions with small and frequently changed collections of books and other library materials.
- Line 95      **TOTAL NUMBER OF REFERENCE TRANSACTIONS.** See definition of reference transaction (page 8, Line 74). This total is obtained by multiplying the number of reference transactions in a sample period by the appropriate multiplier to arrive at an annual figure (ie, if there were 100 transactions in a week, the total would be 100 x 52, or 5200).
- Line 96      **FTE ALA ACCREDITED MLS** from an institution accredited at the time of graduation.
- Line 97      **FTE PROFESSIONAL LIBRARIANS.** Persons reported under this category usually do work that requires professional training and skill in the theoretical or scientific aspect of library work, or both, as distinct from its mechanical or clerical aspect. The usual educational requirement is

a master's degree (or its historical antecedent) from a library education program approved by the American Library Association.

Line 98 **HOURS OPEN PER TYPICAL WEEK. (Main Library)** The total of hours reported on Lines 9-15.

Line 99 **TOTAL HOURS OPEN PER YEAR. (Duplicated)** Total annual public service hours for all outlets combined. Report the sum of all public service hours for all library facilities (including bookmobiles) for the entire year. For bookmobiles, report only the hours in which the bookmobile is open to the public. Include only branches or bookmobiles which conform to the definitions in Line 92 or Line 93. Do not include hours for deposit collections or other similar service hours. Total annual hours should reflect any increase or decrease in hours during "summer hours." Subtract the total hours that the main library, bookmobiles, or branches were closed other than regularly scheduled days or hours. Line 99 is intended to report the exact number of hours your library was open last year. There are several possible scenarios. These are examples, for the purpose of illustration only:

**SCENARIO ONE:** The library is open the same number of hours year-round and was closed only for regularly scheduled days and times. Multiply hours open per week times 50 weeks.

In Scenario One, if the library is open 20 hours per week in Line 98, the value entered for Line 99 is 1,000 (20 hours x 50 weeks). This is the only scenario in which it is appropriate to use the multiplier of 50 weeks.

**SCENARIO TWO:** The library is open 25 hours per week in the winter and 20 hours per week in the summer. Winter hours last 40 weeks, summer hours last 12 weeks. The library was closed for 10 holidays and was also closed for remodeling for 3 weeks during the winter.

In Scenario Two, the following calculations would be made:

Hours Open	-Multiply 25 (hours) x 40 (weeks) for winter hours = 1000 (a1)
	-Multiply 20 (hours) x 12 (weeks) for summer hours = 240 (a2)
	-Add a1 + a2 = 1240
Hours Closed	-Calculate the number of holiday hours closed, for Scenario Two, let us use 10 (holidays) x 5 (hours) = 50 (b1)
	-Calculate the number of hours closed for remodeling, multiply 3 (weeks) x 25 (hours) = 75 (b2)
	-Add b1 + b2 = 125
Total	-Subtract hours closed from hours open = 1115

**SCENARIO THREE:** The library has a main library, several branches, and a bookmobile. Using the methodology outlined in Scenario Two, the total hours for each outlet are calculated. Annual hours for each unit are added together to provide an annual total for all outlets.

Line 100 **TOTAL CIRCULATION OF MATERIALS CATALOGED AS "CHILDREN'S".** The total circulation of all children's materials in all formats to all users, including renewals.

Line 101 **CHILDREN'S PROGRAM ATTENDANCE.** A count of the audience at all programs for which the primary audience is children. Include adults who attended children's programs. For Line 100 and Line 101, "children" are considered persons age 14 or under.

## **PART IX - ADDITIONAL INFORMATION**

- Line 111 **TOTAL POPULATION OF CITIES YOUR LIBRARY SERVES BY CONTRACT.** Contracts are written and specify services provided and amount of annual compensation. Do not include contracts with county supervisors for rural service.
- Line 112 **TOTAL POPULATION OF CITIES YOUR LIBRARY SERVES BY INFORMAL CONTRACT.** List cities in your county which have no library, whose citizens use your library, but which have no formal contract with your library. Also list total population for those cities.
- Line 113 **ANNUAL MEETING ROOM USE.** Report the number of times the library's meeting room(s) is used for non-library sponsored programs or meetings.
- Line 115 **ROLES SELECTED BY YOUR LIBRARY.** Include both primary and secondary roles. Indicate whether roles are primary or secondary. For suggested roles, see In Service to Iowa or ALA's Planning and Role Setting for Public Libraries, which was mailed to every public library in August of 1992..
