## Network AND Learn Tips for Stats

### Who-Fi guest gives tips for maintaining programming stats

October 21 is the "third Thursday" of this month, so it's time for our monthly "office hours" session from 1:30-2:30. This is a time for you to network with other librarians from our Central District! You can ask questions, share ideas, and interact with your colleagues in Maryann's Zoom Room.

This month, Nate from Who-Fi will be joining us to talk about Who-Fi's wonderful "programming stats" feature, which will enable you to easily maintain your programming statistics in preparation for next year's Annual Survey. His presentation will be brief and conducted at the beginning of our session.

NOTE: These sessions are especially beneficial for new librarians as a way to get to know other area librarians!
