BIENNIAL REPORT OF THE AUDITOR OF STATE

STATE OF IOWA

Des Moines, Nov. 1, 1912.

To His Excellency, B. F. Carroll, Governor of Iowa:

SIR: In compliance with the provisions of section 122 of the code and chapter 5, acts of the thirty-first general assembly, I have the honor to submit herewith my report as Auditor of State, covering the biennial period ended June 30, 1912.

Statistical tables of a self-explanatory nature, showing receipts, disbursements and balances in the several funds, abstracts of the real and personal property, assessments as equalized by the executive council, and other business transacted through this office, will be found on subsequent pages of this report.

THE STATE FINANCES.

The finances of the state are in excellent condition, the revenue fund balance in the state treasury is ample, and the income from sources other than direct taxation is continuously on the increase. The condition of the revenue fund from which all the general expenses of the state government are paid may therefore be said to be in a very satisfactory condition.

It has been the constant aim and endeavor of this department to industriously and persistently prosecute the collection of the state's revenue, and it is my pleasure to report a highly satisfactory condition of affairs in respect to this matter.

The great majority of the present county officials collecting state revenue have been exceedingly prompt in adjusting their obligations. No litigation has been necessary to procure settlements with county officials, and there are no prospective losses, so far as these offices are concerned.

The tables in this report for the fiscal years 1911 and 1912, showing the receipts of revenue, make it clear that almost half the revenue, upon which the state and her large institutions are maintained, is derived from license taxes, from corporations, federal aid to Soldiers' Home, payments by counties for the maintenance of their in-

sane or other unfortunates in state institutions, fees accruing in the several state offices, inheritance and insurance taxes, and a few minor items. It is an interesting and perhaps significant fact, that the proportion of revenue collected in the form of direct taxes is growing smaller. Thus, during the period ending June 30, 1898, the per cent raised by direct tax was 76.4, in 1908 56 per cent, in 1910 53.8 per cent, and in 1912 50.6 per cent. The reduction of direct taxation is the result of legislation making more general the taxation and fees of corporations, and collateral inheritance and insurance taxes.

The cost of maintaining the state government is now four million, one hundred fifty thousand dollars a year, and of that sum two million three hundred thousand dollars is raised by direct taxation, and the remainder comes from insurance and other corporation taxes, taxes on inheritance fees, miscellaneous receipts of state institutions, etc.

ESTIMATED RECEIPTS AND EXPENDITURES.

A condensed statement of the receipts and expenditures for the biennial period from July 1, 1913, to July 1, 1915, may not improperly be given in this connection. The detailed estimates will be found in Statements No. 4 and No. 5.

ESTIMATED RECEIPTS.

Amount on hand July 1, 1912, less Hunters' License and Automobile Tax	$ 818,000.00
Receipts from July 1, 1912, to July 1, 1915, less Hunters' License and Automobile Tax to Counties	13,532,000.00
Total	$14,350,000.00

ESTIMATED EXPENDITURES.

From July 1, 1912, to July 1, 1915, less Hunters' License and Automobile Tax	$12,400,000.00
Cash Balance in Treasury July 1, 1915, necessary	650,000.00
Amount available for extraordinary appropriations by the Thirty-fifth General Assembly	1,300,000.00
Total	$14,350,000.00

ESTIMATED RECEIPTS.

Statement No. 4 shows my estimate of the general revenue receipts for the period from July 1, 1913 to July 1, 1915, to be $9,057,000.00. This, added to receipts from July 1912 to July 1913, and balance on hand July 1, 1912, makes a total of $13,532,000, which estimate is based upon a levy sufficient to produce $2,500,000 per year from taxation and such receipts from other sources as the past and future seem to justify. I believe this estimate is conservative, and do not think it safe to anticipate more without an increase in the amount to be raised by direct tax. Adding the above amounts to the cash in the hands of the state treasurer, making no deduction for outstanding warrants on the first day of July, 1912, namely, $818,000, makes the total available resources of the state from July 1, 1912, to July 1, 1915, less hunters' license and automobile tax to counties $14,350,000.

ESTIMATED EXPENDITURES.

Statement No. 5 shows my estimate of the ordinary expenditures of the state for the period from July 1, 1913 to July 1, 1915, based upon the present general laws and the expenditures during the last fiscal period, amounts to $7,765,000. This, added to the expenditures from July 1912 to July 1913, makes a total from July 1912 to July 1915, of $12,400,000. This does not include any special or extraordinary appropriations which may be made by the thirty-fifth general assembly. To this, however, should be added $650,000 as a necessary balance to be left in the treasury on July 1, 1915, to meet state's obligations to second payment of taxes, October 1, 1915, making a total of $13,050,000, which deducted from the total estimated resources of $14,350,000, leaves a net prospective surplus for the purposes of extraordinary appropriations by the thirty-fifth general assembly of $1,300,000.

PERMANENT SCHOOL FUND.

The permanent school fund at the present time amounts to $4,800,766.56, having increased during the last biennial period from escheat estates and sales of school lands, $11,949.00. The above may be considered almost the entire interest-bearing school fund of the state, there now being less than two hundred acres of the original school lands remaining unsold. The only source from which additions may be made to this fund in the future is from escheat estates, which have been insignificant in the past. This fund is all in the hands of the officers of the various counties, by whom it is easily kept at interest, at rates ranging from five to six per cent, thus producing a substantial income to counties above the four and one-half per cent charged counties by the state.

AGRICULTURAL COLLEGE ENDOWMENT FUND INTEREST.

At present there is no requirement that payments of interest on this fund shall be reported to the auditor of state. As the general policy is to preserve a complete parallel between the accounts of the treasurer of state, and those of the auditor, so that one may be checked by the other, this one omission in itself throws the entire system out of harmony. I would therefore suggest that the law require these interest payments to be reported to the auditor of state, in the same manner that receipts from other sources are reported, thus making the accounts of both offices cover every receipt of the treasury.

PUBLIC ACCOUNTING.

In this respect, Iowa is far behind many other states, even many of the newer states being far ahead of us. I think I can safely say that nine-tenths of all defalcations or shortages in accounts of public officers and the mismanagement of public affairs by those in charge, now being discussed throughout the state, are directly chargeable to our system, or lack of system, in the supervision and examination of the transactions of these officials. More losses in the management of public business are due to the lack of scientific and accurate accounting than to any other. I think I may safely say, than to all other causes. The state of Iowa has made all those handling public funds subject to state examinations, and supervision, except county, township and school officers. No public official now subject to state examination and supervision directly handles state funds, while county officers alone, who are not included in those subject to state examination, collect and remit state funds, amounting in round numbers to $3,750,000 each year. In addition to this, they are handling almost $5,000,000 of the permanent school fund. It is true the present law makes it the duty of the auditor of state to see that all moneys due the state are properly accounted for and paid into the state treasury, and in addition, to see that these officers conduct the official duties of their offices in compliance with law.

These laws, when passed some fifty or sixty years ago, perhaps clothed the auditor of state with adequate authority, as very little business was transacted by these officers at that time, but, owing to the enormous increase in the amount of business transacted and money handled by these officers, (espeecially boards of supervisors) since the enactment of these laws, it is now impossible for the auditor of state to comply fully with these requirements without additional powers are granted by the general assembly.

For a number of years, my predecessors have called the attention of the legislature to the importance of placing in the auditor the power to appoint legal revenue agents, to look into the affairs of the revenue offices of the state, to secure a more uniform system of accounting between the treasury department of state and county officials, especially such county officials as effect the revenues of the state.

During the last few years a great many of our courts and boards of supervisors have seen the great importance of this recommendation and have employed public accountants to examine and audit the books of the various county officers, and in many instances have found great discrepancies and much mismanagement in public affairs.

I have given this subject much consideration and investigation in the last few years and have found in many cases where counties were indebted to the state in large amounts, and in a few cases the state was indebted to the counties, in most cases through lack of knowledge of the law, and lack of system in keeping accounts.

I am therefore thoroughly convinced that from the standpoint of economy and efficiency in the management of the fiscal affairs of the state, the legislature should grant the auditor of state power to appoint at least four experienced examiners. These officers should be clothed with full power to look after the interests of the public in every way that affects its revenues and to enforce a compliance with the law both as to the collection and expenditures of public money, that these examiners be required to file with county auditors and the auditor of state a complete report of their findings after each examination, with suggestions as to improvements which may be made in the manner of transacting public business. These reports to be at all times subject to public inspection.

I sincerely hope and most heartily recommend that the legislature give this important matter serious and careful consideration.

INCREASE IN BUSINESS.

The increase in the volume of business transacted by the state treasurer and the state auditor is very noticeable, and to a large extent it reflects the increase in the general business affairs of the people of the state.

The figures given here show the regular receipts and disbursements of general revenue in each biennial period since 1844.

The details both in receipts and disbursements making up this vast volume of business will be found on other pages in this and previous reports.

Years	Receipts	Disbursements	Total
1845-6	$ 7,973.79	$ 20,718.25	$ 28,692.04
1847-8	32,264.49	29,616.91	61,881.40
1849-50	72,063.20	75,409.90	147,473.10
1851-2	139,681.69	131,631.49	271,313.18
1853-4	134,065.45	118,542.90	252,608.35
1855-6	274,377.63	249,150.80	523,528.43
1857—1 yr.	255,327.75	371,907.03	627,234.78
1858-9	577,033.87	551,403.13	1,128,437.00
1860-1	604,390.65	599,825.19	1,204,215.84

1907-8	8,087,653.56	8,533,551.37	16,621,204.93
1909-10	9,211,652.31	8,682,888.30	17,894,540.61
1911-2	10,026,340.48	9,982,754.20	20,009,094.68
Totals	$ 105,595,391.54	$ 103,488,094.37	$ 209,083,485.91

MUNICIPAL DEPARTMENT.

The municipal accounting department, which was created by the thirty-first general assembly is being rapidly developed, and is approaching the standard set for it by the legislators. The large majority of the clerks of the cities and towns, whose duty it is to make annual reports to the department, have been prompt and accurate in rendering that service, but a number of these officials have failed to pay any attention to the calls from the department.

There are 101 cities and 723 incorporated towns in Iowa, from which reports are required by the law. Of this number, 90 cities and 630 towns are represented in my last report. This leaves 11 cities and 92 towns whose clerks, in the face of repeated requests, neglected to complete their reports in time to permit the necessary checking and tabulation, or who failed to send any report to the department.

Again it becomes my duty to suggest the necessity of amending the law and providing some definite penalty for cities or towns whose clerks refuse or neglect to make reports within the time limit prescribed. The fiscal year of all cities and towns in Iowa closes March 31st. The law provides that all reports shall be on file with this department not later than the first day of July following. It appears that it would be proper to amend the law so that the time of filing the report would be limited to the first day of May following the expiration of the fiscal year. Further, the law could properly be amended so as to definitely state that it shall be the duty of the clerk who has served during the year covered by the report to prepare the same. In many cases where a change occurs in city officials with the beginning of the new fiscal year and a new clerk is installed, there has arisen a conflict of opinion as to who should compile the report to this department. This should be remedied.

INSURANCE.

I will not comment at length on matters pertaining to insurance at this time, as the annual insurance reports, published by my department give a detailed condition of the various insurance companies and associations operating under authority from the auditor of state. The data relating to insurance and prescribed by law to appear in my biennial report, will be found herein.

PUBLICATION OF BIENNIAL REPORT.

The law for publication of reports now requires that the biennial report of the auditor of state and the bank report shall be bound in a single volume.

For reasons both of economy and convenience, my predecessors for a number of years have asked that this be changed, so that the biennial report could be published in one volume and the bank report in another. Moreover, the bank report, if published separately, could be given to the public earlier in the year, when it would have much greater value, while at present it cannot be published until the biennial report is completed, at a necessarily late date.

I, therefore, recommend that the bank report be either discontinued entirely, or published in a separate volume yearly, as soon after January first as it can be completed, as it is almost worthless under the present system.

BANKS AND BUILDING AND LOAN ASSOCIATIONS.

I will not comment at length here on matters pertaining to banks and building and loan associations, as part two of this report gives a detailed statement of the condition of the various banks and building and loan associations operating under authority from the auditor of state. The data required by law to appear in my biennial report will be found therein.

CONCLUSION.

To the county officials of Iowa, as well as to the bank, insurance and municipal officers and agents doing business in Iowa, I desire to express my appreciation of their hearty co-operation in all our business transactions. The perplexities incident to the proper discharge of the multifarious duties of this department of the state government have also been materially lessened by the uniformly kind consideration shown me by you and my other co-officers, and by the efficiency and fidelity of my office force.

Respectfully submitted,

John L. Bleakly.

Auditor of State.

STATEMENT NO. 1.

Showing Receipts and Disbursements in General State Revenue During Fiscal Period Ending June 30, 1912.

RECEIPTS.

General state revenue tax	$ 4,669,628.65
Interest on delinquent state tax	21,145.67
Sale of laws by county auditors	3,680.40
From counties for support of insane	1,249,782.36
From counties for support of inebriates	47,079.74
From counties for clothing for blind	578.61
From counties for clothing for deaf	1,071.24
From counties for clothing for feeble-minded	47,940.75
From counties for support of orphans at Orphans' Home	71,320.91
Fees from auditor of state, insurance	139,368.19
Fees from auditor of state, building and loan	485.50
Fees from auditor of state, bank examiners	41,072.20
Fees from auditor of state, insurance examinations	5,896.75
Fees from auditor of state, municipal examiners	7,785.26
Fees from governor, notary certificates	15,630.00
Fees from clerk of supreme court	7,977.61

STATEMENT NO. 5.

Estimated expenditures for the fiscal period beginning July 1, 1913, and ending June 30, 1915, being such only as are contemplated by existing laws and exclusive of any extraordinary appropriations that may be made by the Thirty-fifth General Assembly. The estimates are made to pay salaries and expenses up to July 1, 1915. All estimates for clerks' fund, Governor's contingent fund, and Railroad Commissioners' expense fund are made in accordance with Joint Resolution No. 8 passed by the Thirty-fourth General Assembly, together with a few slight additions.

The revenue fund has become responsible to the school fund for the following bonds.

Bond No. 3, issued to the permanent school fund of the state for losses to the school fund, under section 2, chapter 134, laws 1864, dated November 1, 1871, interest payable on the first days of January and July in each year, at 6 per cent for	$ 8,558.14
Bond No. 4, issued to the permanent school fund of the state for losses to the school fund, under section 2, chapter 134, laws of 1864, dated January 5, 1876, interest payable on the first days of January and July in each year, at 6 per cent for	2,379.04
Total	$ 10,937.18

SUMMARY.

Showing the total amount of the permanent school fund, and how it was invested June 30, 1912, as shown bythe books in this office, as follows:

Amount held by the several counties	$ 4,788,784.53
Amount in state bonds drawing 6 per cent interest	10,937.18
Total	$ 4,799,721.71

The above may be considered the entire available interest-bearing school fund of the state. In addition to this there are as described in statement No. 26 lots and lands bought in by the state for use of the school fund on foreclosure of mortgages belonging to Eads' loans, and not yet resold, estimated in previous reports to be worth $3,895; this is not available and is not included in the foregoing summary. Neither are the notes and mortgages shown on preceding page included, because they are practically worthless.

There has been an increase in the permanent school fund, from the sale of school lands since last report, of $2,348.15, from resales $937.00 and from escheat estates $8,119.00. Total $11,804.15.

STATEMENT NO. 28.

Real estate and notes belonging to general revenue.

District township of Saylorville, school order (10 per cent)	$ 77.70
Russell & Harper, two notes of $100 each (10 per cent)	200.00
Will Kent, note (10 per cent)	700.00
Total	$ 977.70

The school order and two notes of Russell & Harper and the Kent note are on file and are considered worthless.

STATEMENT NO. 29.

Of the apportionment of the interest of the Permanent School Fund and rents on unsold school lands made by the Auditor of State on the fifth day of September, A. D. 1910, as provided by Sections 89 and 2847 of the Code, on the basis of fifteen and seventy-six one-hundredths cents for each youth in the county. The total amount of Permanent School Fund on the first day of January, 1910, was $4,788,817.56 as shownbelow, upon which this apportionment was computed.

COUNTIES	Number of Youths	Amount of Permanent Fund held by Counties and State January 1, 1910	Amount of Rent on unsold School Lands January 1, 1910, Section 2855 Code Supp.	Interest Due as per Section 2855 Supp. to Code of 1907	Total Amount of Interest and Rents due and apportioned as per Section 2855 Supp. to Code of 1907	Amount of Interest and Rents to be apportioned by County Auditors as per Section 2809 and Section 2855 Code Supp. 1576	Deficiency to be transferred General State revenue to School Fund Interest account as per Section 2847 of Code	Excess to be transferred from School Fund Interest account to General State revenue as per Section 2847 of Code

STATEMENT NO. 30.

Of the apportionment of the interest of the Permanent School Fund and rents on unsold school lands made by the Auditor of State on the sixth day of March, A. D. 1911, as provided by Sections 89 and 2847 of the Code, on the basis of fifteen and ninety-four one-hundredths cents for each youth in the county. The total amount of Permanent School Fund on the first day of January, 1911, was $4,789,296.82, as shown below, upon which this apportionment was computed.

COUNTIES	Number of Youths	Amount of Permanent Fund held by Counties and State January 1, 1910	Amount of Rent on unsold School Lands January 1, 1910 Section 2855 Code Supp.	Interest Due as per Section 2855 Supplement to Code of 1907	Total Amount of Interest and Rents due and apportioned as per Section 2855 Supp. to Code of 1907	Amount of Interest and Rents to be apportioned by County Auditors as per Section 2808 and Section 2855 Code Supp. 1576	Deficiency to be transferred from General State revenue to School Fund Interest account as per Section 2847 of Code	Excess to be transferred from School Fund Interest account to General State revenue as per Section 2847 of Code

STATEMENT NO. 31.

Of the apportionment of the interest of the Permanent School Fund and rents on unsold school lands made by the Auditor of State on the fourth day of September, A. D. 1911, as provided by Sections 89 and 2747 of the Code, on the basis of fifteen and ninety-four one-hundredths cents for each youth in the county. The total amount of Permanent School Fund on the first day of January, 1911, was $4,789,296.82, as shown below, upon which this apportionment was computed.

COUNTIES	Number of Youths	Amount of Permanent Fund held by Counties and State January 1, 1910	Amount of Rent on unsold School Lands January 1, 1910 Section 2855 Code Supp.	Interest Due as per Section 2855 Supplement to Code of 1907	Total Amount of Interest and Rents due and apportioned as per Section 2855 Supp. to Code of 1907	Amount of Interest and Rents to be apportioned by County Auditors as per Section 2808 and Section 2855 Code Supp. 1576	Deficiency to be transferred from General State revenue to School Fund Interest account as per Section 2847 of Code	Excess to be transferred from School Fund Interest account to General State revenue as per Section 2847 of Code
