ECI FY21 Annual Report

Early Childhood Iowa's systems-level [FY 21 annual report](#) is now available! The FY21 annual report includes highlights of the work within the early childhood system across early care, education, health, mental health, nutrition, and human service partners. ECI, now in its 23rd year, continues to grow in its roles- at local, regional and state-levels. The data shared in this report, highlights the comprehensive umbrella of ECI with early childhood funded programs meeting the five legislated result areas. The data shows the impact of state and local partnerships to those early childhood services to expand, build quality and provide additional access to families needing or wanting the services. *"Every child, beginning at birth, will be healthy and successful."*

Resources from the *January 5, 2022, What's Happening in Early Childhood in Iowa? Webinar*

Resources and follow-up materials from the January 5, 2022 webinar are now available on the [ECI website](#). Thank you to those that presented during the session and thank you to all early childhood stakeholders for engaging in the work on behalf of young children and their families.
