Mollie Anderson, DirectorServes at Pleasure of Governor

The Department of Administrative Services (DAS) became the newest agency in Iowa state government on July 1, 2003. DAS was created by consolidating the Department of General Services, the Iowa Department of Personnel, the Information Technology Department, and the accounting function from the Department of Revenue and Finance into a single Department of Administrative Services. The functions were merged into four enterprises that include human resources, physical resources, information technology, and financial administration.

Today, employees in the Human Resources Enterprise, General Services Enterprise, Information Technology Enterprise, and State Accounting Enterprise share a common priority — to improve services to DAS customers. DAS customers are the state agencies that provide products and services directly to the citizens.

The DAS mission is to implement a world-class, customer-focused organization that provides a complement of valued products and services to our customers.

The new Department of Administrative Services represents a fundamental change in the way the internal agencies of state government conduct business. In the past, a state government agency selling services to other internal agencies operated like an unregulated monopoly in many ways. By design, the seller had little incentive to meet the customer's needs. The customer had little choice of vendors and little input into what the seller offers. Both seller and customer agencies had limited information about their costs of doing business.

Under the new entrepreneurial management structure, DAS enterprises (service providers) focus on meeting the needs of the customer in a competitive marketplace. Customer agencies have ongoing input on cost, quality, and quantity of what they buy. Customers and DAS enterprises are both more accountable for good management decisions.

In the Iowa state government context, entrepreneurial management is a customer-focused approach to delivering services in a competitive marketplace, where business decisions are motivated by the desire to meet customer needs and by rewards or consequences for financial performance. DAS services are divided into three categories according to the type of service. Utility services are DAS products and services that executive branch agencies are required to use and pay for, based on the need to increase enterprise efficiency and maximize economies of scale. Leadership services are areas of responsibility related to management, oversight, and policy setting for DAS products and services. DAS receives a general fund appropriation for leadership services. Marketplace products and services are those products and services that agencies may purchase from any marketplace supplier or private vendor, including DAS.

Customer councils have been established for each enterprise to provide formal input into the operation and management of utility services. The General Assembly's oversight role is to evaluate planning goals and financial results, leaving enterprise managers free to listen to customers and make business decisions that best meet customers' needs.

Historically, the complexity of budgeting, appropriations, and other financing makes accountability difficult. Internal agency budgets do not always show the costs of the services agencies receive from other state government agencies. This expense is often not used in budgeting, and may not even be known.

The new approach — entrepreneurial management — gives internal customers more control over where they buy and what they buy. DAS enterprises have to attract and retain customers in order to be successful. With the new structure, customers have a simpler budgeting and appropriation process. DAS enterprises develop business plans, estimating revenue and expenses. Internal

customers have a voice in setting prices and have the flexibility to shop for the best value for their money.

Significant cost savings are part of the rationale for this type of change proposed by Governor Vilsack. Giving internal agencies more control over their consumption patterns and vendor selection makes them more cost-conscious. Competition motivates service agencies to lower their costs and improve services. In Iowa’s case, however, a budget shortfall has already resulted in mandated spending cuts far greater than the first-year savings typically generated by such a change.

The following chart recaps filled full-time equivalent positions in agencies that have been transitioned into DAS enterprises.

GENERAL SERVICES ENTERPRISE

Hoover State Office Building, Des Moines 50319; (515)281-3196

Paul Carlson, Chief Operating Officer

With the creation of the Department of Administrative Services in 2003, the General Services Enterprise (GSE) was launched as a service delivery entity, encompassing responsibilities which can be traced back to the earliest days of Iowa government. These include construction, fleet management and maintenance, purchasing, printing, building maintenance, and mail. Predecessor agencies include the Department of General Services (1971-2003) and the former Board of Control. The chief operating officer for General Services is appointed by the DAS director. The following four bureaus function within the enterprise: Capitol Complex Maintenance; Design and Construction; Fleet, Mail and Print; and Service Delivery. Three advisory groups are associated with GSE with responsibilities for Capitol Planning, Vertical Infrastructure, and the Americans With Disabilities Act.

Capitol Complex Maintenance – *Tim Ryburn, Administrator; 109 Southeast Thirteenth Street, Des Moines 50319; (515) 281-3137*

The Capitol Complex Maintenance (CCM) Bureau provides facility maintenance service for the day-to-day maintenance and upkeep of state-owned facilities on the Capitol Complex. CCM provides each state agency with a healthy, safe, and well-maintained environment to conduct its business and to achieve its mission. The goal is to provide the best value for services offered to customers so they can accomplish their missions.

CCM is responsible for the maintenance of grounds, equipment, custodial services, and locksmith services. The mechanical maintenance section ensures that all building equipment is operating in an efficient and safe manner. This includes environmental controls such as air handlers, plumbing, and heating and cooling systems, including facility automation systems. The electrical section maintains a safe power distribution system. The building maintenance section provides carpentry, painting, and masonry services. The craftspersons build and remove additions, and

repair roofs, windows, and doors. The grounds crew provides landscaping, mowing, and snow removal services on the complex. Grounds staff also maintain all parking lots and signs. Custodial services keep all the buildings and facilities clean and free of waste products, along with doing minor maintenance. The locksmith maintains and enhances building security, as well as repairing and restoring historical clocks on the complex. Recycling provides supplemental income through the selling of waste products.

Design and Construction – *Dean Ibsen, Administrator*; Grimes State Office Building, First Floor, Des Moines 50319; (515) 281-6051

The Design and Construction Bureau is responsible for providing architectural engineering and project management services for 11 million square feet of facilities on the Capitol Complex and at 15 state institutions.

This bureau provides space management services on the Capitol Complex, for leasing at the seat of government, and for restoration painting services in the Capitol, at Terrace Hill, and in the Miller State Office Building.

Fleet, Mail and Print Bureau – *Dale Schroeder, Administrator*; 301 East Seventh Street, Des Moines 50319; (515) 281-7702

The Fleet, Mail and Print Bureau is responsible for three major support areas for state agencies. The fleet unit is responsible for the purchase and assignment of motor vehicles for all branches of government, except those specifically exempted by statute. New vehicles placed into service each year must meet certain statutory mandates for fuel efficiency, and increasing numbers of vehicles must be capable of operating with alternative fuels. The fleet unit's garage is a self-sustaining operation that generates its revenues by charging state agencies for vehicle repair and maintenance. The fleet unit responds to requests from agencies for the use of vehicles for short trips, purchase of new vehicles, and disposal of used vehicles. The fleet unit provides records of miles driven, cost per mile of each unit, and overall operational costs on approximately 2,600 vehicles. The cost of maintenance, insurance, depreciation, and administration for each vehicle is charged to state agencies. The fleet unit's gas station provides fuel, including renewable fuel, for state vehicles. The risk management office processes vehicle accident claims, assesses driver insurability, and recovers damage amounts after accidents.

The mail unit operates mail rooms in the Grimes and Hoover State Office Buildings. This unit is responsible for receiving, processing, distributing, and delivering mail. Types of mail processed include United States Postal Service (USPS) mail, UPS ground parcels, courier mail, overnight air letters and packages, and interoffice (local) mail. Incoming "business reply" and "postage due" mail is processed and charged back to agencies. Lettershop services (folding and inserting) and mail automation (presorting and bar-coding) services are provided for large mail streams. This unit also provides delivery of finished products for the print unit.

The print unit serves as a consultant to state agencies seeking advice regarding the most cost-efficient procedures for obtaining printed material. The centralized print unit is a short-run, quick-copy service designed to meet the needs of state agencies. It is a self-sustaining operation which generates its revenues by charging agencies for printing. This unit also provides graphic design and artwork as needed for printing projects for state agencies.

Service Delivery – *Debbie O'Leary, Administrator*; Hoover State Office Building, Level A, Des Moines 50319; (515) 281-8384

The Service Delivery Bureau is comprised of three different units. The customer service unit is designed to be the first point of contact for services, information, and customer feedback within the Department of Administrative Services. Some of its functions are to coordinate requests for services from other state agencies to the other divisions within the department, process parking and building access requests, provide statistical data related to services, and process publication sales.

The events unit coordinates events on the Capitol Complex.

The purchasing unit provides a statewide on-line procurement system that acquires supplies, equipment, services, and construction, using a competitive purchasing process; the issuance of

statewide contracts available to state agencies and political subdivisions for a variety of products and services; and the on-line office supply system.

INFORMATION TECHNOLOGY ENTERPRISE

Hoover State Office Building, Des Moines 50319; (515)281-3462

John Gillispie, Chief Operating Officer

The Information Technology Enterprise provides leadership for enterprise-wide information technology (IT) service delivery. The primary objective of the office is to centrally focus IT initiatives, activities, and direction for the state. Additionally, the chief operating officer is the senior administrator of the Information Technology Enterprise (ITE) within the Department of Administrative Services. ITE functions as an information technology service division, providing services to various state governmental entities. ITE is the sole provider of information technology utility services to the executive branch of government and is a provider of competitive marketplace services, as well. ITE is comprised of three bureaus — Infrastructure Services, Applications and Electronic Government Services, and Integrated Information for Iowa (I/3).

Infrastructure Services – *Lorrie Tritch, Administrator*; Hoover State Office Building, Level B, Des Moines 50319; (515) 242-5898

The Infrastructure Services Bureau is responsible for the operation of the Mainframe Data Center (including the personnel at the Iowa Workforce Development data center), server hosting, networking, security, desktop support, and help desk, providing high-quality information technology consulting, processing, storage, and related services.

Applications and Electronic Government Services – *Mark Uhrin, Administrator*; Hoover State Office Building, Level B, Des Moines 50319; (515) 281-5818

The Applications and Electronic Government Services Bureau manages application systems programming and development staff to support the program systems of enterprise and executive agencies; develops and maintains the systems that provide citizens and businesses electronic access to state government services and resources; and manages the IT training area and the database/data warehouse area to provide innovative technical support to state agencies and citizens.

Integrated Information for Iowa (I/3) Technical Support – *Sharon Sperry, Administrator*; Hoover State Office Building, Level B, Des Moines 50319; (515) 281-4568

The I/3 Technical Support Bureau provides the strategic direction as well as the functional deployment and support of the Integrated Information for Iowa (I/3) system, which includes the

enterprise accounting, procurement, budget preparation, and human resources/payroll functions for the State of Iowa. The support and network infrastructure was built on a software platform developed by American Management Systems, Inc. In 2005, the Department of Administrative Services had completed two years of the three-year project implementation of all phases of the I/3 system.

STATE ACCOUNTING ENTERPRISE

Hoover State Office Building, Des Moines 50319; (515)281-4877

Calvin McKelvogue, Chief Operating Officer

The State Accounting Enterprise manages the state's financial resources in the operation of effective accounting and payroll systems, to ensure the timely and accurate processing of accounting and payroll transactions, to prepare and issue a comprehensive annual financial report in accordance with generally accepted accounting principles, and to generate other financial information and reports to meet the needs of citizens, vendors, government officials, state employees, and other government agencies.

DEPARTMENT OF AGRICULTURE AND LAND STEWARDSHIP

Ch 159

*Wallace State Office Building, Des Moines 50319; (515)281-5321;
www.agriculture.state.ia.us*

Patty Judge, Secretary of Agriculture
Brent Halling, Deputy Secretary of Agriculture

The General Assembly created the Iowa Department of Agriculture in 1923. In 1986, the department was restructured and the name changed to Department of Agriculture and Land Stewardship to reflect its broadened focus, which now includes the Soil Conservation Division.

The mission of the department is to encourage a relationship between people and the land that recognizes the land as a resource to be managed to avoid irreparable harm. The department is tasked with developing and implementing policies that address the long-term future of agriculture as an economic activity as well as a way of life.

The object of the department is to encourage, promote, market, and advance the interests of agriculture, including production practices, such as organic or conventional, that may lead to direct marketing of raw product and value-added goods. The department has the responsibility of providing consumer protection through the regulatory programs administered by the regulatory, laboratory, and inspection services. The department is responsible for the preservation and improvement of the quality of two of the state's most important natural resources, soil and water.

The department is comprised of four divisions: Market Development and Administrative Services, Consumer Protection and Animal Health, Plant Management and Technology, and Soil Conservation.

MARKET DEVELOPMENT AND ADMINISTRATIVE SERVICES DIVISION

Wallace State Office Building, Des Moines 50319; (515)281-5681

Mary Jane Olney, Director

The Market Development and Administrative Services Division has two key responsibilities. The first is the responsibility for providing promotional and informational service for the varied aspects of Iowa agriculture. Support includes the coverage and release of daily grain prices and coverage of livestock auctions to ensure accurate price reporting, assistance to organic producers including state organic certification, promotion and technical advice on diversified crop production, including the grape and wine industry, and certification and expansion of farmers markets throughout Iowa.

The second responsibility is to assist the Secretary of Agriculture and the other divisions in the administration of the department and in the implementation of legislation and statutory rules relating to the department. Internal support includes centralized accounting, auditing, budgeting, and human resources.

CONSUMER PROTECTION AND ANIMAL HEALTH DIVISION

Wallace State Office Building, Des Moines 50319; (515)281-8619

Ronald Rowland, Director

The purpose of the Consumer Protection and Animal Health Division is to provide protections for consumers of Iowa agricultural products. Special emphasis is given to meat and poultry products, milk and dairy products, and products sold over a scale or through a meter.

A second responsibility is to monitor and provide health protections for animals in Iowa. Special emphasis is given to regulating the movement and health status of Iowa's livestock herds through the implementation of various monitoring, control, and eradication programs. In addition, the division regulates producers and dealers of pet animals.

PLANT MANAGEMENT AND TECHNOLOGY DIVISION*Wallace State Office Building, Des Moines 50319; (515)281-8610*

John Whipple, Director

The Plant Management and Technology Division is responsible for consumer protection through the inspection and scientific evaluation of food and agricultural products for safety and stated value. Laboratory analysis of milk and dairy products, meat and poultry products, livestock feed and pet food, fertilizers, pesticides, and seed and nursery stock is undertaken daily to ensure public safety.

The division is also responsible for the protection of grain merchandisers through the inspection and financial monitoring of licensed grain facilities. In addition, the division also administers the Grain Depositors and Sellers Indemnity Fund.

SOIL CONSERVATION DIVISION*Wallace State Office Building, Des Moines 50319; (515)281-5851*

Kenneth Tow, Director

The Soil Conservation Division is responsible for state leadership in the protection and management of soil, water, and mineral resources. Division programs are carried out by Iowa's 100 soil and water conservation districts.

Environment First programs offered by the division include cost-share assistance for conservation practices, district initiatives, conservation buffer incentives, agriculture drainage well closure, watershed protection, the Iowa Conservation Reserve Enhancement Program, and the Integrated Farm/Livestock Management Demonstration Program.

The Iowa Board of Veterinary Medicine was created in 1900 when the first Veterinary Practice Act became effective. The five-member board has three members who are licensed veterinarians and two members who represent the public. The State Veterinarian serves as the board's secretary.

The board offers the North American Veterinary Licensing Examination in April and December to qualified applicants to determine their personal and professional qualifications to practice veterinary medicine in Iowa. The board also offers the Veterinary Technician National Exam for veterinary technicians. The board sets the standards for certification of veterinary assistants, and may conduct investigations, hold hearings, and take disciplinary action in matters involving the practice of veterinary medicine.

The Department for the Blind, established in 1925, provides services to Iowans who are blind or severely visually impaired that support their rights and aspirations to participate fully, productively, and equally as first-class citizens in society. These services are provided through the department's four divisions: the Adult Orientation and Adjustment Center; Field Operations, which provides vocational rehabilitation and independent living services; the Library for the Blind and Physically Handicapped; and the Business Enterprises Program. The department maintains a registry of blind Iowans and provides valid information about blindness through speaking engagements, in-service training, informational materials, and a fully accessible website.

The Adult Orientation and Adjustment Center is a residential training program where blind adults learn the blindness techniques and develop the self-confidence they need to live

independently and work competitively. Through classes in travel with the long white cane, home and personal management, industrial arts, braille, and computer access, they come to understand that it is okay to be blind and that they can become fully contributing members of their families, workplaces, and communities.

The department's Vocational Rehabilitation Program is the key to the funding that blind Iowans need to compete on terms of equality in institutions of higher learning and the labor market. It provides the counseling and guidance that encourage blind Iowans to achieve their maximum potential, the funding needed to help blind students pay for the blindness-specific services and technology they need to succeed while receiving training at postsecondary institutions, the advocacy and information that encourage the development of attitudes and policies that provide equal opportunity for blind students and workers in training, and the equipment and technical expertise that enable blind students and workers to operate virtually the same information technology as everybody else.

Through its Transition Program, the department provides blindness skill and attitudinal training to Iowa's transition-age youth who are blind or severely visually impaired. At fall and winter retreats and two summer camps, young participants learn new, positive ways to think about themselves and to deal with their blindness. This program dovetails with the Pathfinders Mentoring Program, which matches positive, confident, and competent blind adults with blind youth aged 16 to 26.

Through its Project ASSIST (Accessible Step-by-Step Instructions for Speech Technology with Windows) Program, the department seeks to provide computer training and training materials to individuals who are blind, visually impaired, or deaf-blind. The department offers numerous tutorials for individuals who would like to learn how to use popular applications and for trainers who would like materials for their organization's computer training program.

A new and innovative component of the department's ASSIST on-line effort is a series of instructor-led distance-learning classes. These interactive classes train blind and visually impaired individuals around the country to obtain the Microsoft Office Specialist certification.

Most recently, the department obtained a federal grant to create tutorials for deaf-blind individuals whose only means for using the computer is a refreshable braille display. The tutorials use a keyboard-only approach to the Windows interface and include information and step-by-step exercises that specifically address the screen reader-braille display combination the individual is using to operate the computer.

Through the department's Independent Living Rehabilitation Program, elderly or multiply disabled persons who are blind learn the skills they need to live independently and participate actively in family and community life. By learning the alternative techniques of blindness, they can choose the privacy and independence of living in their own homes over moving into expensive care centers. Independent living teachers and service coordinators travel throughout the state to provide training and other services aimed at bolstering the independence of the individual. Training is offered in a variety of forums, including small-group sessions held in communities throughout Iowa and in the home on a one-on-one basis. Visual loss has been identified as one of the four most significant contributors to the loss of independence in older Americans. Time and experience have proven that even basic training in nonvisual techniques increases an individual's level of independence and self-sufficiency. The average direct expenditure per consumer is approximately \$700. This small investment effectively postpones or prevents the need for costly long-term care that can average \$3,600 a month in most nursing homes. Vocational and independent living rehabilitation services assist blind persons in realizing their maximum potential of independence and self-support. Independent living services are primarily provided to older individuals who have experienced a severe loss of vision. Rehabilitation teachers work with these individuals in their homes and communities to provide instruction in the skills and techniques of blindness necessary to maintain or increase personal independence. Rehabilitation counselors work with blind persons to develop vocational goals and receive appropriate vocational training and employment.

The Library for the Blind and Physically Handicapped provides books and magazines in the alternative media of braille, described video, cassette tape, and large type to eligible Iowans.

Individuals who are blind include those with a vision loss that does not constitute legal blindness but is sufficient to prevent use of standard print with ease. Physically handicapped or reading-disabled persons qualify for library service. The library also distributes machines on which records and tapes may be played.

The Business Enterprises Program enables blind Iowans to operate food service facilities on federal, state, municipal, and private property. The provision of initial and ongoing food service and management training, as well as beginning inventory and purchase of equipment, means that blind persons in the program can become self-sufficient, taxpaying citizens.

The department makes available a variety of specialized aids, appliances, and recreational items that can be purchased by blind Iowans at cost or furnished as part of some individual rehabilitation plans. White canes for independent travel, braille and electronic watches and clocks, specially marked games, braille and print-writing devices, various types of measuring equipment, and miscellaneous aids are among the items available.

A number of blind children are enrolled in regular public schools throughout the state. Upon request, the department works with the Bureau of Special Education of the Department of Education to procure books and specialized material for those children and to provide counseling and guidance.

A registry of the blind in Iowa showing cause of blindness, age, and other statistical information valuable in program evaluation and planning is maintained by the department. It is estimated that there are more than 57,000 blind Iowans and that 25 Iowans become blind each week.

Under the Iowa Civil Rights Act of 1965, as amended, the Iowa Civil Rights Commission (ICRC) is charged with investigating, holding hearings, and rendering decisions on complaints of unfair or discriminatory practices in public accommodations, employment, credit, housing, and education on the basis of race, creed, color, sex, religion, national origin, or disability. Three other bases include age (employment and credit only), familial status (housing and credit only), and marital status (credit only). Mental disability is not covered in credit. Hearings are provided in the event of failure of conciliation, and orders resulting from such hearings are subject to judicial review. ICRC also plans and conducts programs designed to prevent and eliminate discrimination and to educate stakeholder groups on civil rights laws and policies.

The commission consists of seven members appointed by the Governor to staggered terms of four years subject to the advice and consent of the Senate. No more than four members of the commission shall belong to the same political party, and its membership shall represent as wide an area as practical. Commission officers are elected by the members and serve for one year starting on May 1. The executive director is appointed by the Governor and confirmed by the Senate.

The Iowa College Student Aid Commission (ICSAC) supports postsecondary education in Iowa by administering income-sensitive student financing that promotes access and academic choice, academic recognition, and professional staffing in critical shortage fields; providing coordinated information describing student aid programs and Iowa's postsecondary education; effectively and efficiently administering existing programs which have been authorized by state and federal governments; and continually evaluating and promoting changes to improve student assistance programs.

ICSAC is responsible for planning and administering programs of assistance to both public and independent colleges and universities throughout Iowa. Represented on the 12-member commission are the Board of Regents, the Department of Education, Iowa independent colleges and universities, Iowa community colleges, each house of the Iowa General Assembly, Iowa lending institutions, Iowa students, the Iowa Student Loan Liquidity Corporation (ISLLC), and the general public. The lender, student, general public, and independent college, community college, and ISLLC representatives are appointed by the Governor. The Director of the Department of Education serves by virtue of office. The remaining four members are appointed by the bodies they represent.

Established in April 1964 to implement the federal assistance program for construction of academic facilities provided by the Higher Education Act of 1963, the commission now administers the programs described below.

Federal Stafford Student Loan Program – This program was implemented in 1979 and allows students to borrow from commercial lending institutions at a low rate of interest to meet educational expenses at postsecondary educational institutions. The loans are insured by ICSAC and reinsured by the federal government under the terms of agreement between the Secretary of Education and ICSAC. Students may receive a subsidized loan (the federal government pays interest while the student is in school and in deferment status) based on financial need; all students are eligible to apply for unsubsidized loans.

Federal PLUS Program – This program was implemented in 1982. The Iowa PLUS Program permits parents to secure unsubsidized long-term loans at reasonable interest rates from commercial lending institutions to cover postsecondary educational expenses. The loans are

insured by the commission and reinsured by the federal government under the terms of agreement between the United States Secretary of Education and ICSAC.

Iowa Tuition Grant Program – In 1969, the General Assembly established the Iowa Tuition Grant Program to provide financial assistance for Iowa students enrolled in Iowa's independent colleges and universities. Funding for this program in 2005-2006 was \$49,723,515, with a maximum grant of \$4,000. The amount of the grant, based on the student's estimated financial need, is limited to tuition and fees minus the average charges at a state university.

Iowa Vocational-Technical Tuition Grant Program – This program was established in 1973 to provide financial assistance to needy Iowa resident students enrolled in vocational-technical or career option courses at public community colleges in the state. Qualified students may receive a maximum of \$1,200 per year. In 2005-2006, the program was funded at \$2,533,115 in state funds.

Iowa Work-Study Program – In 1987, the General Assembly established the Iowa Work-Study Program to provide funding for work-study jobs for Iowa residents attending Iowa colleges and universities. Funding for 2005-2006 was \$140,000.

State Student Incentive Grants (SSIG) – This federal program of matching funds is used primarily to supplement the state appropriations for the Iowa Grants Program. In 2005-2006, the Iowa allocation was \$323,256.

Iowa Grants – The Iowa Grants Program was enacted in 1990 to provide grants to Iowa resident undergraduate students attending a regents university, community college, or accredited independent college or university. This statewide non-sector-based grant program provides need-based awards of up to \$1,000. The 2005-2006 appropriation was \$1,029,784, supplemented by \$273,359 in SSIG funds.

Higher Education Data – ICSAC maintains a database of enrollment, financial aid, alumni, and other data about Iowa colleges and universities. The database is maintained through surveys conducted by ICSAC research staff, and with the cooperation of the National Center for Education Statistics. An annual digest based on the data has been published annually since 1975 and is available on the Internet at www.iowacollegeaid.org/researchers/index.html.

Osteopathic Forgivable Loans – Since 1991, the Osteopathic Forgivable Loan Program has provided state assistance to Iowa residents attending Des Moines University – Osteopathic Medicine Center. Funding for 2005-2006 was \$50,000. The loans are forgiven if the physicians practice medicine in Iowa for one to two years, depending on the number of loans used to fund a portion of their education expenses.

Diversity Report – Since 1988, the commission has collected and maintained student and faculty ethnic diversity reports from Iowa colleges and universities receiving state grant moneys. Information contained in these annual reports reflects the institutions' commitment to recruit and retain minority students and faculty. Copies of the most recent reports are available on the Internet at www.iowacollegeaid.org/researchers/index.html.

State Fair Scholarship Program – In 1998, the General Assembly asked ICSAC to administer the Governor Terry E. Branstad Iowa State Fair Scholarship. Recipients receive a one-time award based on their participation at the Iowa State Fair.

Administration of Private Scholarships – Since 1992, several businesses and civic organizations have requested technical assistance in the creation and administration of scholarships and forgivable loan programs. ICSAC staff provides assistance by serving on selection panels and by providing technical assistance on program requirements and the development of application materials.

Thomas B. Gronstal, Director.....Serves at Pleasure of Governor

The Department of Commerce was created to coordinate and administer the various regulatory, service, and licensing functions of the state relating to the conducting of business and commerce in the state.

The chief administrative officer of the department is the director. The director is appointed by the Governor from among those individuals who serve as heads of the divisions within the department. A division head appointed to be the director fulfills the responsibilities and duties of the director in addition to the individual's responsibilities and duties as the head of a division. The director serves at the pleasure of the Governor. If the office of director becomes vacant, the vacancy shall be filled in the same manner as the original appointment was made. The department consists of the Office of Administrative Services and the following divisions:

ALCOHOLIC BEVERAGES DIVISION

The Alcoholic Beverages Division was created administratively within the Department of Commerce to administer and enforce the laws of this state concerning beer, wine, and alcoholic liquor. The division also has the sole power to buy, import, and sell at wholesale all alcoholic liquors in the state. Total funds generated in fiscal year 2003-2004 were in excess of \$75 million, with over \$58 million being directly deposited into the State General Fund. The wholesaling of liquor to package liquor stores accounted for approximately \$46 million of the total transfer to the State General Fund.

An Alcoholic Beverages Commission was created within the division and is composed of five members, not more than three of whom shall belong to the same political party. Commission members are appointed by the Governor for five-year terms subject to confirmation by two-thirds of the Senate. The commission acts as a division policymaking body and serves in an advisory capacity to the division administrator.

The division administrator is appointed by the Governor to a four-year term subject to confirmation by two-thirds of the Senate. The administrator supervises the daily operations of the division and executes the policies of the division as determined by the commission. The commission may affirm, reverse, or amend all actions of the administrator, including but not limited to the purchase of alcoholic liquor for resale by the division; the granting or refusing of liquor licenses and permits, wine permits, and beer permits and the suspension or revocation of the licenses and permits; and the establishment of wholesale prices of alcoholic liquor.

The division has the sole power to appoint necessary employees; to determine the nature, form and capacity of packages kept or sold, and to prescribe or approve labels and seals to be placed on same; to license, inspect, and control the manufacture of alcoholic liquors in Iowa; and to make rules and regulations necessary for carrying out the provisions of the alcoholic beverages law.

The Superintendent of Banking is appointed by the Governor subject to confirmation by the Senate to a four-year term. The superintendent is an ex officio member and chair of the State Banking Council, which acts in an advisory capacity in matters which come before the superintendent.

The superintendent is charged with the supervision and regulation of all state-chartered banks, trust companies, debt management companies, delayed deposit services, money transmitters, mortgage bankers, mortgage brokers, mortgage registrants, industrial loan companies, and regulated loan companies. The superintendent and Banking Division staff protect the interests and rights of depositors, creditors, and shareholders of the entities subject to regulatory purview of the Banking Division.

The division conducts regular on-site examinations and off-site monitoring of regulated institutions and processes applications for new charters and licenses, charter conversions, mergers and acquisitions, dissolutions, new offices, office relocations, and office closures. In addition to its regulatory functions, the Banking Division provides fundamental and technical assistance to banks and advises governmental bodies, agencies, and individuals in banking matters. The division is funded by assessments to the entities it regulates and uses no tax dollars in its operations.

The Department of Credit Unions was established January 1, 1979, by the General Assembly, and was reorganized as the Credit Union Division within the Department of Commerce by the General Assembly effective July 1, 1986. The superintendent is appointed by and serves at the pleasure of the Governor subject to confirmation by the Senate. The seven-member review board is appointed by the Governor for staggered three-year terms, and is also subject to confirmation by the Senate. Two of the board members may be public members; however, at no time shall more than five of the members be directors or employees of a credit union. A list of nominees may be submitted to the Governor by any credit union located in the state. The board may adopt administrative rules pursuant to Iowa Code chapter 17A or take such action as it deems necessary or suitable to effect the provisions of Iowa Code chapter 533.

The superintendent is charged with the supervision, control, and enforcement of the laws, by-laws, rules, and regulations pertaining to the organization and operation of credit unions operating under a state charter. It is the intent and responsibility of the superintendent and division staff to protect the interests and corporate rights of more than 780,000 members of Iowa credit unions. This is done through regular examination and analysis of the operation in each credit union, with such remedial action taken as deemed necessary. In addition, the division provides an orderly process for the chartering, merger, conversion, and liquidation of state credit unions; advises governmental bodies and agencies and individuals in the matters of credit union affairs; provides fundamental and technical assistance to credit unions; provides state liaison with authorized member account insurers; and maintains an equitable fee structure and offset of division expenditures.

INSURANCE DIVISION

James R. Mumford, First Deputy Commissioner

James Armstrong, Deputy Commissioner of Insurance and Chief Examiner

The Office of Commissioner of Insurance, as the executive head of the Insurance Division of the Department of Commerce, was created by the General Assembly in 1913. The first commissioner took office on July 1, 1914. Previous to that time, the supervision of insurance had been under the direction of the Auditor of State.

The Office of Commissioner of Insurance has general control, supervision, and direction over all insurance business transacted in the state and is charged with the responsibility of administering the laws of the state relating to insurance. In addition, the commissioner regulates securities, business opportunities, continuing care retirement centers, residential and motor vehicle service contracts, perpetual care cemeteries, and pre-need funeral home sales and merchandise.

The Insurance Division has six bureaus that carry out the functions of the division. They are as follows:

Administration – Oversees the administration of the office, including personnel, budget, legislation, and policy. Also includes communications and consumer outreach.

Consumer Affairs – Handles citizens’ complaints and inquiries and investigates/prosecutes any wrongdoing by insurance or securities agents and companies.

Product and Producer Licensing – Reviews and approves as required under state law the rates and forms of insurance products sold in Iowa. Approximately 82,000 rates and forms are reviewed annually. Also licenses and maintains yearly continuing education requirements for insurance agents/producers. Approximately 63,000 agents are currently licensed in Iowa.

Company Regulation – Supervises the organization, reorganization, liquidation, and dissolution of domestic insurance corporations. Regulates the certificate of authority by companies to do business in Iowa. Conducts examinations of all domestic insurance organizations at least once every three years. May examine foreign insurance companies authorized to do business in Iowa.

Fraud – Investigates reports of insurance fraud throughout Iowa. Works with consumers, carriers, agents, and state and federal law enforcement.

Securities – Regulates the sale of securities within the state of Iowa and provides for the licensing of securities salespersons and dealers. Reviews securities registrations and performs audits and examinations as necessary. Also responsible for the sales of motor vehicle and residential service contracts, funeral services and merchandise, sales of cemetery merchandise, business opportunities, and certain retirement community agreements. Performs audits and investigates complaints.

The first real estate license law was enacted by the General Assembly in 1929 and became effective on January 1, 1930.

The Real Estate Commission administers the Iowa Real Estate License Law, Iowa Code chapter 543B, and Sales of Subdivided Land Outside of Iowa, Iowa Code chapter 543C. The commission also administers appropriate portions of the Continuing Education and Regulation Program, Iowa Code chapter 272C. The license law authorizes the commission to issue licenses and regulate the activities of real estate brokers and salespersons, and to carry out a program of real estate education. The subdivided land law authorizes the commission to register out-of-state subdividers who engage in business in Iowa, and to refer violations to the Attorney General or to an appropriate court. Iowa Code chapter 272C requires licensees to participate in continuing education, and authorizes the commission to adopt administrative rules. The law also establishes procedures for review of the licenses and lists grounds for disciplinary sanctions.

The Utilities Board is responsible for the regulation of the rates and services of investor-owned electric, gas, natural gas, communications, and water utilities and generally supervises all pipelines and transmission, sale, and distribution of electrical current in the state.

The three-member board is a policymaking body for the Utilities Division. The chairperson serves as the administrator of the Utilities Division. As administrator, the chairperson is responsible for all administrative functions and decisions. Eight sections have been established in the Utilities Division organizational structure: the office of executive secretary, deputy executive secretary, general counsel, customer service, energy, policy development, safety and engineering, and telecommunications.

Office of Executive Secretary – *Judi K. Cooper, Executive Secretary; (515)281-5386*

The executive secretary is appointed by the board and oversees the operation of the agency and assists the board in ensuring that the work of the agency is completed efficiently and effectively. The executive secretary coordinates personnel and purchasing for the division and assists in the administration of the division. The executive secretary is the custodian of the board seal and all board records. The executive secretary is also responsible for preparing the agency budget.

Deputy Executive Secretary – *Margaret Munson, Deputy Executive Secretary; (515)281-7716*

The deputy executive secretary serves in the absence of the executive secretary, ensuring that essential administrative business is completed. Additional duties include supervising the accounting and assessments section and the information technology team.

General Counsel – *David Lynch, General Counsel; (515)281-8272*

The General Counsel's Office provides legal advice and formal legal opinions to the board on matters arising under the Iowa Code and the board's administrative rules. Attorneys draft board decisions, orders, and rules. The office also provides legal advice to staff. It represents the board before state and federal courts in proceedings that challenge the board's implementation of state and federal law. The office also intervenes, on behalf of the board, in federal actions affecting Iowa utility ratepayers.

Customer Service – *Chuck Seel, Manager; (515)281-5618*

The Customer Service Section serves as the agency's information contact and provides customer assistance and education for both the staff and the public. The section assists customers and competitors in resolving disputes with service providers. The section monitors customer service policies and practices, provides information to the public, and advises the board on customer service quality and issues of public concern. The section also maintains contact with media representatives.

Energy – *John Harvey, Manager; (515)281-3279*

The Energy Section is responsible for providing the board with recommendations for appropriate actions on energy matters. The section monitors activities of gas, electric, and water service providers. It also provides analysis and recommendations on tariff filings, rate proceedings, annual fuel purchase reviews, service territory disputes, and restructuring issues. The section advises the board on issues before the Federal Energy Regulatory Commission.

Policy Development – *Frank Bodine, Manager; (515)281-8825*

The Policy Development Section provides forward-looking quantitative and qualitative analysis into various policy issues in the electric, telephone, and gas industries. The section also provides professional and technical support to the industry sections and the board in the areas of policy development and research. In cases before the board, the section is responsible for the review and analysis of cost of capital, cost of service, and rate design. The section is responsible for performing analysis of competitive and restructuring issues, utility management performance, least-cost alternatives, energy efficiency activities, and other public policy matters. Section staff also conducts inquiries, rulemakings, and special projects, and participates in ratemaking proceedings.

Safety and Engineering – *Donald Stursma, Manager; (515)281-5546*

The Safety and Engineering Section is responsible for the regulation of gas and electric providers and pipeline and electric transmission and distribution companies as it relates to safety, construction, and operation and maintenance of facilities. The section reviews and processes all petitions for electric transmission line franchises under Iowa Code chapter 478 and for pipeline permits under Iowa Code chapters 479 and 479B. It also acts as an agent for the federal Department of Transportation in pipeline safety matters.

Telecommunications – *John Ridgway, Manager; (515)281-4034*

The Telecommunications Section is responsible for providing the board with recommendations for appropriate actions on telecommunications matters. The section monitors activities concerning telecommunications service providers. It also provides analysis and recommendations of telecommunications providers’ filings, rate proceedings, and advises the board on ratemaking and restructuring issues. The section advises the board on issues before the Federal Communications Commission.

The Iowa Board of Corrections is a seven-member bipartisan board appointed by the Governor, with members serving four-year terms. This board is a policy-setting board and is required to meet at least 12 times per year.

The Iowa Department of Corrections (DOC) manages correctional services in four areas: secure institutions, community-based correctional services, system administration, and prison industries. The department's mission is to protect the public, the employees, and the offenders.

On March 1, 2005, the DOC was supervising 38,661 offenders: 8,517 in prison, 1,519 in community-based facilities (residential, work release, and OWI treatment), and 28,625 under community supervision.

The department employs over 3,900 staff, including over 1,100 community corrections employees in eight judicial districts. The corrections budget for fiscal year 2005 was approximately \$274 million.

Iowa Prison Industries (IPI) employs inmates in a work setting similar to factories in the free society. Experienced manufacturers systemwide train inmates to manufacture over 3,000 line items that are sold to government agencies and nonprofit entities. IPI employs over 800 inmates working over 1.3 million hours per year. IPI coordinates private sector work programs that enable inmates to pay child support, taxes, restitution, and more than \$5.2 million in room and board to the state since program inception. IPI is a self-funding operation and receives no appropriation.

The Iowa Corrections Training Center in West Des Moines provides preservice and in-service training for correctional officers and other direct service staff with the department.

In Iowa's eight judicial districts, the department contracts for community supervision. Preinstitutional services include pretrial, presentence investigations, probation supervision, and residential supervision. Postinstitutional services include parole and work release supervision. Operating while intoxicated (OWI) continuum services, including OWI treatment facilities, are also provided. In recent years, improvements to preinstitutional and postinstitutional supervision have targeted specific offender groups and addressed individual offender needs. Programs include OWI, intensive supervision, electronic monitoring, sex offender programs, treatment alternatives to street crimes, domestic abuse programs, community service, education, employment and reentry transition. Various programs are using cognitive-based treatment curricula. Probation and parole officers throughout the state are currently being trained in motivational interviewing techniques to further effect change in offenders under supervision. The Iowa Department of Corrections and Judicial District Departments of Correctional Services are committed to implementing evidence-based practices to provide a better return on investment of each corrections dollar spent.

Community-based corrections (CBC) programs are supervised by a Judicial District Department of Correctional Services Board which appoints and provides direct supervision to the district director. The Iowa Department of Corrections is responsible for general oversight and coordination of the programs offered by the eight judicial districts. In addition, CBC administers the interstate compact program.

The eight judicial districts maintain residential facilities in the following communities: Ames, Burlington, Cedar Rapids, Coralville, Council Bluffs, Davenport, Des Moines, Dubuque, Fort Dodge, Marshalltown, Mason City, Ottumwa, Sheldon, Sioux City, Waterloo, and West Union.

Field services offices throughout the state ensure close contact with corrections clients. Field services are based in the following cities: Waterloo, Decorah, Oelwein, Independence, Dubuque, Manchester, Ames, Fort Dodge, Marshalltown, Mason City, Sac City, Sioux City, Spencer, Council Bluffs, Des Moines, Adel, Chariton, Creston, Guthrie Center, Indianola, Newton, Pleasantville, Vinton, Marengo, Toledo, Coralville, Cedar Rapids, Davenport, Tipton, Clinton, Maquoketa, Muscatine, Burlington, Fairfield, Fort Madison, Mount Pleasant, Keokuk, Ottumwa, Centerville, and Oskaloosa.

The department maintains nine prison institutions at various locations around the state. A description of those facilities follows:

Anamosa State Penitentiary – *Jerry Burt, Warden; Anamosa 52205; (319)462-3504*

The Anamosa State Penitentiary (ASP) is a medium/maximum security correctional institution for adult males. Constructed in 1872, the institution has a current capacity of 913 and held 1,263 inmates on March 1, 2005. The purpose of ASP is to protect society from those who violate the laws of Iowa by providing a confinement-type setting. The primary objective is to release individuals from the institution who have learned to cope with their problems and live within the rules of society. The primary function of staff is to provide a safe and helpful environment that encourages behavior change.

The correctional process utilized to attain these objectives emphasizes individualized treatment and a disciplined environment. All resources are used to promote development of behavioral self-control, and academic and vocational skills, and to institute decision-making abilities. Kirkwood Community College is the provider of GED and literacy-based education programs, while Iowa Prison Industries (IPI) provides on-the-job training and work skills in auto restoration, metal furniture, sign fabrication, graphic arts, housekeeping/laundry supplies, metal stamping, custom wood shop, and the Braille Center. In addition, IPI manages the farm program by raising crops and maintaining a stock cow herd.

The institution operates a full-time licensed substance abuse program at the institution and at the Luster Heights Camp, a facility for minimum security live-out inmates that is located in the Yellow River State Forest in northeast Iowa. This satellite facility, with a current capacity of 88 and holding 47 inmates on March 1, 2005, provides inmate workers to the Department of Natural Resources and various city, county, and state government agencies under Chapter 28E Agreements.

Clarinda Correctional Facility – *Mark Lund, Superintendent; Clarinda 51632; (712)542-5634*

Iowa policymakers authorized the Clarinda Correctional Facility (CCF) in 1980 as an adult male prison to serve chemically dependent, mentally retarded, and socially inadequate offenders. A new 750-bed medium security prison opened in April 1996. The inmate population on March 1, 2005, was 920.

The Clarinda Correctional Facility is located on the grounds of the Clarinda Mental Health Institute (MHI) and shares the physical plant, dietary, administration, chaplain, laboratory, education, medical/psychiatric, and psychological services with the MHI.

The Special Learning Unit at CCF provides individual treatment for inmates who are mentally retarded, mentally ill, or socially inadequate. This unit also offers additional support for persons requiring protection from more aggressive offenders. Intensive substance abuse programming is another area of program emphasis. The program involves a personal examination of the reasons for abuse, obstacles to treatment, and special planning for release.

A 225-bed minimum security unit recently opened in March 2005, and is for offenders eligible to work in minimum-outs programs.

Fort Dodge Correctional Facility – *Vacant, Warden; Fort Dodge 50501; (515)574-4700*

Opened in 1998 as a 750-bed double-occupancy celled environment, and expanded in 1999, the Fort Dodge Correctional Facility has a current capacity of 1,162 and held 1,199 inmates on March 1, 2005. In addition to a young offender program, licensed outpatient and residential substance abuse programs are available. Private sector employment on-site through various companies is

available as part of the method to teach good work habits, pay previous court orders, and reimburse the state for room and board.

Iowa Correctional Institution for Women – *Diann Wilder-Tomlinson, Warden; Mitchellville 50169; (515)967-4236*

The Iowa Correctional Institution for Women (ICIW) is a multisecurity-level prison with a current capacity of 443 and holding 614 female inmates on March 1, 2005, which includes a violator facility for probation and parole violators. ICIW provides educational and vocational services to inmates, including adult basic education and general education development (GED). Vocational opportunities are provided by Iowa Prison Industries and include internal work assignments and vocational training courses. The institution emphasizes responsibility and accountability in preparing women offenders for successful return to the community. Programs offered focus on interpersonal relationships, domestic violence, career assessment and exploration, self-esteem, parenting, independent living, decision-making skills and thinking patterns, and health education. A substance abuse prevention assessment and referral program is provided by the Iowa Department of Public Health. The facility also houses a licensed 30-bed inpatient substance abuse treatment program.

Iowa Medical and Classification Center – *Lowell Brandt, Warden; Oakdale 52319; (319)626-2391*

The Iowa Medical and Classification Center (IMCC) has a current capacity of 505 beds, including a 23-licensed-bed psychiatric hospital. On March 1, 2005, the facility held 857 inmates. IMCC serves as the reception and classification center for all new commitments to the adult corrections system. Each inmate is evaluated in terms of security risk, health status, and treatment and education needs. From IMCC, most are assigned to other Iowa prisons. A medium-security general population unit and a special management unit for high-risk female offenders also are in operation at the Oakdale facility. IMCC provides psychiatric, psychological, nursing, pharmacy, pathology, education, recreation, and social services programs. Education opportunities available to IMCC patients/inmates include instruction in general education development (GED) and adult basic education, and a high school diploma may be earned.

Iowa State Penitentiary – *John Ault, Warden; Fort Madison 52627; (319)372-5432*

The Iowa State Penitentiary (ISP) was established in 1839, the year after Iowa became a territory and seven years before Iowa became a state. ISP was patterned after the Auburn, New York, Penitentiary, a prison within a prison, with a cell for each inmate. ISP underwent extensive renovation of its cell houses when “unitization” was introduced in 1982. Unitization divided large cell houses into smaller self-contained living units that are more easily managed. In 1984, a new visitor’s center and infirmary were dedicated at the penitentiary.

ISP is a maximum-security institution, housing repeat and violent offenders. The penitentiary complex includes ISP itself, with a current capacity of 549; the John Bennett Correctional Center, a medium-security dormitory adjacent to the penitentiary, with a current capacity of 152; two minimum-security farms located within a few miles of Fort Madison with a combined minimum-security capacity of 180; and a clinical care unit for the mentally ill with a capacity of 200. On March 1, 2005, the inmate population was 572 at ISP, 146 at John Bennett Correctional Center, 118 at the farms, and 137 in the clinical care unit.

Inmates at ISP are offered adult basic education and general education development (GED) classes, as well as vocational training in upholstery, commercial cooking, auto service, machining and printing, and provide labor for a large crop farm and a cattle and swine operation. Work opportunities with hourly wages are available in Iowa Prison Industries shops at the penitentiary. A six-month substance abuse program is offered to inmates with drug or alcohol problems, and Alcoholics Anonymous groups operate at the penitentiary and at the John Bennett Correctional Center.

Mount Pleasant Correctional Facility – *Russell Rogerson, Superintendent; Mount Pleasant 52641; (319)385-9511*

The Mount Pleasant Correctional Facility (MPCF) is co-campused with the Mount Pleasant Mental Health Institute. MPCF is a medium-security facility with a current capacity of 775 male inmates and an additional 100 beds for female inmates with special needs, the latter added to the campus in early 1999. On March 1, 2005, MPCF held 953 male inmates and 86 female inmates.

The men's facility is designed programmatically for the treatment of male offenders with treatable character disorders and substance abuse problems. The programs focus specifically on sex offenders and substance abusers. In addition, MPCF inmates are offered educational and vocational programs as well as social skills classes to prepare them for their eventual return to the community.

Newton Correctional Facility – *Terry Mapes, Warden; Newton 50208; (515)792-7552*

The Newton Correctional Facility (NCF) has a current capacity of 762 medium-security beds and 166 minimum-custody beds. On March 1, 2005, there were 779 inmates in the medium-security facility and 331 in the minimum-security facility. The medium-security facility operates on a unit management philosophy and has a variety of custody levels within medium security ranging from close custody to dormitory housing. This allows the facility to reward inmate growth and positive conduct while sanctioning misconduct. The facility operates from a philosophy that challenges inmates to confront the issues that have resulted in their incarceration. The facility offers and expects inmates to participate in programs as prescribed by the classification committee, including work programs, education programs including adult basic education and general education development (GED) preparation and testing, cognitive treatment, criminality intervention, and substance abuse treatment.

The minimum-security facility includes general population inmates, a substance abuse treatment unit, and a violator unit, which provides intensive short-term programs for community corrections offenders who have violated the conditions of their supervision. The violator unit provides an alternative to long-term incarceration to those individuals selected for the program.

North Central Correctional Facility – *James McKinney, Warden; Rockwell City 50579; (712) 297-7521*

The North Central Correctional Facility (NCCF) is a minimum-security institution with a current capacity of 245 and holding 495 inmates on March 1, 2005. NCCF emphasizes individual accountability and responsibility. In assisting the inmates in this endeavor, and in preparing them for successful return to the community, the institution offers a wide variety of programs. Education programs include general education development (GED), literacy, and work readiness. Self-help organizations, including Alcoholics Anonymous, Narcotics Anonymous, and The Insiders, have been established at NCCF. The Insiders group is involved in various community activities, including a Bikes-for-Tikes Program.

Work opportunities for inmates are varied, and attempts are made to assign inmates to jobs that utilize their skills. Inmates are assigned to general janitorial work, maintenance of the grounds, and care of the extensive yard and gardens, which produce in excess of 100,000 pounds of vegetables annually; assist the instructors in the educational programs; act as cooks and kitchen helpers in the food service operation; and are employed in the maintenance department. In addition, approximately 100 inmates are employed in the private sector, earning a minimum wage in which they contribute state and federal taxes, restitution, child support, victim's compensation, and room and board.

A 20,000-square-foot industries building was opened in 1998.

The Iowa Department of Cultural Affairs is devoted to improving the cultural life of Iowa through the arts, history, and cultural matters affecting Iowans and our visitors. Improving Iowa’s cultural life enhances the lives of all Iowans, while creating a stronger, more diversified economy, increased tourism, and more employment opportunities.

The department consists of the State Historical Society of Iowa and the Iowa Arts Council. The department was created in 1986 by the General Assembly as part of a comprehensive reorganization of government.

The Iowa Department of Cultural Affairs offers two grants programs for direct support to communities to enhance culture: The Iowa Community Cultural Partnership Program provides matching funds to cities and nonprofit, tax-exempt community groups for projects that create jobs for Iowans while enhancing local cultural, ethnic, and historical resources. The Cultural Enrichment Partnership Program offers financial support for general operating expenses of Iowa’s major, multidisciplinary cultural institutions such as museums, art and performance centers, and zoo, science, and botanical centers.

The mission of the Iowa Arts Council is to advance the arts for the benefit of all. The Iowa Arts Council works to ensure access to the arts for all Iowans, removing barriers to give all Iowans the opportunity to participate. The Iowa Arts Council seeks to foster excellence in the arts and arts education, to develop public support and recognition of the value of the arts, and to further the ability of all artists and arts organizations to practice their art.

Through the Artist-in-Schools and Communities Program, the Iowa Arts Council has placed hundreds of Iowa artists in schools to support arts education in Iowa, enriching our children’s education. The Iowa Arts Council provides technical assistance and grants to support the development of Iowa’s arts councils, symphonies, theaters, dance troupes, individual artists, and other cultural entities. The council also provides professional development for arts educators.

The Iowa Arts Council issues grants and administers programs to improve Iowa’s cultural landscape, not only to enhance the lives of Iowans but also to assist in keeping a talented workforce and young Iowans in Iowa. The Iowa Arts Council Board of Directors is a citizen advisory panel of 15 Iowans who advise the director on the programs and priorities of the agency.

Entrusted to preserve Iowa's historical legacy, the State Historical Society of Iowa identifies, records, collects, preserves, manages, and provides access to Iowa's historical resources. As an advocate of understanding Iowa's past, the State Historical Society of Iowa educates Iowans of all ages, conducts and encourages research, disseminates information, and supports historic preservation and education throughout the state.

The State Historical Society was established in 1857 in Iowa City as a private organization. Today, it is a division of the Iowa Department of Cultural Affairs.

The society's museum, located within the Iowa Historical Building in Des Moines, is guardian of approximately 100,000 artifacts, ranging from rare quilts to military armaments, from Native American beadwork to airplanes. Permanent and temporary exhibits offer visitors a personal, hands-on journey through time. Educational programs are offered for children, families, and adults throughout the year. Each year, thousands of school children discover the excitement of history through our guided museum tours.

The society maintains a library and special collections program with extraordinary collections at the Iowa Historical Building in Des Moines and the Centennial Building in Iowa City. The State Archives of Iowa identifies, preserves, and protects state government records and makes them available for research in the society's reading room in the Iowa Historical Building. You may uncover your roots through research on Iowa topics as varied as agriculture, labor, politics, and women's suffrage. Collections include books, maps, manuscripts, newspapers, census records, oral history interviews, and photographs. The library and special collections program and the State Archives offer many public and technical services, from assisting genealogical and other researchers to advising on appropriate care of personal and government documents.

Another dimension of Iowa's history is preserved through the society's eight historic sites: Montauk (Clermont), Matthew Edell Blacksmith Shop (Haverhill), Abbie Gardner Cabin (Arnolds Park), American Gothic House (Eldon), Plum Grove (Iowa City), Blood Run National Historic Landmark (Lyon County), Toolesboro Indian Mounds National Historic Site (Wapello), and Western Historic Trails Center (Council Bluffs).

The society produces award-winning publications, including *Iowa Heritage Illustrated*, a general history magazine; *The Annals of Iowa*, a scholarly history journal; and *The Iowa Historian*, an on-line newsletter for society members.

The society's State Historic Preservation Office works to preserve Iowa's architectural, historical and archaeological character, which in turn promotes business, tourism, and economic development. Among its services, the society facilitates nominations of properties to the National Register of Historic Places, helps property owners qualify for federal and state tax and economic incentives to rehabilitate and reuse historic structures, and protects significant properties, districts, and archaeological sites.

Society staff are available to assist all Iowans in researching, preserving, and interpreting the history of their communities. In addition, the society offers grants that enable local communities and individuals to organize local preservation programs and to preserve the state’s historical resources.

Grant Programs

Certified Local Governments Grant Program – *Kerry McGrath, 600 East Locust Street, Des Moines 50319; (515) 281-6826*

Local governments that have certified local government (CLG) status may apply for funds to complete projects to identify, evaluate, and nominate historical buildings, sites or structures, comprehensive historic preservation planning, and public education projects. The annual grant deadline is in December.

Historical Resource Development Program – *Kathy Gourley, 600 East Locust Street, Des Moines 50319; (515) 281-6913*

Historical Resource Development Program (HRDP) grants are designed to help individuals, businesses, nonprofit organizations, Indian tribes, state and local government agencies, and CLGs in identifying, preserving, and interpreting their historical resources. The annual grant deadline is in January.

For additional information write to State Historical Society of Iowa, 600 East Locust Street, Des Moines 50319, or call (515)281-6918.

Historic Site Preservation Grant Program – *Kathy Gourley, 600 East Locust Street, Des Moines 50319; (515) 281-6913*

Historic site preservation grants provide funds to acquire, repair, rehabilitate, and develop historical sites that preserve, interpret, or promote Iowa’s cultural heritage. Projects funded by this program must promote an understanding of the record of human experience within Iowa. All grants must involve work on “vertical infrastructures,” which is defined in Iowa Code section 8.57. For additional information write to State Historical Society of Iowa, 600 East Locust Street, Des Moines 50319, or call (515)281-6918.

The mission of the Iowa Department of Economic Development (IDED) is to “continually develop the economic well-being and quality of life of Iowans.” This mission is addressed through a wide variety of programs available throughout the department. Key to the success of IDEED is its attention to working with companies that invest in the state through infrastructure development and that create high-quality, high-wage positions.

IDED, working with its board of directors, designs and implements policies which increase opportunities for Iowa, its citizens, and communities. Through an integrated program base, developing a positive quality of life for all Iowans is of utmost importance. Business and community development, workforce training, international trade potential, and tourism and recreation opportunities all add to enhancing Iowa’s excellent quality of life.

There are 15 voting members on the Economic Development Board, as well as seven ex officio, nonvoting members. The Governor appoints the voting members. The ex officio members are two state senators and two state representatives appointed by legislative leadership; one president or designee of the University of Iowa, Iowa State University, or the University of Northern Iowa designated by the State Board of Regents on a rotating basis; one president or designee of a private college or university appointed by the Iowa Association of Independent Colleges and Universities; and one president or designee of a community college appointed by the Iowa Association of Community College Presidents. The IDEED director is appointed by the Governor and confirmed by the Senate.

The department has three divisions: Administration, Business Development, and Community Development.

ADMINISTRATION DIVISION

200 East Grand Avenue, Des Moines 50309; (515)242-4891

Terry Roberson, Administrator

The Administration Division provides budget, accounting, communications, technology, and general administrative support services to the department.

BUSINESS DEVELOPMENT DIVISION

200 East Grand Avenue, Des Moines 50309; (515)242-4721

Jeff Rossate, Administrator

The Business Development Division seeks to enhance job opportunities for Iowans by helping companies expand, locate, or start up in Iowa. Focusing on three targeted industries — the biosciences, information solutions/financial services, and advanced manufacturing — the division coordinates and administers financial assistance programs that help business thrive in the state. In addition, the Business Development Division provides technical support for entrepreneurial efforts, export assistance, workforce attraction, and regulatory and environmental assistance.

COMMUNITY DEVELOPMENT DIVISION

200 East Grand Avenue, Des Moines 50309; (515)242-4780

Sandy Ehrig, Administrator

The goal of the Community Development Division is to revitalize Iowa communities and make them aware of opportunities that lie ahead through technical assistance, community outreach, and other building efforts. The division also administers a variety of community planning, housing, and development programs that offer financial assistance to help communities meet their goals.

The Tourism Office within the division has the task of letting Iowa residents and out-of-state travelers know about the hundreds of exciting, fun-filled events and attractions that take place here each year. Tourism is important to economic development as it creates jobs. Travel expenditures in Iowa were \$6 billion in 2004. The division also administers the Community Attraction and Tourism Development Program, which provides financial assistance for multipurpose attractions and tourism facilities.

DEPARTMENT OF EDUCATION

Ch 256

Grimes State Office Building, Des Moines 50319; (515)281-3436; www.state.ia.us/educate

Judy A. Jeffrey, Director of EducationServes at Pleasure of Governor

The Department of Education and the State Board of Education provide oversight, supervision, and support for the state education system, which includes all public elementary and secondary schools, nonpublic schools that receive state accreditation, area education agencies, community colleges, and teacher preparation programs. The department works in collaboration with the state

system of public libraries and assists with the educational services provided by Iowa Public Television and the Division of Vocational Rehabilitation Services.

Although the department's scope of responsibility spans from prekindergarten through community colleges, one of its most important leadership roles is to set priorities for the state's educational system. Current priorities improving access to and quality of preschool programs, providing professional development and technical assistance for the improvement of teaching, implementation of new state and federal laws, improving the rigor and relevance of high school courses in an environment with caring relationships, and improving the transitions between grade levels to gain a more seamless, high-quality education system.

The department director is appointed by the Governor to serve a four-year term, subject to confirmation by the Iowa Senate. The director's role is to provide leadership for the department as it carries out the policies and programs prescribed by state law and the State Board of Education and to ensure department personnel are providing the necessary oversight and support for all schools, educators, and students to meet their academic goals. The director also serves as the executive officer of the board, a nonvoting role.

The board consists of 10 members — nine voting members who are appointed by the Governor for six-year terms and subject to Senate confirmation and one nonvoting student member who serves a one-year term, also appointed by the Governor. The duties of the board include adopting and establishing policies assuring quality education for students in the elementary and secondary schools and community colleges; prescribing and approving teacher preparation programs to assure all teachers are highly qualified; hearing appeals of local school board decisions and affirming, modifying, or vacating those decisions; and receiving and approving the department budgets.

The Department of Education was created by the General Assembly in 1913 and was originally called the Department of Public Instruction. The current name was adopted in 1986. In its early years, the department was charged with working with the many small, isolated school buildings to build a formal system of public education that included organized districts with defined duties and boundaries, as well as specific qualifications for teachers. While the state department was established to provide oversight, local schools maintained the authority to set many of the rules and requirements for their own students. This system of “local responsibility” — based on the belief that local residents have the greatest interest in assuring their children's success — continues today.

As the state progressed over the decades with greater diversity in business, industry, and population, the public education system evolved to reflect and encompass those changes. In the

mid-1960s, a system of 15 public, two-year community colleges was established to provide more students the opportunity for continued education and training beyond high school. In the mid-1970s, the system of area education agencies (AEAs) was developed to provide regional support for local schools and their teachers. Originally, the AEAs and community colleges shared the same service area boundaries. In recent years, however, several AEAs have merged to provide greater efficiency in regions with declining population.

The Department of Education employs approximately 210 people in three major divisions: Community Colleges and Workforce Preparation; Early Childhood, Elementary and Secondary Education; and Financial and Information Services. Although the state libraries, vocational rehabilitation, and public television remain affiliated with the Department of Education, their operations have expanded and developed into independent entities with independent boards.

COMMUNITY COLLEGES AND WORKFORCE PREPARATION DIVISION

Grimes State Office Building, Des Moines 50319; (515)281-8260

Janice Friedel, Administrator

The Division of Community Colleges and Workforce Preparation includes the Bureau of Community Colleges and Career and Technical Education and is responsible for granting and monitoring the accreditation of the state’s 15 community colleges. Division staff work directly with the community colleges to assure programs and structure meet state requirements for quality and equity.

The state’s community colleges have an “open-door” admission policy that guarantees Iowans an opportunity for education and career development regardless of previous educational attainment. Each community college offers a comprehensive educational program in three major areas of instruction: college parallel coursework, preparatory career programs of vocational and technical education, and adult education. Community colleges are governed by locally elected boards of directors that consist of from five to nine members who are elected for terms of three years.

EARLY CHILDHOOD, ELEMENTARY AND SECONDARY EDUCATION DIVISION

Grimes State Office Building, Des Moines 50319; (515)281-3333

Pam Pfitzenmaier, Administrator

The Division of Early Childhood, Elementary and Secondary Education is comprised of the Bureaus of School Improvement Services; Instructional Services; Practitioner Preparation; Teacher Quality; Children, Family and Community Services; and Nutritional Programs and School Transportation. The division has the primary responsibility to monitor accreditation to elementary and secondary schools, provide guidance and oversight to the implementation of federal and state laws, and recommend approval of teacher and administrator preparation programs and area education agencies to the director. The staff works directly with the state’s 367 local districts and 12 AEAs to assure their curriculum, teachers, administrators, facilities, policies, and school-related programs meet all requirements defined by the state as necessary for a quality education. The staff also provides research, technical assistance, and guidance when

districts need support in meeting their student achievement goals. Each local school district and AEA is governed by its own local board that sets specific policy, defines academic requirements, and approves the local budget.

FINANCIAL AND INFORMATION SERVICES DIVISION

Grimes State Office Building, Des Moines 50319; (515)281-5293

Leland Tack, Administrator

The Division of Financial and Information Services is comprised of the Bureaus of Internal Operations; Information Technology Services; and Planning, Research and Evaluation; the School Finance Team; and School Infrastructure. The Bureau of Internal Operations provides accounting, budgeting, grant management, audit, human resources, mail services, and payroll. The Bureau of Information Technology Services provides desktop and mainframe support, computer server and network administration and support, system programming and development, e-mail administration, web development, computer hardware and software evaluation, and data entry. The Bureau of Planning, Research and Evaluation serves both the department and schools with a wide range of data collection and reporting systems and support, and has implemented a comprehensive system of on-line data called Project EASIER (Electronic Access for Iowa Education Records). The bureau also provides assistance and counsel to districts regarding local technology needs.

Since 1838, the State Library of Iowa has provided for the information needs of state government and the citizens of Iowa. Its mission now includes planning and developing library services statewide in addition to supplying library materials and research services.

Library services staff and the public policy, medical, and library science collections are located in the Miller State Office Building. The State Law Library is located in the State Capitol. The State Library is also home to the State Data Center, Iowa's official liaison to the U.S. Census Bureau. In addition, the library has patent and trademark information, and houses federal and state documents. The State Library manages Iowa Publications Online, a website which collects electronic documents produced by state agencies and makes them easily accessible to the public.

Library development staff provides continuing education, accreditation, certification, and youth services support to Iowa’s libraries. Library development activities also include coordination and support of an on-line statewide library catalog and Iowa’s library resource sharing programs; collecting and publicizing statistics about Iowa’s libraries; management of the direct state aid for the Public Libraries Program; coordination of the Iowa Center for the Book and the All Iowa Reads Program; and statewide purchasing and distribution of informational databases for Iowa public and academic libraries and their customers.

The Iowa Commission of Libraries is responsible for seeing that the State Library fulfills its mission to advocate for Iowa libraries and promote excellence and innovation in library services in order to provide statewide access to information for all Iowans. The Governor-appointed, eight-member commission has the rulemaking authority for the State Library and receives and approves its budget. It also appoints the State Librarian.

The Board of Educational Examiners exclusively licenses the state's education practitioners who do not hold or receive a license from another professional licensing board. Authority of the board includes establishing criteria for the licenses, including but not limited to issuance and renewal requirements; creation of application and renewal forms; creation of licenses that authorize different instructional functions or specialties; development of a code of professional rights and responsibilities, practice, and ethics; and the authority to develop any other classifications, distinctions, and procedures which may be necessary to exercise licensing duties.

The board enforces its adopted rules through revocation or suspension of a license or other disciplinary action. Appeals are heard by the board regarding application, renewal, suspension, or revocation of licenses.

The board is made up of 11 members — two members from the general public and nine who must be licensed practitioners. Members of the board are appointed to terms of four years. The director of education or the director's designee serves until the director's term of office expires.

The Older Americans Act of 1965 established the State Unit on Aging and the Area Agencies on Aging. The Department of Elder Affairs was first created as the Commission on the Aging by the General Assembly in 1965. In 1986, the responsibilities of the commission were included in the duties of the Department of Elder Affairs, which acts as the State Unit on Aging. The department was established under the “Elder Iowans Act” (Iowa Code chapter 231), which sets forth the state’s commitment to its elders and their dignity, independence, and rights. The department is an advocate for elder Iowans age 60 and older and is responsible for developing a comprehensive and coordinated system of services and activities for older people through 13 designated Area Agencies on Aging across the state. An 11-member commission is the policymaking body with seven members appointed by the Governor, two by the House, and two by the Senate for four-year terms. The commission designates the Area Agencies on Aging and approves and monitors the area plans for the area agencies. The Governor appoints an executive director subject to confirmation by the Senate.

In 2003, the department was given authority to establish policy for assisted living, adult day services, and elder group homes.

The department advocates for elders by reviewing and commenting upon all state plans, budgets, laws, rules, regulations, and policies which affect elders and by providing technical assistance to any agency, organization, association, or individual representing the needs of elders.

The Iowa Ethics and Campaign Disclosure Board was created to promote the public's trust and confidence in government. The board administers the campaign laws in Iowa Code chapter 68A as applied to all state and local elections for public office and ballot issues in Iowa. The board also oversees the ethical conduct of officials and employees of the executive branch of state government and candidates for statewide office under Iowa Code chapter 68B. The board provides advice to local governmental personnel concerning the application of the applicable laws in Iowa Code chapter 68B, but does not conduct investigations or impose sanctions on local governmental personnel for violations of the chapter. Finally, the board ensures the lawful behavior of persons who engage in lobbying activities before the executive branch of state government as provided in Iowa Code chapter 68B. The board's administrative rules implementing these statutory provisions are found in the Iowa Administrative Code under the agency identification number 351.

The board enforces the statutes and rules under its jurisdiction and is guided by the principles of fairness and consistency. The board strives to enforce the law while not discouraging individuals from being involved in the political process or in state government. The board seeks to educate those persons who come under its jurisdiction concerning the requirements of Iowa law and embraces technological changes to better serve the public.

Every August, over a million people from all over the Midwest flock to the Iowa State Fair, the state's great celebration, a salute to Iowa's best in agriculture, industry, entertainment, and achievement.

The fair is the home of a 20-acre farm machinery show and the largest arts show in the state. More than 600 exhibitors and concessionaires offer modern merchandise and quality foods.

Large 4-H and FFA shows provide excellent educational opportunity for youngsters. More than \$350,000 worth of entertainment is offered free with gate admission. The grandstand offers

superstar stage shows and track events. History comes alive in Heritage Village, a tribute to Iowa’s hardy pioneers. The 10-acre midway offers 100 rides, shows, and games.

The Iowa State Fair is one of the oldest agricultural and industrial expositions in the nation. The first was held in Fairfield in 1854 on a six-acre tract. The next year’s fair was also held in Fairfield. From 1856 to 1879, the fair moved from city to city: Muscatine, 1856-1857; Oskaloosa, 1858-1859; Iowa City, 1860-1861; Dubuque, 1862-1863; Burlington, 1864-1866; Clinton, 1867-1868; Keokuk, 1869-1870 and 1874-1875; and Cedar Rapids, 1871-1873 and 1876-1878.

In 1879, the fair moved to Des Moines to stay. In 1884, the Iowa General Assembly appropriated \$50,000 for the purchase of grounds in Des Moines on the condition that the city raise an equal sum for site improvements. The 270-acre site was dedicated two years later. It continued to grow to its present size of 400 acres. The Iowa State Fair was the inspiration for the original novel, three motion pictures, and the Rodgers and Hammerstein Broadway musical, all titled *State Fair*.

A separate State Fair Board was created in 1923, consisting of the Governor, the Secretary of Agriculture, the president of Iowa State University, one director from each congressional district, and three directors at-large. Reflecting redistricting, makeup of the board was changed to two directors from each of five congressional districts, plus the three ex officio members, in 1992. Official delegates, representing Iowa’s 103 county fairs and other agricultural associations, elect these directors at the annual State Agricultural Convention in December. The president and vice president of the State Fair Board are elected by the board from elected directors. The board also selects the secretary and the treasurer.

The General Assembly may appropriate funds for major capital improvements and repairs; all other operating expenses are paid from revenue generated by the fair. The fairgrounds are used year-round as a meeting and exposition center, featuring such events as large trade and machinery shows; sports events; national livestock, horse, and dog shows; arts and crafts exhibitions; private gatherings; auto races; concerts; and a wide variety of other activities.

The Governor’s Developmental Disabilities Council is established under the federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law 106-402, as the state agency responsible for developmental disabilities services. The purpose of the law is to assure that people with developmental disabilities and their families help design and have access to necessary services, supports, and other assistance.

The Developmental Disabilities Assistance and Bill of Rights Act mandates that 60 percent of the membership be persons with developmental disabilities or family members of individuals with developmental disabilities. The remainder of the membership consists of representatives of principal state agencies, local and nongovernmental agencies, as well as private, nonprofit groups concerned with the development, administration, and delivery of support and services to individuals with developmental disabilities. Members are appointed by the Governor and serve three-year terms.

The council is required to promote, through systemic change, capacity building, and advocacy, a coordinated system of culturally competent support and services that provide opportunities for individuals with developmental disabilities to be independent, productive, integrated, and included in their communities.

The responsibilities of the council include advocating for support and services that enhance the potential for increased independence, productivity, and integration of individuals with

developmental disabilities; developing the state plan for the developmental disabilities program in Iowa; administering the federal grant, which is allocated to Iowa from the federal Administration on Developmental Disabilities on an annual basis; coordinating activities with the Mental Health, Mental Retardation, Developmental Disabilities, and Brain Injury Commission; and submitting an annual report to the commissioner of the federal Administration on Developmental Disabilities that summarizes all activities related to the developmental disabilities program in Iowa.

The council is located administratively within the Department of Human Services, which is its designated state agency.

Communication – Alisa Morris is the Department of Human Services legislative liaison, (515) 281-4387. Roger Munns is the public information officer, (515) 281-4848. Hoover State Office Building, Des Moines 50319.

The Governor’s Office on Volunteerism was established by executive order on November 2, 1978. The volunteerism office works hand in hand with the Iowa Commission on Volunteer Service, as well as volunteer directors in state agencies, community-based volunteer agencies, the private sector, and not-for-profit volunteer organizations across the state of Iowa to serve a variety of important functions. These functions include recognizing and awarding outstanding individual, group, or community volunteer efforts through the annual Governor’s Volunteer Awards. Other functions include developing new programs and initiatives driven by volunteers to serve state and local community needs, and the development of new grants to assist in new or ongoing commu-

nity volunteer programs. The Governor’s Office on Volunteerism also serves as an information resource center on volunteer opportunities, organizations, and other subjects related to volunteerism.

The Juvenile Justice Advisory Council was established to stimulate efforts to bring Iowa into compliance with the mandates of the federal Juvenile Justice and Delinquency Prevention Act of 1974 and to administer the funds coming to the state as provided in the Act.

The Juvenile Justice Advisory Council administers the Act, which:

1. Prohibits placing status offenders or nonoffenders in secure detention or correctional facilities.
2. Prohibits confining juvenile delinquents with adult offenders.
3. Prohibits detaining juveniles in adult jails and lockups.
4. Requires efforts to reduce the proportion of juveniles detained or confined in secure facilities who are members of minority groups, if such proportion exceeds the proportion such groups represent in the general population.

The council supports community-based services, coordination, and prevention efforts.

The Act requires that the council have representatives of private organizations concerned with family strength; volunteer organizations; community-based treatment programs; businesses employing youth; youth workers with alternative youth programs; and expertise in the problems of the family, school violence, vandalism, and learning disabilities. At least one-fifth of the membership is to be under the age of 24.

The Commission of Persons With Disabilities, formerly known as the Governor's Committee for the Handicapped, was created by statute in 1965. The 24-member commission is appointed by the Governor and 11 nonvoting representatives from various state agencies serve ex officio. Its principal function is to promote employment opportunities for people with disabilities throughout the state. The commission sets policy and direction for the staff who comprise the Division of Persons With Disabilities within the Department of Human Rights. In 1991 the Governor designated the Division of Persons With Disabilities to operate the Iowa Client Assistance Program. The division administrator is appointed by the Governor with Senate confirmation. The commission is mandated to:

1. Cooperate with all public and private agencies interested in the employment of persons with disabilities.
2. Cooperate with all agencies responsible for or interested in the rehabilitation and placement of persons with disabilities.
3. Encourage the organization of committees at the community level and work closely with such committees in promoting the employment of persons with disabilities.
4. Assist in developing employer acceptance of qualified workers who are persons with disabilities.
5. Inform persons with disabilities of specific facilities available in seeking employment.
6. Conduct such educational programs as members deem necessary.
7. Report annually to the Governor and General Assembly on commission activities and submit any recommendations believed necessary in promoting the employment of persons with disabilities.
8. Pursuant to Iowa Code chapter 216A, be responsible for budgetary and personnel decisions for the commission and division.

The Commission on the Status of African-Americans, formerly known as the Commission on the Status of Blacks, was created by statute in 1988. The Governor appoints the nine citizen members of the commission, which sets policy for and provides direction to the Status of African-Americans Division within the Department of Human Rights. The division administrator is appointed by the Governor with Senate confirmation.

The mandate of the Commission on the Status of African-Americans is to report on the status of Iowans of African-American descent. The commission is also dedicated to identifying and addressing the changing needs and concerns of Iowa’s African-American population. The commission, with the support of staff, community leaders, and public and private agencies and organizations, considers, reviews, and recommends programs, services, policies, legislation, and administrative rules that will improve the quality of life for Iowa’s African-American population.

The commission is also mandated to:

1. Serve as a clearinghouse on programs and agencies operating to assist African-Americans.
2. Conduct public hearings and town hall meetings.
3. Serve as the central permanent agency for the development of services for African-Americans.
4. Cooperate with public and private agencies in joint efforts to study and resolve problems relating to the status of African-Americans.
5. Publish and disseminate information relating to African-Americans and develop other educational programs.
6. Educate others regarding the needs of African-Americans and the issues (disparities) that significantly impact the community.
7. Advocate for positive changes in policy, practices, and programs that negatively affect African-Americans.
8. Provide a voice for the underrepresented — serve as the mouthpiece for the community.
9. Inform the Governor’s office, General Assembly, and African-American community on issues impacting African-Americans.
10. Lobby for improvements in state laws and policies.

11. Network with local, state, and federal agencies and organizations on behalf of the state's African-American population.
12. Provide technical assistance.
13. Serve as liaison to the Governor and the African-American community.
14. Build partnerships with other organizations and agencies.

DEPARTMENT OF HUMAN SERVICES

Ch 217

*Hoover State Office Building, Des Moines 50319;
(515)281-3147; www.dhs.state.ia.us*

Kevin Concannon, DirectorServes at Pleasure of Governor
Sally Titus, Deputy Director for Field Operations

The Department of Human Services is responsible for administering cash assistance for needy families (the Family Investment Program), food assistance (formerly food stamps), Medicaid, child support enforcement, subsidized adoption, child abuse assessments, dependent adult abuse assessments, foster care, various family strengthening and preservation programs, child care registration, licensing and funding, two institutions for juveniles, refugee services, and services for the mentally ill and developmentally disabled, including the operation of four mental health institutes and two resource centers for people with mental retardation.

The department director is appointed by the Governor, is subject to Senate confirmation, and serves at the pleasure of the Governor. There are two deputy directors, one responsible for field operations and facilities and the Division of Child Support, Case Management, and Refugee Services, and one responsible for the Divisions of Financial, Health and Work Supports; Behavioral, Developmental and Protective Services for Families, Adults and Children; and the Iowa Medicaid Enterprise, which includes Medicaid. Also reporting to the director are the Divisions of Fiscal Management, Data Management, and Results Based Accountability. The director, deputies, division administrators, legislative liaison, public information officer, and a representative from the Attorney General’s Office serve as the cabinet of the department. The department employs 5,300 people in its local offices, institutions, and central office.

**BEHAVIORAL, DEVELOPMENTAL AND PROTECTIVE SERVICES
FOR FAMILIES, ADULTS AND CHILDREN DIVISION**

Hoover State Office Building, Des Moines 50319; (515)281-8746

Mary Nelson, Administrator

The Division of Behavioral, Developmental and Protective Services for Families, Adults and Children administers an array of services designed to support and protect children, dependent adults, and families in their own homes or communities whenever possible; ensures that they receive the most appropriate care in the least restrictive setting; and is responsible for the development, funding, and monitoring of community mental health, mental retardation, and developmental disabilities services. The division is also responsible for statewide mental health and mental retardation planning. The Mental Health, Mental Retardation, Developmental Disabilities and Brain Injury Commission advises the administrator and the Council on Human Services. The division also administers Interstate Compacts on the Placement of Children and Juveniles; the Title IV-B (child welfare) and IV-E (foster care) state plans; juvenile justice programs; adolescent pregnancy prevention grants; and the department's role in early access programs.

**CHILD SUPPORT, CASE MANAGEMENT, AND
REFUGEE SERVICES DIVISION**

Hoover State Office Building, Des Moines 50319; (515)281-8575

Jeanne Nesbit, Administrator

The Child Support Recovery Unit assists custodial and noncustodial parents in meeting their parental obligations to support their children. These services are provided to families who are currently receiving or have previously received public assistance, as well as to those who request services and pay an application fee. Services include establishment of paternity so there are two parents legally responsible for the children, as well as establishment of child support and medical orders which create the legal authority to collect support payments and enforce health insurance coverage requirements for children. Targeted Case Management is a Title XIX service designed to help individuals with a diagnosis of mental retardation, chronic mental illness, and/or brain injury by securing and monitoring the services needed for the individual to remain in the community. All 99 Iowa counties either provide the targeted case management service or select DHS as a provider. The Bureau of Refugee Services acts as a reception and placement agency under contract to the U.S. Department of State. Iowa is the only state that receives and resettles newly arriving refugees. The bureau is also the designated state agency to receive funds from the U.S. Department of Health and Human Services to provide employment and social adjustment services to all legally admitted residents in the state who meet program criteria.

DATA MANAGEMENT DIVISION

Hoover State Office Building, Des Moines 50319; (515)281-3409

Steve Mosen, Administrator

The Data Management Division is responsible for planning, developing, and operating the automated systems that collect and process information to generate client and vendor payments and provide automated case management, plus reporting and federal reporting. The division also provides other applications: development support and support to the agencies' institutions and the Department of Corrections.

The division additionally provides a wide range of technical support, such as personal computing assistance, network support, program and operational research and analysis, forecasting of program expenditures and utilization, and report development and preparation.

FIELD OPERATIONS SUPPORT UNIT*Hoover State Office Building, Des Moines 50319; (515)281-3526*

James Krogman, Administrator

The Field Operations Support Unit provides a variety of training, technical assistance, and administrative supports to staff located in offices across the state to facilitate the delivery of services discussed under the Divisions of Behavioral, Developmental and Protective Services for Families, Adults and Children and Financial, Health and Work Supports.

FINANCIAL, HEALTH AND WORK SUPPORTS DIVISION*Hoover State Office Building, Des Moines 50319; (515)281-3133*

Ann Wiebers, Administrator

The Financial, Health and Work Supports Division is responsible for development and administration of the following programs and services for low-income families and individuals: cash assistance under the Family Investment Program (FIP); work, training, and other support services for FIP families through the PROMISE JOBS and Family Development and Self-Sufficiency (FaDSS) Programs; short-term help under the FIP diversion program to avoid the need for FIP; food assistance (formerly food stamps); supplemental food programs such as commodities; health care for children through the Healthy and Well Kids in Iowa (hawk-i) Program; purchasing health care insurance through the Health Insurance Premium Payment (HIP) Program; state supplementary assistance (SSA) to meet special needs of aged, blind, and disabled persons; and eligibility-related matters concerning child care and Medicaid. The department's Policy Analysis Unit is also part of this division.

FISCAL MANAGEMENT DIVISION*Hoover State Office Building, Des Moines 50319; (515)281-6085*

Jan Clausen, Administrator

The Fiscal Management Division is responsible for developing budgets, monitoring expenditures, filing quarterly federal expenditures and estimates of expenditures reports, the receipt and distribution of child support and foster care moneys, processing claims and invoices, overseeing purchasing and contracting, coordinating federal and state audits and compliance review, conducting subrecipient audit reviews, and operating the department's federal and state cost allocation system.

IOWA MEDICAID ENTERPRISE*100 Army Post Road, Des Moines 50315; (515)725-1000*

Eugene I. Gessow, Administrator

The Iowa Medicaid Enterprise is responsible for the Medicaid Program (Title XIX), which provides quality, accessible, and affordable health care to needy Iowans. Persons who benefit from the program include those residing in medical institutions (hospitals, long-term care facilities, residential care facilities, etc.), those persons receiving financial assistance through the Supplemental Security Income Program, children under the age of 21 years, and needy persons who have dependent children in the home. This division administers several contracts with health maintenance organizations and other managed care entities that deliver care to the Medicaid population.

RESULTS BASED ACCOUNTABILITY DIVISION

Hoover State Office Building, Des Moines 50319; (515)281-7064

Bill Gardam, Administrator

The Division of Results Based Accountability is responsible for research and analysis used to support management and performance reporting, program and population projections, evaluating program initiatives, and survey development and analysis; coordination of the department quality assurance and improvement process and promoting the use of evidence-based and best practices; quality control and evaluation for the Food Assistance, Title XIX, and hawk-i Programs; and preauthorization review for targeted case management. The division is responsible for strategic planning coordination; support and technical assistance to community empowerment; disaster preparedness planning, response, and recovery; human resources (employee services), affirmative action, and labor relations; and operating the state Other Needs Assistance (ONA) Program in cooperation with the Homeland Security and Emergency Management Division of the Department of Public Safety.

DEPARTMENT OF INSPECTIONS AND APPEALS

Ch 10A

*Lucas State Office Building, Des Moines 50319; (515)281-7102;
www.state.ia.us/government/dia/index.html*

Steven K. Young, Director.....Serves at Pleasure of Governor
Dean Lerner, Deputy Director

The Department of Inspections and Appeals (DIA) is a multifaceted regulatory agency charged with protecting the health, safety, and well-being of Iowans. The department is responsible for inspecting and licensing or certifying health care providers and suppliers, restaurants and grocery stores, social and charitable gambling operations, hotels and motels, and barber and beauty shops. In addition, DIA staff investigate alleged fraud in the state's public assistance programs and conduct contested case hearings to settle disputes between Iowans and various state government agencies.

The department was created in 1986 to coordinate and conduct various audits, appeals, hearings, inspections, and investigations related to the operations of the executive branch of state government. DIA is organized into four major divisions (Administration, Administrative Hearings, Health Facilities, and Investigations), each with its own specific duties and responsibilities. The Administration Division, which includes the director's office and staff, oversees the daily operation of the agency. The director's office sets policy for the department and is responsible for coordinating DIA's various programs and functions.

Attached to the department for administrative support purposes are five additional units — Child Advocacy Board, Employment Appeal Board, Hospital Licensing Board, State Public Defender, and Racing and Gaming Commission. Each unit, like DIA's major divisions, has Code-mandated duties and responsibilities.

ADMINISTRATION DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-5457*

Essential, centralized support services for the department are coordinated by and through the Administration Division. Staff attached to the director's office oversee all strategic planning, legislative affairs, administrative rulemaking, personnel, and public information activities for the department. The director's office also supervises all inspections performed by the department, including food safety inspections at restaurants, grocery stores, and food processing plants, as well as sanitation inspections performed at barber and cosmetology shops, and hotels and motels. The state's Social and Charitable Gambling Program is located within the Administration Division, as is the Targeted Small Business Certification Program.

In addition to duties as the department's chief administrative officer, the director is authorized to enter into and implement agreements or compacts between the state and Indian tribes to operate Indian gaming establishments. Currently, three casinos in Iowa are operated by Indian tribes: Casino Omaha in Onawa, operated by the Omaha Tribe of Nebraska; Meskwaki Bingo and Casino in Tama, operated by the Sac and Fox Tribe of the Mississippi in Iowa; and Winna Vegas in Sloan, operated by the Winnebago Tribe of Nebraska.

ADMINISTRATIVE HEARINGS DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-6468*

Larry Bryant, Administrator

The Administrative Hearings Division conducts quasi-judicial contested case hearings involving Iowans who disagree with an administrative ruling issued by a state government agency. Nearly two-thirds of all administrative hearings conducted by the division involve Iowans who have had their driver's licenses revoked or suspended by the Iowa Department of Transportation.

Administrative law judges listen to evidence provided by an agency and the affected individuals regarding actions taken by the agency. After a thorough review of the information, the administrative law judge issues a proposed decision to both parties. The decision is then subject to final review by the director of the agency involved in the contested case proceeding.

Contested case hearings are conducted for nearly all state government agencies, as well as for the State Board of Regents, Iowa Civil Rights Commission, Iowa College Student Aid Commission, Iowa Law Enforcement Academy, and the Iowa medical, dental, nursing, and pharmacy licensing boards.

HEALTH FACILITIES DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-4115*

J. B. Bennett, Administrator

Health and habilitation professionals in the department's Health Facilities Division inspect and license or certify under the Medicare and Medicaid Programs more than 4,000 health care providers and suppliers in Iowa. Among those providers regulated by the division are long-term care facilities, hospitals, hospices, end-stage renal disease units, rural health clinics, and child-placing agencies. Multimember survey teams from the division conduct unannounced on-site inspection at health care facilities to assess the quality of care and services provided to clients, patients, residents, and tenants. If problems are discovered during an inspection, the division can initiate corrective or disciplinary action to assure a facility's compliance with state and federal rules.

Staff in the division's Adult Services Bureau oversee the certification of assisted living programs, elder group homes, and adult day care programs. Currently, 185 certified assisted living programs are operated in Iowa, as well as 11 elder group homes and 34 conditional adult day care programs.

INVESTIGATIONS DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-5714*

Bob Galbraith, Administrator

The Investigations Division investigates alleged fraud in the state's public assistance programs, including the theft of warrants; investigates Medicaid fraud by health care providers; and conducts professional practice investigations on behalf of state licensing boards. Through a review of applications for public assistance, the division can prevent the issuance of funds to ineligible individuals. In addition, when individuals fraudulently receive public assistance, the division initiates recovery actions to recoup the overpayments.

Division employees perform expenditure audits of local Department of Human Services (DHS) offices to determine eligibility for federal fund reimbursement for operating expenses. These DHS audits also ensure compliance with applicable state and federal funding requirements. When conducting health care audits at residential care facilities, nursing facilities, and residential and

intermediate care facilities for the mentally retarded, DIA auditors protect residents by assuring them that their personal funds are being properly maintained. Audit findings are also used to determine whether Medicaid reimbursement procedures meet all participation requirements.

Staff in the Medicaid Fraud Control Unit conduct investigations of alleged abuse and neglect of residents in long-term care facilities that receive Medicaid reimbursements from the federal government. Investigators also look into allegations that residents have been defrauded of personal funds or possessions.

When abuse or fraud is substantiated, the division works with local law enforcement officials to bring the offenders to trial. When Medicaid fraud is suspected, the DIA often works side by side with investigators from the Federal Bureau of Investigation, the U.S. Postal Service, as well as other state and federal law enforcement agencies.

The Child Advocacy Board, appointed by the Governor, works to ensure that Iowa's foster children are well cared for and that the system designed to meet their needs is doing so in the most effective manner possible. The board oversees all agency programs, including local foster care review boards and the Foster Care Registry. In addition, the board administers the state's Court Appointed Special Advocate Program.

The board is responsible for making recommendations to the Governor, General Assembly, Supreme Court and Chief Judge of each judicial district, Department of Human Services, and child-placing agencies on ways to improve the delivery of foster care services. Members also submit recommendations on how to remove barriers that prevent the delivery of top quality foster care.

The three-member Employment Appeal Board is appointed by the Governor and serves as the final administrative law forum for state and federal unemployment benefit appeals. The board also hears appeals of rulings of the Occupational Safety and Health Administration, rulings of the Iowa Department of Administrative Services on state employee job classifications, and rulings of

the Iowa Public Employees' Retirement System. The three members of the board are appointed to represent employers, employees, and the general public.

In addition to unemployment cases, the board hears appeals involving peace officer issues, elevator rule violations, and contractor registration requirements. The board receives 96 percent of its funding from the federal government based on the number of appeals heard and the time taken to render a decision.

The mission of the State Public Defender is to provide high-quality legal representation to indigent clients who are accused of committing crimes or involved in juvenile court matters. By specializing in criminal defense work and juvenile matters, the lawyers and support staff of the State Public Defender's Office represent clients at economical costs to the taxpayers.

The State Public Defender's Office includes an Appellant Defender Office located in Des Moines that handles indigent defense cases on appeal for the entire state. In addition, the State Public Defender has a contractual agreement with the Iowa Department of Corrections to provide legal advice to inmates at the Iowa State Penitentiary in civil cases.

**Commission members serve three-year terms at the pleasure of the Governor.*

The Racing and Gaming Commission regulates the pari-mutuel dog and horse racing and riverboat gambling industries in Iowa. The commission, whose members are appointed by the Governor, seeks to preserve the integrity of these industries and to maintain confidence in the industries by protecting the public. In performing its duties, the commission investigates the eligibility of applicants for a license and selects those who can best serve the citizens of Iowa.

The commission adopts standards for the licensing of racing industry occupations, as well as standards for the operation of all race meetings and facilities. The commission also adopts standards for the operation and licensing of excursion gambling boats. Funding for the commission's operations is appropriated by the General Assembly and is reimbursed to the State General Fund through license and admission fees charged to licensees.

The Iowa Communications Network (ICN) was established by the General Assembly effective July 1, 1994. The ICN provides voice, video, and data telecommunications services to authorized users in private and public K-12 schools, area education agencies, community colleges, regents institutions, private colleges, state and federal government agencies, all courtrooms, all corrections facilities including community-based corrections, the U.S. Postal Service

(demonstration projects), public libraries, and hospitals and physician clinics (not voice) throughout the state. The ICN was created to ensure that authorized users are provided affordable telecommunications services for educational and other applications throughout rural and urban Iowa on an equal cost and access basis. The ICN is dedicated to connecting Iowans to the world.

The executive director is appointed by the Iowa Telecommunications and Technology Commission (ITTC), in consultation with the Director of the Department of Administrative Services, serves at the pleasure of the commission, and is confirmed by the Senate. Commission members are appointed by the Governor and are subject to Senate confirmation. Policy, standards, and rules governing the ICN are determined by the ITTC (see Iowa Code chapter 8D).

In 1975, the General Assembly created the Iowa Finance Authority as a public instrumentality and agency to undertake programs which assist in the attainment of quality housing for low-income and moderate-income Iowans by encouraging the investment of private capital and stimulating the construction and rehabilitation of adequate housing through the use of public financing. A nine-member board of directors, appointed by the Governor and subject to confirmation by the Senate, serves in a policymaking capacity for the agency. The authority administers the Title Guaranty Program, the Housing Assistance Fund Program, the Mortgage Credit Certificate Program, and the Low-Income Housing Tax Credit Program. The authority issues bonds under its Single-Family and Multifamily Housing Programs, Small Business Loan Program, and Economic Development Bond Bank Program. The authority has also been authorized to cooperate with other state entities and to issue its bonds to provide financing for various state needs such as the Iowa Sewage Treatment Works Financing Program, the Iowa Comprehensive Underground Storage Tank Financing Program, the E911 Financing Program, the Community College Dormitory Financing Program, the Rural Community 2000 Program, and the Juvenile Housing and Treatment Facilities Program.

The Iowa Law Enforcement Academy was created by action of the General Assembly in 1967 to maximize training opportunities for law enforcement officers, to coordinate training, and to set standards for the law enforcement service, as provided for in Iowa Code chapter 80B.

The academy provides residential training sessions varying in length from 12-week basic certification courses to one-day specialty and in-service seminars. Academy-sponsored and -conducted training programs are held in the field as well as at the central facility at Camp Dodge.

In 1985 and 1986, the academy was given the responsibility for the administration of a program of psychological testing of applicants for law enforcement positions. In 1986 action taken by the General Assembly assigned to the academy the responsibility of providing training to jailers of county jails and city holding facilities. Action by the General Assembly in 1996 placed with the academy the responsibility for providing training for telecommunicators.

All reserve peace officers in the state who are granted authority by their jurisdiction to carry weapons must first be certified to do so by application to and approval of the Iowa Law Enforcement Academy Council. The academy develops training programs, approves regional training programs, establishes hiring standards for peace officers, and provides audiovisual resources to law enforcement training and educational institutions.

On July 1, 2003, the Iowa Lottery Division of the Iowa Department of Revenue and Finance was eliminated and replaced with the Iowa Lottery Authority, a public enterprise based on a business model.

The legislation creating the change provided some key phrases of purpose and intent for the Iowa Lottery Authority. In the legislation, the Iowa General Assembly declared that “[t]he state should create a public instrumentality of the state in the form of a nonprofit authority known as the Iowa Lottery Authority with comprehensive and extensive powers to operate a state lottery in an entrepreneurial and businesslike manner.” Another section of the legislation stated that “[l]ottery games shall be operated and managed in a manner that provides continuing entertainment to the public, maximizes revenues and ensures that the lottery is operated with integrity and dignity and free from political influence.”

The Iowa Lottery began operations in 1985 and is overseen by the Iowa Lottery Board and the lottery chief executive officer (CEO). The board and CEO establish the lottery’s budget and supervise and approve the activities of the lottery. Among the board and CEO’s duties are establishing policies for the operation of lottery games within the state; approving all contracts for operation of the lottery; and establishing rules as to the operations of specific games and lottery activities. The CEO and the five voting board members are appointed by the Governor and are subject to confirmation by the Senate. The Treasurer of State serves as an ex officio member of the board.

IPERS and the IPERS Trust Fund are established in Iowa Code chapter 97B. IPERS was created in 1953 to replace the Iowa Old-Age and Survivors' Insurance System. As a defined benefit plan, IPERS is intended to provide public employees a core pension that is complemented by social security benefits and personal savings. IPERS benefits are based on a member's years of service, high three-year average covered wage, and a formula multiplier. Four or more years of

service are required to qualify for the “high-three” formula. A vested member with less than four years of service receives benefits computed on a money purchase basis.

IPERS is an independent agency within the executive branch of state government. The Iowa General Assembly and the Governor, as creators of the plan, are the plan sponsors.

The Department of Management was created in 1986 by the General Assembly. The main functions of the department include developing and coordinating performance management systems, developing and recommending policy initiatives to meet Iowa's needs, and establishing budget oversight procedures that ensure Iowa's fiscal integrity.

The department is comprised of the Budget and Finance and the Strategic Planning and Accountability Teams.

The department director is appointed by the Governor, subject to confirmation by the Senate, and serves at the Governor's pleasure. The director serves on various committees as directed by the Governor and the General Assembly, including the School Budget Review Committee and the State Appeal Board.

The department is responsible for implementing the Accountable Government Act, including planning, performance measurement, reporting, and related activities in the executive branch by creating a website and guidelines for agencies in the Governor's purview. Policies are recommended to the Governor and the General Assembly, along with a continuing analysis of the quality and quantity of state services through the use of quarterly performance-oriented "results" meetings with departments and the Governor.

The department is also responsible for coordinating the state's quality and reinvention initiatives to streamline and improve processes to efficiently meet customer needs.

Budgetary duties include preparing the Governor's annual budget for presentation to the General Assembly, drafting bills supporting the budget, and monitoring the use of appropriations granted through the legislative process.

The department oversees the development and maintenance of state and local budgets, including cities, counties, and schools. It provides staff assistance to the City Finance Committee and the County Finance Committee.

Other duties of the department include administering and promoting equal opportunity in all state contracts and services and prohibiting discriminatory and unfair practices within any program receiving or benefiting from state funding. It oversees and ensures compliance with affirmative action programs, state contracts, and procurement goals associated with targeted small business.

The State Appeal Board is governed by four separate chapters of the Iowa Code. Chapter 73A covers public contracts and bonds and allows citizens to appeal from decisions of municipalities on public improvements. Chapter 24 covers local budget laws whereby citizens can appeal regarding budgets adopted by municipalities. Chapter 25 covers claims against the State of Iowa and by the State of Iowa against municipalities. Chapter 669 covers tort claims filed by people against the State of Iowa when a state agency or any of its employees may have caused negligence, a wrongful act, or omission.

The board reviews all claims under Iowa Code chapters 25 and 669 after receiving recommendations from the Special Assistant Attorney General for Claims, and may pay such claims. Claims denied under Iowa Code chapter 25 are referred to the General Assembly.

The Department of Natural Resources was established on July 1, 1986, by combining the Conservation Commission, the Department of Water, Air and Waste Management, the Geological Survey, and part of the Energy Policy Council.

The director is appointed by the Governor and requires Senate confirmation. Two commissions are created in the department: the Natural Resource Commission and the Environmental Protection Commission. Both commissions have broad authority to set policy and adopt administrative rules and standards for the management and protection of the state's natural resources. The director is responsible for the administration of the agency.

The agency is charged with the management and protection of the state's fish and wildlife, parks, forests, and preserves, and providing for public use of these resources. It also has jurisdiction over state-owned meandered lakes and streams. Additionally, the agency is responsible for improving and maintaining the quality of the state's water, air, and land resources. Floodplain management, water quality in public water supplies, air and water pollution control and enforcement, waste management, and assisting communities in grant applications in these fields are included in the department's operations.

Energy conservation and research, as well as data collection and reporting on the state's geological resources, are also functions of the agency.

To help meet these operational duties, the department also employs administrative support groups in public information, licensing, office management, data processing, and other similar roles.

The General Assembly in 1965 authorized the establishment of a state system of preserves to maintain areas with unusual flora, fauna, geological, archaeological, scenic, or historical features as nearly as possible in their natural condition. The advisory board recommends dedication of certain areas as preserves, makes rules and regulations for their management, and recommends the inclusion of additional public/private lands in the preserves system.

The Board of Parole was established in 1907 by the General Assembly. The Board of Parole consists of five members appointed to terms of four years by the Governor and subject to confirmation by the Senate. The board is responsible directly to the Governor. From those five members, the chairperson and vice chairperson of the board are selected by the Governor and may serve more than one term. A majority of the members of the board constitutes a quorum to transact business.

The board is charged with the duty of investigating and studying the cases of inmates confined in the state penitentiary and the men’s and women’s reformatories. The board is authorized to release on parole any inmate, except those serving life terms and mandatory sentences, after serving the portion of the maximum term it deems proper. The board may revoke and remand to prison any person it has released on parole for any reason it deems proper. It also retains the power to grant a final discharge to any parolee under the supervision of the eight judicial districts in Iowa, usually on the recommendation of the supervising officer. The board is also charged with the responsibility of approving work release, making recommendations to the Governor concerning executive clemency, and conducting research and surveys relating to the effectiveness of the corrections system.

Iowa Code chapter 29 establishes the Department of Public Defense, which is composed of the Military Division and the Homeland Security and Emergency Management Division. The Adjutant General is the Director of the Department of Public Defense and is also the Homeland Security Advisor. The budget and personnel of both of the divisions are subject to the approval of the Adjutant General.

The Military Division includes the Office of the Adjutant General and all functions, responsibilities, powers, and duties of the Adjutant General and the military forces of the state.

The Adjutant General, as the executive director, exercises supervisory authority over the Homeland Security and Emergency Management Division. The division is managed by an administrator who is appointed by the Governor.

MILITARY DIVISION

Camp Dodge, Johnston 50131-1824; (515)252-4211

Ron Dardis, Adjutant General, Administrator

Iowa Code chapter 29A, the Military Code of Iowa, provides for the establishment, command, support, administration, and operation of the military forces of the state of Iowa, as promulgated by the U.S. Constitution and implementing federal statutes, the Iowa Constitution, and applicable federal policies and regulations.

The Iowa National Guard (Army and Air) constitutes the military forces of the state of Iowa except during such time as it may be in the active service of the United States. The Military Code

of Iowa provides for the establishment of an "Iowa State Guard" during such time as the Iowa National Guard is in active federal service.

The mission of the Iowa National Guard is to provide sufficient organizations of guard units in the state, so trained and equipped as to enable them to function efficiently at existing strength in the protection of life and property and the preservation of peace, order, and public safety, under competent orders of the state authorities.

The Governor is the commander in chief of the military forces, except when they are in federal status. The Governor may employ the military forces of the state for the defense or relief of the state; the enforcement of its laws; the protection of life and property; emergencies resulting from disasters or public disorders, as defined in Iowa Code section 29C.2; and parades and ceremonies of a civic nature.

The Adjutant General of Iowa is appointed by the Governor and, as chief of staff to the commander in chief, executes all orders. The Adjutant General is responsible for the administration, organization, equipment, and training of the military forces of the state in accordance with policies and directives of the Department of Public Defense as well as federal law and regulation.

The federal mission of the Army and Air National Guard of the United States is to provide units for the reserve components of the Army and Air Force, adequately organized, trained, and equipped and available for mobilization in the event of a national emergency or war, in accordance with the deployment schedule, and capable of participating in combat operations, in support of the Army and Air Force war plans.

Iowa Code section 29A.57 provides the authority, powers, and responsibilities of the Armory Board. The Adjutant General serves as chairman of the board. The powers and responsibilities of the board include procurement of land or real estate for location or construction of armories, facilities, and outdoor training sites; administration of federal and state funds assigned for construction and maintenance of armories and facilities; and coordination of the use of armories and facilities as required for administration, training, and support of the National Guard.

HOMELAND SECURITY AND EMERGENCY MANAGEMENT DIVISION

Hoover State Office Building, Des Moines 50319; (515)281-3231

David Miller, Administrator

Iowa Code chapter 29C provides for the establishment of the Homeland Security and Emergency Management Division.

The Adjutant General, as the Director of the Department of Public Defense and under the direction and control of the Governor, has supervisory direction and control of the Homeland Security and Emergency Management Division and is responsible to the Governor for the carrying out of the provisions of the Iowa Code chapter.

The Homeland Security and Emergency Management Division is managed by an administrator appointed by the Governor. The administrator is vested with the authority to administer emergency management and homeland security affairs in this state and is responsible for preparing and executing the emergency management and homeland security programs of this state subject to the direction of the Adjutant General.

The administrator is responsible for preparing a comprehensive plan and emergency management program for homeland security, disaster preparedness, response, recovery, mitigation, emergency operation, and emergency resource management of this state. The administrator is also responsible for making such studies and surveys of the industries, resources, and facilities in the state as may be necessary to determine the capabilities of the state for emergency resource management and to plan for the most efficient emergency use thereof. The administrator provides technical assistance to any local emergency commission or joint commission requiring assistance in the development of an emergency management or homeland security program.

The administrator is responsible for implementing, planning, and training for emergency response teams as mandated by the federal government under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986, 42 U.S.C. § 9601 et seq.

The administrator prepares a critical asset protection plan that contains an inventory of infrastructure, facilities, systems, other critical assets, and symbolic landmarks. The administrator approves and supports the development and ongoing operations of an urban search and rescue team. The administrator develops, implements, and supports a uniform incident command system to be used by state agencies to facilitate efficient and effective assistance to those affected by emergencies and disasters.

The administrator serves as a member of the State Emergency Response Commission, appointed by the Governor, with the responsibility to implement Public Law 99-499, Title III, Emergency Planning and Community Right-to-Know Act, and Iowa Code chapter 30.

The administrator has the responsibility for the statewide administration and implementation of enhanced 911 pursuant to Iowa Code chapter 34A.

PUBLIC EMPLOYMENT RELATIONS BOARD

§20.5

510 East Twelfth Street, Suite 1B,
Des Moines 50319; (515)281-4414;
http://iowaperb.iowa.gov

Table with 3 columns: Name, City, Term Ending Date. Rows include James R. Riordan, Neil Barrick, and M. Sue Warner.

The Public Employment Relations Act, enacted in 1974, has as its avowed public purpose the promotion of “harmonious and cooperative relationships between government and its employees.” Specifically, the statute grants employees of the state and its political subdivisions, including cities, counties, and school districts, the right to join and participate in employee organizations and the right to bargain collectively through such employee organizations.

The Act contains detailed procedures by which employees can exercise those rights, including provisions for the determination of appropriate bargaining units, representation elections in which employees may select an employee organization to bargain on their behalf, prohibited practice provisions which proscribe certain conduct and activities, and provisions requiring the periodic reporting of finances by employee organizations.

The Public Employment Relations Board is vested with the administration of this Act. As a quasi-judicial administrative agency, operating under the Iowa Administrative Procedure Act, the board conducts hearings and issues legal decisions in unit determination and representation matters, prohibited practice complaints, and petitions for declaratory rulings. A staff of administrative law judges also performs, by delegation, this function. The board also administers the remaining provisions of the Act. In that regard, it provides mediators, fact-finders, and arbitrators in collective bargaining impasses; it collects data and conducts studies relating to wages, hours, benefits, and other terms and conditions of public employment; and it collects registration reports and annual reports, including financial statements, from employee organizations. The board also adjudicates discipline and grievance appeals filed by state employees and not covered by a collective bargaining agreement.

Approximately 160,000 public employees are employed by the state and some 1,500 by political subdivisions. The board oversees those negotiations and assures that the rights of these employees are preserved and protected.

DEPARTMENT OF PUBLIC HEALTH

Ch 135

Lucas State Office Building, Des Moines 50319; (515)281-5787;

www.idph.state.ia.us

Mary Mincer Hansen, Director of Public Health..... Serves at Pleasure of Governor

The Department of Public Health serves as a catalyst for promoting and protecting the health of Iowans. It strives to improve the quality of life for all Iowans by fulfilling the fundamental obligations of population-based services by:

- Preventing epidemics and the spread of disease
- Protecting against environmental hazards
- Preventing injuries
- Promoting and encouraging healthy behaviors and mental health
- Responding to public health emergencies and disasters, and assisting communities in recovery
- Assuring the quality and accessibility of health services

By applying scientific knowledge, the department engages public and private partners to secure resources, deliver services, and maintain the public health infrastructure necessary to achieve results.

Under the leadership of the director, the Iowa Department of Public Health exercises general supervision of the state's public health; promotes public hygiene and sanitation; and, unless otherwise provided, enforces laws relating to public health.

The department's programs are conducted through the director's office and the Divisions of Acute Disease Prevention and Emergency Response, Behavioral Health and Professional Licensure, Environmental Health, Health Promotion and Chronic Disease Prevention, and Tobacco Use Prevention and Control.

The Director of Public Health is the state spokesperson and advocate for public health. The director acts as a liaison to local boards of health, local public health administrators, health care providers, and consumers, and represents the department in a variety of national organizations. The director provides the department with national exposure and works with policymakers in both Iowa and Washington, D.C.

Included within the office of the director are the State Board of Health, Bureau of Finance, Office of Communication and Public Information, Office of Policy, Legislation and Constituent Relations, Office of State Medical Examiner, Director's Physician Advisory Group, Health Facilities Council, Board of Dental Examiners, Board of Medical Examiners, Board of Nursing, and Board of Pharmacy Examiners.

ACUTE DISEASE PREVENTION AND EMERGENCY RESPONSE DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-7996*

Mary Jones, Division Director

The Division of Acute Disease Prevention and Emergency Response provides support, technical assistance, and consultation to local public health agencies, hospitals, emergency medical service programs, and local health care providers regarding infectious diseases, disease prevention

and control, injury prevention and control, and public health and health care emergency preparedness and response. Additionally, the Bureau of Information Management resides within this division, providing all information technology support for the department. Included in the division are the Center for Acute Disease Epidemiology, Bureau of Disease Prevention and Immunization, Bureau of Emergency Medical Services, Center for Disaster Operations and Response, and Bureau of Information Management.

BEHAVIORAL HEALTH AND PROFESSIONAL LICENSURE DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-4417*

Janet Zwick, Deputy Director

The Division of Behavioral Health and Professional Licensure provides a wide variety of programs that focus on the development of a healthy lifestyle, including those for arthritis, brain injury, disability prevention, gambling prevention and treatment, jail-based treatment and assessment, personnel, planning, and education, regulation for 20 professional boards, regulation for substance abuse treatment, and substance abuse prevention and treatment, and the State Substitute Medical Decision-Making Board.

The division also provides administrative support for the Advisory Council on Brain Injuries.

Staff members provide technical assistance to an assortment of public and private entities. The Division of Behavioral Health and Professional Licensure works cooperatively with other divisions within the department, other state agencies, and community-based programs that address lifestyle issues.

ENVIRONMENTAL HEALTH DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-7726*

Tom Newton, Division Director

The Division of Environmental Health contains a wide variety of programs with a primary purpose of ensuring a safe and healthy environment for Iowans. Additionally, responsibilities for the collection and analysis of public health data were added to the division during a department-wide reorganization in the spring of 2004. The division consists of the Bureau of Lead Poisoning Prevention, Bureau of Environmental Health Services, Bureau of Radiological Health, Bureau of Health Statistics, Office of Local Boards of Health Assistance, and State Toxicologist.

Division programs within these areas provide both educational and regulatory functions.

HEALTH PROMOTION AND CHRONIC DISEASE PREVENTION DIVISION

*Lucas State Office Building,
Des Moines 50319; (515)281-3104*

Julie McMahan, Division Director

The Division of Health Promotion and Chronic Disease Prevention promotes and supports development of public health infrastructure and access to health care/services at the local and state level. This includes liaison with local boards of health and providing technical assistance regarding the boards' role and responsibilities. Through financial support, education, and ongoing technical assistance and monitoring, the division supports the development and delivery of services that promote and protect the health of Iowans and contribute to Iowa being a healthy community. The division establishes program standards, identifies performance measures, and assists the local boards of health and health care providers in developing quality and effective services that are community-driven, culturally competent, and responsive to their Community Health Needs As-

assessment and Health Improvement Plan and consistent with federal or state regulations and funding requirements.

Both population-based and personal health services are provided through contracts with city or county governmental units or agencies serving a county or regional area. Health promotion is central to all services.

Services include a wide range of services directed at preventing or managing chronic diseases, including cancer, diabetes, asthma, and cardiovascular disease.

Other services include public health nursing, home care aide services, oral health care, maternal and child health services, family planning services, adolescent health, child health specialty clinics, nutrition services, including WIC (women, infants and children), outreach and technical assistance regarding health care for minorities, refugees, and immigrants, and increasing access to health care for vulnerable populations.

400 Southwest Eighth Street, Suite C, Des Moines 50309-4686; (515)281-5171

Ann E. Mowery, Executive Director

The Board of Medical Examiners was created by the General Assembly in 1886. The Board of Osteopathic Examiners was established in 1907. These two agencies became a composite Board of Medical Examiners by action of the General Assembly in 1963. Board members are appointed by the Governor for three-year terms, with confirmation by the Senate. The board meets nine times annually and is responsible for administering and enforcing state laws and administrative rules governing the licensure and practice of medicine and surgery, osteopathic medicine and surgery, osteopathy, and registered acupuncturists.

The board administers Step 3 of the United States Medical Licensing Examination to both allopathic (M.D.) and osteopathic (D.O.) physicians twice annually. The board also determines the eligibility of physicians for licensure by endorsement of examination scores, and issues resident physician licenses, as well as temporary and special licenses.

The board is empowered with the duty and responsibility of licensure discipline, which involves the investigation of complaints, review of evidence, initiation and prosecution of disciplinary proceedings, and imposition of license discipline. The board is authorized to operate the Impaired Physician Review Committee, a voluntary program for monitoring recovery/rehabilitation of impaired physicians. The board may, if necessary, petition the district court for enforcement of its authority. The board registers and establishes peer review committees to inves-

tigate and report on the evaluation of certain complaints or other evidence of acts or omissions possibly constituting cause for licensee discipline. The board issues license renewals and certifications for licensure in other jurisdictions and determines requirements for continuing medical education.

The board reviews and investigates professional liability claims filed against its licensees, including medical malpractice suits, to determine if the acts from which the claims were filed involved the violation of statutes, rules, or standards of practice. The board is responsible for evaluating applications and issuing certificates of registration to qualified acupuncturists. Persons who hold a valid Iowa license to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry may engage in the practice of acupuncture without registration issued by the board.

400 Southwest Eighth Street, Suite B, Des Moines 50309; (515)281-3255

Lorinda K. Inman, Executive Director

The board has the responsibility to administer and enforce the laws relating to the practice of nursing, licensure of nurses, nursing education, and continuing education as a prerequisite to license renewal. The board enforces the law and administrative rules applicable to the practice of nursing, including the use of disciplinary proceedings and disciplinary action. The board issues licenses to registered nurses, licensed practical nurses, and advanced registered nurse practitioners.

§147.12, 147.14(5)

400 Southwest Eighth Street, Suite E, Des Moines 50309-4688; (515)281-5944

Lloyd K. Jessen, Executive Secretary/Director

The Iowa Commission of Pharmacy was organized in 1880 under the direction of the Executive Department and established the State Board of Pharmacy the same year. The board was composed of three members. The newly formed board developed a set of standards for individuals to be qualified as pharmacists by examination for the protection of public health, welfare, and safety.

The present board consists of seven members — five professional members and two representatives of the general public. They are all appointed by the Governor to three-year terms and func-

tion under the statutory authority of Iowa Code chapters 124, 124A, 124B, 126, 147, 155A, and 205. The board has the responsibility for administering competency examinations and issues licenses to qualified applicants.

Through the executive secretary/director, the board maintains all records relating to continuing education and licensure by examination or reciprocity, processes all applications for licensure, collects fees, and issues all new and renewal licenses to those persons engaged in the practice of pharmacy. The board has the authority to promulgate administrative rules and promotes and enforces minimum professional standards of practice.

The board is responsible for administering the regulatory provisions of the Iowa Code relating to the legal aspects of professional practice and the licensing of drug manufacturers, wholesalers, and distributors, and community, institutional, and nonresident pharmacies; the adulteration and labeling requirements for drugs; the purity, quality, and strength of drugs; the Controlled Substances Act and a state registration program for all legal handlers of controlled substances; the sale, distribution, labeling, and records requirements of transactions for designated poisonous substances; and precursor substances.

The board administers the Pharmacy Intern Training Program, which prepares pharmacy students for the contemporary practice of community or hospital pharmacy.

DEPARTMENT OF PUBLIC SAFETY

Ch 80

Wallace State Office Building, Des Moines 50319; (515)281-5261;

www.state.ia.us/government/dps/index.html

Kevin W. Techau, Commissioner of Public Safety.....Serves at Pleasure of Governor

The Iowa Department of Public Safety was created by the General Assembly in 1939, through the consolidation of several departments and divisions under one executive designated as Commissioner of Public Safety. The Iowa Department of Public Safety has the duty of safeguarding the lives and property of Iowans and visitors to the state through enforcement of state laws. The department is a statewide law enforcement and public safety agency that complements and supplements local law enforcement agencies and inspection services.

The commissioner's office includes the Professional Standards Bureau; Public Information Bureau; Plans, Research and Training Bureau; Governor's Traffic Safety Bureau; and Intelligence Bureau. An assistant attorney general is also assigned to the department.

The Iowa Department of Public Safety includes the following divisions:

ADMINISTRATIVE SERVICES DIVISION

Wallace State Office Building, Des Moines 50319; (515)281-8387

David R. Heuton, Director

The Administrative Services Division provides support services to the department in the general areas of accounting, budgeting, data processing, and personnel services. The division issues private investigative and security agency licenses and the state weapons permit. The division also provides data processing support to other state and local criminal justice agencies through the provision of online criminal justice databases available to all criminal justice agencies via data terminals located in major police departments and county sheriffs' offices. National criminal justice information is also provided through the National Crime Information Center and the National Law Enforcement Telecommunications System.

DIVISION OF CRIMINAL INVESTIGATION

Wallace State Office Building, Des Moines 50319; (515)281-5138

Gene Meyer, Director

The Iowa Division of Criminal Investigation provides expertise to local law enforcement when called upon to assist in criminal investigations. The division also investigates matters involving security of state government and is the agency with the primary responsibility for the enforcement of the lottery and pari-mutuel and gaming laws.

The division is divided into four sections:

1. The Administrative Section oversees the Identification Unit. This unit is responsible for all criminal history information. This section also oversees the division's budget and administers all matters related to support staff.
2. The Criminalistics Laboratory Section performs scientific analysis of all kinds of physical evidence. Forensic chemistry, serology, firearms identification, toxicology, photography, document examination, latent impression examination, and other scientific services are made available to all law enforcement agencies in the state.
3. The Field Operations Section conducts a wide variety of criminal investigations, such as murder, rape, robbery, and fraud, and collects information about ongoing criminal activities.

4. The Gaming Section is responsible for the integrity of legalized gambling (i.e., lottery, pari-mutuel, and casino) in the state. Agents conduct extensive background investigations and criminal investigations related to gambling. Gaming enforcement officers provide on-site law enforcement at riverboat casinos.

FIRE MARSHAL DIVISION

Ch 100

401 Southwest Seventh Street, Suite N, Des Moines 50309; (515)281-8625

Jim Kenkel, State Fire Marshal

The Fire Marshal Division is responsible for the enforcement of state laws relating to arson and explosives; the investigation into the cause of fire; the compilation, analysis, and distribution of statistical data of fire incidents reported by all Iowa fire departments; and the promotion of safety through administrative rule development and enforcement, as well as by various public education programs. The division accomplishes these goals through three bureaus: the Bureau of Fire Prevention, the Bureau of State Building Code, and the Bureau of Arson and Explosives.

DIVISION OF NARCOTICS ENFORCEMENT

Wallace State Office Building, Des Moines 50319; (515)281-9054

Ken W. Carter, Director

The Division of Narcotics Enforcement (DNE) was formed in 1987. The division was implemented to meet directly with the alarming increase in abuse of illicit controlled substances. DNE has primary, statewide responsibility for providing investigative law enforcement relating to narcotics and controlled substances. It is the division's philosophy that in order to assist a majority of law enforcement agencies, it will concentrate its energies on major sources and supply lines of illicit drugs.

STATE PATROL DIVISION

Wallace State Office Building, Des Moines 50319; (515)281-5824

Robert O. Garrison, Chief

The Iowa State Patrol was created by the General Assembly in 1935 and has a current authorized strength of 413 uniformed officers.

The duties of the state patrol are to enforce all motor vehicle laws, exercise general peace officer powers (with restrictions stated in Iowa Code chapter 80), investigate motor vehicle traffic crashes occurring on roadways within Iowa, provide emergency medical assistance to persons injured as a result of motor vehicle traffic crashes, provide assistance to stranded motorists along Iowa roadways, provide assistance to local law enforcement agencies upon request or when the need is evident, and promote highway safety.

Iowa State Patrol Communications provides total police communications to the public safety sector, including local, county, state, and federal agencies. Services provided include dispatch services for emergency and operational incidents as well as providing a link between the field force, data banks, and other sources of information necessary for the efficient operation of field offices and personnel. This unit also provides for the design, engineering, and maintenance of the state's public safety communications network. State Patrol Communications is comprised of three bureaus — operations, technical, and engineering.

The Iowa State Patrol also has responsibility for executive protection, including the protection and security of Terrace Hill, the official residence of the Iowa Governor. Troopers maintain a highly visible security presence at the State Capitol and surrounding complex, as well as Terrace Hill. Troopers are responsible for the security and safety of all persons on the property, including the Governor and first family, Lieutenant Governor, Supreme Court Justices, State Senators, State Representatives, and all visiting dignitaries. A select group of troopers assigned to the Governor,

First Lady, and Lieutenant Governor travel with their principal protectees throughout the country and abroad as they represent the State of Iowa.

The Board of Regents, originally named the State Board of Education, was created in 1909 to coordinate and govern the three state institutions of higher education. Prior to that time, each of the universities had a separate board of trustees. The Iowa Braille and Sight Saving School was placed under the governance of the board in 1911, followed by the Iowa School for the Deaf in 1917.

The board consists of nine members appointed on a bipartisan basis for six-year staggered terms. Three appointments are made every two years by the Governor and confirmed by two-thirds majority vote of the Senate.

The Board of Regents governs the State University of Iowa, Iowa State University of Science and Technology, the University of Northern Iowa, the Iowa School for the Deaf, and the Iowa Braille and Sight Saving School. The board also serves as the board of trustees for the University of Iowa Hospitals and Clinics. Iowa Code chapter 262 provides that the board shall “have and exercise all the powers necessary and convenient for the effective administration of its office and of the institutions under its control...” The board is, for example, responsible for determination of academic programs, tuition and student fee rates, admission policies, oversight of financial matters, management and control of property, administration of employment and personnel policies, and general operations of the institutions. The board’s strategic plan defines its priorities as ensuring high-quality educational opportunities for students; discovering new knowledge through research, scholarship, and creative activities; providing needed service and promoting economic growth; and demonstrating public accountability and effective stewardship of resources.

The General Assembly has given the board broad statutory responsibility to govern the regents institutions and to provide educational and other services to the people of Iowa. To fulfill its responsibilities, the board depends heavily on its staff, under the direction of the executive director, and delegates appropriate duties to the administrations of the institutions. The board has adopted governance processes that are designed to allow it to make major policy decisions and to monitor the management of the institutions. These governance processes include strategic planning, budget development and approval, organizational audits, comprehensive fiscal reviews, and academic program approvals and reviews.

Another important aspect of the board’s governance authority is an extensive system of regular reports made by the regents institutions to the board. Annual governance reports include enrollments, housing and dining systems, student financial aid, graduation and retention rates, allocation of tuition and fees, diversity, academic program review/student outcomes, distance education, affiliated organizations, faculty activity, and institutional roads. These reports supplement the board’s authority in establishing institutional budgets and appropriations requests.

The Iowa Department of Revenue is responsible for the administration of the major sources of state and local tax revenue. The department is structured along functional lines of responsibility in order to ensure efficient accomplishment of assigned responsibilities.

The responsibilities for tax administration include the collection of various revenue sources totaling in excess of \$5 billion annually. Additionally, the agency is responsible for administration of various property tax-related functions performed by local government officials.

The Iowa Lottery, which was created in 1985, is conducted by the Iowa Lottery Board and is now classified as a charter agency and is no longer a part of the Department of Revenue.

The Iowa Department of Transportation (DOT), established by the General Assembly in 1974 and mandated to begin official functions on July 1, 1975, is responsible for coordinating the various facets of Iowa's transportation system.

Seven commissioners, appointed by the Governor and confirmed by the Senate, are responsible for determination of transportation policy, which is carried out by the Director of Transportation and the department staff.

The purpose of the department is to provide and preserve an adequate, safe, efficient, multimodal transportation system.

The department includes seven divisions with the duties and responsibilities summarized below.

DIRECTOR'S STAFF DIVISION*800 Lincoln Way, Ames 50010; (515)239-1642*

Mary Christy, Division Director

The Director's Staff Division monitors state and federal transportation issues and legislation, coordinates communication of information to internal and external customers, and works with local governments and the public to answer questions and help people understand Iowa's transportation system.

HIGHWAY DIVISION*800 Lincoln Way, Ames 50010; (515)239-1124*

Kevin Mahoney, Division Director

The Highway Division develops, designs, constructs, and maintains state roadways and bridges.

INFORMATION TECHNOLOGY DIVISION*800 Lincoln Way, Ames 50010; (515)239-1284*

Steve Gast, Division Director

The Information Technology Division provides internal support and equipment services for automation in applying technology for the department's business, and collects, processes, and disseminates information.

MODAL DIVISION*800 Lincoln Way, Ames 50010; (515)239-1497*

Neil Volmer, Division Director

The Modal Division administers aviation funding programs for airport improvement projects; administers highway-railroad crossing safety improvement projects; provides technical assistance to public transit agencies receiving federal funds, and administers state funds; and represents Iowa's navigation interests with other states and with federal agencies.

MOTOR VEHICLE DIVISION*Park Fair Mall, 100 Euclid Avenue,
Des Moines 50306-0382; (515)237-3202*

Shirley Andre, Division Director

The Motor Vehicle Division licenses, registers, and permits all users of the highway system and enforces commercial vehicle laws and investigates motor vehicle law violations.

OPERATIONS AND FINANCE DIVISION*800 Lincoln Way, Ames 50010; (515)239-1340*

Mary Christy, Division Director

The Operations and Finance Division supports the DOT by providing functions that include accounting, budgeting, and auditing; purchasing, inventory, fleet and facilities management; and procurement of transit vehicles for local agencies.

PLANNING AND PROGRAMMING DIVISION

800 Lincoln Way, Ames 50010; (515)239-1661

Neil Volmer, Division Director

The Planning and Programming Division serves the planning needs of all transportation modes; guides the allocation of funds for state transportation improvements; and produces planning documents for rail, aviation, and highway systems.

The five-member board is appointed by the Governor, subject to Senate confirmation. The Director of Transportation serves as secretary to the board and Iowa Department of Transportation employees serve as staff. To assure that the state follows a single transportation policy, the authority is directed to exercise its duties and powers consistent with the policy and plans of the Iowa Transportation Commission.

The Iowa Railway Finance Authority was established by legislation in 1980 for the financing of railway facilities. The authority enables the state to actively participate in preserving vital components of Iowa's rail system.

The Iowa Comprehensive Petroleum Underground Storage Tank Fund Board was created in 1989 with several goals. These goals were to create adequate and reliable financial assurance for the costs of cleanup on preexisting (prior to October 26, 1990) releases of petroleum from underground storage tanks, create a financial responsibility assurance mechanism (insurance) to pay for future releases, minimize societal costs and environmental damage, maintain Iowa's rural petroleum distribution network, and finally to serve as an interim measure. The payment for releases preexisting on October 26, 1990, is the remaining goal to be met.

The board's statutes provide for the reimbursement of eligible claimants for remedial claims, i.e., those claims reported prior to October 26, 1990; and retroactive claims, the few claims that were being addressed prior to the creation of the UST Fund and innocent landowner claims, i.e., those preexisting releases that had occurred prior to the October 26, 1990, deadline but were not reported until much later.

The board administers various funds from which to make reimbursement for the work required by the Department of Natural Resources (DNR) to address risks to health created by the eligible releases. Payments are made as work progresses and cease upon DNR's classification as "No Action Required." The board meets monthly to approve claim payments and handle other administrative matters affecting the program.

Owners of petroleum-contaminated property or former underground storage tank owners may contact the board to pursue any potential benefits available to them. Additionally, board statutes grant benefits to governmental subdivisions that acquire former UST sites pursuant to eminent domain. Counties are also eligible for benefits for properties they acquire through delinquent taxes.

The board works closely with DNR to coordinate assessment and corrective action at eligible claimant sites. DNR provides the final word for what must occur to reach "No Action Required" status, and the board has the decision of what activities will be reimbursable as benefits. The board preapproves all costs prior to the commencement of the activities at an eligible site.

Patrick J. Palmersheim, Executive Director Serves at Pleasure of Governor

The General Assembly, in 1992, created the Commission of Veterans Affairs. In 2004, the commission’s statute was amended to increase the number of commissioners. The Governor appoints nine commissioners; eight must be honorably discharged members of the armed forces of the United States, and one must be from the public at-large. All must be confirmed by the Senate. In 2005, the General Assembly created the Iowa Department of Veterans Affairs.

Under the auspices of Iowa Code chapter 35A, the commission prescribes the duties of the executive director and other employees necessary to carry out the duties of the commission and the department. The commission supervises the commandant’s administration of commission policy for the operation and conduct of the Iowa Veterans Home.

The Governor appoints an executive director, subject to confirmation by the Senate, who shall serve at the pleasure of the Governor. The executive director is responsible for administering the duties of the commission other than those related to the Iowa Veterans Home; maintaining military service records and graves records; assisting county veterans affairs commissions; providing information to government agencies, funeral homes, and veteran service organizations; and administering the War Orphans Educational Fund. The executive director must be a resident of the state and an honorably discharged veteran who served in the armed forces of the United States during a conflict or war.

§35D.13

1301 Summit Street, Marshalltown 50158-5485; (641)752-1501

Daniel Steen, Commandant.....Serves at Pleasure of Governor

The Iowa Veterans Home, located in Marshalltown, is a long-term health care facility providing multiple levels of care, with attendant health care services, for honorably discharged veterans, their dependent spouses, and surviving spouses of honorably discharged veterans. The Governor appoints a commandant, subject to Senate confirmation, who serves at the pleasure of the Governor. The commandant reports directly to the commission and has the immediate custody and control, subject to the orders of the commission, of all property used in connection with the home. The commandant must be a resident of the state, an honorably discharged veteran who served in the armed forces of the United States, and a licensed nursing home administrator.

DEPARTMENT OF WORKFORCE DEVELOPMENT

Ch 84A

*1000 East Grand Avenue, Des Moines 50319;
(515)281-5387; www.iowaworkforce.org*

Richard Running, DirectorServes at Pleasure of Governor
Jane Barto, Deputy Director

Iowa Workforce Development commits its resources to Iowa's prosperity by working to ensure the income security, productivity, safety, and health of all Iowans. The department strives to provide safe workplaces, provide a productive and economically secure workforce, provide all Iowans with access to workforce development services, and become a model workplace.

The department is comprised of six divisions — Administrative Services, Labor Services, Policy and Information, Unemployment Insurance Services, Workers' Compensation, and Workforce Center Administration. The director has general supervision over the agency and prepares, administers, and controls the budget of the department and its divisions.

ADMINISTRATIVE SERVICES DIVISION

1000 East Grand Avenue, Des Moines 50319; (515)281-5361

Erv Fett, Administrator

The Administrative Services Division provides administrative support functions for the department, including customer service, employee services, building management, office services, financial reporting, and accounting. The division also develops, maintains, and manages Iowa Workforce Development's information technology services.

LABOR SERVICES DIVISION

§84A.1, Ch 91

1000 East Grand Avenue, Des Moines 50319; (515)281-3606

Term Ending Date

Dave Neil, Labor Commissioner April 30, 2011

The Labor Services Division administers a variety of programs, including amusement parks/rides inspections; asbestos abatement licensing; boiler inspection; child labor; contractor registration; elevators and escalators; hazardous chemical required reporting; minimum wage and wage collection; Iowa occupational safety and health consultation and education; Iowa occupational safety and health enforcement; and OSHA recordkeeping. The Labor Commissioner also serves as the State Athletics Commissioner. The office of the Labor Commissioner was created by the General Assembly in 1884.

POLICY AND INFORMATION DIVISION

1000 East Grand Avenue, Des Moines 50319; (515)281-0252

Jeffrey Nall, Administrator

The Policy and Information Division is responsible for a broad range of functions, from preparing information on the labor force and unemployment rates to strategic planning and staff support for the Iowa Workforce Development Board. The common theme that runs through these diverse roles is providing good information to help people — whether workers, employers, students, parents, educators, economic development officials, board members, or other policymakers — make good decisions. The division provides Iowa's labor market information, workforce strategic planning, public communications, and staff support to the state's Workforce Development Board. It is composed of several work units.

UNEMPLOYMENT INSURANCE SERVICES DIVISION

1000 East Grand Avenue, Des Moines 50319; (515)281-5526

LeLoie Dutemple, Administrator

The Unemployment Insurance Services Division provides services to businesses, workers, and the citizens of Iowa by collecting unemployment insurance taxes, maintaining the Iowa Unemployment Compensation Trust Fund, and making payments to eligible jobless workers.

WORKERS' COMPENSATION DIVISION

§84A.1, Ch 86

*1000 East Grand Avenue, Des Moines 50319; (515)281-5934**Term Ending Date*

Chris Godfrey, Workers' Compensation Commissioner..... April 30, 2009

The Workers' Compensation Law was enacted by the General Assembly in 1913. The law provides medical services and wage replacement benefits to workers who sustain injuries arising out of their employment. The Workers' Compensation Law is administered by the Workers' Compensation Commissioner. Iowa was one of the first states to provide benefits for injuries, occupational diseases, and occupational hearing losses sustained by workers. Injuries resulting in death, permanent disability, or temporary disability must be reported to the commissioner. If an agreement as to compensation cannot be reached, the employee may request a hearing before a deputy commissioner in the judicial district where the injury occurred. Decisions are reviewed by the commissioner and may be appealed to the district court and Supreme Court.

WORKFORCE CENTER ADMINISTRATION DIVISION

150 Des Moines Street, Des Moines 50319; (515)281-9027

Anthony Dietsch, Administrator

The Workforce Center Administration Division is responsible for the delivery of various state and federally funded employment and training services. Services are delivered through 16 regional one-stop and 56 local offices.

The regional one-stop centers and offices provide a variety of services to meet the workforce and workplace needs of job seekers, dislocated workers, unemployed persons, and Iowa businesses through partnerships of state and local service providers. They provide job counseling, job training, job placement, and assistance to special needs populations.

The division administers the Workforce Investment Act, which includes adult training programs, youth training programs, dislocated workers programs, rapid response assistance, and national emergency grants.

The division also administers worker profiling and reemployment services; the Alien Labor Certification Program; trade adjustment assistance; PROMISE JOBS; food stamp employment and training; work opportunity tax credit; Wagner-Peyser job placement; job insurance benefits and unemployment insurance; bonding; local veterans employment representatives; the Disabled Veterans Opportunity Program; WorkKeys; new Iowan centers; migrant and seasonal farm workers; and Navigators.
