Client Totals	The Unmet Needs Reporting System does not collect unique contact identifiers so contact totals may or may not represent unduplicated contact counts.	

Unmet Needs Reporting System

Despite the successes of the Senior Living Program and other efforts of the Iowa Aging Network, there continue to be documented unmet needs throughout the state, in part because of general fund budget reductions. This report is a compilation of unmet needs data reported to the Department of Elder Affairs (DEA) from the 13 Area Agencies on Aging. The sources for this data are interdisciplinary teams within the Case Management Program for the Frail Elderly (CMPFE) and service providers under contract with the Area Agencies on Aging that have identified service needs for elderly lowans that the aging networks are unable to meet. ***This report accounts for only those elderly lowans that have contact with AAA's and service providers and not all elderly lowans within the aging network.***
