NEWS RELEASE

FOR RELEASE February 23, 2009

Contact: Andy Nielsen
515/281-5834

Auditor of State David A. Vaudt today released an audit report on the Page County Landfill Association.

The Association had total revenues of \$873,005 during the year ended June 30, 2008, a 24% increase over the prior year. Revenues included gate fees of \$596,456, recycling fees of \$155,552, interest income of \$105,957, grant revenue of \$1,485 and other operating revenue of \$13,555.

Expenses totaled \$1,433,090 for the year ended June 30, 2008, an 88% increase over the prior year, and included \$229,210 for employee salaries and benefits, \$243,877 for depreciation and \$534,029 for closure and postclosure care. The significant increase in revenues and expenses is due primarily to the expansion of the Association's recycling program and a large increase in closure and postclosure care expense.

A copy of the audit report is available for review at the Page County Landfill Association, in the Office of Auditor of State and on the Auditor of State's web site at <http://auditor.iowa.gov/reports/reports.htm>.

Independent Auditor's Report

To the Members of the Page
County Landfill Association:

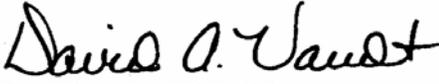

We have audited the accompanying basic financial statements of the Page County Landfill Association as of and for the year ended June 30, 2008. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

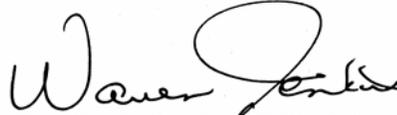

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Page County Landfill Association at June 30, 2008, and the changes in its financial position and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated February 9, 2009 on our consideration of the Page County Landfill Association's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis on pages 6 through 9 is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

DAVID A. VAUDT, CPA
Auditor of State

WARREN G. JENKINS, CPA

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Page County Landfill Association provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the Association's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- ◆ The Association's operating revenues increased 26%, or \$156,031, from fiscal 2007 to 2008. The increase was primarily due to recycling revenues increasing \$155,552.
- ◆ The Association's operating expenses increased 85%, or \$632,687, from fiscal 2007 to 2008. The increase was primarily due to increases of \$502,897 for closure and postclosure care, \$83,014 for depreciation and \$48,933 for salaries and benefits. Closure and postclosure care increased significantly due to changes in Iowa Department of Natural Resources regulations. Effective December 10, 2007, the landfill's old cell is no longer accepting waste and the costs associated with the unused capacity of the cell were recognized as expenses during the current year.
- ◆ The Association's net non-operating revenues decreased 34%, or \$25,603, from fiscal 2007 to 2008. This decrease was primarily due to the Landfill receiving the SWAP forgivable loan in fiscal year 2007 and also due to the Landfill incurring additional interest expense due to interest payments required on the SWAP loan and the notes payable during fiscal year 2008.
- ◆ The Association's net assets decreased 34%, or \$560,085, from June 30, 2007 to June 30, 2008.

USING THIS ANNUAL REPORT

The Page County Landfill Association is a 28E organization and presents its financial statements using the economic resources measurement focus and the accrual basis of accounting, which is the same measurement focus and basis of accounting employed by private sector business enterprises. This discussion and analysis are intended to serve as an introduction to the Page County Landfill Association's basic financial statements. The annual report consists of a series of financial statements and other information, as follows.

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Association's financial activities.

The Statement of Net Assets presents information on the Association's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Association is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Assets is the basic statement of activities for proprietary funds. This statement presents information on the Association's operating revenues and expenses, non-operating revenues and expenses and whether the Association's financial position has improved or deteriorated as a result of the year's activities.

The Statement of Cash Flows presents the change in the Association's cash and cash equivalents during the year. This information can assist users of the report in determining how the Association financed its activities and how it met its cash requirements.

The Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the financial statements.

FINANCIAL ANALYSIS OF THE ASSOCIATION

Statement of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of the Association's financial position. The Association's net assets at the end of fiscal 2008 totaled \$1,095,675. This compares to \$1,655,760 at the end of fiscal 2007. A summary of the Association's net assets is presented below:

Net Assets		
	June 30,	
	2008	2007
Current assets	\$ 161,369	266,229
Restricted cash and investments	2,135,136	2,121,826
Capital assets at cost, less accumulated depreciation	2,169,743	2,051,794
Total assets	<u>4,466,248</u>	<u>4,439,849</u>
Current liabilities	288,630	248,762
Noncurrent liabilities	3,081,943	2,535,327
Total liabilities	<u>3,370,573</u>	<u>2,784,089</u>
Net assets:		
Invested in capital assets, net of related debt	967,554	881,432
Restricted	47,173	582,975
Unrestricted	80,948	191,353
Total net assets	<u>\$ 1,095,675</u>	<u>1,655,760</u>

The portion of the Association's net assets that is restricted will be used for closure and postclosure care and for tonnage fees due to the State of Iowa. State and federal laws and regulations require the Association to place a final cover on the landfill sites and perform certain maintenance and monitoring functions at the landfill sites for a minimum of thirty years after closure. The invested in capital assets (e.g. land and improvements, buildings and equipment) are resources allocated to capital assets. The remaining net assets are the unrestricted net assets that can be used to meet the Association's obligations and needs as they come due. The unrestricted net assets decreased \$110,405, or 58%, due to increases in certain expenses, including salaries and benefits for the new recycling center, depreciation, fuel costs and closure and postclosure care. Closure and postclosure care increased significantly due to the old cell no longer accepting waste and the costs associated with the unused capacity of the cell were recognized as expenses during the current year.

Statement of Revenues, Expenses and Changes in Net Assets

Operating revenues are from gate fees for accepting solid waste and for recycling. Operating expenses are expenses paid to operate the landfill. Non-operating revenues and expenses include interest income, non-operating grants and interest expense. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life. A summary of revenues, expenses and changes in net assets for the years ended June 30, 2008 and 2007 is presented below:

Changes in Net Assets		
	Year ended June 30,	
	2008	2007
Operating revenues:		
Gate fees	\$ 596,456	579,014
Recycling	155,552	-
Other operating revenues	13,555	30,518
Total operating revenues	<u>765,563</u>	<u>609,532</u>
Operating expenses:		
Salaries and benefits	229,210	180,277
Machinery maintenance, labor and parts	23,428	38,156
Oil and gas	70,442	45,402
Long range planning and engineering	30,549	18,323
Site maintenance	17,309	18,992
Site utilities	20,141	15,827
Office supplies and operations	10,421	12,125
Training and travel	775	1,799
Legal and accounting	15,587	18,016
Insurance	32,266	25,462
Closure and postclosure care	534,029	31,132
Planning and recycling	43,656	91,905
Iowa Department of Natural Resources tonnage fees	30,987	27,814
Depreciation	243,877	160,863
Leachate treatment, collection and maintenance	52,130	45,766
Household hazardous waste	15,746	-
Miscellaneous	4,622	10,629
Total operating expenses	<u>1,375,175</u>	<u>742,488</u>
Operating loss	<u>(609,612)</u>	<u>(132,956)</u>
Non-operating revenues (expenses):		
Interest income	105,957	77,425
SWAP forgivable loan	1,485	18,515
Interest expense	(57,915)	(20,810)
Net non-operating revenues	<u>49,527</u>	<u>75,130</u>
Change in net assets	(560,085)	(57,826)
Net assets beginning of year	<u>1,655,760</u>	<u>1,713,586</u>
Net assets end of year	<u>\$ 1,095,675</u>	<u>1,655,760</u>

The Statement of Revenues, Expenses and Changes in Net Assets reflects a decrease in net assets at the end of the fiscal year. In fiscal 2008, operating revenues increased \$156,031, or 26%, a result of revenue from recycling. Operating expenses increased \$632,687, or 85%, a result of increases in salaries and benefits, depreciation, fuel costs and closure and postclosure care.

Statement of Cash Flows

The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, capital and related financing and investing activities. Cash provided by operating activities includes gate fees reduced by payments to employees and to suppliers. Cash provided by capital and related financing activities includes debt proceeds reduced by principal and interest payments on debt and the purchase of capital assets. Cash used for investing activities includes interest received and the sale of investments.

CAPITAL ASSETS

At June 30, 2008, the Association had \$3,374,134 invested in capital assets, net of accumulated depreciation of \$1,204,391. The \$361,826 increase in capital assets was primarily the result of the new recycling building and the addition of equipment. Depreciation expense totaled \$243,877 for fiscal 2008. More detailed information about the Association's capital assets is presented in Note 3 to the financial statements.

DEBT ADMINISTRATION

At June 30, 2008, the Association had \$1,567,271 in debt outstanding, an increase of \$46,909. The table below summarizes outstanding debt by type.

	June 30,	
	2008	2007
General obligation capital loan notes	\$ 940,000	995,000
SWAP loan	384,018	450,804
Capital lease purchase agreements	243,253	74,558
Total	<u>\$ 1,567,271</u>	<u>1,520,362</u>

Additional information about the Association's long-term debt is presented in Note 4 to the financial statements.

ECONOMIC FACTORS

The current condition of the economy in the state continues to be a concern for Association officials. Some of the realities that may potentially become challenges for the Association to meet are:

- ◆ Facilities at the Association require constant maintenance and upkeep.
- ◆ Technology continues to expand and current technology becomes outdated, presenting an on-going challenge to maintain up to date technology at a reasonable cost.
- ◆ Annual deposits required to be made to closure and postclosure care accounts are based on constantly changing cost estimates and the number of tons of solid waste received at the facility.
- ◆ The Iowa Department of Natural Resources' decision on EPA Subtitle D liner requirements.

The Association anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the Association's ability to react to unknown issues.

CONTACTING THE ASSOCIATION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the Association's finances and to show the Association's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Page County Landfill Association, 2032 N Avenue, Clarinda, IA 51632-2298.

Increase in salaries and benefits payable	2,953
Increase in compensated absences	504
Increase in due to other governments	7,503
Total adjustments	<u>790,748</u>
Net cash provided by operating activities	<u>\$ 181,136</u>
Non-cash capital and related financing activities:	
During the year ended June 30, 2008, a tractor and scraper were acquired through a capital lease purchase agreement for \$267,330.	

See notes to financial statements.

Page County Landfill Association

Notes to Financial Statements

June 30, 2008

(1) Summary of Significant Accounting Policies

The Page County Landfill Association was formed in 1973 pursuant to the provisions of Chapter 28E of the Code of Iowa. The purpose of the Association is to operate the sanitary landfill in Page County for use by all residents of the County.

The Association is composed of one representative from each of the eleven member cities and one representative from Page County. The member cities are: Clarinda, College Springs, Northboro, Coin, Yorktown, Shambaugh, Braddyville, Blanchard, Shenandoah, Essex and Hepburn. The representative of a city is appointed by the political subdivision to be represented. Each member shall be entitled to one vote for each 1,500 people or fraction thereof as determined by the most recent general Federal Census.

The Association's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the Page County Landfill Association has included all funds, organizations, agencies, boards, commissions and authorities. The Association has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Association are such that exclusion would cause the Association's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Association to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Association. The Page County Landfill Association has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

The accounts of the Page County Landfill Association are organized as an Enterprise Fund. Enterprise Funds are used to account for operations (a) financed and operated in a manner similar to private business enterprises, where the intent of the governing body is the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

C. Measurement Focus

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Association applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

The Association distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Association's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities and Net Assets

The following accounting policies are followed in preparing the Statement of Net Assets.

Cash, Investments and Cash Equivalents – The Association considers all short-term investments that are highly liquid to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months. Cash equivalents of the Association include money market accounts. Cash investments not meeting the definition of cash equivalents at June 30, 2008 include certificates of deposit of \$1,852,794.

Restricted Cash and Investments – Funds set aside for payment of recycling and closure and postclosure care are classified as restricted.

Capital Assets – Capital assets are accounted for at historical cost. Depreciation of all exhaustible capital assets is charged as an expense against operations. The cost of repair and maintenance is charged to expense, while the cost of renewals or substantial betterments is capitalized. The cost and accumulated depreciation of assets disposed of are deleted, with any gain or loss recorded in current operations.

Reportable capital assets are defined by the Association as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Buildings and improvements	\$ 25,000
Equipment	500

Capital assets of the Association are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful lives (In Years)
Buildings and improvements	10-15
Equipment	5-10

Interest is capitalized on qualified assets acquired with certain tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period. There were no qualifying assets acquired during the year ended June 30, 2008.

Compensated Absences – Association employees accumulate a limited amount of earned but unused vacation, sick leave and comp time hours for subsequent use or for payment upon termination, death or retirement. The Association’s liability for compensated absences has been computed based on rates of pay in effect at June 30, 2008.

(2) Cash and Investments

The Association’s deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Association is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Association; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Association had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$260,985 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investment in the Iowa Public Agency Investment Trust is unrated.

At June 30, 2008, the Association had cash on hand of \$100 and deposits as follows:

Certificates of deposit	\$ 1,852,794
Checking account	332
Savings accounts	<u>91,951</u>
Total	<u>\$ 1,945,077</u>

(3) Capital Assets

Capital assets activity for the year ended June 30, 2008 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Capital assets not being depreciated:				
Land	\$ 307,147	-	-	307,147
Construction in progress	871,660	16,002	586,244	301,418
Total capital assets not being depreciated	1,178,807	16,002	586,244	608,565
Capital assets being depreciated:				
Land improvements	69,439	-	-	69,439
Buildings	90,089	586,244	-	676,333
Equipment	1,673,973	345,824	-	2,019,797
Total capital assets being depreciated	1,833,501	932,068	-	2,765,569
Less accumulated depreciation for:				
Land improvements	62,424	1,985	-	64,409
Buildings	68,904	25,803	-	94,707
Equipment	829,186	216,089	-	1,045,275
Total accumulated depreciation	960,514	243,877	-	1,204,391
Total capital assets being depreciated, net	872,987	688,191	-	1,561,178
Total capital assets, net	\$ 2,051,794	704,193	586,244	2,169,743

Equipment costing \$547,526 was purchased under capital lease purchase agreements. Accumulated depreciation on these assets totaled \$141,940 at June 30, 2008.

(4) Long-Term Debt

General Obligation Capital Loan Notes

In January 2007, Page County entered into a loan agreement for the issuance of \$995,000 of general obligation capital loan notes to pay costs of expansion and upgrading the Page County Landfill Association. In a verbal agreement with the County, the Association agreed to repay the County for the notes, including interest, as the payments become due and payable by the County.

Annual debt service requirements to maturity for general obligation capital loan notes are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	3.80%	\$ 65,000	37,565	102,565
2010	3.80	70,000	35,095	105,095
2011	3.80	70,000	32,435	102,435
2012	3.85	70,000	29,775	99,775
2013	3.85	75,000	27,080	102,080
2014-2018	3.90-4.10	300,000	98,043	398,043
2019-2022	4.15-4.25	290,000	30,985	320,985
Total		\$ 940,000	290,978	1,230,978

The Association paid \$55,000 in principal and \$53,274 in interest and bond registrar fees during the year ended June 30, 2008.

Solid Waste Alternative Program (SWAP) Loan

In May 2006, the Association entered into a loan agreement with the Iowa Department of Natural Resources to provide funds to assist with the cost of establishing a permanent processing facility for recyclables and expand the existing recycling collection programs. The agreement awarded up to \$487,500 in the form of a forgivable loan of \$20,000, a zero interest loan of \$150,000 and a 3% interest loan of \$317,500. The term of the loan is 84 months and requires 28 quarterly payments of \$17,971 beginning April 15, 2007. At June 30, 2008, a total of \$487,500 has been drawn on the loans, including \$20,000 of the forgivable loan. There are no unmet conditions to be achieved for loan forgiveness.

Details of the Association's SWAP loan at June 30, 2008 are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	0%/3.00%	\$ 66,786	5,098	71,884
2010	0%/3.00	66,786	5,098	71,884
2011	0%/3.00	66,786	5,098	71,884
2012	0%/3.00	66,786	5,098	71,884
2013	0%/3.00	66,786	5,098	71,884
2014	0%/3.00	50,088	3,824	53,912
Total		\$ 384,018	29,314	413,332

The Association paid \$66,786 in principal and \$5,098 in interest under the agreement during the year ended June 30, 2008.

Capital Lease Purchase Agreements

On July 13, 2005, the Association entered into a capital lease purchase agreement to lease a crawler loader. The agreement is for a period of 3 years at an interest rate of 4.745% and expires in fiscal year 2009.

On September 14, 2006, the Association entered into a capital lease purchase agreement to lease a skid loader. The agreement is for a period of 4 years at an interest rate of 3.9% and expires in fiscal year 2011.

On September 17, 2007, the Association entered into a capital lease purchase agreement to lease a tractor and scraper. The agreement is for a period of 4 years at an interest rate of 4.5% and expires in fiscal year 2012.

The following is a schedule by year of future minimum lease payments and the present value of net minimum lease payments for the agreements:

Year Ending June 30,	Crawler Loader	Skid Loader	Tractor/ Scraper	Total
2009	\$ 3,803	8,681	73,153	85,637
2010	-	8,681	73,153	81,834
2011	-	2,170	73,153	75,323
2012	-	-	18,290	18,290
Total minimum lease payments	3,803	19,532	237,749	261,084
Less amount representing interest	(15)	(862)	(16,954)	(17,831)
Principal value of net minimum lease payments	\$ 3,788	18,670	220,795	243,253

Payments under the agreements during the year ended June 30, 2008 totaled \$109,186.

(5) Pension and Retirement Benefits

The Association contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.90% of their annual covered salary and the Association is required to contribute 6.05% of annual covered payroll. Contribution requirements are established by state statute. The Association's contributions to IPERS for the years ended June 30, 2008, 2007 and 2006 were \$10,450, \$8,348 and \$6,364, respectively, equal to the required contribution for each year.

(6) Closure and Postclosure Care

To comply with federal and state regulations, the Association is required to complete a monitoring system plan and a closure/postclosure plan and to provide funding necessary to effect closure and postclosure, including the proper monitoring and care of the landfill after closure. Environmental Protection Agency (EPA) requirements have established closure and thirty-year postclosure care requirements for all municipal solid waste landfills that receive waste after October 9, 1993. State governments are primarily responsible for implementation and enforcement of those requirements and have been given flexibility to tailor requirements to accommodate local conditions that exist. The effect of the EPA requirement is to commit landfill owners to perform certain closing functions and postclosure monitoring functions as a condition for the right to operate the landfill in the current period. The EPA requirements provide that when a landfill stops accepting waste, it must be covered with a minimum of twenty-four inches of earth to keep liquid away from the buried waste. Once the landfill is closed, the owner is responsible for maintaining the final cover, monitoring ground water and methane gas, and collecting and treating leachate (the liquid that drains out of waste) for thirty years.

Governmental Accounting Standards Board Statement No. 18 requires landfill owners to estimate total landfill closure and postclosure care costs and recognize a portion of these costs each year based on the percentage of estimated total landfill capacity used that period. Estimated total cost consists of four components: (1) the cost of equipment and facilities used in postclosure monitoring and care, (2) the cost of final cover (material and labor), (3) the cost of monitoring the landfill during the postclosure period and (4) the cost of any environmental cleanup required after closure. Estimated total cost is based on the cost to purchase those services and equipment currently and is required to be updated annually for changes due to inflation or deflation, technology or applicable laws or regulations.

These costs for the Page County Landfill Association have been estimated at \$558,133 and \$1,162,185 for closure and postclosure care, respectively, for Cell A (old cell) and \$41,075 and \$0 for closure and postclosure care, respectively, for Cell B (new cell), for a total of \$1,761,393 as of June 30, 2008, and the portion of the liability that has been recognized is \$1,722,880. These amounts are based on what it would cost to perform all closure and postclosure care during the year ended June 30, 2008. Actual costs may be higher due to inflation, changes in technology or changes in regulations. The estimated remaining life of Cell B is 47 years. The capacity used at June 30, 2008 in Cell A is 100 percent and Cell B is 6 percent.

Chapter 455B.306(9)(b) of the Code of Iowa requires permit holders of municipal solid waste landfills to maintain separate closure and postclosure care accounts to accumulate resources for the payment of closure and postclosure care costs. The Association has begun accumulating resources to fund these costs and, at June 30, 2008, assets of \$1,748,696 are restricted for these purposes. They are reported as restricted investments in the Statement of Net Assets.

Also, pursuant to Chapter 567-113.14(8) of the Iowa Administrative Code (IAC), since the estimated closure and postclosure care costs are not fully funded, the Association is required to demonstrate financial assurance for the unfunded costs. The Association has adopted the dedicated fund financial assurance mechanism. Under this mechanism, the Association must certify the following to the Iowa Department of Natural Resources:

- The fund is dedicated by local government statute as a reserve fund.
- Payments into the fund are made annually over a pay-in period of ten years or the permitted life of the landfill, whichever is shorter.
- Annual deposits to the fund are determined by the following formula:

$$NP = \frac{CE - CB}{Y}$$

NP = next payment

CE = total required financial assurance

CB = current balance of the fund

Y = number years remaining in the pay-in period

Chapter 567-113.14(8) of the IAC allows the Association to choose the dedicated fund mechanism to demonstrate financial assurance and use the accounts established to satisfy the closure and postclosure care account requirements. Accordingly, the Association is not required to establish closure and postclosure care accounts in addition to the accounts established to comply with the dedicated fund financial assurance mechanism.

(7) Solid Waste Tonnage Fees Retained

The Association has established an account for restricting and using solid waste tonnage fees retained by the Association in accordance with Chapter 455B.310 of the Code of Iowa.

At June 30, 2008, the unspent amounts retained by the Association and restricted for the required purposes totaled \$21,357.

(8) Risk Management

The Association is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 670.7 of the Code of Iowa. The Iowa communities Assurance Pool (Pool) is a local government risk-sharing pool whose 563 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 200 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contribution.

The Association's property and casualty contributions to the risk pool are recorded as disbursements from its operating funds at the time of payment to the risk pool. The Association's contribution to the Pool for the year ended June 30, 2008 was \$25,370.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim and \$10,000,000 in aggregate per year. For members requiring specific coverage from \$3,000,000 to \$10,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$100,000 each occurrence, each location, with excess coverage reinsured on an individual member basis.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The Association does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2008, no liability has been recorded in the Association's financial statements. As of June 30, 2008, settled claims have not exceeded the risk pool or reinsurance coverage in any of the past three years.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its capital contributions. However, the refund is reduced by an amount equal to the annual operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The Association also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$1,000,000 and \$50,000, respectively. The Association assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) Subsequent Event

In December 2008, the Association entered into a contract for \$220,690 for the installation of a flexible membrane liner for the landfill. The new liner was required because the Iowa Department of Natural Resources no longer allows the landfill's clay based liner. The Association will use the remaining general obligation capital loan note proceeds to fund the project.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Members of the Page
County Landfill Association:

We have audited the accompanying financial statements of the Page County Landfill Association as of and for the year ended June 30, 2008 and have issued our report thereon dated February 9, 2009. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Page County Landfill Association's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Page County Landfill Association's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Page County Landfill Association's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies, including deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Page County Landfill Association's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of the Page County Landfill Association's financial statements that is more than inconsequential will not be prevented or detected by the Page County Landfill Association's internal control. We consider the deficiencies in internal control described in the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by the Page County Landfill Association's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we believe items (A), (B) and (D) are material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Association's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the Association's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Association. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The Page County Landfill Association's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the Association's responses, we did not audit the Page County Landfill Association's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the members and customers of the Page County Landfill Association and other parties to whom the Association may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Page County Landfill Association during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

DAVID A. VAUDT, CPA
Auditor of State

February 9, 2009

Page County Landfill Association

Schedule of Findings

Year ended June 30, 2008

Findings Related to the Financial Statements:

SIGNIFICANT DEFICIENCIES:

- (A) Segregation of Duties – During our review of internal control, the existing procedures are evaluated in order to determine incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and, therefore, maximizes the accuracy of the Association's financial statements. Customer billings, collections, deposits and posting to customer accounts are all done by the same person.

Recommendation – We realize segregation of duties is difficult with a limited number of employees. However, the Association should review its operating procedures to obtain the maximum internal control possible under the circumstances. The Association should utilize current personnel to provide additional control through review of financial transactions, reconciliations and reports. Such reviews should be evidenced by initials or signature of the reviewer and the date of the review.

Response – The manager plans to go over all accounts receivable, bills paid, deposits, and daily tickets.

Conclusion – Response acknowledged. The reviews should be evidenced with the initials or signature of the reviewer and the date of the review.

- (B) Reconciliation of Billings, Collections and Delinquencies – Customer billings, collections and delinquent accounts were not reconciled each month.

Recommendation – Procedures should be established to reconcile customer billings, collections and delinquencies monthly. The Association should review the reconciliations and monitor delinquencies.

Response – The Association will reconcile the billings, collections and accounts receivable on the customer accounts each month and have the reconciliation available to the Board at monthly meetings.

Conclusion – Response accepted.

- (C) Disbursements – Checks were sometimes countersigned in advance.

Recommendation – Checks should only be signed and countersigned when the completed check and appropriate supporting documentation is available for review. Prior to signing, the checks and supporting documentation should be reviewed for propriety.

Response – Checks will be signed after the completed check and appropriate supporting evidence is received.

Conclusion – Response accepted.

Page County Landfill Association

Schedule of Findings

Year ended June 30, 2008

- (D) Financial Reporting – During the audit, we identified material amounts of payables not reported in the Association’s financial statements. Adjustments were subsequently made by the Association to properly include these amounts in the financial statements.

Recommendation – The Association should implement procedures to ensure all payables are identified and included in the Association’s financial statements.

Response – The Association will improve procedures to ensure all payables are identified and included in the Association’s financial statements.

Conclusion – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Page County Landfill Association

Schedule of Findings

Year ended June 30, 2008

Other Findings Related to Required Statutory Reporting:

- (1) Questionable Expenses – No expenses we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- (2) Travel Expenses – No expenditures of Association money for travel expenses of spouses of Association officials or employees were noted.
- (3) Association Minutes – No transactions were found that we believe should have been approved in the Association minutes but were not.
- (4) Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the Association's investment policy were noted.
- (5) Solid Waste Tonnage Fees Retained – During the year ended June 30, 2008, the Association used or retained the solid waste fees in accordance with Chapter 455B.310 of the Code of Iowa.
- (6) Financial Assurance – The Association has demonstrated financial assurance for closure and postclosure care by establishing a local government dedicated fund as provided in Chapter 567-113.14(6) of the Iowa Administrative Code. The calculation is made as follows:

	A Old Cell	B New Cell	Total
Total estimated costs for closure and postclosure care	\$ 1,720,318	41,075	1,761,393
Less: Balance of funds held in the local dedicated fund at June 30, 2007	(1,652,278)	(12,323)	(1,664,601)
	68,040	28,752	96,792
Divided by the number of years remaining in the pay-in period	÷ 1	7	
Required payment into the local dedicated fund for the year ended June 30, 2008	68,040	4,107	72,147
Balance of funds held in the local dedicated fund at June 30, 2007	1,652,278	12,323	1,664,601
Required balance of funds to be held in the local dedicated fund at June 30, 2008	<u>\$ 1,720,318</u>	<u>16,430</u>	<u>1,736,748</u>
Amount Association has restricted for closure and postclosure care at June 30, 2008	<u>\$ 1,732,266</u>	<u>16,430</u>	<u>1,748,696</u>
