

# Introduction to Workforce Training

Iowa's workforce training programs have evolved from a business expansion incentive tool into a comprehensive, targeted human resource tool available to all Iowa businesses. The mission of IDED's Workforce Development initiative is:

**to work in partnership with public/private service providers and other state agencies to actively promote Iowa's preeminence in new employee training, incumbent worker preparation, lifelong learning, and development and expansion of the state's labor pool to enhance the state's businesses' competitiveness, thus keeping companies located in Iowa and raising the wages of Iowa workers.**

Iowa's industry-driven workforce development programs and services enhance Iowa's economic well being by increasing the skills of an already productive Iowa workforce. Iowans, with their unmatched work ethic, are acquiring skills that will increase their earning and improve the competitiveness of Iowa businesses.

By leveraging training resources, filling funding gaps in human resource development initiatives, and sponsoring business consortia that address common employment training needs, the skills of Iowa's workers are enhanced, allowing its industries to grow.

Iowa training dollars can be used to provide the following services:

- Basic Adult Education
- Skill Assessment
- Job related counseling
- Training services of a community college or another educational institution
- Training related materials, equipment, software and supplies
- Testing and evaluation of employees
- Cost of training services for company, college or contracted trainer
- Reimbursement of training travel costs for employees
- Contracted or professional services

Eligible applicants include Iowa businesses engaged in manufacturing, processing, assembling products, warehousing, wholesaling, or conducting research and development. Businesses engaged in the provision of services that have customers outside of Iowa are also eligible.

# Iowa New Jobs Training Program 260E

The Iowa New Jobs Training Program assists businesses which are creating new positions or new jobs. If a company is expanding its operations or locating a new facility in the state of Iowa, the New Jobs Training Program can provide flexible funding to meet a variety of training and employee development needs. The assistance available ranges from highly specialized educational programs to basic skill training for new positions.

The community college district in which the new or expanding business is located issues training certificates (bonds) to pay for the training costs. These certificates are repaid by diverting 1.5 percent of the increased payroll withholding tax revenues resulting for the creation of the new jobs. Property tax revenues, resulting from capital improvements, may also be used for repayment.

An additional 1.5 percent supplemental withholding credit, designed to promote the creation of high quality jobs within Iowa, provides additional funding for companies participating in the Iowa New Jobs Training Program. The amount of supplemental withholding credit is dependent upon the individual jobs that meet the current wage requirements and upon the wages paid to the individuals in these jobs. Eligibility for the supplemental credit is based on a one-time determination of the starting wage.

The dollar amount available for training through the program is dependent upon the training and development needs and projected tax revenue available to repay the certificates. Applications for this program must be made through the local community college.

A detailed listing of the Iowa New Jobs Training Program projects that have been funded since FY 02 are listed in each community college section.

**Note: No number listed in the Highest Number of New Jobs column does not necessarily mean no jobs have been created, for new projects, it means the college is not yet required to report the progress of the project.**

# **Iowa New Jobs Training Program 260E (continued)**

**Iowa New Jobs Training Program (260E)** is designed to assist businesses which are beginning operations, as well as businesses which are expanding. The following chart compares the number of new and expanding businesses which have been assisted in the last five years.

## **New vs. Expanding Businesses**

# The Iowa Jobs Training Program (260F)

The Iowa Jobs Training Program (260F) provides job training services to current employees of eligible businesses which are located in Iowa. Job training services are defined as any training needed to enhance the performance of a business' employees.

A business must be engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, assembling products, warehousing, wholesaling, or conducting research and development. A business which provides services must have customers outside of Iowa. Within the 36 month period prior to the date of applying for program services, a business cannot have closed or reduced its employment base by more than 20 percent at any of its other business sites in Iowa in order to relocate substantially the same operation to another area of the state. Employees who will receive training must be currently employed by the business and the business must pay Iowa withholding tax for them.

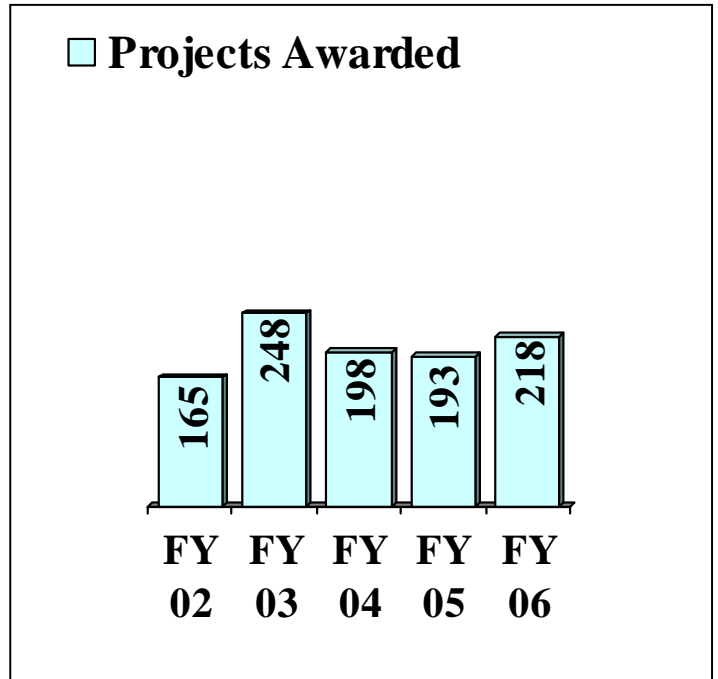

Individual business sites are eligible for maximum awards of \$25,000 per training project. A business site is eligible for a maximum of \$50,000 in program assistance during a three-year period. Training projects costing \$5,000 or more require a 25 percent cash match for the business. Training projects costing less than \$5,000 do not require a business cash match.

The 260F Program is administered by the Iowa Department of Economic Development and services are provided by Iowa's 15 Community Colleges. Each community college works with eligible businesses to assess training needs, determine funds availability and provide training. Contact your local Community College if you would like more information regarding the Iowa Jobs Training Program (260F).

The funded businesses will be listed in each community college's section. A description of the "coding status" column is as follows:

- 1 - Active projects
  - a - Completed awaiting final reports
  - b - Ongoing training
- 2- Completed projects
  - a - Obligated number trained
  - b - Additional numbers trained
  - c - Completed unutilized funds
    - # - unutilized funds to be returned
    - \* - monies have been returned
- 3 - Withdrawn/Cancelled projects
  - a - Monies not drawn
  - b - Monies drawn that have been returned
  - c - Monies drawn to be returned
- 4 - Default training completed
  - Not enough students trained; funds yet to be returned

# Iowa Jobs Training Program 260F (continued)

Iowa Jobs Training Program is designed to provide employee training services to all economic sectors with the exception of retail and professional services. The following chart demonstrates how program funds during the past five years have been utilized and the number of employees who have benefited from training within those sectors.

<b>Sectors</b>	<b>Number of Projects</b>	<b>To Be Trained</b>	<b>Completed Training</b>	<b>Dollars Awarded</b>
Manufacturing	1138	28,197	21,501	\$9,701,222
Services	123	2,684	1,118	\$1,362,466

Transportation	55	1,086	1,077	\$550,564
Wholesale	94	2,609	1,887	\$1,068,574
Agriculture	16	535	370	\$159,128
Construction	40	1,346	514	\$416,902

## Iowa Jobs Training Program 260F Community College Consortium

A business consortium consists of two or more businesses located in the same community college district which participate in the same training project. A consortium project is eligible for up to \$50,000 in program assistance with the same cash match as 260F. Participation in a consortium project does not count against a business' eligibility for individual training project assistance. Application for this program must be made through a local community college.

## Iowa Jobs Training Program 260F Community College Business Network

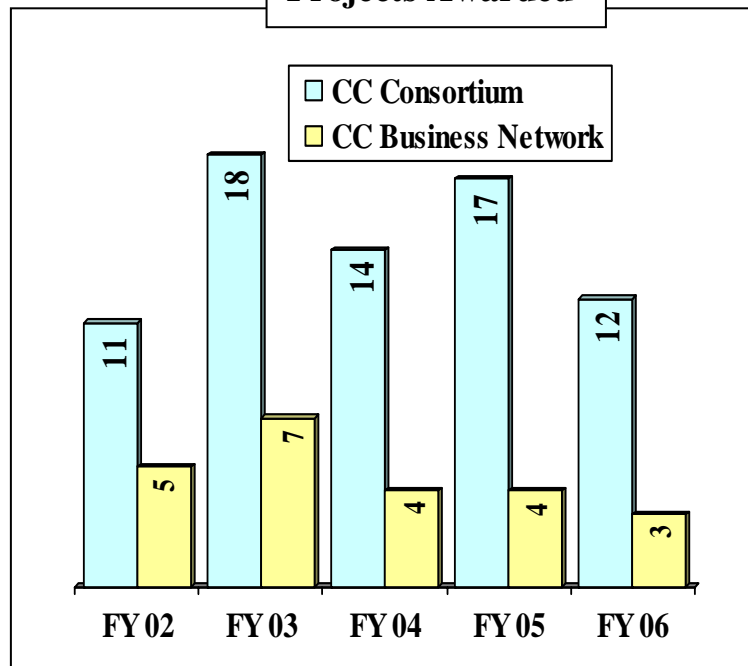

A community college business network training project consists of five or more businesses located in two or more community college districts with at least two community colleges sponsoring the training project. A community college business network training project is eligible for up to \$50,000 in program assistance per participating community college with the same cash match as 260F. Participation in a consortium project does not count against a business' eligibility for individual training project assistance. Application for this program must be made through a local community college.

# Iowa Jobs Training Program 260F Apprenticeship Program

The Apprenticeship Program funds projects that increase the skills of workers through a combination of classroom and on-the-job training. This program has been established to fund high-technology apprenticeship programs, or those programs that are utilizing the most up-to-date technologies that are available in the workplace. Apprenticeship programs positively impact workers' skills and thus enhance participants' earning capacity. Businesses also benefit by having well trained employees, resulting in more efficient productions and greater profitability. All apprenticeship projects funded through IDED must be approved by the Bureau of Apprenticeship and Training. Application for this program must be made through a local community college.

# Accelerated Career Education Program (ACE) 260G

The purpose of the Accelerated Career Education Program (ACE) is to assist Iowa's Community Colleges to either establish or expand programs that train individuals in the occupations most needed by Iowa businesses. The goal of the program is to provide an enhanced skilled workforce in Iowa.

The program consists of two different parts:

- ACE/PIAP dollars to fund the necessary infrastructure construction/rehabilitation needed to increase student capacity in the new or expanded classes.
- Program job credits to help fund the additional program costs associated with establishing a new program or expanding a current program.

Eligible business: A business engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, or assembling products; construction; conducting research and development; or providing services in interstate or intrastate commerce.

The business' requirements:

Enter into an agreement with a Community College to sponsor all or a portion of the seats created by the establishment or expansion of a current program. Provide a 20 percent match of the program costs pro-rated by the percentage of seats sponsored. Assist with program design. Divert the awarded program job credits to the respective community college.

Program job credits:

- Are awarded to a business based upon the number of seats they sponsor in a program.
- Can be up to 10 percent of the hiring wage that a sponsoring business would pay to an individual that completes the programs' requirements (minimum wage being 200 percent of the federal poverty guideline for a family of two).
- Are a diversion of a company's current State of Iowa personal income tax withholding.
- Are paid to the community college over this life of the agreement (usually five years).

In FY 06 all 15 Community Colleges are participating in the Accelerated Career Education Program with 84 programs, ranging from Industrial Maintenance Tech to Nursing. Three Hundred Eleven businesses have signed agreements to sponsor 2,582 positions. Of the 1,096 students that have completed their education, 306 have been offered jobs within the businesses that sponsored positions. A total of 435 graduates have accepted employment either with a participating business or with another business with their trained occupations at a starting average wage of \$14.41. A total of \$5.9 million worth of job credits were awarded.

For more information concerning the 260G Accelerated Career Education Program (ACE), please contact the local community college in your region.

The funded businesses will be listed in each community college's section. A description of the "coding status" column is as follows:

- 1 - Active projects
  - a - Completed awaiting final reports
  - b - Ongoing training
- 2- Completed projects
  - a - Obligated number trained
  - b - Additional numbers trained
  - c - Completed unutilized funds
    - # - unutilized funds to be returned
    - \* - monies have been returned
- 3 - Withdrawn/Cancelled projects
  - a - Monies not drawn
  - b - Monies drawn have been returned
  - c - Monies drawn to be returned
- 4 - Default training completed
  - Not enough students trained funds yet to be returned
