## Bottle Deposit

Due to recent advances in technology and the impending implementation of a new warehouse management system, the ABD has reexamined Iowa's bottle deposit law in order to ensure full compliance. ABD determined that the deposit and surcharge are improperly assessed on two product container types and will implement corrective measures beginning August 1, 2011.

**50 ml Mini-bottle Product Containers:** The deposit and surcharge has been incorrectly assessed on mini-bottle product container sleeves, rather than on an individual bottle basis. The new warehouse management system will correct this practice by charging the bottle deposit for each individual bottle.

**Pouch-type Product Containers:** Products in pouches, such as the Malibu Cocktail in a Bag line, do not meet the statutory definition of a beverage container and will no longer be assessed the bottle deposit and surcharge fee.

If you have any questions concerning this matter, please contact Doug Webb at 515.281.7444 or Webb@IowaABD.com

## Online Ordering is Coming Soon!

The Division is in the process of implementing ROBOCOM, a new warehouse management system, which will give customers the opportunity to use a web-based store to place orders! ROBOCOM is expected to roll out this summer. During the testing period, the new and old order entry processes will be running parallel in order to ensure a smooth conversion to the new system. Therefore, customers are encouraged to get orders in earlier to ensure completion in a timely manner. Check this newsletter and IowaABD.com in the coming months for more exciting news about the ROBOCOM roll out. As always, please feel free to call or email the Division's order entry staff with any questions or concerns.
