Policy

From the WIC Program Goals Manual — 110.10 Needs Assessment

During the 2008 legislative session a new grant requirement was enacted into Iowa Code. Iowa Code 8.11 states that each application for a grant from a state agency must include a minority impact statement. This statement must include the following information:

- Any disproportionate or unique impact of proposed policies or program on minority persons in Iowa,
- A rationale for the existence of program or policies having an impact on minority persons in Iowa, and
- Evidence of consultation of representatives of minority persons in cases where a policy or program has an identifiable impact on minority persons in Iowa.

The minority impact statements submitted will then be used by the state for informational purposes.
