INTRODUCTION

The members of the Iowa Board of Nursing conduct their business in accordance with 2011 Iowa Code chapters 17A, 21, 22, 147, 147A, 152, 152E and 272C, and the Iowa Administrative Code, Nursing Board [655]. Functions of the Board as provided by regulations include:

Promulgation of rules and regulations to carry out the mandate of the laws.

Approval of nursing education programs preparing registered nurse and licensed practical nurse candidates and approval of all advanced formal academic nursing education programs. Elevation of the standards of the schools of nursing. Promotion of educational and professional standards of nurses in the state.

Definition of nursing practice including minimum standards of practice for the registered nurse and licensed practical nurse. In addition, the Board approves additional acts or nursing specialties including the advanced registered nurse practitioner, in cooperation with the medical and nursing professions.

Oversight of continuing education for nurses for license renewal and re-entry from inactive status.

Oversight of licensure examination administration. Licensure of registered nurses, licensed practical nurses, and registration of advanced registered nurse practitioners. Renewal, reactivation, and reinstatement of licenses. Verification of licensure to and from other jurisdictions.

Enforcement of the laws and rules applicable to the practice of nursing including the use of disciplinary proceedings and disciplinary action.

Maintenance of a record system which allows for the retrieval of data regarding licensees as individuals and as a composite. Maintenance of records of all Board proceedings.

Establishment of fees based on the cost of sustaining the Board and the actual costs of licensing. Collection of fees with remittance to the Treasurer of the State of Iowa. Operation within sound fiscal management principles.

ADMINISTRATIVE RULES

- Chapter 1: The amendment updates the organization of the Board by changing “secretary” to “vice chairperson” as a result of changes to Iowa Code chapter 147. In addition, the amendment changes “elect” to “select” in reference to the method of designating a committee chairperson.
- Chapter 4: The amendment updates and clarifies the reporting of deferred judgments by licensees when reporting criminal convictions. In addition, the amendment defines certified copy.

LEGISLATION

No specific Board of Nursing legislation during Fiscal Year 2012.

NURSING EDUCATION

Section 1--Nursing Education Programs

The Iowa Code provides that the Iowa Board of Nursing approve nursing education programs preparing registered nurse and practical nurse candidates and all advanced formal academic nursing education programs.

Between July 1, 2011 and June 30, 2012, site visits were made to 10 programs in 7 institutions.

For the purposes of this report, nursing programs are listed separately by site and type. In some instances, more than one site may share administration by a single program, a common philosophy, curriculum and faculty.

Section 2—Education Standards of Practice Committee

In February 2012, the Iowa Board of Nursing voted to establish a committee to explore options to meet the Institute of Medicine (IOM) Future of Nursing recommended goal that 80% of registered nurses be BSN prepared by 2020. The committee will also address the IONL recommendation to establish a plan to require baccalaureate preparation of nurses within ten years of initial licensure while maintaining multiple entry points into the profession

The committee membership was not established in FY '12.

NURSING PRACTICE

Section 1--Facility Surveys

The Iowa Board of Nursing is required to enforce Iowa Code §147.2 (2011), which requires a nurse be licensed to practice nursing.

A total of 220 facilities were surveyed in FY '12. The facilities complete a spreadsheet requesting the licensee's name, license number and license expiration date. The date the licensee completed the mandatory child and/or dependent adult abuse course is also requested. Long-term care facilities specify the date the LPN, who works in a supervisory capacity, has completed the board approved "Supervising in Health Care Facilities" course. This course is required for LPN's who work in the supervisory capacity, within six months of employment, at the Long Term Care Facility.

Of the 220 facilities surveyed 186 responses have been received; 125 approved and 61 were rejected or are pending.

In FY '12 there were seven (7) nurses found to be working without an active license and three (3) facilities closed.

CONTINUING EDUCATION

Section 1--Approved Providers

Eight (8) provider applications were received during FY '12 and one (1) applicant was awarded Iowa Board of Nursing provider approval. Approval was denied to seven (7) applicants who did not meet provider criteria within three (3) committee reviews or within the 12-month deadline of filing the initial application. The number of providers approved since continuing education became mandatory for nurses is 364. The total number of approved providers as of June 30, 2012, was 145 (119 in state and 26 out of state).

Four (4) providers voluntarily relinquished provider approval during FY '12. The total number of approved providers who have voluntarily relinquished or withdrawn their approved provider status since continuing education became mandatory is 217.

During the year, 24 providers were reevaluated and all were reapproved for five years. No re-evaluations remain pending.

The Board of Nursing did not review any complaints specific to an approved provider in this fiscal year.

Section 2--Audits

Routine random audits were performed for this fiscal year. There were 1200 licensees randomly selected by the license tracking computer program during FY '12. Of the 1200 random audits selected, 1,186 have been received and approved. There were 19 random audits that were directed to the Enforcement Division for noncompliance.

Late renewals are automatically audited. The total number of late renewal audits for FY '12 was 569. Of the 569 late audits, 514 have been received and approved. There were 41 late renewal audits that were directed to the Enforcement Division for noncompliance.

During FY '12 there were 322 audits scheduled to be re-audited. Of the 322 re-audits, 233 have been received and approved, 68 did not renew the license and automatically were placed on inactive status. There were 12 re-audits that were directed to the Enforcement Division for noncompliance.

A total of 72 audits were directed to the Enforcement Division for noncompliance with continuing education requirements during FY '12.

Section 3--Rulings

1. Approved four (4) requests to recognize the clock hours for programs attended outside of Iowa for nursing continuing education credit.
2. Approved seven (7) requests to accept make-up credit for self-reported errors of the continuing education credit required for license renewal.

Section 4--Newsletter

The Nursing Newsletter is the official publication of the Iowa Board of Nursing for the dissemination of all information, including board action, rule revision, procedural requirements and disciplinary action.

Four issues of the newsletter were published in FY '12, with a total distribution of 233,942.

Section 5--Revision of the board-approved course "Supervising in Health Care Facilities for Licensed Practical Nurses" Committee

In September 2007, the Iowa Board of Nursing made appointments to a committee for revision of the course "Supervising in Health Care Facilities for Licensed Practical Nurses." The committee charge was to review and revise the current board-approved curriculum. Also, the revision was to include a combination of face-to-face components and e-learning, where applicable, in order to ensure the appropriate technology will be used to meet student learning outcomes.

On June 8, 2010, the curriculum revision for "Supervising in Health Care Facilities for Licensed Practical Nurses" was accepted by the board. The revised course will be sent to the community colleges for implementation in the fall of FY '12. The community colleges will develop the components of the curriculum that were designated for online content using their individual e-learning platforms.

The committee held two (2) conference call meetings during FY '11.

The "Supervising in Health Care Facilities for Licensed Practical Nurses" Course was implemented and distributed to Nursing Education Programs in July 2011.

LICENSURE

Section 1--Examinations

The Iowa Board of Nursing, in cooperation with other state boards of nursing, contracts to use national examinations (NCLEX[®]) for registered nurse licensure and practical nurse licensure. The licensing examinations are owned by the National Council of State Boards of Nursing and are prepared by item writers and content experts recommended by boards of nursing and the National Council.

The single purpose of the licensure examination is to determine minimal competence to practice nursing as defined by legally constituted authorities. The most recent passing standard was adopted for the licensure examination for registered nurses in April 2010, and for licensed practical nurses in April 2011. Results of the NCLEX[®] examination are reported to candidates as pass-fail.

There are three types of nursing programs leading to licensure as a registered nurse in the State of Iowa. Graduates of associate degree, baccalaureate and prelicensure master's degree programs are eligible to take the national examination for registered nurse licensure. In Iowa, all nursing programs that prepare registered nurse candidates maintain current approval by the Iowa Board of Nursing.

Graduates of a licensed practical nurse program are eligible to take the national examination for practical nurse licensure. In Iowa, all nursing programs that prepare practical nurse candidates maintain current approval by the Iowa Board of Nursing.

The rules and regulations of the Iowa Board of Nursing require nurses educated and licensed in a foreign country to take the NCLEX[®] for registered nurse licensure or practical nurse licensure. A prerequisite for taking the registered nurse or practical nurse licensing examination is completion of the Professional Report application of the Commission on Graduates of Foreign Nursing Schools Credentials Evaluation Service (CES). The countries and non-member board territories that currently administer the NCLEX Examinations are Australia, Canada, England, Germany (temporarily not testing at this location), Hong Kong, India, Japan, Mexico, Philippines, Puerto Rico and Taiwan.

The NCLEX[®] examinations are provided using computerized adaptive testing. NCS Pearson VUE serves as the vendor to provide testing and administration services for NCLEX[®]. Computerized adaptive testing is conducted at four (4) sites in Iowa: Coralville, Davenport, Des Moines and Sioux City on a year-round basis. Candidates may self-schedule the time and site of choice for the examination when qualifications for licensure and test registration are complete.

There is no provision for temporary licensure of candidates for licensure by examination in Iowa.

License status information may be accessed through the Iowa Board of Nursing automated telephone or online license verification systems.

Table III-- NCLEX® Results and Program Institutional Plans

Pursuant to 655 IAC 2.10(152), Nursing Programs shall notify the board when the program's NCLEX passing percent, for all first-time applicants within six months of graduation, is lower than 95 percent of the national percentage for two consecutive calendar years. Those programs shall submit to the board an institutional plan for assessment and improvement of NCLEX results.

The following data gives the number of programs which have submitted institutional plans by fiscal year.

A license is automatically placed on inactive status 30 days after expiration. Requests for inactive status are only accepted when the licensee has changed primary state of residence to another compact state.

The number of renewals that were processed online for FY '12 was 15,445.
The number of renewals that were processed manually for FY '12 was 457.
The average monthly percent of online renewals for FY '12 was 97%.
The percentage of online renewals remained the same as FY '11.

Section 5--Verifications

The 2011 Iowa Code provides that the Iowa Board of Nursing may verify licensure of registered nurses or licensed practical nurses in this state to another state, territory, or foreign country. The Iowa Board of Nursing verified 162 licenses for other states, employers, territories or foreign countries during FY '12.

The Iowa Board of Nursing implemented participation in the National Council of State Boards of Nursing NURSYS verification of licensure system in January 2001. NURSYS processes license verification requests sent to the National Council of State Boards of Nursing by nurses. The implementation of the NURSYS verification system has affected the Iowa Board of Nursing as follows:

*These totals may include deceased licensees, for whom the board has received no notification.

**The National Council of State Boards of Nursing (NCSBN) provided a Social Security Death Index Audit Report in FY '10. The report matched Iowa licensees with Social Security numbers who are deceased. By placing a licensee in deceased status the number of inactive nurses decreased and the number of deceased nurses increased this fiscal year.

Adjustments to the database based on the information provided by NCSBN continued in FY '11.

Section 11--Nurse Licensure Compact

Legislation enacting the Nurse Licensure Compact became effective on July 1, 2000. The compact provides for a state-based nursing license that is mutually recognized among all party states. This facilitates the ability to protect the public health, safety, and welfare of Iowa citizens. The following states have implemented the compact: Arizona, Arkansas, Colorado, Delaware, Idaho, Iowa, Kentucky, Maine, Maryland, Mississippi, Missouri, Nebraska, New Hampshire, New Mexico, North Carolina, North Dakota, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia and Wisconsin.

Section 13—Criminal History Background Checks

Administrative rules implementing a national criminal history background check be conducted for all new graduates, endorsements, reactivations and reinstatements became effective on October 1, 2005.

A total of 4,931 inquires were submitted from July 1, 2011, through June 30, 2012. Criminal activity was reported in 325 of those inquires, which resulted in 94 enforcement cases being opened.

ENFORCEMENT

The investigators logged 17,393 miles on the agency-owned vehicles while traveling the state in the course of conducting investigations.

At the end of FY '12 there were a total of 107 licensees who are being actively monitored.

Sanctions and other discipline related board actions are reported to the National Council of State Boards of Nursing (NCSBN). Acting as the board's agent, the NCSBN then disseminates the information to the National Practitioner Data Bank and Healthcare Integrity and Protection Data Bank as required by law.

Quarterly reports were prepared after each board meeting that outline disciplinary actions taken by the Board. These statistics are published in the Board's newsletter and were submitted to the licensing authorities of the other states through the Disciplinary Report of the National Council of State Boards of Nursing.

Number of Enforcement Cases Opened by Fiscal Year

There has been an increase in the number of Enforcement cases being open since 2006. The largest increase of 21% occurred during FY '11. A slight decrease occurred in FY '12.

FY '12 Number of Cases Opened by Type of Complainant

*The Iowa Board of Nursing opens cases regarding audit failures, returned checks, working without proper license status, reinstatement of license and anonymous complaints.

FY '12 Enforcement Cases by Type

ADMINISTRATION

Section 1—Staffing

Kris Watson, Health Professions Investigator was hired. Dana Peterson, Associate Director, Enforcement retired, Sandi Colin, Health Professions Investigator retired. M. Christine Newell was promoted to Associate Director, Enforcement. Kathy Cornwell upgraded to a Secretary 3. Mary Parks, Nursing Standards Representative was hired. David Cruse remained on active military duty.

Section 2--Presentations

The professional staff continued its efforts to acquaint nurses with the laws affecting nursing practice, education, and licensee/licensure regulations. During FY '12 staff made presentations to a variety of nursing education programs, continuing education programs, facilities, and professional groups regarding legal rights and responsibilities, impaired practice of chemically dependent nurses, workforce and licensing issues.

Section 3--Committee Representation

A former board member served on the Direct Care Worker Taskforce committee. Professional staff also represented the board with the Iowa Association of Colleges of Nursing, Iowa Community College Nurse Educator Directors' Association, Iowa Association of Nursing Continuing Education, Iowa Organization of Nurse Leaders, Iowa Nurses' Association, Iowa Council of Nurses and Iowa Action Coalition, RN to BSN Task Force.

Board members and staff participated in National Council of State Boards of Nursing, Inc. activities. Participation included attendance at the Annual Delegate Assembly, Mid-Year Meeting and the APRN Summit for Consensus. Board staff served as members of the NCLEX Examination Committee, Leadership Succession Committee, Model Acts and Rules Committee, Nurse Licensure Compact Administrators, Nurse Licensure Compact Administrators Executive Committee, and the APRN Compact Committee.

Section 4--Website

Staff continues updating the board website, which provides current information to licensees and the public. The home page also serves as the primary access site for online licensing and verification.

Section 5--Audit

In accordance with generally accepted accounting principles and Chapter 11 of the Iowa Code, the accounting records of the Iowa Board of Nursing were audited for FY '12, in conjunction with the Department of Public Health and were in order.

Section 6--Fees

Fees are collected based upon the cost of sustaining the board's mission to protect the public health, safety and welfare. The renewal fee covers a three-year period.

Following are the licensing fees that have been approved to support regulatory activities of the Iowa Board of Nursing for the previous eight fiscal years.

*On October 1, 2005, rule amendments were approved to implement a national criminal history background check for new licensees, endorsements, reactivations and disciplined licensees. An additional fee of \$50.00 was added to the application fee for evaluation of the fingerprint packet and the criminal history background check by the DCI and the FBI. No additional licensing fee was assessed at this time.

Beginning FY '04, the Iowa Board of Nursing received approval from the Legislature to retain 90% of any fee increase. On August 1, 2003 a fee increase was implemented in the amount of \$6.00 per year for renewal, endorsement and exam applicants.

On July 1, 2007 Iowa Code—Chapter 147 allowed board retention of fees.

The Iowa Board of Nursing has not increased licensing fees in the past nine (9) years.

705 Refunds	1,460	1,269.48
Total	\$2,114,638	\$2,145,271

Negative numbers in the above table indicate that the fees collected and deposited to reimburse expenditures for services such as felony background checks and on-line renewals, were in excess of the expenditures.

*Changes made by the State Accounting Enterprise necessitated restructuring the budget. Thus the Attorney General, State Auditor, Department of Inspections and Appeals, and DCI are now paid out of different object classes or budget lines.

Appropriation

The Board's expense budget for FY '12 was based on its revenue, that is, no funds were appropriated to the Board by the Legislature. The Board of Nursing's FY '12 budget, both on the revenue and expenditure side, was \$3,180,000. On the revenue side, the Board exceeded its anticipated revenue by \$244,289. On the expenditure side, the Board spent \$2,145,271, which was \$1,034,729 less than budgeted. Both of these amounts carried forward to FY13, for a total rollover of \$1,279,018.
