RE: April 2012 General Fund Receipts

Gross General Fund receipts for April 2012 totaled \$637.1 million, an increase of 19.5 percent over the same period last year. April 30 is the due date for individual and calendar-year corporate and franchise tax final returns and estimate payments, along with quarterly payments for the first quarter 2012 sales tax. In 2011, April 30 fell on a Saturday pushing the due date for these payments to May 2. This weekend shifted an estimated \$55.2 million into May from April 2011. Also, an estimated \$26.0 million in individual return payments deposited in April 2012 can be attributed to faster processing of tax returns and enhanced payment options for electronically filed returns. Incorporating these two adjustments lowers April 2012 growth 3.8 percent. Fiscal year-to-date, gross General Fund receipts totaled \$5,846.1 million, an increase of 5.0 percent over the same period last year and compares to the estimate of 3.2% for the fiscal year. Current revenues are influenced by the accounting change which requires the first \$106 million of cigarette and tobacco tax each fiscal year to be deposited into the Health Care Trust Fund instead of the General Fund starting on July 1, 2011. The current annual estimate takes this change into account.

### Summary

Fiscal year-to-date gross receipts are 5.0 percent higher through April 2012 compared to April 2011. Gross receipts are running slightly ahead of the Revenue Estimating Conference estimate of 3.2 percent for the fiscal year. However some of this growth can be attributed to the due date of April 30 for final tax returns, estimate payments, and quarterly sales tax payments. Last year April 30 fell on a weekend pushing an estimated \$55.2 million of these payments to May, whereas this year April 30 fell on a Monday, and these payments were collected in April.

### Personal Income Tax

Personal income tax receipts totaled \$381.5 million during April 2012. This is \$57.3 million or 17.7 percent more than the receipts of April 2011. Final return payments increased \$44.7 million compared to April 2011. Fiscal year-to-date, personal income tax receipts totaled \$2,925.0 million, an increase of 5.8 percent. The current estimate for personal income tax for Fiscal Year 2012 is for an increase of 4.5 percent.
