RE: September 2011 General Fund Receipts

Gross General Fund receipts for September 2011 totaled \$534.2 million, an increase of 1.8 percent over the same period last year. Fiscal year-to-date gross General Fund receipts totaled \$1,622.7 million, a decrease of 0.3 percent over the same period last year. The current estimate for FY2012 is 4.7 percent; however, the estimate does not take into account revenue changes due to legislation passed and signed into law from this past session. One of the changes having the biggest impact on fiscal year-to-date revenues was the law change starting July 1, 2011, which requires the first \$106 million of the cigarette and tobacco tax for each fiscal year to be deposited into the Health Care Trust Fund instead of the General Fund. If this change had not occurred, fiscal year-to-date revenues would have been \$57.8 million higher or a total increase of 3.2 percent compared to last year.

Summary

Fiscal year-to-date gross receipts are 0.3 percent lower through September 2011 and compared to the current estimate for FY2012 of 4.7 percent. However, the current estimate does not take into account revenue changes due to legislation passed and signed into law from this past session. When adjusted for law changes as explained above, fiscal year-to-date revenues would have shown an increase of 3.2 percent compared to September 2010. The fiscal year estimates will be reviewed when the Revenue Estimating Conference meets October 14, 2011.

Personal Income Tax

Personal income tax receipts totaled \$267.8 million during September 2011. This is \$16.2 million or 6.4 percent more than the receipts of September 2010. Withholding tax receipts increased \$10.1 million or 5.3 percent compared to last year. Estimated payments increased \$6.2 million compared to last year. Final return payments decreased \$0.1 million compared to September 2010. Fiscal year-to-date, personal income tax receipts totaled \$774.9 million, an increase of 4.4 percent. The current estimate for personal income tax for Fiscal Year 2012 is 4.4 percent.

Sales/Use Tax

September sales/use tax receipts totaled \$185.1 million, which represents an increase of \$6.3 million or 3.5 percent over September 2010. Fiscal year-to-date, sales/use tax receipts totaled \$620.9 million, an increase of 2.2 percent. The current estimate for sales/use tax for Fiscal Year 2012 is 3.7 percent.

Corporate Income Tax

Corporate income tax receipts during September totaled \$49.4 million, which is \$3.5 million or 7.6 percent more than in September 2010. Fiscal year-to-date, corporate income tax receipts totaled \$86.2 million, an increase of 6.8 percent. The REC's estimate for corporate income tax for Fiscal Year 2012 is 9.5 percent.

Refunds

For the month of September, the Department of Revenue issued \$32.8 million in refunds on a cash basis. This compares to \$33.7 million issued September 2010. For the fiscal year-to-date, total refunds issued on a cash basis were \$105.0 million. This compares to \$90.5 million issued at this time last year.
