Fax: (515) 242-6497
E-mail: chuck.eckermann@idals.state.ia.us

Legal Authority Code of Iowa, Chapter 206

Job Description Pesticide applicators evaluate pest problems, real or potential, and select the most appropriate control measures, including integrated pest management and pesticides for the safe and effective control of pests. They ensure that the necessary pesticides, application equipment and other supplies are available for proper application of pesticides. They must understand the crops and/or sites treated with pesticides, as well as know the types of pests encountered and their effect on the crop or site in order to determine the severity of the problem and how to treat it.

Education & Experience Required No formal education, training or supervised practice is required to become a pesticide applicator. However, an applicant must study the "Iowa Core Manual" and one, or all, of the 18 other manuals, and pass exams administered by the Department of Agriculture. The manuals are:

Iowa Core Manuals		1C-445
1A	Agricultural Weed Control	CS-9
1B	Agricultural Insect Control	CS-10
1C	Agricultural Crop Disease Control	CS-11
1D	Fruit and Vegetable Pest Control	CS-12
1E	Animal Pest Control	CS-13
2	Forest Pest Control	CS-14
3	Ornamental, Turf and Greenhouse Pest Control	CS-15
4	Seed Treatment	CS-16
5	Aquatic Pest Control	CS-17
6	Right of Way Pest Control	CS-18
7A	General and Household Pest Control	CS-19
7B	Termite Pest Control	CS-20
7C	Fumigation	CS-27
7D	Community Insect Control	CS-22
7E	Wood Preservatives	CS-28
7F	Antifouling Paints	CS-29
8	Public Health Pest Control	CS-23

9	Regulatory Pest Control	CS-24
10	Demonstration and Research Pest Control	CS-25
11	Aerial Application	CS-26

All of the manuals may be obtained from:

Publications Distribution
 112 Printing and Publications Bldg
 Iowa State University
 Ames IA 50011

The cost of these manuals can be found below under "Fees."

An out-of-state pesticide applicator can get an Iowa license if there is a reciprocal agreement between Iowa and the other state.

Continuing Education An individual may choose to renew certification by re-testing every three years or by attending two hours of continuing instruction approved by the Department each calendar year. An individual certified in more than one category must obtain the required training for each category in lieu of re-testing each year.

Examination An applicant must pass the Iowa Core Manual Exam and category exams specific to the type of pests controlled. The exams are given each weekday at the Department of Agriculture from 9:00 a.m. to 3:00 p.m. No appointment is necessary.
