# Iowa Compliance Monitoring Report 2008 State Summary: DSO

**Section 223(a)(11): Removal of status offenders and non-offenders from secure detention and correctional facilities.**

**Rate of status offender and nonoffender detention and correctional institutionalization per 100,000 population under 18: 1.94**

The State is considered to be in full compliance with de minimis exceptions and is not required to address Criteria B and C on the next two pages.

**Criterion B: The extent to which the instances of non-compliance were in apparent violation of State law or established executive or judicial policy.**

**Criterion B:**

The following information must be provided in response to Criterion B and must be sufficient to make a determination as to whether the instances of non-compliance with DSO as reported in the State's monitoring report were in apparent violation of, or departures from, State law or established executive or judicial policy. OJJDP will consider this criterion to be satisfied by those States that demonstrate that all or substantially all of the instances of non-compliance were in apparent violation of, or departures from, State law or established executive or judicial policy. This is because such instances of noncompliance can more readily be eliminated by legal or other enforcement processes. The existence of such law or policy is also an indicator of the commitment of the State to the deinstitutionalization requirement and to achieving and maintaining future 100% compliance. Therefore, information should also be included on any newly established law or policy which can reasonably be expected to reduce the State's rate of institutionalization in the future.

1. A brief description of the non-compliant incidents must be provided which includes a statement of the circumstances surrounding the instances of noncompliance. (For example: Of 15 status offenders/nonoffenders held in juvenile detention or correctional facilities during the 12 month period for State X, 3 were accused status offenders held in jail in excess of 24 hours, 6 were accused status offenders held in detention facilities in excess of 24 hours, 2 were adjudicated status offenders held in a juvenile correctional facility, 3 were accused status offenders held in excess of 24 hours in a diagnostic evaluation facility, and 1 was an adjudicated status offender placed in a mental health facility pursuant to the court's status offenders jurisdiction.) Do not use actual names of juveniles.

2. Describe whether the instances of non-compliance were in apparent violation of State law or established executive or judicial policy. A statement should be made for each circumstance discussed in item 1 above. A copy of the pertinent/applicable law or established policy should be attached. (For example: The 3 accused status offenders were held in apparent violation of a State law which does not permit the placement of status offenders in jail under any circumstances. Attachment "X" is a copy of this law. The 6 status offenders held in juvenile detention were placed there pursuant to a disruptive behavior clause in our statute which allows status offenders to be placed in juvenile detention facilities for a period of up to 72 hours if their behavior in a shelter care facility warrants secure placement. Attachment "X" is a copy of this statute. A similar statement must be provided for each circumstance.)

**Criterion C: The extent to which an acceptable plan has been developed.**

**Criterion C:**

Criterion C is the extent to which an acceptable plan has been developed which is designed to eliminate the noncompliant incidents within a reasonable time, where the instances of noncompliance either (1) indicate a pattern or practice, or (2) appear to be consistent with State law or established executive or judicial policy, or both.

If the State determines that the instances of non-compliance (1) do not indicate a pattern or practice, and (2) are inconsistent with and in apparent violation of State law or established executive or judicial policy, then the State must explain the basis for this determination. In such case no plan would be required as part of the request for a finding of full compliance.

The following must be addressed as elements of an acceptable plan for the elimination of non-compliant incidents that will result in the modification or enforcement of state law or executive or judicial policy to ensure consistency between the State's practices and the JJDP Act deinstitutionalization requirements.

1. If the instances of non-compliance are sanctioned by or consistent with State law or executive or judicial policy, then the plan must detail a strategy to modify the law or policy to prohibit non-compliant placement so that it is consistent with the Federal deinstitutionalization requirement.
2. If the instances of non-compliance are in apparent violation of State law or established executive or judicial policy, but amount to or constitute a pattern or practice rather than isolated instances of noncompliance, the plan must detail a strategy which will be employed to rapidly identify violations and ensure the prompt enforcement of applicable State law or executive or judicial policy.
3. The plan must be targeted specifically to the agencies, courts, or facilities responsible for the placement of status offenders and nonoffenders in compliance with DSO. It must include a specific strategy to eliminate instances of non-compliance through statutory reform, changes in facility policy and procedure, modification of court policy and practice, or other appropriate means.

If OJJDP makes a finding that a State is in full compliance with de minimis exceptions based, in part, upon the submission of an acceptable plan under Criteria C above, the State will be required to include the plan as part of its current or next submitted formula grant plan as appropriate. OJJDP will measure the State's success in implementing the plan by comparison of the data in the next monitoring report indicating the extent to which non-compliant incidences have been eliminated.

Collocated Facilities in Iowa:

Dubuque County Jail – Dubuque County Juvenile Detention Center

The extent that noncompliance with Jail Removal is insignificant or of slight consequence:

The plans to reduce jail removal violations and maintain compliance with the jail removal mandate of the JJDP Act involve intensified monitoring and development of alternatives. The plan continues to be effective.

In December of 1992 CJJP staff began training presentations at Iowa's Law Enforcement Academy regarding the JJDP Act mandates, relevant state statutes and jail alternatives. These trainings have grown to include presentations at the Sheriff and Deputy's Association Training, the Jail Administrator's Training, specialized trainings at county jails and the Des Moines Regional Police Academy. During 2008 CJJP staff was also requested to develop and present training to the Iowa Law Enforcement Academy's Jail School recertification classes. The CJJP staff will continue to make such presentations as requested by these professional organizations or by facilities.

CJJP also continues to work with the State Jail Inspector to identify and reduce violations. Finally, CJJP continues to work with the state legislature and juvenile justice policy makers on any proposed changes in policies and procedures relating to Iowa's participation in the JJDP Act.

Four of the 17 violations that occurred in Iowa occurred in a single facility. This facility's non-compliance with the Jail Removal mandate was discovered during this year's on-site facility review. The non-compliance was addressed with the chief deputy and sheriff, and policies were implemented to stop the non-compliant holds. Five of the violations occurred in a second facility. These violations occurred in a police department's temporary holding cells. The administration of the facility was notified of the violations and they are in the process of addressing the use of the facility for juveniles to eliminate these non-compliant holds. The remaining seven violations occurred in six separate facilities. None of these facilities show a pattern of disregarding either state laws or federal mandates regarding jail removal requirements. Discussions were held with sheriffs and/or jail administrators to educate the facilities why these holds were non-compliant and how to correct the situation so that future violations are prevented.
