INTRODUCTION

An old adage suggests “Leaders are born, not created.” It is true that many individuals become leaders without formal “leadership” training. Most of today’s leaders, however, likely had numerous opportunities to develop their leadership skills and took advantage of experiences that provided them with the knowledge and confidence to assume leadership roles and responsibilities.

This *Guide* summarizes some of the many opportunities and experiences available to Iowa youth to enhance their leadership potential and to exercise their leadership abilities. This information was compiled at the request of the Youth Planning Committee for the Governor’s Youth Leadership and Mentoring Conference in 1999 and has continued through the Iowa Collaboration for Youth Development. Although not an exhaustive listing, the *Guide* provides information on many of the state and national leadership development opportunities for middle and high school youth throughout Iowa. Contact information for each program is provided for those wanting to learn more about the opportunities summarized in the *Guide*. Recommendations for program additions for future publication of this *Guide* are welcome.

The Iowa Collaboration for Youth Development is an interagency initiative designed to improve coordination among state and community agencies on youth-related issues and to encourage the use of effective, positive youth development principles and practices at the state level and in communities throughout Iowa. This Collaboration is working to shift the focus away from the failings of youth and concentrate instead on the strengths and abilities of young people. There are approximately 330,000 youth, ages 12 to 19, in Iowa. These young people are a resource today—not just a future asset.

Opportunities to develop and practice leadership skills—and opportunities to take on leadership roles—are important developmental experiences for all youth, not just those at the “top of the class.” Encouraging youth to serve in leadership roles and providing them with support and assistance as they take on these responsibilities is critical. Youth and adults working in partnership can have a tremendous impact on our schools, our communities, and our state. We will all benefit by recognizing, fostering and utilizing the skills and abilities, and the energy and enthusiasm, of all of Iowa’s youth.

knowledge, but action."

IOWA AMERICAN LEGION HAWKEYE BOYS STATE

A training program in citizenship and democracy

American Legion Boys State is a leadership action program where qualified male high school juniors take part in a practical government course. The course is designed to develop in the young citizens a working knowledge of the structure of government and to impress upon them that government is what they make it.

Iowa American Legion Hawkeye Boys State is a **six-day** “hands on” experience in the operation of the democratic form of government, the organization of political parties, and how relationships shape Iowa government. With over 700 delegates in attendance, Boys State offers an opportunity to meet people who represent Iowa’s diversity in heritage and culture. Through the Boys State objective of “learning by doing”, young men will learn more about city, county, and state government in one week than they would in an entire semester of high school.

GOALS

To develop civic leadership and pride in American citizenship.

To arouse a keen interest in the detailed study of our government.

To develop an understanding of American traditions and belief in the United States of America.

To arouse in the young citizens a determination to maintain our form of government.

Iowa Student Global Leadership Conference

The Iowa Student Global Leadership Conference was initiated in 1996 for the purpose of bringing Iowa students together with international students attending high schools in Iowa. The international exchange agencies that sponsor the students select the international exchange student to attend.

Students stay in the Hotel Fort Des Moines in Des Moines for two days in February. They work in small groups to develop action plans addressing global issues such as: environment, economic disparity, education, health, immigration, safety, human rights, and population growth. - Who?* ISPAC (pronounced ice-pack) is a program designed for students in grades 6-12.
- What?* ISPAC stands for the Iowa Student Political Awareness Club. Secretary of State Chet Culver created this free, non-partisan, statewide civic education program to increase political awareness and participation by young people. Secretary Culver is a former high school teacher and coach who is committed to educating young people about the importance of civic involvement. ISPAC stresses the importance of becoming involved in the political arena and strives to educate young Iowans about how our democratic process works.
- Where?* Students may join ISPAC by completing an ISPAC application on-line at www.sos.state.ia.us or calling 1-888-SOS-VOTE.
- Why?* Since 1971 and the final ratification of the 26th Amendment, which gave 18 year-olds the right to vote, voter participation by young people has steadily declined. Three reasons given in a recent study for not voting were: lack of Access to the political process and candidates, lack of Information about the political process and candidates, and lack of understanding the Mechanics of the political process and voting.

Become a member and receive:

- An ISPAC membership card and certificate;
- The ISPAC News Newsletter;
- The opportunity to participate in programs sponsored by Secretary of State Chet Culver;
- Lots of fun and educational enjoyment!

All ISPAC programs are designed to provide students with greater Access to candidates and elected officials, more Information about issues and a better understanding of the Mechanics of the political process. ISPAC activities include:

Capitol Project - three-day program held at the State Capitol, offers students an opportunity to learn first-hand about state government and the legislative process.

Mock Elections - participating students explore and discuss campaign and policy issues, seek answers from and interact with candidates, and cast their vote. ISPAC produces and distributes voter guides to participating classrooms.

Capitol Youth Day - a full-day program that offers students the opportunity to visit the Capitol, meet statewide elected officials and legislators, and participate in a rally on the Capitol steps. High school students learn the basics of lobbying and are encouraged to lobby their legislators, while elementary and junior high students learn about the voting process and have the opportunity to participate in a mock election.

Legislative Youth Forums - are held with members of the state legislature during each legislative session over the ICN. These forums give students the opportunity to learn more about the pending youth-related legislation.

ISPA Caucus and Forums - provide students with the opportunity to participate in their own mock caucus in the classroom and include candidate forums.

ISPAC Newsletter – a non-partisan publication featuring information on civic education, politics and youth activities. It is distributed to nearly 4,000 ISPAC members.

DEAF SERVICES COMMISSION OF IOWA JUNIOR COMMISSION PROGRAM

This program offers a unique opportunity for leadership development among Deaf, Hard of Hearing, Late Deafened, KODA (Kids of Deaf Adults), and Hearing high school students. The **DSCI Junior Commission Program** encourages Iowa's youth to carry on leadership roles. Participants will be exposed to teamwork with individuals of diverse backgrounds and debates on issues that affect deaf, hard of hearing, and hearing people. This is an opportunity to develop leadership skills.

Participants attend a Junior Commission Program Camp for a week in the summer, then meet quarterly throughout the year. During this program, students will develop a list of recommendations to be presented to the DSCI Commission, a Governor-appointed commission composed of seven individuals of diverse backgrounds. The Commissioners work closely with both general public and people who are Deaf and Hard of Hearing to provide specialized programs that empower these individuals.

The DSCI Junior Commission Program provides an opportunity to make new friends and affect change in State Government. For many teens, it may be the first time they have met other Deaf and Hard of Hearing people, learned about assistive technology, and met peers who have had similar experiences. Most importantly, this program opens communication among Deaf, Hard of Hearing, and Hearing teens.

Criteria for Youth:

- *Must be in **grades 7-12**
- *Any students who are Deaf, Hard of Hearing, Late Deafened, KODA, or Hearing.

IOWA HOUSE OF REPRESENTATIVES PAGE

“As a Page, youth actively participate in many aspects of law-making. From the introduction of a bill to the final vote, the Page’s versatility, initiative, and enthusiasm will make them an integral part of the staff.”

House of Representatives Pages provide invaluable assistance to Representatives and House staff by running errands, delivering messages and distributing bills and amendments. Pages also staff committee meetings and help the chairperson by handling materials needed during the meetings. Some Pages will be assigned to aid the House Journal, Legal Counsel, and Caucus Staff and to assist the Bill Clerks in sorting and distributing bills and amendments.

IOWA STUDENT LEGISLATURE

Experiencing the law making process by sitting at the Representatives' desks and using their microphones and voting machines.

Sponsored by the Iowa House of Representatives

More than a legislative experience, the Student Legislature depicts government in action. Students also serve as lobbyists, pages, media and staff. House staff members work with the students to explain parliamentary procedures, how to amend bills, and how to debate effectively. In addition, professional lobbyists, news reporters, and researchers assist their student counterparts in the performance of their duties.

The **Student Legislature** is your three-day opportunity to go beyond the textbook theories of lawmaking and enter the world of committee meetings, caucuses, floor debates and votes. As a Student Representative, you write your own bills, submit them to the House and decide your party's stand on the issues. In your caucus groups, you elect party leaders and get the bills ready for introduction onto the floor.

Finally, using your representative's desk and microphone, you present your arguments for and against legislation and then vote on the bills and their amendments.

Criteria for Youth:

- *Must be a high school **junior or senior**
- *Have parent and school consent
- *Cover the cost of two nights hotel, food and transportation (students share rooms to defray costs)

“YOUTH – LET YOUR VOICE BE HEARD!”

The concept of the State of Iowa Youth Action Committee (SIYAC) was born with the recognition that those responsible for state policy should hear the voices of Iowa’s youth. NATIONAL YOUTH LEADERSHIP TRAINING

The goal of this camp is for young people to learn and serve back in their home communities.

Throughout this week-long camp, participants are challenged through outdoor, experiential and service activities where they must learn to communicate and problem solve with others from very different backgrounds.
