INTRODUCTION

I am pleased to present the FY09 (July 1, 2008 – June 30, 2009) performance report for the lowa Department of Inspections and Appeals (Department). This report is published to provide the Governor, the legislature, department employees, and citizens with information about the challenges and accomplishments of the Department during FY09.

The biggest key strategic challenge facing the agency is continuing to deliver timely and accurate services that are critical to our mission with reduced human and financial resources.

Another **key strategic challenge** is to identify ways to improve collaboration and communication with internal and external customers and stakeholders to accomplish our mission and vision.

Major accomplishments during FY09 include:

- The average age of pending Unemployment Insurance appeal cases is 13 days, compared to the federal Department of Labor guidelines of 40 days.
- 99.8% of the children served by the Child Advocacy Board were safe from re-abuse.

- 99.999% of the cases handled by the State Public Defender system had <u>no</u> final findings of ineffective counsel.
- 97% of challenged indigent defense claims were upheld upon final judicial review.
- 92% of racing and gaming occupational licensees received no serious violations after licensure.
- 100% of all health care facility complaint investigations triaged as immediate jeopardy (harm) were initiated within the federally mandated timeframes.
- The Investigation Division's Divestiture Program collected \$2.8 million of new public assistance money compared to the target of \$2.5 million.

We invite all citizens and our customers and stakeholders to join with us to protect public interests and integrity of executive branch programs.

Respectfully submitted,

Dean A. Lerner Director

AGENCY OVERVIEW

The Department of Inspections and Appeals is a diverse regulatory agency established to protect the public through the enforcement of state and federal laws.

The services, products and activities of the Department relate to five core functions: Adjudication/Dispute Resolution; Advocacy; Legal Representation; Regulation and Compliance; and Resource Management.

Our Vision is to be "an efficient, innovative, responsive organization that values diversity, respects and protects customers, promotes quality, and supports its employees."

Our Mission is to "assure state and federal program integrity by adjudicating, examining, and enforcing compliance to protect the health, safety and welfare of lowans."

Seven principles guide us in upholding the law through:

- Leadership
- Strategic Planning/Deployment
- Customer Focus
- Performance Measurement & Analysis
- Employee Engagement
- Continuous Improvement/Lean
- Results

The Department consists of four operating divisions and five attached units.

• The Administration Division provides essential, centralized fiscal and administrative services, such as budget preparation, accounts payable and receivable, personnel, public information, purchasing, lease and vehicle management, legislative affairs, strategic and performance planning, and legal counsel.

The Division regulates social and charitable gambling activities to protect the public from incidence of fraudulent or illegal activities and certifies targeted small businesses for eligibility for state loans and procurement opportunities.

The Division conducts (either through state inspectors or contracts with local boards of health) food safety inspections of restaurants, grocery stores, food processing plants, egg handlers, and vending machines to ensure consumers receive safe and wholesome food. It also conducts sanitation inspections of barber and cosmetology shops and hotels and motels to ensure lowans receive clean service.

The Director enters into, implements and enforces compacts between the State of Iowa and Indian tribes to operate Indian gaming establishments in accordance with federal law.

- The Administrative Hearings **Division** affords citizens due process for adverse actions taken by state agencies. The Division conducts quasi-judicial contested case hearings involving lowans who disagree with an administrative ruling issued by a state government agency. The division issues a proposed decision subject to final review by the Director of the agency involved in the contested case proceeding. During FY09, nearly 13,000 hearings were held. A little over half of all administrative hearings conducted by the Division involve lowans who have had their driver's license revoked or suspended by the Iowa Department of Transportation.
- The Health Facilities Division enhances the safety, security and general welfare of the persons served in over 4,000 regulated entities. The Division inspects/monitors, licenses and/or certifies under the Medicare and Medicaid Programs health care providers and suppliers, which includes long-term care facilities, hospitals, hospices, end-stage renal disease units, rural health clinics, elder group homes, assisted living programs, adult day services programs and child-placing agencies.

The Division also provides staff for the **Hospital Licensing Board**, which consults with and advises the Division in matters of policy affecting administration of Iowa Code chapter 135B, including reviewing and approving rules and standards prior to adoption.

- The Investigations Division works to ensure misspent public assistance moneys obtained through fraud, inadvertent error or agency error are identified and collected so that only eligible applicants receive them in the appropriate amounts. The Division also provides necessary and timely information so the Iowa Department of Public Health can appropriately address professional licensing complaints. In addition, the Division ensures compliance with applicable federal and state financial requirements by DHS offices and health care facilities. The Division conducts front-end fraud, dependent adult abuse and divestiture investigations related to welfare programs. It conducts financial audits of local DHS offices and health care facilities, professional licensing complaint investigations, and initiates recovery actions to recoup public assistance and financial audit overpayments.
- The Child Advocacy Board works to ensure effective permanency planning for all children in out of home placement through advocacy. The Board accomplishes this purpose through local citizen foster care review boards, foster care registry and the Court Appointed Special Advocate volunteer program. In addition, the Board makes recommendations to the Governor, Legislature, Supreme Court, Chief Judge of each Judicial District, Iowa Department of Human Services, and child-placing agencies on ways to improve the delivery of foster care services and remove

barriers that prevent the delivery of top-quality foster care.

- The Employment Appeal Board timely adjudicates the rights and duties of workers and employers under unemployment insurance laws, decides final resolution of contested OSHA and contractor registration violations, and handles personnel-related cases. The Board serves as the final administrative law forum for unemployment benefit appeals. The Board also hears appeals of rulings of the Occupational Safety and Health Administration (OSHA), rulings of the Iowa Department of Administrative Services on state employee job classifications, rulings of the lowa Public Employees Retirement System (IPERS), appeals involving peace officer issues, elevator rule violations, and contractor registration requirements.
- The Racing and Gaming
 Commission works to protect the
 public from incidence of fraudulent or
 illegal activities at pari-mutuel
 racetracks and excursion boat
 gambling. It also works to protect
 the health and welfare of the racing
 animals. The Commission licenses
 eligible applicants for employment
 and sets and enforces standards for
 the licensing of industry occupations
 and for the operation of all
 racetracks and excursion gambling
 boats.
- The **State Public Defender** provides high-quality, cost-efficient legal representation to indigent clients in state criminal court, juvenile court, and other proceedings

as required by law in those areas of the state where local public defenders exist. The provision of legal services to indigent clients is constitutionally mandated. In Iowa, these services are provided through a combined system of local public defenders and private attorneys. The State Public Defender also has jurisdiction over the Indigent Defense Fund, which provides funds to pay for indigent defense and ancillary services provided by private and contract attorneys and miscellaneous vendors, such as expert witnesses and court reporters. Indigent defense services are constitutionally mandated, which requires these services to be paid by the state. The Indigent Defense Fund pays for those indigent services not covered by local public defenders.

The Department's customers and stakeholders include state agencies; municipal corporations; citizens (adults and children); federal government agencies; consumers of elder group homes, tenants of assisted living programs, consumers of adult day service programs, residents of health care facilities: health care providers; licensees; industry and advocacy associations: targeted small businesses; other businesses; unemployed persons; indigent persons; attorneys; law enforcement; the legislature; and the court system.

STRATEGIC PLAN RESULTS

STRATEGIC PLAN

Key Strategic Challenges and Opportunities:

The protection of public interests and executive branch program integrity is the key result of the mission of the Iowa Department of Inspections and Appeals (Department). Accomplishing that result is challenged by the ability to continue to deliver timely and accurate services with reduced human and financial resources and to overcome any negative perception of our regulatory and oversight role.

To address these strategic challenges, the Department established six long-term goals and associated key strategies:

Goal #1: Achieve the highest possible voluntary compliance of statutes, rules and regulations.

Strategies:

- 1.1 Partner with communities, other state agencies, and the court system to ensure children in foster care have comprehensive permanency plans.
- 1.2 Conduct all required financial audits of nursing facilities, residential care facilities and local Iowa Department of Human Services offices within applicable timeframes.
- 1.3 Establish a comprehensive training and education program to enhance the ability of licensed health care facilities to comply with all applicable statutes, rules and regulations.
- 1.4 Ensure all health care facilities and providers are adequately, accurately, and timely inspected and investigated for compliance with federal and state laws and regulations.
- 1.5 Strengthen the Food and Consumer Safety Bureau's compliance and enforcement program.
- 1.6 Partner with the Iowa Department of Public Safety, Division of Criminal Investigation, and the Department of Commerce, Alcoholic Beverages Division, to inspect social gambling locations and non-licensed beer or liquor establishments for illegal gambling.
- 1.7 Increase public awareness of Targeted Small Business Certification program eligibility standards.

- 1.8 Collaborate with other entities in the conduct of investigations and audits to expedite the resolution of cases, initiate the recovery of program dollars, and encourage compliance.
- 1.9 Develop processes to improve exchange of information between the Iowa Racing and Gaming Commission and licensees.

Goal # 2: Enhance the provision of education, information and assistance to our customers, the public, law enforcement and other state agencies.

Strategies:

- 2.1 Expand the utilization of the best practices program to areas of licensing beyond long-term care.
- 2.2 Educate current licensee and potential applicants regarding permissible and impermissible gambling activities.
- 2.3 Promote increased participation in the Iowa Food Safety Task Force by industry, state agencies, academia and consumers.
- 2.4 Educate and update customers and potential applicants quarterly regarding Targeted Small Business programs and eligibility standards in collaboration with the Iowa Departments of Economic Development and Administrative Services, General Services Enterprise.
- 2.5 Provide training to nursing facilities and residential care facilities in creating, updating or changing bookkeeping systems that will meet standards for generally accepted accounting principles.
- 2.6 Provide training and information to the general public, service organizations, educational institutions, state agencies and law enforcement agencies on ways to detect fraud and abuse and the intent of the investigative programs.
- 2.7 Expedite and improve the processing time required for the claim establishment and collection process.
- 2.8 Enhance the training curriculum for the claims establishment and collections process in collaboration with the Iowa Department of Human Services.

Goal # 3: Increase customer satisfaction and enhance the public image of the Department.

Strategies:

3.1 Establish caseload performance and quality representation expectations for the SPD System and public defender field offices.

- 3.2 Maintain a process for the review and adjudication of indigent defense claims that produces correct results within a reasonable time.
- 3.3 Measure the satisfaction level of citizens and state agencies involved in contested case hearings.
- 3.4 Allow social and charitable gambling license applicants to pay for license application fees using credit cards.
- 3.5 Process and manage indigent defense claims more efficiently in accordance with statute and State Public Defender rules.
- 3.6 Enhance public awareness relative to the accomplishments of the Department.
- 3.7 Conduct special investigative operations with planned media coverage.
- 3.8 Assess customer needs to further develop information distributed through the Iowa Racing and Gaming Commission website.

Goal # 4: Create a work environment that enhances job satisfaction, customer service, process improvement, and public accountability.

Strategies:

- 4.1 Establish detailed performance measures that go beyond the reporting expectations of the Centers for Medicare and Medicaid Services (CMS).
- 4.2 Maintain economic efficiency of indigent defense programs by maximizing use of public defender resources while maintain quality representation.
- 4.3 Ensure accuracy of collections entered on the overpayment recovery system to generate collections statistics.
- 4.4 Operate within FDA's established limits for the workload ratios for inspector/inspections.
- 4.5 Establish recruitment, training, and mentoring programs to enhance visibly the quality and effectiveness of State Public Defender personnel.
- 4.6 Develop processes to improve exchange of information and resources throughout the State Public Defender system, thereby enhancing performance and customer satisfaction.
- 4.7 Increase cooperation with other state, local and federal law enforcement agencies to maximize program results.

- 4.8 Expand quality of the investigative process beyond state and federal minimum requirements for division operations.
- 4.9 Decrease the time to identify claims that need to be purged as not collectable.
- 4.10 Ensure Iowa Racing and Gaming Commission employees have the knowledge to carry out job duties.

Goal # 5: Maximize the use of information technology resources to increase the efficiency and effectiveness of the Department.

Strategies:

- 5.1 Establish an electronic license request and renewal capability for all licenses issued and monitored by the Health Facilities Division.
- 5.2 Provide case file information by ALJs and support staff.
- 5.3 Establish video conferencing as the method to conduct in-person hearings.
- 5.4 Improve electronic access to records, such as licensee applications, reports, and correspondence in order to provide an immediate response to inquiries from licensees, the general public, and stakeholders.
- 5.5 Implement an electronic food safety inspection process for state inspectors.
- 5.6 Enhance technology support within the overpayment recovery system so that internal processes are streamlined and the necessary data is available for reports for internal use, the legislature, news media and others as requested.
- 5.7 Implement an electronic web-based certification system for Targeted Small Business.
- 5.8 Refine the intranet Information Resource Guide for Iowa Racing and Gaming Commission staff.
- 5.9 Develop on-line licensing for Iowa Racing and Gaming Commission licensees.
- 5.10 Provide on-line license renewal for food establishment license holders.

Goal #6: Enhance the provision of adjudication/dispute resolution services through timely issuance of decisions.

Strategies:

6.1 Develop procedures to ensure contested case hearings are scheduled

- within seven days of receipt and ALJ decisions are issued within 30 days of closing the record.
- 6.2 Enforce mandatory compliance by ALJs with Code of Administrative Judicial Conduct.
- 6.3 Install digital transcription kits on all EAB computers.
- 6.4 Keep the lines of communication open among staff at all times to keep the timeliness standards targeted.

Results: The results for key performance measures identified for the goals are reported in the key results section of this report.

CORE FUNCTION

Name: Adjudication/Dispute Resolution - 01

Description: This core function relates to administrative hearings of adverse actions by state agencies and adjudication of the rights and duties of workers and employers under unemployment insurance (UI) laws.

Why we are doing this: To afford citizens due process.

What we're doing to achieve results: A three-member Employment Appeal Board serves as the final administrative law forum for state and federal unemployment benefit appeals. The Board also hears appeals of rulings of the Occupational Safety and Health Administration (OSHA), rulings of the Iowa Department of Administrative Services (DAS/HRE) on state employee job classifications, and rulings of the Iowa Public Employees Retirement System (IPERS). The Board hears appeals involving peace officer issues and contractor registration requirements.

CORE FUNCTION

Name: Advocacy - 04

Description: This core function describes the two volunteer child advocacy programs of the Child Advocacy Board (CAB). CAB operates the Court Appointed Special Advocate (CASA) and the Iowa Citizen Foster Care Review Board (ICFCRB) programs.

Why we are doing this: To ensure effective permanency planning exists for all children in out-of-home placement.

What we're doing to achieve results: Under the CASA program, volunteers are appointed by the Court to advocate for a specific abused or neglected child. The CASA volunteer serves many roles in a child's court case, including investigation, assessment, facilitation, advocacy, and monitoring. Under the ICFCRB program, volunteers are appointed by the Court to serve on a local, community board that conducts a review of the case of each child in out-of-home placement in their community once every six months. The ICFCRB volunteers make specific findings and recommendations as to the individual case as well as systemic findings and recommendations for lowa's child welfare system.

Performance Measure:

What was achieved: 99.8% of the children who had been abused in the past who are in one of the CAB program have been sage from re-abuse.

Resources: Expenditures for the Child Advocacy Board, as a whole, for FY09 were 40.21 FTE and \$3,434,624.

CORE FUNCTION

Name: Legal Representation - 37

Description: This core function relates to the provision of legal services to indigent clients through either public defenders or court-appointed private attorneys.

Why we are doing this: To provide high-quality and cost-efficient representation by public defenders to indigent clients in State criminal court, juvenile court, and other proceedings as required by law. To ensure the prompt and fair review and adjudication of claims for payment of indigent defense fees and costs from indigent defense providers.

What we're doing to achieve results: The results for public defenders are being achieved through the recruitment and hiring the best attorneys, investigators, and administrators available, providing or coordinating the tools (resources/ training/ professional development) for the staff to do their best, establishing and monitoring individual performance expectations, and reviewing caseloads on a regular basis. Claims results are being accomplished by publishing and properly applying administrative rules and internal procedures that govern the indigent defense claims process, acquiring and administering appropriate data automation systems to manage the process, and reviewing data on an ongoing basis to ensure propriety and timeliness of claims actions.

Performance Measure:

SERVICE/PRODUCT/ACTIVITY

Name: Food and Consumer Safety

Description: Statewide regulatory oversight of food establishments, hotels/motels, food processing plants, and egg handlers.

Why we are doing this: To protect the public from incidence of serious disease and injury in the regulated environments.

What we're doing to achieve results: The Department, or through contract, conducts inspections, complaint investigations, and foodborne illness investigations, issues licenses to eligible applicants, and takes appropriate disciplinary action to ensure compliance with state and federal requirements. Contracts are monitored to ensure contract compliance.

Performance Measure:

Percentage of inspections conducted in compliance with the FDA Food Code.

SERVICE/PRODUCT/ACTIVITY

Name: Long-term care and Habilitation facilities and programs licensing/certification

Description: Statewide regulatory oversight over health care facilities, hospitals, Medicare-certified health care providers and programs, and children's facilities/programs.

Why we are doing this: To enhance the safety, security and general welfare of persons served in licensed/certified health-related facilities and programs.

What we're doing to achieve results: The Department conducts license application processing, regular surveys/inspections and complaint investigations to ensure facilities and programs are in compliance with state and federal regulatory requirements prior to making licensing/certification decisions.

SERVICE/PRODUCT/ACTIVITY

Name: Audit Services

Description: Local DHS offices and health care facility financial audits.

Why we are doing this: To assure that local DHS offices and health care facilities comply with state and federal law related to financial resources.

What we're doing to achieve results: The Investigations Division conducts financial audits to identify any audit exceptions and follows up to ensure that reimbursement for audit exceptions are timely made to the state or federal government or to residents/families.

Performance Measure:

Average time between audits for care facilities.

Performance Target:

RESOURCES REALLOCATIONS

During FY09, the Department continued to address the challenge of limited human and financial resources, resulting from budget reductions.

A re-evaluation of the responsibilities of the department was conducted in the last half of the fiscal year, and continues. In some cases, staff were reassigned or programs restructured to best utilize the skills necessary to accomplish the mission of the Department. The Department continues to maximize state and federal resources to accomplish our mission.
