305	43-0295-217	Slope Protection	Marion	MB-005-5(500)62--77-63	18feb305.a01

---

Notice: Only the bid proposal holders receive this addendum and responsibility for notifying any potential subcontractors or suppliers remains with the proposal holder.

---

Make the following change to the PROPOSAL:

REPLACE the attached proposal attachment SHEET 6 OF 6.

---

County: MARION  
Project No: MB-005-5(500)62- -77-63  
Work Type: SLOPE PROTECTION

1. Through traffic will be maintained on the project at all times. No lane closures will be allowed.
2. Traffic control on this project shall be in accordance with the following Standard Road Plans (English Version):  
TC-1            Revision Date 04-16-13  
TC-402        Revision Date 10-15-13

The applicable Standard Road Plan for a proposed work condition or situation shall be approved by the engineer in charge of construction.

For additional complementary information, refer to Part VI of the Manual on Uniform Traffic Control Devices and the current English Standard Specifications.

**NOTE: There is a culvert located under the West Slope of the two bridges. The curb section located on the South side of the West Slope of South Bridge shall remain in place. Care should be taken so that the culvert under the slopes is not damaged.**
