## Action Briefs

## Know Difference Between Credit and Debit

Remember that there's a big difference between a debit card and a credit card - even though they may look similar.

Lottery players CAN use debit cards to purchase lottery products. However, according to state law, they CANNOT use credit cards to make a lottery purchase.
Many banks offer their customers debit cards that can be used to withdraw money from their accounts.

If a lottery player hands you a card, it's important that you check the front of the card for the word "DEBIT" before you make the transaction. Avoid inconveniencing your customers by checking carefully any card presented to you.

## Chance to Win Cash, Trips in Mike's Picks Play It Again Promotion

Internationally known TV star and Iowa native Mike Wolfe has made a name for himself as an expert collectible picker, and now he's teaming up with the Iowa Lottery and Iowa Tourism for a new game and promotion.

The "Mike's Picks" scratch game has cash prizes of up to $\$ 50,000$, and a VIP Club promotion by the same name
offers trip packages and Iowa products as prizes.

Beginning April 4, players who don't win a cash prize playing this new game can Play It Again ${ }^{\text {mw }}$ and enter nonwinning tickets from the game into the Mike's Picks promotion for a chance to win a trip to Nashville, Tenn., or LeClaire, Iowa - towns where Wolfe has collectibles stores - as well as

## Tama Man Wasn't Dreaming All Those Zeros on His Scratch Ticket

Stephen Albert

A Tama man said he saw that he won a $\$ 100,000$ prize on his instant-scratch ticket and thought he was having a dream.
"I kind of put it away and over the night I just kept asking my wife if it was real, 'I'm not sleeping am I?"' Stephen Albert said.

Albert was still in disbelief when he claimed the fifth of eight top prizes of $\$ 100,000$ available in the "Double Dollar Fortune" scratch game at the Iowa Lottery's headquarters in Des Moines.
"I still can't believe it. I had to have my wife slap me a couple times to make sure it was real", he said.

Albert, 42, said he purchased his winning ticket at Casey's, 916 E. Main St. in Marshalltown, and scratched it off the same day.
"I had to keep checking and checking. I had my wife check it out and make sure it was actually a winner," he said.

Albert, who works at Meskwaki Health Clinic in Tama, said his lottery win comes at the perfect time as he and his wife are expecting a baby.
products from Iowa companies.
After entering the numbers from a nonwinning Mike's Picks scratch ticket at ialottery.com, players will be asked a question about "Mike’s Weekly Iowa Pick." Each week the question will feature one of Wolfe's favorite Iowa products, 12 in all. The player's answer determines in which prize drawing they'll be entered.

The first answer will give players a chance to win the Grand Prize, a trip package for four to Nashville to tour Wolfe's Antique Archaeology store and the Grand

Ole Opry, including airfare, hotel, spending money and more.

The second answer will get players a chance to win one of six trip packages to LeClaire, where they'll be able to tour Wolfe's Antique Archaeology store there and take a riverboat tour, including hotel, spending money and more.

Players who choose the third answer will get a chance to win a tote bag with all 12 Iowa products from Mike's Weekly Iowa Picks.

The deadline to enter is noon on June 30, 2014; drawings are on July 1. Rules and complete details are available at ialottery.com.

## Learn a Little More About Pick 4

In the game of Pick 4, the first step is to pick four numbers, but the possibilities don't stop there!

There are five ways for players to play Pick 4: a straight, a box, a straight/box combination, a front pair or a back pair. Following are explanations of each type of wager.

- Straight - match all numbers in the EXACT ORDER as drawn.
- Box - match all three numbers IN ANY ORDER.
- Straight/Box combination - match either exact and/or any order.
- Front Pair - match the first two numbers in the EXACT ORDER as drawn.
- Back Pair - match the last two numbers in the EXACT ORDER as drawn

Players can use a play slip for this game or they can ask the clerk to enter the play manually. Players may choose to wager from 50 cents (except for the Straight/Box option) to $\$ 5$ per play. Drawings are held twice daily at 12:40 and 9:20 p.m.

To sell a Pick 4 ticket:

- Touch the "Pick 4" logo on the Games screen.
- If the customer requests an easy pick, touch "EP."
- If the customer wants to pick his or her own numbers without a play slip, enter the two (for the front pair or back pair options) or four numbers the customer wants to play on the keypad.
- Select the customer's play options (Draw Type, Number of Draws, Play Amount, First Draw Day, Number of Plays and Play Type), then touch "Send."
